BIOTEKT, THE FUTURE NOW

BIOTEKT = BIO ARCHITECTURE.

A new way to build, sheltered and protected by the earth and nature. Just imagine spaces as invisible from the outside as a cave, but airy and full of natural light inside. Imagine houses that will pay for themselves over time, reducing heating or cooling bills and maintenance - living surrounded by nature but separated from its unwanted effects like humidity and extremes of temperature and weather by a perfect waterproof barrier. And imagine getting all this at costs equal to or lower than ordinary buildings.

Keith explores the extraterrestrial Hypothesis and discusses what humankind must do to proactively and beneficially plan for first contact and enduring global acknowledgement. It is vital for us to overcome our costly obsessions with waiting to react until after a situation turns bad, as we are prone to do.

Keith Seland brings 13 years of ufology research into his projects. These include three books in The Humaniverse Guide series.

Paying homage to the worlds oldest species, mushrooms, and the higher powers shown to ancestors who used this medicine. In a super natural world, we have been brainwashed away from our greater abilities. From telepathy, intuition and to psychic strength. Come learn about what your powers are and how to tap into them!

A passionate soul in the plant medicine field who wishes to accomplish internal peace. On a mission to heal within, so we can heal others. Facilitates mushroom psychotherapy sessions in private and group settings.

Suzanne shows you how to keep leveling up in this virtual reality space-time game. She demonstrates how you can become a Master Gamer and level up through 3D, 4D, 5D and beyond. Learn how to see through the eyes of your eternal soul, the gamer behind your VR's in space-time, and access the akashic records of all of your avatars!

Suzanne Ross has dedicated her life to the awakening and ascension of humanity through her books, services, T.V. network, radio show and the many events she has hosted. She is the author of the Up! Trilogy, the executive producer of SciSpi.TV and a speaker at events nationwide.

In this hands-on workshop you will learn the neuroscience-backed RESET methodology that has helped thousands of people become free from even the toughest cases of sciatic pain. We will be doing percussion therapy and customized assessments. You will walk away with everything you need to make sciatica a distant memory! Come ready to put your new knowledge into practice!

Koda Voytasek is a pain freedom coach who overcame 15 years of chronic pain after making a groundbreaking discovery about the brain body connection. She has now helped 1,000s of people become pain free through her company Happy Back.

3,000 years ago, enlightened sages, through the help of Lord Shiva, gained the power of clairvoyance. These Maharishis used their divine powers to predict the lives of millions of people. Their insights were put down on dried Palm Leaves. Your Leaf was written specifically for you and your life: Karma, Obstacles, Children, Destiny, Partnership, Career and Health.

Dr Q Moayad founded the Indian Palm Leaf Reading Institute to bring this powerful, ancient wisdom to the west. Dr Q has been a guide for over 25 years. His reading had a major transformational impact on his life where he was predicted that he will bring this to the west.

Join Susanne Wilson, the Carefree Medium and Intuition Educator, for a fast paced session of messages from spirit for a few lucky attendees. Susanne will deliver as many intuitive insights and medium messages, as she humanly can, in this fun and amazing event.

Susanne J. Wilson, MA is a Carefree, Arizona-based intuition educator, author, medium, and paranormal presenter. Susanne appears in Amazon Films, Coast to Coast AM, Gaia TV, Superpower Series, and Fox News.

The Wondrous Journey of Spiritual Transformation is in truth, transcendent of our comprehension and control. We are being guided through doorway after doorway, one state of spiritual realization after the next by our Beloved Lord, Most Merciful, and Most Wise. Let us become conscious travelers on this amazing unfolding journey back to our Exalted Beloved Source!

Sheikha Maryam Kabeer was guided to study intensively with Spiritual Masters around the world, and thus, through Divine Grace, to become, while forever making the journey, a vehicle for the transformation of other spiritual seekers.

