Introduction

I've had so many indications of Archangel Michael's presence and protection that I now regard any further assertions of it to be unnecessary.

Protection from toxic chemicals, housefires, choking, electrocution. I don't need any more miracles to convince me of his mightiness and far-sightedness.

Here he and the Mother are, asserting that lightworkers sincerely serving Ascension are under their protection.

I think they regard it as understood that some lightworkers have it within their soul contracts to suffer at the hands of the cabal at this time, to draw attention to the evil and corruption that's so prevalent today.

But the vast majority of us who have it in our service contract to serve humanity as humanitarian philanthropists, the Mother and Michael say, are protected.

And it's because of this assurance of protection that I can consider the roles that are being asked of me in the future. Otherwise I'd be leaving myself open to a horrendous fate.

But I have no sense of that after assimilating what Michael and the Mother and a few others - like SaLuSa - have said on the subject.

As you consider what role you plan to take on, now but especially after the Reval, I suggest that you are almost certainly protected too. I invite you to step out in a way that shows that you know that “those who are with us are stronger than those who oppose us.”

Singly we are weak; united we are strong. Come join me in intending to fill some of the larger roles now opening up as the cabal is closing down.

We can build a world that works for everyone. And, upon Ascension, what we’ve left undone will be naturally corrected. The Fifth Dimension and higher is, by its very nature, a world that works for everyone.

In light of all this, I say: Ondelay!

Divine Protection

Are We Protected? What is the Plan?

July 25, 2022

<https://goldenageofgaia.com/2022/07/25/are-we-protected-what-is-the-plan/>

I've just had an enjoyable discussion with Avril on whether God has our back.

"God" for me means the Mother. That's all the God I'll ever know. (1)

If we take having our back to mean protection, which may only have been a part of what Avril was inquiring about, has the Mother ever said she's protecting us lightworkers? Yes, she has.

She reassured some lightworkers who are serving by holding currency in the Reval or Global Currency Reset. I asked the Divine Mother if they were protected:

Steve: Are Lightworkers who deal in foreign currency for the purposes of irrigating planet Earth and undertaking the various programs like ridding the world of pollution and hunger and poverty protected from things like kidnappings, torture, etc?

Divine Mother: Yes. ... Having encouraged you to go forth, having provided the mechanisms for that to occur, do you really think in our

divinity, in our family, that we are going to arrange for a rogue bandit to harm you? You are mightily protected!

You often say, “What is the Company of Heaven doing?” Well, you can rest assured – we are protecting you. That is a promise. (2)

What more is there to say?

Kathleen once asked Archangel Michael if he protected her. I love his answer:

Michael: I will stand in front of you and I will stand behind you. I will stand next to you and beside you. Of course we will defend you.

All you have need to do is nothing, or you can call my name and I will be there. You can think my name and I will be there. Or you can do neither and I will be there. ... So, yes, I will protect you. (3)

Let me cite another occasion on which he reassured me, and allow that to stand for all the times I pestered him about it:

Archangel Michael: I am pretty good at protection. I have a few souls that help me out now and then. ...

So do you think a few rogues are going to beat me at my own game? Not to worry, dear heart. You are mightily protected. (4)

Delightful. Reassuring.

That isn't to say that some events which we may judge to be negative may not be in our soul contract, which makes it difficult to make sweeping statements. (5) Like the loss of a \$5,000 computer or having \$2000 hacked from your bank account!

It also isn't to say that some of us may not have volunteered to fight the constitutionality of some measures in court or protest vaccines and even serve time for it. We may not know what's in our soul contracts.

But, apart from those service roles, we're not here, apparently, to live the lives of martyrs or end up as cannon fodder.

What is the Divine Mother's Plan?

Divine Mother: As you rise, you are more able to clearly grasp not only the idea or the concept, the construct of creation in its fullest sense, but you are able to join with us.

Is this part of the Plan? Dear hearts, it *is* the Plan. There are many details, many aspects, many attunements, but the Plan has always been one of union and reunion. (6)

Union and reunion. And on another occasion:

Divine Mother: So yes. It begins small and it continues to expand out. It is really a very simple plan. My Plan is for the entire group of humanity to fall in love.

