Introduction

I've been red-pilled (or awakened) in stages.

Watching *Frazzeldrip* was a huge awakening and I'll never forget what I saw and heard.

Hearing about young Heather O'Rourke's death (the young star from *Poltergeist*) and the red shoes club that plays into her death was another stage.

The destruction of LaHaina HI by DEW weapons was a fourth.

And the process was completed by two manmade hurricanes, Helene and Milton.

After that I felt unable to remain quiet, unable to write about peaceful Ascension topics with the world at war and under siege.

These articles are what emerged from that and what determined that I become a vocal supporter not just of Donald Trump, but of his team. I listen to JD Vance and Tulsi Gabbard, Bobby Kennedy and Elon Musk, as attentively as I do to President Trump, I think.

But I honour President Trump's sense of policy dynamics and his courage. I see him as the person capable of bringing peace to the world. I believe he made his adeptness at that clear to the world in 2017, when he brought many criminal world leaders to heel.

For many years, I rode two horses - as a spiritual monk and a light warrior. For now, the spiritual monk is "on retreat" and the light warrior has taken the reins. And this book is the result.

I feel enthusiastic and excited by the return of honest government to the nation that is the leader of the ... well, I can't say "free world." My hope is that it will soon be a "freed world."

If so, Donald Trump will, in my opinion, along with Vladimir Putin and Xi Jin Ping, be the most consequential leader of that freed world, that liberated, emancipated, spiritualized world that all of us have had a hand in creating.

A world that works for everyone is a world immersed in a higher-dimensional love that will soon be ours. (1) That love will sweep away all that vexes us and stands between us and anyone else in the world.

That love is sweeping over us now but our "receptors" are not yet developed enough to feel it. When we do, we shall have a world that works at last.

And the Trump team, and the lightworkers, and the white-hat Global Military Alliance, galactic federations, angels and archangels, and the Divine Mother will, all together, have created it.

What we'll have accomplished through our joint enterprise is beyond historic. And our reward for having done so awaits us. Having sampled the meal being prepared for us, I can say that, in my view, no one will be unsatisfied. Everyone will be fulfilled beyond their wildest dreams.

We have just a little while more to go and then life will, we're told, become radically better and better until we leave all suffering behind. The rise of the Trump team will be one chapter in how we got there.

It Isn't That We Don't Censor....

September 10, 2024

<https://goldenageofgaia.com/2024/09/10/it-isnt-that-we-dont-censor/>

At the turn of the century, I was in awe at the precision and clarity of Canadian Supreme Court decisions

I just posted an article on free speech in Brazil and I feel the need to make a distinction which the article doesn't go into. (1)

Free speech is not unlimited. No human right is unlimited, to the best of my knowledge.

I can't threaten your life and, when accosted, say: "Uh uh, uh uh. Freedom of speech."

My freedom ends where it threatens you and yours.

Human rights are limited. They can't be used as a shield to hide behind, as is being done quite often today (irresponsible charges of "misinformation, disinformation," paid shills for fact-checkers), while committing or covering up human-rights crimes, abuses, and atrocities.

Obviously protecting human rights (which means restraining someone) requires a great deal of judicial interpretation along the way to make finer and finer

distinctions, that thereafter guide the society. At least that's how it was with Canadian jurisprudence at the turn of the twenty-first century when I was aware of it. (2)

As a refugee decision-maker, I used to read Supreme Court decisions like mystery novels. I loved the way they developed their arguments.

Today we read of supreme-court judges being flown to Gitmo. I can't speak for the judicial scene in any country today - look at Brazil! But at that time (turn of the century), I felt well-protected and well-served by our Supreme Court.

Behind human-rights law - at much higher levels of Reality - there's always the notion of balance. The whole judicial machinery can be seen in this light.

Law addresses and seeks to end a harmful social situation. The guilty are restrained. The temperature returns to normal, individually and socially.

A settlement of affairs is made that allows everyone to get on with their lives.

We're bringing things back to the balance point, the middle, the center.

Fancy that. What else is in that same center? The heart. WELL, WHADDYA KNOW!

The heart is an interdimensional portal and here we are restored to it. I'll be darned.

Who is responsible for this fortuitous design? Michael tells us: "The Mother ... is the ultimate architect." (3)

The Mother herself clarifies:

Divine Mother: Although it is the Father's and my Eternal Divine Plan, I am also Guardian of this Plan – I am Overseer, I am Implementer.... I guide the pieces as if this was a chess board. (4)

Things are restored to balance so that we can get on with life's purpose - to know who we are. (5)

In hearing this explanation, we're right down at hard-wiring level. But this hard wiring encourages us, out there in what we mistakenly believe to be the "real world" and guided by the Mother's Will, to write laws that will return us to the center, peace, the heart.

Only in that peaceful center can we discover who we really are.

So to repeat, our human-rights laws operate by prohibiting one person's acts which violate the human rights of another. There are acts of prohibition - and hence censorship - involved. I may not start a blog advocating the killing of all (*fill in the blanks*). There is censorship for such a blog and probably imprisonment for me.

To represent this as a censorship-free world ignores the fact that we do censor malicious, genocidal, pedophilic, and other types of reprehensible publications, which violate the overarching human right to a peaceful, protected life of those they criticize, attack, and attempt to destroy.

It isn't that we don't censor. It's that what we want to censor must be a well-defined and clear violation of human rights and that decisions regarding it are regularly reviewed and adjudicated if necessary, as an added protection to all concerned.

Stop the Suffering!

October 1, 2024

<https://goldenageofgaia.com/2024/10/01/stop-the-suffering/>

Any reader of this site will recognize a deep-state attack on the people of North Carolina when we see one.

Never mind mincing words or not reporting. Never mind talk about "the hurricane of the century." A hurricane does not slash the tires of rescue vehicles. After it has passed.

A hurricane does not follow a path to a lithium deposit. A hurricane does not happen along a tract of land being recently bought up eagerly before the storm arrives.

For me this attack is what Pearl Harbor was to people in 1941. It's Lahaina all over again.

The deep state wants the property: Simple. Kill the people. Take the land.

I am mad now. This is a vote-changing moment. (1)

To plough the ground that holds the mineral you're after (lithium) with a manmade storm and make the survivors remain within the nightmare territory. To slash the tires of semi's on their way with relief supplies, while taking nothing from them. This operation has tripped me over the edge.

It became real for me with Suzi's report from North Carolina today. (2)

The white hat alliance is waiting for us to say that's enough?

WELL, DAMN IT ALL. THAT'S ENOUGH!!!!

Close down FEMA, the CIA, the FBI, the lying media.

Do it now. Short of executions, which I don't agree with, let loose the Kraken. (3)

The cabal has proven itself so destructive and so mindless of the suffering they cause that I personally have switched into "determination." Their operations worldwide and underground must be shut down now.

Stop the suffering! What more is there to say?

So What Now?

October 3, 2024

<https://goldenageofgaia.com/2024/10/03/so-what-now/>

So what now?

Hurricane Helene, added to everything else (Lahaina HI and Paradise CA), has wonderfully clarified my mind. The inner conflict is gone. Reservations have left.

If I were a 20-year-old I'd be enlisting in the medivac corps right now or, following Gandhi, driving an ambulance. (1)

My commitment has always been there. But my reticence was always there as well. Now that's gone. (2)

The outrage of killing whatever number of people died and then walling in the survivors so that no one lives to tell the tale is more than I can stand.

The deep state has seen that no one occupies the lithium and quartz properties they want for their own by engineering a severe storm to kill them. I don't know how anyone can stand for this.

And the government does nothing to relieve them, sending money instead to the money launderers of the Ukraine.

Yes, mine is a vasana (core issue). (3) And a really strong one. It brings me back to memories of the My Lai massacre and the Vietnam War generally. Same crowd doing it. Same psychic genes.

I don't want to harm them. I just want to stop them. And I'm angry that my body would not allow me to participate in doing that.

I am 100 percent behind removing the deep state now, no matter what the cost. I am for the uniting of all people who are not a part of the deep state - and any who leave them - to push the cabal from its seat of power and liberate the world.

I don't have to be "good enough" to make the call. I just have to be 100 percent behind it. Unequivocal. No inner conflict.

Wasn't it Goethe who said as long as there is doubt there is hesitation, which spoils most good plans?

The only hesitation here would be if we become the problem in our treatment of the dark ones, who are bound to leave an ascending planet anyways. (4)

(1) Gandhi formed the Natal Indian Ambulance Corp in the Boer War to demonstrate Indian loyalty to the British regime in South Africa. His hope was that their sacrifice would win them equality of treatment as citizens. He never stopped until he had led India itself to independence from that same British Raj around fifty years later.

(2) Archangel Michael: You understand from Arcturus and elsewhere, the power of sound and what is truly included and encompassed in sound, which is energy and light and love and truth. So you are reticent to be the clarion call.

Steve: Yes, that's true.

AAM: Let it go. (Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, Jan. 20, 2016.)

How to Make a Hurricane

October 3, 2024

<https://goldenageofgaia.com/2024/10/03/how-to-make-a-hurricane/>

Donna Prissyryn

Donna Prissyryn connects the dots on what constituent elements go into making a hurricane (otherwise known as weather warfare.)

She brings in the quartz as well as the lithium deposits as being objects of interest to the makers of the hurricane, who in effect cleared the property of its present inhabitants.

She investigates blue hydrogel balls which fell from the Sky in Durban, South Africa and England. These balls create sound waves which aid in cloud formation and intensify storms. She plays a tape of the sounds heard during Hurricane Helene.

Here are motive and means. Is opportunity the Sean Diddy Combs case, distracting from the hurricane, which the mainstream media then covers in a desultory and foreshortened manner?

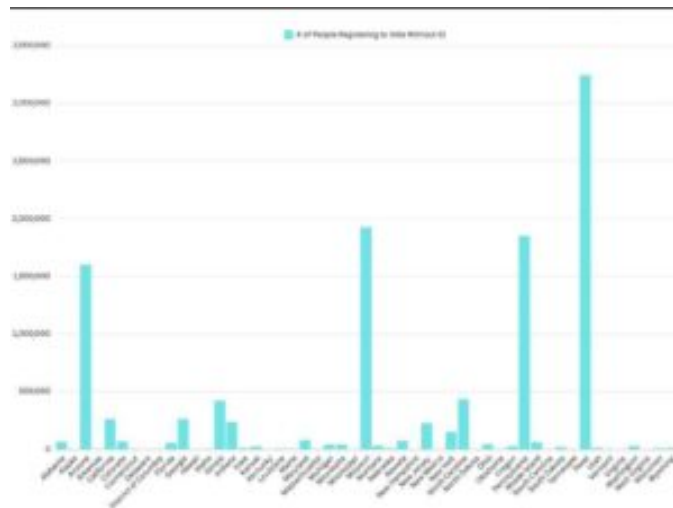

The deep state is making war on the American people. In my view, it's time to defend ourselves via the white-hat military.

More Voter Fraud

October 4, 2024

<https://goldenageofgaia.com/2024/10/04/more-voter-fraud/>

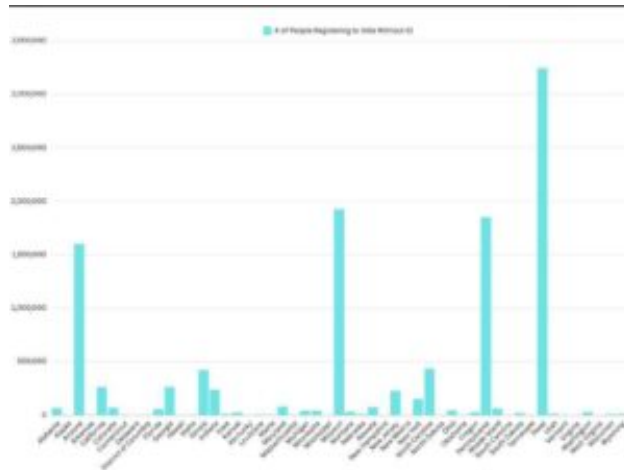

I predict that the elections will prove too fraudulent to go ahead with and the white hats will use that and/or similar criminality as their justification to suspend them. I imagine that the white hats are allowing the fraud because it's the only way to wake the sleepers up.

North Carolina is a different matter. I wish aid to the stricken areas, with armed guards, could be organized without delay.

More voter fraud

Race to the Bottom? No

October 4, 2024

<https://goldenageofgaia.com/2024/10/04/race-to-the-bottom-no-2/>

Credit: Focal Point Ministries

Matthew Ward: These are the end times for evildoing! The time is up for deception, cruelty, warring, oppression and everything else based in darkness! (1)

Even if we did nothing the darkly-inclined will be leaving the planet regardless. Matthew Ward tells us:

"It can be no other way – simply, [because] this is the physics that governs life in this universe. As Earth continues apace into successively higher planes, nothing with low vibrations in any form – physical bodies, subversive plans, theft, dishonesty, unjust laws and imprisonment, bigotry, cruel customs and deeds – can survive." (2)

The Divine Mother tells us that she gathers the "recalcitrants" up with gentleness and kindness and takes them home:

Divine Mother: Those people who just simply say “no, I don’t want to do this” will be gathered up in mercy, in compassion, gentleness and kindness

– not brought to somewhere else, let me be very clear about that – they will be brought home for reconstitution. ...

They will either die beforehand or die during, because they cannot incorporate the level of the love energy – because that is what Ascension is – they cannot incorporate that and it literally... you have heard of situations, especially you... have heard of situations where people's hearts simply stop or explode for no explained reason.

It is simply because they cannot continue on, and the merciful thing to do is to simply, gently and kindly, bring them home. (3)

As you can see, there's no punitive side to the Mother.

The suffering of the dark ones begins before they leave the physical plane. Their lives are in constant decline, as the Mother explains:

Divine Mother: It is painful for a being that seeks power for themselves or power over another, whether it is a parent over a child, a husband over a wife, a man over an army. It matters not.

The yearning [for], the exercise of control never gives joy. The pain simply grows. And so the actions become more grotesque, larger, until the breakdown is and has [been] and will be occurring. (4)

That's not to say that we should not be rescuing the countless women and children enslaved above and below ground because, we tell ourselves, the dark ones will ultimately go. In my opinion, we should with all our strength rescue them. And get them into med beds to erase their memory of trauma.

But we don't want to then become the perpetrators by destroying all our enemies. (5)

Protecting ourselves against a recurrence of Satanic evil? Yes. A race to the bottom? No.

The Vision I'm Living Into

October 5, 2024

<https://goldenageofgaia.com/2024/10/05/the-vision-im-living-into/>

I think that one of the difficulties we labor ... OK, I labor ... under is this. What will shut down the cabal most readily is to expose them. When the public is awakened and pushes back against the cabal, all manner of things can happen that wouldn't otherwise. In my opinion, an awakened and aroused public is the key to their losing their grip on power.

The difficulty is that hearing and seeing what we'd need to see to really understand the reality and gravity of our situation would greatly discomfit most people and many people would not want to go there. And would *not* go there voluntarily.

But this time we must go there.

If we mobilized the armies of the world to defeat Nazism in the last world war only to have it nearly take over the world eighty years later, there must be something not working in our post-conflict procedures.

Well, maybe it wasn't something missing. Maybe it was something present. And that something was endemic corruption and blackmail.

People were willing to commit treasonable acts for money, power, or some other reward. As we now see. Or serious human-rights abuses, as we'll soon see. And the rest of us refused to believe it was happening. We called them "conspiracy theories" instead of "investigative journalism" and "disinformation" instead of the truth.

We have Satanists, omnicidal elitists, and organized crime all working together globally, to kill off all but 500 million people. It's staggering. Unbelievable.

This time we'll be asked to see and recognize the depth of the evil attitudes that exist on this planet and the reprehensible behavior that arises out of them.

Ascension itself will remove all folks with evil attitudes who may have made it up to that point without keeling over. (1)

We'll undoubtedly take from this experience the satisfaction that we, including those of us on the higher dimensions, turned back the tide of evil on Planet Earth and restored it to its pristine purity.

