Chapter One. Introduction

What is happening on Planet Earth?

Archangel Michael: You are at a point of what has been termed ascension, shift, awakening, heart consciousness, bliss, ecstasy, it matters not. The terminology is infinite and you love to have your own expression, as do we. The realization of your divinity, the contentment with who you are in totality in your divine human self, is truly awakened. (1)

Archangel Gabrielle: The restoration of Love upon this planet is Ascension. There are many explanations of how and where and when and what Ascension is and looks like and feels like. So again, in the spirit of simplification, we tell you that Ascension, individually and collectively, is the experience, the anchoring, and the embodiment of Love, in its totality, in its divinity, in its expression, in its actions. (2)

Matthew: Your "travel ticket" is the absorption of light that comes automatically with living in godly ways. (3)

Mike Quinsey's Higher Self: As you have been informed a number of times when the vibrations have reached a certain high point, those souls who have been unable to reach the same level will of necessity move to a different path to continue their

evolution and those who can continue lifting up will then go all of the way to Ascension.

It is a natural progression that enables you to enjoy complete freedom in a vibration that is so pure that only the truth can exist. Meantime you will gradually change at each stage of upliftment, and progress will be unhindered as previously when you had to experience the presence of those of lower vibrations. (4)

Archangel Michael: In these extraordinary times, to one degree or another, there is a major internal, transformational process occurring within every Soul on Earth. Individually, you are experiencing a clearing and cleansing process as well as modification and expansion in various areas of your physical, mental, emotional and etheric bodies; changes which are necessary if you are to hold up under and integrate the ever-increasing vibrational frequencies which are bombarding your Earth at this time. (5)

What does this mean for us?

SaLuSa: Life on your present Earth is coming to an end and of necessity, because the cycle of duality has all but completed its course. Nothing stands still and all is in motion and change to take up a new position according to its vibration. (6)

SaLuSa: The world is slipping into two realities, and the division will take place in accordance with the Law of Attraction. (7)

Mike Quinsey's Higher Self: Right now, every soul on the Earth is choosing whether they are continuing to serve self or if they are choosing to move into a higher vibration into service to others. (8)

Mira: If you have any concerns regarding your place in the future, have no fear as each soul will find itself exactly at the right level. Not even one can elevate themselves to a higher level than their vibrations allow. It means that all of those who have imprisoned you upon the Earth for millennia of time will also go to a level that is consistent with their lower vibrations. They will no longer be able to interfere with your soul progress, and will face lessons that they need to return to the Light. All works out in an absolutely fair manner, as God still holds all souls in his loving embrace. (9)

Mira: The stranglehold of the darkness is weakening and the planet is at a tipping point. This means that the collective consciousness of Light is stronger than the dark. (10)

SaLuSa: There is in fact a drawing apart of those ready to ascend from those who are unable to lift up their vibrations. They will learn much from their experiences that will help them grow and progress more quickly than previously. Souls of a similar vibration tend to band together which makes them feel comfortable with like kinds. (11)

What is the fate of those who choose to leave?

Archangel Michael: There will be those who choose to leave, to abandon their physical forms rather than ascend in physical form. ...

And I do not mean being spun off into an alternate world or Earth or Gaia or planet. I mean simply, abandoning the body, dying, leaving, and coming home. There is no penalty or shame or guilt. It is simply a decision.

But it is not the desire of the Mother that this [Ascension process] simply continue [forever] because what she also sees (what we all see) and what you've repeatedly said to us, even though we operate often in terms of eons rather than years, many of you are tired.

So we do not wish for those who have been stalwart and continue and practice fortitude and persistence along with love to reach the point where they abandon their bodies. And you are seeing that in many.

Steve: I can think of one person in particular that seems to be thinking of abandoning their body, so yes.

AAM: When it comes to a decision point of whether the recalcitrant remain or whether those who are determined to fulfil the Mother's dream remain, make no mistake about it. Those who have been in the truth of their heart and service will be victorious. I cannot be clearer than that. (12)

Is this time of separation an unnatural occurrence?

Arcturians: You could use that third-dimensional term. But it isn't a "time," because each person will experience it within their own state of consciousness. It

will not be a collective time. (13)

SaLuSa: Separation of the souls on Earth is ... quite a natural occurrence, as the Law of Attraction is always in action. (14)

SaLuSa: Provisions will be made for all souls and they will eventually find themselves progressing to the correct level. Bear in mind that your present Earth is also ascending, and only the souls that are ready can go with her. For all others their future is also assured and not one soul will be neglected, as all have their place in the Universe. (15)

SaLuSa: Be assured that those souls who have difficulty in lifting themselves up are given every help to awaken to the Truth. They are treated with love and kindness as all souls are. For those of you who know that you are ready to ascend, we ask that you give help where it is needed, as you will be able to judge which level to use. (16)

Can you tell us some of the history of the dark forces?

Matthew: The dark forces started moving away from your solar system after the infusion of light from far distant civilizations saved the life of your homeland planet seventy-some years ago. That force field left because light is anathema to its very existence - just as lighting a candle in a dark room pierces the darkness, so does the energy of love-light pierce the energy of whatever darkness is nearby. Even though the dark forces left, its dense cloud of darkness remained on Earth, which the forces futilely had sought to capture for once and for all.

