Introduction

There is a tension between freedom and service.

If we serve, have we surrendered our freedom?

If we're monarchs in our own domain, does that preclude serving?

In fact, we can never give away our freedom to choose. It's an inalienable capacity. It goes with this kit - this individualized fragment of God called my Self.

There's no chicken and egg here. Our freedom to choose comes first.

Even when I serve, I'm choosing, choosing, choosing to serve. At any point I could refuse. I could refuse to carry out a criminal command. I could choose to die rather than reveal the names of my comrades.

I may want to deny that I have choice in these situations, but that doesn't make it the case.

Many of us have lost hope in life of ever being or doing anything meaningful and so we've given into things like representing ourselves as the victim of this or that. Thereby we deny we have choice.

But at some level we do because it can be no other way. We just yielded that choice - under duress to be sure. But, as hard as it might have been to express, we retained the ability to say “no.”

We hold people who hold out till the end in great respect, sometimes reverence, people like Jesus, Sir Thomas More, and Joan of Arc. They demonstrate our inalienable free will.

We’re in a time when that freedom of will, action, and movement are under constant attack. A cabal of elitists are wanting to track our movement, administer toxic vaccines to us, feed us food made from crickets, poison us with chemtrails, fluoride, and other chemicals, and in many other ways weaken, enslave and kill us.

Whether or not we’re awake to that fact, the hidden war continues between the forces of Light or white hats and the forces of darkness or dark hats.

It’s seeing thousands of children being rescued from deep underground bunkers and tunnels, out of ship cargo containers, out of semi-trailers, and so on.

Theirs is the worst situation of all of us. They’re a cash crop and epitomize the loss of freedom on this planet.

The rest of us should know that, if we don’t take up our divine authority, as the sources here say, and counter threats like this to the peace and well-being of this planetary society, we could lose our external freedom.

The Mother did not intend this to be a lifetime of suffering and martyrdom. It’s my understanding that, if we meet the darkness with love, it cannot reach us. That’s the premise I’m going on.

But whatever the case, I leave my future to the Mother and carry on removing one barrier after another to my being a simple expression of love.

My freewill choice is to live my life as an expression of love. On balance, I think that the very best contribution I can make to freeing this world and building the next.

Monarchs in Our Own Domain

Aug. 5, 2014

<https://goldenageofgaia.com/2014/08/05/monarchs-in-our-own-domain/>

Having released a core issue recently, I ended up in a space I recognized.

I now saw why I had been given an experience of that space long ago and why I had written about it even earlier.

Having had an experience of it at a meditation retreat perhaps two years ago, the only word I could ever find to describe it was "regal." AAM later called it an "experience of the oversoul."

In that space, everything transpired telepathically. I spoke without speaking, moved without moving, acted without acting. (1)

And I also saw that I wrote about that space even earlier in asserting that we were all monarchs in our own domains. (2)

What is our domain? This body and its energy field, our other bodies and their energy fields - this is our domain. And within this domain we are kings and queens.

We're not monarchs over another person's domain. That was never written into the Plan.

Now, released from my core issue, I gravitated back to that space. Over the course of the day, there have been moments when I was bathed in bliss.

And I hear AAM reminding me that I may not be able to see what's transpiring behind the scenes, but I can feel the shift in myself. And yes, I can.

When I'm in that space of regalness, I imagine myself as being the king of my realm and also the minister or secretary of state for internal and external affairs, finance and commerce, education and health, etc.

When I do, I feel this terrific sense of competence, far greater than normal. I almost swell with it.

This isn't the same as the Preedy-like feeling I described some years ago. (3) Preedy nurtures the ego; but monarchs in our own domain nurture the Self. They nurture balance, personal responsibility, prudence, groundedness.

So, not Preedy.

Every monarch has a choice between being noble or dissolute, between being George V or Caligula. Imagining ourselves as monarchs in our own domain makes that choice available to us in a way that's as real as any other choice we make in a day.

So what if it's imaginary? Our core issues are imaginary.

Having a core issue, we make an imaginary threat real for ourselves; what harm is there in making an imaginary benefit real as well?

As far as living in an imaginary world goes, we live in one anyways. Why not make that world support us rather than undermine us?

I take a deep breath, enjoying the sense of satisfaction, fulfilment, and completion I derive in seeing myself as king in my own realm. This is emergence, (4) the emergence of something deep that my core issues obscure and render unavailable.

“[Preedy] took care to avoid catching anyone's eye. First of all, he had to make it clear to those potential companions of his holiday that they were of no consequence to him whatsoever.

"He stared through them, over them – eyes lost in space. If by chance a ball was thrown his way, he looked surprised; then let a smile of amusement lighten his face. (Kindly Preedy.) ...

“But it was time to institute a little parade, the parade of the Ideal Preedy. ... [He] gathered together his beach-wrap and bag into a neat sand-resistant pile (Methodical and Sensible Preedy), rose slowly to stretch at ease his huge frame (Big-Cat Preedy), and tossed aside his sandals (Careless Preedy, after all).” (Erving Goffman, *The Presentation of Self in Everyday Life*. Everyone a King or Queen

June 24, 2015

<https://goldenageofgaia.com/2015/06/24/everyone-a-king-or-queen/>

At the Lake Tahoe Conference, Janine from San Diego said that her relationship with her husband was successful because she treated him like a king and he treated her like a queen.

That comment so affected me that I felt the need to go down to San Diego and meet Janine and Gavin. That was the birth of the West Coast Express and seeing them alone was worth the trip (thank you fall who funded it).

Her comment still rattles away in the black box that sits on my shoulders. Like a time bomb or celestial download, it just chose its time to go off.

I already know that we're all rulers over our own domain - that domain is an energy field with countless bodies. (1)

The Source extends to us complete free will over ourselves, not over others. Our domain is limited but supreme. We actually are monarchs in our own realm - completely powerful over ourselves.

This line of inquiry arose when I was walking in the natural space and crossing paths with people. I asked myself how should I treat them so as to cause the least disturbance and the most benefit. Back came the answer: Treat everyone like a king or queen.

To treat every person as a king or queen - what a challenge! Without bowing and scraping. Without selling myself short. I'm not sure I have what it takes to live up to that standard.

What a wonderful standard to observe. I'm fairly sure that Fifth-Dimensional beings operate that way.

How does one treat a monarch? Usually with deference. People make way for a monarch. Make way for everyone? What a discipline.

Behaving that way is definitely useful in these times of transition where there's so much opportunity for the train to go off the rails.

I too am a sovereign being. Not saying I'm not. So are we all. All of us are monarchs in our own realms.

Can I really live up to that standard?

Self-Mastery, Personal Power, and Personal Responsibility

March 18, 2015

<https://goldenageofgaia.com/2015/03/18/self-mastery-personal-power-personal-responsibility/>

An important matter for lightworkers, in my opinion.

It's amazing how differently things look after a spiritual experience [fourth-chakra heart opening, March 13, 2015]. Or how things that were mysterious before are not mysterious after. Etc.

A sense that I had before, but which was undeveloped, is growing rapidly.

I'm coming to see, much deeper than I did before, that there's something I'm in complete control of, something I have total charge over, something that I'm not expected to relinquish control over and in fact cannot do so.

That something is me.

I'm master and commander over myself. And by the Law of Freewill, I'm master over nothing else.

I've said this before (1) but it's coming alive for me in a way it hadn't before.

I realized that I'm being inefficient and ineffective the way I'm managing myself. I often drift or choose on the spot or make it up as I go along.

But what I miss out on in abstaining from self-leadership is setting long-range goals for myself and accomplishing any effort that takes oversight, diligence and perseverance over time.

Our sources speak about "self-mastery" and prior to last week I'd have said that self-mastery meant mastering every thought and emotion.

I still think that would be a good development, but I'm coming to see self-mastery more as whether one functions as monarch in one's own domain or not. An enlightened monarch, to be sure, but the person in charge nonetheless. There continues to be no one in charge of this domain of me.

It's the assumption of control over my own process, wishes, and proclivities that self-mastery points to, I think.

All of this leads to a topic that many people prefer to avoid: personal responsibility. We avoid it probably because being a victim serves so many useful purposes in old-Third society.

It lets us off the hook. It wins attention, mainly sympathy. It shows us and others that we're a member of the tribe. Since everyone else is posing as a victim, we choose to conform. We go with the herd and feel comfort in belonging.

Personal responsibility sees us coming from the point of view that we're the source of our thoughts, feelings and actions, that our input is crucial to all outcomes involving ourselves - if not completely crucial to the total outcome, since others are involved, then at least completely crucial to our response to events.

I probably do so-so in the area. I used to do better. Lots of room for improvement. Note to self: Do better.

Personal responsibility encourages us to see how much of life we can take responsibility for without moving to the other extreme - assuming responsibility for and wanting to rescue everyone.

In the old Third, we were either a victim needing a rescuer or a rescuer needing a victim or a patsy. A patsy is one who aids and abets a victim, mostly by going into agreement with them on their stories of victimization, which by the way many of us do almost automatically every time we have coffee with a friend. It's a hard habit to break and may offend our compatriot if we ask them to leave the victim story aside.

I take personal responsibility for the shape of my world. It isn't OK with me that there are people starving, being used as sex slaves, being forced into marriage, forced into war, etc. It's my world and it isn't alright that these are features of it.

At this moment about all I can do regarding the shape of my world is bring up the love from the heart and send it out. Later there will be the opportunity to do much more.

I'd like to propose an hypothesis: that personal power varies directly with the extent to which we're able to take responsibility for our lives and our world. That hypothesis should lead to awareness experiments to test its validity.

Coming back to recent events, this new release of love - more like a constant wash of love, really - invites me to consider larger and larger involvements. It lends confidence. It clarifies the mind and strengthens the intention.

But at the same time, in a case of a breakthrough like this, I know that growth has to be balanced and slow, with us expanding and anchoring, as AAM said. If I get unbalanced with it, I've put an impediment in the way of love and I no longer want to do that.

⌘ Individual Sovereignty ⌘

Sovereignty

September 23, 2018

<https://goldenageofgaia.com/2018/09/23/sovereignty/>

We talk about "sovereign," "independent," and "free." Or "standing in our own power" and similar phrases.

Well, I'm now in the space they point to and, being in that space and looking at it, hmmm... how would I describe it?

Very reflective. Calm and stable. Not moved by very much now whereas before I did pay attention to a lot; especially, to what people might think of me.

I've been totally reviewing my life and looking at the way I live it. And one thing that stands out for me is that I've designed much of my life to win the approval and acceptability of others. We all have something similar to this going on, I think.

We all get conditioned as a result of growing up. Parents and teachers want us to see things their way and if we don't we get a clip across the back of the head. Isn't that how life works?

We're conditioned. Our lives are largely formed in response to what we think others want. Yes, we're pleasure-seeking machines and we have strategies to get what we want. One of our strategies is to be cooperative, even submissive.

I just became aware ten minutes ago that I could do whatever I wanted to do, in the course of a day. I didn't need to keep a certain schedule or meet with certain people. If I wanted solitude, I could create it. My life was mine to create with, when it isn't in service to the boss, as many others' are.

It's like waking up. Oh my Gawd, everything I do is designed to please somebody or myself. I'd say 60% of the former and 40% of the latter.

But I don't have to be doing that. I have more of a sense of myself now and in the space this creates I realize I don't have to live life from a conditioned standpoint. Let the conditioning say what it wants; I'll decide, after reflection. I really am monarch in my own domain.

Thinking from this larger perspective, I'm beginning to see a lot of things.

I can create my life exactly the way I want to.

Later

I'm now coming to understand sovereignty as a context for the first time in my life.

It includes full decision-making power over ourselves. That's all we can be sovereign over, although many dictators and cabals have tried to extend their sovereignty over ... in some cases, everyone.

I'm seeing how conditioned I am. Just one conditioned response followed by another, followed by another, in an orchestrated fashion, which we can call an "act," a "performance."

I'm going by a script. How to wake up?

Without the experience at Xenia, (1) I wouldn't be awake. I'd be carrying on in my automatic way, totally oblivious to the fact that I am.

Our deeper selves are there, underneath the rubble that sits on top of our ... sovereignty, of our conscious knowing and acting from sovereignty. But with the

rubble on top of us, our vision is restricted; our space is denser. We can't see a lot of things.

Once liberated from that through knowledge of the deeper levels of ourselves and the expansion that comes with it, we can easily see that we're absolutely responsible for ourselves and have absolute decision-making power over ourselves. We're fully-empowered ... no, divinely-mandated ... kings and queens in the matter of ourselves.

We're monarchs in our own domain. That domain includes all of our bodies and our energetic field/field of awareness.

We just don't know we are. But not knowing doesn't change the situation. We always were, always are, and always will be sovereign.

Saul Through John: People Everywhere are Reclaiming their Individual Sovereignty

August 31, 2020

<https://goldenageofgaia.com/2020/08/31/saul-through-john-people-everywhere-are-reclaiming-their-individual-sovereignty/>

As your moment of awakening draws ever closer, there is a palpable air of excitement worldwide, in spite of all the “bad” news that the mainstream media is focusing on so constantly and vociferously.

Truly, there is much pain and suffering as age-old hatreds and resentments rise into people’s consciousness to be acknowledged, forgiven, and released. Awareness of the insanity of many of the old patterns of human behavior – one on one, in families, in social, political and religious organizations, and between nations and groups of nations – is spreading, and people are making it clear that change of enormous magnitude and on a global scale is essential NOW!

It is becoming apparent to all that for peace and harmony to prevail the oneness and interconnectedness of all to all must be honored in harmonious loving acceptance of one another, regardless of any and all *apparent* differences that you observe between each other.

Humanity is a vast family, with many diverse interests and creative abilities, and it is now time to recognize this and honor all your brothers and sisters, instead of

dividing yourselves into opposing groups that judge and condemn the appearances, beliefs, and creative endeavors, etc., of other groups.

You have been aware for a very long time that that does not work. Nevertheless, the immature and egoic *need* to be right, to which so many cling, has made it practically impossible for you to truly honor even one other because of your own lack of self acceptance.

That sense of non-acceptability is the result of trauma of varying intensity inflicted or imposed upon you during infancy and childhood. None among you grew to adulthood unscathed by the trauma of childhood unacceptability, trauma so painful that you had to disown it or bury it deep within you – out of sight, out of mind – to enable you to face and engage with others, even though there still remained within your conscious awareness a sense of not being good enough.

What you had buried so deeply within yourselves as totally unacceptable was constantly being reflected back to you by others who were similarly traumatized, whom you then judged and condemned, just as you had been judged and condemned as little ones.

Growing from human infancy to mature adulthood is not easy, and many were so traumatized that they have never succeeded in maturing emotionally or psychologically. Many of those then used their physical or intellectual capabilities to defend themselves against what seemed to be an almost constant and aggressive onslaught from others, and often sought positions of power and authority over others in order to find some kind of personal self-acceptance, which has frequently brought disastrous consequences raining down on humanity.

What you have come to accept as normal behavior is behavior that has been conditioned by your childhood experiences of trauma, now mostly concealed below the level of your conscious minds, and is basically a defensive mode of existence in which you are on the alert for any sign of confrontation arising which might threaten you emotionally, psychologically, intellectually, or physically.

To live in such a state of alertness is, of course, very stressful and energetically draining. But, because it has for so long been the apparently essential way of life, it has become normal for most humans, and so stress is expected and dealt with on

a daily basis unless it becomes totally debilitating, in which case many who experience that state seek medical assistance.

It is *not* the way you would choose to live, which is why you so often watch infants, before they have become too traumatized, playing and engaging with life in delightful spontaneity and wonder why you cannot find the same joy in life, even if only momentarily.

It is this wondering that has, over the last few decades, encouraged people to look for more rewarding and enjoyable ways to live, and has therefore brought into their awareness the insanity of modern express-paced living in which there is no time to just be.

And even when people do realize this, and try to relax for a short period of time doing nothing, or engaging in meditation or contemplation, the almost constant and insistent urge to do something – *anything!* – sends them rushing to find some kind of distraction.

And there are countless opportunities for distraction available in your modern lives, that often appear to you to require your instant attention, but which obviously do not, *except in your intensely felt need for some distraction, Please!*

Now, as is clearly apparent, people are ready for change, are demanding change, and those in positions of authority, who are generally rather egotistically driven, either cannot see this, refuse to see it, or are so driven by their desire to maintain their *sense* of power, that they try to retain their hold on it by passing new and unacceptable rules and regulations to maintain the status quo – authoritarian control – and demanding that the police and other “security” forces then impose them.

This approach always seemed to work in the past.

But, the Past is Over! Change, inevitable and absolutely essential change is occurring, and will continue to occur until the old order just disintegrates due to a complete lack of popular support.

A new environment, in which peace, love, acceptance, understanding, and cooperation unite all, is being established, and signs of this are becoming visible in many places.

People everywhere are reclaiming their *individual* sovereignty, the sovereignty with which they were created, for and in eternal joy, to live in freedom, being what their loving and amazingly sensitive hearts guide them to be – *Themselves* – unhindered by even the slightest feelings of guilt, shame or unacceptability, because such feelings or negative self-judgments are, and always have been, utterly *invalid*!

You are all divine beings having a temporary experience in form as humans.

As humans your task was to evolve spiritually, and you have been doing this for eons, and the fruits of this evolutionary progress are beginning to ripen beautifully as they start to become a most magnificent harvest for all to enjoy.

Therefore, prepare to CELEBRATE.

With so very much love, Saul.

Archangel Gabriel via Marlene Swetlishoff: Sovereignty

April 23, 2015

<https://goldenageofgaia.com/2015/04/23/archangel-gabriel-via-marlene-swetlishoff-sovereignty/>

Beloved Ones,

Let us have discourse on the quality of love known as sovereignty.

This quality gives one the ability to connect and utilize the absolute internal power that is their innate birthright.

They are connected within to a quiet, simple place where they know that they are enough just as they are in this moment, that they are beautiful and worthy, that they no longer have a need to justify their personal existence in this world to themselves or anyone else.

As each individual brings balance of the divine masculine and feminine within them, they become more loving and compassionate with themselves and all others. They become passionately engaged with their true authentic selves and in the expressing of this truth in the world around them.

They begin to bring more meaning and depth to all aspects of their lives, their work, their relationships, and their vision of the future. They are more consciously aware of their inner beauty and strength, and of the profound circle of love and support of family and friends.

They see the world as a safe, secure, and loving place where they are deeply supported and empowered to be the best that they can be. They step into the power and radiating imperatives of their own inner sovereignty.

As they continue to refine and release the darker aspects of their being into the light of awareness, they know deep within their body, mind, and soul that the wonder, magic, and mystery, which is a natural, innate part of their humanity and their world is an integral part of their experience.

As they transform incrementally, they come home to their Divine Essence, and to the awareness of the beauty, love and powers of life that are everywhere and that are within everything, to their oneness with all of life.

They come to understand that they aren't meant to push away the denser parts of their life, but to fully engage these as their teachers and guides along their spiritual journey. The gifts of their life experiences, both the challenging and the bright, are there to help them grow and blossom into their true, authentic selves, their own sovereignty.

These simple truths apply to each and every one; each individual is beautiful, worthy, magical and powerful beyond their wildest imagination.