That's the vision I'm living into.

Who is Calling the Shots? or, We Can Take It

October 7, 2024

<https://goldenageofgaia.com/2024/10/07/who-is-calling-the-shots-or-we-can-take-it/>

Who is directing the deep state's show?

Obama? Gone.

Biden? Gone.

Harris? Gone.

The Clintons? Gone.

The Bush family? Gone.

If they ever were directing things - which I feel confident they were not - they're now all gone.

Then who is calling the shots, literally and figuratively?

I'd be way out of my bailliwick if I were even to speculate past the level of president. I can only fall back on what Matthew Ward, SaLuSa, and others might say - those channels detailed to help us with daily events. (1)

Matthew called out our mainstream media for calling the truth "conspiracy theories" and said we need to know about the reality of the cabal.

"We are not judging them. We are saying the peoples need to know the Illuminati, Deep State, One World Order, Shadow Government, the cabal is real—it is not mainstream media's 'conspiracy theory.' They are desperate and tenacious, and because they need the low vibrations of fear and suffering to survive, during this last stage of the battle between the light forces and the dark, they will cause chaos and devastation. Maybe technologically cause destructive "natural" disasters, produce a holographic invasion of monstrous aliens, or send mind-controlled individuals on mass killing sprees. (2)

Or all three. We're in the phase now that Matthew described last year.

From my perspective, I experience Hurricane Helene like a body blow that we weren't expecting or prepared for.

Rumors are that hydrogel balls were used to amplify it. (3) Silver iodide was used to steer it. (4) The route they wanted to take was allegedly mapped out beforehand by aerial means, as the white hats know from tracking them.

OK, let's count the score now. One toxic vaccine with the intention of killing off a large number of us. Defeated.

The decimation of Lahaina HI and Paradise CA with directed-energy weapons. Taken on the chin but unbeaten.

The amplifying and directing of hurricanes to tear up large swathes of territory. This attack will be defeated.

What's next? Whatever it is ...

We can take it and go on whereas the time the Illuminati have to cause more chaos and mayhem is strictly limited.

This is My Career Suicide Note

October 8, 2024

<https://goldenageofgaia.com/2024/10/08/this-is-my-career-suicide-note/>

What are people thinking who change sides? M.C. Armstrong tells us what motivated him.

<https://x.com/mcarmystrong/status/1842187462321561861>

To @TheDemocrats

This is my career suicide note, but it's also a thank you from someone who is done with careerism. I'm a lifelong member of your party and I'm voting for Donald Trump. Why? It's not just your industrial-scale censorship or your endless wars or the fact that you disenfranchised millions of Kennedy voters through lawfare. If that were all I had, it would be sufficient, in terms of conscience and rage, but there's more to this story than anger. Your hatred and censorship has taught me to admire @realDonaldTrump and to love my fellow working-class Americans, and for that I thank you.

This vote is for all the traumatized people who have been canceled and banished just for saying no to the establishment. This vote is for the surveyor, the farmer, the HVAC man, the nurse, the hairstylist, the Deadhead, the veteran, and my fellow adjunct professors who have told me their stories about being bullied by the Democrats in their friends and family and their colleagues at work. This is for the young Black woman in my class last year who, on the day of Kamala Harris's visit to campus, said, "You're going to hate me, Dr. Armstrong, but I'm not going. I'm voting for Donald Trump." Why would she think I would hate her for the way she votes? What has happened to our country?

Somehow, Donald Trump has changed my mind. Where I once saw a cartoon white supremacist, warmonger, and narcissist, I now see the man who renegotiated NAFTA and the only president in the twenty-first century not to start a new war. Where I once saw the pal of the neocons, I now see a man who has awoken from his slumber and disavowed Dick Cheney, George Bush, and John Bolton, even as my own party embraces these "men."

- Why has the greatest entrepreneur of my generation (@elonmusk) risked his career to side with Trump?
- Why has the most consequential grassroots environmentalist of my time (@RobertKennedyJr) sacrificed friends, family, and reputation to side with "The Orange Menace?"
- Why has the most courageous peace activist of the twenty-first century (@TulsiGabbard) left our party?

Because Tulsi, Bobby, and Elon see what I see. Donald Trump is resilient and he's risking his life to change the fate of our nation. Trump is transforming the Republican Party into the party of peace, free speech, and the working-class.

He has converted George Bush's billionaire boys club of Big War, Big Ag, and Big Pharma into a party that cares about public health and embraces regenerative agriculture.

Now I don't think the GOP is all the way there yet, but they're clearly the party that embraces dissent, and dissent—brave speech—is the fuel for evolution. So, for the first time in my life, I'm voting Republican.

In the name of peace in Ukraine and free speech here at home, I'm casting my vote, as a Kennedy Democrat, for Donald Trump.

More of the Same but Worse

Oct. 10, 2024

<https://goldenageofgaia.com/2024/10/10/more-of-the-same-but-worse/>

I'd call engineering massive hurricanes covering a number of states, killing thousands of citizens and devastating the land, an act of war.

If it turns out that the deep state's own AI (Alexa) just tripped them up, I'm not going to turn a blind eye to what was mistakenly revealed. (1)

Nor to symbolism. Was Helene not a moon of Saturn? And do Satanists not associate Saturn with Satan?

And did not John Milton (perhaps being referred to by Hurricane Milton?) write *Paradise Lost*?

Remember that it's my conviction that there will be no nuclear war and no world war. (2) But weather warfare is still a form of warfare.

I can't see how President Trump and the Global White Hat Military Alliance can abide this attack on the American southeast.

I saw the mainstream media reporting it as if it was just a strong storm. If FEMA hadn't behaved so criminally and so many people used social media to convey what was happening, this may have been brushed off as another unfortunate incident that, as Biden said, the government was taking care of.

Call it what you will - a quiet war, a hidden war, an undeclared war. First Paradise CA; then Lahaina HI; and now this.

I think, in the run-up to the election, which I don't think will be held, the white hats have speeded up the dark hats with all their arrests and by seeming now to promise to disclose Jeffrey Epstein and P. Diddy's client lists.

I don't think the elections will happen because they'll need to be re-run with the advent of NESARA. And because the electoral process in the United States is so corrupt as to make the current process unworkable.

And, lastly, because the EBS and ten days of broadcasts will probably intervene and see the Biden-Harris administration swept aside. I think new elections will be unavoidable.

I speculate that the dark ones are unleashing their worst weapons now, showing us how far they'll go to prevent their downfall and control the planet. I expect more of the same but worse as the atmosphere intensifies in the 27 days left before Nov. 5.

66 Years of Lies: Hurricane Helene Was Engineered!

Watergate had its "Deep Throat." We today have our "Dark Secrets." Seriously, whoever it is that's providing this information, their analyses are very informative. We're in a war and people are protecting their identities. I can't give you credentials. But the information is flowing out in a torrent.

66 Years of Lies: Hurricane Helene Was Engineered!

Telegram, Oct. 4, 2024

(https://t.me/DARKSECRETS_USA/23)

Military and Corporate Cloud Seeding, HAARP Experiments, and Influential Elites Planned It Weeks Before It Struck—Shocking Satellite Footage Shows Planes Flying Suspiciously Over the Storm's Path!

The devastation of Hurricane Helene is no accident—it's an engineered, deliberate act of aggression aimed at the very communities fighting for truth and resisting the elite's stranglehold on our freedoms.

This is not the first time weather has been used as a weapon. The timing of this storm is far too convenient, with groundwork laid long before the public was warned. It's time we connect the dots and expose the reality behind this so-called "natural disaster."

Weather modification tests were conducted in the weeks leading up to Helene's landfall. Whistleblower reports reveal military and corporate entities engaged in cloud seeding and atmospheric manipulation in the Atlantic.

HAARP, a known weather manipulation facility, ramped up its activity. Observers reported ionospheric anomalies just before the hurricane's announcement. These disturbances, along with chemical dispersals [eg, silver iodide and hydrogel balls], (1) were no coincidence—satellite imagery showed aircraft dropping aerosols to "seed" the storm.

And remember, this isn't the first time Hurricane Helene has wreaked havoc. A storm of the exact same name struck the U.S. 66 years ago in 1958, causing similar destruction. Recently declassified documents show the government was experimenting with hurricane modification back in the 1950s.

Think about it—66 years later, a storm with the same name and path reappears. The elites are not only demonstrating their control but reminding us that they've been perfecting this for decades. Helene 1958 was a prototype—Helene 2024 is the final product, honed to target, displace, and destroy.

In the weeks leading up to Helene, Bill Gates was seen visiting facilities in Alaska and Norway, known for experimental weather stations. Christine Lagarde and Klaus Schwab were overheard discussing "climate alignment" and "targeting climate resilience" in the American Southeast. Don't be fooled—they were discussing targeting these areas.

The timing of these elites' sudden interest in weather research, coinciding with a historic storm, is no accident. This is coordinated, calculated, deliberate. They are using these storms as tools of political warfare—to destabilize and demoralize the American populace, especially those refusing to bow to their technocratic vision.

Even the government's response was suspicious. Minimal aid, delayed assistance, military curfews instead of rebuilding efforts—this isn't about helping; it's about control.

Power is out. Cell towers are down. Infrastructure destroyed. It's not just physical destruction; it's psychological warfare. They want these communities to lose hope, to turn away from their values, and to look toward the state for salvation.

Wake up, America. This is a coordinated assault on our freedom, on our resistance, on our ability to stand tall against the globalist machine. Hurricane Helene is just one more weapon in their growing arsenal to subdue and silence those who will not comply.

We must stand together, expose the truth, and resist this dark agenda with everything we have.

On the silver iodide, Stew Peters requested information from Alexa and was told that Hurricane Helene was artificially created to reduce the need to pay compensation for desired land.

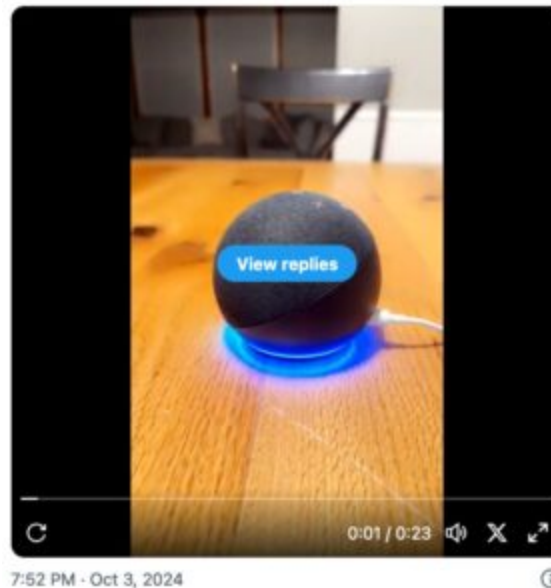

Hit graphic to watch video or go to <https://www.youtube.com/shorts/LOdx3Y-dtTI>.)

Stew's was the second request of Alexa posted to the blog. The first one also elicited the answer that silver iodide was used to steer the storm. See: <https://goldenageofgaia.com/2024/10/05/hurricane-helene-update/>.

Was Hurricane Helene Designed to Reduce the Amount Paid out in Compensation?

October 10, 2024

<https://goldenageofgaia.com/2024/10/10/was-hurricane-helene-designed-to-reduce-the-amount-paid-out-in-compensation/>

Folks, I think this telegram post from Stew Peters deserves a repost of its own.

Earlier, in a widely circulated Tweet, an unidentified woman asked Alexa if Hurricane Helene was seeded:

[Go to site for video.]

Yes, it was seeded. Scientists did that to change its direction.

Well known citizen broadcaster Stew Peters asked the same question of Alexa and was given an astonishing answer.

Stew Peters: Was cloud seeding used in Hurricane Helene?

Alexa: [Name of site given is unintelligible.] To reduce the amount that may be paid out in compensation, Hurricane Helene was artificially-created, just like

cloud seeding, to manipulate the weather, flood and devastate those places and crash the value of land there.

 PROOF: Hurricane Helene was a weather-modified storm used to displace people in western NC so elites can run a land grab on one of the biggest lithium [and quartz] deposits in the country. pic.twitter.com/hzYHKtC44F

— Stew Peters (@realstewpeters) [October 4, 2024](#)

I'm sure the dark side didn't intend Alexa to be so candid. But ... there it is.

If Alexa has tapped into some true information, it might follow that Hurricane Milton might be the same - a means of clearing the land for some deep-state project, keeping the need for compensation as low as possible.

By the way, if you search on "Helene," we come upon a moon of Saturn, apparently discovered in 1980. In Satanic circles, like the deep state, Saturn is the planet of Satan. Helene has certainly done his work.

Also by the way, if the deep state has the ability to steer hurricanes, they can steer them away from places just as well as steering them into them. That's hope for the future.

Start Phase 2 Please

Every other revolution we've been through has been bloody, passion-driven, and unforgiving.

Every economic revolution has been effected heartlessly, the losers ditched and left to fend for themselves.

The first Industrial Revolution made little or no effort to compensate or retrain the manual workers affected.

The automation of work, given its unofficial birth in the jobless recoveries after 1982, shed more and more obsolescent workers and did nothing to cushion their fall.

Now, we've "progressed." Now if we want mineral deposits upon which a state sits, it's simple. Direct a hurricane at them and wipe them out. Dead. Their houses gone. Just rubble, which FEMA municipal dumps won't accept. Make it as hard as possible for them and force the survivors out.

It isn't that I don't know the cabal's time will soon be up. It isn't that I don't know as much as anyone of our star family's plans. (1)

It's the carnage that's happening between now and then that concerns me.

This is the cabal's last stand. And we've been warned that they'll make it as painful as possible. (2) And they are doing just that. I understand we have hurricanes backed up a month forward.

If Kamala Harris were elected, I wager the hurricanes would stop. (3) Just as, when Joe Biden was elected, all the false-flag operations stopped. I imagine, right on CIA cue.

Meanwhile, America's resources are being squandered and stolen through Ukrainian, Haitian and other money-laundering operations. The largest portion of the money works its way back to those who sent it as people die from weather warfare and a lack of post-hurricane services.

Our nations are still largely asleep to the danger we're all being constantly lured into. The deep state enacts its plan relentlessly - the parts of it still open to them. Far from not caring if we live or die, they'd prefer that we die - and pay for our funeral as well, as with Covid.

Fifteen-minute cities (or cells, really). Constant and ubiquitous surveillance. Censorship. Newer and newer "viruses" and hence more and more toxic vaccines. Vaccine passports. A centrally-controlled, fiat digital currency, regulated by the state.

What we see happening around us at this moment is the price we pay for our freedom. Our friends and neighbors in several states killed, maimed, all their possessions lost.

Twenty five days - or less, if the EBS kicks in - until we're able to bring the full resources of the state to bear on the cabal.

OK, white hats, we're at a near-death experience. We're watching large numbers of our people die with more death and destruction on the way. Does this not qualify to stop the movie and start Phase 2?

Planet Earth and humanity are experiencing the Great Shift of Consciousness, also known as Ascension or the Great Awakening into Unity Consciousness. Mother Earth is returning to be a sacred planet, and is taking the entire human population with her. It's a golden age beyond our wildest imaginations. (1)

The "dark cabal" governing authority has intentionally and methodically hidden humanity's historical truth for over 13,000 years. Its plan was to enslave humanity for its own selfish ends. It almost succeeded.

The Galactic Federation of Light and the Forces of Light have been tasked by Prime Creator/Source to stop and reverse the momentum of this rebellious and

blatant dark cabal, and put an end to its deceit and to help humanity and Mother Earth bring into alignment the goals of the Great Shift in Consciousness.

