Introduction

Feb. 24, 2022

<https://goldenageofgaia.com/2022/02/24/false-flagged-again/>

I heard yesterday the possibility that the three top organizers of the Canadian Freedom Convoy were government agents.

Just the thought that that might be true triggered me and I went through an entire process, after which I wrote this. In the hopes that it helps others to accept very large redpills, I share it.

The rumour of a false flag is unconfirmed. I hope it isn't true but it explains events rather well.

The leaders' peaceful arrest. Everyone else was dropped off outside of town, but the leaders were kept. The fact that Tamara has not been released on bail. (She will probably "be disappeared" and return to "UN" headquarters, if the rumor is true.) The fact that not a dime of trucker money has been released.

The way events unfolded: organizers' arrest; then big push by "United Nations" troops aka mercenaries, with guns drawn; then peaceful exit of all truckers; then lifting of the Emergency Measures Act. It all seemed scripted.

I imagine we'll find that the trucks and trailers that were seized had some pattern to them as well. I'm happy to be wrong on any score.

I'm devastated by the mere possibility that the rumor is true. It means tremendous financial hardship for the truckers, to be corrected after the Reval. (1)

It means increased vigilance on our next lightworker initiative.

It means some acknowledgement of the pain Canadians must be feeling right now - those who are following the truth of events.

How could anyone subvert their own government? And claim to have any relationship to human rights? The cognitive dissonance the man (Trudeau) must face must be incredible. No wonder he's gone from being a young man to an old man so quickly.

I see how dictators can sink into decrepitude. The Mother explains:

Divine Mother: It is painful for a being that seeks power for themselves or power over another, whether it is a parent over a child, a husband over a wife, a man over an army. It matters not. The yearning [for], the exercise of control never gives joy. The pain simply grows. And so the actions become more grotesque, larger, until the breakdown is and has [been] and will be occurring. (3)

Divine Mother: They will either die beforehand or die during [Ascension], because they cannot incorporate the level of the love energy – because that is what Ascension is – they cannot incorporate that and it literally... you have heard of situations, especially you [Karen]... where people's hearts simply stop or explode for no explained reason.

It is simply because they cannot continue on, and the merciful thing to do is to simply, gently and kindly, bring them home. (4)

A historian cannot help but study wars. In fact it often seems like we jump from war to war. Every form of deception is used in wartime. The difference lies in intent.

In this case, one side wishes to defeat tyranny; the other side wishes to extend it. To the entire world.

So lightworkers are the strongest of the strong.... I can see why.

We here in Canada are threatened with the closing of our bank accounts. I've just heard that Trudeau is going for having all Canadians jabbed. I feel the pressure and a little fear. (2)

Starting from the arrest of the organizers, followed by an unleashing of "United Nations" troops aka mercenaries, and then the Freedom Convoy peacefully disbanding and heading home, the events of the last week have been a redpill for me the size of a horse tranquillizer.

The strongest of the strong. I draw on what I know of myself. I draw on the reservoirs of strength and courage I know are within me to help me remain civilly resistant but peaceful in the face of such evil.

I draw on the strength of my Higher Self, whom I've seen in vision - far too sacred a sight to describe and subject to fact-checker derision.

I draw on all my past lives, all my resources ... to stay calm at this time and carry on with what remains.

It isn't failure that leads to defeat, Churchill reminded us. It's accepting failure and surrendering, rather than getting back up and going at it again and again and again. Like the Brits did in WW2. How much more will it take to show us that our governments are making war on their own people, with omnicidal intent?

The truckers' achievement cannot be besmirched by a dishonest convoy leadership, if they turn out to be so. The purity of it as a cry for freedom will always inspire.

I stand for truth, love, and peace and, if this be not enough to keep a man alive, then, in good faith, I long not to live.

To the false-flag enemies of freedom, *this* is what a real flag looks like:

Nothing Can Stop the Plan

February 12, 2022

<https://goldenageofgaia.com/2022/02/12/nothing-can-stop-the-plan/>

Each of us has something to contribute to what's happening today.

And all of us are contributing in their own way. It's really magnificent to watch.

What can I contribute that clarifies the wider situation into which the Freedom Convoys fit?

That's what I do. I look at the larger picture and attempt to make it clearer.

The wider picture that I'd like to look is what we call "Ascension," what the Bible called the Rapture, Redemption, and Salvation. It's an increase in the frequency of all life on Earth which has been happening slowly over time and occurs at the end of a planetary cycle.

We'll emerge having been swept clean by an inner tsunami of love. Since I've been through a toned-down version of the process, I can attest to its magnificence.

The transition we're making is from what Hindus call the Kali Yuga, the Dark or Iron Age to the Sat Yuga, the Age of Truth or Golden Age. In western terms, we're moving from the Piscean to the Aquarian Age.

That's why a nation of people would rise up peacefully against its government - because the rising energies support it, even encourage it. The energies are bringing to the surface all remaining conflict within us. And it's attracting conflict in the wider world as well. All of it to be resolved and released.

The conflict it's attracting from various world leaders is taking the form of repressive governments rushing to complete their last-ditch attempt at world domination. They'll find the going getting increasingly difficult as we emerge more into higher and higher vibrations of love.

The Ascension is the fulfilment of a Divine Plan so it *will* happen. The only question is who goes one way and who goes the other. The timelines are already separating between those whose consciousness will continue to expand and those who will remain as they are, until a future cycle's end.

The only thing I believe people will notice is the absence of others from their lives. We'll just lose touch and probably never see each other again. And we probably won't give it any more attention than that.

It's part of the Plan that the people of the world cast off their chains. Matthew Ward explains:

"The day of the dictators is over and so is the day of supporting those dictators for self-serving reasons. The day of exploiting Earth's resources without regard for environmental destruction is over, as is the day of the wealth of the world in the hands of a few. Everything based in darkness is swiftly coming to an end." (1)

We're watching the plans of world leaders allied with dark organizations like the World Economic Forum come unravelled.

Among the channeled sources I listen to, chief is the Divine Mother. The active face of Mother/Father God, she's the creator, preserver, and transformer of all life.

Where else could we learn what the fate of the dictator is? In my view, the people we face opposing the Freedom Convoys are, at their top, dictatorial. The Mother observes:

"It is painful for a being that seeks power for themselves or power over another, whether it is a parent over a child, a husband over a wife, a man over an army. It matters not. The yearning [for], the exercise of control never gives joy. The pain simply grows. And so the actions become more grotesque, larger, until the breakdown is and has [been] and will be occurring." (2)

Think of Hitler hiding his shaking left hand as he rages against his generals at the end of his life.

I also believe we see a few contemporary world leaders who are also starting to come unhinged, following the same degenerative curve the Mother describes.

The Divine Mother tells us that's how the future will be:

"[I am speaking about] those in ... positions where control and abuse of power have been rampant. That will not be the platform [from] which [Ascension] takes place. That is not the Plan.

"I know very clearly, Sweet One, as do you, if it is not [in] my Plan, then it will not occur." (3)

So the success of the New World Order is not in the Divine Mother's Plan and will not occur.

Imaginative portrayal of the Divine Mother

Has she given us a statement of her Plan in a nutshell? Yes, she has:

"Make no mistake, Sweet One, Love will win because that has been my Plan always. (4)

I've experienced the kind of love she's referring to and I can appreciate why she'd summarize her Plan in the one word, Love. Indeed *that* love will make all things work. And where love is is where we're headed.

Love is the passport to Ascension. There's no other passport that I'm aware of. Every time the truckers tidy up, feed the homeless, build a playground, they're adding to the social capital of love in Ottawa and Canada.

So we don't need to push. We don't need to shove. And we don't need to resist. If we take up arms and hate our enemies, well, then we become a part of the problem.

We just need to state our position, refuse to comply with their demands, and remain firm.

Left to their own devices, the New World Order will find the going getting increasingly rougher as time goes on.

If they're not arrested by the Alliance - if they're not *already* arrested and we're seeing body doubles as with Joe Biden - they'll find their health failing and they'll pass over from a heart attack, Covid, or other available causes. (5)

They won't die from the vaccine because I don't think many members of the world's elites have taken it, despite appearances.

Meanwhile if you want to see what's next for the world, google NESARA. (6)
Stay away from the NWO's versions of that program and look for genuine "National Economic Security and Reformation Act" websites.

Just as there's a plan for a shift in consciousness, so there is also a plan for a whole new economy, banking system, medical technology, transportation, etc.

We're on the verge of a total transformation in our societies, worldwide, and nothing, as the Mother has said, can stop the Plan. We're headed for a world of love. We're headed for a world that works for everyone. (7)

What's Happening on the Planet Right Now

February 6, 2022

<https://goldenageofgaia.com/2022/02/06/whats-happening-on-the-planet-right-now/>

Notice how even the opposition party (Jasmeet Singh) is allied with the World Economic Forum

What's happening on Planet Earth right now is not random; it's not coincidental.

The rising energies, as I'll discuss below, are bringing to the surface people's buried desires to live freely.

Opposition to control had to break out somewhere. Someone had to lead the opposition.

Brave truckers sounded the alarm and took that action. And we owe them a debt of gratitude we may not be able to repay.

What's happening in larger terms has several elements.

Let's call all the folks who want to depopulate the globe and rule over the remainder, Team Dark.

And all those who are focused on ending this chapter of oppression in Earth's history and building Nova Earth, Team Light.

Team Dark has called itself (or has been called) by many names - the Illuminati, New World Order, deep state, etc.

Its top, top dark overlords are no longer anywhere near Earth. Its top terrestrial leaders have either been arrested or are dead.

The end of the fiat dollar means the end of them printing money - from printing presses in the US *and in China*. Their other enterprises - child trafficking, pedophilia, Adrenochrome, etc. - are being shut down at the present time, above and under ground.

Lacking leadership and funds, the NWO rump is using what weapons it has left to cause the La Palma volcano to erupt (the Norwegian HAARP station causing it was closed down), hurricanes, tornadoes, and earthquakes to occur, shootings to happen, and so on.

We can watch them at work trying to undermine and discourage the truckers by, I believe, hiring paid agitators to parade Nazi flags through the truckers' ranks, deface statues, urinate on gravesites, etc.

The mainstream media are on hand to photograph. The police are nowhere to be seen. And Prime Minister Trudeau immediately jumps to the conclusion that it was the truckers. This is how the deep state operates.

We don't appreciate how deeply the deep state has penetrated government. The graphic at the top left shows some leading Canadian political figures who are proteges of Klaus Schwab and the World Economic Forum, which is a key player

in Team Dark's depopulation agenda. Even the leader of the opposition New Democratic Party is included.

Team Light consists of players seen and unseen. The visible part of it is the Alliance, which consists of the Q Team, the military, and all of us digital warriors. The Alliance is, as we speak, destroying deep underground military bunkers and tunnels used for child trafficking, drug trafficking, medical experimentation, development of pandemic viruses, storage of gold, etc.

The Alliance is using the cabal's pandemic strategically. While we're locked down, they're deactivating bunkers and tunnels.

The unseen part of the Alliance is (A) our star family, the extraterrestrial races which seeded humanity onto Earth in the first place (no, we didn't arrive by natural selection); (B) Earth's ascended masters; and (C) the celestials, behind all of whom stands the Divine Mother (the knowable face of Mother/Father God). (1)

Don't bother ridiculing me for talking about extraterrestrials and God. I've been inoculated. Besides, having been ridiculed often enough for my beliefs, I have acquired immunity.

There are two things we'll have to confront out of what I just said. One is that Team Dark has done things so evil that, when we're told about them, we will suffer. Our worldview may collapse. We may need to go easy on ourselves during the time of the upcoming revelations. And stay quiet for a time after hearing.

The second is that our worldview has been held prisoner for millennia and we're going to have to expand it. To control us, we were told that we were born in sin and only the church had the keys to our salvation.

None of that is true. I've experienced the Self that we are and its nature is innocence and purity. (2) And we need no intermediary between us and God.

We're told that life has evolved by natural selection. That's partly true. Natural selection is a process. But in fact it turns out that the human species here were seeded by other civilizations on other planets.

Physical evolution does transpire but holding only that view leaves out spiritual evolution. Spiritual evolution is what our lives are all about. (3)

While we think we're just a body and that's it, I've experienced the soul within the body - that which survives bodily death - and seen its separateness from the latter.

Our empirical materialist paradigms (only what we can see, hear, touch, etc., is real) in science *and* religion are not serving us. They do however serve the NWO by keeping our sights on the ground, when we could be reaching for the stars.

While SETI is listening for beeps and clicks, other civilizations have been holding conversations with us through channeled messages for centuries.

Knowledge of all of this has been suppressed as have the myriad Tesla cures for diseases, med beds, anti-gravity machines, the Looking Glass, etc. (4)

The point I set out to make is that the rising energies on the planet, as a result of closing this chapter of Earth's history, are forcing out of us a desire to set our global house in order.

The truckers are some of the bravest and most daring among us. But it could also have been all medical personnel in every hospital. It could have been all airplane pilots.

The energies hitting the planet as part of the consciousness raising that's occurring as we move from the Kali Yuga or Dark Age to the Sat Yuga or Golden Age would have made inaction unbearable for some sector of the population.

We're all ready for this. This is not just the truckers. This is not just people who refuse the vaccine. This is all freedom-loving people everywhere on Planet Earth. I am talking to all of you.

We have the energies on our side. We have seen and unseen allies who are much stronger than those who oppose us.

And we're serving the Divine Plan for the uplifting of Terra Gaia to a higher level of existence.

All we're waiting for is for people to wake up to what's happening on Earth, as far fetched as that's seemed to them so far, so that they accept the need to clean house rather than descending into civil war.

But as far as miracles and celebrations go, we, all of us, haven't seen anything yet.

(3) It turns out that life does have a purpose. That purpose is to know our true identity. Since everything is God, we must also be God. When we learn that truth, God meets God in a moment of our enlightenment. For that meeting was all of life created.

(4) Tesla is alleged to have the cures for numerous diseases which the deep state have sequestered. The US military has had antigravity spaceships for decades, as have other nations. The TR3-B Aurora triangular spaceship (google) is an example. Med beds will cure a spectrum of illnesses; med beds are coming. The Looking Glass is a device bequeathed us by Nordic ETs to see into the future; the military sequestered it as well.

I Know How the Movie Ends

February 8, 2022

<https://goldenageofgaia.com/2022/02/08/i-know-how-the-movie-ends/>

How can the Ottawa truckers remain fluid while being stationary?

Perhaps some of them who are not anywhere close to the action can be detailed to go to other cities where their presence would be better used. And they might be better received!

The rest of us need to consider what we can do to keep the truckers fed, hydrated, warm, and cared for.

My mind is continually going to logistics!

Remember that this is a global effort. It's reach may not yet be global. But its intent is no less than the freeing of humankind from tyranny, worldwide.

This is not about the Aryan race. This is not about white over black, North over South, rich over poor. It's about the human rights and freedoms of every single person on this planet, without discrimination, and once and for all.

Covid was just the deep state's latest ploy. 9/11 was another of their moves in a baneful playbook. Ebola, AIDS, chemtrails, tsunamis - all of these have been

attacks upon humanity by those who wanted to control the world, as melodramatic as that sounds.

It turns out that the melodramatic is real, that the conspiracy theories are true.

I remember the day I awoke to the deep state's plans. I've mentioned it before. It was July of 2007 when I watched *In Plane Site*. (1)

I'd just retired from adjudicating Canadian refugee claims and relied for my decisions on Department of State documentation. That documentation now seemed hopelessly suspect.

I now looked at all my work in refugee law and realized that I could very well have been serving a deep-state agenda without knowing it.

More than that, however, I was now brought face-to-face with a much wider possibility - that our governments would kill us to win control of the whole planet.

The 9/11 death toll is said to have been 3,000. But I've heard figures an order of magnitude larger. What government murders its own citizens? A government unfit to govern. A government the Constitution of the United States says needs to be undone by its people. As we are doing at this very moment.

We are taking the institution of government itself apart and will rebuild it in a way that works for everyone, not just a few.

After I awoke, I went nuts letter writing. Every Member of Parliament, the Senate, on and on. Burning my bridges and taking my stand.

I eventually began this blog, one of whose aims was to fight the deep state. (2)

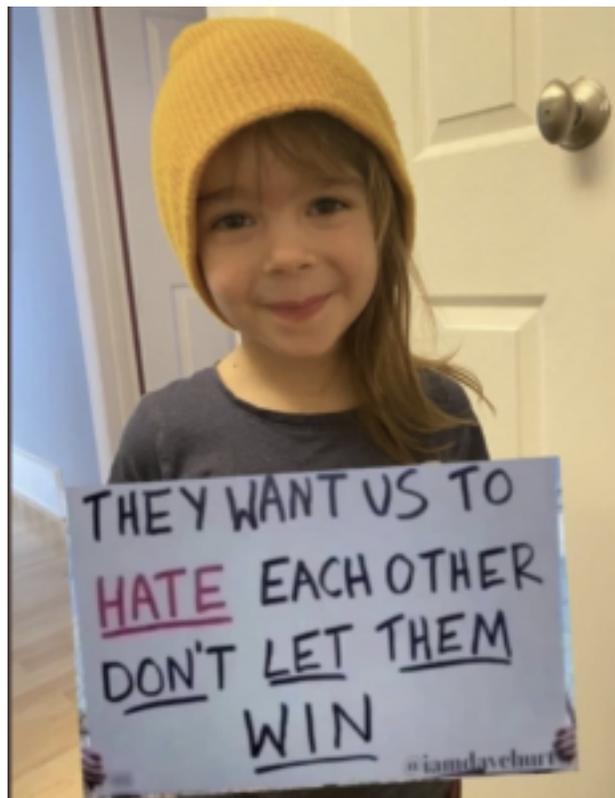

I lost all aggression in me over the years but not the desire to defend and protect. And I find that being very strongly called forth by events all over the world right now.

Why am I telling you this? Because what's happening right now is the culmination for me of what has been going on in my life since John Kennedy was assassinated. When the "suits" came back in power after Kennedy's death, I thought the world had entered a dark age and would never emerge.

This that is happening right now is for me our emergence. I never thought it'd happen and I'm laughing and crying for joy at the same time.

All that having been said, I also recognize that love is what will bring success to these endeavors of ours. Firmness, perseverance, but with love.

And when I see the truckers building a bale mountain for the children and, later, a miniature castle playground (see graphic, above), I get that the people in Ottawa know that: They know that love is what will win.

Two weeks ago I was dying of boredom. Today I'm on the edge of my seat.

I know how the movie ends and it gives me hope and inspiration. How does it end? I'll let the Divine Mother say:

Divine Mother: Make no mistake, Sweet One, Love will win because that has been my Plan always. (3)

Love wins in the end. We talk a lot about being on the right side of history. In my view, if we want to be on the right side, be loving.

What's the Agenda, Broadly Speaking?

February 22, 2022

<https://goldenageofgaia.com/2022/02/22/whats-the-agenda-broadly-speaking/>

The Freedom Convoys will probably send many people scurrying to find answers. Some will end up here.

So I'd like to provide an overview of what I see as happening for people new to a blogsite which gives credence to channelled messages.

