Happy Time for the Mirror Effect

May 11, 2026

(<https://goldenageofgaia.com/2026/05/11/happy-time-for-the-mirror-effect/>)

The deep state - whoever is calling the shots - must be having a happy time for accusing the opposition of what they're doing themselves (the mirror effect).

Kickback schemes, burning existing homeowners off their land, building a high-speed railroad to nowhere, on and on the corruption goes. Then blame your opponents (or climate change) for whatever went wrong.

Here's an example of it:

Never mind that toxic vaccines killed countless numbers. It's Trump's delay in administering them which caused all the deaths? Uhhhhh, I don't think so.

Only a devious mind would come up with that.

Assuming there was any delay, it would have saved countless people from vaccine injury and death.

Let's look at the latest list of the vaccine's acknowledged "risks." It's reported to have originated with Julian Assange on Telegram:

Look at all Trump would have saved us from!

The deep state's playbook, at this stage of events, seems to be:

- Cause mayhem,
- Pay off the media,
- Blame the opposition,

- Play victim when blamed,
- Demand everything,
- Promise anything,
- Skim everything,
- Deliver nothing.
- Return to start and begin again.
- Create new mayhem (assassination? protest rallies? a new pandemic ... or two?)

Now that I've reposted "Ways of 'Presencing' the Self," (1) I can say that, in the face of frantic attempts to confuse us, I hold that we may need to take a stand on ourselves.

The stand is that we trust the Mother's Plan and it does not include the dark winning. This is the twilight of the gods.

A firm stand on ourselves, that we choose (or rechoose) to follow what the Mother herself bids of us.

What does she bid? To my understanding, first of all, and above all else, to love. She assures us:

Divine Mother: Make no mistake, Sweet One, Love will win because that has been my Plan always. (2)

In more detail:

DM: Let me tell you and share with you, and I hope this gives you comfort — the outcome is assured. And it is the return to love. And that is why your heart consciousness has been awakened. It is done. Now, accept it. Explore it. Expand it. And allow. (3)

Implicit in this is the reassurance she's given us on other occasions that lightworkers who follow her requests will be protected. (4)

She continues:

I am bringing you, I am bringing this planet into the place of unity consciousness, into the place of Christ Consciousness, into the place of love, that you are the living, breathing embodiment of love and that cannot and will not include a sense of separation, of illusion. There is no space for it ... not in my reality, and, child, not in yours. (5)

I've lived in this love for an extended period in 2015. (6) I know its power and the total satisfaction it brings. It alone will make the world work for everyone. Wait. You'll see.

So nothing negative can go with us into the higher dimensions. (7) Violence, anger, abuse, etc., cannot come along. You saw how the Company of Heaven took my character armor away from me - when they saw that I really wanted it gone. (8) By one means or another, I think we need to come out from behind our character armor/constructed selves if they're still there.

Meanwhile, if we were to stay with darkly-negative qualities, we might find ourselves unable to enter the higher realms. (9)

We may need to brace ourselves against the deep state throwing everything but the kitchen sink at us. This is the moment to remember our commitment: In a word, don't turn to violence; turn to love.

Reverse-Blaming: The Oldest Play in the Book

February 19, 2026

<https://goldenageofgaia.com/2026/02/19/reverse-blaming-the-oldest-play-in-the-book/>

We must be getting familiar with the deep state's playbook by now. But there's one gambit I'd like to make sure we recognize, perhaps because it's so commonly used.

When I was a grad student in Sociology around 1985, we called it "the mirror effect." What you were accusing another of mirrored things you had done yourself or were in some way involved with - not the other person.

I call it "reverse-blaming" - we blame the other person for what we do ourselves.

Vladimir Putin called it "the oldest play in the book." (1) Let's see what others have to say about it.

A nameless source said to *Real Raw News'* Michael Baxter, "it's a praxis [i.e., a practice] of the Deep State to accuse their enemies of the very crimes they are committing." (2)

Tulsi Gabbard also warned us of this gambit:

"Bad actors and their friends in the legacy, mainstream, propaganda media will accuse us of the very things they are guilty of in order to deflect from how they and their actions are undermining the Constitution, the rights and freedoms, and civil liberties of the American people." (3)

An illustration of it in action is Chelsea Clinton saying of Ivanka Trump that they were friends "until she went to the dark side." It was Chelsea who followed her mother to the dark side, not Ivanka. Chelsea was arrested in the act of trafficking children. She was tribunaled and executed. (4)

The Washington Post, probably well used to manufacturing crises or going along with them (climate change, pandemic fears, endless wars, etc.), accused the Trump administration of doing the same.