And I do not mean in the old way, I mean in the cherishing, the freedom, the liberation, the co-creation. And it begins two by two. ... This drawing together of people is how Nova Earth will be built and Ascension occur. (7)

Yes, not what we think of as love; what we think of it as is like a trickle of water compared to a river.

What her words bring to mind is the manner in which relationships are formed on the astral plane. People may enjoy each other's company and spend the equivalent of a few days together before parting and continuing on.

There's an ease in connecting and an ease in parting. Why? Because they exist in the midst of a current of this very love the Mother refers to that is so fulfilling that no one in the experience of it comes from neediness. All are satisfied before connecting and remain satisfied after, thanks to it. (8)

So this "union and reunion," beginning two by two, is what results in the New World. Immediately upon writing that, I felt flooded with the very love I just mentioned.

In this space of love, everything is well. Thought seems unnecessary; feeling seems important. But nothing is amiss.

"Getting" Divine Protection

May 15, 2021

<https://goldenageofgaia.com/2021/05/15/getting-divine-protection/>

That's pretty close

By rights we should hide our mistakes and make ourselves look good, right? But that's only half the story, no?

Here's one instance of the other half, which I relate because it shows divine protection in action.

On Feb. 6 of 2020, I was heating a pan for breakfast. I went into the front room for something when a text came in. Kathleen was in her car outside and could I bring her down the book I had for her please? I went down right away and when I came back up, my apartment was filled with smoke.

OMG, I'd left my pan with oil in it on a heated element. I then did all the wrong things, the pan caught fire, and the flames reached almost to the ceiling, as in the graphic. (1)

Then, just as suddenly, the flames receded into the pan and disappeared. That was that.

When I recovered from the shock of it all, I couldn't believe what just happened. I asked Michael about it at our next reading.

Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, Feb. 20, 2020.

Steve: Did you have a hand in putting out the stove fire that I caused on February 6th?

Archangel Michael: Not just a hand, sweet one. Now this is an example of when you ask about divine intervention. Now I am not suggesting that divine intervention is always so dramatic, but, yes, this had the potential to be quite a disastrous situation and it would have served no purpose.

Steve: What did you do?

AAM: We simply put it out.

Steve: Wow.

I'm telling you, I couldn't believe what I'd created. Thank you very much for that! Anything further you want to say about it?

AAM: Yes, dear heart. BE CAREFUL. It is important that you realize because this has been a very simple, yet very dramatic example about how easy it is (because

this has nothing to do with your returned memory, by the way) (2) it has everything to do with how to be distracted. (3)

Steve: The call came from Kathleen to come down and give her the book and I completely forgot I turned on the stove. Amazing! That's a real wake-up call for me.

AAM: Yes, because you are living in a communal situation so it is not just your home. It is the community that is within this building that would be deeply affected.

Steve: Thank you.

AAM: You are welcome!

Steve: I also got protection out of that.

AAM: You are mightily protected. It is curious how often we can tell you this but now you truly know.

Footnotes

(1) Not only did Michael shut it down, but there was no trace of smoke damage anywhere. I've been in a burned-out home. Given how high the flames went, there should have been traces.

I've corrected this version because I remembered that there were actually two incidents and I confused them.

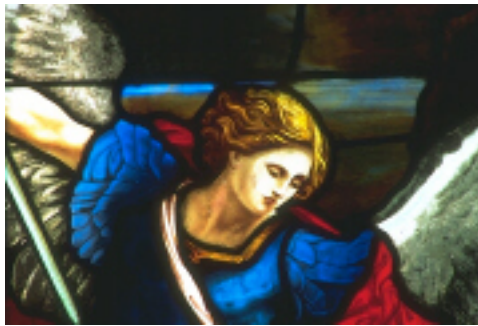

(2) I'm not entirely sure what he means by "returned memory." My short-term memory is not working well yet, as you can see, although he says it will be by post-Reval (when I need it).

(3) If I'm distracted, I very often cannot remember what I was doing. No, it isn't a structural problem. Apparently, it's intentional rewiring and it's been something I've needed to live with since some time before 2012, when I first complained about it to Michael. This is why I no longer do live interviews. I forget what I was saying in the middle of a sentence.

Meet My “Protection”

December 17, 2016

<https://goldenageofgaia.com/2016/12/17/meet-my-protection/>

I don't know how many times I asked Archangel Michael if I was protected in the financial lightwork that lies ahead.