I'm uplifted knowing that so many people throughout the world are seeing what has previously only been hidden and denied, behind a screen of ridicule (for unimportant targets) and assassination (for important targets). (1)

Even though I can't go to my local supermarket and find that everyone knows what I'm talking about, I can go online and listen to and share with a global community. That is a major step forward.

I'm limited to English and can't wait for the new technologies, which will overcome that deficiency.

I'm not a voice for getting even or getting back at the people who are trying to enslave us. I am a voice for stopping them.

I'm a voice for rebalancing people by eliminating extreme and injurious behavior from Earth, period.

And that will happen. I have complete faith in it.

What's the agenda, broadly speaking?

Love will win

The most obvious element in the agenda for this Golden Age is that higher-dimensional, transformative, or transfigurative love will win against hatred, greed, etc.

Left to our own devices, we might "never" experience the events ahead of us in which this kind of love makes itself felt in all our hearts. But we're watching the end of one age and the beginning of another. We all of us are ready to pass into a higher grade of school.

When love breaks out, all wars will cease. All enmity will disappear. Love will do this to all of us.

How can I communicate the impact of that transforming state of being on us? I search and search for words and can never find any.

The Alliance will close the show down at some point

The Alliance is the name given to a group of white hats who came together after the assassination of President John F. Kennedy to take down the deep state. (2)

We're watching the final events in that takedown.

The Alliance and our star family are waiting for the world to wake up to the peril it faces from the New World Order (NWO) so that civil war will not break out upon the fall of so many recognizable names. (3)

They have to let the world see the peril it faces.

The power the cabal seeks is world dominance and a culling of the herd to 500 million. It isn't part of the divine or earthly plan for this era that either should occur. (4)

Once the public wakes up sufficiently to bring this era to a close, the Alliance, who've been arresting key cabal members for some time now behind the scenes, and with the assistance of our star family, will shut the NWO's show down permanently and completely.

That culling of the world's population is going on as we speak, from vaccines, 5G networks, chemtrails, GMO foods, and so on. Med beds will address some of that. There have been far too many deaths already in a genocide/omnicide that must be stopped.

What stands between the cabal's continued advance and its disappearance is the dawning of public awareness. To prevent that, the controlled press is the gatekeeper, along with the deep state's hit squads. And, we see now, they've enlisted mercenaries, international goon squads. (5) See video below. "United Nations" planes in northern Ontario, Canada.

[Go to site to see video]

The Ring of Fire is coming

Another element of the agenda is what we read in many channeled messages - and those from ascended masters as much as a century ago. (6) They speak of a ring of fire, a wave or tsunami of love due to sweep the planet, of such magnitude that it will divide those ready to ascend from those not and set the two ships going in different directions.

The Reval is coming

A further element is the various prosperity programs which more or less cluster under the name of "Reval" or "Revaluation." They'll come online at some point - soon, we hope and provide funds to rehydrate Earth. (7)

The Alliance will deliver funds to lightworkers, projects, governments, etc., to wipe the slate clean, putting money in the hands of people who'll redistribute it and create a world that works.

As I write this, I realize many people new to the blog will not know what I'm speaking about. To find articles on the matter, please take a keyword (NESARA, Reval) and search in "Categories" from the home page or enter it into the "search"

box. A great deal of information can be found on this site or its attached databases.

Ascension is coming

The final and climactic element in this consciousness shift is what has been called the rapture, Salvation, and Redemption in Christianity; Buddhahood in Buddhism; and by contemporaries, "Ascension."

Ascension is a permanent and complete heart opening. The door of the heart (which Hindus call the hridayam) is now fully opened. We are bathed in love, bliss, and the other divine qualities.

The hridayam is the portal between the Third/Fourth Dimension and everything higher. When the doorway flings open and stays open, we'll have ascended. This marks the end of the consciousness shift.

When Ascension occurs, we'll live permanently and fully in the space of the divine qualities. Perhaps people have had peak experiences in which they may have lived for a brief time in one of these spaces - love, bliss, peace, or joy, for instance.

They are sublime, beyond our wildest imaginations. And all that is where we're headed.

For Ascension to occur, the bodies of the mass of the population need to have been prepared to withstand the more refined vibrations of these divine states. We're in that preparatory stage now.

For anyone new to the discussion, there are free books to download on this site; an archive of articles; and databases with quotations from ascended masters, on and off planet, and from the celestials (the Divine Mother and the angelic kingdoms). Everything is free.

What will be the fate of the dark?

Divine Mother: They will either die beforehand or die during, because they cannot incorporate the level of the love energy – because that is what Ascension is – they cannot incorporate that and it literally... you have heard of situations, especially

you [Karen]... have heard of situations where people's hearts simply stop or explode for no explained reason.

It is simply because they cannot continue on, and the merciful thing to do is to simply, gently and kindly, bring them home. ("Universal Mother Mary's Ascension Splash! May 31, 2017, at <http://counciloflove.com/2017/05/universal-mother-marys-ascension-splash/>.)

The Only Thing We Don't Know is When

Feb. 18, 2022

<https://goldenageofgaia.com/2022/02/18/the-only-thing-we-dont-know-is-when/>

I felt uplifted when I read what St. Germain said through James MacConnell recently:

"It is unstoppable now. The Light has already won.

"It is only the darkness that is receding now in every pocket across the planet." (1)

Then he tells us what we've suspected:

"They are still attempting to hold on. They are finding it more and more difficult to do so. As the vibrations increase, lower-vibrational energy cannot exist in the higher-vibrational frequency." (2)

If you think confusion may exist among lightworkers under assault by the deep state, the deep-state folks themselves are also probably experiencing massive confusion - at the way they feel, at the impotence of their once-powerful thoughts, at the loss of energy, drive, etc.

They'll begin to "feel their age." They'll make slips and become less and less effective opponents.

This debilitation comes on top of the more general decrepitude that afflicts the dictatorial. I've cited the Divine Mother's discussion of this so many times, you must know it off by heart:

"It is painful for a being that seeks power for themselves or power over another, whether it is a parent over a child, a husband over a wife, a man over an army. It matters not. The yearning [for], the exercise of control never gives joy. The pain simply grows. And so the actions become more grotesque, larger, until the breakdown is and has [been] and will be occurring." (3)

The Mother is the active face of God. She's not a master or even a celestial. She's the One behind everything. (4)

But back to St. Germain. So what's the result?

"They are finding this more and more difficult, which is why they are reaching out, yelling out in many respects, doing many things that at one time were hidden, but now have come out of the shadows and are now being revealed as the darkness that they are." (5)

So the dark is and will be, in a manner of speaking, revealed and will fall apart. That would explain why we have Justin Trudeau calling the truckers a small minority of racists and misogynists and Emmanuel Macron saying he doesn't mind "pissing off" the anti-vaxx crowd. Few are bothering to remain diplomatic.

St. Germain continues:

"You are seeing the transformation happen within your Freedom Convoys that are developing everywhere, are in motion everywhere. Because it is *this* motion that is catapulting the freedom, the freedom train, if you will, to spread across the country. Freedom of the Republic. A Republic that is *by* the people, and *for* the people—not *against* the people." (6)

And what will be the result?

"The forces of Light are forging ahead and bringing the wakefulness, the Great Awakening, the Grand Awakening to all of those who have been becoming ready for it.

"It is only a matter of time and, more than that, a matter of vibration. And as you know, vibration *is* increasing everywhere. We see it in the light quotient that is spreading across the planet as more and more people are saying, 'I love you.' More and more people are saying, 'I forgive you.'"

"It is unstoppable now. The Light has already won." (7)

What happens to those of the dark who transition? Have they escaped justice? Not at all, SaLuSa tells us.

"Bear in mind that whatever happens where your dark ones are concerned, they will stand in the Halls of Justice before they start a new experience." (8)

"None shall escape as we know exactly who has been guilty, and have all the evidence that will convict them. Your societies will become cleansed and start again with people you know you can trust. They will be responsible for implementing new laws, and revival of the Constitution that upholds your rights." (9)

This is the basis of my hope.

He shares that the cabal's arrogance is what has brought them down.

"The changes that were insidiously introduced bit by bit ... were removing your rights brick by brick. Thinking that they were infallible has allowed us to use the arrogance of the dark Ones to turn the tables upon them, and they have been taken unawares." (10)

Sheldon Nidle's Spiritual Hierarchy and Galactic Federation tells us that they helped the Alliance (military, civilians, and the Q team) plan out how to take down the dark. That's the first time I've heard their help acknowledged:

"As we watch the way the Alliance, our Earth allies, work together to implement the very discreet and painstakingly orchestrated blueprint that we helped them formulate, we can't help but feel some pride." (11)

"The very discreet and painstakingly orchestrated blueprint that we helped them formulate...." I find that a very interesting statement.

Since they're helping with med beds, ameliorating the impact of virus and vaccine, neutralizing nuclear weapons, why would they not be helping to orchestrate the takedown of the cabal?

So why does it need to take so long? Blossom's White Cloud tells us:

"You will experience the change ... after more upheaval, I am sad to say. But it has to reach a point where it can no longer continue." (12)

Not only no longer continue, but no longer go into hiding and then re-emerge or re-entrench itself later - as the Nazis seem to have done.

Michael says:

"This type of behaviour has emerged over centuries, thousands of years. ...

"Our forté is is, yes, exposure so that it doesn't re-entrench itself because this is rather entrenched behaviour on all kinds of levels. ...

"So you start to bring forward ... the truth solutions ... so that this does not occur and reoccur and re-entrench." (13)

Will do.

White Cloud reminded us of the wave of love that's expected to sweep the planet. Others have called it a tsunami of love, a ring of fire, a planetary heart opening, etc. (14)

We've heard about it for years and don't know when it'll happen, but it is a factor in all of this.

"When [the] time comes, that wave of love, that energy of love will sweep over, through, within your planet.

"You know this because it was shown to you before you came and you agreed that you would put up with all you are putting up with now in the knowing that this wave of love, this Event if you like, will take place.

"And when it does the change in vibration upon your planet and within [you] will feel so different from the way you are feeling now. ...

"Bring your world into the Light and rid it of the darkness for it is the Divine Plan that you do so." (15)

"And when it does the change in vibration upon your planet and within [you] will feel so different from the way you are feeling now" - I have felt this tsunami of love and spent time in an ocean of Love. I know what he's referring to and it will have a transformational effect on world society if it's what I experienced.

Rid it of "the darkness," not Team Dark. Lightworkers are dispelling darkness, not people.

So that's the complete picture of what's happening and what the Company of Heaven has planned, with our participation. They recognize the Freedom Convoys.

They tell us that the dark are finding the going harder and harder and assure of us of success. They tell us that they're working with the Alliance to bring the dark team to justice.

The only thing we don't know is when.

The New World Order Becoming Visible Worldwide

February 21, 2022

<https://goldenageofgaia.com/2022/02/21/333259/>

I had this sudden experience where all at once I saw everything evil on Earth within recent memory - the persecution of the Jews, Gypsies, Armenians, Tutsis.

Trafficking in children, who are then used for sexual pleasure and tortured to produce the stimulant Adrenochrome through their torture; then murdered; I'll stop there.

Assassination.

Satanism.

Dictatorship.

Everything evil on planet Earth seems to have been brought into focus right now.

Eugenicists led by the World Economic Forum are trying to depopulate the globe through a virus that hasn't proven much of a problem and a vaccine that's the real killer.

It pumps graphene hydroxide into us, turning us into a radio receiver that can be used, in extreme action, to kill a person through frequency modulation. (1)

If that were not scary enough, it causes blood clotting which usually results in a heart attack or other fatal condition.

I'm so happy because now I know through visible behavior who and what it is we're facing. And others, I'm sure, see it too.

The organization we're facing may have a million faces but it's the same group at the head, whether they sit on the Committee of 300 or the Bilderberg Group. Sometimes they call themselves the New World Order; sometimes the Illuminati.

President Eisenhower called them "the military-industrial complex." President Kennedy said they act in darkness, killing their opponents. Matthew Ward described them:

"The Illuminati is not an organization of card-carrying members, but rather the 'umbrella' name of disparate groups and a large number of powerful individuals who have been controlling or heavily influencing the most important aspects of life throughout your world for centuries.

"In recent years they also have become known by other designations, such as the secret government, New World Order, dark cabal or the elitists; and they include the top figures in financial institutions, investment markets, multinational corporations, religions, education, media, military forces, judicial systems, entertainment, the medical 'establishment,' regulatory and advisory bodies, royal families, Zionists." (2)

"And, Mother, it doesn't matter who occupies the Oval Office - this same situation would exist because both Illuminati factions have the same intention, to control your world. Their strategies differ, but the agenda is the same, and that agenda is to conquer other countries through fomenting civil wars, economic enslavement or outright invasion." (3)

But at last all of us are witnessing them in action. Justin Trudeau serves the World Economic Forum, which intends a Fourth Reich - or Fourth Industrial Revolution - for the world. Trudeau also serves the Chinese Communist Party, probably their partners in the creation and release of the virus; undoubtedly their partner in the subversion of the last Presidential election.

Bill Gates, Fauci et al plan to depopulate the world, bringing it down to an agreed-upon 500 million, this "second class" serving the first.

To that end, Gates has been buying up land and taking it out of agricultural production, creating food shortages at the same time he's pushing toxic vaccines.

Add to the mix Jeffrey Epstein, Ghislaine Maxwell, Harvey Weinstein, on and on.

Because the truckers of many nations have converged on their capitals, the New World Order, World Economic Forum, Illuminati is becoming visible.

What was only rumor can now be witnessed on people's computers, cellphones, and TV sets. The lies the police offer us can be "fact-checked" immediately from all the videos being taken. The use of paid mercenaries to spread terror among us is there in full color, plain to see.

Now is the time to peacefully refuse to deal with the New World Order any longer - in any of their manifestations.

In Canada, in terms of immediate actions, I call upon the Governor General to act before matters escalate. And let no other MP be asked to serve as Prime Minister who has any connection to the World Economic Forum.

The current Prime Minister has shown he has little regard for the law or the desires of the people. You're the only one who can remove him.

Remember the history of the Weimar Republic. At several points Hitler could have been stopped. And then it became too late and he eliminated his opponents.

The Prime Minister is in service to foreign organizations. He has a conflict of interest in holding large amounts of shares in vaccine-related companies. He's leading Canada into a totalitarian dictatorship, subservient to the World Economic Forum. Following that, the population will be reduced by future virus-and-vaccine attacks.

You alone can remove him. Please act now.

Human Race vs. New World Order

February 4, 2022

<https://goldenageofgaia.com/2022/02/04/human-race-vs-new-world-order/>

A spade

Here I am again, wanting to call a spade a spade. (1)

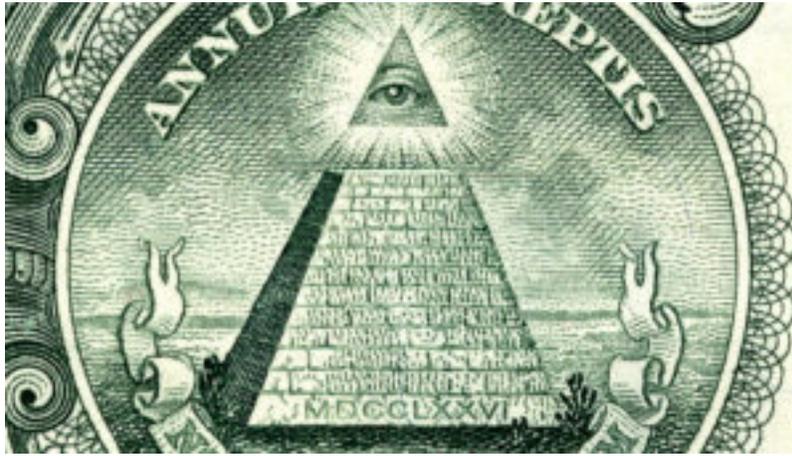

This is not vaxx vs. anti-vaxx. This is not people against a government policy.

This is the human race saying as plainly as can be that we want to put the New World Order out of business.

This is also not condemning people but it *is* condemning behavior.

We live many lives, forever journeying back to God. (2) At some point in the great circle we traverse, we've been the butcher, the baker, the candlestick maker.

I know I have a few things in my past lives I'm not thrilled about. Connected with war, as is so often the case. I have myself to forgive.

New World Order

So this is not about lynching people. But it is about behavior. The behavior must stop.

So many assassinations - of witnesses against the Clinton Foundation, of people who got too close to the truth about the vaccines, of folks who invented water cars or were about to disclose the extraterrestrial presence.

You could say that the New World Order has now turned to assassinating the whole of the human race. The vaccines are designed to be omnicidal. (3) Go check that fact! (4)

This behavior and its planned outcomes must stop. We haven't succeeded in stopping it yet without there being deaths. But it isn't our intention to hang anyone high. We just need the old guard to leave town peacefully. There's definitely a new marshall in town.

Wherever a center of New World Order activity exists, wherever there are businesses who work hand-in-hand with the NWO, take a band of trucking brothers and peacefully encircle it. Take it out of action. Shine the spotlight on it.

Who was it that surrounded T-Mobile when they said get the job or get lost? Businesses have employees. Employees have to get to the business. Surround that business in trucks and take it out of business.

That's what I'd like to see us doing.

This weekend Europe is on the move as truckers go to capital cities. On Feb. 14 they head for Brussels. Good on ya, everyone!

The people of the world are uniting and throwing off the chains of the New World Order.

No, I'm not afraid to shout it from the rooftops. I've had a good life! Come and get me!

Those who are with us are stronger than those who oppose us. (5)

(4) In my opinion, the deep state hires and uses fact checkers in the same way they do paid agitators. I don't believe the fact checkers are checking facts; more that they're attempting to discourage and close down activists. Their facts are themselves based on falsities, which they're paid to promulgate.

(5) "And [Elisha] answered, Fear not: for they that *be* with us *are* more than they that *be* with them. (2 Kings: 16.)

Very soon, we'll meet our star brothers and sisters who won't make themselves known until our fighting has stopped. They're the ones who've neutralized nuclear weapons, moderated the vaccines during many pandemics, kept tsunamis from being worse than they were, etc. They cannot violate our free will, even if we want to make war on each other.

They've helped us as much as they can with the virus and vaccine. Matthew Ward tells us:

"By divine authority, scientists in extraterrestrial special forces who reduced the potency of coronavirus-19 and prevented what the Illuminati intended, the death of billions, also erased the programming and reduced to the extent possible the viability of the tissue in the solutions. Still, many people with weakened immunity have died or experienced serious adverse effects from what is called "vaccine," but actually is the Illuminati's gene-altering experiment. (Matthew's Message, June 2, 2021.)

The virus and vaccine, however, provide one avenue for some people to take who choose to leave before Ascension. People for whom the increasing light will become intolerable may choose to leave. Reduced potency does not mean no potency.

We intend to end all fighting, all wars on Earth. *And we will do it.*

“Canada is Supposed to be a Free Country”

February 17, 2022

<https://goldenageofgaia.com/2022/02/17/canada-is-supposed-to-be-a-free-country/>

So said a video on Youtube. (1)

What we need to understand, in my opinion, is that the ruling elites in most countries around the world don't want a free society.

Recently we posted the original 25 points of Mayer Amschel Rothschild. (2) We've posted the Rockefeller Lockstep Program. (3) We have video discussions from Klaus Schwab of the World Economic Forum in which he plainly states that the Great Reset will see two classes arise, the second class to serve the first. (4)

It isn't as if they're shy of stating their plans.