Ethan White of *Gazetteller* called them out, being a mirror to their mirror:

"The Washington Post recently tried to discredit Trump's moves as "manufacturing a crisis." That's pure projection.

"The real crisis is the one they've been manufacturing for decades—mass border infiltration, FISA court abuse, digital ID pre-planning, bio-surveillance projects, and financial control grids built around BlackRock, Vanguard, and IMF proxy shells." (5)

Commentators like Jordan Peterson and Scott Jennings have tremendous impact by simply mirroring back to their detractors what they're doing. Not rebutting them. Not defending themselves. Simply mirroring back to one reverse-blaming what they're doing, which usually sees the latter fall silent.

Projection, reverse-blaming, the mirror effect is one means of deflecting or distracting attention from what's really transpiring. It advocates substituting a lie for the truth and, as you'd guess I'd say, in my view, it has no future with us.

Our Opponents Accuse Us of the Very Crimes They're Committing

June 7, 2023

<https://goldenageofgaia.com/2023/06/07/our-opponents-accuse-us-of-the-very-crimes-theyre-committing-part-1-2/>

I can't write about something I don't know about.

Before a few years ago, I could not write about what's happening to children underground.

As far as I knew, nothing was happening. Now I know things I could not possibly write about without secondarily traumatizing you and having you put down your computer and go no further.

Similarly, if I accuse you of something, I need to know about that something. And, in international affairs, in many if not most cases, I'm also guilty of what I'm accusing you of.

Without using names, the daughter of a high-ranking government official, who was a dark figure in her own right, accused another person of crimes she was later executed for herself. Covering the story, the reporter notes:

"It's a praxis of the Deep State to accuse their enemies of the very crimes they are committing."

On another occasion:

Russian FSB agent Andrei Zakharov: "It is common that the Deep State accuses its enemies of heinous crimes they perpetrate themselves. It is, how do you say it, the oldest play in the book." (1)

In Sociology, back in the day, we used to call this the "mirror effect." Accuse your enemy of what you yourself did. The latest example of this was the Nord Stream which Americans blamed on Russia, when in fact it appears the U.S. itself blew up the pipeline.

As Mr. Zakharov implies, the deep state in all governments has been doing this since forever, openly or subtly. Their strategy of divide-and-conquer relies on it heavily, along with other tools like problem-reaction-solution (to extend control over the populace), lethal threats, and sexual entrapment.

For a short while, because Ascension approaches, some of us need to counter the deep state's moves and arrest and incarcerate murderers, torturers, kidnappers, drug, gun, and child traffickers, etc.

The rest of us need to allow and support it while remaining peaceful. The Emergency Broadcast System going off will allow us 24 hours to get home and after that we need to cooperate with ... law enforcement.

Not the kind of law enforcement that shoots a critic at a stop light or arrests the innocent and lets the guilty go (Jan. 6?).

The white hat military will be in control.

That's the last we'll see of the Internet for a short while. When it comes back on, it will have been scrubbed.

If there was ever anything you wanted to do on the Internet as it is - particularly anything you wanted to download (2) - perhaps best to do it now.

(Concluded in Part 2, below.)

The Deep-State Playbook

May 20, 2026

<https://goldenageofgaia.com/2026/05/20/378489/>

I'd like to look at something Matthew said, because it offers a door in to a complex subject:

[Many Illuminati crimes] have been ridiculed by the disparaging label 'conspiracy theory': insidious mind-control programs and methods; deliberately-contaminated vaccines and laboratory-designed diseases to reduce the world's population; corruption in 'justice' systems; vast underground areas [like Area 51] and what goes on there; the real perpetrators of terrorism and wars; the international web of collusion that has been controlling the global economy and commerce, health care, education and mainstream media; the long-time presence of extraterrestrial beings and their meetings with heads of governments; and the strategic divisiveness of religions. The amount of information is staggering, and revealing it in one fell swoop would be too much for any psyche to handle.
(1)

Ridiculing by labelling and then repeating the label endlessly is one play in the deep-state playbook. Matthew reveals a litany of deep-state ploys and operations next.