Did Atlantis really exist? Is there any proof that it did? Are there any descendants of Atlanteans in the world right now? Were they good or bad people? Did the mean ones learn their lessons and paid off their karmic debts? What language did they speak? Is there any language that resembles it on earth, presently? Let's find out.

Lai Ubberud is the winner of "Houston Press Best Psychic & Best Pet Psychic", TV & radio personality, interviewed by newspapers & magazines, expert judge in Glamour magazine and in their Hall of Fame. Psychic, Past Lives, Animal communicator, New Age advisor.

When we begin to understand the synchronicity of how Divine Intelligence maintains homeostasis in all things, we start to gain a greater appreciation for the Oneness and Interconnection of the Galactic environment we live in. Come and dive deeply into your inherent nature.

PHIL WILSON

*Spiritual Purification
Using Far-Infrared Saunas*

Far-infrared Light generates a specific frequency of light that resonates with and is absorbed by the water molecules, which gives energy to every cell of the body. This increases body-core temperature, thus mobilizing the lymphatic system, increasing micro-circulation, and activating the para-sympathetic nervous system. This can give one deep profound relaxation, leaving one in the moment of NOW, where magic can happen, propelling one into a heightened state of awareness. This can give great joy and a sense of total-connected-ness to that which you are. Far-infrared energy is the loving light of the sun. This Workshop will elaborate on this.

Phil Wilson had an out-of-body experience in 1970, and a kundalini experience in 1971, propelling him into worlds of fasting, yoga, contemplating, and consuming very pure food. In 1976, He started distributing unique supplements and massage tools to stores and health professionals, promoting products that would activate consciousness-expansion.

ADAM APOLLO

The Ancient Mystery of our Human Origins

Who are we, and where did we come from? These great questions have been central in the lives of countless philosophers, scientists, and anthropologists for millennia. What if the theories we learned in history are built on false premises, filtered by ethnocentric scribes, tilted by religious doctrines, judgements, and persecutions? What if our true history is hidden in the mists of mythology, the origin stories of people around the world, and encoded in the ancient stone structures around the planet? What if our true origins are scattered among the stars?

Adam Apollo has been a featured speaker at the White House, in summits at the United Nations, and at conferences globally. Cofounder of UNIFY.org movement (over 100M people), and Superluminal Systems. Faculty and Chief Architect of the Resonance Academy, and the Guardian Alliance. DIVINE DUALITY

DIVINE FEMININE & MASCULINE

(Moderator) **Zoë Dane** is a Divine Feminine Embodiment Guide, Public Speaker, Spiritual Mentor, Tantric Yogini & Sacred Sisterhood Curator.

Gail Thackray is a six generation Reiki Master and has travelled extensively working with spiritual healers around the world. Gail is an exceptional medium with tremendous connection to spirit.

Scarlett Tantrika is a teacher and a practitioner of the Classical Tantra Yoga. She is passionate about sharing the hidden and esoteric teachings of Tantra and its occult origins.

The key to evolution into the higher vibrational realms is the integration of the **Divine Feminine** and the **Divine Masculine**. As the paradigm shifts, each aspect holds an important role and unification is vital. No one is wholly masculine or feminine, we are all parts of each. This panel seeks to explore the best of both polarities, redefine the ideal and seek integration within ourselves to create a whole new dynamic expansion for this next dimensional shift. This is going to be a juicy and potent deep dive into the interplay of divine masculine and feminine energy and how to harmonize these energetics within yourself and to see that unification reflected in our external world! CARLOS PLAZOLA
Why Decriminalize Nature?

This lecture will explain the reasons why we should decriminalize entheogens without limits to enable just and equitable access to these healing plants and fungi for the most vulnerable members of our community so we may all heal trauma and expand consciousness.