If we imagine the world as one - which we are of course - we can see people divide down into several consciousness states on a spectrum from don't know and don't care to know and am passionately aroused.

What we want to do is to move people from the first state to the second.

If we don't move them along the spectrum, life could be unpleasant for us, who are the object of NWO control, from here until either the Alliance closes down the show or the expected planetary heart opening or wave of love raises vibrations to a point where Team Dark must leave. (5)

The events that are transpiring are designed to wake people up. It's not an easy task when people take their news from a controlled media and probably don't even look at the videos we look at or read the articles we read.

Nevertheless, I hearken back to something Archangel Michael said years ago, in a reading:

Archangel Michael: Does the conversation expand organically and naturally? Does the energy go out to the entire planet, those who want to hear and those who don't want to hear? Yes, it does. But it begins with the lightworker community. That is what we have need of.

Steve: And I suppose then more and more people join the lightworker community?

AAM: Exactly, until it is one family and one path. (6)

We are inclusive; the New World Order is exclusive.

We are freedom-loving; the NWO is dictatorial.

If the NWO were unmasked for the citizenry to see, I feel confident that those who are at present unconscious of what's transpiring would join our campaign for freedom.

I like to think that our job is to teach by example, to demonstrate love and peace in action so that one after another see that example, prefer it to what a corrupt government has to offer, and join us.

And then we - the lightworker community - grow and grow and grow.

But before that time we seem to have a struggle of wills to get through. And that may turn out to be longer than we'd like.

Since we can expect repression from our governments, we'd best draw together and make arrangements to support each other in whatever ways we can.

Omnicide

February 2, 2022

<https://goldenageofgaia.com/2022/02/02/omnicide-2/>

Radiation expert Dr. Rosalie Bertell invented the term omnicide to describe the impact of depleted uranium, released from military weapons.

In her judgment to the International Criminal Tribunal For Afghanistan, Professor Ms Niloufer Bhagwat J wrote:

“The International Criminal Tribunal on Afghanistan accepted the term ‘omnicide’ to describe the outcome of war prosecuted with DU [depleted uranium] weapons. Dr. Rosalie Bertell defined the term:

“‘The concept of species annihilation means a relatively swift, deliberately induced end to history, culture, science, biological reproduction and memory. It is the ultimate human rejection of the gift of life, an act which requires a new word to describe it as omnicide.’” (1)

Matthew Ward describes the CV19 pandemic/vaccine in a way that brings it, I think, within the compass of Dr. Bertell's definition:

“What is not publicized because it is known by only a few is that the intention of the coronavirus was to decrease the world’s population by billions.” (2)

I've said before that I don't consider Covid-19 a pandemic. It's a bioweapon that's been launched against society. The actual bullet is the vaccine. The crime being perpetrated is not genocide; it's omnicide.

I'm not sure we even have laws against it. No one has ever conceived of anyone being ready, willing and able to carry out such a monstrous crime. Except novelists and Hollywood.

Whatever the case, we as a world have never considered such a possibility before and most people who hear of it probably would not believe such a thing is plausible or possible.

It may take people dying off in large numbers from the vaccine to awaken them to the possibility that our governments would commit such a crime.

The sad and sorry truth is our governments are doing it. The virus, no more deadly than the common cold, has been used as a pretext for introducing a vaccine that causes clotting, contains graphene hydroxide, parasites, toxic metals, on and on. The virus is the pretext; the vaccine is the killshot.

This is the opinion of hundreds if not thousands of doctors who've risked their livelihood and careers to go against the "science" and sound the alarm. (3)

I'd like to call a spade a spade. This is not just a crime. It's not just a crime against humanity. This, if we want to be frank about it, is omnicide.

I Think Genocide Qualifies as a Serious Human Rights Abuse

February 20, 2022

<https://goldenageofgaia.com/2022/02/20/i-think-genocide-qualifies-as-a-serious-human-rights-abuse/>

I think everyone would agree that genocide qualifies as a serious human rights abuse.

The allegation I make here - and that others are making - is that the creation, spread, and treatment of the Covid virus and vaccine was a carefully-orchestrated, premeditated operation to depopulate the globe and appears to me to fall clearly within the scope of the legal term "genocide."

The pharmacy companies and the virus-and-vaccine advocates have made dazzling sums of money so far and stand to make more with endless boosters, until we succumb ... undoubtedly to something "unrelated."

Genocide is a serious human-rights abuse - perhaps *the most serious*. In case you think that the pharmaceutical companies will get away with it, including keeping the money taken from the world for what could amount to their own execution, in a word, they will not.

That serious human-rights abuse will, I believe, trigger executive order "Blocking the Property of Persons Involved in Serious Human Rights Abuse or Corruption," December 21, 2017. (1)

I think the funds of the pharmaceutical companies and everyone connected with this operation will be sequestered, as our sources have predicted in more general terms:

Council of Angels: Yes, the wealth is going to be redistributed. (2)

Matthew Ward: The unspeakable fortunes illegally amassed by the top Illuminati will be returned to circulation, and since those fortunes enabled them to control governments, banking and multinational corporations, that control will end.

(3)

Those who wished to kill off the human race will be caught in their own net and their wealth redistributed to the populace.

I've talked elsewhere about the energetic winding down of the dark. The Divine Mother tells us what will happen to them over time:

Divine Mother: They will either die beforehand [before Ascension] or die during, because they cannot incorporate the level of the love energy – because that is what Ascension is – they cannot incorporate that and it literally... you have heard of situations, especially you [Karen] ... where people's hearts simply stop or explode for no explained reason.

It's simply because they cannot continue on, and the merciful thing to do is to simply, gently and kindly, bring them home. (4)

We've actually seen far too many people suddenly drop of heart attacks these days. Here the Mother says the dark could go in a similar manner.

The World Freedom Convoys have picked up everything - energy, pace, extent.

I hope the thrust and reach of the movement expand and expand.

For as long as we have to live within a two-party system, perhaps let us start a worldwide Freedom Party.

Matthew: The Illuminati's illegally and immorally garnered fortunes will be put into circulation and their exploitation of natural resources worldwide will end. Since that power base is what enabled them to set government and banking policies and own multinational corporations, those corrupt controls also will end. The huge debts of the poorest nations were incurred by their state of desperation, often caused by Illuminati actions and influence; but the loans went to the despots ruling the countries and did not benefit the citizens, so those debts will be annulled and assistance given directly to the people. The Looking Glass and Deep State Plans

January 30, 2022

<https://goldenageofgaia.com/2022/01/30/the-looking-glass-and-deep-state-plans/>

Folks, I caution us against unwary optimism with regard to such things as Prime Minister Trudeau "going into hiding."

As Magenta Pixie pointed out, (1) Team Dark has had the Looking Glass for decades. (2) They have viewed and re-viewed the scenarios that are unfolding now.

According to Pixie, and I find her scenario plausible, having been briefly introduced to Looking-Glass technology in 2007-8, Team Dark sees that they cannot prevent things like the Freedom Convoy. But they've long been considering how to co-opt it and control it.

We can bank on them having plans to take the truckers' convoy over. Any move like Trudeau's departure could profitably be looked at first to see if it's part of a plan to co-opt the convoy - here and abroad.

Watch for the media suddenly appearing on the scene of an outbreak of violence. And watch for the camera angle: Behind the police? How did they gain that kind of access?

Watch for loiterers (in police boots) who, when questioned, say "I don't know" and shrug off attention. Watch for them giving signs that they're purposefully stationed,

looking around quietly, liaising with others similarly dressed, passing things back and forth, standing beside boxes, etc.

When something happens, watch for the media to immediately blame the truckers and even report some "evidence" linking the truckers to events. Listen especially for their vocal tone because a lot of persuading the public happens at a level below words.

Their vocal tone may also reflect the emphasis with which a story line has been urged on them.

The deep state's use of false flags to launch wars is a standard tactic. There's no reason to expect that they haven't planned some false flags and "terrorist" attacks in this case. Have the truckers organized their own security detail? Are they alert?

Expect Jan. 6-style diversionary tactics and attempts to co-opt the truckers.

Whether the Alliance will allow them to raise the temperature further or defeat their attempts remains to be seen.

I'd like to see Rocco Gelati, Reiner Fuellmich, Dr. Simone Gold, and everyone else we've been listening to for the last two years fly up to Ottawa (or conference-call them), meet with the trucker leadership, and coordinate what's next.

The more we unite, the more we unite the public and the stronger our stand against the deep state becomes. Momentum, confidence, trust.

I hope we don't stop until all corrupt governments stand down. (3)

PROCESSION OF INDIGO FIRE CHARIOTS INTO THE KHANADARIAN DOMAIN

(2) The Looking Glass is extraterrestrial technology that permits the viewing of the future.

I believe the shape of the device is like the shape of the capsule that Jodie Foster travelled in in *Contact*.

Kerry Cassidy: The "Looking Glass Project" was an attempt to back-engineer a device given to the American military by a P52 Orion (a P52 Orion is a second human line of evolution, which eventually went to the planet Orion after the disaster which occurred to Earth around this time. This much more human-looking species is often referred to as the "Nordics" in UFO literature).

The device has been called a "looking glass," "yellow book" (hence "Project Yellow Book"), "cube" and "black box." It allows the user to see into the past and

future. While the Orions expected the American military to use the looking glass for the benefit of all humanity, the American military back-engineered it, held onto it for its own exclusive use, and lent it out to Illuminati leaders who also misused it. Saddam Hussein and Muammar Chaddafi had looking glasses. Watching these developments and realizing how they had misjudged the progress of terrestrials, the Orions imposed a number of treaties on humanity to prevent them from journeying out into space and spreading their quarreling and destructive tendencies. (Project Camelot, "Dan Burisch," video, 2006, part 2, at http://projectcamelot.org/dan_burisch.html.)

(3) I'm reminded of the galactics saying we need to take a step first. OK, here we are taking one giant leap for humankind.

The Fate of the Dark: What's Happening on Planet Earth – Part 1/2

March 1, 2021

<https://goldenageofgaia.com/2021/03/01/whats-happening-on-planet-earth-part-1-2/>

In question-and-answer format.

What's happening on Planet Earth?

Archangel Michael: You are at a point of what has been termed ascension, shift, awakening, heart consciousness, bliss, ecstasy, it matters not. The terminology is infinite and you love to have your own expression, as do we. The realization of your divinity, the contentment with who you are in totality in your divine human self, is truly awakened. (1)

Archangel Gabrielle: The restoration of Love upon this planet is Ascension. There are many explanations of how and where and when and what Ascension is and looks like and feels like. So again, in the spirit of simplification, we tell you that Ascension, individually and collectively, is the experience, the anchoring, and the embodiment of Love, in its totality, in its divinity, in its expression, in its actions. (2)

Matthew: Your "travel ticket" is the absorption of light that comes automatically with living in godly ways. (3)

Mike Quinsey's Higher Self: As you have been informed a number of times when the vibrations have reached a certain high point, those souls who have been unable to reach the same level will of necessity move to a different path to continue their evolution and those who can continue lifting up will then go all of the way to Ascension.

It is a natural progression that enables you to enjoy complete freedom in a vibration that is so pure that only the truth can exist. Meantime you will gradually change at each stage of upliftment, and progress will be unhindered as previously when you had to experience the presence of those of lower vibrations. (4)

Archangel Michael: In these extraordinary times, to one degree or another, there is a major internal, transformational process occurring within every Soul on Earth.

Individually, you are experiencing a clearing and cleansing process as well as modification and expansion in various areas of your physical, mental, emotional and etheric bodies; changes which are necessary if you are to hold up under and integrate the ever-increasing vibrational frequencies which are bombarding your Earth at this time. (5)

What does this mean for us?

SaLuSa: Life on your present Earth is coming to an end and of necessity, because the cycle of duality has all but completed its course. Nothing stands still and all is in motion and change to take up a new position according to its vibration. (6)

SaLuSa: The world is slipping into two realities, and the division will take place in accordance with the Law of Attraction. (7)

Mike Quinsey's Higher Self: Right now, every soul on the Earth is choosing whether they are continuing to serve self or if they are choosing to move into a higher vibration into service to others. (8)

Mira: If you have any concerns regarding your place in the future, have no fear as each soul will find itself exactly at the right level. Not even one can elevate themselves to a higher level than their vibrations allow.

It means that all of those who have imprisoned you upon the Earth for millennia of time will also go to a level that is consistent with their lower vibrations. They will no longer be able to interfere with your soul progress, and will face lessons that they need to return to the Light. All works out in an absolutely fair manner, as God still holds all souls in his loving embrace. (9)

Mira: The stranglehold of the darkness is weakening and the planet is at a tipping point. This means that the collective consciousness of Light is stronger than the dark. (10)

SaLuSa: There is in fact a drawing apart of those ready to ascend from those who are unable to lift up their vibrations. They will learn much from their experiences that will help them grow and progress more quickly than previously. Souls of a similar vibration tend to band together which makes them feel comfortable with like kinds. (11)

What is the fate of those who choose to leave?

Archangel Michael: There will be those who choose to leave, to abandon their physical forms rather than ascend in physical form.

Steve: That is what you mean by separation - leave?

AAM: That is what I mean and I do not mean being spun off into an alternate world or Earth or Gaia or planet. I mean simply, abandoning the body, dying, leaving, and coming home. There is no penalty or shame or guilt. It is simply a decision.

But it is not the desire of the Mother that this [Ascension process] simply continue [forever] because what she also sees (what we all see) and what you've repeatedly said to us, even though we operate often in terms of eons rather than years, many of you are tired.

So we do not wish for those who have been stalwart and continue and practice fortitude and persistence along with love to reach the point where they abandon their bodies. And you are seeing that in many.

Steve: I can think of one person in particular that seems to be thinking of abandoning their body, so yes.

AAM: When it comes to a decision point of whether the recalcitrant remain or whether those who are determined to fulfil the Mother's dream remain, make no mistake about it. Those who have been in the truth of their heart and service will be victorious. I cannot be clearer than that. (12)

(To be concluded tomorrow in Part 2.)

The Fate of the Dark: What's Happening on Planet Earth – Part 2/2

March 2, 2021

<https://goldenageofgaia.com/2021/03/02/318147/>

In question-and-answer format.

Is this time of separation an unnatural occurrence?

Arcturians: You could use that third-dimensional term. But it isn't a "time," because each person will experience it within their own state of consciousness. It will not be a collective time. (1)

SaLuSa: Separation of the souls on Earth is ... quite a natural occurrence, as the Law of Attraction is always in action. (2)

SaLuSa: Provisions will be made for all souls and they will eventually find themselves progressing to the correct level. Bear in mind that your present Earth is also ascending, and only the souls that are ready can go with her. For all others their future is also assured and not one soul will be neglected, as all have their place in the Universe. (3)

SaLuSa: Be assured that those souls who have difficulty in lifting themselves up are given every help to awaken to the Truth. They are treated with love and kindness as all souls are. For those of you who know that you are ready to ascend, we ask that you give help where it is needed, as you will be able to judge which level to use. (4)

Can you tell us some of the history of the dark forces?

Matthew: The dark forces started moving away from your solar system after the infusion of light from far distant civilizations saved the life of your homeland planet seventy-some years ago.

That force field left because light is anathema to its very existence - just as lighting a candle in a dark room pierces the darkness, so does the energy of love-light pierce the energy of whatever darkness is nearby. Even though the dark forces left, its dense cloud of darkness remained on Earth, which the forces futilely had sought to capture for once and for all.

Darkness continued to preclude spiritual and conscious awareness in the collective consciousness, and via the law of attraction, Earth's residents kept producing the negativity that almost killed the planet. That changed when the intensive in-beaming of light started diffusing the density of the cloud and gave Earth the energy she needed to jar loose from the depths of third density and begin her ascension journey. (5)

The Arcturians: Even the darkest human has, what we would call, "The Heart of Ascension." However, through their incarnations on a troubled, war-bound, third-dimensional reality, they forgot the higher-dimensional expressions of their OWN Multidimensional SELF. Therefore, they became trapped in the third/lower fourth dimensional illusions of separation, power over, greed and separation from Gaia's Core. (6)

SaLuSa: The dark Ones intentionally concealed the truth of your true heritage, but that time is now coming to a close and those souls that are enlightened are leading the way forward.

Your new cycle will quickly move you into the higher vibrations and peace and contentment will soon come to all of you. It will be a time when you will no longer

be held back by the dark Ones who will have been removed from the Earth. Indeed, no soul will be able to move into the higher dimensions unless they are of the higher vibrations. (7)

When can we get to work on the new reality?

Saint Germain: You are already working on the new reality, creating the new reality, creating the new Gaia, following in her footsteps as she raises her consciousness and brings all of you along with her. (8)

The Secret Meeting that Changed Rap Music and Destroyed a Generation

June 30, 2020

<https://goldenageofgaia.com/2020/06/30/the-secret-meeting-that-changed-rap-music-and-destroyed-a-generation-4/>

Private prison

This anonymous letter details the investment the music industry made in private prisons. A music-industry insider discusses how he was pressured to push rap music because it would increase the number of people sentenced to prison.

It indicates the level of corruption which some of our institutions have sunk to - which need cleaning, just as as we as individuals are doing.

"The Secret Meeting that Changed Rap Music and Destroyed a Generation," *Court Issues*, n.d., at <http://court.rchp.com/history/racial-bias-in-mass-media/the-secret-meeting-that-changed-rap-music-and-destroyed-a-generation/>.

After more than 20 years, I've finally decided to tell the world what I witnessed in 1991, which I believe was one of the biggest turning points in popular music and ultimately American society. I have struggled for a long time weighing the pros and cons of making this story public as I was reluctant to implicate the individuals who were present that day. So I've simply decided to leave out names and all the details

that may risk my personal well being and that of those who were, like me, dragged into something they weren't ready for.

Between the late 80's and early 90's, I was what you may call a “decision maker” with one of the more established company in the music industry. I came from Europe in the early 80's and quickly established myself in the business. The industry was different back then. Since technology and media weren't accessible to people like they are today, the industry had more control over the public and had the means to influence them any way it wanted. This may explain why in early 1991, I was invited to attend a closed-door meeting with a small group of music business insiders to discuss rap music's new direction. Little did I know that we would be asked to participate in one of the most unethical and destructive business practice I've ever seen.

The meeting was held at a private residence on the outskirts of Los Angeles. I remember about 25 to 30 people being there, most of them familiar faces. Speaking to those I knew, we joked about the theme of the meeting as many of us did not care for rap music and failed to see the purpose of being invited to a private gathering to discuss its future.

Among the attendees was a small group of unfamiliar faces who stayed to themselves and made no attempt to socialize beyond their circle. Based on their behavior and formal appearances, they didn't seem to be in our industry. Our casual chatter was interrupted when we were asked to sign a confidentiality agreement preventing us from publicly discussing the information presented during the meeting.

Needless to say, this intrigued and in some cases disturbed many of us. The agreement was only a page long but very clear on the matter and consequences which stated that violating the terms would result in job termination. We asked several people what this meeting was about and the reason for such secrecy but couldn't find anyone who had answers for us. A few people refused to sign and walked out. No one stopped them. I was tempted to follow but curiosity got the best of me. A man who was part of the “unfamiliar” group collected the agreements from us.