In the process, he confirms many suspicions, such as that there is "corruption in 'Justice' systems" and interest is warranted in "what goes on" in Area 51 (i.e., that there IS something going on at Area 51). The exchanges between our star family and terrestrials. Elsewhere he says that President Trump is meeting with "extraterrestrial advisers." (2)

The amount of information in that one paragraph is "staggering," let alone what he's actually pointing at.

What we need to do, when confronted by someone accusing us of what they're doing themselves (in the deep-state playbook: the mirror effect), is to refuse to argue with them and point out to them exactly what they're doing. What ploy they're using to distract us and confuse us, our expected responses, etc.

We're not in this battle of the light against the darkness to "win." And intention is crucial.

Or if we are, it's not an egoistic win. It's a win for love. It's a win for compassion, humility, and courage. It's a win for a world saturated in the divine qualities.

(2) Matthew: Without jeopardizing negotiations and actions underway, we can tell you that Donald Trump has met with extraterrestrial advisers and has been coordinating with military officers and national leaders to uproot dark ones and end their diabolical activities. These cooperative efforts are undergirded by love-light energy, the most powerful force in the cosmos. (Matthew's Message, Dec. 3, 2024.)

Liberal ‘Historian’ Claims Republicans Accuse Other People of What They Are Doing, Just Like the Nazis (VIDEO)

Mike LaChance, Gateway Pundit, May. 15, 2026

<https://www.thegatewaypundit.com/2026/05/liberal-historian-claims-republicans-accuse-other-people-what/>

Heather Cox Richardson is a historian and academic who teaches at Boston College. In a recent video made for her subscribers, she claimed that Republicans use a ‘propaganda technique’ of accusing other people of what they themselves are doing.

There are MOUNTAINS of evidence that show this is actually, exactly what the left does, but it gets even worse. She goes on to suggest that this makes Republicans just like the Nazis because that’s where she claims this tactic comes from.

Now before you dismiss this woman as the idiot she clearly is, you should know that she holds a tremendous amount of influence on the left. Her Substack site has hundreds of thousands of subscribers and she is reported to earn almost a million dollars a year from that alone.

It's just amazing that she can say these stupid and untruthful things with a straight face:

“The Republicans have perfected a technique for a long time now which really became obvious in the 2000 presidential election, but it's an old propaganda technique in which you accuse your opponent of what you yourself are doing.

“And we tend to identify that in modern politics with Karl Rove, who's a Republican operative, but in fact, it's an old propaganda technique that is often identified with Nazi Germany.

“And the idea behind it is that if you accuse your opponent of what you are doing, it's very difficult then for people to understand when the opponent comes back and says, well wait a minute, you're doing it too.”

And what that does is create confusion so that people tend to throw out both sides of the equation and say, well they're both corrupt.”

Watch this and marvel at the lies:

After Charlie Kirk was assassinated, this same woman claimed that no one on the left was celebrating.

Everyone has a Liberal, Conservative, and Centrist Side

May 29, 2026

<https://goldenageofgaia.com/?p=378630>

I'm willing to bet that there have always been liberals, conservatives, and centrists.

I'll go further: I'm willing to bet that every person has a liberal, conservative, and centrist side of themselves. They may be liberal on some issues and conservative on others, etc.

People with Trump Derangement Syndrome (TDS) will be liberal on anything that impedes Trump and conservative on anything that helps him, as we see daily.

The problem is not with the three historic choices. The problem lies in being extreme with any of them, even the center.

Become angry, Krishna said, and we lose life's only value: to teach us discrimination. (1) Why? So that we can discern the Real from the unreal, experiencing the Real being the purpose of life. (2)

The problem, I think, doesn't lie outside of us. It lies inside. **We** are extreme. And it's up to us to come back to the spiritual center, the balance point, the heart, not back to the Democratic Party or the Republican. Although G/NESARA will go far in sorting politics out.

I'm a centrist. The higher dimensions, from what I've experienced of their consciousness states, are all win/win, which is itself centrist.