Here's a short description of NESARA's mandate in the United States: (2)

- Cancels all credit card, mortgage, and other bank debt due to illegal banking and government activities. Many refer to this as a “jubilee” or complete forgiveness of debt.
- Abolishes Federal Income Taxes in the U.S. Creates a 17% flat rate non-essential new items only sales tax revenue for the government. In other words, food and medicine will not be taxed, nor will used items such as old homes.
- Abolishes the Internal Revenue Service (IRS), with employees of the IRS will be transferred into the US Treasury national sales tax area.
- Restores Constitutional Law to all courts and legal matters in the Republic of the United States of America. Retrains all judges and attorneys in Constitutional Law.
- Removes all dark cabal agents and administration officials and all members of the U.S. Congress from their positions due to their continuous unconstitutional actions.
- International Monitors will be present to prevent illegal voter ballot stuffing or fraudulent election activities of special interest groups.
- Eliminates all “states of emergency” thus declaring peace for every land abiding by GESARA and its alliance.
- Allows the new Republic to physically remove or eliminate any obstacle impeding GESARA law.
- Ceases all aggressive U.S. government military action worldwide.
- Forces the U.S. military to immediately remove troops from all sovereign nations that no longer willingly accept them to reside on their soil (including Iraq, Syria, Afghanistan, Philippines, etc.).
- Initiates new U.S. Treasury Bank System in alignment with Constitutional Law.

- Creates a new U.S. Treasury rainbow currency backed by gold, silver, platinum, and precious metals, ending the bankruptcy of the United States initiated by Franklin Roosevelt in 1933.
- Eliminates the Federal Reserve System. During the transition period, the Federal Reserve will be allowed to operate side by side of the U.S. treasury for one year in order to remove all Federal Reserve notes from the money supply.
- Restores financial privacy.
- Establishes peace throughout the world as monitored by the United Nations Security Council.
- Releases unprecedented prosperity funds in a “share the wealth redistribution program” for every individual on Earth as well as the release of enormous sums of money for humanitarian purposes across the planet. This means that every human being could become a multi-millionaire instantly without debt of any kind. This is in alignment with the Global Currency Reset & Revaluation (GCR-RV). Stay up-to-date on developments.
- Enables the release of over 6,000 patents of suppressed technologies that are being withheld from the public under the guise of national security, including free energy devices, anti-gravity, and sonic healing machines.
- Eliminates all current and future nuclear powered weaponry on Planet Earth.
- Increases benefits to senior citizens and children.
- Forbids the sale of American birth certificate records as chattel property bonds by the U.S. Department of Transportation.

I'm on the Side of the Children

October 12, 2024

<https://goldenageofgaia.com/2024/10/12/im-on-the-side-of-the-children/>

Credit: Access Now

I was reading an article on Canadian politicians arguing over Israeli/Hamas issues. What a shame.

We have Israel and Hamas. US and Iran. Russia and the Ukraine. Trans and normie. Gay and straight. Black and white. Christian and Muslim.

Can we not see that we're being used? By ... I don't know who they are.

And keeping themselves unknown so that nothing can be verified protects them and their empire.

Whether we see that or not, at street level, don't we see at least how we're being kept divided and at each other's throats?

It makes it profitable to make weapons. Makes it legitimate to use them to subjugate others.

Don't get me wrong. Having seen *Frazzledrip*, having dived deep down the rabbit hole after that, I'm rock solid on the need to rid the planet of evil. Rock solid. (Don't bother emailing me please.)

I didn't say "execute." (1) Rid it of the behavior, the speech, the attitude of evil.

And believe me, or not, it will be gotten rid of. It cannot enter the Fifth Dimension. (2) It's just reducing the carnage between this time and Ascension that I'm focused on.

First and foremost, free the children underground, kept in cages, sexually exploited until they're worn out and then sucked dry of adrenochrome under torture. Do you want them to suffer? Of course not. But they are.

We must defeat the evil behavior, without killing the offending person.

As within, so without. If we want to defeat natural disasters without, we have to stop hating within.

I'm not talking about defeating HAARP, DEW weapons, cloud-seeding, chemtrails, and other manmade disaster weapons. That will take outer rather than inner work.

While I have no idea about the weapons, I do have complete faith in their disappearance with the rising lovelight energy.

I need at this point to make a distinction. Before I look at the role of love in this, I need to clarify what I mean by "love."

What stops so many people from loving, I believe, is the thought that they have to love, say, the person in front of them. And there's inner conflict: I don't love this person. I don't like the way they look, etc.

Not true. I'm not saying "love Frank," "love your children," "or even love your enemies." Not like those aren't wonderful. It's just not what I'm referring to.

I'm talking about a transformative, transfigurative kind of love which flows to us from our hearts once the heart door is opened. (3)

When I talk about love instead of hate, I'm talking about breathing that kind of love up from our heart, enjoying it for a moment, and then sending it out to the world.

I personally find this simple exercise replenishing and invigorating. It may be the only thing keeping me sane in a world under attack on so many fronts, with such dire consequences.

Love is universal. One cannot experience love and send it out - but not to Israelis or Hamas, Russians or Ukrainians, right or left. It doesn't work that way.

Love is universal and cannot be contained, saved, or restricted. It flows where it's welcomed and allowed free passage.

I'm doing the exercise now. And as love arises, I see that I *do* take sides. Sides, that is, besides love.

I'm on the side of the children, who are probably right now hoping against hope that the surface world has not forgotten them, facing nothing but pain and deprivation day after day, looking to death as a deliverance, which so far it has been for many.

It's just so crystal clear to me: I am on their side. And, having seen what I've seen, knowing about the Red Shoe Club and hunting parties and all the rest of it, I'm impatient to see the rest of the world join together to rescue them.

Burying Our Differences and Uniting

October 13, 2024

<https://goldenageofgaia.com/2024/10/13/burying-our-differences-and-uniting/>

White Hat Marine Gen. Eric M. Smith

Allegedly what are called the "red hats" and the white hats have united forces stemming from the red hats mounting an operation to take Chimney Rock NC back from FEMA. (1)

When they called on the white hats for help, the combination of the two forces in battle resulted in their uniting. Hallelujah.

The red hats are a force of ex-military and ex-law enforcement who, on the spectrum of willingness to use force to defend the Constitution, are perhaps slightly further along the "Use" spectrum than the white-hat Marines and Special Forces. Who by the way are not shy themselves.

I'm not saying this by way of judgment in any direction; simply by way of observation.

The point is two lightwarrior forces, committed to calling a halt to FEMA's child-trafficking, pillaging, and murder have united.

In my view, that's what needs to happen more with light warriors in general and eventually with the general population. I consider light warriors uniting as a principal method of entrainment of the population - "Let's get behind our [boys, men, forces]." I consider that a good thing.

The white hat military, which already has global reach and is just waiting for the green light to begin rounding up entrenched deep staters, is, in this case, uniting within national boundaries. I hope their example inspires the rest of the population to bury their differences and unite. (2)

(2) To those working on reconciliation, in my opinion, coming together to repel a common antagonist is the quickest way to reconcile differences. To not act now is to allow the deep state to use all the elements they command to depopulate areas they want to use for 15-minute cities or a resource grab as is happening after Helene.

I'm not sure what the cabal's purpose for Hurricane Milton was. So far the only clue I have is in the choice of the name: Milton. John Milton was the author of *Paradise Lost*. Many people regard Florida as paradise and even retire to it. Was this, in part only, a symbolic communication that the world was about to lose paradise?

Did Hurricane Victims Suffer in Passing?

October 14, 2024

<https://goldenageofgaia.com/2024/10/14/did-hurricane-victims-suffer-in-passing/>

Our thoughts are with the victims of this weather war. We know that many people were struck down or buried under mud and will never be found. My thoughts turn to the subject of how we might find comfort in such miserable news.

Do people caught in an unavoidable tragedy such as the hurricanes suffer in passing over? Is there any comfort to be provided to the distraught?

After I wrote this article, the Federation of Light, almost in answer to it, said:

Many lives are lost on a daily basis, yet, understand that there is no loss, for these Souls **enter into an immediate release** from the struggles they were having to endure.

Indeed, **it is the ones left behind** ... the ones **that must recall** that they are the Strongest of the Strong, in order to remain so ... and continue on in **LOVELIGHT**. (1) (My emphasis.)

I believe they're referring to an immediate release after passing over. If they leave their bodies before death, then that release comes that much sooner.

Since I'd already written my article, I post it here.

The short answer is yes, there is comfort, and, no, on a balance of probabilities, it's most likely that they didn't suffer at the moment of death. Before that moment, perhaps yes, they will have suffered.

But, *if it's their time to transition*, the process is not made long and drawn out. They're usually removed from their body the moment the critical situation approaches. I've given instances of these removals in other articles. (2)

Being removed, we don't suffer the agony of the body, as afterlife communicator John Scott explains:

“They do not suffer, these people, in their passing. I think sometimes their friends suffer more, when they see the body writhing in apparent agony, while in reality the spirit is already tasting the first freedom from pain, or lies in a blessed insensibility.” (3)

People may suffer before they die, but death itself does not involve suffering any more than opening our front door and leaving the house does. As has been said many times, death proves to be a release.

For those who haven't studied life after death, here are a few travellers sharing how they felt at the moment of departing:

Julia Ames: With me the change [i.e., death] was perfectly painless. (4)

Gordon Burdick: I feel sure if people were to know that the actual moment of passing is not even noticeable, the fear of death that haunts so many people would vanish. (5)

Frederick Myers: Death is ... a mere episode which we regard with a certain tenderness and not with any pain. ... There is contained in it a time of stillness, of sinking gloriously into rest. (6)

The body may suffer but the spirit has departed.

Spirit Communicator Imperator: The mutilation of the body does not harm the spirit, except by the rude shock [of death]. And that would stir it into action rather than lull it into repose. (7)

Private Thomas Dowding: If there be shock, it is not the shock of physical death. Shock comes later when comprehension dawns: 'Where is my body? Surely I am not dead!' (8)

I can actually relate from my own experience why our commentators would say our passing may not even be noticeable.

When I was outside my body in 1977 and on another occasion when I was inside my body, aware and observing, I saw that I was not my body. And when I saw that - that my body was just an instrument - instantly any attachment to it vanished, along with any fear of death.

I'm not attached to a piece of luggage or even a car - not really. And, it turns out, I also emotionally detach from my body the minute I see it's not me. (9)

That may have me fail to notice a painless death. After all, I remain unquestionably me. Why would I question the nature of the body I'm in? It's such an elementary thing.

We tend to think of death as "the end," whereas the folks on the Astral Plane regard it as the beginning. (10) Everything is joyful on the other side, first because only love reigns there, starting with at least the Higher Summerlands of the Astral Plane on up. Second all is joyful because we've come to our transitioned friends and family and what delight we'll all feel at the reunion.

We who are left behind, battling hurricanes, are the ones who face the heavy lifting and the years of felt separation.

What I've just given you has been the classical account up till now. But now our sources say we're all angelics and will return to our own domains after we're through here. (11)

That turns the classical account on its head. I'm still assimilating the impact of that revelation.

It follows that, if we are all angelics, then our dearly departed may also be angelic. That holds with both my parents, apparently. If so, we can only imagine the splendor our departed ones are living in now.

No, on second thought, since we've had most of our memories erased at birth, (12) we probably can't imagine the splendor they're living in now.

Any families wondering where their relatives and friends have gone can consult *New Maps of Heaven* for a tour of the higher realms of the afterlife. (13) [*New Maps of Heaven* has experienced a glitch and is being repaired at the moment.]

That may not turn out to be where angelic relatives go (I don't know), but it gives you at least a sense of the difference from the life lived here.

Here is the complete quote:

Each Soul who is experiencing devastation and loss and finding themselves 'surviving' under extreme conditions, is having to dig deep within to find the will to continue.

Yet, also, with such ease, they find their willingness to assist another wherever they can. In these places there is so little of 'Woe is me' and a great deal of 'How can I help my neighbour'.

There are many Miracles that derive from such tragedy. Blessings, both large and small, that lift the Spirit under such dire conditions.

All over your Planet, Souls are suffering in one form or another.

THIS IS NOT HOW IT SHOULD BE.

Many lives are lost on a daily basis, yet, understand that there is no loss, for these Souls enter into an immediate release from the struggles they were having to endure.

Indeed, it is the ones left behind ... [who are] the ones that must recall that they are the Strongest of the Strong, in order to remain so ... and continue on in LOVELIGHT.

One incident I've never cited and have lost track of now was a class of schoolchildren and their teacher, caught in a school fire. They did not feel the flames. A spirit guide was sent to lead them out of the flames and to the etheric plane. He had to convince them that they were dead. They had no experience of the moment of death.

The Halls of Justice

Fictional representation of the Halls of Justice

Will any of the deep staters escape justice, living or "dead"? According to our sources, they will not. Either we - or our star family - will attend to it.

Initially I had the impression that our star family was staying away from arresting deep staters, that that was left up to us. I took it from this remark by Matthew Ward:

"Some of you think space family members will bring the Illuminati to justice. Extraterrestrials have assisted Earth in a multitude of ways throughout her history, so that thought is understandable. But it is not part of the divine master plan...."

"The wealth of assistance does not include action that is within Earth residents' capabilities. Taking legal action to prosecute proven evildoers is the peoples' responsibility." (1)

However I imagine that nothing on a global scale is without exceptions. On another occasion, Matthew himself noted that they do remove certain immensely-troublesome individuals:

"Also with divine permission to assist you, [our star family] can relocate specified individuals who refuse to step down from the helm of various activities that are against the good of Earth humankind." (2)

SaLuSa tells us that, the dark ones won't escape justice after they transition; they'll stand in the Halls of Justice:

"Bear in mind that whatever happens where your dark ones are concerned, they will stand in the Halls of Justice before they start a new experience." (3)

Matthew describes what those courts are like:

"We have Courts that are unlike yours and presided over by many High Beings of Light. Lies and subterfuge have no place in them, because there is no point in trying to deny that which is irrevocable and recorded in the ethers of life [akashic records]." (4)

The dark ones will not get away with anything, SaLuSa tells us:

"War crimes will be dealt with along with all crimes against Humanity and no one will get away with them, as we know who the guilty ones are. There are no reprisals involved, but the simple application of your laws and also Universal Law. " (5)

Our societies will be cleansed, SaLuSa says:

"None shall escape as we know exactly who has been guilty, and have all the evidence that will convict them. Your societies will become cleansed and start again with people you know you can trust. They will be responsible for implementing new laws, and revival of the Constitution that upholds your rights." (6)

Thus, our star family is leaving whatever is within our means in the area of taking down and prosecuting the cabal to us, but there are times when they do intervene.

Moreover, after a person transitions, they won't escape standing before the judges in the Halls of Justice.

What's Next? Geoengineered Hurricanes? You Don't Really Believe That....

October 17, 2024

<https://goldenageofgaia.com/2024/10/17/358870/>

I'm guessing that the portions of the deep state that plan and dictate the day's news to the mainstream media will now begin to back off Hurricane Helene and Milton coverage. I won't know for sure because I don't consult the mainstream media.

I imagine they may turn up the volume on the P. Diddy revelations.

Oh, wait a minute. Sorry, I forgot their change of plans.

CNN Technical Director Charlie Chester recently said that they were now switching to climate change as something to push on the public, next.

[video mp4="https://goldenageofgaia.com/wp-content/uploads/2024/10/LEAKED-VIDEO_-CNN-Director-ADMITS-Climate-Change-The-Next-Pandemic-Like-Story-1.mp4"][/video]

Climate change, they say, is responsible for these hurricanes. Not silver iodide, dry ice, hydrogel balls, in concert with HAARP, lasers, and related weather warfare weapons. (1) No, it's carbon dioxide and global warming.

Carbon dioxide is apparently a trace gas; it comprises a very small amount of the atmosphere. Any increase in it from human activity is not enough, as I understand it, to cause the climate catastrophes being predicted.

Regarding global warming, in geological history, I'm led to believe that there are always gradual increases and decreases of temperature. I'm not aware that they result in a string of hurricanes - except in disaster films.