These individuals no longer live according to the dictates of the outer world that does not see or honor their uniqueness, and which cuts them off from their inner beauty and spirit. As their personal life story is woven into the big and small things of their daily life, they carve a template in the energetic realm that others can follow.

They have faith that the guidance they need for their personal work in their current lifetime will come to them as it is needed in order to inform and guide their spiritual journey.

They continue to follow the dictates of their own soul, and the sovereignty of their own being, which returns them to their highest dream and the embodiment of the best qualities of humanity.

They choose to fully claim the miracle of the individual life they were granted, and are empowered in their reclaimed sovereignty to live the beauty and joy that is their special gift to the world. They know they are safely held by the love and presence of Creator and the universal powers of life.

In reclaiming their sovereign freedom to choose in every experience how they react with whatever life throws their way, they no longer seek their value and self-worth through the eyes of others. They have learned that all they really need is always within them and allow their beautiful inner light to shine outwardly.

They find the courage to deny a culture of oppression and claim the liberation of their hearts and souls, and in doing so they experience a greater embodiment of liberty in their daily lives.

They act from the integrity of their own personal power, sovereignty, and authority over their lives. They know that it is their personal responsibility to live with honesty, integrity, and loving discernment, to exhibit fairness and compassion towards others so that all that impedes their and humanity's sovereign right as spiritual beings to live and thrive would cease to exist.

There lives within them a deep abiding self-awareness that is powered by the clarity of inner knowing. They know what they need for their highest good and well being and are in a better position to make good choices for themselves. They follow the golden rule of universal law in all their interactions with others.

By claiming their own sovereignty, they make good choices for themselves, as they create a healthy and fulfilling life which is headed towards higher consciousness and the spiritual path of growth they have chosen.

They know that no matter how divergent its manifestations are, all life is an extension of the Divine. They nurture the highest energy that flows from all people and support the fullest expression of their deepest essence.

They see how perfectly the Divine supports their sovereign reality. One's life experience becomes meaningful as one chooses to live in natural harmony with the Divine.

It is primarily through the feeling of gratitude to the Divine which opens one to connection and alignment with their sovereign self. One's life experience becomes meaningful to the extent that one chooses to live in natural harmony with the Divine, thereby creating lasting joy and inner peace.

May you become a master of empowering your deeper self and awaken the perspective, insights, and empowered abilities of your divine essence to create new realms of possibility and shape them as learning adventures that expand and transform consciousness.

The Light Collective via Tazjima: “Reclaiming Your Sovereignty”

October 26, 2013

<https://goldenageofgaia.com/2013/10/26/the-light-collective-via-tazjima-reclaiming-your-sovereignty/>

We are the Light Collective, a gathering of angelic and light beings, ascended masters and members of the Elemental Kingdom.

Our theme tonight is: “reclaiming your sovereignty.”

A day or two ago, our scribe woke up, went to her laptop and began a short piece announcing to her readership that she was changing the focus of her blog. And now, in the midst of that process, she is deleting all material that was not authored by her. Outwardly, this may seem to be a drastic move to some, but to our scribe, it is in keeping with being intensely involved with reclaiming sovereignty. It is a phase and a process.

One must go within before one can expand outward. Many of you are starseed and highly sensitive to the environment in which you have found yourself. It has been easy, too easy for some to either become completely overwhelmed or by others, to completely over-adapt and temporarily lose sight and feeling of “self.”

Now is a time for moving into balance and becoming reacquainted with who you really are.

We are here to remind you that you do not need to please others, to seek popularity as has been done in the past, or to be something that you are not. What exactly this will entail will differ with each individual. The important thing is to not be afraid of what other people might think, and go into your project with enthusiasm and joy.

As many of you are realizing, ascension also is a process. For many, now is a period of transition wherein you might be experiencing quite an ebb and flow of emotions and feelings, as well as unexpected thoughts and remembrances. We encourage you to simply allow this flow, without judgment and without attempting to hold onto anything that surfaces within your consciousness.

No longer are you being held by unseen forces to meet standards devised by others or a system outside of yourself. It is time to create, to explore and to let go of outdated beliefs, judgments, memories, jobs and even relationships that are no longer working for the parties involved.

You have been set free to choose whether or not you wish to keep those beliefs and expectations that are not of your own making. It is time to release what is not yours. It is time to set yourself free from the need to control or to be controlled by another person or persons, by ideas, standards or institutions. It is time to reclaim your sovereignty, over your own energy field and over your life.

Sovereignty is not quite the same as control. Sovereignty is being in command and making choices, in the moment, and directing the energies in the manner that you want them to manifest, while remaining at peace within your own energy field.

Most people have been used to conforming to the control of other people or systems. In the old way of being, your energies have often been siphoned off to feed others through the use of fear. Fear is energy. Love is energy. What would you choose to have in your life? It is your choice.

It can be very intimidating, at least initially, to step beyond the old imaginary boundaries, but we know in doing so you will begin to discover within a new joy in

life, renewed vitality, as well as a sense of eagerness and anticipation in exploring what was once the great forbidden and feared unknown.

Discovering your own power, trusting your intuition and inner guidance, seeking the inner strength to move through any lingering fear and doubts about your direction and abilities... all will carry you forth into new experience, possibilities and delights.

Reclaiming your sovereignty also means to reclaim your right to feel. It is through your feelings that you interpret the world, not through the working of your rational mind. It is why many starseeds, most of whom are ultra-sensitive to feelings, their own and those of other people, get overwhelmed by sensory overload and by belief systems that conflict with their own inner knowing.

No wonder so many people are confused. Clarity will be required for navigating the rough waters that lie ahead. Clarity is gained by going within and learning to listen to the still quiet voice of inner guidance.

Part of the difficulty most people have with allowing themselves to feel is that they have been taught that it is wrong to express themselves. As children they have been told, again and again, to behave, to calm down, to deny their feelings, not to trust their intuition, to doubt the inner workings of their own minds and to feel shame for even having emotions.

We say, let go of the need to judge and allow for these energies to flow through you. Do not attempt to dam the river. Instead, you can learn to maneuver with the greatest of ease through once what was thought to be treacherous waters.

Imagine yourself a kayaker surfing the waves in a great and wild river; the energies are like the river now. Claim your power and sovereignty by learning to work with the energies. It might even be fun and empowering.

It is a process of reclaiming your mastery. It is a process of learning to be true to yourself and to embrace your inner divinity. Like a rose coming into bud, you are ready to bloom.

You might ask how I can do this; it seems so overwhelming. That is where trust comes in. You need to let go, flow into the moment, into the experience and be.

And trust that you will not fail; that you cannot fail. As you gain self-confidence, you will feel more comfortable dealing with the ebb and flows of the energies.

You need to be able to “feel” into this process, not to think about what you’re going to do as, more often than not, what you do will not make “sense” to your ego or rational mind. Your body uses your feelings to communicate. Learn to listen and to trust. And in time, as you open to your intuition, you will discover other gifts that you can utilize, such as clairvoyance, clairsentience, and other “psychic” gifts.

You are energy. Energy cannot hurt you as you are an eternal being. Learning to trust starts from within and flows outward. And you will discover along the way that true strength is demonstrated by being centered, allowing experience and by being flexible and gracious to all life.

Dare to step outside the box that you have been confined within most of your life. Be willing to expect the unexpected. You might discover some hidden delights, within and around you. Be open to the possibility that you are greater than you seem, not just an ordinary human being, but an extraordinary multidimensional being capable of navigating multi-timelines and dimensions and lifetimes. This you already are, but you are now in the midst of remembering what you left behind when coming into embodiment this time on this lovely water planet.

The transition will take time because your present focus, your human body exists in a physical universe, so have patience with yourself and your process. You are in the process of bringing heaven to earth, by anchoring the energies of your higher self through your physical body, not an easy task, as you are daily finding out. Not easy, but ultimately rewarding.

That is enough for now. Remember always that you are loved. You are cherished. You are admired and honored for the work you do. You are not alone. You are not abandoned. We are here, always at your side, your constant companions, watching and cheering you on as you continue on your journey of self-discovery, god exploring being a god. Many blessings attend you on your way.

Namasté.

Thank you, beloved Light Collective.

Declaration of Full Sovereignty of My I Am Presence in This Embodiment

Mary Jane Banks, Galactic History Show, Sept 24, 2013

<https://tinyurl.com/jdt5p3t>

I call on my higher self to merge with me, guide me, and assist me in declaring, embodying, and enacting 100 percent sovereignty of my being in this and every now moment, in alignment with my I Am Presence and in accordance with my chosen purpose, goals, and intentions for this lifetime.

I call upon the elemental, angelic, ascended, cosmic, and ancestral realms to witness my declaration, to assist in upholding the integrity of its intention, and to co-create with me in manifesting my highest potentials personally, in unity with the one, and in service to the Earth as we graduate to the next level of our evolution.

In declaring my full sovereignty and with the guidance of my higher self and I am presence, I assert autonomy over my physical and nonphysical embodiment, my energetic vibration, and all resulting emanations. I disallow any interference to distort or delay the fulfillment of my purpose in this lifetime—whether that interference be well-meaning, misguided, self-interested, or malevolent. This includes any and all overt and covert intentions, attempts, and actions to limit, separate, distract, manipulate, disempower, traumatize, dominate, control, or harvest any aspect or increment of my energy and consciousness.

I reject and eject any such interference, demanding that it cease and desist immediately and retroactively, including any trickery designed to countermand, usurp, or sidestep the intention of this declaration.

In making this declaration, I acknowledge and accept full responsibility for my being and actions. I continue to fervently request overt guidance and assistance from my higher self and I am presence, which I in no way consider to be interference. I commit to both hearing and enacting that guidance, and in turn to listening to and guiding the elemental consciousness that contributes to my personal collective consciousness this lifetime.

To the extent that I may be unable or unwilling to hear and enact the guidance of my higher self or I am presence, I request that the guidance continue to be given in various ways such that I can understand and act on it and until I am able to understand and act on it.

In full sovereignty, I also request and accept additional energetic assistance of my guides; my soul, star, human, and ancestral families; the elemental, angelic, ascended, and cosmic realms, and any other sources, provided that it accords with this declaration and is in my highest good; the highest good of Earth; and in accordance with my purpose, goals, and intentions for this lifetime.

I choose to heal all fear, trauma, and limitation standing in the way of my fulfilling my highest potential and purpose in this lifetime. I ask that my higher self and I am

presence, in co-creation with the elemental, angelic, ascended, cosmic, and ancestral realms, assist me in healing, transmuting, and transcending all fear, limitation, separation, and amnesia preventing me from embodying my full, integrated sacred masculine and sacred feminine power, love, and wisdom.

I ask that my higher self and I am presence direct my healing such that I embody and offer the optimal vibration in any circumstance; that I manifest optimal health and wholeness in and through my physical, emotional, mental, and etheric bodies; that I fluidly evolve according to my path and purpose; that I awaken to and regain all the memories and gifts held in my causal body; that I function with energy, clarity, balance, effectiveness, and efficiency in the changing energetics of Earth; that I integrate the healing, its lessons, and its energy in the most beneficial way possible; and that all this unfolds at the most conducive yet expeditious pace possible.

I intend that in healing myself in this now moment, I heal other aspects of myself across time and space, as well as splintered aspects of other consciousness trapped in time who, through the domino effect, will attain the freedom to return to where they belong, to heal, and to contribute to the unity we seek to cocreate in order to graduate from this plane and take our next evolutionary steps.

I offer healing, compassion, and forgiveness wherever it is needed or wanted to free all aspects of consciousness, including my own, to allow all to return to its natural order in wholeness and unity.

And so it is.

The Essence of Individual Sovereignty

August 11, 2019

<https://goldenageofgaia.com/2019/08/11/the-essence-of-individual-sovereignty/>

Steve: Will you write a document through me, a channeled document, on the essence of individual sovereignty?

Archangel Michael: I will be pleased to do this.

Now I have a need to tell you, that I would have many consultants with me, but, yes, we would be pleased, more than you can imagine. Because this is such a key factor, and it is not adequately addressed. (1)

The essence of individual sovereignty is the Self.

The Self is the individuated God, God within the individual.

The sovereignty of the Self comes from its roots in Divinity.

The prime social directive is to build societies that allow the individual the conditions and ability to fulfill the task assigned to everyone in life: To realize its true identity. (2)

Admittedly there are those such as the seraphim who've chosen to stay near the Throne, and there are those archangels who've never descended into form.

But by far the greatest number of individual beings have agreed to participate in the adventure of forgetting who they are and then going through lifetimes in matter (*mater*, Mother) to remember or rediscover it.

When the One decided to create apparently-separated beings and a world of experience in which they could discover who they are, the necessity to support individual sovereignty followed. (3)

If the vast majority of beings had not agreed to this task, there'd be much less need for individuality or individual sovereignty.

All would be One and the drama of individuated life would not follow. But the One decreed that an illusory separation take place and a long pilgrimage back to the Father.

Have we any descriptions of the end of the journey, the merger of us with the One?

Yes, we do. Paul describes the last day of individuality when the Self or Christ surrenders all that it has and is to the One and makes God all in all:

"Then cometh the end, when he shall have delivered up the kingdom to God, even the Father; when he shall have put down all rule and all authority and power. ... (4)

"And when all things shall be subdued unto him, (5) then shall the Son also himself be subject unto him that put all things under him, that God may be all in all." (6)

In metaphorical terms, this passage describes what in my 1987 vision would have been the little golden star racing back to the Father and merging with it. (7)

That is the moment at which the created and individuated Self returns to and merges with the Mother/Father One. It surrenders all it is and has to the Father again, from whence it all came.

The Self apparently doesn't cease to be thereafter; more recently, we've been told that it re-emerges. (8) But this return to the One completes its agreed-upon task in entering the world of form.

Only through the ability to exert individual sovereignty - to exert control over one's own self and life - can we expect to complete the journey of unfolding awareness.

Thank you, Michael.

(3) Why would the One go through such an exercise? To know itself, we're told. See "The Purpose of Life," *ibid*.

(4) Putting down "all rule and all authority and power" refers to the time when the individual has transcended the personal will, subjugating it to the Will of the Father. In line with what Bernadette Roberts has said of the "No-Self," another meaning could be that once all things are surrendered to the Self, then the Self is surrendered to the No-Self.

(5) "When all things shall be subdued unto him" means when all desire for worldly or material objects and pleasures has been overcome, as in Jesus' assertion, "I have overcome the world." (Jesus in John 16:33.)

(6) St. Paul in I Corinthians 15:24 and 28.

Finally, the Son's being subjected to God that God may be all in all refers to the plunging of the individual soul into the Sea of Bliss, Tranquillity, and Immortality that is the Father.

(8) Divine Mother: Now, in this journey — for some of you it is millennia, for some of you it is eons; it matters not — there is a drive and an understanding, an intellectual and spiritual understanding ... to make the U-turn and to come back Home, to return Home to the Heart of One where you are so welcome until such time as you choose to emanate again. Steve Beckow: Now, Mother, ... you're saying that after they return in union, they go back out into the world. Is that correct?

Divine Mother: Yes. If they so choose, yes. Now, is it in the timeline that human beings tend to think of? No. But eventually there is re-emergence. The Basis of Individual Sovereignty: A New First Amendment

March 24, 2018

<https://goldenageofgaia.com/2018/03/24/the-basis-of-individual-sovereignty-a-new-first-amendment/>

What's the basis of individual sovereignty?

The basis of God's sovereignty is that (1) God is everything that exists and does not exist; (2) God is the creator of all that lives; and (3) God is all-powerful in or out of creation.

The creation mostly doesn't know or realize that God has all power over it, but that doesn't change the situation.

In this created world, we ourselves are - each of us - like a miniature kingdom. Our fields, our energy bodies, whatever it is that makes us up is and are the realm, domain or kingdom/queendom over which we rule.

Our sovereignty is based on and derives from two matters: (1) We are a part of God and (2) we are individuals.

We are a Part of God

Sages and prophets down through the ages have been telling us that we're individual sparks of the One. Here are some:

The Prophet Amos: A firebrand plucked out of the burning. (1)

Krishnamurti: You are a spark of God's own fire. (2)

Sri Yukteswar Giri: The human mind is a spark of the almighty consciousness of God. (3)

Epictetus: You are a principal work, a fragment of God himself. You have in yourself a part of him. Why then are you ignorant of your high birth? (4)

Master Hilarion: All those beings among whom you struggle on are fragments of the Divine. (5)

Milarepa: All sentient beings possess a ray of the Eternal. (6)

Our ultimate aim is to be reunited with Mother/Father God - to drop our individuality and be One again. Here's St. Paul referring to the moment of consummation:

"And when all things [all worldly desires] shall be subdued unto him, then shall the Son [the Self, the individuated spark] also himself be subject unto him that put all things under him, that God may be all in all [i.e., reunited]." (7)

Thus we start out as the One; we individuate on the wishes of the One; we travel through time and out of time, learning our true identity; when we learn it completely, we reunite with the One. (8) From God to God, in a great circle. (9)

The basis of our sovereign authority over the kingdom of us is - in part - that we are divine in nature and origin.

We are Individuals

It's also in part that we've been created as individuals, hidden in a series of bodies, with our divine memories wiped, for the purpose of having us inquire into and realize our true identity. When any of us realizes our true identity, God meets God. So that God could meet itself is the reason for creation in the first place.

To play our part in that cosmic lila or play, we needed first to individuate.

Being an individual is not a missed mark or mistake. It was always meant to be but to be temporary. We pass from that individuality into oneness in some far distant future when we've entirely solved the mystery of existence (who am I?). And the journey gets better the further along we go.

For as long as we're individuals, we're tasked with managing and directing ourselves. It's a responsibility not given to anyone else.

Everyone else has the task of managing and directing *themselves*. We're not only monarchs, but chief administrators.

The Law of Free Will expresses God's intention to preserve our right to decide how that task of managing ourselves will be accomplished.

I am not monarch in your realm. You are not monarch in mine, by divine authority and by virtue of individual sovereignty.

Only We Violate the Free Will of Others

Our divine nature and our individuation combine to bestow on each of us sovereignty over ourselves, the right to govern us. No one in the higher dimensions would think of violating it. Our free-will choices prevail. Here are statements of that:

Archangel Michael: Your view prevails, dear heart. Even I, through this channel, guide you. At times I beg you. Sometimes I become very strong and want to direct you. But let me be very clear. Decisions and choices are yours. (10)

Archangel Michael: The paradigm of control is one of the essential paradigms that is being broken upon your planet and so any effort on the part of any being to try and control a person is going to meet with resistance. (11)

Matthew Ward: Interference would deny countless souls the karmic experiencing they chose so they can evolve, and evolvment is the goal of every soul in every lifetime. (12)

Sanat Kumara: You will never be happy. You will never move into the expanded heart consciousness. You will never know the bliss and the ecstasy. You will never be the fulfillment of who you are, your sacred design, your mission and purpose, if you persist in such behavior [as denying the free will of others]. (13)

It's only us who think of violating the free will of others. When we do, in whatever dimension we're in location-wise, we're still essentially operating from Third-Dimensional paradigms.