Darkness continued to preclude spiritual and conscious awareness in the collective consciousness, and via the law of attraction, Earth's residents kept producing the negativity that almost killed the planet. That changed when the intensive in-beaming of light started diffusing the density of the cloud and gave Earth the energy she needed to jar loose from the depths of third density and begin her ascension journey. (17)

The Arcturians: Even the darkest human has, what we would call, "The Heart of Ascension." However, through their incarnations on a troubled, war-bound, third-dimensional reality, they forgot the higher-dimensional expressions of their OWN Multidimensional SELF. Therefore, they became trapped in the third/lower fourth dimensional illusions of separation, power over, greed and separation from Gaia's Core. (18)

SaLuSa: The dark Ones intentionally concealed the truth of your true heritage, but that time is now coming to a close and those souls that are enlightened are leading the way forward.

Your new cycle will quickly move you into the higher vibrations and peace and contentment will soon come to all of you. It will be a time when you will no longer be held back by the dark Ones who will have been removed from the Earth. Indeed, no soul will be able to move into the higher dimensions unless they are of the higher vibrations. (19)

When can we get to work on the new reality?

Saint Germain: You are already working on the new reality, creating the new reality, creating the new Gaia, following in her footsteps as she raises her consciousness and brings all of you along with her. (20)

Chapter Two. Energy is Rising; Chasm is Widening

How will we find our path?

SaLuSa: By your vibrations you will find yourselves on a path that is correct for your continued evolution, as you find your way back to the Light. (1)

Mike Quinsey: The energies are rising and there will inevitably come a point where they will no longer support the lower ones.

SaLuSa: That also applies to all souls and only those that are ready will ascend. (2)

SaLuSa: All of the time there is a continual stream of energy increasing your consciousness levels that are rapidly rising up, and so the grand awakening spreads. (3)

What is happening to the developing divide on Earth?

SaLuSa: We see the divide on Earth becoming wider between those of the Light and those who are still held back by the lower energies. (4)

Mike Quinsey's Higher Self: There are two main paths that are carrying people onwards. One is restricted to the lower vibrations as it tries to create a path through

the turmoil and problems within the third dimension.

Another path makes headway to the higher vibrations through the power of the Light as it grows stronger and stronger. The two cannot continue in opposition and eventually only the Light will remain, and succeed.

Already it is forging ahead as more souls awaken and can see through the charade that is taking place. The truth lies within and those who can intuitively sort out the positive energies from the dross will certainly make progress. You will be able to identify those souls you can trust, and follow their dictates to set out your path. (5)

Will those who ascend be leaving anything?

Arcturians: Those who ascend will not have to leave anything. They are expanding their essence. They will be able to be fully aware within their fifth-dimensional self. And, if they choose to also assist beings on the third dimension, they will do so.

In fact, there are many beings on the planet right now that are in that state...that are fully connected to their higher-dimensional self and are only wearing a body for the sake of assisting the planet, or assisting people, or whatever it is that they are assisting. (6)

What will the separation seem or feel like?

Arcturians: We perceive it ... as a bleeding-into. So, if you can see the harsh boundaries that are, say, around the physical planet, and then you perceive the fifth-dimensional unconditional love, violet fire, divinity, connection with all that is, as it slowly drifts down into and begins to bleed into the third-dimensional reality; and as it bleeds into that third-dimensional reality, those that wish to enter this new possible reality will surrender into the higher frequency feeling and begin this process of transmutation into their light body so that they are then able to move within that oneness. (7)

Archangel Michael: There is an intense polarization building between the various factions, not just in isolated places around the world, but in every country, involving every race, culture, religion and political affiliation. We have told you that the chasm between the Light and the shadow lands is widening, and it is very apparent from both a lofty and earthly viewpoint.

We see clearly the areas that are being bathed in the Living Light, thanks to you, the faithful Sentinels of Light. We also see the swirling whirlwinds of negativity and chaos building in a multitude of countries, provinces, cities, towns, neighborhoods and even among families around the world. (8)

Archangel Michael: Those who are still clinging to the Third Dimensional Reality, [will find that] their version of Time/Space will no longer be supported by the Deep Codes, and the crumbling of illusions will accelerate and become ever more clear and obvious. (9)

Chapter Three. A Moment of Decision will Come

How long will this process of Ascension go on for?

Divine Mother: When I have said to you, through one of my many voices, that this was a year of rebirth, did you really think that rebirth would be indefinite and that you would be in the throes of labor forever? No! That is not my way and it is time for you, each of you, and for all of humanity to also realize you do not need to be stuck in elongated labor pain. You do not need, there is no requirement, to be stuck in the waiting game. (1)

What will happen to the beings of darkness as the energies rise?

Arcturians: Eventually there will be a time where there is a high enough frequency of Earth that the beings of darkness will no longer be able to adhere their frequency to that planet and they will instantly be pulled into the lower astral plane. And, there they will continue their darkness, putting out darkness, until they learn that energy out is energy back. It is about a graduation, in a manner, learning that Gaia is a planet of cause and effect. (2)

Hilarion: There is a choice before every human soul, a crossroads if you will; which path to follow – one that is steep and leads directly to the Creator, where the soul holds the weight of the world upon its collective shoulders, or, the one that spirals around the mountain as the souls upon it experience lesser levels of density but which ultimately bring them into wholeness. (3)

SaLuSa: All souls will make a freewill choice as to where their journeys will take them next. (4)

But everyone will receive the invitation to ascend, right?