Carlos Plazola is the Chair of the Board of the Decriminalize Nature, an organization he co-founded. Carlos grew up surrounded by struggle, but also by a loving Chicano / Mexican community that taught him how to stand upright in the face of adversity. At seven, the death of a family member introduced him to the paradox of zero and the infinite. Several mushroom and ayahuasca journeys enabled him to reconcile this contradiction, overcome childhood trauma, and discover his healing path. He studied biology and anthropology at UCLA to understand life. He lived with the Achuar of Ecuador to connect with the sacred. Upon graduating from Yale with a Master's in Environmental Science, he came to a fork in the road: pursue a prestigious resume or hit the streets and become an organizer. He chose the latter.

Reset The Reset: In Revelation The Light Wins

Everything that is presently transpiring, 'the Great Reset', the Book of Revelation says is the preamble to what is to come. This is portrayed as a negative ET presence being further uncloaked and the AI cyborg Beast from Hell, unleashed by the Children of Darkness, going Godzilla on us. The time is now for the Children of Light to 'Reset the Reset' and keep the Beast in a box. Evolutionary Leader, William Henry, shows us how. Break through the chaos into Light. Help heal our world.

William Henry, author and TV presenter, for 20 years has been sounding the alarm about AI, transhumanism and Big Tech tyranny. He pioneered the "remain organic, natural, pure" human movement at this expo in 2013. His appearances have been prophetic. CONJURE QUEEN

Channeled Messages & Cosmic Consciousness

In this workshop I will be channeling my spirit guides to discuss major events to come, practical methods of spiritual protection, how to tap into cosmic consciousness, tools to awaken dormant DNA codes, sacred ancient knowledge, and more! There are major changes coming to Planet Earth, it's best to equip ourselves with practical information now. We are on a massive wave towards higher consciousness. Those who have properly prepared will ride the wave smoothly, but those who resist will get washed away with the big changes coming our way! The planet is waking up, energies are shifting, dimensions are crossing into each other, and timelines are being altered. It is important to understand how to implement spiritual protection, alchemy, ancestor veneration, and cosmic knowledge. Using the ancient science of our ancestors, we can tap into the timeless wisdom of the planet and learn how to be in harmony with her.

We have strayed so far from Spirit, it's time to reconnect and find balance again. Those who are not doing the spiritual work or assisting Mother Earth and her healing will get purged with the rest that are intentionally keeping humanity enslaved. Now is the time to make a choice and take a stand. Allow me to teach you how to utilize natural tools to free your mind, elevate your spirit, manifest your own reality, and make the most of this spiritual journey called life.

Strange UFO Abductions

America's Minuteman nuclear missile program has been haunted by UFOs from the late 1950s to the current day. During the 1960s and 1970s, UFOs frequently intruded into Minuteman nuclear missile sites in dramatic ways. In 1977, one Senior Airman Security Specialist and Policeman, USAF Staff Sgt. (Ret.) Mario Woods at Ellsworth AFB in South Dakota, along with his Launch Control Facility leader, were ordered to investigate an alarm at a Minuteman missile site northwest of Rapid City, South Dakota. The two policemen encountered a huge, round craft landed on the ground. Next came full body paralysis in their Air Force truck followed by transport into the UFO.

Soul Fix & Repair – Magnetic Healing

Do you have certain triggers or negative patterns that keep coming up that are seemingly out of your control? This unique awareness has an ability to enhance all aspects of our relationships, as well as to more effectively co-create a new way of being in the world.

Cayelin K Castell, co-founder of Venus Alchemy, My Star Alchemy and Shamanic Astrology Mystery School, has been writing Celestial Timings, her monthly newsletter, for more than 25 years. JACQUES VALLEE & PAOLA HARRIS
The Best Kept Secret

In 1945, a UFO crashed in San Antonio, New Mexico. It was one month after the first atomic bomb test at TRINITY. Join Paola Harris and Jacques Vallee, as they reveal the earliest evidence of US Government's UFO Recovery! Evidence that has existed since 1945, two years before the well-known incident at Roswell in 1947. Over several site investigation surveys they reconstructed the historic observations by three witnesses, two of whom are still living, who described to them the circumstances of the crash and recovery of a nearly-intact flying vehicle and its extra-terrestrial occupants by an Army detachment. Combining their long experience in field research around the world, Harris and Vallee have documented the step-by-step efforts by the military to remove the craft weighing several tons, from where it crash-landed during a storm. Be sure to attend this event and learn about Trinity: The Best Kept Secret! Jacques and Paola will be available to sign books after their presentation.