In this case, we're still trying to control others and decide the outcome. When we do that, we're failing to recognize and honor the individual sovereignty of another. Evidently it'll work less and less in the time ahead.

When I asked Archangel Michael in 2011 to assist me to write a statement on the essence of individual sovereignty, he coached me:

"Acknowledge the right of all beings to create their freedom. And if they have been disempowered, in any way, claim it for them as well. Claim it for your brothers and sisters who perhaps are not fully aware that the sovereignty is theirs. It is their birth right." (14)

On the basis of what's been said here, I assert that our new society - Nova Earth - needs a new global "Prime Directive" or "First Amendment." Here's my wording of it:

All sentient beings have the sovereign right to self-determination in all matters concerning themselves, save in situations which, on balance, promise harm to another.

And then our actions need to show our respect for that global first amendment. It needs to be honored above all else. As Michael advised: "Hold it as the brightest flame in [your] heart, allowing it to take action in [your] individual lives." (15)

Only with it in place have we a foundation on which to build the superstructure of Nova Earth. Only with it in place can we build a world that works for everyone.

(8) More recently Archangel Michael has told me that we unite with God but we re-emerge again later, when needed. In this view the reunion is almost like a rest.

(9) As I saw it in my vision of Feb. 13, 1987, we travel in a great arc or circle from God to God, all the time spiralling around the invisible course of the arc. The spiral is due to returning to the same karmic lesson lifetime after lifetime until we learn it. However, we usually approach the problem from a progressively-higher standpoint.

The net effect is an infinite spiral resembling the nautilus' shell, at left. The spiral follows an arc from God to God.

The Divine Mother: Each and Every One of You Carries Divine Might

June 19, 2013

<https://goldenageofgaia.com/spirituality-into-the-golden-age-of-gaia/the-golden-age-of-gaia/the-divine-mother-each-and-every-one-of-you-carries-divine-might/>

On An Hour with an Angel on June 17, 2013, the Divine Mother discussed with us the notion of dispensation, a forgiving of karma that allows us to face Ascension without doubts or anxieties in our mind.

She also discussed who we are, our divine might and our equalness to the task before us as lightworkers. And she discussed a new wrinkle in who is here with us - which she and Archangel Michael call an "emanation" - a replica of an archangel or other being.

She looked at the new aspects of Ascension that Earth is modelling, so to speak, and explained in what way the Earth is a sacred planet.

An Hour with an Angel, June 17, 2013

Steve Beckow: Welcome, Mother. I can't think of a greater privilege or honor in life than to speak to you.

Divine Mother: And welcome to you. Welcome to all of you, beloved beings of Earth, of air, of far beyond. For what you do not always understand is how far this show is transmitted, and how many are truly listening in.

And so I send greetings to all, to those who listen furtively, to those who listen in hope, to those who listen in curiosity, and of course those who listen in love. I bring you, I give you my love this day. Your motivation does not truly matter, because, dear hearts, what you have done is position yourself, whatever your conscious mind thought of, you have positioned yourself to receive my love, my blessings, and the insights that I wish to share with you.

Now we could allow the music to play and the love would stream as strong as it will if I speak, but I also know, sweet angels and masters of Earth, that there are curiosities and understandings that you wish to glean as you go forward on your bright journey, not only of Ascension — although I must say that is pivotal — but on your journey homeward, to me, to us, to our arms and to our essence.

Now, one of the things I wish to speak of this day relates to universal law. And what does universal law mean, except the truth that I have shared with thee, that has been laid down in the very beginning that you might understand how to journey home.

Now, there is much written and much discussion about this universal law, but there is not enough written or discussed about dispensation. And what does that mean? It is simply allowance, and in your terminology, it is a quality, a divine quality of forgiveness, of allowance, of compassion and of mercy.

Many of you, my bright children, carry this burden of what you believe you have or have not done, of promises that you have or have not kept, of missions fulfilled or not. And there is this underlying feeling in so many of your hearts, and that is what I wish to address this day — the underlying feeling of judgment, of “Did I measure up? Did I fulfill my promise?”

We are not sitting here idly measuring your progress or the fulfillment of your mission. Are we assisting with the Company of Heaven, the Council of Love, your brothers and sisters of the stars, masters, angels, archangels? Yes, we are.

Beloved child, never, never do we point to an action, a thought, a behavior, and say, “Well, that is a shortcoming. That did not measure up. That is not what I asked for.” For what I asked for, dear hearts, was for you to practice free will. What did I ask for? For you to be of love. What I have asked for was for you to love yourselves and each other as much as I love you.

So, how does this relate to dispensation? There are times — and this is one of them in your collective reality — where dispensation for what you feel has gone awry is requested and granted, always in order that you feel free to continue on. Because so many of you are concerned that you will not make it. And that is simply not my plan or yours.

So turn to me. I am not simply distant. I am infinitely and eternally present. Ask for help, and it will always, always be granted. Ask for compassion and forgiveness, not that it needs to be granted, but the reassurance does.

Many of you have become reassured or confused, and it is about a 50-50 split, about, oh, there are masters on Earth, there are angels on Earth, there are archangels on Earth, and who am I, and how do I fit in?

My beloveds, you fit in perfectly, because who do you think these masters and angels and archangels and seraphs are? They are you, either a part of you or the totality of you.

The time for underestimating your beloved self is over. And what that means is the time of stepping in the shadows, of thinking that you are under cover, is also over. Each of you carries divine might.

How seldom have we spoken of this. But it is not your next-door neighbor or the person down the street, or the leader in Ottawa or Washington or Geneva that carries might. It is each and every one of you.

It is not dependent on the assumption of your crystalline form. It is not dependent upon the full activation of your DNA. It is not dependent even on the fullness of your Ascension. Your divine might is part and parcel of who you are, and always has been, in your moment of now, and the Eternal Now.

And I am asking you, as your Mother, to bring this forward and to declare yourselves. As you do, you give permission to all beings to declare themselves. It is a domino, a ripple effect throughout the multiverse.

But it is the humble person that is not invested in what you think of as third-dimensional glory ... which translates as money and power and greed and control ... it is the humble person who steps forward and says, “I am mighty because I am of One, and I declare myself on this journey through Ascension, gloriously and freely.” And then continuing on back to One, declare your knowing, your determination, your valor and your truth.

Meekness and humility are admirable and necessary, but that does not mean that you never open your mouth. You have been given magnificent voices. Use them. Now, dear heart, where do you wish to begin this day?

SB: Well, thank you, Mother. And of course I can vouch for experiencing within myself a constant unfolding of personal spiritual power. So I certainly do resonate with what you’re saying.

Mother, can we continue on with the topic that you’ve broached? And let me say that Archangel Michael, in a recent private conversation, talked about there being emanations on the planet, emanations of archangels, seraphim and Elohim.

And, again, everything has been a progressive revelation, and this is a new revelation. Can you tell us what is meant by the emanation of an archangel, how it differs from a twin flame, how many emanations an archangel might have on the planet? Can you go into some detail on that, please?

DM: I would be pleased to. Now, let us begin by making sure — because we are speaking in human language, and there is still a tendency for you to judge that something is greater or lesser — you are not completely (and I do not mean you individually, Steve; I mean you, all of you) do not see this as an equal playing field as yet. You are getting there, and that is why I have asked you to turn to me.

Now, each of you, in your humanness, in what you are anchored in in this reality that you are occupying, have many aspects. Now, some of you have explored these aspects, and some of you have totally ignored them. Well, that will change.

Similarly, archangels have ways in which to present emanations in various realities, either for a very brief period of time or for an extended period of time.

Now, when I say “a brief period of time,” for example, there are those — many! — of you upon the planet who have been visited either by an emanation of my being or Archangel Gabrielle or Michael or Jesus Sananda, and so on. (1)

Those are brief projections into a quasi-physical or physical, full physical, form in order for you to have that blessing, because regardless of the message, it is always a blessing.

Then there are times when the unfoldment of the plan either calls for or allows for emanations — let us use the emanation of an archangel — to be present upon the planet.

Now, this is not what you think of as business as usual. It is sacred and it is unusual. Blessed ones, you are living in unusual times! And that is why I am asking each of you who listen to me this night, even as we speak, to go within your heart and to see what lies within there.

Now, each of you individually know or have discerned, simply through magnetics, who you are attuned with, whether your allegiance is to me or to the Father, to the Buddha or Maitreya, Kuthumi or Yeshua; each of you knows your allegiance and who you connect most deeply with.

Now, does that mean that you are a direct emanation of that being? No. Because there are situations where the legions that serve and work together are absolutely necessary, desirable. It is part of the celebration! It is part of the diversity and the beauty of what is being created.

So it has never been my intention to have half the planet, say, be emanations of Michael. Even with Michael, that would be boring. And it would not allow for the beauty of your magnificence to shine through.

But having said that in this time and space, there are individuals who are emanations — think of it as “replica.” It is stronger than an aspect, because an aspect is only a piece of you that you have sent out from your sacred self to do this

or that. An emanation is the fullness of the energy, sometimes conscious of that, sometimes not, sometimes in-between. And that is where many of you are.

So, an emanation is the presence of that being in form during this time of Ascension, transition, of the birthing of a New Earth — to assist, to help, to guide, to teach, to heal.

Now, your question to me is, are there millions of emanations? And my answer, sweet one, is no, there are not. They are very specifically placed in what you would think of as universal or global roles, and they are positioned to do the work that the specific archangel or master has chosen to do, decided to do, committed to do — for me — throughout eternity, or until such time as they return. In which case they will begin again, regardless.

SB: Now, Mother, you have just referred to you bringing them back. You've just referred to mergence have you not, or union? (2) And you're saying that after they return in union, they go back out into the world. Is that correct?

DM: Yes. If they so choose, yes. Now, is it in the timeline that human beings tend to think of? No. But eventually there is re-emergence.

SB: Ah-hah! I just have one more question on emanations, and then I would like to know from you, after that, what other surprises there might be about who is here.

My last question on emanations is, Archangel Michael said that the emanation may not be aware that they are an emanation, that they're carrying on in a certain way, and then they will be aware of being an emanation. And at that point their capabilities will return. Could you just give us a little more detail on that aspect of this subject, please?

DM: One of the divine agreements — and you have need to understand this as well, and it is not simply true for the emanations; it is true for human beings who make the choice to awaken and become fully conscious of who they are, that there will be the restoration, what you can think of as the upliftment — but yes, for those that are emanations, there will be a moment of awakening as well. That is part of the divine agreement.

And it is part of the divine agreement that we have with humanity at this time that was always in place for the emanations. The agreement for humanity is a more recent agreement, shall we say, that has been reached as part of the collective Ascension decision.

But let us stick with emanations. Now, for some of the emanations, the twins — but they are not simply twins; it is not that Archangel Michael, using that example, has fissioned himself. It is a replica.

Now, you have had discussions with your star brothers and sisters about replicators, so simply know that in the divine realm we do not need any toys or machineries; it is simply done as an act of divine will.

There is a point at which many of the emanations are awakening quietly. They have become [chuckle] shall we say suspicious, or curious. They feel that there is something hidden behind their curtain or veil, that they are aware of but are not quite grasping.

But the moment will come when that curiosity will simply be like a light switch, and the awareness will be turned on. And in that awareness, while in human form, the qualities of the being will come to the forward motion and movement, demonstration, consciousness of the being. And the fulfillment of the entire purpose of having an emanation on planet will be fulfilled.

Now, that is not to say — let me be very crystal clear with you — that the emanations have not been fulfilling exactly their designed purpose on Earth to date. Because it is sequential. Yes, even we understand sequential, dear hearts.

If you, 30 years ago, 20 years ago, had said — again, I use the example of my sweet Michael — if you had said, “I am an emanation of Michael,” well, dear heart, they would have looked you up.

So this using the human part of the being to lay the foundation, to lay the groundwork, to do the work in subtle and unknown, or shall we say unperceived, ways have been very fruitful. And it doesn't matter if you are thinking you are an emanation or you are simply who you have always been, because, let me assure you, there is not any being, human or otherwise, upon the planet, that is not loved and cherished and valued and nourished equally by us.

So you have need, as you adjust your thinking to the realization that there are many among you. The fulfillment of my plan is inevitable. Yes, we are constantly changing, and we are changing, and we are constant, and we are in continuity. But the fulfillment of the plan — has it taken some twists and turns? Yes. And you were just thinking in terms of your really quite short journey. But this will be done.

When I have asked you to request dispensation, which you will think of as forgiveness or compassion or assistance, I have done so so that you will move forward in the recognition of who you are.

There has already been and is in process a granting of karmic dispensation, but there has also been mighty dispensation for the human collective during this period of transition.

Michael has spoken to thee, as have many, of containment. And that is a very restrictive form of dispensation. Because, what is it? Someone is put in a light box surrounded by love until they regenerate.

But I also say to thee, thou children of Gaia, all of you have been in a period of dispensation, of containment, in the mildest way to assist you in the recognition of your divinity and the choice for love. You have been given, each of you, and those of you who never heard my voice, each of you has been touched in the heart; the heart consciousness has been activated and awakened.

Now, do some continue to ignore that? Well, that is the choice that they are granted. But the awakening, so that the choice can be made from a place of love, has been completed.

So yes, dear heart, Steve, of course you feel a growing sense of love, of power, and in moment of disconnection, because you are connecting, or reconnecting, to a new and different and what you human beings have called a higher realm. But it feels familiar, because it is who you have always been.

And it does not matter if you think that you are a murderer, a controller, a greedy individual, a rapist. That is an illusion. It is not who you are. Allow the heart awakening to fill you. Allow my grace and my love to fill you. Because now is the time.

I do not ask you to do this in your reality, in your time next year or perhaps when you get to it. I am asking each of you, right now, in this moment, to not only accept my love but the truth of who you are. Stop the hesitation. Stop the confusion. It is not of truth, and it is not you.

Do not cling to the old. It will not support you. Let me be very clear. In the unfoldment of my plan, the old third cannot and will not support you. It is time to allow yourselves the freedom. It is not conceit. It is not boastful. It is not pride — false pride. It is the mere acceptance that you are mine and I am yours.

And it is a reminder, dear hearts — you have promised to do this. So I am helping you fulfill that promise, so that you will not fall into that illusion of disappointment. Can you imagine, in any dimension or reality, that I would ever turn to you as your Mother, as the One, as the movement in the silence, would I ever turn and express disappointment in you? That would be to express disappointment in myself, in the Father, and that is not possible.

Let go of the old way of creating. And bring forth the truth of what you are capable of birthing within yourself, within your community, your families, and upon Gaia. Birth the new reality and relationship with your star brothers and sisters, as they do with you. Simply allow your vibration to rise.

Now, can you be amazed, surprised, delighted? Yes. Come with me. But come with me now.

Yes, you may continue, dear one.

SB: Thank you, Mother, for that detailed discussion.

Our work as lightworkers has been a progressive revelation. At one point we learned that we were lightworkers. At another point, we learned that we were starseeds. At another point, we heard that we were angels and assumed that meant that we were once angels, but then we learned that many of us are incarnated angels. And now we hear of emanations.

Are there more revelations to come? I don't mean to have you tip your hand, but just to let us know, are there still more revelations that will come?

DM: The biggest revelation yet to come, for you have unearthed most of the secrets, but they were never secrets, is when you look at each other and accept each other for who you are. The truth and the wholeness.

I have asked you this night, I have solemnly requested that you accept yourself. You cannot love me and not love yourself. But the next step is to love each other.

And there is a further step in that, and it is what your philosophers and teachers have always taught you. It is to also reach the point — and you will — where you look at another and you see me, and you see yourself.

Now, that also presupposes that you are feeling safe and secure enough, loved enough, valued enough, that you can allow yourself to be vulnerable, to be seen for who you are and as a reflection of each other and a reflection of us.

So it moves you into a place of deep appreciation of the beauty and uniqueness of your divine spark. And also into a place where the ego is absent, because you are allowing yourself to be present and to see the interconnectedness of all. That is the revelation. It is for you to look and say, “I am angel, I am archangel, I am master, I am human, I am starseed, I am Earthkeeper,” and to know the precious value in each of these areas.

The next step is that appreciation and love for yourself and the elimination of this striving to become. There is a universe of difference between simply journeying, continuing on to your return, ultimately to home, to us, and striving.

It is not something that you need to earn, that you need to prove your worth. This is the cancer and anathema of so many of the human race, and this is why I’ve asked for you to accept your might. It is a combination of all the divine qualities.

So that also will be a next step. Now, you have been diligent — and I commend you — how much you have released the idea and the practice of struggle. But striving is next.

You see, with St. Germain, Sanat Kumara, we do not teach you to say, “I will be,” we guide you to say, and to know, “I am.” And when you do this in the fullness, the totality, the wholeness of your being, you are fully connected with us.

Now, will there be surprises, delights, presents, gifts? The answer is yes. We will not be sending any struggle, devastation, your way. So please, do not create it. I am eager, and yes, I can be eager, for I always am eternally and infinitely eager and excited to see the fulfillment of a creation.

And that is what is occurring upon your beautiful planet, and within each one of you. Please cooperate with me. I will never force. That is not the way of love. But, dear hearts, I will proceed.

SB: Mother, the Divine Director through Tazjima has said Earth is returning permanently to its original blueprint as one of the 12 sacred planets. What does it mean to be a sacred planet?

DM: All planets are sacred. Let me be very strong about this statement. There is not any creation that we have birthed that is not sacred.

Now, are there places that are holding and whose role has been like Earth's, like Gaia, to hold a sacred space for spiritual evolution, the anchoring of peace and love, so that it becomes vibrationally a teacher, throughout the multiverse? Yes. That is the sacred mission for Gaia and for everything upon her.

On Earth, you have places that you deem or designate as sacred. For some it is a temple or a mosque. For others, it is a place in nature. But you can feel the vibration in these places, that the energy is very loving, supportive, and of a frequency that lifts you up. The plan which is already well underway for Gaia is that the entire planet is of this vibration, of what you find pockets of here and there now.

So she returns to her role as a keeper of sacred space, of love. It was always intended that this be my planet of love. The magnitude of what can be experienced in the purity of that fulfillment is beyond your imagination. But that doesn't matter. It encourages you to dream.

And you will see it. You will see it in your lifetimes, in your time, and you will come to know just what is possible when one of my sacred planets. But do not differentiate. The teacher, yes, but that would be as if I would say to thee that some of you are sacred and some of you are not. That is not possible. I do not create "less than's."

SB: All right, Mother. Thank you.

DM: Is this clear?

SB: Yes, that's very clear. And I think we have about two more minutes, so perhaps in the last remaining minutes I can ask you: There's an awful lot of firsts that are being talked about. Earth is the first planet to ascend in this current round of physical ascension. It's a physical ascension, and that's a first. And I could go on. Given that we're encountering a lot of firsts, does it follow that the entire course of this Ascension is not known ahead of time, but that there are innovations happening? Let me put it that way.

DM: What you call innovations and what I call twists and turns, requiring in some situations dispensations? But let me suggest to you, I am fully aware of the outcome of this process.

Do I share everything? I do not, simply because there are things that you would say, "Mother, could you please speak English," or Latin or Greek, because you would not understand the reference points.