Archangel Michael: Is it guaranteed ... that everyone will receive [the invitation to ascend]? Yes. Will some choose to say, “Oh, no, thank you”? Yes.

But that decision, that choice also has the ramification — and we’re not talking five minutes here — of consequently not being able to live on Nova Earth, renewed Gaia, because it is in a vibration of this higher realm of love. So if you do not want that, within or without, it is not that we are going to alter the universal law. (5)

When will we need to decide?

SaLuSa: By now most of you should have made the decision as to whether you have the desire to ascend. Your Higher Self will prompt it if it is part of your life plan, as it is an opportunity that will not repeat itself for a very long time. If it was indeed decided before you incarnated, then you are to some extent relying on your Higher Self for help. (6)

SaLuSa: The parting of the ways has already commenced, and those who choose other than Ascension will tend to lack interest in such subjects. In that case you must allow them to go their way, as it is a freewill choice that should not be interfered with. (7)

SaLuSa: Be assured that many helpers are with such souls, encouraging them to have the desire to lift themselves up. (8)

Mike Quinsey’s Higher Self: Every soul has to make up their own mind as to which path they wish to follow, and to many the Path of Light is too demanding and they are simply not ready for it but hopefully will realise that they are always given another opportunity to ascend.

It is not a matter of having to start all over again from the beginning, from a spiritual point of view lessons learned are carried forward. (9)

How long will the Mother wait?

Archangel Michael: It is not the desire of the Mother that this [Ascension process] simply continue [forever] because what she also sees (what we all see) and what

you've repeatedly said to us, even though we operate often in terms of eons rather than years, many of you are tired.

So we do not wish for those who have been stalwart and continue and practice fortitude and persistence along with love to reach the point where they abandon their bodies. And you are seeing that in many. ...

When it comes to a decision point of whether the recalcitrant remain or whether those who are determined to fulfil the Mother's dream remain, make no mistake about it. Those who have been in the truth of their heart and service will be victorious. I cannot be clearer than that. (10)

Archangel Michael: The time of separation is very close. That is why we are speaking to all of you with perhaps a greater urgency than you've heard and felt before. ...

That does not mean that, yes, in the infinite and eternal existence of the Mother, she will wait forever because this is the unfoldment of her Plan. This is what the penetration with all of our voices into each and every one of you is about. (11)

Will the Galactics participate in removing the recalcitrants?

Mira: The Light Fleet is advancing quickly in on the forces of darkness. There are billions of Galactic ships positioned to remove the most problematic perpetrators of death and destruction from the Earth.

Each ship has specific directions about what to do and where to go. The destinations are perfectly timed and filtered through technology that allows us the advantage.

We hear the calling from the Earth and from humanity for an end to the atrocities of the harsh way of life you have been living. We promise you this is our common goal. The damage has been done and there is no room for anymore. We have been granted permission to use whatever means are possible to achieve this goal. You can imagine how pleased we are to announce this.

Never again in the history of the Earth will self-serving beings be allowed to usurp the energies and resources of all of life on any planet. The days of the enslavement have been declared over. You are being freed from the rot and greed.

You may have to run for cover while active forces of light expunge the dark. They are cantankerous beings and while we deal with them you may feel the energies. They could get uncomfortable. This does not mean they will hurt you because we would not allow that. You might simply feel the turmoil of their departure. In the long run the energies will be much lighter. It will become easier to move about the Earth. (12)

Chapter Four. Those Unable to Withstand the Vibrations Will Leave

Credit: Disney Wiki

Is there a physical or scientific explanation for why some souls cannot ascend?

SaLuSa: All happens as it should according to Universal Law.

Put simply it states that no soul can move upwards until they have reached a similar vibration. (1)

Mike Quinsey's Higher Self: You cannot rise up unless your vibrations are compatible with the higher ones. (2)

Universal Mother Mary: The outcome is governed by rules that ensure that the only souls that can advance to Ascension are those whose vibrations have been lifted up. (3)

SaLuSa: When you ascend there will be no souls going with you unless they have raised their vibrations to the necessary level. That is the law, thus ensuring the harmony and balance that is a feature of the higher dimensions. It is a matter of freewill choice, but no one is automatically assured of ascending unless they have reached the required level. (4)

SaLuSa: The Laws of the Universe are sacred and apply all through it, and we are those who will make certain that they are carried out. It is why that with Ascension

no souls can go forward with it unless their vibrations are compatible with it. The choice is still yours, but you must have reached a certain vibratory level to ascend. All souls will have known about it before they came into incarnation, and some of them have no desire to ascend, but wish to add this period in duality to their experience. (5)

Matthew Ward: Individuals who persistently refuse the light have carbon-based cells that can't survive in high vibrations. They will die and their dark activities will cease. (6)

Matthew: It can be no other way - simply [put], this is the physics that governs life in this universe. As Earth continues apace into successively higher planes, nothing with low vibrations in any form - physical bodies, subversive plans, theft, dishonesty, unjust laws and imprisonment, bigotry, cruel customs and deeds - can survive. (7)

Matthew: The glories of the Golden Age will be available only to the souls who absorb the light that will enable physical survival along Earth's ascension journey into the high frequencies of fifth density. (8)

What is the situation that the dark face then?