Paola Leopizzi Harris is an Investigative Reporter and widely published author. She holds a BA in English and French from Rhode Island College and a Bachelor of Science from the University of Colorado. Her Master's Degree in Education is from Leslie College in Boston. She served as the Principal for The American Overseas School of Rome in 1994 -1995 and taught Ancient History, photo journalism and English there until returning to the United States in 2007 to pursue her interests in investigative reporting in the field of Unidentified Phenomena Research.

Jacques F. Vallee studied at the Sorbonne and received an MS in astrophysics at Lille University. His early writings earned him the Jules Verne Prize for a science fiction novel in French. Coming to the University of Texas as an astronomer, he co-developed the first computer-based map of Mars for NASA, then moved to Northwestern University where he earned a PhD in artificial intelligence (1968) and served as a close associate of Dr. J. NEW THEORIES OF CONSCIOUSNESS

Is consciousness pervasive in the universe or is it limited to the brain function of evolved hominids. Philosophers and metaphysicians have been arguing back and forth, with the pendulum now moving away from BF Skinner's 'brain function only' to, what is called, "panpsychism", the belief that consciousness pervades the universe. Some progressive thinkers have gone further and are postulating that only consciousness exists. What do you think? Join our mind explorers for this lively interactive Panel.

Making Contact with the Greater Intelligence

Explore the possibility of experiencing an intelligent exchange with greater civilizations and our Cosmic Family. As we move beyond our physical senses, the experience of Making Contact comes with The Keys of Enoch® to bring forth a communication of the non-local mind. In working with the consciousness field, we gain knowledge of a universe teaming with life, and realize that the non-local mind is a calling card to connect with Extraterrestrial, ExtraCelestial and UltraTerrestrial Intelligences. The closing meditation will help activate our innate connection to the grand intelligence at the center of creation.

Drs. JJ & Desiree Hurtak, and **Alan Steinfeld** are futurists. Alan's new book MAKING CONTACT contains the Hurtaks' chapter on higher dimensional consciousness. Dr. J.J. Hurtak is author of 'The Keys of Enoch®'

THE PLANETS IN YOUR POCKET

A Practical Astrology Tool & Secret Weapon Personalizing the Planets to Positively Impact Your Daily Life.

Ascension is only one-half the astrology story. We all want to be more cosmic by extending our consciousness into the heavens. In this experiential smorgasbord we'll explore practices of conjuring planetary energy when we need it. All the planets are always in our pockets, waiting for us to reach in and pull out a little (or a lot) of the Sun, the Moon, or whatever planet we need in the moment. With a little practice, we can learn how to call forth the right planet at the right time to help us through tricky situations. The astrological planets are like imaginary superheroes who are ready to jump into real situations on our behalf. It might seem like magic, but the planets in our pocket become powerful secret weapons once we take the time to learn their secrets.

The Future of Astrology: Unwrapping the Mystery of Time

Astrology has been called the "Science of Time," but what is time? How does each planet open a window into a different aspect of time? How do the cycles of the planets warp our perspective of time and manifest events that are resonant with their archetypal symbolism? What is the relationship between time and space? What about higher dimensions? UAPs? Crop Circles? What existing technological breakthroughs will change the basic practice and consumption of astrology? What new tools will astrologers have in their cosmic toolboxes in the not-too-distant future? And what impact will astrology have on the hard sciences of physics and biology as it becomes re-integrated with academic studies? All this... and more.