Quickly after the meeting began, one of my industry colleagues (who shall remain nameless like everyone else) thanked us for attending. He then gave the floor to a man who only introduced himself by first name and gave no further details about his personal background. I think he was the owner of the residence but it was never confirmed. He briefly praised all of us for the success we had achieved in our industry and congratulated us for being selected as part of this small group of “decision-makers”. At this point, I begin to feel slightly uncomfortable at the strangeness of this gathering.

The subject quickly changed as the speaker went on to tell us that the respective companies we represented had invested in a very profitable industry which could become even more rewarding with our active involvement. He explained that the companies we work for had invested millions into the building of privately owned prisons and that our positions of influence in the music industry would actually impact the profitability of these investments.

I remember many of us in the group immediately looking at each other in confusion. At the time, I didn't know what a private prison was but I wasn't the only one. Sure enough, someone asked what these prisons were and what any of this had to do with us.

We were told that these prisons were built by privately-owned companies who received funding from the government based on the number of inmates. The more inmates, the more money the government would pay these prisons. It was also made clear to us that since these prisons are privately owned, as they become publicly traded, we'd be able to buy shares. Most of us were taken back by this. Again, a couple of people asked what this had to do with us. At this point, my industry colleague who had first opened the meeting took the floor again and answered our questions.

He told us that since our employers had become silent investors in this prison business, it was now in their interest to make sure that these prisons remained filled. Our job would be to help make this happen by marketing music which promotes criminal behavior, rap being the music of choice. He assured us that this would be a great situation for us because rap music was becoming an increasingly profitable market for our companies, and as employees, we'd also be able to buy personal stocks in these prisons. Immediately, silence came over the room. You could have heard a pin drop. I remember looking around to make sure I wasn't dreaming and saw half of the people with dropped jaws. My daze was interrupted when someone shouted, "Is this a f***** joke?"

At this point things became chaotic. Two of the men who were part of the "unfamiliar" group grabbed the man who shouted out and attempted to remove him from the house. A few of us, myself included, tried to intervene. One of them pulled out a gun and we all backed off. They separated us from the crowd and all four of us were escorted outside. My industry colleague who had opened the meeting earlier hurried out to meet us and reminded us that we had signed an agreement and would suffer the consequences of speaking about this publicly or even with those who attended the meeting. I asked him why he was involved with something this corrupt and he replied that it was bigger than the music business and nothing we'd want to challenge without risking consequences. We all protested and as he walked back into the house I remember word for word the last thing he said, "It's out of my hands now. Remember you signed an agreement." He then closed the door behind him. The men rushed us to our cars and actually watched until we drove off.

A million things were going through my mind as I drove away and I eventually decided to pull over and park on a side street in order to collect my thoughts. I replayed everything in my mind repeatedly and it all seemed very surreal to me. I was angry with myself for not having taken a more active role in questioning what had been presented to us. I'd like to believe the shock of it all is what suspended my better nature. After what seemed like an eternity, I was able to calm myself enough to make it home. I didn't talk or call anyone that night.

The next day back at the office, I was visibly out of it but blamed it on being under the weather. No one else in my department had been invited to the meeting and I felt a sense of guilt for not being able to share what I had witnessed. I thought

about contacting the 3 others who were kicked out of the house but I didn't remember their names and thought that tracking them down would probably bring unwanted attention. I considered speaking out publicly at the risk of losing my job but I realized I'd probably be jeopardizing more than my job and I wasn't willing to risk anything happening to my family. I thought about those men with guns and wondered who they were? I had been told that this was bigger than the music business and all I could do was let my imagination run free.

There were no answers and no one to talk to. I tried to do a little bit of research on private prisons but didn't uncover anything about the music business' involvement. However, the information I did find confirmed how dangerous this prison business really was. Days turned into weeks and weeks into months. Eventually, it was as if the meeting had never taken place. It all seemed surreal. I became more reclusive and stopped going to any industry events unless professionally obligated to do so. On two occasions, I found myself attending the same function as my former colleague. Both times, our eyes met but nothing more was exchanged.

As the months passed, rap music had definitely changed direction. I was never a fan of it but even I could tell the difference. Rap acts that talked about politics or harmless fun were quickly fading away as gangster rap started dominating the airwaves.

Only a few months had passed since the meeting but I suspect that the ideas presented that day had been successfully implemented. It was as if the order had been given to all major label executives. The music was climbing the charts and most companies were more than happy to capitalize on it. Each one was churning out their very own gangster rap acts on an assembly line. Everyone bought into it, consumers included. Violence and drug use became a central theme in most rap music. I spoke to a few of my peers in the industry to get their opinions on the new trend but was told repeatedly that it was all about supply and demand. Sadly many of them even expressed that the music reinforced their prejudice of minorities.

I officially quit the music business in 1993 but my heart had already left months before. I broke ties with the majority of my peers and removed myself from this thing I had once loved. I took some time off, returned to Europe for a few years, settled out of state, and lived a "quiet" life away from the world of entertainment.

As the years passed, I managed to keep my secret, fearful of sharing it with the wrong person but also a little ashamed of not having had the balls to blow the whistle. But as rap got worse, my guilt grew. Fortunately, in the late 90's, having the internet as a resource which wasn't at my disposal in the early days made it

Now that I have a greater understanding of how private prisons operate, things make much more sense than they ever have. I see how the criminalization of rap music played a big part in promoting racial stereotypes and misguided so many impressionable young minds into adopting these glorified criminal behaviors which often lead to incarceration. Twenty years of guilt is a heavy load to carry but the least I can do now is to share my story, hoping that fans of rap music realize how they've been used for the past 2 decades. easier for me to investigate what is now labeled the prison industrial complex.

Although I plan on remaining anonymous for obvious reasons, my goal now is to get this information out to as many people as possible. Please help me spread the word. Hopefully, others who attended the meeting back in 1991 will be inspired by this and tell their own stories. Most importantly, if only one life has been touched by my story, I pray it makes the weight of my guilt a little more tolerable.

Thank you.

Facts about Hip-Hop and Prison for Profit

July 15, 2019

<https://goldenageofgaia.com/2019/07/15/301851/>

Here's a second article on the prison industrial complex and the music industry that David Wilcock refers to in his "Declas" article. (1)

Facts about hip-hop and prison for profit

Homeboy Sandman, Raprehab.com, September 7, 2016

<https://raprehab.com/facts-about-hip-hop-and-prison-for-profit/>

The people who own the media are the same people who own private prisons, the EXACT same people, and using one to promote the other is (or "would be," depending on your analysis) very lucrative.

GoldenUndergroundTV recently released an interview I did with them late last year. I got a bit animated at the end. Only so many interviews in a row I could handle being asked about Chief Keef.

My tirade wasn't really about Chief Keef. It wasn't about Gucci Mane or Wocka Flocka or any of the acts spontaneously catapulted into stardom by synchronized mass media coverage despite seemingly universal indifference (at the very best) regarding their talent. Whose arrests, involvement in underaged pregnancies, concert shootouts, and facial tattoos, dominate conversation for weeks at a time, with their actual music a mere afterthought, if thought of at all.

My tirade was about marketing. It was about media powers seeking out the biggest pretend criminal kingpins they can find, (many of whom who shamelessly adopt the names of actual real life criminal kingpins like 50 Cent and Rick Ross), and exalting them as the poster children for a culture. It was about an art form reduced to product placement, the selling of a lifestyle, and ultimately, a huge ad for imprisonment.

This is not my opinion.

Last year Corrections Corporation of America (CCA), the biggest name in the private prison industry, contacted 48 states offering to buy their prisons. One stipulation of eligibility for the deal was particularly bizarre: "an assurance by the agency partner that the agency has sufficient inmate population to maintain a minimum 90% occupancy rate over the term of the contract.

What kind of legitimate and ethical measures could possibly be taken to ensure the maintenance of a 90% prison occupancy rate?

Two months later an anonymous email was sent out to various members of the music and publishing industries giving an account of a meeting where it was determined that hip-hop music would be manipulated to drive up privatized prison profits. Its author, despite claiming to be a former industry insider, did not provide the names of anyone involved in the plot, nor did he specify by which company he himself was employed. As such, the letter was largely regarded as a fraud for lack of facts.

Ninety percent of what Americans read, watch and listen to is controlled by only six media companies. PBS's Frontline has described the conglomerates that determine what information is disseminated to the public as a "web of business relationships that now defines America's media and culture." Business relationships.

Last year a mere 232 media executives were responsible for the intake of 277 million Americans, controlling all the avenues necessary to manufacture any celebrity and incite any trend. Time Warner, as owner of Warner Bros Records (among many other record labels), can not only sign an artist to a recording contract but, as the owner of Entertainment Weekly, can see to it that they get next week's cover. Also the owner of New Line Cinemas, HBO and TNT, they can have their artist cast in a leading role in a film that, when pulled from theaters, will be put into rotation first on premium, then on basic, cable.

Without any consideration to the music whatsoever, the artist will already be a star, though such monopolies also extend into radio stations and networks that air music videos. For consumers, choice is often illusory. Both BET and MTV belong to Viacom. While Hot 97, NYC's top hip hop station, is owned by Emmis Communications, online streaming is controlled by Clear Channel, who also owns rival station Power 105.

None of this is exactly breaking news, but when ownership of these media conglomerates is cross checked with ownership of the biggest names in prison privatization, interesting new facts emerge.

According to public analysis from Bloomberg, the largest holder in Corrections Corporation of America is Vanguard Group Incorporated. Interestingly enough, Vanguard also holds considerable stake in the media giants determining this country's culture. In fact, Vanguard is the third largest holder in both Viacom and Time Warner.

Vanguard is also the third largest holder in the GEO Group, whose correctional, detention and community reentry services boast 101 facilities, approximately 73,000 beds and 18,000 employees. Second nationally only to Corrections Corporation of America, GEO's facilities are located not only in the United States but in the United Kingdom, Australia and South Africa.

You may be thinking, "Well, Vanguard is only the third largest holder in those media conglomerates, which is no guarantee that they're calling any shots." Well, the number-one holder of both Viacom and Time Warner is a company called Blackrock. Blackrock is the second largest holder in Corrections Corporation of America, second only to Vanguard, and the sixth largest holder in the GEO Group.

There are many other startling overlaps in private-prison/mass-media ownership, but two underlying facts become clear very quickly: The people who own the media are the same people who own private prisons, the EXACT same people, and using one to promote the other is (or “would be,” depending on your analysis) very lucrative.

Such a scheme would mean some very greedy, very racist people.

There are facts to back that up, too.

Prison industry lobbyists developing and encouraging criminal justice policies to advance financial interests has been well-documented. The most notorious example is the Washington-based American Legislative Council, a policy organization funded by CCA and GEO, which successfully championed the incarceration promoting “truth in sentencing” and “three-strikes” sentencing laws.

If the motive of the private prison industry were the goodhearted desire to get hold of inmates as quickly as possible for the purpose of sooner successfully rehabilitating them, maintenance of a 90% occupancy rate would be considered a huge failure, not a functioning prerequisite.

Likewise, the largest rise in incarceration that this country has ever seen correlates precisely with early-80’s prison privatization. This despite the fact that crime rates actually declined since this time. This decreasing crime rate was pointed out enthusiastically by skeptics eager to debunk last year’s anonymous industry insider, who painted a picture of popularized hip-hop as a tool for imprisoning masses.

What wasn’t pointed out was that despite crime rates going down, incarceration rates have skyrocketed. While the size of the prison population changed dramatically, so did its complexion. In “‘All Eyez on Me’: America’s War on Drugs and the Prison-Industrial Complex,” Andre Douglas Pond Cummings documents the obvious truth that “the vast majority of the prisoner increase in the United States has come from African-American and Latino citizen drug arrests.”

Add to this well-documented statistics proving that the so-called “war on drugs” has been waged almost entirely on low-income communities of color, where up until just two years ago, cocaine sold in crack form fetched sentences 100 times as

lengthy as the exact same amount of cocaine sold in powdered form, which is much more common in cocaine arrests in affluent communities. (In July 2010 the oddly named Fair Sentencing Act was adopted, which, rather than reducing the crack/powder disparity from 100-to-1 to 1-to-1, reduced it to 18-to-1, which is still grossly unfair.)

This is not to suggest that the crack/powder disparity represents the extent of the racism rampant within the incarceration industry. The U.S. Sentencing Commission reported in March 2010 that in the federal prison system, even where convicted for the exact same crimes, people of color received prison sentences 10% longer . Where convictions are identical, mandatory minimum sentences are also 21% more likely for people of color.

Finally, let us not forget the wealth of evidence to support the notion that crime-, drug- and prison-glorifying hip-hop only outsells other hip-hop because it receives so much more exposure and financial backing, and that when given equal exposure, talent is a much more reliable indicator of success than content.

Yasiin Bey (formerly Mos Def) put it best; “hip-hop” is just shorthand for ‘black people.’” Before our eyes and ears, a “web of business relationships that now defines America’s media and culture” has one particular business raking in billions of dollars while another defines the culture of a specific demographic as criminal. Both business are owned by the same people.

Mainstream media continue to endorse hip-hop that glorifies criminality (most notably drug trafficking and violence), and private prison interests, long since proven to value profits over human rights, usher in inmates of color to meet capacity quotas. The same people disproportionately incarcerated when exposed to the criminal justice system are at every turn inundated with media normalizing incarceration to the point that wherever there is mainstream hip-hop music, reference to imprisonment as an ordinary, even expected, component of life is sure to follow.

Conspiracy theorists get a lot of flak for daring entertain the notion that people will do evil things for money. Historical atrocities like slavery and the Holocaust are universally acknowledged, yet simultaneously adopted is the contradictory position

that there can't possibly be any human beings around intelligent enough and immoral enough to perpetrate such things.

Even in the midst of the Europe-wide beef that was actually horse-meat fiasco, and the release of real-life nightmare documenting films like "Sunshine and Oranges," there is an abundance of people content to believe that the only conspiracies that ever exist are those that have successfully been exposed.

The link between mass media and the prison industrial complex, however, is part of a very different type of conversation.

The information in this article was not difficult to find; it is all public.

This is not a conspiracy. This is a fact.

I Accuse

The daily economic bloodletting we're witnessing around us is not solely the result of the fall of the U.S. subprime market or of the U.S. banking sector generally, as some would have us believe. It's not solely the result of the global market's loss of confidence in worthless commercial paper and bundled debt.

Rather, what we're seeing is the end result of a long period of political and financial manipulation by a global elite known to themselves as the "Illuminati" (though none are illuminated) and the "New World Order."

They're responsible for what Michel Chossudovsky called "the worldwide scramble to appropriate wealth through 'financial manipulation' [which] is the driving force behind this crisis. It's the source of economic turmoil and social devastation." (1)

Perhaps, in the face of the global financial meltdown, we're now ready to hear the truth about them, where for years we've thought that truth fantastic or conspiratorial.

President Eisenhower warned the world against them in his "Farewell Address to the Nation" on January 17, 1961. He called them the "military-industrial complex."

"In the councils of government, we must guard against the acquisition of unwarranted influence, whether sought or unsought, by the military-industrial complex. The potential for the disastrous rise of misplaced power exists and will persist. We must never let the weight of this combination endanger our liberties or democratic processes. We should take nothing for granted. Only an alert and knowledgeable citizenry can compel the proper meshing of the huge industrial and military machinery of defense with our peaceful methods and goals so that security and liberty may prosper together." (2)

Only a matter of months later, President John F. Kennedy also warned us against them, calling them a "secret society":

"For we are opposed around the world by a monolithic and ruthless conspiracy that relies primarily on covert means for expanding its sphere of influence, on infiltration instead of invasion, on subversion instead of elections, on intimidation instead of free choice, on guerrillas by night instead of armies by day. It is a system which has conscripted vast human and material resources into the building of a tightly-knit, highly-efficient machine that combines military, diplomatic, intelligence, economic, scientific and political operations.

"Its preparations are concealed, not published. Its mistakes are buried, not headlined. Its dissenters are silenced, not praised. No expenditure is questioned. No rumor is printed. No secret is revealed." (3)

This global elite conducts its business through organizations like the Bilderberg, the Trilateral Commission, and the Council for Foreign Relations.

Some say it's centred in the United States; others in Europe. It includes among its numbers an unlikely coalition of people from all backgrounds - ex-Nazis sit down

with Jews in their deliberations, as well as some members of European royalty, etc. It's ruthless in its methods. Most of us have no idea of the formidable opponent it represents to the freedom-loving society that we profess to uphold. Our very naivete and complacency are what make it strong.

The Illuminati have infiltrated and exert varying degrees of control over armed forces, intelligence agencies, police forces, government departments, banks, financial houses, the media, and other institutions.

Today they're called the "deep state" and "shadow" or "secret government." Opposing them cost President Kennedy his life and many other brave men and women, their lives as well.

Some of their war crimes and crimes against humanity have been exposed and condemned in international tribunals such as the International Criminal Tribunal for Afghanistan. (4) Others are currently being investigated by such panels as the Steering Committee to pursue the prosecution for war crimes of President Bush and culpable high-ranking aides after they leave office, Jan. 20, 2009. (5)

Their reach is global and tenacious. It's imperative that we unmask this secret state and, through legal and non-violent means, overturn it. The first step in doing that is to catalogue as many of their crimes as are known. Hopefully this will assist those who are planning to prosecute President Bush and other members of the cabal.

The crimes listed below are known to me. Others could probably add many more to the list and I invite them to do so.

I accuse this "secret state" of knowingly and collectively:

1. Causing the implosion of several national economies (Thailand, Korea, Indonesia, Japan, and Russia) decades ago through stock market speculation and manipulation.
2. Causing further financial hardship to those countries, through the IMF and World Bank, by imposing terms on them that enriched American financial houses under the cover of helping the affected nations to regain their economic stability.

3. Reducing the Western workforce to penury by destroying millions of jobs through predatory automation, lowering wages, diminishing benefits, and eliminating pensions.
4. Further impoverishing the Western workforce through the relocation of factories to low-wage areas of the globe and the offshore outsourcing of many of the jobs that remained.
5. Enforcing or reinforcing near-slave-labour conditions in the states to which those factories were relocated.
6. Blowing up the Murrah Federal Building in Oklahoma City on April 19, 1995, claiming 168 lives and injuring over 800 others, to win congressional support for the Counter-Terrorism Bill.
7. Blowing up World Trade Centers 1, 2 and 7 and the Pentagon on Sept. 11, 2001; murdering passengers on airliners; and blaming "Muslim terrorists" for what they themselves engineered; the official death toll for which was 2,974 people, but the unofficial death toll for which is probably upwards of 10,000.
8. Creating a blanket of poisonous materials that would in time claim the lives of tens of thousands of New Yorkers from respiratory and other complications and illnesses.
9. Creating and operating a fraudulent 9/11 Commission to whitewash events and conceal the true identity of the perpetrators.
10. Using weather weapons (HAARP) to cause worldwide flooding, earthquakes, and hurricanes, most notably, I believe, the 2008 Sichuan earthquake that killed 69,200 people and injured above 300,000.
11. Possibly triggering the 2004 tsunami by allegedly setting off an underwater thermonuclear blast that killed more than 225,000 people.
12. Using an ultra-low frequency (ULF) device located at nearby Augsburg College to destroy the I35 Minnesota River Bridge, killing thirteen people and injuring 145.