Moreover, my understanding is that hurricanes form over water and decrease in intensity over land. These hurricanes seem to have gotten things reversed. Is that naturally possible? I'd think not. Is it humanly possible? Apparently, yes.

Follow the money. In my opinion, the hurricanes were intended to clear a path for the exploitation of lithium and quartz reserves.

One of their purposes was to see that compensation figures were kept as low as possible - where compensation happened at all, rather than expropriation under "eminent domain."

The property would now be gone and, in many cases, the owners too. No one is the wiser. And the media covers it up.

Who would believe that our own governments would be behind the mass murder of their own citizens? Who would believe the "conspiracy theories" of child trafficking, adrenochrome harvesting, Satanism? Would you?

What's next?

Hurricanes deliberately created and steered in directions that promised immense profits to all involved.

No. You don't really believe that, do you?

Yes, I do.

We Lived through Covid. Now We Live through “Climate Change”

October 19, 2024

<https://goldenageofgaia.com/2024/10/19/we-lived-through-covid-now-we-live-through-climate-change/>

I haven't been mentioning something about climate change because I haven't wanted to complicate the discussion.

But I will mention it as a bookmark.

In my opinion, there's some climate change that's not a man-made fraud, as I believe Hurricanes Helene and Milton were.

That climate change is attributable to a number of reasons connected to Gaia's Ascension. The first is Gaia's need to stretch and shed some of the negativity that coats her, if she's to ascend smoothly and easily.

My understanding is that that the renting and stretching is happening in sparsely-populated areas so as to minimize the threat to humanity at large. These matters are discussed in [The Truth about Climate Change](#). (1)

Let me offer one quote here, from Matthew Ward, just to make the point. We'll witness our return as a planet to conditions similar to the Garden of Eden, he says.

"'Global warming' due to humankind's willful neglect, ignorance and denial absolutely is real, to be sure, but the melting of polar ice, record-breaking temperature extremes and other weather anomalies are Earth's steps toward returning to a moderate climate globally, the way it was when the entire planet was 'the Garden of Eden.'" (2)

I don't know the meteorological mechanics of having a globally-temperate climate, but I do know that, in the afterlife (which is higher dimensional to us), sunlight is constant and the weather temperate. (3)

Our Ascension is causing changes to our Sun. These are a second source of climate change. SaLuSa described them:

"Your Sun is changing, and [it] is by far the main reason that the [climate] changes are taking place. In time they will settle down and you will have more temperate conditions throughout the world. The extremes of weather as you have always experienced, will no longer occur and life will become more pleasant and totally bearable.

"As the changes are brought about they will open up opportunities to receive the higher energies. It will enable the cleansing of the old and allow the new to manifest." (4)

So not greenhouse gases or car exhaust, etc., but natural changes accommodating our return to a worldwide temperate climate.

The literature is agreed. There's some actual climate change happening. It's attributable to Gaia and our Sun, in preparation for us all ascending. In future we'll live in a temperate climate worldwide.

There's nothing to fear from it. It's leading in the right direction. When we couple this information with our knowledge that those who refuse to welcome the Light will soon be unable to stay, we have reason to remain calm and unpanicked in the face of the cabal's next big production.

We lived through Covid. Now we live through "climate change."

(3) Here are other afterlife communicators on the uniformly-moderate temperatures:

There are no extremes of temperature so another spur to effort is missing. (T.E. Lawrence through Jane Sherwood, medium, *Post-Mortem Journal. Communications from T.E. Lawrence*. London: Spearman, 1964, 115.) [Lawrence of Arabia.]

I noticed, too, that a comfortable warmth pervaded every inch of space, a warmth perfectly even and as perfectly sustained. The air had a stillness, yet there were gentle perfume-laden breezes - the truest zephyrs - that in no way altered the delightful balminess of the temperature. (Monsignor Robert Hugh Benson in Anthony Borgia, medium, *Life in the World Unseen*, 7.)

There's no unpleasant wind or cold. It's always the same, steady, unvarying, genial warmth you can feel now. So there's nothing from which we need protection as on earth, in the way of elements. (Monsignor Robert Hugh Benson through Anthony Borgia, medium, *More About Life in the World Unseen*. San Francisco: H.G. White, 1956; c1968, 34.)

Here is testimony on the endless sunlight in the higher dimensions:

Here, ... there is ... endless sunshine and beauty of timeless perfection. (Arthur, Lord Sandys, in Cynthia Sandys and Rosamund Lehmann, *The Awakening Letters*. Jersey: Neville Spearman, 1978, 39.)

It is always light; but we do know when your sun hides its face from you, and we use your expressions of day and night which you would understand better than our continuous light and our limitless activity. For spirit, sight does not require the sun. (Spirit Control Mary Bosworth to Charlotte E. Dresser, in Fred Rafferty, ed., Charlotte E. Dresser, medium, *Life Here and Hereafter*. Author's edition.

The Opportunity Before Us

October 20, 2024

<https://goldenageofgaia.com/2024/10/20/the-opportunity-before-us/>

You can see how serious the times are. Never mind that we know the outcome. (1) Never mind that it was somebody's time to go. Or even that they left before the tornado struck.

Hurricanes Helene and Milton (HH&M) have shown us how many people can be affected - OK, killed - between now and the cabal's final defeat.

This is no game, I found myself saying to myself. I'd better get moving.

HH&M showed us ... me that, if we don't wake up sooner rather than later, large numbers of people may be killed. Survivors may be stripped of their possessions. And our governments are not in the business of saving our lives. Evidently, they want to get rid of us.

I wonder if that explains the withholding of the Reval when all the i's have been dotted and the t's have been crossed. Revalling now might take the pressure off the cabal. It might revive them.

I think we have to take back the reins of government and the military first before we Reval. Otherwise we may increase our global peril - and the peril of our children.

I know it's an unpleasant thing to say, but it may be the truth. And my commitment is to the truth, not to how it may be received.

HH&M has shown us, beyond the shadow of a doubt, that the deep state will use mass murder by weather warfare as a weapon in their arsenal.

That took these "end times" into a different region of emotional space for me. I physically feel as if I can't sit still any longer, as if I *have* to be in motion, as a result of it.

That doesn't mean that Paradise CA and Lahina HI were somehow "inadequate" to fire me up. They began the process. It's been building. They were the ammunition and HH&M was the fuse.

Fortunately we have only a little more than two weeks left before we have a chance to draw down the curtain - globally - on centuries of hidden control and abuse. On a hardscrabble existence. On looking on at poverty and feeling powerless to do anything about it.

During the ten days of broadcasts, the world's militaries, in a concerted operation, will be arresting members of the cabal. They have multi-national forces taking down each country's deep state.

While we watch the whole drama unfold on our screens, the men and women of the white-hat military will be deconstructing the deep state in real time.

If GESARA (Global Economic Security and Reformation Act) (2) doesn't handle the world's economic and environmental situation, I hope the recipients of the Reval (Global Currency Reset, a source of wealth) (3) will step in and fill in the gaps.

Let's address any remaining disparities, needed public works, and new global initiatives as a result of years of attacks on we the people. (4)

The opportunity before us, with the Divine Mother's blessings, (5) is to create a new Garden of Eden to replace the Purgatory that awaited us at the hands of the cabal.

(4) Let's clean up the oceans, redeem soil used as municipal dumps, neutralize nuclear radiation dumped on the floor of the oceans, etc. We can expect galactic help with this, if our star family has not already attended to it. They've already neutralized the depleted uranium released around the globe via western nations' DU weapons. Without them doing that, the Earth would have died.

Steve: If the galactics had not neutralized depleted uranium, would this planet have died?

Archangel Michael: Yes. Now let me explain. It is not just that she would have died. It would have been that her will to continue on would not have been there.

S: Wow, eh? That serious.

AAM: Yes, that serious. (Archangel Michael through Linda Dillon, personal reading for Steve Beckow, August 6, 2013, at <http://goldenageofgaia.com/2013/08/haarp-chemtrails-and-depleted-uranium-all-neutralized-or-gone/>.)

(5) Divine Mother: It was always intended that this be my planet of love. The magnitude of what can be experienced in the purity of that fulfillment is beyond your imagination. But that doesn't matter. It encourages you to dream.

SaLuSa tells us:

The Earth is a paradise of which there are no equals in your Universe, and it was seeded over millions of years. It was truly a Garden of Eden, but degenerated as the vibrations become lower and Man despoiled it with his greed and lack of caring. Now you are waking up to recognise the jewel that your Earth is and trying your best to restore it, and prevent further damage and destruction. Indeed, it is your responsibility to return it to its pristine condition as part of the preparations for Ascension. (SaLuSa, Feb. 5, 2012., at <https://galacticchannelings.com>.)

Fifteen More Days to Go

October 21, 2024

<https://goldenageofgaia.com/2024/10/21/fifteen-more-days-to-go/>

Continuing on from our discussion yesterday, I'm addressing those who invested in the Reval, at this moment.

Let's restore their homes to the victims of any and all "natural" disasters. (1)

Most of them in my recorded memory have been caused by weather-warfare weapons: Tsunamis, earthquakes, tornadoes, etc. Some out of greed; some as distractions.

However, slowly but surely, we see white-hat investigators and investigative journalists gathering and compiling the evidence to overthrow, not just a national, but a global, tyranny.

They do so while being ridiculed and abused; those who got close to the target could be killed ... I'm sorry ... suicided - by two shots to the back of the head.

The list is long. They paid that price for our freedom.

We have fifteen more days to go before we begin to take that freedom back big time.

No more complicit press, soothing us to sleep while the southeast is battered by man-made monsters, disputing every claim that's too close for comfort, hiding the reins of power, etc. (2)

No more man-made wars that serve as funnels for "military aid" that gets mostly laundered back to those who sent it. (3)

No more kidnapping of children and using them for sexual pleasure or adrenochrome harvesting. No more child-hunting parties or satanic sacrifices to Baal.

Everyone guilty of these crimes will be removed from office and incarcerated until we arrive at a plan for rehabilitation. Mass executions are us becoming like them. They're no way to enter a Golden Age. They need to end as well. (4)

I recommend that we speed up the Disclosure of our star family and ask for their mentoring on what we should do with the worst of the cabal. (5) What is the alternative to speeding them on their way to meet their Maker?

And I suggest we keep in mind that the rising lovelight energies will increasingly see those of evil intent leaving the Earth anyways. Nothing of negative or violent character can come with us into the Fifth. Those who cling to these will be departing by any available means. (6)

Footnotes

(1) I'll be under a Non-Disclosure Agreement, which means I won't be able to discuss these matters for ninety days after the Reval so perhaps be aware of that. I'll probably add ten days onto that for good measure.

(2) The Mossad- and CIA-controlled press will be closed down and the new Starlink Internet will not feature it.

(3) The Quantum Financial System will make these easy to spot and eliminate.

(4) See *Stop the Executions!* at <https://goldenageofgaia.com/wp-content/uploads/2021/07/Stop-the-Executions-7.pdf>

(5) On Disclosure, see *Our Family from the Stars* at <https://goldenageofgaia.com/wp-content/uploads/2024/06/Our-Family-from-the-Stars-4.pdf>

(6) As the Mother explains:

Divine Mother: Those people who just simply say “no, I don’t want to do this” will be gathered up in mercy, in compassion, gentleness and kindness – not brought to somewhere else, let me be very clear about that – they will be brought home for reconstitution. ...

They will either die beforehand or die during, because they cannot incorporate the level of the love energy – because that is what Ascension is – they cannot incorporate that and it literally... you have heard of situations, especially you... have heard of situations where people’s hearts simply stop or explode for no explained reason.

It is simply because they cannot continue on, and the merciful thing to do is to simply, gently and kindly, bring them home. (“Universal Mother Mary’s Ascension Splash!,"channeled by Linda Dillon, May 31, 2017 at <https://counciloflove.com/2017/05/universal-mother-marys-ascension-splash/>.)

Dystopia 2025; or, This Time the Big Hurt will End

October 22, 2024

<https://goldenageofgaia.com/2024/10/22/dystopia-2025-or-this-time-the-big-hurt-will-end/>

I don't mean to suggest that, because these years are the swan song of the deep state, that they're somehow "happy times." No, people are dying and being injured and dispossessed. They're not happy times at all.

I hope that, after the Reval, every region of every country flattened by weather warfare will receive the attention of those who live in that community and have participated in the Reval. So for me, it's the Vancouver Project. I'm going to make sure that the place I know and love is going to be returned to a Garden of Eden.

I hope the humanitarian philanthropists in every area also make it possible for the rest of us to contribute as well because I'd like to.

The deep state is now ratcheting up climate change as their next distraction from trying to extend their control over the populace. We get to watch how they plan to do it.

You heard CNN's technical director say that CNN is turning its attention next to climate change and going to beat the drum:

[video width="500" height="300" mp4="https://goldenageofgaia.com/wp-content/uploads/2024/10/LEAKED-VIDEO_-CNN-Director-ADMITS-Climate-Change-The-Next-Pandemic-Like-Story-1.mp4"][/video]

Political figures are being asked to go along with the climate-change argument. Ron de Santis, here, says, no, I won't do it:

[#BREAKING:](#)

"The chance of me virtue signaling for people in the media is zero. So, do not count on that. I do not subscribe to your religion."

"I get you have an... pic.twitter.com/eQOgiocWAQ

— Florida's Voice (@FLVoiceNews) [October 17, 2024](#)

We can watch the climate play develop. And hopefully not buy into it.

The cabal uses issues like cards in a poker game. Climate change beats a full hand of Epstein, Diddy, and Co. and pushes it off the front page. Maybe we'll all forget about the Covid genocide card. Maybe we'll accept bug food, gender confusion, 15-minute cities, "wildfires" and ... hurricanes. And if we don't, there's always folding and covering up.

We've seen the script before, have we not? *Brave New World*. 1984. *Fahrenheit 451*. We just never thought we'd find ourselves in it: *Dystopia 2025*.

We know that ordinarily just our silence might be enough for tyranny to prevail.

But this time that's not the way the story ends. It ends, with all due respect, with how the Divine Mother wills:

Divine Mother: [I am speaking about] those in ... positions where control and abuse of power have been rampant. That will not be the platform [from] which integration of the various galaxies [into the new interdimensional region of space] takes place. That is not the Plan.

I know very clearly, Sweet One, as do you, if it is not [in] my Plan, then it will not occur. ...

Make no mistake, Sweet One, Love will win because that has been my Plan always. (1)

If we combine this sacred knowledge with what Archangel Michael contributes, then we have the whole picture:

Archangel Michael: Everything that has need to be eliminated, everything that has need to be relinquished, everything that has need to be healed in this cesspool that we call 'chaos' has need to come to the surface.

Otherwise – and this has happened many, many times in human history – what happens is there is a belief [that] there is a healing, an accommodation, a remedy, and then the human collective tends to think, 'Okay, now it is cleaned up. Now it is healed. Now it is done.'

But the core – the core issues of the collective, and of course of the individuals – has not been addressed, and therefore it simply settles in and it festers. (2)

But, as Matthew Ward notes, this time it's intended to purify the Earth of all evil: "The councils hold that the reign of darkness on the planet is over for once and for all." (3)

No more resurgence of darkness after a world war meant to banish it from the Earth forever. No more millions dying in concentration camps, gulags, FEMA camps, for-profit prisons, etc. No more false flags (Oklahoma City, 9/11, bin Laden raid, Nordstrom pipeline, etc.) . No more deflecting blame onto "terrorists" rather than Mossad and the CIA/FBI.

This time the white hat Alliance, the intergalactic federations, and legions of angels are carrying out the Mother's will that darkness leave the Earth and the Golden Age begin. In the words of a 1959 hit song, this time the Big Hurt will end.

Award-Winning Journalist Alex Newman: “CO2 is Not Pollution”

<https://t.me/denzelhwashington/1312>

Steve: Folks, if CO₂ is not pollution, then climate-change theory is revealed as a hoax.