Is there latitude in the becoming? Yes, because I will not interfere with your free will. But within that, it is not predestination, it is just that my memory and my knowing goes everywhere — backwards, forwards, what you think of as time.

So let me tell you and share with you, and I hope this gives you comfort — the outcome is assured. And it is the return to love. And that is why your heart consciousness has been awakened. It is done. Now, accept it. Explore it. Expand it. And allow.

[music up]

And go with my love, my blessings, always.

SB: Thank you, Mother. A wonderful discussion this evening. Thank you very much for coming.

DM: Farewell.

SB: Farewell.

Transcript ~ Archangel Michael: Understand the Divine Gift of Will, AHWAA, September 22, 2016

Linda Dillon: Channel for the Council of Love

Steve Beckow: Host, InLight Radio

Steve Beckow: Welcome, Archangel Michael.

Archangel Michael: And I welcome you, for I am Michael, Archangel of Peace, Warrior of Love, Bringer of News, and, shall I say, bringer of discussion on this controversial subject of will.

And I hope to bring, and I intend to bring – note my words, dear friends – deeper understanding, light, wisdom, to activate your hearts, your minds and your will, to understand what this concept, but what this reality, of your Divine Power, born of love, into action - what does this subject of will mean?

For as you have mentioned [earlier], dearest Steve, will has had a troubled history in terms of the use, or abuse, or misuse of will in the course of human affairs. And

there are many that will decry the use of will because that is what they are thinking of, that is what they are fearful of.

But, in fact, the right use of will is but a Divine Gift. Not so much what you would think of as a Divine Quality because will is based in action. There have been many dictators - and we will just restrict this discussion to the planet of Gaia, of Earth - but there have been many dictators, torturers, those big and small, known and unknown, who have used the application of their human will to truly bring about mayhem, chaos, hatred, greed, control, aggression, war, annihilation to this planet and also to the human race.

When the Mother brought forth into form the original Creator Race – even that sometimes has a negative connotation – we are not talking about a Master Race, my friends, we are talking about a Creator Race. And, what did this mean for those who were sheer energy or Angelics of various forms, and even some hybrids, who brought forth form?

The Mother's intent, put most simply, was to have a place of such beauty and diversity, where Her Angels could play, where they could have the experience of being in form and the delight of being in form. That original plan did not entail, and still does not entail, human beings, that humanoid form, of people being stuck in physicality.

Now part of that original race, of those first beings upon planet, was that they had the ability to create. And, you have had some monumental examples and some smaller examples of this ability to create throughout human history. And perhaps the Lemurians are a perfect example who could create from sheer ideation or thought. But even that was not in perfection.

The ability to create for these Angels in form to bring forth, was a delight that was almost to finish up the tableau. This magnificent creation that the Gaia, the Mother, the Father, the One, had brought together but that it was complete but incomplete. So that that first Race had the ability to bring forth the finishing touches, as you can think of it.

Now, how does that creation take place? And yes, Sanat Kumara, has lectured you, has shared with you, he would say 'ad nauseum,' the formulas and the methods, the tools, of how to bring forth. But think of it in this way; out of the love that you

think anchors in your heart, but in fact anchors in your entire being, but the heart is a good place to think of it, born out of that, in conjunction with the energy instilled within every being, within what you think of as your physical, cellular, subatomic particles, and your esoteric, spiritual, mental, emotional particles, born out of the love is the will as well.

Now let me be practical; think of a car or any kind of vehicle you wish, love is the drivers' seat, the steering wheel, but will are the wheels of the car. When you turn the motor on or off, but particularly when you turn it on, the wheels will move and you are able, by an act of will, to get where you want to go, to create and bring forth what you wish to experience, what you wish to share in terms of your beautiful, unique design, and what you planned, both from original intent and soul design, and for the particulars of this and every incarnation.

There has been a tendency – and we are not trying to say this is incorrect but what we want to do is expand your understanding – because my beloved friends, you are spiritually evolving and mature, so we can have a much broader conversation at this time. But I digress.

There has been a tendency to think of will, Divine Will, human will, as a more masculine or Divine Masculine aspect or quality. And that has been a good understanding, a practical understanding, in terms of how both masculine and Divine Masculine have been understood, comprehended, brought forth. But let us suggest to you, let us share with you, as you are moving forward, that will, Divine Will, is a composite of both the Mother and the Father because there can be, and there isn't, any separation.

Now, we don't want you focusing on how many angels are dancing on the head of a pin, but what we would encourage you to do, is to not think of – because it tends to be a mental process – to think of Divine Will as a simply Divine Masculine. If you do not think that the birthing of the multiverse, the omniverse, of many, many races by the Mother does not take an act of will then of course you would be sorely mistaken. So that is Divine Will.

Now, you shake your head – and we will get into this conversation – and you say to me, “Then Mi-ka-el, if this is a Divine Aspect, what happened? Why have we

had so many who have really created an aberration of what was a Sacred, Divine Gift and part and parcel of who I am?”

When humanity fell, and by that I mean simultaneously became entitled and arrogant and wanting control where none was necessary - that is a fantasy - but when that occurred, there was a delineation, a division of those who could control and those who felt under control, powerless. Both are a deviation, a falling away from Divine Plan.

So in this, will became bastardized and human will, which was not in alignment with Divine Will, began to be lost. Now it was never entirely lost. And, many of you have reignited your will, allowed that will to be reignited and brought forth in the restoration, not only of the Mother’s Plan and Design, but of your own plan and design.

When you are in alignment, not only with Divine Will, but the Divine Will within you that is part and parcel of who you are, then what you are doing in bringing that forward, is in fact using the power of will - and that is something that many of you shy away from and have shied away from - you are using the power of the will, the power of love, to create and to bring into action. It is a movement energy.

So think of the Mother. You are bringing into action and fruition what you are desiring. That is why we have said, “Be careful what you focus on because that is part of what you are bringing forth.” Now that is a very brief introduction. Dearest friend, where do you wish to begin?

SB: You’ve raised so much, Lord, it is very difficult. Let me just get some of the questions cleared out of the way. Very, very short answers to this; is the Creator Race the same as the Elohim?

AAM: No.

SB: No. Ok. Exactly who is the Creator Race? It’s transcendental beings, is that correct?

AAM: It is beings that assumed a humanoid form with what you can think of as full awareness; so not with the limitations, the blinkers, that the current race of humans have.

SB: And with the ability to create. So now you say, beings.

AAM: Humanoid beings.

SB: Humanoid beings. The Mother created this race?

AAM: Yes.

SB: De novo. So much for Darwin. Darwin is leaving the picture on so many occasions.

AAM: But do not think of it this way, because he has played a role. Because I do not want this to – and I will not spend too much time on this – but I do not want to fuel the fire of right-wing creationists either.

SB: I understand. Now, and again I'm trying to nail down some correspondences. So, are the subatomic particles you mentioned the same as what you call adamantite particles of Ronna Herman?

AAM: Yes, they are very similar. Yes.

SB: Ok, very good. Is it disloyal to change your metaphor slightly and have love be the driver of the car and will be the car?

AAM: (Laughing) If it makes it more understandable to you, or to any of you, you may do what you wish.

You know, we don't tend to think in terms of cars, or money, or time, as you have so often pointed out to us, so if you wish to be the driver or the car, or even the highway or the dirt road, you can do so.

SB: (Laughing) Just not the carburetor or the muffler. Ok, very good.

AAM: You can be the gearshift, my friend.

SB: (Laughing) That's right! Now this point that you made, which is absolutely fascinating about the Divine Mother and the Divine Feminine. On one occasion I asked you if will was an attribute of the Divine Masculine and the discussion has now reached the point where... now you're saying, when we talk about the Divine Feminine, we're really talking about the Divine Mother when we talk about the

Divine Masculine... no, no that's not correct, because it doesn't go into the Divine Father when we talk about the Divine Masculine we're not talking about the Divine Father, so I'm a little lost there.

But, the point that I wanted to make is that you are saying that the Divine Mother, you call her the Divine Feminine as if there is no will there, but she is the creator, preserver and transformer of entire worlds, so she is very willful, very active. So, from that perspective, are you saying that will is, like love, simply an aspect of the Divine that is in all of us that needs to be activated.

AAM: Yes.

SB: Is that correct?

AAM: Now let me correct you. And I am teasing you today. We are having a playful conversation are we not?

SB: Yes, we are.

AAM: Now you say, and you understand, that the Divine Mother has created everything.

SB: Yes.

AAM: Now when people talk about, and yes, sweet friends, I am talking about many of you who are lightholders, loveworkers, you have tended to think of the Divine Feminine – and I am splitting hairs here, but it is important – that this has been more the nurturing, yes, the birther, the bringer, the caretaker energy, but you have not thought of the gusto of will of the Divine Mother that has tended to be more in the Divine Masculine – not Divine Father – Divine Masculine arena. So I do not want you to think of such stringent delineation.

Now, to make it even more confusing, Divine Father, Divine Mother, in that conjoining, in that place of ultimate love, and the bringing forth of All, to which you will all return, is the blending of energies that is not either/or, but what you think of as the One and the All. And that was the distinction that I was hoping to eliminate in terms of Masculine, Feminine, Father, Mother.

It is important as you become Nova Beings, which is already well, well underway, is that you realize in your core being, in your subatomic particles, in your organs, in your central column, in your spiritual DNA, however you wish to construe this, that you have that blend of the Divine Father, the Divine Mother, the Divine Masculine, the Divine Feminine.

There has been a separation of these elements, these qualities, these aspects because of the preponderance of the skewed masculine, the skewed will upon the planet. So of course there has been in the rebalancing more attention brought to the knowable Divine Mother, the implementation and the anchoring of the Divine Feminine coming from the Mother. But in the return to not only who you are, but to all, do not try and segment that Divine Father, that Divine Mother. Embrace that totality within you.

You may not know it all. You may not understand it all. My beloveds, you don't have to. You have need to allow it to grow, to expand, to express, to learn and continue on. There are many gifts, many presents that are being unfolded so do not limit your understanding. Now, has that muddied the water even further, my friend?

SB: I think the prime muddying of the water, Lord, is that...I can't even say what I was about to say but let's pretend I can...that you can say things about the Mother but you can't say things about the Father - the Father is everything. And so whenever I try to talk about the Mother and the Father I am comparing an apple with 'everything', so to speak. It can't be done, really. I am getting the futility of it. Now does the Divine Masculine refer to the Father and does the Divine Feminine refer to the Mother? Or are those phrases used for other things, different things, in the simple reference to the Father and Mother.

AAM: Divine Masculine, Divine Feminine, are what you would think of as the expressions of these entities, particularly the Masculine, that you feel are unknowable. So, you say, "Well, I can't know" ... and you can't by the way... "know everything." But you can know the qualities, the expressions, of Divine Masculinity. And even more so, you can accept that that energy - yes, in all humility you would say, "But such a tiny particle." - but it is still within you.

So part of your advancement – and I do not wish to stray too far from the discussion of will – but part of your advancement, part of your evolution, part of your coming, is the acceptance that that unknowable is part of you as well. You see, there is so much emphasis on knowing yourself and bringing to fruition that Creator aspect of the Divine Mother – not the Divine Feminine – the Divine Mother. But there is also a part of you that simply can, if willing, accept that there is part of you that you don't know fully; perhaps in this lifetime, perhaps not for many lifetimes, but that does not mean it is not present.

Where you are right now in terms of this evolutionary step is in the reactivation, the full activation, of your will in terms of your Divine Will, because that is the alignment of Nova Being. It is not the aberration of will that people have come to misunderstand and have a very bad reputation.

SB: Lord, can we turn to aspect of the practical, now? But, just before we do I want to make mention to listeners about something you said earlier. You said, “To which you will all return...all to which you all return.” I just wanted to mention - and please correct me if I am mistaken here, Lord - but you are not talking about ascension you are talking about the ultimate return to God, after which we come out again, I understand. Is that correct?

AAM: Yes, that is correct. I am talking about the ultimate journey in that car, sweet one.

SB: Which you're riding on, on the hood! (laughing)

AAM: I am your ornament on the hood, yes.

SB: Clearing the way for me, thank you very much! Could we – practically speaking, because we are practically minded – could we turn to the generation and maintenance and transformation of collective will? Is there such a thing as collective will?

AAM: There most certainly is! And you say, “Well how, Lord, would that work? How does it work?” Because in many ways, right now, it is just beginning to work again repeatedly upon sweet Gaia.

Think of collective will in some ways as a very powerful entrainment. Now that does not mean that you are not in charge of your will. Because this aspect of being in charge, of not having decisions made for you, of being able to proceed freely – and this has been a theme that we have talked about a great deal – does not mean that collective will overrides individual will.

You have seen that friction time and time and time again. Now, let us be very clear; when you are in alignment with your Divine Will - that is operating and reflective and literally in alignment with Divine Will - that doesn't mean, as so many people in past paradigms have interpreted it, that 'I'm right and you're wrong'. That is of the old paradigm and there is no room for it.

But think of it in this way ... collective will is in fact sparked, activated, entrained, by those individuals who are willing and able and ready, and actually moving in action to show the way. Now that does not mean – think of the entrainment of a school of fish – that you are always at the head of that school of fish. Because there are many roles, including those who are in the middle of the school and do not break away but continue this wondrous pattern of cooperation and harmony, and those who are at the tail end who do not sit and sulk and think, “Oh, I am at the end of the row here.” So, it is that beauty but it is sparked by individual will.

Now, how does that work? And how does one change what has been the, shall we say, the old will, which is not Divine Will, into this alignment with Divine Will? This is one of your primary activities, actions, in terms of being the Mother's implementers of Nova Earth and the bringing forth, the building, the creation, the anchoring, the establishment - not only of Nova Being – but of Nova Earth, Nova Collective, Nova Humanity. When there are enough of you, and I would suggest that you are basically there, to say, “We are going to go with an act of will generated by love. We are going in this direction.”

Now, the rest of humanity may not know all the fine-tuning, all the detail, but it is sufficient that they say, “Yes, this feels right, on every level, everybody. This feels right enough for me to move in harmony with this group.” That is the building of unity and community. And, in fact, it is done not just by love, but as an act, an action of will.

So you say, “Well how do we do this?” And what I suggest to you, first of all, there is the acceptance piece. It is the acceptance that you are in alignment – and that you have done your work, of course – that you are in alignment with Divine Will. And that you are willing to step forward, and either at the front, the middle, behind or somewhere in between, take a certain direction that is in alignment with will and love, and all the Divine Qualities, because they are all one thing anyway.

Now, what I also further suggest to you, my beloved friends, is that consciously or unconsciously, without having labeled it as such, that you have been doing this. And you actually have been doing it for some time. And, I do not simply mean since 2012, which was a landmark decision and a landmark redirection, but as a collective – not everybody, but enough of you – have been doing this for quite some time.

Now, has there been exploration and a growth of trust, not necessarily in us but in your beloved sweet selves, and from that, in and with each other? Yes. Now I know that will be food for discussion, sweet one.

SB: Well, the obvious next place to go with this, and the obvious reason that I am asking you about this, is that lightworkers soon will not only be exerting their own will, but will be responding to calls to generate collective will around such things as ending hunger in Africa or sexual slavery in the world, etc. So, anything you can tell us about how will operates, or what the pitfalls are, or how we can rehabilitate ourselves who’ve had our trust so badly damaged by all our governments and militaries and police forces - any coaching on this new phase that lightworkers are entering, in which will is such an important aspect, would be appreciated.

AAM: I would be pleased to do so. Now, has there been – and I would suggest to you for thousands of years, thousands and thousands and thousands of years – a breach of trust of authority that has occurred? Well, you know perfectly well that it has been in existence. Do not spend your efforts looking back.

Now I am not suggesting to you, any of you, to be naïve, or to ignore history and the pitfalls of history. But, if you spend your time looking backwards, I am talking in terms of your understanding of time rather than simply the Mother’s time, then what you do is that is what you are doing. You are spending your time looking at past mistakes, missteps and you are always trying to protect yourself.

Now of course, there is a level of prudence, of sensibility that always needs to be in place. But as you proceed, both individually and collectively, because it is not an either/or, that is why I have used the example of entrainment of a school of fish. It is not a single fish going off and riding the currents. It is a large, large group of you moving together...and there is power and safety and wisdom and talent and a whole variety of capacities within that school. So as you move forward, do not spend your efforts and your time thinking about past atrocities.

Now the biggest element that you need to be personally and collectively cognizant and vigilant about is that ascendance of superiority, of entitlement, and of ego. Never do we wish, or would it be of love, to eradicate your delightful, sweet, powerful –sometimes disconcerting – qualities of your personality. But you cannot proceed in an egoic way that is reflective of the old pitfalls of ‘I have the answer. I am the leader. I am right, you are wrong’. Nothing will destroy your forward thrust faster than that. So, the memories, which are important, of the history of the pitfalls, are present in order that that reversion to the old Third does not occur.

But as you are going forth, you are literally forging new ways. Think of - in North America there are many such examples, but we will use North America - when your settlers came to your eastern coast and they began their trek to the West, they did not know what lay ahead. They were not sure what river or pathway to take. It was a journey.

And while there were many missteps, there was also a collective will to keep going, to explore and to create new places of home, to escape what had been in many ways economic or political slavery. Yes, there were many mistakes made, but to forge new pathways.

And that is what you are doing. And in that, there are those of you who will be the guide at the front of the wagon train, and there will be cooks, and child minders and teachers, and those that sit and paint the landscape. Everybody is necessary. And, nobody has a more important role than another.

For some it is a very individual act of will; ‘I am doing this and I am bringing my piece to this undertaking. I do not want the bigger picture. I simply want to work with 12 women who have been sold into slavery and to help them regain the sense of who they are and claim their lives.’ That is as important as the bigger picture.

Everybody has to be respected – yes, has to be respected and valued! Because what happens in the reversion to the old is that sense of value and respect of honoring was lost. And so one of the biggest things that I guide you on is the importance of maintaining, not only the sense of community, but the value and the honor and the respect of every being.

There will be such a plethora of undertakings. Depending on your slant, your preference, your guidance, your mission, you will feel that your project, your undertaking is the most important thing on the planet. And that is fuel for you. That, with the love of your undertaking, fuels your will to get going. But it does not give it primary importance in the fabric and the tapestry of the whole.

Every single thread is important. So the balance – and to speak to balance – we are not recommending to you, we are not guiding you to become so driven, so overly focused on projects that you forget the balance of who you are. And that you reflect that balance and the perfection of that balance to one another.

There are times when, as community, you will work flat-out diligently. But if there is not a balance in the consistency of the whole, of time for self, time for reflection, time for prayer, time for play, time for love, then what you are creating is not in alignment with the One. It is not in alignment with love.

Now, in all of that – yes, you can think of it as the third piece of guidance – vitally important is the clarity of communication. Now this is where will has need to be balanced and tempered with the love.

Too often, in many of your societies, will has taken a primary place in conversation. Then, rather than genuine conversation being a give and take, not only of information, but of love, of heart, of understanding, of confusion, you tend to rush through conversation because all you want to do is make your point, convince the other person and move on.

That is not communication and that most certainly is not of love. The communication that we encourage – yes, Saedor - has worked for your star families for thousands and thousands of years.