13. Causing murderous wars in the Balkans (1999), Afghanistan (2001) and Iraq (2003) to extend their global influence, secure oil, and ensure control of the Afghan drug trade.
14. Using depleted-uranium weapons in these wars, causing countless horrible birth deformities and numerous deaths of both local civilians and Coalition soldiers, and turning the affected countries into what some observers call "radioactive wastelands."
15. Releasing tons of lethal depleted uranium into the atmosphere from these and other wars to circle the globe and inflict pain and death on countless faraway victims.
16. Siphoning off trillions of dollars from the American people through direct theft, as reported for instance by Defence Secretary Donald Rumsfeld on Sept. 10, 2001, and corrupt Iraqi "reconstruction" arrangements from 2003 to the present.
17. Using armed forces and intelligence agencies to smuggle drugs (in medivacs, false coffins, body bags, etc.) and oversee the international drug trade (Honduras, Kosovo, Afghanistan, etc.) to raise money for "black operations."
18. Funding numerous terrorist groups around the world, including Al-Qaida.
19. Torturing opponents, both at home and abroad, in prisons run by and for Americans.
20. Creating private armies like Blackwater.
21. Subverting the American Constitution by eliminating constitutional safeguards on civil rights.
22. Corrupting existing police and armed forces and using them for criminal purposes.
23. Running an extensive program of citizen surveillance.
24. Creating deep underground military bunkers (DUMBs) and above-ground detention facilities to jail dissident citizens.
25. Corrupting the mainstream media and enforcing a rigid censorship.

26. Manufacturing infertile genetically-engineered seeds, making farmers dependent on agricompanies for future seeds, to control world prices, contributing to the suicide of thousands of bankrupted farmers in India.

27. Withholding from the world beneficial technologies derived from salvaged spacecraft and using them instead for profit and for promoting their agenda of global domination.

28. Assassinating opponents like President John F. Kennedy, Secretary of the Navy James Forrestal, ex-CIA Director William Colby, Congressman Paul Gilmor, and whistleblowers Phillip Schneider and William Cooper.

29. Murdering Stanley Meyer, inventor of a water-fuelled car that would have ended transportation's dependence on fossil fuels.

30. Pursuing an agenda of global depopulation aimed at bringing Earth's population to a controllable level of 500 million.

31. Seeding the atmosphere with chemtrails containing barium and depleted uranium, thereby causing the death of unknown numbers of victims from Morgellons Disease and other ailments.

32. Planning and trying to instigate a nuclear war between the West and Russia and China.

It's time to expose this global elite for the ruthless killing machine it is. They've taken us close to World War III. They've murdered us in the thousands and millions and plan to continue to do so if we don't stop them.

I don't propose acting violently or illegally. Our legal institutions are capable of overturning them if we, the citizens of the world, join together and express our desire that their rule end.

I ask the world community, at every level and in every form of organization, to refuse any longer to tolerate the abuses of the Illuminati or to submit to their agenda of global warfare, depopulation, and enslavement.

Let's be sure, from this day forward, that they're aware that we know their plans and that we won't permit them to succeed.

The letter was addressed to President of France Félix Faure, and accused the government of anti-Semitism and the unlawful jailing of Alfred Dreyfus, a French General Staff officer sentenced to penal servitude for life for espionage. Zola pointed out judicial errors and lack of serious evidence. The letter was printed on the first page of the newspaper, and

caused a stir in France and abroad. Zola was prosecuted and found guilty of libel on February 23, 1898. To avoid imprisonment, he fled to England, returning home in June 1899. See Wiki.

Rothschild's 25 Point Plan For World Domination

February 15, 2022

Mayer Amschel Rothschild

If we're to defeat the New World Order's attempts to win world control, we need to know what we're up against.

This is the original Illuminati plan for world domination.

Rothschild's 25 Point Plan For World Domination? ``

Norisah, Sunday, March 27, 2011

(<https://norisah-aurabiru.blogspot.com/2011/03/rothschilds-25-point-plan-for-world.html>)

"In 1770, Mayer Amschel Rothschild married Gutta Schnapper. In that same year, he retained Jewish-born, Adam Weishaupt, an apostate Jesuit-trained professor of canon law, to revise and modernize Illuminism, the worship of Satan, with the objective of world domination and the imposition of the Luciferian ideology "upon what would remain of the human race" after a final orchestrated social-cataclysm.

In 1773, Mayer summoned twelve wealthy men to Frankfort and asked them to pool their resources, then presented the 25-point plan that would enable them to gain control of the wealth, natural resources and manpower of the entire world.

Those 25 points are:

1. Use violence and terrorism rather than academic discussions.
2. Preach “Liberalism” to usurp political power.
3. Initiate class warfare.
4. Politicians must be cunning and deceptive – any moral code leaves a politician vulnerable.
5. Dismantle “existing forces of order and regulation.” Reconstruct all existing institutions.”
6. Remain invisible until the very moment when it has gained such strength that no cunning or force can undermine it.
7. Use Mob Psychology to control the masses. “Without absolute despotism one cannot rule efficiently.”
8. Advocate the use of alcoholic liquors, drugs, moral corruption and all forms of vice, used systematically by “agents” to corrupt the youth.
9. Seize properties by any means to secure submission and sovereignty.
10. Foment wars and control the peace conferences so that neither of the combatants gains territory placing them further in debt and therefore into our power.
11. Choose candidates for public office who will be “servile and obedient to our commands, so they may be readily used as pawns in our game.”
12. Use the Press for propaganda to control all outlets of public information, while remaining in the shadows, clear of blame.

13. Make the masses believe they had been the prey of criminals. Then restore order to appear as the saviors.
14. Create financial panics. Use hunger to control to subjugate the masses.
15. Infiltrate Freemasonry to take advantage of the Grand Orient Lodges to cloak the true nature of their work in philanthropy. Spread their atheistic-materialistic ideology amongst the "Goyim" (gentiles).
16. When the hour strikes for our sovereign lord of the entire World to be crowned, their influence will banish everything that might stand in his way.
17. Use systematic deception, high-sounding phrases and popular slogans. "The opposite of what has been promised can always be done afterwards... That is of no consequence."
18. A Reign of Terror is the most economical way to bring about speedy subjection.
19. Masquerade as political, financial and economic advisers to carry out our mandates with Diplomacy and without fear of exposing "the secret power behind national and international affairs."
20. Ultimate world government is the goal. It will be necessary to establish huge monopolies, so even the largest fortunes of the Goyim will depend on us to such an extent that they will go to the bottom together with the credit of their governments on the day after the great political smash."
21. Use economic warfare. Rob the "Goyim" of their landed properties and industries with a combination of high taxes and unfair competition.
22. "Make the 'Goyim' destroy each other so there will only be the proletariat left in the world, with a few millionaires devoted to our cause, and sufficient police and soldiers to protect our interest."
23. Call it The New Order. Appoint a Dictator.
24. Fool, bemuse and corrupt the younger members of society by teaching them theories and principles we know to be false.

25. Twist national and international laws into a contradiction which first masks the law and afterwards hides it altogether. Substitute arbitration for law."

The Strongest of the Strong

Feb. 23, 2022

<https://goldenageofgaia.com/2022/02/23/the-strongest-of-the-strong-2/>

Yahhhh. Not this time

How many times have we heard the Company of Heaven tell us that we're the strongest of the strong?

The Divine Mother through Linda Dillon:

"You are the wayshowers. You are the pillars. You are the bravehearts. You are the strongest of the strong." (1)

Jesus through Fran Zapeda:

"We are cheering you on and propping you up when you get weary. You are the strongest of the strong, and do not forget it." (2)

Blossom's Federation:

"YES, YOU ... EACH ONE ... FELT INEBRIATED WITH JOY TO BE ONE OF THE STRONGEST OF THE STRONG. YOU COULDN'T BELIEVE YOUR LUCK TO BE ONE OF THE CHOSEN.

"NOW ... WHAT YOU MUST DO ... IS RECALL THIS KNOWING." (3)

Yes, recall this knowing. And there's nothing like a world crisis to help us recall.

The strongest of the strong doesn't mean you tell me that you're Pallas Athene or an elohim.

With all due respect, I don't think it smart to go about saying it. The deep state uses ridicule to topple people and complacent mainstream viewers accept the truth of it. Or are afraid to run afoul of the men in black.

I suggest keeping your background to yourself. All can be known later. And we're all proud of you just as you are anyways.

Nevertheless, do remember our inheritance. My ancestors are my past lives. What difference does the body I wear make?

I'm remembering. But not remembering as a merely intellectual exercise.

I can, in the face of the urgency of the world crisis, add to simple remembrance the fact that I'm calling strength and courage out of myself, which I think of as embodied in those "ancestors" - and in my interdimensional self, free of the cycle of reincarnation. The parts of me that *do* remember.

I'm receptive now to the divine states of strength and courage, where before I was lethargic, complacent. Why exert myself? What for? I'd have said.

At this moment I don't feel overly brave, but I also know that the situation will call it out of me, out of us, if the need arises.

That's the lesson of things I've been noticing for the past two weeks or so. The situation has been calling the needed qualities out of me.

I believe that the needed qualities are there in the depot, only waiting to be requisitioned.

I've found peace developing within me. Moments of transformative love arrive. I'm being given the strength to face my fears.

It's only my own fear I have to face. (4) The rest is all service to the Mother, some of it difficult, some of it not.

We're all of us in a difficult place. For peace-loving people, to move towards conflict is difficult. However once atrocities begin to be revealed, there will be no holding some people back.

We could shift from being hesitant to being a mob in a flash. Except for lightworkers.

In my opinion, for lightworkers to be the strongest of the strong doesn't mean Hercules. It doesn't mean a screaming banshee either. It does mean having the strength to remain in the middle, in the center, in peace.

If we are the strongest of the strong, it'll be because throughout this difficulty our sacred intention has been to remain at peace.

Just as we refused to budge around vaccinations, going so far as to launch peaceful convoys worldwide, so I also hope we don't budge in future from peace, love, and truth.

Not as a credo, but as something we get down to our bones.

We're human. Some will succeed; some will fail; many will fail, fail, fail, and then succeed.

Civilly disobedient, resistant to tyranny, but expressing ourselves peacefully.

Those that are with us are stronger than those that oppose us.

Divine Mother: Make no mistake, Sweet One, Love will win because that has been my Plan always. (5)

(4) And I think Franklin D. Roosevelt hit the nail on the head when he said we have nothing to fear but fear itself. Once past our fears, we may find we're able to manage quite well.

Our Finest Hour

February 6, 2022

<https://goldenageofgaia.com/2022/02/06/our-finest-hour-2/>

Those who are with us are stronger than those who oppose us

The folks behind the Freedom Convoy are not the ones defacing statues and gravesites. They're not the ones carrying Nazi flags or spreading nails on the roads.

Canadians don't have a history of false-flag incidents ... well, that we know of.

We're not "savvy" to the ways of paid agitators. We don't ponder what may be happening and we don't start out on the journey towards dealing with those elements in our society - hold public debate, make laws, appoint officials to administer them, etc. We're easy pickings for the Illuminati, for sure; sheep ready for the shearing.

Just look at how many of us believe the mainstream media's allegations that the truckers carried a Nazi flag. That was an easy score for the deep state. Just pay someone to carry it. That's the whole job. Nothing more. Here's \$500. Guaranteed the media will say it was the truckers.

The G7 met in Quebec some years back and obvious agents provocateurs stirred up the crowd, gave the police an excuse to charge the protesters, and then retired through and behind police lines. None of us see it. We really think that nothing nefarious goes on in Canada. Truly we've been asleep.

While we slept, nefariousness crept up on us. We're part of a global empire of world leaders who are dedicated to depopulation and control of the surviving 500 million. They run the governments and their colleagues have infiltrated more services and positions than we'd care to know about.

The alleged final words of one Illuminati child murderer was, "You'll never stop us. We are everywhere."

They keep themselves hidden, control the press, and ridicule those who seek to know the truth as "conspiracy theorists."

We're the ones who've awakened to their plans and methods and are uncovering what is for sure a global conspiracy, to kill billions - this round by Covid; other rounds by SARS, bird flu, swine flu, etc. I should add AIDS and Ebola, since all were biological weapons, mostly made at Fort Detrick, against the people of the planet.

They ridicule us the same as they ridiculed people who had extraterrestrial contact. Ridicule is an effective weapon.

Shall I throw in all the weather extremes they cause with their weather-warfare weapons? How about all the wars fomented to distract our attention from what they're doing? And enrich themselves in the process of course.

We have to stop them. And the Freedom Convoys are, at the moment, the very best way to do it. We're building on the strong foundation created by all the frontline medical workers, the constitutional lawyers, alternative media, and thousands of ordinary citizens who've testified to the harm caused them.

I'm shaken by the suggestion, from one source, that it may take months. But when were the troops ever home by Christmas? We've always underestimated the time of struggle.

While the truckers are peaceful, there's a hidden war transpiring against the deep state worldwide, as one underground installation after another is destroyed.

The success of the protest may mean some deprivation. Even more hardship than people have endured already.

It falls to us to endure it and to come up with new arrangements for taking care of the disadvantaged among us so that we all get across the finish line together.

Neighborhoods might wish to begin organizing to help the less fortunate. Apartment blocks, the same. We need to take care of the country during this protest. The Illuminati won't do it. They'd rather we were dead.

We have a part in the struggle to eradicate the influence of the Illuminati from all our societies, worldwide, even Antarctica.

What's happening, visibly, in our cities is only one part of the struggle. But struggle it is.

I'm in for the long haul. The truckers have staked everything for my wellbeing. And I dearly hope you find yourself ready, willing, and able to commit yourself to endure as well.

We're back again facing the same peril the British people did in 1939. I hope we make this, as they did then, our finest hour.

We Did It!

February 11, 2022

<https://goldenageofgaia.com/2022/02/11/we-did-it/>

Populist

How do the Freedom Convoys and the medical/legal coalitions fit?

The latter laid out the science that proves that we're the victims of a plot to murder all of us save 500 million, destined to serve as slaves.

The former is an expression of the people's rejection of everything connected with the Covid narrative and a desire to return to normal life.

Specialist

The latter is scientific and specialized; the former is populist and general.

The one says what's so; the other states what we want.

In a sense, each presents one side of the puzzle: What is possible? What do you want?

Both are global. I repeat: Both are global.

Take a moment to consider that: We did it.

We created a worldwide movement for peace and integrity out of rejection of everything that shelters under the names New World Order, Illuminati, cabal, deep state, Great Reset, etc.

We raised their doings to an incredulous and disbelieving public and at last saw countless people wake up before it was too late for the human race.

We did it through the use of the Internet and in response to rising energies on the planet which are destined in a while to cause a consciousness shift throughout the world.

Not bad. Not bad at all. (1)

Now what? Winning a light battle is not winning a light war.

Well, in the beginning, we simply need to get together and share. The Internet has also allowed for numerous live-broadcast news reports, conferences, seminars, podcasts, lectures. We must be the best-informed generation ever.

Next we need to form umbrella organizations linking us in common cause - medical, legal, and populist such as Reiner Fuellmich, for example, has done.

We need to realize that many campaigns in the past have been Illuminati fronts. Climate change was a hoax. As part of the consciousness shift, this planet is moving toward a more moderate climate worldwide. There's little to fear in what's happening, apart from what the deep state causes through their use of weather-warfare weapons to cause havoc and misery.

An example of that was a HAARP installation in a northern country that was causing the La Palma volcanic eruptions. Anything to distract with fear. My hunch is that every time the cabal uses a weather-warfare weapon, it's identified and shut down.

Other weather extremes are due to Gaia releasing negativity but most of these are occurring in uninhabited parts of the world.

The cabal hijacked many erstwhile-sincere charitable efforts. The Presidents Funds for Haiti and Hurricane Katrina were hijacked by the two presidents, who also trafficked in children from the Haitian disaster. Not a penny reached its intended recipients.

Granted that vibrationally we're pulling out of the muck - or swamp - it still calls for vigilance on our part.

I hesitate in going farther - say, into financial matters - because the Reval is around the corner. In my opinion, it only awaits the Alliance deciding that enough of the population are awake that civil war will not follow pulling the plug on the Biden regime.

I believe that it's just a question of time before Pfizer's "earnings" off their toxic vaccines (and everyone else's - Gates, Fauci, etc.) are sequestered under Executive Order and returned to the people. But the deaths, injuries, and misery they caused can never be compensated for.

We're so close to the Alliance pulling the plug that predictions may not last a week. And once the ten days of broadcasts start, and all the other operations behind the scenes (the Reval, delivery of the Prosperity Packages, etc.), the world will change forever.

Suddenly what was impossible a week before becomes possible. Suddenly building a world that works for everyone ceases to be theoretical.

Take Me First

February 20, 2022

<https://goldenageofgaia.com/2022/02/20/take-me-first/>

We know them by the lengths they go to. (1)

The age-old question has always been, how far do you want to take things?

Adolf Hitler used street thugs. He used false-flag operations like burning down the Reichstag, staging an outrage against Germany on the Polish border, etc. The Japanese used them in Manchuria. Lyndon Johnson used it in the Gulf of Tonkin incident.

Deception is a stock in trade among nations who make war on others. Everyone uses it, including "our side," whatever side that may be.

How you really know them, however, is by the lengths they go to.

Each fresh outrage reveals the lengths our governments will go to. The revelation that the Prime Minister has recruited an international squad of goons, Mounties gloating over trampling someone, my head swims with how much this assaults my view of Canadian democracy.

I find myself reluctant to let go of that view. And, in fact, there's nothing wrong with it. The mass of Canadians share it, I'm quite sure.

But we have ranged against us an opponent that Ike Eisenhower warned us against (2) and that John Kennedy described so well. (3) (By the way, I can no longer access the Kennedy video or upload the Eisenhower video any more.)

And we don't know where they'll stop, but they've already gone well past my line.

Give me liberty or give me death.

This is not a world I'd want to live in.

I'm 75, retired. I've led a good life.

I don't own a house and have four mouths to feed. I don't have a regular job.

I know I'm not the body and thus don't fear death. (4) Most of all, I serve the Divine Mother. (5)

Wherever she wishes to take me, I will go.

For all these reasons, you'd expect me to say it. I have an obligation to say it: Arrest me. Take me first.

The world of the Fourth Reich, of the World Economic Forum, of Fauci and Gates, and of Prime Minister Justin Trudeau is not a world I'd want to live in.

Judith Kusel: Stand Together

February 1, 2022

<https://goldenageofgaia.com/2022/02/01/judith-kusel-stand-together/>

I am just sharing from my heart and soul, and with great love, the depth of a soul stirring of what I have witnessed and shared:

Men and women standing together as one.

Hope on their faces.

Hope for a new and better tomorrow.

Reclaiming their soul.

The freedom to be.

Prepared to share what they can.

Supporting each other.

Coming together as one....

Yes, it stirs me, as a South African, because we have gone through so much, yet I have have always found love everywhere.

Every soul in truth just wishes to be loved for who and what they are.

Every soul wishes to have the freedom to be and live life in harmony and with love, to the best of their ability.

Every soul is free to make its own choices as all souls have free will and choice.