He'd tell me I was and then I'd ask him again a month or two later. It took me years to get what he said and who I was talking to.

He doesn't like to repeat himself and yet he's had to repeat himself to me on that subject often. Always with patience. Sometimes with bemusement. Sometimes with supreme and sparkling wit.

I wonder if he'd mind if I created a pastiche of his reassurances to me over the years around my safety as a financial wayshower. Because, as I'll make clear below, I'm sure they apply to you as well. After all, as he'd say, who do you think you're working with?

To those who say, "Steve, you shouldn't be talking about this," yes, I should. It's time to build a different future than the fearful one we've inhabited so far. And knowledge of our protection is one way to do it. So let's forge ahead.

Our first conversation on the subject was on Aug. 6, 2013. It was about what were then called pre-NESARA funds. The topic was mis-steps, rather than a need for protection and he advised me:

"Not that we will allow you to go wrong – let us be very clear. This plan has been in unfoldment for far too long for money to simply be washed down the drain by decisions that are not beneficial either for yourself or for others or for those who will benefit from the abundance programs (plural)." (1)

A few months later, I questioned him again about the worries of the day:

Steve: Should we reserve domain names or create trademarks or should we worry about scammers posing as us?

Archangel Michael: You do not need to worry about a thing, dear heart. (2)

At that point it wasn't at all clear to me why he would tell me not to worry. My worry went so deep that I normally lived in it like a fish in water.

On a later occasion I asked him about personal safety and protection:

Steve: Am I protected and are my loved ones also protected from such things as being kidnapped and held for ransom?

Archangel Michael: Yes.

Steve: OK. That's good to know. (3)

Then on Nov. 19, 2013, I asked him again. This time he used the word "mightily" protected for the first time and emphasized it.

Steve: What security precautions should I put in place to protect my currency earnings from theft?

AAM: You do not need to do this. You will put the normal security precautions in place that any institution will provide. But, dear heart, I would suggest that you are mightily protected.

Steve: OK, well, that is what I need to know. ...

AAM: You are being mightily (and I use that word very specifically) mightily protected and this is a long-term project. (4)

Why would he use that word specifically? Because "the Mighty Ones" is a synonym for the archangels. So I (and I believe you) are protected by the Mighty Ones. Later he'll go into more detail on what that entails. But to return to the narrative....

Finally I broke his patience (not really) when I asked him again how I could prevent corruption at the Michaelangelo Fund. He replied in bemusement, as if I *did not listen*:

AAM: First of all, (laughing) WHO do you think you are working with, dear heart? ...

Yes, there will be substantial oversight. Shall we say it that way? There will also be checks and balances and there will be compliance, what you would think of as "officers."

You have an expression about running a tight ship. Well, this would be a tight ship.

Because the last thing you want, and the last thing that will be permitted by the way ... we will shut it down before this is allowed.

Steve: ... and "this" is?

AAM: The rebirth of the old patterns and paradigms of the old Third.

If there is corruption, if there is dishonesty, if there is abuse of power, if there is undue control, [any or] all of this, we will simply shut it down! It will not be permitted! (5)

Oooooooooo-kay! I love his response.

That was very good to know. So not only are we protected but we're being overseen as well.

Let me reinforce that last point from two conversations I had with him. In the first, I asked him if a well-known humanitarian philanthropist was a fake and he replied:

AAM: No. That is not a well-founded fear. Is he under very close scrutiny? Yes he is.

Steve: From you?

AAM: From all of us, above and below. (6)

So this influential lightworker is under close scrutiny - as are we all, apparently. He revealed this second matter when the subject came up in a conversation in July of this year:

Steve Beckow: Now I have been saying to readers that the Company of Heaven is watching financial wayshowers and stewards...

Archangel Michael: That is correct.

Steve:... And that those who do well - in other words, do the job of hydrating society - will find themselves supported to go forward.

AAM: That is correct.

Steve: ... It's correct. Okay. I don't want to be saying something to them that is misleading. Thank you for being definite about that. (7)

So they are watching us and they will use those people who prove ready, willing, and able to hydrate society, for more - and presumably greater - work of the same kind.

Let's return now to his use of the word "mighty."

The Mighty Ones are our archangelic protection, secret service, and celestial muscle. Those who are with us are definitely stronger than those who are "against" us.