So, what does this communication mean? In many ways, my beloved friends, it means permission, safety, security, open-heartedness. It is the ability, not only to

express oneself and to hear yourself truly heard, it is also the ability and the gift of listening, of hearing - without a feeling of being told what to do or reprimanded or directed - but of truly hearing, listening to what is being said. Not simply to push forth your agenda or your desires, but that there is a mutuality of exchange.

There are times my friends – and you have heard me both seriously and in humor say to you when something is either incorrect or incomplete – you have need, yes need - this is part of love and will - you have need to say to one another, when there is a perception – because that is all you have to go with – yes, sometimes you say, “Oh it is a knowing, Lord.”

And I suggest to you that it is a perception, that perhaps someone that you are speaking to is either veering away or not on the right path or that they are not truly hearing or listening to you. You have need to grant tacit and active permission in your new world to truly communicate, on the mental level, on the emotional level, on the heart level, on the will level.

And to be clear, not only with whom you are communicating with, but with yourself. ‘I really want to get this done!’ That is your will bringing forth ‘I want to get moving in action’. Now, is that Divine Will or is this your ego will? And if it is ego will, are you willing to hear somebody say, “Slow down. We haven’t taken x, y, z or this or that person and their needs into account.”

Now I do not say this in the way to say that you are going to discuss, discuss, discuss and nothing ever gets done. That has also been a pattern and it has been a pattern of lightworkers and loveholders as well. No, this is a time of action. In every realm we are saying, “Let’s get going!” But not to sacrifice genuine communication. So that is our guidance...that is the beginning of our guidance. Am I clear, sweet friend?

SB: Very clear, Lord. Let me just confirm, are you saying that one of the elements of creating collective will is in that moment in which one is making an appeal or putting forward an idea, listening to the other people, making sure that they feel that they have been heard without allowing the discussion to go on forever, but allowing others the opportunity to present their perhaps objections, perhaps refinements. Is that the case?

AAM: That is exactly the case because in community, collaboration is going to enhance – not indefinitely delay – but enhance. Because what you are doing is coming together with the best parts of you to truly create for self and for the collective. That is how the entrainment happens. Everyone is saying, “Yes. This is a great direction. Let’s go!”

SB: I think I am beginning to get the picture. Lord, in terms of final statements, what do you advise lightworkers who are looking forward to beginning work soon, what is the most important thing to remember about the subject of generating will, perhaps collective will, but perhaps will within ourselves, what is the one thing they need to keep in mind as we approach this new phase of activity.

AAM: What I would ask of you, what I would suggest to you, and that is to each of you, do not wait. Begin embracing and working with this aspect of will that perhaps you have placed aside. You say, “Well we are not in a full position.” What I suggest to you is that much creation comes about because you are willing it.

So begin to work with your Divine Self Will. Play with it. See the harmony between your heart and your solar plexus, your head and your solar plexus. Begin to embrace what has always been within you. Welcome it home like a long lost friend, as if you have an extra set of eyes, or an extra set of hands that you didn’t even know about...or a brand new car, my friend.

SB: (Laughing) Thank you very much. Are you going to be on the hood of every car, Lord? Can you do that?

AAM: Oh yes, I can!

SB: You can, that is an amazing talent.

AAM: One of a few. Go with my love.

SB: Thank you, Lord.

AAM: Farewell.

SB: Farewell.

The Divine Mother: Take Up Your Divine Authority

[An Hour With An Angel](#), February 23, 2017

Linda Dillon: Channel for the Council of Love

Steve Beckow: Host, InLight Radio

Steve: Welcome, Mother.

Divine Mother: And, welcome to you. Welcome to all of you, my beloved ones upon this planet, this sweet archangel that has incarnated and assumed the form as planetary Gaia. I begin with this because I want you to conceive of the potential that each and every one of you carries.

When we first spoke of this planet being an archangel in form, of how they assumed this form of planet, ancient beings in service to the One, many of you were hesitant or dumbfounded.

But the reason we speak of this is for you to comprehend, my beloved ones, the scope, the majesty, the potential of what you are capable of. Yes, as archangels, as angels, as star seed. It matters not how you conceive of yourself, how you perceive of yourself, you are of my essence. And in that you carry the pattern of all. You carry the pattern of love which has such a myriad of faces, expressions and ways of being.

So often of late, which is one of the reasons why I have asked to step forth and speak of the Plan, so often of late I have heard your cries, your pleas, your tears in the night suggesting and telling me, pleading with me, saying that you are not sure that you can go on.

While at the same time and in the same sacred space, declaring your glee, your happiness, your joy that you know that this is the time of fulfillment and the bringing forth of your plan, of the blossoming of you, sweet one, in the larger context of my dream, my Plan, *the* Plan, for we do not necessarily claim ownership. In many ways, think of this Plan as this plan for this planet because the grander Plan might be too large to talk about. We will see.

But the grander plan for this planet is very simply the unfoldment of love, the re-anchoring of love as the fundamental energy and guiding principle of existence in this realm.

Now, think of what I say to you this day. When the reference point of all creation, all thinking, all feeling, all action, all interaction is love, then the harmony of One, our harmony, and yes, our sacred union, is in place.

And, while we say re-anchored, think of it in this way, because you have never been untethered from the Father and I, you have never been untethered from the love. That is not, in your realm, a possibility, and there are infinite possibilities.

So think of it in this way: that you have dropped or weighed anchor far out on a very, very stormy sea and you are but a row boat. And you have been tossed and turned and sometimes upheaval has occurred and you have had your little boat full of water and you thought you were sinking.

And, this has been the state, both individually and for humanity, for a very long time. Do not think, my beloved ones, that I am not aware of or do not care about the turmoil that you have experienced both in the immediate present, past and distant eons.

Now, what I say to you is you are taking that row boat, your beautiful sacred self, by my Plan, and let us say that the archangels are in charge of this transport, along with your star family and we are transporting this sweet little row boat to a placid little lake or an inlet in a favorite cove.

And the water is crystal clear and your anchor is simply gently upon the bottom and you bob up and down now and then, or you simply stay perfectly still. And you enjoy the peace, the beauty, the harmony of existence.

Now, I do not imply that to be in the harmony of One, which is my Plan, to be in the harmony of love, in that perfect balance of bliss and exuberance and joy, negates adventure. Quite the contrary!

I have been beckoning you. This is my Plan. I beckon you, I invite you and now I am reaching out to you. Take my hand that we may go forth in the truest adventure of the co-creation of Earth, of Gaia, of Gaians and humanity and the multiplicity of the kingdoms.

To be your creator self is the Plan. You cannot fully embody and embrace the totality of your creator self, especially in form, if you are not in alignment with the

love, with the will, and even with the divine mind. That harmony necessitates creation and it is also a precursor to meaningful creation.

Now certainly humans over the many tens of thousands of years have perfected the creation of illusion, the illusion of disconnect, of betrayal, of abandonment, of abuse and control.

And that has been a journey that you have chosen collectively during that phase to follow and it has been part of my Plan that certainly this exercise of undeveloped free will would be allowed to come forth so that individually and collectively you would learn that these choices in the simplest way cause pain. And what is pain other than a feeling, an experience of separation from us. (1)

Your design, the design that I have imbued you with, is that we are connected and one. And your greatest dream and desire is to be in unity and ultimately reunification so any sense of separation is what you think of as pain. And it is true. It is genuine.

And, of course you have had many names for this: betrayal, abandonment, you know the list. And, you have internally and externally blamed others, blamed me, for this state of affairs, not wanting to assume that mature responsibility for your choices.

And all this, while not welcomed, has been allowed, until such point where my desire and your desire, individually and collectively, have re-conjoined.

This has always been the Plan. That at the point when you have turned back to the Father and I, metaphorically and actually, that what you have found is us standing right here waiting and beckoning and reaching out to you to begin this next phase. We are infinitely patient. (2)

And, yes, beloved ones, there is such a thing as divine timing. And divine timing in this instance, because that is what it is, is you turning back to us. Not because of rigidity or control or power structures. And, I do not say this as a critique of all structured religions.

But the turning back to me, to us has been direct, not because it was required, not because you have been told it was necessary, but because your heart, in the truth and the yearning of your plan within our Plan has brought this forth.

Now you say, “But we made this collective decision, Mother, in and around 2012, spiritually and physically, emotionally, in every realm.” (3) Spiritually-mature decisions also require, my beloveds, spiritually-mature preparation. (4) You have entered a phase of claiming your birthright of freedom and power, in the truest sense, to be in sacred partnership with us.

So, have we been assisting you? Yes. We have been showing you how to tie your shoes, how to bake bread, how to create Nova Earth. But we have not been tying your shoes for you or serving up your dinner because that would not empower you.

And the anchoring of your promise and the promise of this Plan is your assumption of your divine authority. I do not use these words lightly.

Divine authority, what does this mean? That you have stepped forward. You are authorized and empowered. And you are and will be given the wherewithal to proceed as your creator self, never simply as a minion, a puppet.

Often you and we have used the word "servant" which sometimes has a slightly different connotation in your understanding, because we are all servants.

Yes, beloved, I am a servant to you, to the One, to the Father, to the All. You do not conceive of me this way. And you and Michael and Raphael and St. Germaine and all beings are servants to one another and to the All. To the All of this planet and each other and to the All, if you are thinking your galaxy or a universe, the multiverse or the omniverse. It is all of a piece, child.

And because it is all of a piece, interwoven, interdependent, interconnected, there are ... evolutionary steps – that is what I will call it – that are occurring upon sweet Gaia and within each of you that have far-reaching impact and consequences throughout the omniverse.

So when you hesitate – and you haven’t been hesitating, by the way – but when you hesitate or do not carry through on a soul promise, then the impact is very far reaching as well.

Now, this may feel daunting at times and that is part of the cry and the plea that I hear from many of you. Because seldom, sweet ones, are those cries for help based on selfishness or self-serving requests. The plea that I hear most often is to either come home to the reunification or to have divine intervention that you may proceed in the fulfillment of your dreams and my dreams, that you can be back in the balance, the perfect bliss of love because it is far too painful to be anywhere else.

Now, that is a very broad overview. And then you would say to me, “But Mother, we understand the progression of what we have been doing. But where is the fulfillment and what is the chaos that we now witness in so many areas and pockets of this planet?”

It is the last tantrum. It is the destruction of the illusion and the exposure on many, many fronts of what hatred and greed and abuse looks like.

Because even for those who are acting as the players in this [dark] part of the unfoldment, it is painful for a being that seeks power for themselves or power over another, whether it is a parent over a child, a husband over a wife, a man over an army. It matters not. The yearning [for], the exercise of control never gives the joy. The pain simply grows. And so the actions become more grotesque, larger, until the breakdown is and has been and will be occurring.

So, you observe this and you certainly intervene where you can and where appropriate and you send the love. But you do not engage in the process because you want, and I want, that breakdown to occur.

Do not forget the collective decided to proceed together. And that decision set a pattern and a paradigm, again far-reaching. And was that desire for the collective to come forth as one? Yes. But it was early, so you still have the capacity, dear hearts, to surprise your Mother. But also know, when I say early, I have a tendency to discuss things in much longer time frames than you do.

So I do not talk about yesterday or today. Not because I do not understand it, but simply because I know the volatility of human emotion and how things go up and down but always coming to this place of resolve.

Now, several that I have empowered, particularly Yeshua, have spoken of this as the time of fulfillment. I want you to know that resolution, resolve – using your

language and understanding – is not fulfillment. Resolve is two stubborn children having a fist fight in the school yard, stopping and staring at each other with bloody noses saying, “Okay, we won’t fight anymore,” and holding that resolve because there are consequences for them to proceed any further.

Fulfillment is the glorious joy and celebration of what has always been planned not only for the planet and the kingdoms, but beloveds, for each and every one of you, that this sense of isolation or struggle does not exist. And some of you are tasting this and setting down the new paradigm. And that is my gift to you so that this new understanding, this new way of being is being anchored already upon your planet.

But the creation, yes, it is mine, but it is also yours. If the Mother sees her beloved child as an artist or an architect and says, “Here. Here are the water colors. Here are the Lego blocks. Build what is divinely beautiful. I give you my divine authority to do so. I will guide you. I will help you. But I entrust this to you as well.”

Now, I know I give you a great deal to ponder. So where do you wish to begin?

SB: I could listen to you forever, Mother, so please don't think I am chafing at the bit here. Not at all. I did have a question for you about your comment on our assumption of our divine authority. I think I have heard enough from the Masters and the galactics and the Company of Heaven *about* our divine authority. But *assumption* of divine authority. How do we *assume* divine authority?

DM: A brilliant question. Because for me to confirm or reassure you that you have our divine authority and that it is part and parcel of your beloved sweet divine self in human form, from wherever you think that you hail from is one thing. The reticence ... and I do not ever criticize you or chastise. There are times when I am sorrowful, not because of the unfoldment but because I know that you hurt and harm your heart, hurt and harm yourself. But there has been a huge reticence individually and collectively on the part of human beings to assume that divine authority. And of course, the first step to that is the individual assumption.

Now part of that reticence has been the very well-established abuse of authority upon your planet so that many who are of the love hesitate to step forth thinking that authority has so often meant that you are trying to coerce or tell somebody else

what to do, and that you don't want to put yourself in that role or in that position of potential conflict. But that is not what we are talking about.

You are of us, and you are fully and completely autonomous. And in this I mean that that is the gift and the trust of free will. Because free will has been so aberrant in so many ways, those of you who wish to align with love, with divinity, often will hesitate, be reticent, to assume your authority. But if you do not assume it, then who does?

Now, let me be a very practical Mother, which is not what I am known for. (Chuckles) You have assumed form, and let me say to you I have allowed you to assume form. I have chosen and created and birthed you into form. That is the Plan at work and I have done this, we have done this, with that spark of divinity so that you would be divine in form.

And what that means in very practical terms is the assumption of your divine authority to be in charge of your life, of your thoughts, of your feelings, of your actions, of your behaviors, of your steps, of your environments, all the way out to the edges of the universe, throughout all times and dimensions. But I won't go there because that would confuse and this is me trying to be practical.

If you do not take authority over your existence – think in practical terms, this life – then what happens? You are adrift. You are in fact that row boat in the middle of the ocean being twisted and turned every which way. Divine authority means choosing - yes, with your free will and your divine authority of free will - to direct how, where, when, if you choose to proceed.

You have the most magnificent internal wisdom and knowing. That pain barometer of separation tells you when you are not in alignment with your divine self and hence with us.

There are times, and we mean moments, when the action is what you would think of as doing nothing. But of course doing nothing is always doing something because you are either disengaged or being the observer or participant observer. So there is no such thing.

It is an illusion for you to even conceive or believe or think that you are not in your divine authority every moment of your existence. Now, if you choose to ignore it,

and that is what the reticence is, then you are not fulfilling your joy, your purpose, what gives you the greatest glee.

And yes, there are moments when those decisions can be challenging and difficult. But, that shows you your strength, your courage, your valor, your persistence in working your way back to us. So much of that reticence has been, “Well, I don’t want to step on anyone’s toes,” while allowing yourself to be trampled. That is not the plan.

The plan is harmonious, like a dance. Will there be missteps at times? Yes. That is when you bow to each other and chuckle. You do not go to war.

So there is this reticence, particularly upon the light worker community, because authority has been defined as dictatorial, as controlling. But, what you are truly doing is anchoring and re-anchoring, through this assumption of divine authority, the truth of what leadership, stewardship and creation and co-creation and partnership and community and unity and truth is all about. And, if you do not do it, my beloveds, who does?

Because, as the old is fading away – and trust me, it will fade away, that is a given – then there will be a vacuum if you have not stepped forward and said, “You know, there is an alternate way to be human, to live upon this planet that is kind and considerate and sharing and decent and honest and filled with laughter and sweetness.

This is a planet of such diversity and beauty and she will be pure again. That is already underway. I am not suggesting that you engage in bully fights. That is futile; it is an exercise in futility.

What I am suggesting is that you, as your creator self, in the assumption of individual and collective authority, forge a different pathway and you open that pathway for all to come with you. And we are helping you. That gateway is open and you are being flooded and you are being assisted and you will be assisted every step of the way.

SB: Mother, I just heard you say we will be assisted every step of the way and that, in fact, is at the basis of my next question.

If I go into building Nova Earth the mind, heart and will that I have now, I worry that I won't be able to handle the challenges. Sometimes I think of myself as a battery, the kind you buy in the drugstore, just the single battery, and that I'll be completely drained trying to do everything that needs to be accomplished in the coming years.

Can you counsel me on that? Can you give me some reassurance that I will have the needed wit and will to get this next phase of work done?

DM: Yes. First of all, you can plug your battery into me. You can ask Archangel Michael for a boost. I say this for all of you because most of you who hear me this night know what it is to be in love. And, yes, I am not talking about just the love, I am talking about head over heels, chemical, hormonal, human falling in love, and how in those initial stages you can't do enough. You can stay up all night and talk. You can make love for hours. You can plan your entire life together. You can climb tall mountains. And there is always enough energy.

Then of course, it changes. It shifts. I use this example because that is the level of energy, when you are plugged in to what you love, that can flow as easily as the intake of breath. (5)

Think of it in this way: I am breathing into you. And in that, in that infinite breath is infinite connection and energy to go forth.

Beloveds, I do not, it is not part of my desire that you work yourself to the bone. This is a grand unfoldment, long in coming, infinitely expandable.

My original purpose was for you to be in form and to know love. That is why I have birthed you, to have the joy, the pleasure, the excitement, the experience of being in this form and of living and being love. There is no subcontract that says "and part of that is to work yourself to the bone or to an early grave." In fact, graves were never part of that design to start with anyway.

You do not do this alone. Yes, you all have unique and beautiful talents and abilities and authorities and roles. And, there is not one role that is not immensely significant. Every single piece is critical.

But what that also means is you have to allow others of like heart, like mind, like vision, to participate. Not to... listen to what I say... not to help you, but to participate, so that it is a co-creation.

Will there be lively discussion on what is the best pathway? [Yes.] And is that not sheer delight to have the latitude to have this discussion? So others participate each in their own way. Because you have not seen the example, truly in many places, of what it means to work in co-creative partnership, most of your structures, institutions, etc., have been top-down authority, dictatorial. That is not the way we operate.

You say, “Well, how can we have thousands of people participating in a single undertaking?” And I say to you, “How can you not?”

There are billions coming into entrainment with the love. Will you bump up against each other? Yes, you might. And that will simply mean meeting a long lost friend. You will have the energy.

I want to emphasize to you what you have thought of as work has need to be joy. And in that joy is what you think of as tasks, whether it is sweeping the floor or running a foundation.

But, equally important is watching the colors of the sky shift and sitting with a friend breaking bread, prayer and meditation, simplicity. If they miss [i.e., want] a watchword, keep bringing it back to simplicity.

You have a tendency to think things, and I mean all of you, are incredibly complex. Dear hearts! You have no idea. But in fact it is very simple. Is this love? When I am about to have this conversation or implement this structure or undertake this task, does it feel like love? Does it make my heart sing? Is this something I want to do? And, if the answer is yes, then you are in your divine authority.

And if it is no, reconsider. Talk to me. I am always with you. I have always been.