So yes, my soul is stirred.

Because indeed, we now have the opportunity to unite and stand together and to cocreate the New Golden Age in the New Earth, in unity and harmony, as one.

With love.

We all are one.

You are another me.

I AM another you.

And when we stand together we can and are creating miracles, in the here and now.

We are all free spirits and there is only love.

The enormity of this time will sink in more and more as 2022 makes its transformative powers felt on all levels of life.

Leading the People Out of Bondage. Who will Lead? Why not You?

February 14, 2022

<https://goldenageofgaia.com/2022/02/14/leading-the-people-out-of-bondage-who-will-lead-why-not-you/>

Why me, Lord? Who am I to lead thy people out of Egypt?

Our best wishes to the European Freedom Convoy as it converges on Brussels today.

I'd like to draw attention to Mike Quinsey's latest message. (1) In it, Mike's Higher Self begins by telling us that Covid is the last chance Team Dark will have to try to annihilate the people of this planet:

"The Covid problem is, as you may be aware, the final attempt of the dark Ones to further their plan to severely reduce the Earth's population."

All their pandemics (SARS, AIDS, Ebola, swine flu, bird flu) could be classified as attempts to depopulate the globe and assume control of the rest - in short, annihilate us. And this is their last mind-blowing attempt.

It's been said that, in the higher realms, the New Earth has already arrived. And it just requires our catching up for it to manifest here. Our waking up. And we are awakening. Freedom convoys, students striking from school, a proposed general strike - people are refusing to cooperate with the deep state. Mike continues:

"[Covid] has failed in its objective and whilst it has caused much harm and deaths, they have been greatly reduced with the help of the Pleiadians, who have been with us especially to ensure we get through this period of immense difficulties as soon as possible."

Can you believe we're even talking in calm and rational tones about the extent of death and injury Team Dark has just caused, with their latest pandemic? And yet, in my opinion, to continue to be calm and reasonable we must. That's why lightworkers are here: We're the leaven in the loaf.

He tells us that, in spite of the hardship, we're greatly privileged to be here on Earth at this time. Yes, for those who don't know, Earth's consciousness shift, her Ascension is of an entirely different kind than other Ascensions so far. Part of the reason we're privileged is that we're part of something new that's of universal importance. All eyes are on Earth.

Previously these consciousness shifts were individual. This time it's *en masse*.

Previously one had to drop the body to ascend. This time we ascend with the altered physical body (no longer carbon-based but crystalline-based).

An entirely-new process requires an entirely-new environment. Earth is pioneering a new space, into which the rest of the universe will ascend as time progresses.

If that doesn't make the people here feel special, I'm not sure what could. The heavens parting and a choir of angels descending? I'll put in an order.

Imagine reading a novel about a woman or a man in a future time, saving the planet from destruction and leading the people out of bondage.

Guess what? That's *you*. Moses also didn't believe he could do it. (My favorite movie scene ever.)

<https://youtu.be/lIOSzloC0b4>

But I'm getting ahead of Mike:

"As strange as it may seem, you are privileged to be on Earth at such an historic time, and many souls would have gladly taken your place to be

part of such an amazing experience. ... There will come a time when you will look back and fully understand what you have achieved against all the odds. So now the tide has turned and a bright future is assured even if at this time it is difficult to see."

You that are reading this already are an ascended master. And then you agreed to forget all about it and incarnate.

And by "ascended," I don't mean just Fifth-Dimensional. Ashtar is an ascended master and he's in the Transcendental, beyond the twelve dimensions:

Ashtar: What we have done is we have brought our vibrations to the Fifth Dimension in order to be at a place where we can meet you. If you are to think of the human realm and what is available currently to you, if you were looking for me, I would be out of the realm of human experience. So, let us make that clear as well.

Steve Beckow: That means above the twelfth dimension, is that correct?

A: That is correct. (2)

Shall we dance?

So no more thinking they're just a few steps ahead of us. They may be from very advanced dimensions. But then so may we.

No more thinking of ourselves as "less than." Outside our bodies, *we are* they.

If you were wearing a deep-sea diving suit and glass helmet and someone asked you to dance, how well would you do?

This body is a deepsea diving suit. No fair comparing us to dance-floor hummingbirds.

Mike continues:

"Keep calm and peaceful as you go through the changes that are necessary to move humanity forwards and be part of the advanced souls who are leading the way. By example you can help others who are uncertain as to what they should do."

Absolutely. Words, actions, energy - however we send out the love that will cause the miracles. Our calmness and patience will show the way.

I'm reassured that Mike says our example communicates. I want to hear someone tell me that radiating love communicates as well. I'm sure it does.

"It is up to those who are more aware to lift others up and show them the way."

Any ascended master would make the task easier for us by telling us right off the bat, Alpha and Omega, the beginning and the end of the matter. Here is the summary: Love is the way. Full stop.

Then we have our specific versions of where to go from there.

With that, our kit is totally packed and we're ready to go.

Keep on trucking has come to have an entirely new and different flavor for this generation, one of hope for the future. Mike says:

"You are one big family, brothers and sisters travelling the same path regardless of which stage you are at. ...

"Many separate paths will be created, but only to Ascension, providing you are ready for such an advancement. If you are not, the chance will come around again and continue to do so for aeons of time. ...

"The dark Ones have held you back for such a long time by limiting your experiences and understanding of the truth. In reality you have no need to experience life after life on Earth, and having now been given the way back to the Light and higher levels you have something to aim for that is within your reach."

Mike is speaking to the populace in general here. Lightworkers have ascended previously and are assured of returning to their estates (and then ascending themselves from that estate).

We are waiters at the banquet of Ascension, the leaven in the loaf. Our meal comes after that of those we serve. Many people, once ascended, will leave Earth. But it's hoped that most lightworkers will stay and build the new society.

It's messages like Mike's that have me say, we've already won. The Light has won. And, being Light, it builds a new and different future - free of the excesses of the past.

Letting Go of “Enemies”

Feb. 14, 2022

<https://goldenageofgaia.com/2022/02/14/letting-go-of-enemies/>

An external enemy

I'd like to continue an earlier discussion. (1)

I believe it was Hitler, and later Goebbels, who said that to undermine a democracy you needed an internal and an external enemy that people so feared that they would yield up their rights, in exchange for protection and stability.

Hitler chose the Jews as his internal enemy and the Bolsheviks as his external enemy and, to exterminate both, started a war that cost perhaps 50 million lives.

You'd think that the defeat of everything Hitler stood for would be the end of it. But here we have our own governments busy to this day continuing to create internal enemies and external enemies and continuing to serve tyranny and dictatorship. What did we fight for?

My own country, Canada, has now stigmatized the unvaxxed and made them into the internal enemy. If they can't get us to take the vax, their plans fail.

Meanwhile, all countries, in what has been described as a pantomime, are rattling their sabers at each other, offering themselves as each other's external enemy, in case one is needed to stage a mock conflict that will provide a screen behind which to take down the Illuminati.

It isn't generally known that all countries have agreed to peace to be able to participate in G/NESARA. (2) Therefore what's going on is all theater, designed to smoke out the Illuminati and retire them once and for all.

I consider it a great stage in social life to pass from having internal and external enemies to having none. In a person's individual life, to give up having enemies would be seen as passing from victimization to self-responsibility, from a child ego state to an adult.

In a nation's life, in my opinion, to give up having enemies would be the emergence of a nation on the world stage into its adulthood. People who lead their nations in this manner we call "statesmen" ... errr, "statespeople" and "diplomats."

The Illuminati's control of media has seen a devolution of practically all aspects of our culture. (3) We've become infantilized and entitled in our desires and conditioned to a materialistic lifestyle that keeps our eyes firmly fixed on the ground.

To give up the luxury of portraying ourselves as someone's victims is to opt for being spiritual adults again.

I understand that this may not be the time when a lot of people might want to hear this. But if we could make the leap to not seeing folks in black and white terms like "friend" and "enemy," I think we could get through matters much faster.

You say to me, it's hard to not see people as enemies who are busily mass murdering the population. It's hard not to see people as enemies who are doing what these people are doing to the children.

Sooner or later we'll have to make the leap. To fail to do so is to condemn ourselves to a lower-dimensional life of constant conflict.

How is that? Well, what we overlook in all this is the corrosive impact of hating on us, which is how we relate to our "enemies." Someone once described hate as taking poison and hoping the other person will die. No, we die from the poison. That's the reason for dropping having enemies.

Every day I see in my own life more and more of how and why I create conflict. And, as I do, I come to have fewer and fewer people I hold as enemies.

Leadership with Love

February 3, 2022

<https://goldenageofgaia.com/2022/02/03/leadership-with-love/>

In 2015, I had another conversation with Michael about leadership. It occurred after I had assumed leadership in a very assertive way and didn't know what just happened, so to speak.

In the course of describing it, Michael also gave much good guidance on lightworker leadership in general.

Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, Apr. 3, 2015.

Steve Beckow: Do you know last week I had an explosive resumption of personal authority after years and years and years of being ridiculed by people like (I probably don't need to name them, you know them) four women - as it turns out - who ridiculed me at work and high school and I just died at the time. ...

I'm hell-bent on re-assuming my personal responsibility and my authority. Can you tell me something about all that?

Archangel Michael: I have been doing this to both you and Gabrielle has been doing it to the channel [Linda Dillon].

SB: What is it that's happening?

AAM: It is time for that assumption of leadership responsibility to be front and center. So the avoidance due to prior injuries; terrible injury, particularly to one that has been in a leadership or cutting-edge position not only upon Gaia but elsewhere, that was deep devastation.

Now the wounds of war, I am very busy healing the wounds of war and who do you think I am starting with?

My inner cadre, and, dear heart, that includes you. I need you as you need me.

SB: You are calling me forth right? That's what's happening is it not?

AAM: That is exactly what is happening. That is why this line in the sand is being created.

It is not about the old realm of control or greed, anything like that. It is, in order for the plan to be unfolding, in order for the practical building blocks, (which is what you're asking for; money) to be in place, there has need to be a very strong re-assumption of leadership.

SB: I see that Lord, I didn't really do a very good job.

AAM: No, you have done an excellent job.

Let us also comment on this; and I am asking the channel to listen.

It was very important to build community. That was the task at hand. Unity, community and understanding of the process of reliability; of sincerity, a connectedness that built the sense of Light Worker Community; of heart to heart-to-heart community.

That has been achieved.

But now, as wayshower, there has need to be someone, and many someone's, at the head of the line saying, "This way."

SB: I implicitly know that, Lord. It's pushing out from inside of me.

AAM: So, you have done the sense of building community, of teamwork, of collegiality, of sincerity, of love. That does not go by the wayside.

The leadership does not come from an arbitrary assumption of control. It comes from a deeper desire than ever to truly serve.

And how does one serve? Each in their own particular way.

But leadership is necessary and it does not mean better than.

You know that I am the, literal and designated head of this Legion of Peace. I do not assume that every being in my Legion of Blue is not crucial, critical, pivotal, equal, and different, than I. We are a unified force, serving the Mother. No more, no less. Each having our position, our commitment, our responsibility and our role.

I have said to you, I look forward to the time when I will be back playing the harp and painting the sky, but until such time, I will stay as the Archangel of Peace.

SB: So this new paradigm then is leadership without control, isn't it?

AAM: That is correct. It is leadership with love.

SB: Yes, I haven't got that one down overly well yet.

AAM: You are getting there. Simply bring it back up, dear heart, and let it flow. It is dormant. You haven't been attending to it as vigilantly as you might because you have been worried and in fear around finances. Be re-assured and go forth.

SB: This is a repeat of the Six Day Training where the requirement was to go for leadership and I found that that was the only way to serve. (1) It all feels really good; this is a repeat of the Denver Airport as well, isn't it? (2)

AAM: Yes.

SB": Yes, all right I'm reconnecting with that.

AAM: You are reconnecting the dots and understanding that this has been nibbling at your heels for a long time.

SB: It has, I know that. Easily since October last year but even way before that.

Vital to Forgive

February 25, 2023

<https://goldenageofgaia.com/?p=333268>

I'm seeing, over and over again, how important it is - vital even - to give up our upsets and issues at this time.

If we're going to remain peaceful, we'll have to develop the ability to forgive.

Not because the other person needs forgiving (they may or may not, but that's not my karmic business) but because we need to proceed unburdened by residue, which holds us back.

I personally find it difficult to forgive because that means giving up my control over the other person.

I've experienced what real peace feels like and that space isn't available as long as we put an issue ahead of it. I thy Lord am a jealous God. One has either to vote for the divine state of peace (God) or hold onto the issue. Peace is jealous: It'll brook no opposition.

Our discipline, I suggest, must be peace. Our modality like flowing water. When the "police" charge us, give way like water and, if we can, form up behind them. If not retreat to other streets and come back later if we wish.

Give aid to the hurt but give no resistance to the police. They're doing everything they can to ignite resistance but our highest instrumentality, I believe, is in showing up their brutality by not resisting them.

Some day the people of the world will wake up to all the false-flag shootings and incidents that a controlled press plays up and a government leader attributes to lightworkers.

But we don't seem to be there yet and so in my view - not like anyone asked for it - we have to give no outside provocation. The other side probably has disguised provocations planned.

Or, as now, they simply dispense with them and smash windows and grab keys, without bothering to appear to observe legalities.

Judith Kusel: Release and Forgive

February 16, 2022

<https://goldenageofgaia.com/2022/02/16/judith-kusel-release-and-forgive/>

The energies now are churning up so much which needs to be released and forgiven once and for all so that we can return to the very heart and soul of unconditional love and unity.

As long as there is anger, fear, resentment, those deep festering wounds, we are in dis-ease and thus attract more dis-ease into our lives as well as stress.

As with our new lightbody forms, our central nervous systems are getting more sensitive to negative energy in any form or way, as our pineal and pituitary glands are reawakened to the highest degree.

I have had moments in the last week, where so much of the Feminine side, the left side of my body suddenly came up, and thus deep Mother healing, but also the Female lines before me, and all I ever was in past lives, especially persecution and that this entailed of the Divine Feminine.

She is back with immense love. I was transmitting the Holy Sophia yesterday, as one of my lessons for my ongoing White Flame of Illumination course, and it was profound.

It was all about the deepest dying onto the old, and being reborn in the Mother's womb, and indeed being reborn in and with pure love, and thus into the highest state of Love and Unity, as the Divine Feminine Wisdom, then reveals itself in the deepest sense.

Here is the Forgiveness Decree again, and you say this aloud three times, standing with shoulders back, as if commanding an army. It is very powerful.

You can do this as often as you like.

Note that you may be surprised at what soul memory banks it does open and what needs to be forgiven and released, to free your soul and others, so that you can fully ascend into the New Earth and New Golden Age, without tethers and bonds, hooks and ties pulling you down or in any form still attaching you to the 3D.

Forgiveness Decree

I forgive everyone who has ever hurt or harmed me,

Consciously or unconsciously

In this life or any other.

In every plane, level or dimension known or unknown.

I offer them Grace.

I ask for forgiveness for anyone I have ever hurt or harmed,

Consciously or unconsciously

In this life or any other.

In every plane, level or dimension known or unknown.

I ask for Grace.

I forgive myself for anything I have ever done to hurt or harm myself and another, consciously or unconsciously

In this life or any other

In this universe or any other.

In every plane, level or dimension known or unknown.

I accept Grace.

I am free.

All chains and restrictions fall from me.

I stand in my power as a master.

When We All Experience What I'm Experiencing....

February 24, 2022

<https://goldenageofgaia.com/?p=333296>

At a time like this one gets to see one's attachments. If I stand to lose them, I try out how that might be.

I find that I'm not attached to money. Not attached to my apartment, books ... my archive of work over the years? Yes, somewhat. But when I look deeper, I see naw, I'm not even attached to that.

Remember what the basic spiritual movement, in my estimation, is: To turn from the world to God. (1)

Well, in this imaginary check-in, I see that I've turned from the world to a greater or lesser degree.

The second part is to turn to God. How am I doing there?

I've most definitely turned towards the divine states, which are our way of experiencing God at this level of reality. No need to take a vote. Hands down.

I'm turned towards every state I've (usually briefly) experienced: love, bliss, ecstasy, peace, etc. Each one of them is vote-changing - and different.

Whenever I experience a divine state, I'm usually amazed at what I find. (2) I can truly say I had no idea of what any of them would be like - none whatsoever - before I found myself in them.

And I studied enlightenment for 20 years so you'd think I'd have taken in something about the divine states. But, no, I did not. I was always focused on the little golden star (the Christ, the Atman, me and you) in my vision. (3)

Above Top Secret: Pssst! Follow the yellow brick road - follow the divine states. I think they lead back to God. Deeper and deeper into your favorite divine state.... What's not to like?

God in my life is my family and friends. God is love and generosity. God is resting in bliss.

I hope some day God absorbs "Steve" or permanently fills me up. I think they'd call that Ascension.

I'm more and more turned towards the divine vs the mundane with each passing day. That seems consistent with the continually-rising energies hitting Gaia and our slow and gradual Ascension. (4)

After I wrote "Take Me First," I was given my reward. I saw that my ability to drop into a meditative state once I started had greatly increased. My ability to tap into love and bliss has also expanded.

This development addresses requests I had of Michael that I'd have what I needed (like memory, for instance) when the time came to take on the bigger role he was requesting of me at the time. I see what just happened as an instance of how the Company of Heaven gives us what we need to play our parts.

I haven't tested my memory. I'm too drenched in transformative love at this moment to care to do so. Or anything else than write.

Anyone wondering how "I" can make a difference, little shrimp that I am [***not***], this is "how." Acting from this higher-dimensional love is what will

have your life work and the lives work of everyone on this planet who can survive in the more refined vibrations.

The love that I'm experiencing right now flows out in all directions. Love is by its nature unconditional..... It's we that are conditional, not love.

In this love, you can move mental, emotional, and spiritual mountains. Correction: There are no mountains in this love.

When we all experience what I'm experiencing, all questions, all dilemma, all concerns would vanish.

And so it is.

Building Momentum, Trust, and Confidence

January 30, 2022

<https://goldenageofgaia.com/2022/01/30/building-momentum-trust-and-confidence/>

So much of the success of pushback against a corrupt government lies in building momentum, trust, and confidence.

The Freedom Convoy illustrates this perfectly. The convoy gathered momentum as trucks linked up in the west-to-east journey. Then from the other side of the country and from the US as well. They'll all join up at the nation's capital, Ottawa.

Momentum is all in the truckers' favor - the momentum of heavy rigs rolling down our highways, together.

All along the roads, in subzero temperatures, the crowds gathered in support, helping to build the confidence that "we can do this!" Confidence is built on the basis of that support.

Trust is being built by the truckers' leadership in holding them to peaceful, legal protest. Heavens, how much weight does a big truck need to throw around? It impresses me by just being there.

Trust is also being built by the way finances are being handled, so far. Financial remuneration was arranged through a burgeoning Gofundme campaign. (1)

The leadership must know that, if they fail us at a moment like this, it'll be a national tragedy. They need to come through with honest and transparent financing, which they appear to be doing.

At the beginning of every global conflict - and we are, in my opinion, in a hidden global conflict, whose outcome has already been decided - all has been uncertainty and hesitation.