Matthew: As Earth rises into higher densities where the light is more intense, the dark ones - puppets of the dark forces - will embrace the light or their physical bodies will die and the souls automatically will be drawn to worlds where the energy density matches the energy of the physical lifetime. (9)

Now we speak again about the dark ones. On Earth they are the individuals who about ten years ago refused to honor their soul-level agreements to join the light forces after providing the masses the opportunity to complete third density karma.

They continued to wreak havoc throughout your world by such means as controlling governments and the global economy, releasing laboratory-designed viruses, manipulating weather and initiating earthquakes, starting wars or reigning over tyrannical regimes.

During the in-pouring of love-light energy, those few individuals who still are among you absorbed little more light than they had, which is only the spark that is their life force. But it was enough extra for their bodies to physically survive in the first wisps of fourth density where Earth is at this moment. If they do not absorb

more of the light's brilliance that will keep intensifying along the planet's ascension course, their bodies will not be viable much longer. (10)

Matthew: [There] they will have other opportunities to raise their consciousness and evolve spiritually. (11)

SaLuSa: The dark are losing their ability to prevent you from discovering your true Self, and instead of separating you from your Light will find that it is you who separate from them. (12)

Matthew: As Earth enters higher and still higher frequencies along her ascension pathway, individuals with dark proclivity - the unconscionably brutal, greedy and abusive of power, some in ruling positions but many others controlling behind the public scene - will leave the planet.

Without light except the spark that is the soul's very life force, those persons' bodies will die and their souls automatically will go to the very dense energy planes that correspond with their lifetime energy registration. In those placements, they will be offered a constant beam of light, and if they respond, their consciousness levels will rise. (13)

Will they leave en masse?

Matthew: Individuals who do not absorb sufficient light to ascend with Earth will not leave en masse. The time of physical death will be in accordance with the amount of light in each body, and dying can be the result of any of the current causes such as disease, drowning, vehicle crashes, suicide, fires, and earthquakes. (14)

Matthew: Regardless of the reason a soul leaves this lifetime, physical death will come from any of the many causes that exist now. There will be no mass departure of darkly inclined persons when Earth reaches some specific vibratory level because the amount of light within bodies varies. (15)

As the Earth expands her frequency, those of a very dense frequency will not be able to tolerate this Earth. They will get diseased. They will die. They will not be able to live. It will be too high of a light for them to tolerate. (16)

Some may choose to leave the Planet through their own means, or through their physical body not being able to attend, or want to attend, to the shock of that which

their Awakening presents to them. (17)

What are their symptoms?

Those who cannot release themselves from their old belief system will gradually become more isolated. There is no shame or retribution where they are concerned, but it does mean that their next experience will be a continuation of what they have already chosen. (18)

The forces of darkness must remain on the 3D matrix, as they cannot tolerate the fifth-dimensional Light. The resonance of the fifth dimension makes the dark one's minds work too fast and their hearts beat too fast.

When this occurs, their thinking becomes erratic and their emotions become so fearful that they begin to fall out of alignment with even the third-dimensional matrix to which their resonance has trapped them.

Hence, they are stuck in the third-dimension because their minds cannot understand of the fifth-dimension, and their emotions cannot tolerate the frequency of Unconditional Love. (19)

Mike Quinsey's Higher Self: It would not be in the interests of those whose vibrations have not been lifted to try and find a place in Ascension as, even if they could somehow do so, it would be a very uncomfortable experience.

Their timeline will continue to progress in a new cycle in another direction that will eventually offer them a further opportunity to achieve Ascension. A soul's evolution is ongoing and planned to eventually ensure success. (20)

SaLuSa: There is no pressure put upon such souls, as life is infinite and you have as much time as you like to evolve. (21)

SaLuSa: Since time is an illusion it does not matter how long it takes for them to awaken. (22)

Chapter Five. Those who are Darkly-Inclined Will Leave

What state are the dark in now?

SaLuSa: Those who are not of the Light but lean towards the dark side are in fear as they see the world falling apart, unlike you of the Light who have everything to look forward to. They are likely to drop further into the mire, seeking solace in drink and drugs. Hopefully when the truth about us and the coming Ascension is known, many can be encouraged to look to the Light for a path back to normality.

They may not do enough to sufficiently raise their vibrations to ascend, but any progress made now will be of value when they start their next cycle. There is no question of any soul losing any gains made in raising their consciousness levels. As long as you are progressing, you will never be looked upon as a failure as it can be as slow or fast as you decide. (1)

What is the fate of those who will not relinquish their attachment to the lower vibrations?