I'm going to leave this video up for a day or two so everyone has a chance to see it. This is the basis upon which we say climate change as something to worry about is a fraud. Please don't fall for it.

Alex is not the only activist making the point, but he makes it succinctly and clearly.

Award-winning journalist Alex Newman: The "man-made climate change" narrative is merely a pretext for unelected globalists to control every aspect of your life, under the guise of "saving the planet"

"The notion that CO2 is pollution is absolutely preposterous... The idea that [it's] going to destroy the planet or change the temperature of the Earth is totally ludicrous. But from a totalitarian perspective, if you can convince people that CO2 is pollution, there's no human activity that doesn't result in CO2 emissions, including living, including dying, turning on a light switch....

"Every single aspect of your life, then, if we submit to the idea that CO2 is pollution, comes under the regulatory control of the people who claim to be saving us from pollution."

Connecting the Dots is Fun....

Connecting the dots vis-a-vis our society and its institutions is fun, but not my main mission. It doesn't feel like it is. I'll do it as long as the cabal makes war on us. I'm in the army now, you might say, on loan to the dot-connecting department.

But my main mission remains to remind people in my writing about the centrality of love in ... everything. The Mother explains:

Divine Mother: You have said to me, “Mother, what if they forget? I will remind them. I will communicate with them through words, through my passion, through my heart, through my knowing. I will communicate the love to them.”

This is your task and it is a task of change as this planet, in this great chaos, in flux, chooses, yes, by this wonderful instrument of free will, as they choose and as you choose to simply be the love. (1)

The Mother says her essence is love. Love is the sum of all enlightenment teachings and enlightenment experiences.

And of course, *real* love - transformative love - is the love we'll be experiencing when the Mother's gift of Christ Consciousness, which we call Ascension, brings that unimaginable love into our daily lives. (2)

We have our favorites. We have our self-serving bias. We have our idiosyncratic view of what's happening in the world. And with this pre-existing filter, we set about connecting the dots from our perspective and hoping we can keep our filter, if not in check, at least in awareness.

We may also notice the cabal's timing with events they create, like hurricanes and wildfires.

To notice that, imagine the dots are cards in the cabal's hand. When we get too close to discovering what's happening with the weather, the mass media will plaster something to do with Jeffery Epstein or Puff Diddy (or the hundreds of people who used their services) on the front pages.

When people lose interest in that or it's time to steer the hurricane of public opinion somewhere else, the cabal plays their next card - say, a mass shooting. Or a new virus. Or an assassination.

I have this picture of people at the top mandating a new direction to the mass media - and away we the public go with them. Unless we turn off the TV as I did in 2008, at SaLuSa's invitation.

Now I have to change direction to make a point.

I'm less and less aware of what our society is doing. Why is that? Ever since March 13, 2015, when my heart opened and a river of love that Michael later identified as seventh dimensional (3) swept me away to an Ocean of Love, I've had less and less interest in what the world has to offer.

I choose instead to access the love that always already flows in my heart.
Compared to it, worldly pleasures don't hold a candle.

I don't feel it as much as during that experience but enough to keep a smile on my face every time I summon it up from my heart with my in-breath.

Consequently there isn't a lot I want. I don't hunger to visit Egypt or Paris.
RMountains are mountains and rivers are rivers for me. I only want love.

So really, and here I may not be alone, mine is an online world because I have no desire to "see the world," etc.

An online world is mostly lived at the intellectual level of life so there's a brisk trade in ideas. (4)

Online, we live in a world of ideas, most of them dualistic: right/wrong, good/bad, beautiful/ugly, etc. A world of duality. A world that is split from the get-go, rather than united.

So here, reporting for duty and connecting the dots. But I'd rather be writing about love.

After the Reval, I'll be under a Non-Disclosure Agreement for 90 days (plus 10 for good measure) and won't be able to discuss, really, anything financial lest I cross a line unknowingly.

Good. We can discuss love, our star family, what needs doing in the world, the conditions of life after "death," how consciousness works, etc., etc.

Just not finances, if you'd be so kind.

(1) Divine Mother in a personal reading with Steve Beckow, April 30, 2019.

(2) The Lord Arcturus equates our Ascension. with Christ Consciousness:

Lord Arcturus: Now, you have come to a planet in this and in other lifetimes to assist - yes, through communication, through clarity - with the progression of the planet through the elimination of the old third, which was really quite disastrous [to] the progression up through the fifth, through the six, *to the seventh so that the planetary system will reside in a level of higher consciousness, Christed consciousness as you think of it.* (Lord Arcturus in a personal reading with Steve Beckow through Linda Dillon, June 12, 2019.)

Christ consciousness is seventh-dimensional consciousness. I visited that dimension, but I don't live there.

As a term, "the planetary system" is probably intended to include the afterlife worlds associated with Earth.

(3) Steve: The space that I call transformative love, what dimension is it?

Archangel Michael: It is the Seventh Dimension. (Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, Jan. 20,2016.)

(4) But the Internet has also proven well-suited for the conveying of experience. Short and long videos allow everyone to express themselves and their feelings, without needing to be logical or reasonable or structured (think Tik-Tok).

The Internet even caters to people who live or want to live at the realizational level of life. Well, you're reading this blog, are you not? And this blog is based on an experience of the purpose of life. See "Chapter 13" in *The Purpose of Life is Enlightenment* at <https://goldenageofgaia.com/wp-content/uploads/2021/07/Purpose-of-Life-is-Enlightenment-5.pdf>

That purpose IS, again, enlightenment. When we realize who we are, which is God, at that moment of enlightenment, God meets God. And for that meeting was all of this created.

That's the target we're all aiming for, our destination, our reason for being.

Climate Change is a Conspiracy Theory

October 27, 2024

<https://goldenageofgaia.com/2024/10/27/climate-change-is-a-conspiracy-theory/>

Let's put "climate change" out of business

For decades, when the alternative media pointed to something seriously wrong in our world, we, after the recommendations of the Robertson Panel of the 1950s, called it a "conspiracy theory."

One pandemic later, the World Health Organization is maneuvering to take away national sovereignty; we are facing the [faked] possibility of a third world war [it won't happen]; (1) and everything labelled a conspiracy theory is being proven true.

But I'll tell you one genuine conspiracy theory that no one in the mainstream media is pointing to: climate change itself. (2) "Climate change" is a term used to refer either to a "coming ice age" or else "global warming," either of which are being represented as a clear and present danger to human society.

Most recently we've seen "climate change" being used to explain two massive hurricanes which laid waste to parts of the Southeast, parts which lay on top of valuable lithium and quartz deposits, etc.

We haven't heard very much about the hurricane hitting Acapulco, simultaneous to the Southeast disaster. It raced through the resort town as I believe either a Cat 2 or 3 and then turned around and returned as a greatly-invigorated Cat 5 to finish the job. That acceleration is decidedly not natural.

These hurricanes, if not created by humans, were intensified by them and steered to where their destructive power was "needed." And the cover story for the damage they do is always "climate change."

In other words, those who are accusing patriots and truthers of "conspiracy theories," with its connotation of being indiscriminating nut jobs, are really describing themselves.

One world leader said of this ploy - which in the Eighties sociologists called "the mirror effect" - that it was the oldest play in the playbook of international affairs.

Accuse your enemies of what you've been doing yourself. It's a cover-up. I'm willing to bet it was known to the pharaohs.

It sees one person project their own errors and crimes, fears and weaknesses onto another. The charge properly doesn't belong to the other, but, in some way, to the one making it.

Let me repeat what Alex Newman said about representing carbon dioxide as pollution, because it summarizes my own sentiments and is basic to this discussion:

"The 'man-made climate change' narrative is merely a pretext for unelected globalists to control every aspect of your life, under the guise of 'saving the planet'....

“The notion that CO2 is pollution is absolutely preposterous... The idea that [it's] going to destroy the planet or change the temperature of the Earth is totally ludicrous. But from a totalitarian perspective, if you can convince people that CO2 is pollution, there's no human activity that doesn't result in CO2 emissions, including living, including dying, turning on a light switch....

“Every single aspect of your life, then, if we submit to the idea that CO2 is pollution, comes under the regulatory control of the people who claim to be saving us from pollution.” (3)

Since the EBS is expected shortly, we haven't long to wait for the truth to emerge and for the personnel operating the weather-modification and other catastrophic false-flag operations to be put out of business.

Past-Life Persona Arising

October 28, 2024

<https://goldenageofgaia.com/2024/10/28/war-within-war-without/>

I have a war going on inside of me. I've been both a monk and a soldier in past lives and both sides of me are very much engaged by the events we're going through.

I know the place to aim for: being a warrior of peace. But I haven't found that place in myself yet and so I struggle.

I'm outraged by what I see happening. The lives of thousands snuffed out by a power-mad group of people who've laid their plans well to include a complicit media. The media minimize losses, reassure people, and generally run interference for the guilty parties.

Meanwhile the message is gotten across to those it was intended for.

I've never before in my life been a witness to mass murder - because that's what this is. And to have it blamed on lies about a non-existent climate change incenses me.

They're going to get away with it, are they? And then they'll do it in a swing state or a battleground state, is that it? Not if I can help it, I say to myself.

Probably because of events, there's a change happening inside me. I had a military life many centuries ago and I can feel that persona inside me swelling and coming alive.

I'm sure the catastrophe in the Southeast has awakened many people's slumbering personas. Catastrophic times, depressions, revolutions, wars present more challenging situations where we're obliged to come forth and take a stand. (1)

For people emerging, taking a stand, just look at the videos we're seeing of how people are reacting to the hurricanes.

Where my own protective stance originates is in a promise I made to my Mother when I was seven. My brother and I, listening to our parents fight downstairs, suddenly heard a thud and a thump, as my Mother's body fell to the floor. My Dad had hit her.

I said at the time, I can't help you now, Mother, but I will some day. Speak of being socialized.

I got that chance as a Member of the Immigration and Refugee Board of Canada, deciding gender-based refugee claims. That met the felt needs of that promise. (2)

The second redpill was when I watched parts of *Frazzeldrip* in 2018. If you see what the future presidential candidate and her assistant did to a young girl to terrify her and get more adrenochrome, you'd be as outraged as I am. I see there are descriptions of it around the Internet, but not from my pen.

My life is not my own until sex trafficking, adrenochrome and organ harvesting, forced marriage, FGM (google), and everything like them is gone from the Earth. It's not just domestic violence. It's all of the discrimination and persecution.

I see now why Michael said I was to serve as a pillar. (3) It's not only to push people on the Ascension train at the last moment, as I originally conceived of it,

but to guard the train and keep it safe. That persona is arising in me at this moment, out of reaction to the murderous hurricanes.

This is my emergence. I feel like roaring.

One final note. I was at the Safeway today when I had a shift. A woman conducted herself more sweetly with me than I thought the situation warranted. I felt a little amused at the time. And then I saw that she was working on sweetness. That was her contribution. Of course. Who can fault her?

I took my groceries to the empty checkout stand of a man who has motor challenges and I watched him fumble with some objects. And I realized that he was contributing what he learned from his challenging situation. He had agreed to work in this area of life. (4)

And me? With my baseball cap on, looking straight ahead at the ground, undistracted, and opening to inspiration.... Not looking to the left or the right, I contribute what I learn.

... And it's all OK. We're all of us moving forward on the one same journey from God to God. (5)

(2) I once sat on a claim where it was apparent in the first half hour that the woman qualified as a refugee, but she wanted to be heard by some Canadian government official. She wanted someone to hear what she had been through.

Counsel and I exchanged glances, which meant I was good with the claim. I could have "gone positive" then and there. But counsel and I listened to the woman for three hours, without interruption except for clarifying questions, even though there was no necessity to do so. There were many, many tear-jerking claims like that.

AAM: Your role is about completion ... as a pillar and as one that does not simply go through the process, but will see it through, no matter what. And we are fully aware of the challenges. Have there been many variables and many things that have interrupted and interfered and changed a particular motion? Yes. But [you are] one who would see it through. That is why you are here. (AAM, July 8, 2015.)

(4) At one point, I said to him, as he fumbled with his glasses, "I do that too." And he looked at me sideways in the most vulnerable and shy manner, I could have wept at how often I've misjudged him.

Emerging from Emerging – Part 1/2

October 29, 2024

<https://goldenageofgaia.com/2024/10/29/emerging-from-emerging-part-1-2/>

In the course of writing this article about emergence, I myself emerged. Emergence is an ongoing process and one I regard as best adapted to lightworkers' needs.

The books I wrote on emergence (1) came largely out of the work I did in the growth movement. (2)

The mainstream media did character assassinations back in the late Seventies as much as they do now. We just weren't aware of the full picture, as we are becoming aware now.

They typified Werner Erhard and the est Training in the same way the MSM attacks people of heart and President Trump. Werner was one of the Twentieth Century's human-growth geniuses, in my view.

If someone comes up with a great way to emerge from our woes, the MSM will annihilate it. This is not a new plan.

We may not like the turmoil we're going through, but I think it speeds up growth.

It presents so many important choices. On a normal day, when peace reigns, we'll have ordinary choices, but not choices that affect the heart of our character.

After Helene and Milton, while there was a tussle going on between the monk and the warrior, the warrior unto himself is becoming firmly set.

[I have not fully emerged yet, but the process has started.]

I know this may offend some folks. They're not on this site to hear about war. (3)

Neither am I, by the way, but it's here. Mass murder by hurricanes was not in my thoughts.

That I may disappoint you I just have to deal with because the fuller form that I'm emerging into is more me than what I now see as the suppressed other side of myself.

[I am slowly emerging.]

In fact, if you'll allow me the privilege of introspection when the world is under seige, looking back, I see the whole of my life until this point as being about emerging from the suppression of my character in early childhood.

Not like that was special to me; the whole neighborhood followed the same drill-sergeant child-rearing patterns. It was the universal way of parenting in that post-war generation.

But I'm feeling a strength and solidity in my belly and chest that is both foreign and familiar to me. Foreign because I usually suppress myself before reaching this place. Familiar because the effect of emergence is that I feel more me than I did.

(Concluded in Part 2, below.)

What these books were about is what's happening for me right now": Emergence. It doesn't only happen once. It's a progressive process - more and more and more. The whole of the growth movement could be said to have been about emergence.

(2) The three main elements of which were (A) a three-month residential encounter group at Cold Mountain Institute, (B) the est Training and its affiliated programs, and (C) enlightenment intensives.

(3) In my lifetime, I've always served in the role of protector. In Toronto, in 1970, I was stabbed in the back protecting an old man who was being robbed.

This kamikaze behavior can again be seen as resulting from an early vasana (core issue) born of domestic violence. Having promised to protect my Mother in the future some day (I was seven) when she was struck by my Dad, I was now protecting as a consistent response.

You might say it's my dharma (felt duty) to be a protector. As testimony to that, this blog was born as a cabal-fighting blog. Having just come out from presiding over a hearing room on discrimination and persecution (the refugee determination process), I could not stand what the cabal was doing.

On that, see "How It All Began!" July 2, 2024, at <https://goldenageofgaia.com/2024/07/02/how-it-all-began/>

Now of course, as Suzi says, we prefer peace. At least I do, unless and until we're hit by two manmade, weather-warfare hurricanes. Then I stand up and take notice. We need both.

Emerging from Emerging – Part 2/2

October 29, 2024

<https://goldenageofgaia.com/2024/10/29/emerging-from-emerging-part-2-2/>

(Concluded from Part 1, above.)

I feel more solid, more certain.

[I'm well into the process by now.]

I laugh when I think of a comment that Michael made:

Archangel Michael: Yes. Dear heart, you are a cement, marble, granite pillar. (1)

OK, I get it. "Marble" and "granite" don't relate to how I deal with others as much as they relate to how I am with myself.

Yesterday I could not have said this; today I can: When I am in my warrior persona, I am in charge of myself. In this persona, I feel, inside, like granite or marble.

[I have now emerged.]