That kind of approach does not emphasize one person's gain at another's loss. It's "us *and* them," rather than "us *against* them." We're looking out for ourselves, yes, but also for the collective, rather than only Number One.

Again, centrism, like Ascension itself, is inclusive, all-embracing. If you're moderate, and want a return to decency and respect for each other, you don't need a card. You're a centrist.

The higher dimensions know telepathically when they've hit the win/win mark. Of course no one lives in want there anyways; they can manifest whatever they want.

They already have everything they want in a second sense, in that they live in an environment of a love that satisfies all desires.

All of that lives in the center, inside the interdimensional portal we call the heart. That I also know from experience. (3)

That is not to say we won't always need political liberals and conservatives or that we ourselves won't be liberal on some things and conservative on others.

But several things are lacking.

First is that we're lacking a shared commitment to return to the middle and abandon extremes. This race to the bottom we appear to be in is evidence that extremism does not work.

We need to leave that behind us now and return to the middle, where such virtues as decency and moderation are appreciated.

Second is that we as a world lack a shared embracing of a common ground, a common entity we all love and serve. The rallying point at the moment is "Make America Great Again" or MAGA, but it has to become, in time, "Make Earth Great Again" or MEGA if it's to be truly win/win and planetary. We need a MEGA MAGA.

And we'll have it. I'm willing to bet that the Wave of Love will supply it.

In my opinion, the goal we need to reach is seeing our common ground as being human. If we're to meet with the galactics, who are also human and who are supporting us in breaking free of the dark's rule, we'll need to speak representing all of Earth, not just one country.

So, even as we welcome Disclosure, in my perspective, we have work to do as a planet. I suggest we make as our goal to clean up our planetary presence in every respect and to be complete with each other and unified prior to our meeting with our star family.

Hillary Clinton and the Secret Server

Here's a wonderful example of reverse blaming. Hillary Clinton says Donald Trump has a secret server on which he works mischief with Russian collaboration.

Hillary is drawing from her own experience. She owns a secret server on which she works her own mischief.

18 February

Hillary Clinton's own campaign manager testified that she started the entire Russia Collusion hoax by giving the media the greenlight to run a completely fabricated story about Trump having a "secret server" tied to Russia, when in reality, she was the one with an actual secret server tied to foreign countries and illegal activities, which was said to contain evidence of child trafficking and abuse, pay to play politics, money laundering, and many other serious federal crimes.

Whatever they accuse Trump and conservatives of, they are literally guilty of themselves. The patterns don't lie.

Unmasking the Illusion: The War Against Elon Musk is a War Against the Uncontrolled Mind

The recent global wave of outrage directed at Elon Musk is not about environmental ethics, social justice, or public good. It is a ritual, a crafted narrative, a Hermetic inversion meant to ensnare the unconscious and stifle awakening. The Tesla CEO's true crime? Not pollution, not corruption—but defiance. Defiance of entrenched power. Defiance of narratives. Defiance of the illusion itself.

What we are witnessing is not organic protest. It is strategic psychological warfare, dressed in the garb of morality.

When citizens from countries with no vested interest in American federal staffing decisions suddenly rise in protest, the discerning eye must ask: Who benefits? Who funds it? Who shapes the narrative? Because truth does not organize mobs across continents—control does.

Let us remember the Hermetic principle of Correspondence: As above, so below. In the macrocosm of society, just like within the individual, when something threatens the false structures we've been conditioned to worship—be it false gods, false science, false authority—the reaction is not reasoned debate but programmed hostility. Those who challenge the illusion are met not with inquiry but with orchestrated outrage.

Musk was once hailed as a climate savior. He brought electric vehicles into the mainstream, developed solar energy solutions, built battery storage infrastructure—tools the “green” movement once championed. And now? He is vilified, Tesla vehicles torched, and his name dragged through digital fires.

Why? Because the green movement was never truly about green. It was about control cloaked in virtue. The same virtue-signaling machine that cries “Save the Earth” now burns the very vehicles it once praised. This is not a contradiction—it is a revelation. The moment Musk stepped beyond the scripted role of savior and into the role of independent thinker, he became the enemy.

The backlash did not come when he built rockets or electric cars. It came when he bought a digital public square and opened the gates of speech. When he exposed censorship. When he became, not a puppet, but a mirror—and mirrors are dangerous to illusions.