SaLuSa: There is no place on the path to Ascension for those who will not relinquish their attachment to the lower vibrations. At the appropriate time they will be removed elsewhere to continue life to their choosing. You need not therefore be unduly concerned with their last attempts to hold power as [they] will be unsuccessful. (2)

Divine Mother: Now, are there those that simply refuse the energy? I will not override their free will – and, in that internal refusal, they are truly creating not only more chaos for themselves and the external reality; they are creating internally, and often externally, a situation of despair. And that is very, very sad. (3)

Archangel Michael: Those who are not anchoring the divine qualities, who are literally saying “No, thanks. I’m not interested,” can’t stay. They will not have enough substantiality, materiality, wisdom to hold the vibration to be able to physically exist on Nova Earth. (4)

Saul: A very small minority of hardcore illusionists are still refusing to acknowledge the unreality of the environment that they are attempting to shore up, but their efforts and intentions are futile as the power of humanity’s collective intent strengthens and engages ever more fully with the divine ocean or field of Love in which all are enfolded.

The illusion is disintegrating rapidly, and that small core of refuseniks who are trying to hold on to power and control by supporting and maintaining that unreal and unloving state of affairs will just be gently relocated to an area where they can continue playing their games without in the least way inconveniencing the rest of humanity. (5)

SaLuSa: Those souls who still harbor [negative] thoughts ... will find that their vibrations are such that they will not be allowed to enter the higher vibrations of the ascended. It is no place for anything other than the Light and Love that exists in the higher dimensions. If you have the intent to ascend, make sure you are clearing the baggage that you have brought with you. Any word, action or deed that is on a lower vibration will feel out of place, so you should be able to gradually remove them from your normal interaction with others. (6)

What then will become of them?

Mike Quinsey’s Higher Self: Those of the lower vibrations will also move on and continue their evolution as before. (7)

SaLuSa: Some souls turn down point blank any approach made to acquaint them with Ascension. In those circumstances they are provided for, so that they can

continue on their chosen path that will give them further opportunities to ascend. (8)

SaLuSa: In the long term the energies cannot be rejected, as their function is upliftment of the lower energies. However, where an individual soul is not ready to receive them, arrangements are made for their placement where they can continue as they wish.

This normally means lifting them off Earth and allowing them to continue their experiences at a similar level. Freewill operates at all times, and is essential to give you freedom of choice where your own evolution is concerned. (9)

Will there be a mass exodus of the darkly-inclined?

Matthew: There will be no mass exodus, but rather throughout the year greater numbers of people will be dying than heretofore, and it is likely that among them will be members of your family, friends, colleagues or neighbors.

If they are especially dear to you, be comforted in knowing that along the ascension pathway through fourth density into fifth, there will be joyful physical reunions between souls on the planet and those in Nirvana. (11)

Matthew: Since there are varying light frequencies in individuals, there can be no mass exodus of those who are darkly-inclined at some specific point in Earth's ascension. Each such person will transition from this lifetime when Earth reaches an energy plane that exceeds that individual's frequency and physical death will come from any of the same causes that exist now.

Where will the souls of all the various densities now living on the planet go if they do not accompany Earth, and will they remember why they did not or will the veil of forgetting fall?

The souls whose lifetime energy registration was of the basest density - what some would call pure evil - automatically will be drawn to the only part of Nirvana that

is separate from the flexible layers, the tiny orb near your moon where the density is so great that it holds those souls captive.

They are aware of where they are and what they did that led them to that densest part of Earth's spirit world because it is there that they review their entire past lifetime moment by moment and feel their every emotion along with the emotions of everyone whose lives they touched in any way. This review process is the hell of some religious concepts.

Light is constantly beamed to those souls, and if they choose to accept the light, they will embody in a first density placement in primitive forms that have no memories or intelligence, but only an instinctive existence. This allows those souls to start with a clean slate, unencumbered by memories of the dark behavior that led them to that densest of placements in your part of this universe.

Persons whose lifetime energy was of very low density - those who ignored their soul contracts and whose deliberately ruthless actions prevented others from fulfilling their own contracts, but were not as tyrannical or diabolical as the souls consigned to that tiny orb - automatically are drawn to a first density world and start over from scratch.

When they accept the light that is beamed continuously into the placement, they can incarnate in a second density world where they will have no memory of other lifetimes but do gain a conscience, a capacity for reasoning, and free will choices.

With this greater degree of innate abilities comes the option to act within the light or the darkness; thus they can have many lifetimes in second density, relapse into first, or progress into a third density world. (11)

Chapter Six. Those Unwilling to Let Go of Their Cherished Beliefs may also Choose to Leave

What will happen when many people find their religious and scientific views disputed or discredited?

Matthew Ward: Many whose religious or scientific beliefs are the foundation of their lives will choose to depart rather than accept the forthcoming truths that differ profoundly from what they were taught. People whose wealth came under the old systems may be so fearful of losing everything when the global economy collapses that they will leave before they could know that new systems will function smoothly and fairly under knowledgeable managers with moral and spiritual integrity. (1)

Matthew: Individuals whose rigid beliefs are founded on false religious dogma and flawed science will be the most resistant - their beliefs are the very foundation of their lives or their livelihoods. And when the facts about "9/11" and the reasons for wars in Afghanistan and Iran - ALL wars! - are revealed, families and friends of all who died may be disbelievers because knowing why their loved ones died could be overwhelming. All of these people need compassion and understanding - they will be able to accept the truth after they transition to Nirvana.