SB: Well, we’re nearing the end of the show, Mother. Is there anything you'd like to say in closing?

DM: Yes. I go full circle and I reach out to those of you, my beloved children, who are bereft or uncertain or feel that you don’t know which way to turn. Turn to me.

Allow us – for I have many who assist – to put in place with and for you that which you need, that which makes your heart come to a place of balance and peace.

Go with my love, sweet ones. Farewell.

(1) " And what is pain other than a feeling, an experience of separation from us." Since Mother/Father One is only love, if we substitute "love" for us," then what is pain but a separation from love?

(2) Is this not the parable of the prodigal child?

(3) To have as many inhabitants of Planet Earth ascend at the same time as possible, rather than the few who would have ascended if the culmination of Ascension (Sahaja Samadhi) happened in 2012.

(4) Carrying out our wish to take with us as many as possible has now slowed the Ascension process down and requires more preparation than the other option would have. That calls on us for patience and understanding.

(5) Higher-dimensional, transformative love renews everything it touches and keeps it renewed for as long as that love flows.

Heavenly Blessings: Our Divine Authority with Archangel Uriel

Archangel Uriel: Why has Divine Authority become such an important topic, a crucial issue to be addressed in this phase of your unfoldment? Because you are ready. Now, there has been a theme of readiness, and that is not what I am referring to. I am referring past the preparation stage of readiness into the readiness, *the 'ready' of being in action.*

You are at a juncture where you are able to truly embrace and anchor and be and act in your Divine Authority.

We had not – and I mean the Mother and Mi-ka-el and many of us – did not speak of this issue of Divine Authority years ago. Think about this, because now you are in a position to truly bring this to full consciousness.

Many of you in 2012 were both excited and disappointed about that instant lift-off into what you have viewed or thought of as ascension, ascension shift, interdimensional/higher dimensional reality. Now, when you look back, of course you understand the progression that not only you, sweet angels, but the planet and the process has been going through.

In 2012, many of you – and I do not say this in a critical manner at all; I do not have that capacity to be that kind of critic! – but many of you have thought of ascension as escape. And it is not escape – it is fulfilment. It is fulfilment of your plan and the Mother’s Plan in absolute harmony, in tandem, in sacred union.

You *cannot* be fulfilling and implementing the Mother’s Plan, the dream of the Mother – which means instantaneous fulfilment; our meaning of “instantaneous” is different than yours, perhaps more complex and perhaps more simple – but the fulfilment of Her Plan cannot occur – this is the way *She* has constructed it – it *cannot* occur without you, without the fulfilment of *your* plan, because that is the missing piece, that is the link, that is the tangibility that you and we and far beyond can recognise, witness and participate in.

It is not the Mother’s Plan and your plan – quite the contrary – and that is why I ask and am grateful to speak to you about Divine Authority. ...

So now we are here, in your time and our time, in the unfoldment of the Mother’s Plan 2017. What a wonderful time!

What is time? Time in reality is the infinite flow of existence, but because that is incomprehensible – in the simplest of terms, difficult to wrap your head and mind around – there are brackets put on time and that is how you come to define this realm of existence, this framework of existence, this bracket in which... think of this... this bracket contains the shift, the breaking point, the breakthrough point of the Mother’s Plan.

Now, the Mother’s Plan is infinite, and will continue on in further evolution long after this bracket is closed and opened again. But think about what I say to thee. This time within which you have chosen – for which we thank you – to exist is the tipping point, the opening, the breakthrough, the fulfilment of human beings choosing, consciously deciding to be the anchors, the fulfilment, the physical fulfilment of the Mother’s love, of changing a paradigm that has existed on this

planet in physical brutality, etcetera, etcetera, etcetera, for thousands and thousands and thousands of years. In any reality, my friends, this is remarkable!

Now, what is the next step of truly being the implementation team? It is the claiming of your Divine Authority. Now what is – and we will repeat this because it has been said several times – what is Divine Authority? It is not merely permission, it is not merely expectation. It is you in action, acting with and on behalf of the Mother/Father/One.

Let me explain. I, Mi-ka-el, Gabrielle, Raphael, Jophiel, who is also connected to the anchoring of Nova Earth and Nova Being, stands here with me – well, they all do this day! – *we* act with and on behalf of the Mother/Father/One. Everything we do, seen and unseen, known and unknown, is done with the Divine Authority that the Mother has bestowed upon us and within us at the very beginning. So I want you – I invite you – to understand the magnitude of what Divine Authority means.

Now, we have started talking about 2012, and look how you have spiritually evolved, matured, rebalanced, regained, re-anchored in these last five years. You are doing a brilliant job! This next step is the claiming, the anchoring, the embracing of your Divine Authority.

Now, when I say “claiming”, I do not mean permission. I do not mean that you need to go back home – although that is always a good idea; that is why you have been given and gifted with the 13th Octave – but it is not something you need to come back home and claim. In fact, I am activating it within each and every one of you right now!

Now, what do I mean “activating”? I am activating the remembrance and the knowing of your Divine Authority within your heart, your cells, your being, your mind, your emotional field. Just as Michael – Mi-ka-el – has activated peace within you in our last visitation, I am activating your Divine Authority. Yes, we know, we are using these airwaves slightly differently these days. Is it not delightful? It certainly is to us!

Now think about this. Every time I take a step – even this step of speaking to you in this way, of doing this activation – I do not run home and ask Mother for permission. She has embedded it. She has given me the Divine Authority to act on and with Her and the Father long ago. That is the alignment. That is the alignment

with this overworked, overused term that we call love. It is the alignment and the knowing, not only of the truth of love, not only of the truth of Mother/Father/One, but the truth of who I am – that I AM Presence.

And sweet angels of light, whether you are purple or blue or yellow or green – it matters not – within your infinite, higher universal self, you have been given Divine Authority. But more importantly, in this moment of your now and our now, you in form, in your heart, in that pink diamond flame, you have been given, eons ago, Divine Authority.

It is being awakened within you now because you have reached this level – not a hierarchical level but in the cycle and the realm of existence – you have reached this place of spiritual maturity where that alignment is present so that you will act in your Divine Authority and in Her Divine Authority, in alignment with the love – not to escape; yes, in some ways to destroy, and I mean that in the most positive of ways – to destroy, to eradicate, to eliminate... yes, with a little help from Sanat Kumara... to eliminate what is not of truth, what is not of love, what is not of enlightenment and illumination.

And I am here to help you with this. This is *my* mission and purpose. That is why I am here. We are anchoring the future, the fullness of your plan and Hers, into this very moment where you breathe in and you breathe out.

What does it look like to claim Divine Authority, to allow what has already been within you always to illuminate your actions, your thoughts, your feelings and who you are, *your* plan? It is gentle. The Silver Flame is gentle. I, sweet ones, am gentle. That does not mean a lack of strength; quite the contrary. You and we are beyond strong, and when you are in the strength of purpose and knowing and alignment, what happens? It allows you, it requires you, it brings forth gentleness.

Strength is not abusive. Truth is not abusive. Power is not abusive. Have they been thought of that way? And when I say to you that you are here to destroy what is not of truth and love, I do not mean picking up guns or going to war or battle. I mean in the truth of who you are – in every word, in every action, in every glance, in who you *are*. You are coming from this place of your Divine Authority, acting not only on behalf of the Mother but on behalf of yourself.

When I say that there can be no fulfilment of the Mother's Plan in this bracketed area without the fulfilment of *your* plan, it is you acting; it is that sacred partnership not only with the essence of love working and operating through you, but sweet angels of light, *with* you. That is what it means to be in form, to be in this ascension process of full interdimensional reality, not stuck in any closed door – to be in the fullness, in form, of who you are, in the fullness of who you are.

I would not be speaking to you in this way, I would not be doing this activation, if you were not ready in this facet of the unfoldment, in this facet of ascension and the shift. It is breaking down... that is what the Silver Flame does... it breaks down and brings illumination to every facet of the Plan, of *your* plan – and as you are sitting there as participant-observer, of *the* Plan – so that there is no sense of separation, because there isn't!

Divine Mother: On the Divine Plan

Nov. 11, 2015

<http://goldenageofgaia.com/2015/11/11/the-divine-mother-on-the-divine-plan/>

Linda Dillon: Channel for the Council of Love

Steve Beckow: Host, InLight Radio

Steve Beckow: I'd like to seek more information from you now on what we know as the Divine Plan. Now, the Divine Plan for Ascension, the Divine Plan for life — there's a Divine Plan for all of it. Can you, for our listeners who are unfamiliar with the notion of there being a Divine Plan, can you discuss the Divine Plan for this Ascension, please?

Divine Mother: I would be very happy and honored to discuss the Divine Plan. And yes, the Divine Plan for Ascension. And your Divine Plan.

And I do not simply mean you, Steve. I mean everyone who will ever listen to this broadcast. Because, my beloved children, it is important, essential, that you understand not just cognitively but deep within your core that not only are you part of *the* Divine Plan, but that you, within that, have *your* Divine Plan, that you are critical, and what you think of as worthy enough, important enough, and always have been, that you have a Divine Plan.

Now, so often upon this planet, this beautiful planet of Gaia, there have been so many varying opinions about **the** Divine Plan and **your** Divine Plan. And so, before I speak of Ascension, let me speak of this.

There are so many of you that rejected the notion of your Divine Plan and the Divine Plan, because you wanted to be in charge, that you did not want to think that you were simply a puppet in a pre-arranged theatre; that the free will and free choice was exclusive to you, and that you could vary and go as far as you wanted in terms of what you choose to do; that nothing was fated.

Well, you've tried that, haven't you? And in so many situations it has caused war and mayhem, lack and separation. The Father and the Father through me have never dictated to you how you will unfold your plan. But make no mistake about this. You, in conjunction with All — and think of that — not only with your guides but with your grid, with your collective, with the universe and with us, have chosen your plan.

Now, even in the human realm it is beyond comprehension that you would not wish to align and to do this. And that is why your heart yearns and directs you to undertake certain actions, thoughts, behaviors, directions. And that is why when you are doing certain things and moving in certain directions you know your joy. You say, "I feel happy! I feel like I am on track!" It is because you are within the unfoldment of your plan, and your plan is magnificent! It is the full expression, particularly in this incarnation, of who you are, of your unique spark.

So, do not underestimate your plan within the grander plan.

Now, I cannot speak to you about the totality of the Divine Plan. You would think that I was speaking in an intergalactic language, and chances are that some of you would understand, but the majority of you would not. But I am most certainly pleased and honored to speak to you about the plan for Gaia, for the human collective and for Ascension at this time. And for that I bring you back. I bring you back to the beginning.

The Plan was for you to inhabit a form and to know and be love and joy, diverse, unique, flexible. The Plan was for you to be inter- and trans-dimensional. Did you wander and take some of those scenic by-ways, those detours that I have referred to this night? Yes. And that free will, with all the elements of what you think of as

evil and darkness, drama, intrigue — you have excelled at this! And you are also very tired and sick of it, aren't you?

So, now, you return to that alignment of beauty, of truth in form. And this is what is unique about this element of the Divine Plan, that you are holding on to these magnificent forms, what you think of as bodies. And part of that, beloved ones, is admiring and cherishing and loving your body, because you designed it, you chose it. Yes, you were part of the architectural team.

Is it transferring into a different molecular base? Yes. But your bodies, to take your bodies and be in the higher realms, where you have always belonged, and let go of those densities, that quagmire that you got stuck in — for a very long time! — now is the restoration of the Divine Plan. And it is for you to be the embodiment of love. It is you, each of you, bright angels, starseeds, gatekeepers, humans, Earth-keepers, to have a physical experience of being that embodiment of love.

This was part of the plan, the part that involved you and this planet and the ripple effect out to the multiverse of your star brothers and sisters. Why do you think they wish to participate, to witness? This is highly unique. The humans are going to be transdimensional in form, after all this time. They are going to embody love and the Divine Qualities. It is worth having a look at. It is worth participating in.

So, our [inaudible] to use a human word, our essence, to use my terminology, is being brought to bear upon this unfoldment of shift in the consciousness. This is not unconscious, this is not subconscious. So this is a conscious process, an event, if you choose, and it is also, at the same time, the consciousness, as you know, of the heart fully awakening, of the spirit fully awakening, of the soul fully awakening and anchoring in form.

Now, when I say I bring our focus to this, is it all of our focus — the Father and mine? Of course not. But the energies that are brought with what you think of as the Company of Heaven, the ascended ones, and the Father and I, is far beyond your comprehension. And it is certainly adequate to accomplishing this transition. And as this transition is completed, including the shift in your structures, then you will continue on.

This is the beginning, not the end. Each of you, each of you is infinite and eternal. Will the day come in terms of what you think of as time, when you will simply re-emerge? Yes. But even that is an instant.

So the Divine Plan, let me be very concrete with all of you, is to leave the old Third behind. You are making peace with this and therefore with yourself, your families, your community, your planet. Even as we speak it is leaving that behind as if you would leave a cloak or an old skin behind, activating as you do different markers of your DNA, becoming more capable of holding the higher frequencies — and most of you are well underway; some of you are completely done — new form, but still looking as you do, or how you choose to appear, because that is part of interdimensional reality.

As you activate different markers within your DNA, within your crystalline form, you may restore yourself to 22 or be 75 — it matters not. And in that form, you will be the embodiment of love.

Yes, this channel has joked about this transition from carbon to crystalline. (1) Why do you think we have been so emphatic with her about working with the diamond energy, asking each of you? It is part of this transformation. Does this answer your question?

SB: It certainly does, Mother. And again I have to tell listeners what a joy it is to work with you, because you answer my questions before I ask them. And it makes my job very easy.

I want to confess that I'm one of those people who have said I'm not going to be a puppet and follow a Divine Plan! I have my own free will in the matter. And then I have another thought, that I really am, at essence, the Father. So, this really is my plan!

DM: That is correct. And that is the wisdom emerging. It is the maturity of the soul to know. It is the immature — and we would say adolescent, but very often adolescents are far more mature than adults — but shall we say the spiritual young one who fights and thinks that there is a controlling authority. There is not! It is — and that is why I have put the emphasis. This is not just the Divine Plan. This is your plan.

Our Missions and Their Requirements

April 16, 2021

<https://goldenageofgaia.com/2021/04/16/our-missions-and-their-requirements/>

I'm reflecting on our missions and what they call forth or require of us.

I'm a writer. That calls forth from me a desire for cave time, private space, contemplative, meditative, reflective time.

I'm introverted, inward-turned, inward drawn. I'm not extroverted. It doesn't lead to running for public office. It doesn't lead to attending barbeques or drinking at the pub.

I walk home slowly, maintaining an awareness of everything that's happening right now. I'm open to inspiration and watching each thought as it arises, to see where it's coming from.

The connection is inside, into the heart, where resides the Soul.

I find small talk jarring. I'm benefitting from wearing masks because it increases the time I have to remain privately aware of my breathing, of the moment, of my heart.

I'm not sure what I'm going to do when it gets busy because Michael says he never wants the writing to drop off the table. But busyness - distraction - is deadly to depth in writing.

I once asked Michael to promise me I wouldn't have to attend cocktail parties and he agreed; it wasn't in my inclination, he said, which is monkish.

I also stay off email lists. Big situation or small, a distraction is a distraction and ... my life is more about avoiding them than it is about becoming a this or running for a that.

When I'm left the space to concentrate and write, it's as if the canal doors have opened and I have a clear channel out to sea. Everything about me flows.

Everything is now aligned. All systems are go. I'm ready to do what I came here to do....

What Do I Bring to the Work of Creating Nova Earth?

January 5, 2013

<https://goldenageofgaia.com/wp-admin/post.php?post=159588&action=edit>

I'm monarch over my own domain as you are over yours.

I'd like to continue with our look at what's to be done to create Nova Earth, but before I do that I need to do some preliminary work. I need to look inside myself and see who it is that does this work.

On what basis do I come forth and say that I wish to join together with you and create Nova Earth? What do I bring to the table? Or rather, who do I bring to the table? On what basis do I participate?

Am I simply coming forth as an ego? Is it to enhance my own sense of myself that I walk into this new enterprise? Is it to become a grander me that I venture out onto the world stage and make grand statements? Let me look at that for a moment.

I can certainly see my own ego. Who is it in the matter of my life?

My ego serves itself and anything it identifies itself with or sees as belonging to it. My car, my house, my dog, my children. Me and mine, as Sri Ramakrishna said, that is the source of our problems.

My ego is about the survival of that self and anything it identifies itself with - first, last and always. It'll fight a war to defend that self and its properties and acquisitions.

My ego displays an inordinate desire to feel right, important, even indispensable. It wants to be victorious, successful, and effective and to be recognized as such.

My ego has a very poor sense of what's really valuable in life. It tends to sell what's inherently valuable for the sensation of the moment, a glitter in the pan, a mess of pottage, as the Bible says.

Is that who I bring to the table? And on what basis do I treat with other selves? To win at all costs, while I tolerate them losing? To watch myself grow and prosper, while others diminish and fade away?

What would be "nova" about an Earth run by the ego? Nothing at all. That would just be life as it's always been. That would be no escape from the Third Dimension. That would only be yet another extension of separation and conflict onto a new stage.

So who is it that wants to build Nova Earth?

It's quite another face of my being. It's a sovereign side of me, a side of me that God created when she birthed me, since it was really God as the active Mother rather than as the passive Father who birthed my individuality and set my feet on the journey from God to God.

And when the Mother birthed me, as she did when she birthed us all, she made me a monarch in my own domain. And what domain might that be? It's the domain of my body and my field of awareness, whatever body I'm in and whatever awareness is my field at any one point in time.

I've been told that my domain extends to other worlds, other dimensions, and other bodies but that is all hearsay to me. I know only this body and this field of awareness and I am monarch over it. I am fully responsible for it and I have sway over all that it does, is and has. And the same applies to you.

And it's as plenipotentiaries, by writ of God, that we sit down at the table commonly and treat with each other to build Nova Earth.

There's complete agreement among all the realms but the Third that all of us are sovereign beings, whose choices are respected and whose word is awaited. And none of this has anything to do with the ego.

Of course the ego will try to subvert what I've said. It'll attempt to cheapen my commission from God to reign over my domain as a sovereign being. It'll parade the fact that I am king over myself and try to extend that power to my being king over others. But my warrant from God doesn't extend to being monarch over others. I'm only monarch over myself.

By virtue of my being sovereign over myself, I'm also a sovereign citizen of Planet Earth. I don't feel my citizenship any longer to just one country. I'm a citizen of the planet now, as are all of you. And it's as a citizen of the planet, with no more power than you but no less, that I sit down to treat with you in the building of Nova Earth.

I feel my monarch. I have a sense of it that's uncorrupted by the ego, which condition I intend to maintain.

My monarch is mature, balanced, committed, reliable. My monarch will not sell its integrity for a mess of pottage or anything else, save in the service of God. It would rather starve than stray. But what it won't stray from is not something experienced as being outside of itself, like possessions, but something experienced as being inside of itself, like truth, love and compassion.

My monarch knows itself as pure, underneath all the surface issues and concerns that the ego raises to win its attention. It represents that purity always. It moves from it. It returns to it. It sees that as bedrock, constituent, and essence.