Let us also reflect on the Hermetic principle of Polarity: everything contains its opposite. Musk is called a fascist by those enforcing ideological conformity. He is branded authoritarian by those who silence dissent. This inversion is not ignorance—it is intentional sorcery. Words are spells, and the masses are enchanted daily. When labels lose their meaning, truth is obscured and tyranny walks in dressed as righteousness.

This isn't about Musk.

This is about anyone who dares to break from the hive mind.

Anyone who dares to challenge the Priesthood of Approved Thought.

Anyone who, like Hermes, dares to descend into the underworld of chaos and return with light.

We, who study the Hermetic path, must see this clearly. The stagecraft is obvious to those with eyes to see. These protests are not organic—they are manufactured.

This is not justice—it is perception management. It is not activism—it is alchemy used in reverse, meant to transmute awareness into submission.

Ask yourselves:

Are these “activists” saving the Earth or serving a spell?

Are these narratives birthed from grassroots voices, or broadcast from towers of control?

And most importantly: Are we so entranced by personality that we sabotage progress just because we dislike the vessel of its delivery?

The Hermetic Path teaches us that the All is Mind—and thus, the battlefield is the mind itself.

If they can take a man who once embodied “progress” and transmute him into a “threat,” they can do the same with any of us. The moment you speak truth that deviates from the script, you become the villain in someone else's movie.

To this sacred group, I say this:

We are not here to cheer for personalities or worship men—we are here to observe the patterns, understand the energetic currents, and stand aligned with truth,

principle, and discernment.

What's happening to Musk is not a political issue. It is a Hermetic warning: Do not let the illusion define your enemies. Because if they can make him the monster today, they will make you one tomorrow.

The war is not over facts. It's over who gets to shape reality.

And in this battle, our greatest weapon is consciousness unshackled.

Award-Winning Journalist Alex Newman: “CO2 is Not Pollution”

(To watch video, go to <https://t.me/denzelhwashington/1312>)

Steve: Folks, if CO₂ is not pollution, then climate-change theory is revealed as a hoax.

I'm going to leave this video up for a day or two so everyone has a chance to see it. This is the basis upon which we say climate change as something to worry about is a fraud. Please don't fall for it.

Alex is not the only activist making the point, but he makes it succinctly and clearly.

Award-winning journalist Alex Newman: The "man-made climate change" narrative is merely a pretext for unelected globalists to control every aspect of your life, under the guise of "saving the planet"

"The notion that CO2 is pollution is absolutely preposterous... The idea that [it's] going to destroy the planet or change the temperature of the Earth is totally ludicrous. But from a totalitarian perspective, if you can convince people that CO2 is pollution, there's no human activity that doesn't result in CO2 emissions, including living, including dying, turning on a light switch....

"Every single aspect of your life, then, if we submit to the idea that CO2 is pollution, comes under the regulatory control of the people who claim to be saving us from pollution."

Watch for Psyops

Uhhhh, sorry. No pass

I think I've just encountered a psyop in which team dark has put together a well-produced video and transcript of a person claiming to be a galactic commander who says that the grey hats (white-hat leadership) have failed us.

There follows a very long recitation in which everything the white hats have said about the dark hats is thrown back at us. In my day, sociologists called this the Mirror Effect. One just accuses their opponent of what their opponent charged them with.

Including the allegation that Trump is dead. The white hats, in their lists of the executed, include Joe and Hunter Biden. Now the dark hats throw that allegation back at them, charging that Trump is dead and we're watching an actor.

Equally suspect are many of the replies to this "channeled" message - and equally long. Effusive gratitude to the speaker for telling us. Confessions of secretly feeling that way and now being confirmed in their suspicions. Etc. Not very sophisticated presentation.

Moreover the portrait used on the Youtube video shows a being whose face is a mask of suspicion and determination - not at all what I'd expect from one who lives in an atmosphere of higher-dimensional love.

I don't want to start a light war by naming the character or medium, who, interestingly, only identifies themselves by their initials.

Just saying. Looks and sounds pretty suspect.

Watch out for psyops masquerading as channeled messages (and their associated replies). I don't think real galactics would be saying what they're recorded as saying.