Please do not feel sad if persons dearest to you are among the non-receptive. Spiritual evolvment comes at a pace that is as unique as each soul itself is - when the time is right for your beloved people to have conscious awareness of universal knowledge and grow spiritually, they will. (2)

Matthew: When the truth about religious dogmas emerges, many will choose at soul level to leave; later they will embody in a third-density world where their beliefs can remain intact until once again the truth emerges about religions' false teachings, and they will have another opportunity to open their minds and accept that truth. (3)

Matthew: The majority of people who will leave are the devoutly religious whose very lives would be meaningless without their beliefs; their bodies will die at various times, depending on each one's ability to deal with formidable mental and emotional stress after the truths about religions emerge. Once in Nirvana, all those dear souls will be aware of the truths, and will choose to consciously remember them in their next incarnation. (4)

Matthew: A large number of people who have lived in godly ways will choose not to ascend with Earth after the truth about the origin of religions emerges: They were designed in darkness to deceive and control the peoples, by the most divisive element of life on Earth, and reap wealth for the heads of churches. Although everyone on Earth knows that truth at soul level and it is a contract choice to consciously remember it, many of the devoutly religious will be unable or unwilling to accept that their deep-seated faith is founded on false teachings.

By so doing, these individuals deny the light within truth, that they are god and goddess selves, eternally inseparable from God and all other souls in this universe. Their next pre-birth contract will again include the provision to become consciously aware of that truth during their next physical lifetime, which will be in a third density world. (5)

What about those who are used to the familiar?

Atmos: [With] some souls ... as much as you may place the benefits in front of them, there is a reluctance to move out of the reality they are used to. (6)

Mike Quinsey: Many souls are reluctant to release that which is familiar to them and if that is their choice it will be upheld. It means however that they cannot continue to remain on Earth as the vibrations lift up. So they will at a suitable time move to another "Earth" where they can continue their chosen experiences.

They would not in fact feel at home in levels that were too high for their comfort or desire to continue experiencing the lower dimensions. Be assured that they would still be given every help to assist them to evolve at the speed that suited them. You

are never alone in your desire to evolve and help is but a call away. (7)

SaLuSa: As we have said there are many paths to Ascension, but also some that simply take souls on a continuing journey in this present dimension as they have no desire to do otherwise. Leave them to follow their chosen path, as it will provide exactly what they need to progress.

It is no one else's place to convince them otherwise, but be assured that they cannot have been on Earth without learning many useful lessons. These will serve them well at some future time, and, if they are souls that you relate to now, you may wish to stay linked with them as a Guide. (8)

⌘ Book Two ⌘

Chapter Seven. Where Will They Go? - They Will Die, Be Brought Home, and Go Out Again

Are there many choosing to leave at this time? What is their reception?

Divine Mother: Yes, there are many choosing to leave at this time, and each and every one of them are escorted and joyfully received, welcomed back into my arms, and they are nurtured and they are healed and they are attended to. (1)

Divine Mother: Those people – and think of it: you are working yourself with 144,000,000 of mine – but those people who just simply say “no, I don’t want to do this” will be gathered up in mercy, in compassion, gentleness and kindness – not brought to somewhere else, let me be very clear about that – they will be brought home for reconstitution. (2)

Divine Mother: [Those who choose not to ascend] will either die beforehand or die during, because they cannot incorporate the level of the love energy – because that is what Ascension is – they cannot incorporate that and it literally... you have heard of situations, especially you... have heard of situations where people’s hearts simply stop or explode for no explained reason.

It is simply because they cannot continue on, and the merciful thing to do is to simply, gently and kindly, bring them home. We do not know the meaning of punishment, of what has in the so many different religious pursuits been called “hell”. “Hell” is when you are in that place – the depth of despair.

So that is the separation that some are incompletely understanding. So it is not that

I am spinning-off a certain proportion of the population to go and live on another planet or something. That is not my Plan. And I tell you why: because this Ascension pattern – the process, the paradigm, the pattern – is to be replicated on many other planets. So we don't want to take those who are recalcitrant and then make a situation worse elsewhere. That would not be kind!

So it is far better – and I use that word specifically – it is far kinder to bring them home, let them refresh and then decide where they wish to begin over. And most of them, sweet angel – although I do not decree it so – most of them will choose to come back and live on Nova Earth because they will want to see and be part of what they missed!

Karen: So they will be healed of whatever they could not heal during the Ascension process or else the Tsunami of Love, the Tsunami of One, and then they will be where they could have gotten to here before the planet ascended?

DM: That is correct. And so they will have a hiatus. It is not a matter of judgment, but it is also from their perspective when they are home, so to speak... there will be a sadness that needs healing because they will realise what they missed. But in that sadness comes the healing and the reinvigoration to come back, begin again, and do better than ever! ...