I said I'd offer more on what their protection entails. Here's what he says of himself as a "Mighty One":

"I have the capacity—we all do; and when I say we all do, I mean the mighty ones, the archangels—we have the capacity to bring the fullness of our energy to many, many, many, and yes, if you wish, millions—and millions!—of places simultaneously. It is not bilocation. It is not multilocation.

"It is the ability to be present fully and completely where we are called, where we are required, where we wish to be. Because I am always connected - also infinitely - to the heart of One, and I am always infinitely in this moment with you, on the radio, fully connected to you.

"Do I give you the entire full blast, the full presence of my energy? As you know, there are days when I will give you more and I will give you less. I modulate it according to what can be handled.

"But, make no mistake, my beloved brother, and every listener upon the planet, I bring you the fullness of my being the same way I can simultaneously bring it to your brothers and sisters onboard the Neptune, or on Arcturus, or Venus, or how I can bring it to a mother who is trying to protect her child in a war-torn country.

"So, yes, it is beyond human understanding, but nevertheless, it is the gift that we have. It is a beautiful gift that allows us to do the work and the service that we have committed to." (8)

Wow. There is no way I can grasp the full extent of what he just said with the equipment I present through at this moment.

Notice his acknowledgement that he “modulates” our experiences.

Well, meet my protection.

He's just said that he has the ability to be millions and millions of places at once and bring the fullness of his presence to the higher-dimensional captain on the bridge of the Neptune *and* a Third/Fourth-Dimensional mother trying to protect her child in a war-torn country.

Surely that widely-spread net can be thrown far enough to include you and me both. I don't think he's talking to just me here.

But you have to let that in. Words are just words - intellectual knowledge. You have to get them at an experiential and later a realizational level for them to mean something to you.

Was that the end of my story? Or did I ask for reassurance again? Yes, I did.

Three more times.

Just to round out the story and not to miss three classic rejoinders, here are his responses:

March 23, 2016: "No [need to hire an executive security company]. You have a much better protection team, dear heart!"

July 22, 2016: "Think of it.... First of all, I am pretty good at protection. I have a few souls that help me out now and then. So do you think a few rogues are going to beat me at my own game? Not to worry, dear heart. You are mightily protected."

Sept. 2, 2016: "Are you mightily protected? Well, my friend, if I cannot protect you, nobody can."

I love that. If he cannot protect us, nobody can.

Have you ever worked for a better boss? Stronger to protect, gentler to respect? More patient? More kind?

Well, as you know, it's only been lately that I've even gotten a glimmer of who my "guardian angel" is.

And no, I don't worry about being tampered with. Why? Obviously. Because...

We're protected.

The Company of Heaven has Our Back

June 28, 2018

<https://goldenageofgaia.com/2018/06/28/the-company-of-heaven-has-our-back/>

A "Mighty One"

I wanted to review the discussions of how the Company of Heaven are protecting lightworkers who agree to act as the Mother's financial, Earth or other stewards.

The CoH has repeatedly assured lightworkers that we are "mightily protected."

(1) Here's the Divine Mother herself giving us that assurance in 2016:

"Having encouraged you to go forth, having provided the mechanisms for that to occur, do you really think in our divinity, in our family, that we are going to arrange for a rogue bandit to harm you? You are mightily protected!" (2)

Here's Michael repeating the reassurance:

"Are the lightworkers who are diligent and see themselves in a stewardship role greatly protected? The answer is, 'yes.'" (3)

On another occasion he said: "You have not incarnated to be removed, either by inflicted or imagined or created [forces]. [You're not] in physicality [for] anything less than perfection." (4)

That's the purpose of Ascension, right? That we should emerge in perfected bodies - light bodies? Thus, we lightworkers are here for nothing less than perfection.

Therefore he can assure us: "It is not our intention or our plan to allow you to be cannon fodder for the cause because that would defeat the purpose." (5)

The purpose is for us to walk forth into the sunshine, for a new Garden of Eden to arise on a peaceful Earth. Peace won't have a great deal of meaning if all of us are lying dead on a battlefield.

That isn't the extent of the peace that Michael wants and is forecasting for us. But that's another story.

[Repetitive section deleted.]

To think that I can lay my worries and fears down explodes my entire view of life.