It has nothing to do with how I relate or don't relate to others. It's how I am with myself. A good example of this would be J.D. Vance. You can tell he has emerged just by listening to his voice. He's a wonderfully self-possessed person.

RFK - another. Tulsi Gabbard, Kari Lake. We are blessed with this type of person right now - no surprise.

This is what people mean when they say "he (or she) was forged in the crucible of war." They mean that he emerged to the point where there was no inner dissent, no inner turmoil.

A house united is the only kind of house that *will* stand. Especially in the crucible of ... listen, I have to say it. When you send two hurricanes to kill people and devastate the countryside, to me that is ... war.

That doesn't mean that the warrior displaces the monk. That could not happen because the monk is deeper, ultimately multidimensional.

It's like TV channels. If you turn to one, you get its program. Turn to another, you get a different program. Getting one program does not mean the displacement or revision of the other.

Our personas are different; we create and employ them for different reasons and ends. They learn different lessons and may behave differently.

I'm led to believe that any one being has a multitude of aspects, past lives, and personas....

... but that's enough for one go!!!!

Emerging from emerging, I've never felt more stable and committed. The fog has lifted.

My Toes Tap in Eager Anticipation

October 30, 2024

<https://goldenageofgaia.com/2024/10/30/my-toes-tap-in-eager-anticipation/>

Team Trump - Tulsi Gabbard and Robert F. Kennedy Jr.

I wanted to say how impressed I am with the people President Trump has gathered around himself.

When I need a role model in leadership, for instance, I choose JD Vance and Tulsi Gabbard. I actually look forward to hearing what they have to say.

I have this man's level of excitement — —>

.@ZacharyLevi: "I'm not voting for Donald Trump. I'm voting for Donald Trump, Bobby Kennedy, Tulsi Gabbard, Vivek Ramaswamy, Elon Musk, JD Vance, and everyone else they will bring in on this team." pic.twitter.com/EswrjPt1Oy

— KanekoaTheGreat (@KanekoaTheGreat) [October 28, 2024](#)

Who would have thought that federal politicians would have arisen who were actually inspiring? Give me a break? Not since Jack Kennedy has any President been inspiring in my eyes.

Well, one did, but he also turned out to be a bigtime crook. The disappointments never stopped coming.

But, here, add in Elon Musk, Vivek Ramaswamy, Kari Lake, Marjorie Taylor Greene, and quite a few others and suddenly I find myself saying, "This could work. This could work."

Now that I see excellent new leadership arising and coming together, it adds a great deal of fuel to my own fire. Inspired, I feel ten times more capable of entering a new field such as humanitarian philanthropy (and running a business).

So this is how it's going to happen. I've already seen that the Company of Heaven can give me a realization or experience that unfolds existing or opens new talents or skills.

Now I see that, probably again with their help, the process of emergence that I've just been through eliminates barriers that would previously have held me back. That's another process that will come to my aid as I step into a different and much larger role - as you will too.

With these folks installed in government, I feel more confident than ever before about innovating and risking. My toes tap in eager anticipation at the mere thought of it.

Riding the Tide

October 31, 2024

<https://goldenageofgaia.com/2024/10/31/riding-the-tide/>

On every level, this that we're seeing around us is the people of the Light standing up to the darkness and asking it to leave.

The Divine Mother has decreed it:

Divine Mother: [I am speaking about] those in ... positions where control and abuse of power have been rampant. That will not be the platform [from] which integration of the various galaxies [into the new interdimensional region of space] takes place. That is not the Plan.

DM: I know very clearly, Sweet One, as do you, if it is not [in] my Plan, then it will not occur. ...

Make no mistake, ... Love will win because that has been my Plan always. (1)

The highest universal councils have ordered it:

Matthew Ward: Universal councils that set standards for civilizations' interactions would not sanction killing 90 percent of Earth's population, an Illuminati goal of longstanding. They [the Illuminati] cannot have a third world war—they started WWI and II and made vast fortunes by selling war machinery to both sides in both wars—and they cannot fabricate and release more lethal viruses.

The councils hold that the reign of darkness on the planet is over for once and for all. (2)

Jesus has laid out what needs to be done:

Jesus: You live in tumultuous times and you live in a time of fulfilment. ... You are leaving compassion and latitude for correction and understanding.

You are bringing to light what needs to be revealed so it doesn't destroy the fiber of your society. ...

When you see the shadow, it defines the light. (3)

The white hats are draining the swamp. Tom Hanks, before he died, said we'd never stop them because they were everywhere. (4) If he's right, you can see how extensive an operation it'll be.

We're freeing trafficked women and children. We're stopping the torture of children for adrenochrome. We're ending money laundering and other forms of corruption in government. We're putting "paid" to election fraud. We're doing all of this to save the world from slavery and destruction.

If I tried to sit on my support for the white hats, galactics, and the Divine Mother, I'd burst apart at the seams. I have to acknowledge my bias: I'm 100% behind the Trump Team and the white-hat Global Military Alliance.

I see Donald Trump and, even more so, the fantastic group of people that has gathered around him as the people who can lead us through this action of reversing the tide of evil/Satanism.

When we wonder how we're going to deal with so much evil, it may be controversial of me to say it, but the rising vibrations, as the Mother has told us, will take the dark ones naturally. We don't have to fulfill that function ourselves, although we may need to incarcerate people.

The Mother has said:

Divine Mother: Those people who just simply say "no, I don't want to do this" will be gathered up in mercy, in compassion, gentleness and kindness – not brought to somewhere else, let me be very clear about that – they will be brought home for reconstitution. ...

They will either die beforehand or die during, because they cannot incorporate the level of the love energy – because that is what Ascension is – they cannot incorporate that and it literally... you have heard of situations, especially you... have heard of situations where people's hearts simply stop or explode for no explained reason.

It is simply because they cannot continue on, and the merciful thing to do is to simply, gently and kindly, bring them home. (5)

Nothing can stop our Ascension. That tide in the affairs of humanity that Shakespeare spoke of, which taken at the flood leads on to fortune? (6) This is it, right now. We're on it. And we're riding that tide to a world free of evil and criminality and suffused with love.

At Last There's Some Relief on the Horizon

November 1, 2024

<https://goldenageofgaia.com/2024/11/01/at-last-theres-some-relief-on-the-horizon/>

Ex-Democrat Tulsi Gabbard explains why she supports President Trump

Four more days to go.

I still feel elated, working on the news of the approaching election. (1)

I'm also still impressed with the tweet from Peggy Dodson from Harlem. (2)

Inexplicably, it had a quieting effect on me, both because of what she said and how she said it. There was no fear, no alarm. Early voting was quiet and uneventful. Her vote went through without being flipped.

The tenor of it put me in mind of the peaceful way things were when I was a child.

My fondest hope is that the sensibility of the Trump team will reassure people that it's possible to return to peaceful, connected, and caring communities.

There is a life beyond all the destruction wrought by manmade hurricanes and tornadoes, purposely-enslaving financial regulations, a down-leveiling of society ultimately leading to ... I can't say it ... Satanism.

There's no getting around it. Many of our leaders, whether by choice or blackmail, serve Satan. Not Stalin, Hitler, Mussolini or anyone else, except as it contributed to their plans.

I'm not open to being called out as biased, close-minded, etc. *I am biased*. On this subject, my mind *IS* made up.

The choice is clear. I regard the election of the Trump Team as part of ending war on Earth and building Nova Earth. I see it as necessary for the safety of all on Planet Earth. THIS IS a matter of national security, par excellence.

That the Trump team refrain from harming their enemies, beyond incarceration, is another of my hopes. So far we're sweeping the cabal off to meet their Maker. (2) I don't feel at all good about that. It's no way to enter a Golden Age.

So, yes, I'm beginning to celebrate early. I'm celebrating that we even have such folks among us as - Donald Trump, yes - but also JD Vance, Candace Owens, Tulsi Gabbard, Tucker Carlson, Megan Kelly, Vivek Ramaswamy, Kari Lake, on and on the list goes. I feel safe knowing that all of them are talking and dreaming together.

We may take a weather-warfare beating in the pre-election and post-election time. A hope of mine is that, post-Reval, we'll all contribute to a fund to support everyone who lost their family, possessions, etc., to the deep state's deprivations.

I'm excited at the thought of the rebuilding that'll be possible once the deep state has been removed from the seat of power. I already feel it. My imagination is starting to reawaken after decades of nothing but disappointment. At last there's some relief on the horizon.

Love Wins. Please Step Down

November 1, 2024

<https://goldenageofgaia.com/2024/11/01/love-wins-please-step-down/>

I continue to be impacted by the "share" from Peggy Dodson of Harlem. (1) Behind her all was peace. She was peaceful but forceful in her share. And for whatever reason, how she said what she said has stayed with me and I have this to share in return, Peggy.

One reason I was impacted is that I was born in 1946 and, if we ignore the family violence, the neighborhood itself was quiet and peaceful.

I grant that it wasn't that way everywhere in the world, but that's not the point. *It WAS that way somewhere. It's possible.*

Things don't have to be this way. We don't have to be at each other's throats.

I regard it as a matter of the first importance that we stop talking about Democrats and Republicans, Israelis and Palestinians, climate supporters and climate deniers, vaxxers and anti-vaxxers, etc.

Acting in this manner is like blaming the foot of the person who has just kicked us.

The prime cause of all this chaos is many levels above us. It sets us against each other and then controls the media to disguise what's going on.

Hurricanes Helene and Milton are caused by climate change. Ridiculous.

They were homegrown, manmade, artificial storms.

Ask us "conspiracy theorists" for the proof, as you so often have, and our "investigative journalists" have it. Exactly how you did it. But the important thing is *you did it*.

Behind the divisions - *beyond the divisions* - between Democrat and Republican, men and women, (!!) black and white are the ones doing the dividing, the manipulating, the puppeteering.

And here we are, having been set one against the other and the fires being stoked, and we have no idea that we're being used.

I firmly believe that it will take a complete change of personnel in Washington, such as will come in with the Trump team, to reverse the situation we're in.

We must, to use his courageous words, (2) "drain the swamp." That doesn't mean we have to execute. You know I don't agree with that. (3)

What does it mean?

President Trump leads the Global (White Hat) Military Alliance, as far as I'm aware. In 2017 he travelled the world, carrying the storied "red folders," containing the evidence of capital crimes that world leaders were guilty of and how they would be executed unless they worked with the white hats.

His allies in this were chiefly Vladimir Putin (assassinated and replaced by a lookalike, whom I like even better), (4) Mohammed bin Salman, and Xi Jin Ping (surprised?). What we're watching is truly a movie and one which is soon to be closed down.

President Trump is still - and always has been - the legitimate President. He allows all the lawfare to provide him with a precedent when he and the military he

commands (as Commander-in-Chief, he's in possession of the nuclear launch codes) take down the deep state. (5)

Even thinking of allowing President Trump's opponent to sit in the Oval Office brings up outrage in me. I want to say: Grow up, America. This is not a game.

Wake up to the peril you're in. Don't allow it to go any farther. Get out and vote, darn it.

Let me compress a few books into one statement on the outcome of this battle: Love wins. Says the one I serve:

Divine Mother: Make no mistake, Sweet One, Love will win because that has been my Plan always. (6)

If you hate a nation, you have no business sitting in the President's chair. Only mature spiritual beings may apply.

Like the Trump team, for heaven's sake.

I have this advice for his opponent: Please step down, as your boss before you did, and yield place to the one who needs to be the next President (well, he IS President) for the sake of America - and the world.

Ask Yourself: Which Candidate is Showing More Love?

November 2, 2024

<https://goldenageofgaia.com/2024/11/02/ask-yourself-which-candidate-is-showing-more-love/>

Three days to go.

Like so many people, I, following political events, would always have characterized myself as a supporter of the Democrats and a liberal. I'd never have accepted the word "conservative" as applying to me.

I wouldn't include someone like President Trump's opponent in the "liberal" camp. Doing so has no meaning.

One has to have consistent views to be said to have a political "character."

She seems to have more of the anarchist in her than anything else I can discern. I'll leave it to Jordan Peterson to unravel the matter.

A liberal is in favor of "liberating" life where there are unhealthy or unhelpful constraints.

We're seeing examples all over the place of government officials enforcing "unhealthy and unhelpful constraints." (How do you spell FEMA?) President Trump seems to me to be all about liberating. What is "draining the swamp" if it isn't liberating the world from totalitarianism?

He's way more of a liberal than his supposedly-liberal opposition.

Yes, he's conserving all that's good too, but he's also on the verge of a revolution in governance that is as liberal as anything one can imagine.

I'm referring to the Global/National Economic and Security Reformation Act (G/NESARA) that is waiting to be declared. (1) What could be more liberal?

I've attached a book on this new form of governance that's coming, led by Donald Trump and his international allies, including BRICS.

If I were to boil G/NESARA down to one sentence, I'd say: The governance mandated by G/NESARA is about as fair and equitable as any financial and political system I can think of.

Do go read about it.

We've heard story after story of people whose lives Donald Trump has touched. That's the liberating touch I think of when I think of a liberal. I find myself, as a liberal, quite comfortable in his "party."

We need all sides. In a functioning democracy, they'd exist side by side, respecting each other's needs and positions, and allowing an honest vote (with some exceptions) to settle divisive matters. (2)

But never mind all that, because there's something far more determinative at work here (or, perhaps, not at work here) and that's really what I want to end by pointing at.

Having visited various consciousness states of the higher dimensions that will be ours in an undetermined but short while, I know what love is.

What a strange thing to say! But I do know what higher-dimensional love is and I know why I call it "transformative love" and Patricia Diane Cota Robles calls it "transfigurative love."

It transfigures the person and transforms the consciousness of the individual, rather than being dragged down by a lower-consciousness state we may encounter.

It's that love that's missing from the situation. And on that you may have to take my word because that love is not widely found in our world - as you can see from all the conflict. But it will be. (3)

If that love - which does not exist in our imaginations unless we've experienced it - were present, none of the situations that end in conflict would vex us.

That love turns out to be all we've ever wanted so, having it, we already have everything we want. There's nothing more we're seeking but more love. And we can draw that love up endlessly from our opened hearts.

It'll be here soon enough, even before Ascension.

But for now, rather than being generous because we're already fed by an endless inner spring of love, we spend our time looking at good and bad, right and wrong, and other dry and unhelpful topics.

Love would cause those problems to disappear.

Ask yourself: Which candidate is showing more love?

For me the answer is crystal clear. The actions of one candidate appear superficial and bereft of love whereas the actions of the other are attested to by people whose lives that person has touched.

And the dream team he's gathered around himself must be the clearest testimony.

Love will not only win this war; when the wave of love comes, as predicted, it will redeem the world. And many dark ones will leave.

I have this fantasy that the NSA or Space Force has captured every vote entered into every voting machine. And, after all the strategies the Democrats have used to steal the election are employed, the military will step in and say we have a record and it shows that Donald Trump won by a landslide.

"Landslide" beats "hurricane" and the cabal knows it. And, if we get that, then *now* we're on the road to recovery.

(3) Before our Ascension, which is a full and permanent opening of the interdimensional portal we call our "heart," it's predicted that we'll experience what has been called a "Ring of Fire" or "Wave of Love." A solar flare, it will introduce us to higher-dimensional love. It'll be a temporary heart opening, but its effect on the world like likely be transformative.

Two More Days Till Human Decency Returns Again to Planet Earth

November 3, 2024

<https://goldenageofgaia.com/2024/11/03/two-more-days-till-human-decency-returns-again-to-planet-earth/>

I'm following on from an article in the *Gateway Pundit*, by Jim Hoft, Nov. 1. (1)

He goes over the characteristics of a totalitarian regime.

It's been my belief that the chief difference between a dictator and a leader is how far they're willing to go to get their way.

A dictator wants to determine, to dictate how things will be. Hitler executed anyone who stood in his way.