My monarch knows itself as noble, committed, and stalwart. My monarch knows itself as eternal, immortal, and permanent in all respects.

To paraphrase Catherine of Genoa: My monarch is God, nor do I recognize any other monarch except my God Himself. (1) Your monarch is God as well. We both have our commissions from God, whom we both are. The Son and the Daughter are the Father. The Father is in me as I am in the Father, though the Father is greater than I.

My ego can tell me when to cross the street and when not and when to eat or sleep, but that's about all I wish it to do. When I sit down to treat with you, it's not as two egos, but as two monarchs, as two heads of state, that state being our bodies and our fields of awareness.

So as we work our way through the ideas and proposals to bring in Nova Earth, I'm aware that who I am and who I bring to the table is the monarch, the sovereign over the state of me and who I treat with is the monarch, the sovereign over the state of you. We meet as plenipotentiaries and join together to take up the mission at hand - to build a New World.

If we share that as a basic understanding, then I have my house in order and can proceed with the task at hand.

Archangel Michael: How the Plan Unfolds in the Midst of Creative Chaos

Steve Beckow

Host for InLight Radio

Archangel Michael: Greetings, I am Michael, I am Mi-ki-el, Archangel of peace, warrior of love, bringer of news, and a thousand other titles throughout the universe. Welcome my beloveds, my family, my allies, and, might I say, my peaceful warriors. Welcome to this time of further, greater, deeper, higher expansion of the assumption of your creator selves, of the anchoring of those creations in physicality upon your beloved planet of Gaia.

While I speak to the hearts and the minds and the bodies of those of you who tune in tonight – and I thank you for doing so – I also use this venue to speak to every

being upon this planet. And, I ask that my voice, my energy, my message, and the divine instruction of the Mother go forth and be heard on every level across this wondrous place you call Gaia.

The time of excitement, of awe, of wonder, of understanding the truth of your role is truly upon you. And, some of you scoff and you say, “But, Michael, I have understood my role for a long time.” Might I suggest to you, beloved ones, that this comes in layers. That in your role, in your life, in your journey, up close and personal and global and universal, there is always more. Just as there is always more to the plan and the infinite wonder of our Mother, Father, One.

Sweet angels of light, it is time for celebration. No, not only because in your various calendars and traditions it is that season. What I am talking about is that it is time for celebration that you are embodying the fullness of who you are. You are not only acknowledging or accepting the fact of your creator self, you are stepping in, you are anchoring and you are bringing forth this Garden of Eden of various creations. And no, let me be very clear, it is not fully dependent upon any kind of situation, whether you call it politics or RV’s or world peace, because you are the creators, the anchors, and the implementers of so many of these variables, these elements, these aspects of Nova Earth.

I do not deny – the Mother, most certainly, does not deny – that you need your tools of the trade, your equipment, your wherewithal to proceed. That is a given. But, before that comes, what the channel has talked about, and that is the flexible steel, the malleable titanium of will, that depth of determination to go forth and to do your bidding no matter what. Now, I would like to veer away for a moment, because you have asked me, well, you have strongly suggested, that you would like to know or to review briefly this understanding of dimensionality.

Steve Beckow: Lord, if I can just intervene for a moment. I think the precise question, if I am correct, was that there just seems to be so much chaos around us. Is this an indication that we are in the sixth dimension of creative chaos?

AAM: It is absolutely correct. You have ascended! Now, while we suggest that it is not a hierarchy of dimensions, in fact it is a progression, so let us use this terminology. You have moved and you are on the cusp of the fifth dimension and the sixth dimension. The fifth dimension, as you know, is where you have been

learning and mastering the management of change. And, I would suggest to you that you have been in radical change, both internally as individuals and externally as human beings for some time in this expansion of your energy field and in the bleed-through, or the taste, of what it means to be fully in the love, to be the love.

As you are moving into the sixth dimension, this is the dimension [where] the qualities [are] of creative chaos. Now, many of you, and you have just said, dear Steve, that this feels like chaos. Now, one of the first choices I am placing before you is, do you want it to be chaos or do you want it to be creative chaos? What looks to you like mayhem and chaos is this grand opportunity, out of this mix, to bring forth the birth and the aspects, the experience, the tangible, physical reality of the beauty of Nova Earth, of Nova beings, of ascension into the seventh dimension of Christ consciousness and love.

Think of the examples of chaos. Let us move slightly away, and then we will return, from your politics and your financial systems and the war that is waging, all over your planet, really. Think of the death of a star, or the birth of a planet.

Even the birth of the child, of an infant, in those hours or moments when the mother is in labor, if you were to ask her, through the varying emotional stages and the physical reality of pain, that would be the very definition of chaos, of pushing and feeling that you must escape, that you want this over and done with, and yet at the same time, this deep abiding wonder and awe and excitement. And, the result is the birth of the child. Out of that chaos comes new life, new existence, new reality. And, it will never be the same.

Once that child, that creation is brought into the world, not only is the planet never the same, the family is never the same. There is new life, new existence, new script. So, what you are experiencing now is the birth of what looks like, and I will address this - entire mayhem. It has been messy and painful and really not making a lot of sense.

So, let us go back. There are those, and I have said this elsewhere and I will say it repeatedly until all of you understand; there are those upon your planet who would like to reinvent, rebuild, reconstruct the old third dimension. Now, that is chaos at its finest. Let us also be clear that the vigor, the commitment to that rebuilding of the old third, is as strong as it was at the initial stages of that construction.

That level of desire to bring back the old is extraordinarily strong. Because what they are doing in many ways, your terminology might be, they want to bring back the good old days. But, in fact they were not good old days. It was some of the darkest periods of humanity. The last, especially, hundred years of human history has been violent and aggressive, and cruel and controlling.

The chaos with which this small group wishes to reconstruct humanity into the old paradigm will not be permitted. We need to be very clear about that. It is not that we interfere or intervene - well, we do intervene - but we do not interfere or override human free will or anybody's free will for that matter. But, we do place variables, situations, people in place that redirect energies.

The old third is gone. It is but a memory and what you are seeing and witnessing is twofold: there are those who are finishing up, playing out those memories, and then there are those who wish to reconstruct the old. While the memories of the old third and the nature of those disasters need to be kept in place – vague, but clear enough that they are not repeated – the physical reconstruction of that old third dimension, which was never the Mother's third, of the expression of physicality, form, space, etc., it will not happen.

So, there is this churning energy. And, you can think of it as a pot on a stove that is boiling over with water or foam, or whatever is in the pot. It matters not. What is happening, you are the creators, but we are helping you as well. It is important that this pot overflow and make a terrible mess on your stove, your counter, your kitchen. Because, then you are very clear about what the mess is and everybody who comes into the kitchen or into the house can see, "Oh, you've had a real mess here. What happened?"

But, make no mistake about it. You aren't going to leave that mess on your stove, in the pot on the counter indefinitely. It is going to be cleared up, and the heat is going to be turned off. But, this is a lesson, an experience that the third dimension is presenting through the various players. But, it is not creation. It is not of love. It is not sustainable. It is entirely illusion.

Now, why am I spending time emphasizing this? Because you, my beloved brothers and sisters are pivotal, are critical in looking at this illusion, at this mess,

and simply seeing it for what it is. It is another situation to be observed, to send love and light into, but not to engage in, because that is not the reality.

So, what you are doing in the sixth dimension of creative chaos is you are taking what looks like fundamental disruption and molding it, carving it, sculpting it into that which you desire. It is yet another opportunity, not merely for light workers and love holders, but for all of you. That is why I address the entire planet. It is the opportunity for all of you to say, “This is not where we choose to place our energies. This is not what we choose to create. This is not where we choose to live. This is not acceptable. We are doing something entirely different.”

And you are using your creator selves, in tandem with your star family, in tandem with the angelic realm, in tandem with the masters and the archangels, to step forth as the true implementers of the Mother’s plan. This apparent chaos is nothing but a distraction. And does it have some malign intent? Yes, by those who do not know better? Yes.

But it is not your distraction. It is not your chaos. You can observe it, move the pot off the stove, turn off the heat. But, you aren’t going to jump into that boiling water and join. So, there is chaos on several fronts and you only know about a few of them. And, they are showing you, again, might we say some of the worst of human behavior. The slaughter, and I do not mince words, the slaughter that has been taking place in Aleppo is criminal. And, I use that word very specifically in terms of human history, legalities, treaties, understandings. It is the killing of the innocent.

Now, that is chaos and the opportunity is to say ‘No.’ Now, dearest Steve, you would say to me, “But we as light workers have been saying ‘No.’ And yet the slaughter has continued.” Do not think – because it is a mental process you are undergoing – do not think that your ‘No’ is not resounding across the planet. Do not think that your heartfelt love and horror of what is going on is not felt across the planet.

And, many of you, an enormous number of you, are in fact holding the hands of those who are departing, holding the hands and protecting many. Many of you are working with me there and various places. So, do not think that your work and your undertakings are not recognized and having effect. They are.

Are they apparent to you? No, because right now what you are doing is cleaning up the mess. But, when you step back, and I mean very shortly, when you step back and you look, you will say, “Oh that’s what that’s about. That was about us saying the genocide is not acceptable, that murder is not acceptable. That lying and hatred in your political scenarios is not acceptable.

So, these are choices that are being made very clear to you. But, the idea and the guidance from our side – and when I say from our side, I mean from all of us – do not engage in the chaos. Look at it and use it to create what you desire. Now, where do you wish to begin, my friend?

SB: Well, I’m very much torn, Lord, because on the one hand I do know what you’re saying and I do know what the clarion call is and my desire would be to respond to it. But, on the other hand, I feel a tremendous tug from my projection of what the listeners might be saying or thinking. Whereas I would respond to your call and talk about emergence and expansion and these necessary processes that we now need to take in hand, I think that the listeners would like to know what is actually going on in the world.

Again, is abundance in the offing? And, I’m sure everybody wants me to ask about that. The American election, it’s like chaos. What is going to happen in America, if it’s known? It may not be known. But disclosure, are we closer? Are we still in a standoff? Ascension, of course, it’s a process, but any news about what’s next in Ascension?

So, do you know what I’m saying? I leave it up to you which you want to address. How about if I scurry away and try to get away from this responsibility?

AAM: May I scurry away with you, my friend?

SB: Yes! Let’s go play! Exactly! You can tell me about something you told me in 2014, the family secrets of the Archangels.

AAM: Oh, it is much easier to explain the current chaos.

SB: (Laughter) Okay, I’ll leave you to it.

AAM: Let us back up again and say this is the time as a light worker, as a creator, as a love being, where you are being asked to bring the highest, most refined part

of yourself to the forefront, to be the observer and the participant. Now, hold that thought and hold that energy in your heart. Let us start with the American elections and then we can move on to grander things, things that truly matter such as abundance and disclosure and ascension.

But, using the American election is a good example of the chaos that people are feeling, chaos, not creative chaos and there has need to be a very fine distinction here. What you have seen is upheaval of a magnitude that, shall we say, most beings, human beings upon the planet did not anticipate. And, that is putting it mildly. The expression of the American people has been one of disgust, disdain, disappointment, disenchantment, all the disses you can think of. With the system, as it has been, they have felt disenfranchised.

Now, as an aside, I will say to you that they have felt this sense of disenfranchisement at a time when you have had a very strong leadership of star brother at the helm. So, dissatisfaction and the sense of disconnection have not necessarily been rooted in factuality. This sense of disconnection, of dissatisfaction, has come from the sense, a human yearning – which is a good thing, for more – for more engagement, more access, more equality, the elimination of the disparity and inequality.

Now, how it has expressed has not been in the best way, shall we put it that way. But, you even saw the roots of that dissatisfaction and feelings of disenchantment with Bernie Sanders. From our perspective, it is very unfortunate that this one was not brought forward as the viable candidate. But these are human choices and we stand back and we only comment now and then.

The choice was for radical change or for status quo. And, again, based on much information and disinformation, many lies, many fantasies – it matters not because this is now ancient history – the people of this country have basically been equally divided. We're not talking about who is the final victor, but basically, the opinions, the votes, have been pretty equally divided for those who wish radical change no matter what, and those who are willing to live with the status quo regardless and no matter what. Neither is truly a viable choice.

Neither, well, we'll leave it at that. Let us say it this way. Neither choice, without some adjustments – and we're talking divine adjustments here – is a viable vehicle

for the creation of Nova Earth. And, let me be clear when I speak of Nova Earth, I am speaking of this planet of love, this planet of joy, of equality, of fairness, of gentleness and of strength. It is not about divisiveness. It is about unity and cooperation and co-creation, not merely co-creation with us, but co-creation with one another.

So, this microcosm of the United States of America is a good place to look at. So, now, you have someone, yes, Donald Trump, who steps forth as the apparent presidential candidate or president elect. What this declaration on both sides indicates to all of you in this microcosm of the U.S. is that there has been a human choice to learn some very difficult lessons and to walk through the chaos, not creative chaos, but to create chaos because even that is preferable to what is in existence. So, this has been a collective human decision. Not one that we necessarily feel was the wisest choice, but nevertheless, the one that is being respected.

Now will there be some tough lessons to be learned and you are only seeing the surface? Yes. But it isn't about the lies or the sexism or the disregard for whatever, there are many disregards. It is about the human light workers' reaction to how the light is going to infuse this chaotic situation and bring re-creation of the new - not of the old third - out of that into the light of the planet that is welcoming of your star family, that is welcoming of reorganization, of financial freedom.

Now, having said that, there is also simultaneously – and I do not mean to create cognitive dissonance – but this is where you are holding two rather opposing ideas at the same time. At the same time as you are inserting light into that chaos, what you are also doing is going on to your own pathways that do not necessarily engage that chaos but creates the new. And, when you speak of abundance, that has always been why I have suggested to you, that your spiritual currency is what anchors and prepares you for the ability to go forth with the responsibility, the stewardship of creating Nova Earth.

So, as implementers of Nova Earth, while you will be sending light and love and creative energy into that melee, you will also be going on a separate track and creating a world that works for everyone so that you are not dependent upon those who wish to engage in the chaos, that you are going forward in the creation of alternate routes. And, what happens in those, what we will call alternate routes, is

that they gain such credibility and power in the true meaning of the word, that they become the status quo. In that alternate route, your star family, the cities of light, the completion of ascension, all of that is present. And it, as it gains momentum, it overrides that pettiness of that other situation.

Now, I know that I have given you food for a million questions, my friend.

SB: Well, actually, Lord, I was going to say you just laid out the plan, didn't you?

AAM: Yes. I did.

SB: That is the plan. Okay. So, let's savor that for a moment. You've said that – I imagine that you, the mighty ones, all the angelic orders and the galactics and the ascended masters are managing the worst aspects of the chaos. They are preventing it from getting out of hand. And we are exercising our choices and coming to realizations. And, then, on the other hand, the wherewithal to build Nova Earth is going to be introduced and we will march forward in that area, keeping an eye on the other area over here, but building the new, which will attract people who are currently watching the chaos, into the building. Then this other side [Team Dark] will shrink.

AAM: That is correct. It will supplant the old. Think of it, what we have said, is that all this confusion about this American election came from the internal disenchantment, the feeling of disenfranchisement the people were feeling with the external structures and infrastructures and power structures. So, I say see this alternative path that is very ethical, full of integrity, stalwart, but also strong, vibrant, vivacious, attractive...a better way of being. They will migrate.

SB: Is that necessarily a good thing? We'll have to work with them.

AAM: You are working with them, my friend. You already are. Do not think – and we would never encourage you to think or feel – that you as light workers are operating within a, what you would think of as a closed system. Quite the contrary, and that is why you get so upset at times.

Let us go back to 2012. Collectively, humanity decided to ascend as one. So, that system, the system of your Earth, of Gaia, is the system within which – and it is actually beyond that – that you are operating. So, the light workers have been

working with the recalcitrant, the dissonant, the disinterested for a very long time. And, there is part of you that has felt that you have been banging your head against a brick wall.

Well, let us tell you, the Mother has a million tricks up her sleeve, literally. There is not a single minute variable that cannot and is not adjusted. So, if you have thought, and I know many of you have felt and cried out in the night that you are a voice crying in the wilderness, what we are saying is come with us on this alternate route, continuing to send love and light into that melee, but come with us on this alternate route. Walk with us, walk with Jesus, and, in that, those who have not been listening will say, “Look over there. That looks far more attractive. I guess what they were saying makes sense after all.” And they will follow.

SB: Sounds like a trip with the ‘Spirit of Christmas Present,’ Lord.

AAM: Does it not?

SB: What you’re giving us right now is a view of the big picture, a view of what’s actually happening. Are we going to be here a year from now still talking about something called abundance? And, I’m not extending that to disclosure, but, how about ascension? Are we still going to be here a year from now?

AAM: We will be here, well, I was about to say a thousand years, and a hundred years, you know, talking about this. But, it will not be in the same context. That is really your question. It is the eternal question of when that you are sneaking in, are you not?

SB: (Laughter) That’s right! They pay me to dress it up, you know.

AAM: The answer is we will not be here next year, or even next month, talking about this in the same context.

SB: Because, you do know we are all very tired, very tired of waiting. I feel obliged to express that from my view of the emails that I receive.

AAM: Well, do you not know that we know what tired feels like?

SB: (Laughter.) Yes, but, you are all sitting there in bliss with the divine equivalent of the tequila sunrise in your hands...

AAM: Except while we have to deal with the human chaos.

SB: (Laughter.) That is exactly so. How are we doing with disclosure and how are we doing with ascension, Lord?

AAM: Everything, in terms of your galactic and intergalactic friends, family is in place. Many, oh, well, that is putting it mildly, many are positioned upon the planet and you are all running into the new day awake, whether you realize it or not. Most of you have your “ET” sensors on, and, so, you are acknowledging them. So from the side of your star family, all is in order and waiting in readiness.

Now, having said that, you are in, as we have just discussed, a tumultuous time. The plan had been that there would be disclosure, through Obama, by year end.

Given the instability in China, Russia, Korea and the United States, and their tendency to engage missiles which we have been intercepting along with your star family – no, not all of them unfortunately – but that is, we are waiting for a quieter moment because your political environment, might I say, not your armed forces, let us be clear about that, your military – and I speak for all these nations – is in fact, at this moment, quite peace loving.

But your political environments are very volatile and very aggressive and willing to use missiles. And, so we do not want, in any way, to allow any form of perceived aggression to take place. So, what I am suggesting to you is some roller coasters ahead in the next couple of months that will seek the transfer of power of what you think of as leadership in several countries.

When that has taken place and completed, and it is already begun, what you will see is that there will be full disclosure.

SB: Thank you. That’s exciting.

AAM: It is very exciting! Can you imagine the difference just with star technology? How much easier human life will be in terms of healing, and living, and communications and travel. There is so much that your star friends are eager to share. The most excitement simply comes with the promise of reunion. You know, there are many of you who visit the ships regularly, as you know, some of you consciously, some of you not. Many of you not. But there is the same process that

is taking place with your star family. And they are as eager and as excited to visit you. Yes, there are the treaties. There are the shifts in structure and technology. But, the being-to-being, the unity and community is what they are most excited and anticipating. They can't wait. And, they, in terms of the patient quotient that you were speaking of, have been waiting a very long time. So, yes, patience is a stellar virtue.