This is something that I need to get down to my bones and cells. We can trust in the archangelic presence. We can proceed without fear.

Well, I am. I won't be installing this protective system and living in that gated compound afterwards. I'm carrying on for as long as I can as I do now.

My life has always been an experiment. The experiment now is to prove the archangels right, that they are protecting us and that a few rogues and villains are not going to get the best of them.

I will not live in fear after the Reval. Those who are with us are far stronger than those who are against us.

The Divine Plan for Earth and its inhabitants is to emerge triumphant this Ascension, not like our last attempts in Atlantis and Lemuria. Peace will reign, Michael says, with no residue remaining:

"Our code word is victory and it is not victory over anything; it is victory with.

"It is the bringing of peace on Earth. That is the prelude [to everything else]; that is the promise.

"It is the promise that has been made throughout the universe, but it is also the promise that has been made to the Universal Mother. And *that* peace will prevail." (11)

This next period of time - in which lightworkers are given the means to rebuild the structures and institutions of the planet - is our time and our turn to step out boldly in many new directions. The first new direction that must come to support the rest is the achievement of world peace.

And we'll do it.

The next is the achievement of individual, inner peace. Rock-solid, stable, secure.

Take comfort in knowing that the Company of Heaven has us in their hands and that the major contours of the future are already present, in place, alive in the higher dimensions.

Archangel Michael: It is not so much, my friend, that you are being targeted. That does not mean that you are not on the radar. Of course you are. And as you step forward to create peace on Earth, it will be even more so.

But you are also mightily protected, and you have created and built your energy field. They cannot and will not be permitted to harm you. (Ibid., Feb. 18, 2011.)

Archangel Michael on Trusting in the Protection of the Angelics

July 19, 2020

<https://goldenageofgaia.com/2020/07/19/archangel-michael-on-trusting-in-the-protection-of-the-angelics/>

I said earlier that I believe us all to be "mightily" protected. (1) The "Mighty Ones" are the archangels and so, when it's said that we're mightily protected, I assume it means protected by the archangels.

Well, OK, have we any passages that support my contention? Here's one I came across the other day:

Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, Nov. 15, 2017.

This is something that many human beings do not understand and that you will share and write about over time and in the near time.

When we declare that, whether it is a guardian angel or a guide (because they are interchangeable), an Archangel, or a Seraphim, the Mother herself but particularly when I say, when we say or a guardian angel says that they are protecting you, what does this really mean?

It means that there is no need for fear, that this very old core issue/false grid can truly be thrown into the trash heap or the recycle bin to be given back to the light. Few people really believe this and it is curious because there is seldom a situation in which we do not begin and end by saying this.

So it is a basic wobbly leg in human/divine relationships because the relationship is starting with this aspect, based on old human experience, ... based on this aspect of "I don't really trust you so you better prove yourself and show me," rather than proceeding not only in the love but in the mantle of protection that is around you always.

So I am giving you this as food for thought, not so much even for your sacred self but as food for thought for how you discuss things with those who are our faithful readers.

And the desire for many, and when I say many I mean billions, of Gaians to simply release this hesitancy to trust because it is also, of course, as you well know a hesitancy to trust oneself, to trust that in fact what you feel about yourself is trustworthy.

Again this message is for me a keeper. I haven't read a message from SaLuSa that is more straightforward and yet encompassing of all that we are facing. SaLuSa tells us that we will face difficulties, that they will be shortlived, that all will be restored that has been damaged.

He tells us that the dark are in disarray and yet more dangerous for being more desperate and that the galactics are watching them. He tells us that we may step out and offer the service that we yearn to offer and will be protected. This is wonderful message and SaLuSa is an excellent encapsulator of what we face and what is needed.

SaLuSa 14-January-2011

We can talk now of the months to come that are set to raise your levels of consciousness, as so much energy is being beamed to Earth. This is wonderful as it

means that even more Light than previously will be grounded, and bring nearer the time when it will empower you to bring the sought-after changes into being.

It is your collective consciousness as much as anything else that is the key to success. It also means that the Light will be so well established upon Earth, that no amount of dark activities will stop its progress. As we have told you before, there will be many distractions and genuine concern where you are the focus of their attention.

However, it is part of their final fling to destroy what has already been put into place. Simply allow it to take its own course knowing that it will only have a minimal effect on your future. The collapse would come anyway, as what has proved unsuitable for you as you head for Ascension, cannot remain.