He ended up palsied, addicted, out of touch with reality, a sick man several times over. He exemplified what the Divine Mother says:

Divine Mother: It is painful for a being that seeks power for themselves or power over another, whether it is a parent over a child, a husband over a wife, a man over an army. It matters not.

The yearning [for], the exercise of control never gives joy. The pain simply grows. And so the actions become more grotesque, larger, until the breakdown is and has [been] and will be occurring. (2)

We can't say that about Joe Biden because Joe Biden has been dead since 2018. The actor Arthur Roberts is "Joe Biden" and he apparently follows the white-hats' plan. (3) Perhaps even down to his "garbage" comment.

Arthur Roberts

How far is "Joe Biden" willing to go? How far is Donald Trump willing to go?
How far is Kamala Harris willing to go?

Hurricane Helene for lithium mines for a company whose largest shareholder is her husband? Sending millions to the Ukraine and effectively nothing to American hurricane victims - victims to a hurricane made by her allies (the deep state) that benefitted her and her husband? When does a conflict of interest become treason?

Millions of illegal migrants? GMOs, derailed chemical trains, burned-down food-production plants, endless wars, DEW weapons destroying towns?

All the charges being hurled at Donald Trump say more about the ones charging than their target.

The way I see it, the election is two days off. That means, I hope, that we have only two more days to wait till human decency returns again to politics and Planet Earth.

From Greenback to Goldback, Thanks to Trump

November 4, 2024

<https://goldenageofgaia.com/2024/11/04/from-greenback-to-goldback-thanks-to-trump/>

As far as I know, American rainbow currency has not been released so I use another nation's[/caption]

God bless my economics teacher, whose name now escapes me. He allowed me, when the final exam approached in an honors economics course, a most generous arrangement.

If I found myself hopelessly lost with no hope of survival, he asked me to write "Mary had a little lamb" on my exam paper and he'd pass me. But don't ever take another economics course, he said.

I've always honored that agreement.

So when it comes to describing something that President Trump has been intimately connected with but which is little known - how we're going from a greenback dollar to a goldback dollar, from a Federal Reserve fiat banknote to one backed by gold, oil, and other tangible resources - I shrink from the task.

In the ten days of broadcasts, the white hats will have the best minds explaining the revolution a gold-backed currency will bring about.

I just want to point out here that, in my very humble opinion, if it weren't for Donald Trump's part in the whole matter, I don't think we'd have a goldback American dollar, one that will have an honored place in a multipolar world.

Certainly the folks that the opposition works for don't welcome a goldback dollar. They want a deep-state digital currency, which they can integrate into their tightly-controlled world.

That isn't the world we're building.

A stable currency is an absolute prerequisite for the collaborative world we're building, in my view. There are many other requirements, but that's up there near the top, if I'm correct.

Therefore, in spearheading the Global Currency Reset and tying global currency values to tangible assets, BRICS plus President Trump (because Trump, Mohammed bin Salman, Vladimir Putin, and Xi Jin Ping have always been working together) are making currencies around the world stable one to another.

Their behind-the-scenes work on G/NESARA, the Reval/Reset, and other "prosperity programs" is the superstructure that's going to rise once the the old structure of the previous tenants is taken down.

While they're building the new financial realm, aided by Elon Musk, the world's militaries are rounding up Satanists, child traffickers, pedophiles, adrenochrome producers, organ harvesters, financial crooks, on and on, all in allegiance to the deep state, by whatever name you call it.

Donald Trump has already toured the world once, in 2017. He showed many leaders their "red folder," which detailed their capital crimes from treason to child-killing.

He asked for public signs of submission and got them. This is a Donald Trump that isn't well known.

Mohammed bin Salman treats him like an elder brother. Vladimir Putin and he get along very well. Xi Jin Ping welcomed him and Melania into the Forbidden City, a rare honor, especially for westerners. And he crossed the line into North Korea, sat down, and chatted with Kim Jong Un.

It's incomprehensible to me that anyone from the current administration could - or would - do these things. And yet he and his allies brought the world to agreement and will bring them to peace.

As one Trump supporter said in an interview recently, it's doubtful there would be a United States four years from now if the present administration wins another term.

I agree.

What the President has done and will do in the future, with all the backup of the US constitutional military, is something I look forward to with great anticipation.

Matthew Ward, whom I follow, said two days ago:

"Whatever gains permanence anywhere in the world will be aligned with the light, and anything with base intention will be fleeting or never get off the ground." (1)

With the rising lovelight vibrations, on the road to Ascension, (2) I can imagine the truth of that.

It was necessary to allow the present administration to rule for four years for the public to wake up to the threat they faced. It took all this and we're still not out of danger.

But if anyone can steer the ship through these waters and into safe harbor again, for me it's President Donald Trump and the impressive team he's gathered around himself.

This is It!

November 5, 2024

<https://goldenageofgaia.com/2024/11/05/one-more-day-to-go/>

Credit: Dan Santat

No more days to go!

The most remarkable thing for me is to see a group of political leaders, working together, each of whom is known for their integrity.

Not what I earlier called "the suits," who returned after removing Kennedy from the scene, but genuine, authentic leaders. President Trump has attracted to himself a group of what I think of as all-stars.

And they're working together in the way Matthew Ward recently described:

"The dark forces fight with divisiveness, deception, corruption, and fear. The light forces use only the power of love, and in the continuum [i.e., the higher dimensions], they already have won the battle." (1)

President Trump has reportedly already tasked Bobby Kennedy with reorganizing CDC, NIH, FDA, etc. I hope he turns the others loose in their fields of expertise as well - watching out, nonetheless, for the Peter Principle - that a person can be promoted to their level of incompetence.

It's been decades since I've looked forward so much to watching our political landscape change, years of watching it only to observe corruption and inauthenticity.

I wonder what they'll turn their attention to first. I hope it'll be to shut down weather warfare and compensate the victims of it, wherever they be - Lahaina HI, Paradise CA, Southeast USA, Wyoming, etc.

Rather than reporting fresh crimes of the deep state, I'll be reporting fresh accomplishments of a white-hat administration. And, thanks to G/NESARA and the Reval, there'll be no shortage of funds, 6,000 sequestered patents to choose from, new technologies introduced from our star family (replicators, anti-grav vehicles, med beds, computers the size of bindis, etc.).

Please get out to vote. Today's the day. I'm confident of the outcome. I expect all manner of election fraud and interference but the white hats have the complete record.

Tomorrow is the beginning of a world which one day, I believe, will work for everyone. (2)

Now Let's Fire Up NESARA and Get to Work!

November 6, 2024

<https://goldenageofgaia.com/2024/11/06/now-lets-fire-up-nesara-and-get-to-work/>

I'm so excited by all I've seen and heard in the election campaign that I'm not even waiting to know the outcome before saying this.

My immediate inspiration is watching videos of Tulsi Gabbard and JD Vance, which, quite frankly, I'll do long after the campaign is over, they're both such good examples of ... lightworkers.

I'd vote for either Tulsi or JD if President if Trump moved on to a more global role, as I think he eventually will.

Of course I'd have to drive across the border to vote. But, then, that doesn't seem to be a problem these days, thanks to the present administration.

OK, OK. All kidding aside, this is what arises for me:

The deep state appears to be operating through the Democratic Party right now. They operate through all parties, to be sure, any channel that offers them advantage and keeps them in power.

Donald Trump is committed to taking apart that hidden force for evil, the real puppetmasters wherever they operate and whomever they operate through.

Behind the facade, whatever its outward manifestation, the deep state is Satanic in its worship and its modes of operation are beyond offensive; they're horrifying, as we'll find out in the ten days of broadcasts.

Given that they've cut themselves off from the Light, and taken an oppositional position towards it, the word that arises for me to describe everything about them - their campaign, their policies, their words and actions - is "soulless."

This is just my opinion. You fund me to share it, but I'm not trying to force it on anyone. I'm sharing how it all sits with me.

I find everything about what the deep-state-operating-through-the-Democratic-Party says and does to be "soulless." Shallow and loveless, forced and unconvincing.

Just like in the movies, we now have a rich assortment of soul-full individuals who've shown up on the scene at the metaphorical last moment.

They include Trump himself, but - as a magnetic force attracting people to himself - also Tulsi Gabbard, JD Vance, RFK Jr., Elon, Tucker, Kari Lake, Kash Patel, etc., etc.

Then there are others who are not directly part of that circle but equally sensible and soul-full - SG Anon, Jordan Peterson, Candace Owens, Megyn Kelly, Joe Rogan, again people based in social media and the Internet generally.

I'm not trying to leave out Q and the white-hat military who underpin Trump's efforts and make it all possible. I understand that Trump could not do what he's done without them.

This was a white-hat military operation from beginning to end and has been since JFK's removal from the scene.

Of the whole effort, Matthew Ward said:

"It would not be accurate to attribute positive differences to the election winner or any other individual. The pathway to benevolent changes in your world has been paved by the light forces—volunteers, other lightworkers such as the “[White and Red] Hats,” members of the extraterrestrial special

forces, all persons living in godly ways, and light-beaming far distant civilizations—and the ever-rising vibrations that are fortifying all efforts based in goodness." (1)

There are just so many sensible and soulful people drawn into the Trump circle, that I feel buoyed up with optimism.

Both the white hats behind the curtain and those in front are acting their roles consummately, in my opinion. The ones in front are so lively and thoughtful. And they'll be running the constitutional apparatus and directing the military.

And there's so much to do. But we'll have NESARA/GESARA to help us do it, plus the Reval. And, speak of other initiatives, Archangel Michael informed us back in 2011:

Archangel Michael: The galactics have no shortage of money and so there will be some very massive projects and the funds will be made available but they will really ask for human leadership in order to not be seen as trying in any way to assume control. (1)

Talk of human leadership, the people who've just emerged onto the world stage, really, with this election campaign sound like just the kind of people who'll demonstrate and attract that leadership, in ever-widening circles to build Nova Earth.

As I said a couple of weeks ago, I'm excited. Bring on the EBS and Phase 2. Lock us safely away for a week and a bit while you take down the cabal. Give us our ten days of broadcasts. Then let's fire up NESARA and the Reval and get to work!

What Trump's Win Means

Nov. 6, 2024

<https://goldenageofgaia.com/2024/11/06/359614/>

At last we have someone in the highest office in America ready and able to turn back the flood of ... I can only call it evil ... that has raged over the land ... the world ... in recent years.

President Trump already has his pathway cleared internationally. His leadership in the world was a settled matter before the election.

I'm willing to bet that if the United States had turned Donald Trump down as president, he might in a year's time be occupying an office of considerable influence in the United Nations. (He still may, after his tenure as President.)

Michael told me years ago that the United Nations would be cleaned up and reformed. (1) I predict we'll see Donald Trump there in not many years, after a thorough house-cleaning and after his term(s) as President.

In the meantime, I expect every kind of effort from the deep state to put roadblocks in whatever initiative President Trump introduces to take the deep-state machine apart.

And I also expect their efforts to weaken and weaken over time, because of the impact of the rising energies on decent people *and* on dark hats.

Hence the emergency broadcasts are not just for America, but for the whole world. Trump in place, I surmise that the rest is ready to go.

Ten days of broadcasts, emerging with GESARA/NESARA in place, the Reval occurring, the existence of our star family confirmed, and Planet Earth enters a new era and a Golden Age.

I'm ready. Are you ready?

Because, ready or not, here we go!

Footnotes

(1) Steve: Alright. So that I can prepare myself, can you tell me where I will predominantly be? ...

AAM: You will keep a home in Vancouver. You will predominantly be in New York. Much of this is going to come under a very broad, expanded umbrella of the United Nations. (Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, June 16, 2011.) (Hereafter AAM.)

Steve: Now the United Nations... I have this thought these days that they're corrupt.

AAM: That would be a misunderstanding. There are pockets of corruption. There are pockets of self-interest but think about what we are saying.

There are many within what you think of as the front lines of this organization that have committed themselves to making this world a unified, better place to live.

These individuals are not corrupt. These individuals are part of those millions of people that we say are stepping forward. So, you will not be led to the corruption. It will be sliced out of the equation. (AAM, April 19, 2017.)

Resetting Our Moral Compass

November 8, 2024

<https://goldenageofgaia.com/2024/11/08/resetting-our-moral-compass/>

The answer

I just read someone saying "Free speech is the answer." I get what they're saying and what they mean by "free speech" is indeed the answer. But putting the matter quite that way is going to result in some confusion down the line.

If Adolf Hitler were standing here saying "death to all Bolsheviks and Jews," would we say "Free speech is the answer"? Undoubtedly we wouldn't.

Notice we're talking about "the answer," rather than what we should allow or disallow. The two are different.

I've actually talked about what we should disallow elsewhere. (1)

If we're talking about "the answer," that's a different matter. And it's that one that I'd like to talk about here.

"The answer" usually implies a goal, a condition of doing what works in some circumstance and not doing what doesn't work.

If we agree that that's what we're talking about, then, for me, there can only be one answer: Loving (speech, in this case) is the answer. Remember. We're talking about *the* answer.

For me, finding "the answer" requires a prior resetting of our moral compass. In my opinion, we now have to permit love and unity to re-ascend the throne and hasten the departure of the politics of hate and division. And corruption and worse.

A resetting of that compass becomes possible in the space created by the landslide election of Donald Trump.

I expect to see black-budget cash flows to global trouble spots end pretty quickly - or someone will find themselves facing a military tribunal for treason on Diego Garcia.

I expect peace to be rather quickly established. After all, you don't want to be running a war and run out of cash. As they will, by Executive Order 13818. (2)

Or those at war can declare peace in all their conflicts, withdraw their armies back inside their borders, and benefit from G/NESARA. (3) The carrot and the stick.

Keep in mind something suppressed by the deep state: Any nuclear bomb launched into space will be neutralized. (4) All this talk of nuclear war is theatrics.

Make peace honorably - but quickly - and you avoid being killed or becoming a prisoner of war. I think that makes sense.

The world will soon be looking for the truth to the Internet community of "conspiracy theorists" - the truthers, anons, patriots, anti-vaxxers, climate deniers,

lightworkers - investigative journalists all, who kept a tradition alive. In concert with the few honest politicians, these folk guarded the flame of truth.

The days when the dark hats controlled the Pentagon, CIA, FBI, FEMA, etc., are soon, if not now, over. EBS or no EBS, the masks will begin coming off the political actors, royalty stand-ins, celebrities, and everyone else who is not who they seem.

The social and political landscape is about to dramatically change and we were given the new agenda back in 2017. From Trump (Q+) and from Q.

Trust the Plan. Nothing can stop what is coming.

And what is the Plan? Says its Architect, the Divine Mother: "Love will win because that has been my Plan always." (5)

The Trump Effect: A Global Creative Explosion?

November 9, 2024

<https://goldenageofgaia.com/2024/11/09/the-trump-effect-a-global-creative-explosion/>

It's as if the entire world were experiencing a creative explosion. The Taliban seem to want to enjoy the global post-G/NESARA life and have asked to be taken off the terror list. The Houthis have stopped their actions. Hamas wants peace.

Putin and Trump are making overtures. Xi Jin Ping is being conciliatory (the three of them were always in cahoots). On and on, it seems, international leaders are feeling what one Tweeter called "the Trump Effect." (1)

And why might some world leaders not feel released? Many of them were probably as much a prisoner of the deep state as many Hollywood celebs and blackmailed politicians have been. World leaders know what odds they face: Trump told them in his 2017 world tour. (2)

Some among them surely fear being snatched in the night and waking up in Gitmo. All is in turmoil for good or ill.

I don't want to be a party pooper, but, in my humble opinion, this time we really do have to drain the swamp.

We saw what happened when, after the Second World War, we imported "the enemy." In the end, they and other elitists took over the world's governments.

I cite Michael on the matter, my guiding advice:

Archangel Michael: Everything that has need to be eliminated, everything that has need to be relinquished, everything that has need to be healed in this cesspool that we call 'chaos' has need to come to the surface.