At the beginning of WWI, Tommies went off to the front singing and cheering, never to return.

At the beginning of WWII, while Germany overran Poland, Britain dropped leaflets on Germany.

In the beginning all looks amateurish, when seen a few years later.

There's nothing amateurish, nothing subtle about a convoy of big rigs barreling down the highway. What message could be clearer?

The Freedom Convoy is proving to be an unmistakable, un-spinnable, un-ignorable expression of Canadian sentiment that its government needs to back down, immediately. Resignation would be better. I can think of no more solid way of saying it than a large truck parked in front of my lawn. Legally parked of course. This is Canada, after all.

It's so darned big (Canadians don't swear) that no government will be able to ignore it. Local government will be unable to move or be rescued - except by helicopter perhaps.

And I don't see police or even border authorities doing anything to stop it - if they possibly could. (Ottawa police are apparently now creating traffic patterns. That will prove revealing.)

I guess they don't want the convoy to stop in their jurisdiction. Not even for lunch.

In my view, the Freedom Convoy is working to build the momentum, trust, and confidence needed to remove a corrupt government from power.

This kind of drastic action is what I believe we need to take to stop this government and all others in their tracks.

People in large numbers will die from the toxic effects of the vaccines - and this is according to the cabal's known "depopulation" plans. We cannot help those who are presently vaccinated, unless med beds can, (2) but we can save the children.

Not many people die from the virus. Most die from unsafe medical protocols and toxic vaccines.

I can't see how PM Trudeau would not know that the military will not support him.

I can see him resigning from the situation he's in - literally backed into a corner - unless G/NESARA (3) closes his government down sooner.

Whatever is the case, with our vantage point, which is what channeled messages afford us, we know how this movie ends. And if we didn't know it from those sources, we'd know it from boots-on-the-ground intel.

Darth Vader does not win this episode. Love does.

Divine Mother: Make no mistake, Sweet One, Love will win because that has been my Plan always. (4)

We need only remain calm and be patient and love will still win. Adding our love to the collective consciousness will hasten that victory.

As the Lord Kuthumi told us some time ago, this is not our lifetime to be martyrs:

"You did not incarnate during this time of awakening and action, Ascension in the fullest meaning of that word to be martyred, to suffer. That is the paradigm you are literally smashing to smithereens. You have delicately and indelicately said 'no' to, for which we praise you, honor you." (5)

Timelines are diverging and will take care of matters eventually without a drop of blood needing to be shed. We are responsible for our actions; vengeance will shame us later.

In the meantime, in my opinion, most of us need to remain as safe as possible against a thrashing, cornered New World Order, which is out to kill us, while some of us who have taken on that responsibility remove those who've committed crimes against humanity from the halls of power - peacefully, if possible, and legally.

The cabal is refusing to leave of their own volition, but, according to intel, they know they've lost and are being removed as we speak.

Love will win!

The Real Breakthrough Here

February 10, 2022

<https://goldenageofgaia.com/2022/02/10/expanding-our-attention-beyond-the-nation/>

I'll tell you what I'm looking for from the events of these historic days.

Not mere patriotism. I grant that, when you're fighting for the nation's life, patriotism is a tremendous survival skill.

However, unfortunately, patriotism is inextricably rooted in us-against-them. And that isn't an adequate basis on which to stop the endless carousel of war. Which is the larger goal, I believe.

Up till now dictators followed the dictum of having an internal and an external enemy whom they could blame for all the nation's woes.

To give that up is to give up our ready-made excuses, the club we use to beat people with, a justification for military spending and payoffs, empire-building, and so on.

To give that up is to elect to be honest and decent people instead of following the survival of the wealthiest.

If we want world peace rather than victory over our "enemies," we have to share our love unbrageously. Which is what love does anyways.

Love is often described as "unconditional" and I chuckle. Love is always and already unconditional. There is no such thing as conditional love. If our love is conditional, it isn't love.

The challenge we face is to center our love beyond the nation, to extend it to the human race ... and eventually go beyond even that.

And "eventually" may be sooner than we think. If Earth becomes peaceful enough, our star family, there behind the scenes, may come forward and join us. You know? The people who prevent nuclear weapons from exploding? And remove the depleted uranium from the planet? (1)

So, yes, I'm a Canadian citizen. Am I proud of my fellow citizens? I've always been, but it's been tempered recently. We have serious human rights abuses to answer for, some of which continue to this day, such as our treatment of the original inhabitants of this land.

I'm proud that we get along as a country without weapons. Even here, where warfare could break out, I sincerely doubt Canadians would support that.

They'd rather drive two thousand miles and park on Parliament Hill, completely blockading the capitol city. I just find that so apt, amazing, and amusing.

Canadians have shown that they'll only take so much fabrication and corruption before asking the government to leave.

Let's expand our attention beyond ourselves as simply a nation with a need to feel special (as most nations do) and focus on the world, which has suddenly come alive and begun communicating in a way we hadn't before. We've made the global connection.

We've come together as a world to say "no" to an attempt to cull the population and control the rest. We've said: Not on our watch. Not ever.

We've shown that we as a world can communicate and cooperate and coordinate to get something done that's in the best interests of the whole world. *That is the real breakthrough here.*

Let's not let this lapse. THIS is what we should build upon.

We demand that the followers of the World Economic Forum, the associates of the New World Order, the Bilderbergers and Council of Foreign Relations all leave our governments and let others govern who have the highest interests of the global community - which we now are - at heart.

Solidarity: This is It

February 1, 2022

<https://goldenageofgaia.com/2022/02/01/solidarity-this-is-it/>

Not many opportunities come along for all of humanity to join together and make their wishes and demands for world peace be heard and honored.

Not many opportunities come along to express the global, human desire for security of person, financial security, equality of opportunity, and most of all dignity and respect.

There aren't many ways to have those in authority listen, especially if they're regrettably corrupt and part of an equally-global campaign to depopulate the planet and rule over the enslaved survivors.

Seem far-fetched? Then go ahead and take the vaccine. Red pill or blue pill?

How many pandemics have we had in the last two decades? If we remove the Illuminati from power, I predict the pandemics would stop. That'd be the real cure.

Notice the decreased number of catastrophic weather events now that many HAARP (High Altitude Auroral Research Program, a weather-warfare system) installations have been shut down.

Some remained because they were integrated with the local electrical grid. A Norwegian HAARP apparently was agitating the La Palma volcano and was shut down; another cabal operation.

But by and large the weather has settled down from what it was at the height of weather warfare around a decade ago. (Think Southeast Asian and Japanese Tsunamis, both weather-warfare operations).

If we really want to get rid of Covid, then we need to depose the cabal, New World Order, deep state or Illuminati. They developed Covid in Wuhan. They released it in various ways, including from chemtrail planes. Without them the pandemic would disappear in a month. Without their vaccines there would be few deaths; with it, there will be many.

At one point the cabal controlled significant sections of the military, using foreign bases for the drug trade, importing through Ilopango Airport and then through Mena, Arkansas, where Gov. Clinton received a portion of the proceeds from CIA Director George H.W. Bush.

Are we not sick of all of this? How many Presidents have been corrupt? Is that not deplorable? I think it is. How could we have allowed it to continue?

How on Earth would you propose countering it? I could think of no way. In fact I thought *there was no way* short of ... well, I had no idea.

The truckers join together and besiege the government? Well, that might work. And so far it has. So much so that other countries are mounting their own and I expect them to be equally successful. If the public remains behind them; remains in solidarity with the truckers.

Yes, I expect false flags - people posing as truckers and shouting racist slurs and obscenities to give the truckers a bad name. And the media obediently reporting it as if it was the truckers.

I liked how convoy participants in Ottawa cleaned up the Terry Fox statue which agents provocateurs had painted the day before. It demonstrated that the truckers were not there to destroy and deface property, but to secure justice for the people.

Our job is to remain in solidarity with them. Not to be fooled by false flags and agents provocateurs. Not to criticize the troops on the front lines. But to support them in every way we can.

When have we ever had a better opportunity to oblige government to listen and act?

We have not. This is it.

The Convoys are Humanity's Best Chance

February 7, 2022

<https://goldenageofgaia.com/2022/02/07/the-convoys-are-humanitys-best-chance/>

Today is the day the European convoys arrive in their national capitals, prior to going on to Brussels.

I wonder how much - or how little - will make its way into the mainstream media.

I wait expectantly for the video reports to roll in. All our best to all in the convoys!

Our hearts go out to the Ottawa truckers who are now becoming the targets of overt police intimidation and a push to deprive the convoy of fuel.

I have to keep reminding myself that it takes effort and expenditure to maintain control of something; peace costs nothing and maintains itself.

Peace is the default for all of life. Except for human beings, that is. For us the default for so many centuries has been warfare.

However, now is the time to make the transition.

Canada is often portrayed as a peaceful country. I don't think anyone can say a whole country is one way or another. It's composed of individuals.

But there *is* a social strain here that is recognizably peaceful. And society does return to it after a catastrophe. (1)

If you watch the videos of the "riot police" in Ottawa assembling, you see a bunch of people who seem unaccustomed to violence. They almost seem amateurish, as if they've been hired for the job and just want to be paid and go home.

If they have up their sleeve some epic shows of police brutality, I don't know if the people of Canada would stand for it. I think you'd see convoys of cars and motorcycles and baby prams, not just trucks.

The people would not tolerate their country being taken down the path of dictatorship. The courts would not. The police forces themselves would divide on the matter and it would become unenforcable.

There'll be some hard choices ahead for everybody, I'm sure. And everyone needs to decide according to their conscience: Isn't that what this was originally all about?

And my heart goes out to those who face those hard choices. I hope the rest of us join in remunerating those who risked so much and have had their possessions confiscated. Go, Reval!

I'm finding it hard to write when I'm sitting here comfortably in Vancouver and others are out in subzero temperatures in Ottawa. How easy it is for me to say.

I weep when I think of their sacrifice. I weep when I watch the videos of what's going on all around the world. Humanity is awakened and on the move. And some are suffering.

All I have to offer has to be very general, though still global.

These are things which press themselves upon me to be said. I don't know why.

I'm moved to say, it's important for us to continue to build momentum.

It's important for us to get bigger and bigger and bigger. Encirclement with love. Encirclement without resistance. The watercourse way.

In my opinion, we need more litigation. We need class action suits. We need folks to be held accountable for violations of the Nuremberg 2 Code. We need the deaths happening from Covid vaccines to be known and registered as murders.

We need more people like the truckers willing to take direct, peaceful action.

We need more reliable crowdfunding and people with means willing to invest in our future.

We need a melding of the medical/legal case against Covid with the truckers demand to end mandates. We need the truckers and the medical/legal side to meet and coordinate.

What Archangel Michael said about the lightworker community needs to be what we say about the freedom movement:

Archangel Michael: Does the conversation expand organically and naturally? Does the energy go out to the entire planet, to those who want to hear and those who don't want to hear? Yes, it does. But it begins with the lightworker community. That is what we have need of.

Steve Beckow: And I suppose then more and more people join the lightworker community?

AAM: Exactly, until it is one family and one path. (2)

We're not fighting for Austrian freedom, or New Zealand freedom, or Canadian freedom only. We're fighting for human freedom. We're fighting to free the entire human race from its planned destruction.

The Rockefeller Lockstep Plan 2010, Agenda 2030, the Great Reset - call it what you will. The New World Order has already advertised what it has in store for most of humanity.

The world Freedom Convoys are an example of what was always needed and now we have it. We need to find whatever ways we can to contribute to its success, if even just by sending love. Especially by sending love.

The Convoys are humanity's best chance to loose the dead grip of the New World Order from this planet.

(1) I love the way Hillary White described that social strain:

“The Canadians of all people' are actually the only people in the world who have it so deeply embedded in their national character to laugh at themselves, and their leaders, AND their own suffering that they could turn back the glooms of hell with laughter. The Memes are a massively important part of the demonstration – and a lot of people are realizing that the dark nightmare they've been in – the deep sense of despair that has been enslaving the WHOLE WORLD for two years - has suddenly started to lift. We are waking from a nightmare and remembering that the world is good. That people are strong and free, that the grim misery of the Upside Down is not the world we have been given by God, and we don't have to live in it. We can just say no. We are already free.” (Hillary White in "Exquisite Logistical Planning by the Canadian Freedom Convoy," February 7, 2022, at <https://goldenageofgaia.com/?p=332309>).

Why So Much on Freedom Convoys?

January 31, 2022

<https://goldenageofgaia.com/2022/01/31/why-so-much-on-freedom-convoys/>

I was asked why I'm reporting so much about the Freedom Convoy (apart from the fact that I'm a Canadian).

That's a good question and I'm happy to answer it.

In my view, we haven't yet had, so far, a popular movement - not the yellow vests, not the Occupy movement, not any that I can think of - that has had the ability to stop government in its tracks while uniting all the people as the freedom convoys have.

We're reporting a nation throwing off its chains. We're tracking a movement that has stopped government in its tracks from murdering its population and digitizing the survivors.

I see this as the world rising up against an equally dictatorial regime as the Allies faced in Normandy. This is actually the last battle of World War II (1), only this battle is worldwide. The Illuminati have their fingers in every country worth robbing.

Just as the Allies did on D-Day, at last we've struck a combined, coordinated, and concentrated blow at abuse and control.

It won't be over in a day and we need to maintain our commitment and see it through to the end, which means work for us.

I hasten to remind us that we have unseen allies as well as the Alliance. Those that are with us are stronger than those who oppose us.

We need to build momentum to rouse people from their lethargy. We're waking up a whole world and the creation of such an effective, unifying action everywhere possible is just what it may take.

I know what it takes to rouse me from personal lethargy to mild interest to willingness to act. We are doing that with the global population. It will take some hoopla and celebration and beating the drum.

I know you appreciate that.

Of course it's a happy event for me as a Canadian. But I hope that their freedom convoy is just as happy an event for Australia or the Netherlands, Italy or Brazil. This is something that all countries can do and share in.

I don't imagine Canada is the first to see a truckers' protest. I believe I've heard of European countries doing it. For whatever reason it's capturing the popular imagination now. I hear of convoys in all types of cities and in a wide range of countries. That's exactly what we need to shut the new World Order down.

To wax Churchillian, in our combined might and majesty, we will show the deep state that, uhhh, though we're slow to rouse, once aroused, we have the power to stop their baneful plans and build a new and better world.

This is not just interesting news. It isn't just important news. Uhhh, this can be, if we make it so, the beginning of the wholesale transformation of Planet Earth from endless prison planet to a world that works for everyone. (2)

World Freedom Convoys: This could be Our Turning Point

January 31, 2022

<https://goldenageofgaia.com/2022/01/31/world-freedom-convoy-this-is-our-turning-point/>

Alright! Now this is something I like. (See telegrams, attached to footnote 1.)

I didn't post a gentleman who's calling for a truck blockade of a single company - in this case, T-Mobile, which is saying get jabbed or get lost.

Why did we law-abiding, peaceful citizens not think of this years ago? Because we were busy living our law-abiding, peaceful lives. As we should have been and as we hope to be again soon.

History shows us that it takes time to rouse a citizenry. Even when roused, their initially-amateurish efforts bring them defeat after defeat. Until there is a turning point.

And I say: This can be our turning point.

It takes this much to rouse a world against a global bully. It takes this much to say, I don't care whether it's happening in the Congo or Canada, it all has to stop - NOW!

I don't think Canada was the first to have a truckers convoy. I think Italy has done it several times, as have other countries.

But if my country was the first, then let it also be the first to treat with its native people, to make women equal in all things, to house the homeless and feed the hungry. We cannot realize a change of global management without peacefully going all the way. Surely we've learned that by now. (2)

And we owe it to the people to do it quickly so no one goes hungry. A World Freedom Convoy exactly fits the need.

Like everyone else, you and I have it in us to go global.

We're just in a condition that Hindu Vedanta calls thamas. Lethargy. We have to mount the staircase from lethargy to mild interest, to strong interest to enthusiasm before we'll act. I am at enthusiasm: This idea will work!

As a one-time business writer, I swore when I left that business I'd never again beat anyone's drum.

But I will beat this drum. Shamelessly.

This global action we are taking (yes, you and me) promises a peaceful exit from the scenario of Illuminati rule. What other peaceful scenario have you seen or heard that does?

A convoy of cars? No, they can be too easily towed. A human tidal wave? Not now. That would expose too many people to too much harm.

A convoy of semitrailer trucks? Perfect! Who will tow a fleet of trucks? Who can harm someone inside a locked semi without looking like Rambo themselves? Never mind what Hollywood says.

Who thought of this? Give that one a Medal of Honor, and a Victoria Cross, and a lifetime's free dinner at any restaurant in the world. Payable from the sequestered funds of the now-deposed Illuminati.

When have we ever been able to do this? When has anything been so promising?

We are at this moment taking down the global Illuminati. Make no mistake about it.

Everything we've talked about about spiritual maturity, self-responsibility, and serving humanity needs to be brought to the front now.

Do not change horses in mid-stream (eg. Gen. Flynn). Leave correction to the Alliance.

Lead, follow, or move aside. Do not criticize and question at this moment. Help build momentum. We are Warriors of Peace, here to see that the patterns of exploitation of others does not take hold in the new world we're building.

Climb aboard!

PS. Am I mad to be saying this? Do I not fear being "suicided"? No, I do not. I am protected. (3)

Exquisite Logistical Planning by the Canadian Freedom Convoy

February 7, 2022

A thread by Hillary White

Posted by Suzi Maresca

<https://unrollthread.com/t/1488128816434266115/>

A few thoughts:

1. The people organizing this quite clearly have experience and serious training in logistics. You don't get a result like this by just a couple of guys jumping in their cabs and taking off one night.
2. They have let it be known they intend to stay.

And the Ottawa police have indicated they're ready to let them stay. How could they have planned to have a large group of people essentially camping in their

truck cabs for weeks or months at a time without preparing extensively to provide for their needs?

Answer: those trucks we saw rolling down the Trans-Canada with trailers weren't running empty. They were packed with supplies.

1. They are incredibly disciplined on messaging, in a way and with a level of intelligence I've never seen in any demonstration organizers before. They knew with precision detail what to expect from provincial, federal and municipal government. They knew what to expect in detail from both media and agitators/counter-protesters, and people planted in the crowds to cause trouble and have a well-coordinated and clearly communicated and strictly enforced protocol for dealing with them that absolutely excludes direct personal engagement; as soon as a suspicious presence is identified, the legitimate demonstrators create a cordon around him, a space isolating him, and ONE designated caller contacts the member of the Ottawa police dept. assigned as liaison. We saw this work with the guy who was the only person there in a full face covering balaclava carrying the Confederate flag.
2. I'm told that the truckers came prepared with food, communications, medical and other types of survival supplies in a manner identical to that used by Canadian peacekeepers in war zones who brought supplies to besieged cities in the Balkans war, among others. This is, in other words, what Canadian military logistics operations looked like in Sarajevo and Mostar.
3. They have "blockaded" the centre of the city of Ottawa, but it hasn't been random. They've done it in close coordination with the Ottawa city police to ensure that there is -1- space for emergency first responder vehicles to continue to operate -2- allowing space for very large groups of people on foot to continue to gather and meet and talk and walk together. That is also not accidental.
4. They've made very sure to respond to complaints proactively. When opponents started howling that someone had draped the Terry Fox statue with a flag they made sure there was a video of clearly identifiable trucker demonstrators carefully cleaning the statue and that it went viral.
5. They're incredibly precise in their messaging, responding instantly and transparently to accusations without the least sign of apology. Organizers have at the same time maintained strict communications discipline, not

giving interviews to corporate media while remaining visible for people on the ground a personal basis, and carefully choosing their own outlets, cf: interview with @glennbeck.