No matter what Mother Earth or you suffer, there are plans to restore everything to a pristine condition. The old ways were entrenched in duality and only possible because of the extremes that it allowed. Your future is bound in balance and harmony through the restoration of your sovereignty. It comes with the establishment of a society based on justice, honesty and loyalty to those of the Light, some of who are yet to take the stage in your lives and lead you onwards.

They have always been with you seeking the opportunity to step forward, and that day comes nearer as the pressure mounts for the truth to come out. The Divine Plan is perfect and it shall deliver the many promises that have been made. Trust your inner feelings, as you knew that this period of time would move you into the Light.

The truth is to be made known about every aspect of your evolution, and particularly regarding the more recent period that has played a part in all of your lives. Such revelations will bring you all much closer together, and the differences that the dark Ones have created and played upon will disappear. It will most importantly explain our own role both in the past and for the future.

Your worries and concerns are understandable but again we stress that everything will turn out not just satisfactorily, but in the most wonderful way. It will all happen in a relatively short time, and the final period before Ascension will be a beautiful uplifting experience. You will soon throw off the yoke of duality that has caused stress and lack in your lives.

We can state quite emphatically that you have nothing to worry about, as powerful Beings of Light stand over you and will ensure that you receive all that has been denied you in the past. The illusion is being broken and once you understand the truth it cannot hold you any longer. What you consider real is the unreality created by you, and those who have seized your power. The Light has always remained with you, but clouded by the veils you have drawn over you. You have dwelt in them until you believed that they were all that there was, but the Light has crept in and allowed you to glimpse a much greater opportunity to lift yourselves up. In fact the Light cannot ever be extinguished, and it will always overcome the lower vibrations.

What is happening is not intentionally meant to move you out of your comfort zone, but greater times are ahead that will more than compensate you for accepting the changes. Accept the inevitable, and view it as the hand of God, stretching out to lift you up and out of the darkness that you have lived in for far too long. As an experience it is irreplaceable for it is the pathway to a greater understanding of duality, and a wonderful way to spiritually evolve into the higher dimensions.

You always knew what you were letting yourselves in for, and the promise of a happy ending has kept you going. What can be written down as thousands of years of experience, is but the blink of an eyelid where your Higher Self is concerned. Indeed in time only what you have learnt from those experiences will remain.

Meanwhile each day on Earth seems a separate experience, although it is all ongoing and continuous and the threads run through many lives. It is the hard road of experience that often places you in the same situation time and time again. Yet progress is gained in a manner that is difficult to achieve when you are without challenges in your life.

Take heart from the amazing opportunity you are now finishing, having achieved such a great step forward that you are ready to ascend. View life in this way and you will see it has been a great success, and as a unique soul has in fact been orderly and planned for you. What you are taking forward with you is a mountain of experience that will help others some time in the future.

There is so much happening just now, but unless you are in our position to see the broader picture it will not make too much sense. Random events fit together to tell

us that you are responding to the input of Light, and assured of great results very soon. We cannot be clearer about the timing as we have to make our decisions quite quickly, and be able to change our approach at short notice if necessary. The dark Ones are now fragmented and no longer follow a recognized pattern of activities. They have become opportunists and we have to monitor them much more closely.

I am SaLuSa from Sirius and assure you all that we are in control, but even so cannot stop events that are allowed according to the freewill accorded to you. However, we have responsibilities for you and Mother Earth, and we will not let matters get out of hand. We urge our allies to push on because the opportunity to obtain results has never been better.

We wish those in positions of political power would accept their true responsibilities, and now serve the people as intended. Anyone stepping forward in the Light will receive our protection, and unless there are karmic reasons for it being otherwise will be able to carry out their work to completion.

The way you can help your fellow travelers is to keep calm and spread your Light as far as possible. Assure people that everything is planned to ensure a happy future, and no matter what happens now will not be long lasting. Indeed, we say once again that when we can speak with you all, we will tell of the plan that will safely carry you forward to the end of the cycle.

Thank you SaLuSa.
Mike Quinsey.

Divine Protection and the Reval

Sacred Money

July 2, 2015

<http://goldenageofgaia.com/2015/07/02/sacred-money/>

As I continue to plan for the post-Reval period, I go over each of my plan's features, expanding this part and reflecting on that one.