We don't leave anybody behind. All are attended to – and it is curious, is it not? – all are attended to in ways that they, unwittingly or fully aware, choose to be attended to. The sense that lightworkers and my beloved warriors of peace and my sweet angels of blue and all the lovebearers will feel, the exuberance, the sense of victory – not in an egoic sense but a sense of “we did it!” – for all of you who have truly persisted will be enormous. (3)

Archangel Valdar: Either these individuals will be having a change of heart and rehabilitation taking place through healing on planet, or they will return Home – and when we say ‘Home’ we mean out of body... dead. (4)

SaLuSa: In the final reckoning whatever is believed will be down to free choice, and such souls will continue their experiences in a vibration that is the same as theirs. (5)

Now there still will be those unfortunately, (or fortunately for they are doing what they wish, although it is not my desire), that will choose to continue on in this type

of a reality, of the third as you could think of it as ... and they will be shifted to an alternate situation. (6)

When the bodies of those who refuse the light no longer can sustain viability, the souls will go to worlds where the energy matches their lifetime energy and where they will have other opportunities to raise their consciousness and evolve spiritually. (7)

Mike Quinsey's Higher Self: [Earth] is vibrating quicker than before and those souls of a lower vibration are experiencing problems accepting and integrating with it as they cannot harmonise with such a high energy. Before it becomes unbearable they will move to another planet where they are suited to its lower vibrations and can continue their evolution. This is the biblical time referred to in the bible when the "wheat is separated from the chaff." (8)

Won't the dark be following these channeled conversations?

Ivo: As for the negative polarity, most of them will not be watching these videos. That is a fact. These people do not believe there are others who can speak to us "aliens" any more than they believe that JB is not president. (9)

A peaceful world will be born in which cooperation and new technologies will be combined to resolve all the problems that have previously divided man against himself. All will live abundantly and happily in creatively stimulating and inspiring environments of intense beauty as they continue their onward journeys towards awakening.

However, these changes will not be apparent to those ones who choose a slower path! It will just seem that this new system of honesty and transparency has always been the way in which relationships have been conducted. (10)

Won't Incoming Energies Raise the Negative?

Ivo: The free will of those of lower frequency will hold it in place. Energy cannot displace free will. You were given free will, even the free will to give your free will away. Those in lower timelines do that. When they realize they are being controlled and realize they do not like it, then there will be hope for them. (11)

Chapter Eight. Those who Choose not to Ascend will Feel that Nothing has Changed

For those unaware, it'll appear as if nothing has changed

What will it look like to those who choose not to ascend?

Archangel Michael: People will disappear. It will not be cause for trauma or mayhem. It will not be the same grieving as someone in the physical realm dying. It will just be a slight shift in the case of friends. But, in the case of husbands and wives, parents and children, there would be a knowing. (1)

The few - and I emphasize, because our plan, and we do not give up - is that everybody goes, everybody - but if there are a few who, by free will, free choice, choose to relocate elsewhere, they will feel and think that nothing much has changed.

AAM: There will be an explanation of where you have gone or not gone. There will be a sense of that imprint of who you are. But they will continue in an illusion which has been very dense and very thick for them regardless.

So it will not be heart-breaking; it will be taken care of. For this is not in any of these scenarios a cruel, unfeeling, punishing process. This is an upliftment. This is the miraculous unfoldment.

So even for those who choose not to engage at all, it will not be painful and harmful. And they will be given their opportunity also to progress as they choose. And the only thing we say, there is a window there. So we are not talking about 20,000 years. We are talking a window for them to decide to come and join in this miraculous process. (2)

Will they be aware of what's happening?

Saul: A few who have demonstrably shown that they will not surrender to God's Love will remain unaware, because they have chosen for the time being to dissociate themselves from the truth as they attempt to maintain and even strengthen the illusory environment that has seemed to hold you enslaved for so long.

Eventually, the realization of the insanity of attempting to maintain this enclosed, shut down, incredibly limiting and hostile environment will seep into their consciousness, and then they too will seek out God's loving embrace. Until they make that choice they will be able to continue as if nothing had changed - unaware of the joy into which the vast majority of humanity has surrendered. (3)

SaLuSa: Now there still will be those unfortunately, (or fortunately for they are doing what they wish, although it is not my desire), that will choose to continue on in this type of a reality, of the third as you could think of it as ... and they will be shifted to an alternate situation. The people, ... say who are sitting there, may blink and not even remember ... or have dim sense, 'I wonder where so and so went? (4)

Mike Quinsey's Higher Self: It would not be in the interests of those whose vibrations have not been lifted to try and find a place in Ascension as, even if they could somehow do so, it would be a very uncomfortable experience. Their timeline will continue to progress in a new cycle in another direction that will eventually offer them a further opportunity to achieve Ascension. A soul's evolution is ongoing and planned to eventually ensure success. (5)

Chapter Nine. Frequency Splits into Timelines; Timelines are Splitting Apart

Credit: jennyshiltz.com

Can you explain timelines to me please?