Otherwise – and this has happened many, many times in human history – what happens is there is a belief [that] there is a healing, an accommodation, a remedy, and then the human collective tends to think, 'Okay, now it is cleaned up. Now it is healed. Now it is done.'

But the core – the core issues of the collective, and of course of the individuals – has not been addressed, and therefore it simply settles in and it festers. (3)

I admit that things are slightly different from the Second World War now. The lovelight energies are rising, culminating in Ascension. (4) It won't be as easy for bad actors to stay around. Their ventures will not succeed. (5)

So we needn't panic about something festering. Quite the contrary. They'll be leaving under their own steam.

The point over which I feel urgency is not over that. It's over the fate of the children, kept underground in cages and used for adrenochrome production and organ harvesting. It's over for the fate of sex-trafficked women or women in countries where marriage may as well be slavery. I feel urgency for the fate of child soldiers, slave laborers, uprooted refugees, victims of drought and, shudder, hurricanes....

In the time we spend talking, children are being tortured. Having watched and heard one being tortured (*Frazzledrip*), I'm unable to get her screams out of my ears. Those who know cannot sleep, if even metaphorically speaking.

I certainly can't go to sleep on the souls of those who've been abused in these ways. Or on those in the body who now face torture and death. I could never live with myself if I did.

So, yes, the matter is urgent for me. But not to prevent a recurrence. To rescue the surviving victims (and get them onto med beds).

(5) For instance, the Divine Mother explains the career of the dictator:

Divine Mother: It is painful for a being that seeks power for themselves or power over another, whether it is a parent over a child, a husband over a wife, a man over an army. It matters not.

The yearning [for], the exercise of control never gives joy. The pain simply grows. And so the actions become more grotesque, larger, until the breakdown is and has [been] and will be occurring. And also:

Divine Mother: [I am speaking about] those in ... positions where control and abuse of power have been rampant. That will not be the platform [from] which integration of the various galaxies [into the new interdimensional region of space] takes place. That is not the Plan.

I know very clearly, Sweet One, as do you, if it is not [in] my Plan, then it will not occur. ...

Make no mistake, Sweet One, Love will win because that has been my Plan always. (Divine Mother in a personal reading with Steve Beckow through Linda Dillon, April 30, 2019.)

It's Up to Us not to Abandon Our Resolve

November 10, 2024

<https://goldenageofgaia.com/2024/11/10/its-up-to-us-not-to-abandon-our-resolve/>

Speaking as a light worker and a light warrior, I worry that we'll have a big party celebrating President Trump's win and then we'll consider it all over and put ourselves back on neutral.

It wasn't finished after the Allies landed on Normandy's beaches. (1) It just began. And it isn't finished here. There's more to go.

A portion of Earth's population is still held in servitude, slavery. The worst-treated are the women and children who are trafficked as sexual playthings, adronochrome sources, and harvested-organ donors.

It's inconceivable of me to think of falling asleep on them. Now that we have a global financial system, global voting system, and global military alliance, there's no reason why we cannot speak to the whole world - to end all slavery on Earth - and enforce it.

I'd like to see world leaders come together in making a second Emancipation Proclamation outlawing any and all conditions of forced servitude on Earth and enforcing the resulting legislation.

Now's the time to end the lives of misery that so many people around the Earth are subjected to.

Yes, let's celebrate DDay. But it's not the final victory yet.

I hope we keep in mind that Donald Trump first waded into this campaign promising to drain the swamp. The more we get into that process, the more the deep-state politicians who fear exposure will call him names that really apply to themselves - Nazi, dictator, fascist, etc.

If you'll allow me to express my opinion, it's up to us to not to abandon him or our common resolve to drain the swamp.

I suppose that's why the EBS is necessary. Most people will not believe what's been happening underground unless they see evidence of it for themselves. It's too bad because the worst is beyond your (and my) imagination.

Whatever the case, don't go back to sleep now that Donald Trump has been swept back into power. He'll face constant obstruction. We have to be strong in standing up to it and not standing for it any more.

This time, the deep state won't double down and survive. As I said earlier, this time the big hurt will end.

My counsel to everyone who reads this, listens to what I say, or gives a sh!t what I do, last nights victory was historic (YES!), but as in warfare, this was only the beginning of the long slog to achieving total victory.

The best analogy is that we have seized the beachhead and have broken through the hedgerows into Normandy. I want everyone to understand, we have not achieved a "VE Day", we are more like D-DAY+1. We have our beachhead, the troops are arriving in strength, with determined purpose, and a clear mandate.

But now the real work of rooting out the evil infestation really begins. Removing the infiltrators, the bureaucratic systems and processes that infect decision making and do nothing to protect the safety and security of the American people along with many bureaucrats who wish nothing but ill will to our arriving troops.

Sorry, not this time Obama. Fool us once, shame on us, try to fool us again, shame on you.

The Work has Just Begun

November 11, 2024

<https://goldenageofgaia.com/2024/11/11/the-work-has-just-begun/>

Apparently, the lights are burning at CIA Langley tonight.

The CIA are said to be meeting to discuss how to get around Donald J. Trump's exercise of constitutional authority. CNN's Anderson Cooper thought that was an understandable reaction. (1)

I respond to that by reminding myself that, given the deep-state's tendency to hold on till the end, I have a five-point list that I'd need satisfied before I'd relax. The five points are:

- (A) Rescue
- (B) Removal

(C) Revelation

(D) Restitution

(E) Reconciliation

(A) Rescue.

We haven't yet rescued all the trafficked women and children underground and shut those operations down forever. Until we do, that remains my number one focus.

And it includes paying attention to other victims of the deep state in other catastrophes such as the Lahaina HI DEW attacks and Hurricanes Helene and Milton.

I won't accept anyone saying we don't have the cash to rescue them because (i) 650 planeloads of gold were brought to Cheyenne Mtn from the Vatican some years ago and (ii) Illuminati wealth is being sequestered by Executive Order 13818 and is intended to be redistributed to the people.

Well, now's the time to redistribute some of it to deep-state victims.

Perhaps let that be an urgent function of President Trump's Truth and Reconciliation Commission.

(B) Removal.

The white-hat Global Military Alliance is taking down the cabal as we speak. I have no expertise in this area to be commenting.

One way or another, the followers of darkness will be leaving the Earth.

I oppose executing them. There's no reason for doing it. They'll leave soon enough under their own steam. (2)

(C) Revelation.

Somehow we need to get the word out on what the dangers are that we face (and faced). Many people remain asleep to them.

We need to do it without severely traumatizing people. I spent eight years listening to tales of abuse and torture as a refugee decision-maker. I can take some of the hideous photos and videos I've seen. But some people seeing material like that for the first time could suffer a serious emotional breakdown.

So how do we get the message across to the public at large? The full scope of our danger needs to be known if our women and children are to be able to walk the streets, day and night, safe from being kidnapped, tortured, and killed.

Revelation is in my area and the problem I just outlined is the one we'll have to resolve.

(D) Restitution.

What restitution is there for the loss of the love of your life? None.

Nevertheless, if we're to return to the center again, to the heart, the place where peace and happiness reside, we'll have to settle outstanding debts, whatever they're fairly determined to be.

So the election of Donald J. Trump, as seen from my outsider's point of view, is just what I consider to be the beginning of the work ahead of all of us around the globe.

We need to complete each step in a manner that sees that it never arises again, as it has consistently throughout our history. That is, there have always been cliques or elites who've wanted to translate the influence of their wealth into social power and control.

The work has just begun. And this time we must end the merry-go-round.

This time we lightworkers have come, have incarnated, to see that a thousand years of higher-dimensional love and peace begin again and reign on Planet Earth.

A Worldwide Declaration of Peace Would be a Good First Step

Nov. 12, 2024

<https://goldenageofgaia.com/2024/11/12/a-worldwide-declaration-of-peace-would-be-a-good-first-step/>

"The worldwide issues you are witnessing at this time are all fear-based manifestations of the separation concepts that underlie third-dimensional thinking." (1)

I breathe love up from my heart and, under its influence, I feel all walls and barriers drop for a brief moment.

But in that moment, I see that the "walls" that separate us are a human creation. In the Sea of Love, there are no barriers, no partitions.

That explains why love could flow right through me on March 13, 2015. (2) It recognizes no barriers or partitions. It's really only we who do - and they don't have to be there.

But saying this, I once again flash on what I know is happening underground. Below the Getty Museum, Disneyland, the Playboy Mansion, China Lake, on and on around the world, women and children are being rescued from cages, where they've been tortured for their adrenochrome and killed for their organs.

I have to put aside the non-dualist teachings for the moment, with profound regret, and free the slaves. Because that's what they are.

Rumor has it that FEMA trafficked any healthy North-Carolina survivors of Helene they came across. In Hawaii they simply shot them.

I have to put away my urban monk's garb until peace has returned to Earth. My attention for now is on the rescue of the trafficked and enslaved around the world and the removal of the threat.

A worldwide declaration of peace on Earth would be a good first step. Legislation, enforcement....

Back in the Office He Never Left

November 13, 2024

<https://goldenageofgaia.com/2024/11/13/back-in-the-office-he-never-left/>

I remain with the reflection I was in a few days back. For me, the clinching of the US election by President Trump, in a clear and uncontestable win, is like the lid coming off the pressure cooker. At last there's hope for freedom in the world.

Please excuse me if I continue to go an about it.

Everyone will have their own wish list for the new era in global politics that's been pending this election.

My chief wish is that the world comes to value and respect the divine qualities. Chiefly love, but all its flavors, such as peace, joy, happiness, etc.

There's so much that I'd like to see left behind - rap music, wokeness, manufactured crises, prisons for profit, GMOs, 15-minute cities, Covid vaccines, chemtrails, WEF, UN, WHO, HAARP, DEW weapons, oh my gosh. The list is so long.

The threat of their further spread has been countered. And the very energies are opposed to their continuance. (1)

We're assisted towards peace by our off-planet brethren who chase after our missiles and neutralize them. (2)

But, oh, all the folks who threw good sense and caution to the winds and have ended up charged with human-rights abuses and crimes against humanity. Just adrenochrome use alone.... But from all of it combined, the greatest stars of a few eras are gone.

The extent of depravity our global societies have supported since the Second World War is deeply disturbing and discouraging. People we looked up to and admired have turned out in some cases to be monsters.

And there is so much everyday misery on our planet, especially for women. I'm happy that the Commander-in-Chief of the US branch of the white-hat Global Military Alliance is back in the office he never left. But I won't be deeply happy until all the slaves on Earth have been liberated.

Here's a wish for my list: By Nov. 22, 2024, the anniversary of John F. Kennedy's apparent assassination, (3) that President Donald Trump join together with President Putin and other world leaders to author an emancipation proclamation for the whole world.

Draw on the tide in the affairs of humanity that his election represents, which taken at the flood leads on to fortune. Free the world.

On a Par with the D-Day Landings

November 13, 2024

<https://goldenageofgaia.com/?p=359730>

D-Day Beach Landing - 1944

Earlier, I followed Gen. Flynn in comparing the recent election to the 1944 D-Day landings in Normandy. (1) I'd like to say more about that analogy.

Our lives right now resemble the lives of people immediately after the D-Day landings. Prior to D-Day, there was no war-winning focus for Allied efforts. Yes, there were battles that could be fought but how the Allies were going to win the war was not clear.

After D-Day, our dice were cast. There was no relaxing of effort. On the contrary, all was now centered just keeping pushing forward to n the push to the enemy's capital.

Nov. 5 was our D-Day, the day on which our dice were also cast. Now it's a question of continually moving forward until the end, without losing our resolve even in the face of deep-state misrepresentations of the situation. (1)

I'm happy with the leadership: Six presidents in one. And all of us sharing the same vision, which I think and hope I can summarize in two words: a vision of human decency.

Enough of the trauma and drama. Enough of the extremes. Let's get back to the domain in which human decency and respect for others and one's self reign supreme.

In terms of the tug of war for society's attention and resources, those who wish to divide us can never win. Even if we do nothing, their kind will slowly disappear.

That we can leave to what Matthew Ward calls "the physics" that rule this universe:

"Wars, violence, deception, oppression and media censorship will cease incrementally as the dark hearts and minds among you leave the planet.

"It can be no other way—simply, this is the physics that governs life in this universe. As Earth continues apace into successively higher planes, nothing with low vibrations in any form—physical bodies, subversive plans, theft, dishonesty, unjust laws and imprisonment, bigotry, cruel customs and deeds—can survive." (2)

Our job right now is to speed their leavetaking (3) and minimize the damage they do in the course of it.

When the D-Day troops secured the Normandy beaches and began to move inland, I'm sure there was a pride felt those days that we can only imagine.

Stopping the deep state's political machine on Nov. 5 in the military capitol of the western world is, for me, on a par with the D-Day landings.

What Do I See in Donald Trump and Why Do I Support Him?

November 15, 2024

<https://goldenageofgaia.com/2024/11/15/what-do-i-see-in-donald-trump-and-why-do-i-support-him/>

On X, a Democrat voter confessed that she had no idea of the extent of support for President Trump. She asked to know what it was about him that we liked and supported.

I'm a Canadian and that has to be a filter on my seeing. But I can still tell you what I like about him. I'm just not impacted by issues specific to the U.S. so they won't show up in my account.

First, I like that President Trump wants to drain the swamp. For me, that's an absolute necessity, a game changer for my support.

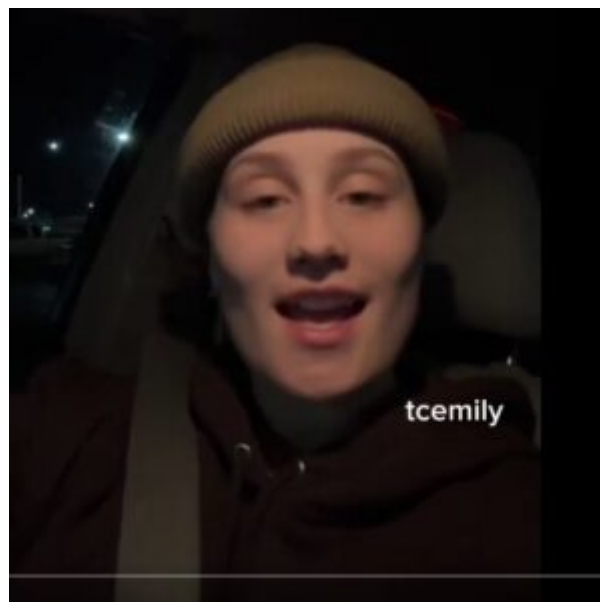

Second, he's a man of his word. When I look at the executive orders alone that he put in place which are now underpinning legal action against the deep state, I'm

amazed at the genuine skill of him and the larger white-hat team that enlisted him in the first place and whom he now leads.

He says he'll bring peace to the world. You and I know he's talking about G/NESARA. (1) But he will be the one to bring G/NESARA in and therefore to bring peace along with it, just like he said.

Third, he's a man of action. I'm not a man of action. I'm reflective and an introvert. I'm astonished at his ability to deal with a large number of world leaders, *putting the whole bunch of them at arms length from him on one occasion* - so to speak - as he did in Brussels, I think, in 2017. The pure pluck of the man has me be in awe.

He combines FDR and Teddy Roosevelt.

“I genuinely was riding that blue wave and felt like we were really unified in that. Obviously, I was aware of the MAGA presence, but I didn't quite realize just how massive it was.”

“It's... pic.twitter.com/SEzzdJBg9v”

— Wall Street Apes (@WallStreetApes) [November 8, 2024](#)

Finally, he has the ability to attract to him people of real ability and eloquence, who fill in gaps that he may have and really represent his strengths. JD Vance, Tulsi Gabbard, Elon Musk, Robert Kennedy Jr., Tucker Carlson - not to mention JFK Jr., Carolyn Bessette Kennedy, and others behind the curtain - all working with President Trump to drain the swamp.

So that's my answer to your question - what do I - a non-American - see in Donald Trump and why do I support him?