6. They got well ahead of any possible efforts to shut them down through the cops, anticipating attacks. The Ottawa city police force is ridiculously tiny, so busloads of reserves have been brought in from Toronto. Then they were standing around with nothing much to do. So, when the truckers saw that the cops had a ridiculously long walk to use the washroom, they moved portable toilets over for them. Yesterday it came out that someone offered horse hay for the police horses. This was brought in the trucks - so they knew they'd be needing it.
7. All this tells me that -1- this has been meticulously planned by professionally trained experts in logistics, but the kind of training you pretty much can't get from the private sector - the people doing this are ex-military - and -2- they've got a bigger plan than just to park a bunch of trucks along Wellington street and #HonkHonk and have a street party for a weekend. They brought enough supplies to be there for weeks. They've set up canteens and services in the streets that have been blocked off. These are people who really know what they're doing. They're only talking to the people they choose to talk to. One of whom was @glennbeck. t.co/7cRf2oepo8 "EVERYbody is fed up." And they don't just mean in Canada. There is now not the least doubt in my mind that it isn't a coincidence that #freedomconvoy2022 has gone global in the same week.
8. If the trucks are already rolling in Australia, there's NO WAY it was a spur of the moment idea. The Australian summer is every bit as difficult an environment for logistics as the Canadian prairies are in winter. You don't do a thing like this on a moment's notice.
9. Last point is that the memes are key. The whole thing is a kind of prank, and a damn good one. It reminds me of that old university engineer joke of leaving a running VW bug in the dean's office (or as it happened in real life, the time the UBC engineering dept suspended a VW Beetle from the Lionsgate bridge in Vancouver.) I think the only country in the world this could have been cooked up is Canada, knowing exactly how it would be taken by the rest of the world. The expressions of amazement that the "placid" "peaceful" Canadians have finally cracked and are doing this frankly hilarious response, that has filled the world with hope, like a beam of

sunlight bursting through the smokes of Mordor, IS EXACTLY THE MESSAGE. "The Canadians of all people" are actually the only people in the world who have it so deeply embedded in their national character to laugh at themselves, and their leaders, AND their own suffering that they could turn back the glooms of hell with laughter. The Memes are a massively important part of the demonstration - and a lot of people are realizing that the dark nightmare they've been in - the deep sense of despair that has been enslaving the WHOLE WORLD for two years, has suddenly started to lift. We are waking from a nightmare and remembering that the world is good. That people are strong and free that the grim misery of the Upside Down is not the world we have been given by God, and we don't have to live in it. We can just say no. We are already free.

Britain was defeated time and time again at the outset of World War II. It wasn't till El Alamein (1942) that its fortunes in land battles turned.

And so it is here. The Freedom Convoy appears to have lost their funding. That looks like a defeat.

It may be so and it may not be the last. But it's up to us to pick ourselves up and keep going.

In my view, we have to ask ourselves what our commitment is? If our commitment is to seeing that the New World Order leaves town, then we do whatever we must to continue on. We pick ourselves up defeat after defeat and keep going.

This is just the next thing to be overcome, the next situation.

Perhaps it means asking everyone to seek a refund from GoFundMe and then setting up an alternate arrangement. Or it may mean starting from scratch with a new appeal. Whatever it takes is just the next step.

I've heard of a scheme that would penalize GoFundMe and I've declined to participate. This is not about harming anyone or getting even. That's becoming like the perpetrator. We are not perpetrators; we want an end to perpetration.

We seek the end of corruption on this planet, the end of child trafficking and all that goes with it, the end of the exploitation of countries, and more. That's a noble outcome. And it serves the Divine Mother's Plan that all criminal activity on Earth now cease as a prelude to Ascension.

Viewed from another angle, we are in every way acting in the name of the children. The children who are denied an education because they won't be vaxxed. The children who'd die from toxic vaccines. The children who are dying at the hands of human traffickers.

We now see what we're up against. The deep state sets up a false-flag incident - someone with a Nazi flag, someone else with a placard saying "F--- Trudeau - and Trudeau himself turns it into a narrative, tarring the convoy with it.

Notice how the press is always around to snap photos of the only person among thousands who is carrying a Nazi flag or carrying a hateful sign. Never miss a photo opportunity.

The damage comes when the mainstream media prints the story, attributing these actions to the truckers and ... a financial institution like GoFundMe buys the narrative and locks up the convoy's funding.

Do you not see how Nazi Germany became Nazi?

There are so many versions of what is happening going around. One is that Justin Trudeau is a body double. The real Justin is under arrest. I remarked to a friend just the other day how old Justin looked. He's younger than I am and he looks way older.

Given that "Joe Biden" wears a mask, nothing would surprise me any more.

Whatever is going on, I'd like to suggest that we take on two matters as if they were a duty we've agreed to.

The first is to see that the truckers get funded because they are on our front lines and in the trenches.

No matter what.

Folks who know how to handle financial matters, contact the convoy organizers. The rest of us, I hope we take it on like an obligation to see that they have what they need. They're the peaceful equivalent of our army.

The second is to begin to organize in our neighborhoods, to create networks that see that everyone has what they need, in the event of shortages ahead. The old and infirm, disabled, unemployed, homeless - now is the time to begin creating community networks to see that everyone gets across the finish line together - truckers and the rest of us.

Let's let this draw us together, as friends and communities, not take us further apart. We really are the future of Canada. There is no future in the division and conflict the deep state creates.

Matthew Ward told us long ago that a time would come when we'd barter:

2007: "'Old fashioned' bartering once again will be an excellent way for nations and communities to conduct some business." (1)

2008: "We can assure you that after the temporary tumultuousness, there will be abundance aplenty for all! In the meantime, exchanging goods and services is an excellent way to deal with money shortages, and it is heartening for us to see how many are benefiting from a return to the bartering that once served humankind well, until unbridled greed entered a few dark minds." (2)

Maybe now is that time. I think there's an organization called "BuyNothing," which has the jump on us.

Whatever the situation, we've committed ourselves to the truckers who have committed themselves to the end of the New World Order's plan for Canada.

We've committed ourselves to freedom - freedom from the depredations of a global cabal that has the intention of killing most of us by one means (nuclear war) or another (pandemic).

We've committed ourselves to clearing the planet of the debris of the old guard and starting in on the construction of the new.

The truckers are staking their all on persuading the cabal to leave town so that we may begin. They're working for us. In turn we need to support them.

If I Were Making Demands....

January 30, 2022

<https://goldenageofgaia.com/2022/01/30/if-i-were-making-demands/>

If I were a Canadian trucker/organizer, what demands would I make of the government right now?

I'm guided by Archangel Michael's advice:

Archangel Michael: Where our forte is is, yes, exposure so that it doesn't re-entrench itself because this is rather entrenched behaviour on all kinds of levels.

So you start to bring forward the justice, the truth solutions and it is not merely (and I say that very cautiously) forgiveness but it is the application, yes, of compassion, patience, determination, vigilance... So that this does not occur and reoccur and re-entrench.

So you are speaking in neutral ways about the events that are uncovered, pointing to the deeper systemic, ancient situations that have contributed to this.

And then, you are pointing the way to the new because you cannot create a Nova Society where there is not an understanding, an agreement about what is acceptable in the most basic, human-rights ways. (1)

I totally agree with his directions.

These then are the demands that I'd make of the Canadian government – and the provincial premiers in turn:

- The immediate suspension of the Covid 19 medical regimen - all lockdowns, mask mandates, vaccine mandates, etc.
- The introduction of Ivermectin and Hydroxychloroquine as standard Covid protocols.
- The immediate introduction of med beds in all hospitals.
- The removal of Justin Trudeau as Prime Minister and an invitation to Jody Wilson-Raybould to fill that position until new elections can be held. She's the only person I'd trust to negotiate with as head of government.
- A pause until that has happened and then negotiations between the Federal Government, the Freedom Convoy, Unity Canada, and other concerned parties to address all outstanding issues with First Nations, women, minorities, etc.

In my estimation, the New World Order, the Illuminati, the deep state - whatever you want to call it - has its grip on Prime Minister Trudeau, President Joe Biden, the European leaders and most other leaders around the world.

The World Economic Forum, the Great Reset, the Gates Foundation, the Clinton Foundation - the impact of these and associated "movements" and organizations, run by the NWO, on Canadian society has to end, in all professions and in all institutions.

The party system in Canada needs to end, making political advertisements a public service, paid for by the public, and limiting campaign expenditure.

The number of Members of Parliament and Senators needs to be reduced and a more conciliar form of government introduced, free of party affiliation.

Hierarchical corporate ownership of mass media must end. The media must serve the people, rather than the corporations.

A new economic and financial arrangement in Canada including universal basic income, universal medicare, and universal accessibility to education needs to be put in place.

The Prime Minister will make a yearly report on progress in these areas. The people have demonstrated what they'll do if their patience runs out.

The Future of Canada: No Need for Monarchy; No Desire to be Absorbed

February 9, 2022

<https://goldenageofgaia.com/2022/02/09/the-future-of-canada-no-need-for-monarchy-no-desire-to-be-absorbed/>

I think humanity has gone through stages.

During one of them, humanity was childlike and looked to parental figures for stability and survival.

Chief among the parental figures was the religious leader and the monarchy.

Now we look around and we find the religious leader leads one of the most nefarious organizations on Earth, into Satanism, child trafficking, pedophilia, theft, money laundering, fraud, you name it.

And a leading monarch owns uranium mines, which eventually become depleted-uranium weapons (omnicidal), stands accused of reigning over an empire of pedophilia, child trafficking, on and on the list goes.

In my estimation, humanity does not need another monarch. We've grown up. We're no longer children and monarchy is based on parental rule.

We'll need leaders, but, in my view, they should be elected leaders, after an honest and fair election, which we haven't had for a while.

I would not support a monarchy if it were seriously proposed for Canada. I'd go out and buy a truck myself and head for Ottawa.

I don't think the direction in which we're headed - which is a full blossoming of the individual - supports the very idea of a monarchy - the focusing of power, supposedly, in one unelected individual.

While we're on the subject, I read elsewhere discussions which cast the Commonwealth as a more concrete association than it was. It was always simply a friendly alliance to strengthen the international ties of friendship among people who primarily had a common legal and parliamentary system.

I mention this because this view of the Commonwealth has consequences.

The common parliamentary system is called "responsible government," which I greatly admire. This is the governmental formula as it evolved after the American Revolution. The executive branch is responsible to the legislature, who can unseat it with a simple vote of non-confidence.

In Canada, the Prime Minister is the leader of the largest party in the House of Commons. That guarantees that the Prime Minister will be able to pass his program into law. They don't need to resort to Executive Orders. They don't need to cajole Congress.

Not like that stopped our government from becoming thoroughly corrupted by the New World Order. It didn't.

But, in normal times, if the Prime Minister can't get his program passed into law, the Governor General will likely appoint a new Prime Minister.

The Governor General is what remains of the earlier monarchical system. France, Russia, and other countries have a similar division of powers - President and Prime Minister.

So far I've said that the Commonwealth was an arrangement of friendship and that Canada has a well-functioning system of government already, which has worked for something around 150 years.

The point is I see articles in the alternative press saying that Canada and Australia, as part of the Commonwealth, will be handed over to the United States. Excuse me? Say what?

Just as I hope we don't take a step backward to monarchy, I also say, as a Canadian, I have no desire to join any other country. I would take my new truck anywhere if anyone tried to annex Canada.

I think every Canadian would buy a truck. Not a weapon. Canadians don't use weapons. We've hit upon a new instrument of communication.

Seriously, please stop talking about Canada - and by extension all other countries outside a small circle of wealthy and influential ones - as somehow wanting and waiting to be absorbed into someone else's territory. Stay within your borders or renegotiate please. The age of imperialism ended a century ago.

I'd recommend that we not do anything now that takes power away from the people. We'll be running against the tide of affairs.

It won't be supported by the rising energies that have brought all this unresolved conflict to the surface in the first place.

And finally it isn't of love. Anything not of love in the world that's arising, I predict, will not endure.

This Rumor is Not Helpful

February 14, 2022

<https://goldenageofgaia.com/2022/02/14/this-rumor-is-not-helpful/>

We stand on guard for thee

It's messages like these that cause my hair to stand on end:

"Australia, NZ, Pacific/Melanesian Islands & Canada now belong to the USA under their Kingdom."

Excuse me?

Let me get this straight. We're battling the New World Order that wants to take over Canada and this comment (and I've seen others expressing the same sentiment) suggests that Canadians would win that battle only to succumb to a new wave of imperialism?

Do you seriously think Canadians would accept any outside rule or any idea of merger with another nation, no matter who it might be and no matter what the ties of friendship have been, after all we've been through to secure our independence from the NWO?

Another version of this comment is that the "Commonwealth" is dead. The Commonwealth meant that Britain "owned" Canada, NZ, Oz, etc. Now that it's dead, ownership has passed to the United States.

These are independent countries we're talking about. I don't think anyone in having a new master once we have our freedom back.

The Commonwealth was always an association based on friendship. Britain did not "own" Canada.

I enjoyed the feeling of friendship I had with the various nations who agreed to belong to the Commonwealth. I can remember no instance in which anything was foisted on any of us as a result of our voluntary membership.

"Ownership" is not being passed to the United States. I'm not sure where anyone got that idea. I wish loose statements like that would stop. They're not helpful.

I'd like to think it's a divide-and-conquer tactic of the deep state to float such a rumor. But the people who are spreading it are intel gurus who I think should be more discerning.

Are We Prepared for a Possible Long Wait?

February 16, 2022

<https://goldenageofgaia.com/2022/02/16/are-we-prepared-for-a-possible-long-wait/>

We were told that the battle to unseat the New World Order may take longer than we're expecting.

Me [Sharon Stewart]: How long will this last for, do you see?

CE [Commanster Erron]: Possibly for months, Sharon. It will lead to a stalemate and there will be acrimony on everyone's part. People will want their food and supplies that the truckers have trucked in for them, and they will blame the truckers or the government for not resolving the conflict. (1)

I groaned when I read that.

Now the Federation of Light tells us there will be five phases and we're approaching Phase Two. (2) I sighed at that.

So how do we switch from the expectation of a quick resolution to that of a longer duration?

I said earlier that most wars were billed as having the troops home by Christmas. I don't know a war where that happened.

Similarly here we have to ask ourselves whether we're here for the long run or not. It's OK if we are and OK if we're not. Everyone has their own path and mission.

But of course we hope you choose the long run.

Once we get over our disappointment at the duration discussions, then we need to take a good, hard look at what our mission might be.

I like what the Divine Mother through Joyful Christie said:

"I ask you now to turn a listening ear inward, knowing that now your roles and direction are increasingly purified. The insights and knowingness for all that you are to do on the planet now are increasingly available to you as the veil thins and things rapidly become more apparent and transparent." (3)

The Mother, through the celestials and ascended masters, is sending ever-increasing energies that will have us become intuitively more sensitive, so that our roles and missions become clearer.

Given the turmoil that's happening now, I see us lightworkers as warriors of peace. Matthew Ward reminded us back in 2009:

"Please be patient! What is happening is not a revolution; it is spiritual evolution—that is the way of the light! It is the way of lightworkers and light warriors, whose armor and weapon against the darkness is the power of love." (4)

We don't massacre our enemies. We don't engage in war. We abide in the experience of love, from which we enter into the world.

If you watch the movie *Gandhi*, you'll see how one solid peace practitioner brought down an entire imperial regime. It had to be peaceful or he would not have succeeded.

Same here. We have to be peaceful or we severely complicate what follows.

I told you on other occasions how shocked I was when I had an experience of the divine state of peace. I felt like I was standing on concrete and that I was maybe 1000 pounds strong. I felt immovable.

There are several states that are portals into the divine states. Being in the moment is a portal into the higher dimensions. Similarly having a quiet mind is a portal into the higher-dimensional divine state of peace.

When we step into peace, it's as if we're immovable. But the minute we step back into conflict in any way, we become our everyday selves again, eminently movable.

We know we'll succeed in our lightwork and in our Ascension. It's the Divine Plan that Light and Love will succeed in this final go-round. (5)

Matthew reassures us and tells us more about our world's situation and what to expect:

"There will be no WWIII. Mainstream media reporters are publicizing the fearful-sounding information they are given instead of what actually is happening. National leaders who are Illuminati or their puppets are being unseated and populations that were forcibly separated after WWII are being reunited.

"Although mainstream media still are controlled, other efforts to rid your world of darkness are moving faster than formerly.

"The 'pandemic' is continuing because the energy of billions of thoughts and feelings about it is 'feeding' the illness and 'refueling' the individuals who knowingly are lying about it. The backlash against physically, psychologically and economically destructive requirements that is growing by leaps and bounds is undergirded by the new level of energy and will hasten the end of the 'pandemic.'

"During the few months since the acceleration mode was initiated, action to rid your world of Illuminati has been increasingly successful. Some in

the remaining high ranks of this pyramid of evil who went into hiding are being found; others have defected and are cooperating with principals in the movement to end impoverishment, corruption and warring and restore the environment. Energy intensity is prompting the slumbering populace to awaken and feel inspired to participate in transforming their world." (6)

If we wanted to update his report, I'm tempted to say we'd just have to multiply it. Undoubtedly the takedown of the cabal is proceeding behind the scenes. The Illuminati always knew that the time would come when they'd have to leave. They've just been trying to forestall that time, I've been led to believe.

So far in our lives, most of us have just watched movies and otherwise led relatively uneventful lives as far as political protest goes.

Now, here we are facing the prospect of overt government repression. It could be our greatest challenge.

I'm not aware of a rule for how to handle matters should we be dragged into a confrontation with police or anti-protesters. I think we all just need to do our best.

What I'll be aiming for personally is firm support for the truckers and an acceptance of whatever it is the other folks have to dish out.

I'll aim not to provoke and I'll forgive myself for my shortcomings.

I'm prepared for things to get much worse than they are and I plan to stick with it until the job is done. I invite you to join me in that resolve.

If for any reason, this blog is taken down, just google my name; we'll get back up under a different banner.

And, yes, I've taken down a copy of the site and the GoldenGaia databases. Canadians who support the truckers on social media are being threatened with having their bank accounts shut down. Interesting times we're in.

(5) Divine Mother: [I am speaking about] those in ... positions where control and abuse of power have been rampant. That will not be the platform [from] which integration of the various galaxies takes place. That is not the Plan.

I know very clearly, sweet one, as do you, if it is not [in] my Plan, then it will not occur. (The Divine Mother in "Enter the Delegations – Part 2/3," May 5, 2019, at <http://goldenageofgaia.com/2019/05/05/enter-the-delegations-part-2-3/>. Reading, April 30, 2019.)

Divine Mother: Make no mistake, Sweet One, Love will win because that has been my Plan always. (Divine Mother in a personal reading with Steve Beckow through Linda Dillon, April 30, 2019.)