SB: (Chuckling.) Stellar virtue. Well, I might add another dimension of it too, Lord, and that's the arrival of another. All of a sudden there is going to be another. And, I know that's going to change my dynamics.

AAM: It will absolutely change the dynamics of your societies. When I have spoken of chaos and the birthing of the child, the creative chaos that comes forth in those various moments and how that family is never the same, when you are having the introduction and the presence – not merely the knowing, because you've had the knowing for some time – but the actual presence of your star family in your house and your community, it will change everything. And, that is why they have been so careful. They want to be welcome. They don't want to be excluded from the family reunion.

SB: Right. If somebody from the outside, so to speak, came into the house, one would be on one's best behavior. That would be an example of the kind of change that might happen. And, I can imagine that when we've gotten over our major military and other violent kinds of responses, that the introduction of the star family would have that effect on us as well. We would all drop whatever the petty bickering was that was going on and come together rather quickly.

AAM: Everyone will want to put on their best face. To be seen, not in a way that is false, because, sweet angels your best face really is who you are. You are kind. You are compassionate. You are welcoming. This is the truth of who you are and this is the truth of the sixth dimension. It is not tearing apart, it is creating. It is gathering the molecules and bringing together what you desire from that best and highest divine part of who you are.

SB: Wow. I don't think we realize. We think of disclosure as some event that's happening out there. Spaceships are going around and we're watching all this and cities are springing up. But, it's the events that are going to be happening inside.

AAM: The major event is inside. And, you are quite correct. Everyone thinks of disclosure as an event. And, in fact, they have been showing themselves increasingly, over the, especially, over the past year. But, you tend to think of it in terms of an event when, in fact, what it is is an essential shift in the paradigm of what it means to be Gaians.

SB: What it means to be humans, too. After all, it's humans meeting humans, so, that is again going to give us some paradigm jarring moments.

AAM: It will give many pause.

SB: Yes! Lord, I think we're close to running out of time. Why don't we just spend a couple minutes with any news about Ascension that you'd like to bring us and then we will have to end our show today.

AAM: We will have to fly away, will we not?

SB: You and I, yes. We have a date. We are going to Club Sirius, are we not?

AAM: It is a date. You are doing well in terms of your ascension process. Yes, some of you are further along than others. But, let me be clear on this, there is not one of you listening, there is not one of you who will listen after the fact and in this night, that is not about 80 percent farther along than you were even several months ago. You are almost there. The tipping point has been crossed. And, when we have what you would call that critical mass, we will have that, shall we say, that snap. You are almost there.

What is the hold up? The holdup is what we have talked about in terms of the collective and that collective decision. So, we are...many of you are carrying millions with you. So, they may or may not be aware. They may or may not be interested or recalcitrant. You are bringing them along. If you have thought that it is a heavy load, you are absolutely correct. But my dear friends it is one worth carrying. So, you are almost home.

SB: That's spectacular. Thank you very much for that. Is there anything you want to say in closing, Lord?

AAM: It is good to be back. And, it is good to see, even in what appears to be chaos, that the forward thrust is not lost. It is well underway, my friend. Take heart. Go with my love and go in peace. Farewell.

Universal Brothers and Sisters, Sovereign Citizens of the World, and Members of Team Earth

August 7, 2014

<https://goldenageofgaia.com/2014/08/07/universal-brothers-and-sisters-sovereign-citizens-of-the-world-and-members-of-team-earth/>

A task before us once we've gotten a sense of what it means to be human is to achieve the contextual breakthrough of becoming sovereign citizens of the world and members of Team Earth.

I'd like us to consider four propositions as we enter into our global conversation on how to approach this work.

Universal Brothers and Sisters

The first is that we're all related as children of God. We're all universal brothers and sisters. What does that really mean?

Our brotherhood and sisterhood does not relate to the color of our skin, our nationality, our religion or any other external features such as these.

It relates to the fact that we're all fragments of the Divine, or as the prophet put it, firebrands plucked from the burning. (1) Our soul or Self is Light of the One Light, which the religions have called the Christ, the Atman, the Buddha Nature. It's a pearl of great price, a treasure buried in a field, and a mustard seed (God the Child) that grows into a great tree (God the Father).

It's that Self, which is eventually fully known as the All-Self, that's the essence of our brotherhood and sisterhood. It's as the One Self that we're all related.

It's as that Light that we're all children of the one God.

Sovereign Beings

The second proposition I'd like you to consider is that we're all sovereign, plenipotentiary monarchs over our own domain.

When God the Mother birthed us and sent us on our journey from God to God, she made us monarch over the domain of our bodies and our field of awareness. Apparently our domain extends to other worlds, other dimensions, and other bodies but that remains all hearsay to me. I know only this body and this field of awareness and I'm monarch over it. I'm fully responsible for it and have sway over all it does, is and has. And the same applies to you.

So it's as plenipotentiaries, by God's command, that we sit down at the table commonly and treat with each other to build Nova Earth.

Citizens of the World

The third proposition is that we're not only sovereign beings, we're also sovereign citizens of Planet Earth. I don't feel my citizenship any longer to just one country. I'm a citizen of the planet now, as are all of us.

And it's as a citizen of the planet, with no more power than you but no less, that I sit down to treat with you in the building of Nova Earth.

When I invite us to see ourselves as citizens of the world, I invite us to get that context down to our bones, down to the cells in our bodies.

To be sure, we Nova Earthlings, Nova Terrans or Nova Gaians respect the laws of the lands we live in but we center our being in, and act from the state of, being citizens of the world.

Expanding our identity from being a Peruvian or a South African to being a terrestrial citizen is one step in the total evolution of our consciousnesses. It's a desirable one, but by no means the end of the story.

We'll have to abandon it at some point. The purpose of life is not to realize ourselves as Earth dwellers, but to realize ourselves as God.

However, as a useful interim measure that will yield in time to our becoming a galactic being, and then on to wider domains of applicability on our return journey Home, being citizens of the world is a powerful and unstoppable idea whose time has come.

Members of Team Earth

As brothers and sisters, sovereign beings and citizens of the world, we are the team that will build Nova Earth.

As Team Earth, we're charged with seeing to the wellbeing of the planet, her human population, and her animal kingdom.

We're charged with restoring Gaia as far as lies within our power to do so, living upon her in an harmonious and self-sustaining way, and making a home for others that's comfortable, equitable and fair.

A high priority is to build a sense of team that will attract all colors, religions, and paths to the work of terraforming and relieving the suffering that exists all over the globe.

Moreover, we cannot escape our circumstances any more than the souls who said the Sun was at the center of the local system, the Earth was round or gravity kept the stars in place.

We must labor, eat, and sleep. But we labor, eat and sleep as world citizens, as citizens of Nova Earth. And we labor, eat and sleep sharing the gains as well as sharing in the pains.

Some of our brothers and even more of our sisters are being mistreated in many areas of the world. While we obey the legitimate laws of the land we live in, we don't need to obey – and shouldn't – the illegitimate laws, dictates and customs

that make children's lives miserable, women suffer in a hundred ways, and nations endure poverty, want, and slavery.

There's one word that rings louder than an atom bomb and that word is "no."
There's one word that's sweeter than an angel's voice and that word is "yes." But now we need to learn how to use, and when to speak, both of them to greatest effect.

Everything that lowers our awareness, dries up our love and confuses our wisdom, now, must hear our "no." Everything that raises our awareness, moistens our love, and releases our wisdom, now, must hear our "yes." The matter is no more complicated than that.

As your brother, a sovereign being, and a citizen of the world, by the power vested in me as a child of God, I declare that all my brothers and sisters on the planet are free, deserve the necessities of life equally, and merit the acceptance of the world without exception.

We citizens of the world gather together in communication every day, make contact with each other and agree to create a world that works.

We citizens of the world, speaking with one voice to have the world work according to the divine qualities and right conduct, declare a new paradigm that raises all bars to eliminate inequality, want, and servitude.

We citizens of the world say there's no going back to the way it was. Our global citizenship is not the crystal ceiling; it's the golden floor. It's not the project's conclusion; it's only the invitation. It's not the destination of our journey; it's just the first step on a road we cannot see or know but can only sense and feel.

All of us share humanness and dedication to restoring and revitalizing the Earth in preparation for our final ascension. The cabal is leaving. The galactics are coming. The big push is not far away. Our consciousnesses continue to expand to help us along the way. We're positioning ourselves to carry out what we came to do.

To get that job done, we come together as Team Earth.

Werner Erhard: Butterflies Can Explain How Caterpillars Came to Fly

November 20, 2016

Werner when he wrote this book and when I knew him

In the course of a conversation with a reader, I became aware of the fact that Werner Erhard (1) had posted online one of the most stimulating books for humanitarian philanthropists I've ever read.

Werner was ... is ... an enlightened humanitarian philosopher. He might call himself an ontologist, a student of being. I'd add awareness. And responsibility. And, well, everything you see me still writing about today, such was his impact on me.

What you're reading here from my pen, you'd never be reading if it weren't for the work of Werner and his colleagues. My debt to them for opening up my everyday life and making the awareness path I followed rich and rewarding is incalculable.

We have a lot of folks around who teach a future of evolutionary spirituality, but not a lot who focus attention on enlightening ourselves through our everyday ways of living. Some, but not as many.

Our schools don't have it in their curriculum. Many of our parents didn't know what Werner was teaching; neither did we, their children. Much of it was completely new to all of us. That's what made it so surprising and interesting. And every statement could be checked out in everyday life.

Werner, to use his own turn of phrase, was a butterfly who could explain how caterpillars came to fly. (2) And the est Training was for me like concentrated medicine in lifelong release tablets. It keeps on relieving.

If you and I build a world that works for everyone, we'll have lived out a vision that Werner created for the world in the late Seventies. One among several.

With that, I bring to the attention of all humanitarian philanthropists the illuminating Hunger Project source document, [The End of Starvation: Creating an Idea Whose Time Has Come](#), an excerpt of which is posted below.

Read it. Mull it over. Check it out with other ideas from Werner and the est Network here: [est Dictionary](#). They're worth wrestling with and assimilating, given what we'll soon be tackling.

The Hunger Project Source Document:

The End of Starvation: Creating an Idea Whose Time Has Come

[by Werner Erhard, 1977](#)

You and I want our lives to matter. We want our lives to make a real difference - to be of genuine consequence in the world. We know that there is no satisfaction in merely going through the motions, even if those motions make us successful or even if we have arranged to make those motions pleasant. We want to know we have had some impact on the world. In fact, you and I want to contribute to the quality of life. We want to make the world work.

When you look at making the world work, you are confronted by, and cannot pass over, the fact that each year 15 million of us die as a consequence of starvation. This unparalleled failure for humanity enables us to see that the world's unworkability is located in the very condition in which we live our lives. Thus, it is not people "out there" who are starving; people are starving "here" - in the space in which you and I live. You and I are working to make our lives work in the same condition that results in hunger and starvation.

Starvation both maintains and dramatizes a world that does not work. Persisting throughout history, it has accounted for more deaths and suffering than all epidemics, wars, and natural disasters combined. During the past five years alone, more people have died as a consequence of starvation than from all the wars, revolutions, and murders of the past 150 years. As you read this, 28 people are dying in our world each minute as a consequence of hunger, three-quarters of them children.

The bare statistics are so shocking that we rarely examine the further impact of starvation on our own lives. Hunger, by its persistence, seems to invalidate that our lives could matter. It seems to prove that we are capable only of gestures. It suppresses the space in which each of us lives.

Yet, precisely because the impact of starvation on our lives is so great, its existence is actually an opportunity. It is an opportunity to get beyond merely defending what we have, beyond the futility of self-interest, beyond the hopelessness of clinging to opinions and making gestures.

In fact, in experiencing the truth underlying hunger, one comes to realize that the ordinarily unnoticed laws that determine the persistence of hunger on this planet are precisely the laws that keep the world from working. And the principles of the end of hunger and starvation in the world are the very principles necessary to make the world work.

So this paper is not an explanation, a solution, an opinion, or a point of view about the problem of hunger. It is an examination of what is so about the persistence of hunger, aimed at answering two questions:

1. What are the laws governing and determining the persistence of hunger on our planet? Not the reasons, however cogent; not the justifications, however comforting; not the systems of explanation, however consistent or clever. If we were merely looking for reasons to explain the persistence of hunger and starvation, we could logically deduce them from the facts.

Fundamental laws and principles, however, cannot be deduced. One knows them by creating them from nothing, out of one's Self. (2) One does not arrive at fundamental laws and principles as a function of what is already known. Such laws and principles do not merely explain; they illuminate. They do not merely add to what we know; they create a new space in which knowing can occur. (3) The test of whether we are dealing with fundamental laws and principles, or with mere reasons and explanations, is whether there is a shift from controversy, frustration, and gesturing, to mastery, motion, and completion. (4)

2. What are the principles of the end of hunger and starvation on the planet? Not new programs of solution, no matter how saleable or clever; not different or better opinions, no matter how arguable; not points of view, no matter how agreeable. This discussion is not about another good idea. It is about revealing the fundamental principles of the end of hunger and starvation on our planet. (5)

"Heroes are ordinary men and women who dare to see and meet the call of a possibility bigger than themselves.

Breakthroughs are created by such heroes, by men and women who will stand for the result while it is only a possibility—people who will act to make possibility real." - Werner Erhard

"Nothing" = "The One."

(3) I call this realized knowledge. Some ideas have the power to create space and open us to sudden insights or realizations. Certainly "a world that works for everyone" was such an idea for me.

My Life as a Learning Experience

December 12, 2018

<https://goldenageofgaia.com/2018/12/12/my-life-as-a-learning-experience/>

I'm observing myself and, as I do, I notice one persistent and common thread.

That thread is that I view life as one learning experience after another. I'm constantly rewarded from an experience by what I've learned.

Here's an example.

I'm a perpetual student and I've always seen my life as a workshop. I used to run experiments often. What did it feel like to do this? Where did I end up doing that?

In the past week, the big event I watched was me taking charge of myself. I recognized what being monarch in my own domain means. I took charge of my body and mind, heart and soul, and energy field. I took 100% responsibility for what comes next.

Taking full responsibility for myself and the Commander appearing does not have a shelf life. We have to keep doing it again and again and again. It lives for as long as we continue to take responsibility. The moment we cease being in that space, it no longer exists. It's a constant creation or nothing.

No sooner did I do it then I found myself in a state of realization. And I recognized the space. If I were at Cold Mountain right now, I'd say I just "arrived." (1)

That which arrived is different from that which took command. All of them are different "I" states.

There is the Commander-in-Chief, the monarch, who took 100% responsibility for me, the actor.

There is the Spirit, the Presence that came into the Commander when it became clear and certain that I had taken 100% control of me. Not like I felt I *had* to take 100% control. It was an experiment.

I noticed I was "absent" from playing a commanding role in my life and I took charge of my life. Until then, I'd been on automatic pilot, cruising through life.

Having taken charge of my own domain, another "I" showed up. I got present. I arrived on the scene after a long absence.

The "I" that showed up was a higher Self than is normally present - that's as specific as I can get.

It was the spirit motivator of behavior. It's what people are pointing at when they say "he found his voice" or "she is self-possessed." Some new vista opened up. I awoke from the slumber I'd been in and took over the wheel again.

I offer this "work out" in the workshop that my life is as a typical learning experience. It's the kind I see my life as being composed of. What did I learn?

I learned that I as a presence will only show up in a space of 100% personal responsibility.

Learning that is to me what making a massive profit on the stock market might be to some people. Or winning a two-week vacation in the Bahamas.

I feel enriched, expanded, and happy.

(1) Cold Mountain Institute, growth center in the Seventies, now called Hollyhock. I took a three-month encounter group there.

(2) In 1977 I woke up in a lucid dream, watching two men on the other side threaten a friend of mine. I could do nothing to intervene and I was wailing away.

To feel distress on any plane automatically pulls you to a lower plane. For me that lower plane was the sleeping body.

I the spirit slipped back into the body, wondered where I was, realized I was inside my body, slowly transferred my consciousness to the outside and clearly saw that I was not the body.

With that realization, the fear of death departed.

How My Life Unfolds

September 25, 2022

<https://goldenageofgaia.com/?p=338620>

I'm observing my machinery, my inner mental workings, the way I have things hooked up.

I see that what I do is I read something, see it or experience it and, from long years of practice, match it to higher and higher levels of standards to see if it's a general phenomenon or a specific; i.e., whether it persists into higher planes.

The things I see and hear that match up to higher and higher levels of standards, providing that I'm inclined to go further in that field (often I'm not), I then apply to behavior.

This is what I mean when I say my life is a workshop. I run experiments to see what happens, how I do, etc.

I don't remember what I wrote or did yesterday. I have no cumulative memory of other experiments. I seem able to recall experiments if I apply myself. But, for the most part, I only know how I feel now.

In a sense, I'm a moving frontier of "now." I'm adjusting myself, getting ready to actually live in the Fifth Dimensional paradigm of flow. That's entirely new territory for me and I risk getting locked up in a mental asylum. (You guys better get me out.)

If I were to be as loving out there in society as transformative love would have me be, I'd be ... inviting more attention than a writer could possibly want or handle.

As an aside, I recharge in silence, not in conversation. I'm not looking to increase my emails or answer phones. That's the person in the next office.

The fact that I push things from the intellectual to the experiential and then on to the realizational, if I can, reflects my training at Cold Mountain Institute (encounter groups, week-long workshops for three months), est (simple, direct processes to get present and express one's commitment, which we now call "mission"), enlightenment intensives (using Self-enquiry to burrow down), and university (sociology and anthropology).

I feel well equipped in the areas of awareness and self-generation. And an endless hunger to learn.

So, instead of settling for the rewards of the intellectual sphere (self-righteousness, competitive skill, popularity, etc.), I'm at least hungry for the experience (now that I know, following Cold Mountain, what it is and that it's there) and famished for realization (which I know is allied to bliss, which resides in the heart).

See? There's another experiment bubbling up already. See if you can draw bliss up from the heart while selecting a conceptual problem and holding it in your mind. Test out your hypothesis that bliss plus an idea brings on realization.

And that's how life is for me. An endless series of inner experiments aimed at realization, appropriate to my interests and soul contract. That, in a nutshell, is how my mind and heart work and how my life unfolds.

A Clean, Well-Lighted Place

December 7, 2014

Excerpt only

My life is my creation on so many levels. This is the level on which I create my own feelings, moods, leanings, preferences, desires, and everything else that sees me orient to and move in my world.

I've always known I was monarch in my own domain. But now I see that responsibility for my life goes a lot deeper, to more and more intimate levels of personal powerfulness. I want to plumb these levels.

I was a hermit living in an isolated corner of this town. I'm now in an interim phase: I'm a hermit crab, in a manner of speaking, carrying my house around with me. The real house is made of thoughts and feelings, all of which I generate.

All will be constant change in our world and the only world that I'll carry consistently with me is this world of my own imagining and construction.

Here I have full control of my palette and brushes. And all the time in the world to create.

Given this state of affairs, I may as well build a world that's outrageously supportive and inspiring.