Ivo: Everything is energy and frequency. There is no other law. Everything in consciousness vibrates and that is because it is alive. Everything has a measurable frequency. This frequency can be changed in the human and other species of life because that is the nature of life: learning and evolving. (1)

Ivo: Frequency will always split into timelines. Disparate frequencies cannot co-exist. They will always split out. More and more realities will emerge from this point in time, thankfully more positive ones than negative. (2)

Ivo: The timelines are splitting out and they are qualified in terms of truth versus lies. You get to choose which you wish to invest your energy in. In other words you are voting now, but with your energy. And you are investing in the future you wish your children to have. (3)

Ivo: The timelines are splitting apart and will continue to do so according to the frequency of members of the collective. Similar frequencies will collect in new timelines. It is important what you believe and who you allow to influence you now, very important. (4)

Ivo: The timelines are splitting out and they are qualified in terms of truth versus lies. You get to choose which you wish to invest your energy in. In other words you are voting now, but with your energy. And you are investing in the future you wish your children to have. (5)

How do timelines enter the picture?

St. Germain: There are many timelines that will take you out of this cycle, and you are creating them all of the time. (6)

Ashtar: There are those amongst you who have decided not to take part in this jump. They have chosen an alternative journey and a different timeline to follow. Honour their free will and their decision. (7)

Diane of Sirius: Everyone stands at the crossroads of evolution and either you choose to go forward and move to a new timeline or remain in your present dimension.

You cannot fail to be touched by the higher energies, but if you cannot assimilate them into your being you will eventually leave the new Earth that is emerging. (8)

Mike Quinsey's Higher Self: It would not be in the interests of those whose vibrations have not been lifted to try and find a place in Ascension as, even if they could somehow do so, it would be a very uncomfortable experience. Their timeline will continue to progress in a new cycle in another direction that will eventually offer them a further opportunity to achieve Ascension. A soul's evolution is ongoing and planned to eventually ensure success. (9)

What determines our experience on the different timelines?

Divine Mother: Although multiple timelines do exist and intermingle, it is still up to the collective of the timeline in which you find your major focus that will determine what you experience. We encourage you to leave the structures of the old energy to fall into decay on their own. Placing your focus upon them or resisting them in any way gives these structures power, at least for a short time. Focus instead on your own inner journey. (10)

Will people on different timelines disappear from each other?

It will not happen on... any ... date that you will be standing beside two others and before your very eyes, they will disappear into their own "timelines." (11)

What can we expect from the timelines of the future after the separation has occurred?

Archangel Michael: The timelines of the future lead to higher, more stable ground, away from the broad spectrum of duality and the illusion of separation. (12)

Chapter Ten. There is No Wrong Path

All paths lead home.

I worry that some family and friends are following the wrong path.

SaLuSa: Do not worry about anyone's path as all are destined to follow one that has already been planned. You will all find yourselves in the right place to continue your evolution. (1)

SaLuSa: All are cared for and by the time Ascension comes round, each one will be aware of what is to take place. As a cycle ends there are natural changes that open up the next phase of your journey that endeavors to take you higher. The opportunities are always there for every soul. (2)

We do not forget those who are not ready or choose not to go, and they also shall receive our protection until they leave Mother Earth. We love you all, and see your Light beaming out even if in some it has not fully developed. To us you are all One and we make no exceptions whatsoever. (3)

We don't leave anybody behind. All are attended to – and it is curious, is it not? – all are attended to in ways that they, unwittingly or fully aware, choose to be attended to. (4)

As we have intimated previously, we ask that as a Being of Light you feel compassion for those who have gone astray. There will be others who do not

understand that the greatest service you can give to another soul is to send them your love.

See their Light, however dim it may be, as the Godspark is immutable and will always remain in some form or another. Show that you have evolved beyond judgment, and allow the course of natural justice of the higher laws to look after those who are yet to answer for their crimes against Humanity. You have enough to occupy your minds with as your wonderful future unfolds. (5)

How many are expected to ascend?

Archangel Michael in 2014: You are still hovering at around 58, 59, 60%. Now there is going to be a massive graduation or release ceremony. The infusion from the Mother ... you have this expression that you use in many ways of the tipping point.

Well, many of these people that have been infused are pretty well almost there in which case it will jump to about between 75 and 80%. ...

What we are seeing right now, is that it will be in shifts. And there will be steps and doorways where some will simply go through and anchor for the whole, and then more will go through and anchor for the whole, until the entire process is completed. (6)

Do these numbers fit with your plan?

Archangel Michael: Our plan, and we do not give up, is that everybody goes, everybody. (7)

Jesus: There is room for everybody. (8)

SaLuSa: We wish that ultimately every single soul would reach the point of being able to ascend. (9)

SaLuSa: The awakening is accelerating and will touch all souls before the final days of this cycle. Whether all respond is their choice, but not one soul will leave this Earth without having understood the opportunity of ascending. It clearly will not appeal to everyone, as some souls would feel out of place in the higher dimensions. (10)

If we feel unready to ascend now, will we have missed Ascension forever?

SaLuSa: If you feel unready to ascend do not admonish yourselves as you have as long as you like to progress, as in reality there is no such thing as time. All is in the Now meaning you can eventually go backwards or forwards in time. You will understand more easily when you have moved into the higher dimensions. Indeed it will answer many questions that you now have. (11)

SaLuSa: No souls are lost or destined to remain in the lowest dimensions, as evolution is a continual process. (12)

SaLuSa: In time you will inevitably move onto the path of Light. (13)

SaLuSa: In reality no one actually fails, because although many are as yet unready to ascend they will have repeated opportunities until they also do so. (14)