Having lain down one afternoon and drifting off in thought, I imagined myself addressing my new colleagues, whose function it will be to disburse funds to women's groups. And I was trying to explain what they needed to know about disbursing these particular funds.

The words that came to my mind immediately were: "You're working with sacred money."

Yes, this is sacred money. Archangel Michael has given several illustrations of its sacredness.

On Sept. 13, 2011, he said to me that I didn't have to worry about the Hope Chest

(one outlet for sacred money) being scammed because this money was infused with light and love and would transform the scammers. He said:

Archangel Michael: If there is someone who is in such a dark place that they feel the need to use deception to gain entry to the Hope Chest, they will receive far more than financial support.

They will receive all the light and love, so it is one of those systems that is failsafe. The love and light is attached to the money. They will receive it and be transformed, and they will pay it back in other ways, so it is impossible to be snookered. (1)

I'm certain that the same applies to Reval funds used to assist other lightworkers and the general public.

He told me that all lightworkers who do this work will be scrutinized and those who handle money well will receive more to disburse, evidence of celestial oversight of this project. On one occasion, he said:

Archangel Michael: Simply know that there is a place and a plan and everything is in order and will fall into place. (2)

We are very aware of human history and how people have a tendency, even with the purest of hearts, to shift and perhaps even go a little crazy. So do not think that everything needs to be in place. There will be what you think of as little gaps and holes.

Simply know that where there are gaps and holes we are waiting to see how the shift is affecting the collective of humanity and the collective of the foundations and the various groups. (3)

When asked about security, he told me that no more than normal precautions would be necessary.

Steve: What security precautions should I put in place?

Archangel Michael: You do not need to do this. You will put the normal security precautions in place that any institution will provide. But, dear heart, I would suggest that you are mightily protected. (4)

Again I'd imagine that the same protection extends to other financial wayshowers.

This financial project, he added, had been planned eons ago and the celestials will not allow anything to go wrong with it from this point on:

Archangel Michael: Not that we will allow you to go wrong – let us be very clear. This plan has been an unfoldment for far too long for money to simply be washed down the drain by decisions that are not beneficial either for yourself or for others and for those who will benefit from the abundance programs, plural. (5)

He's shown me that he'll remove someone who seriously threatens the integrity of a financial project. I've seen him do it twice but I don't report on it to protect those people's privacy.

He's counseled us to give the money with love, exactly because it is sacred money.

I could go on and on with one indication after another that this is sacred money and a joint partnership with the celestials.

And so, I was saying to my colleagues in my imaginary chat, if you want to know the one thing you should do here, it's to treat the money in your trust as sacred money.

That alone. I think, will lead to all the rest.

Are Lightworkers Who Participate in the Reval Protected? – Part 1/4

March 15, 2019

<https://goldenageofgaia.com/2019/03/15/are-lightworkers-who-participate-in-the-reval-protected-part-1-4/>

If one talks about issues such as financial management of very large aggregates of wealth, I imagine the question that arises in most people's minds is: Will I be protected?

I've asked that question of the Divine Mother and Archangel Michael many times and their answer has always been "yes" - with one notable exception.

If a person is interested in managing this kind of wealth for strictly personal reasons - ambition, greed, vindictiveness, etc. - the Company of Heaven does not extend protection. One's own personal guides do, but not the celestials.

The upshot may be that one either loses that wealth or else gets to keep enough to satisfy personal ambitions but is not given more.

But let us look at this subject of protection at length because it may be a subject uppermost in some people's minds.

In reading this information, the reader must take responsibility for accepting it or not. Not everyone believes in the reality of channeled messages. I do, but you must decide for yourself whether you do or not.

When I last discussed the matter with Archangel Michael on Nov. 15, 2017, he said:

Archangel Michael in a personal reading with Steve Beckow through Linda Dillon,
Nov. 15, 2017.

[Protection] is something that many human beings do not understand and that you will share and write about over time and in the near time.

When we declare that, whether it is a guardian angel or a guide (because they are interchangeable), an Archangel, a Seraph, the Mother herself but particularly when I say, when we say, or a guardian angel says that they are protecting you, what does this really mean?

It means that there is no need for fear, that this very old core issue/false grid can truly be thrown into the trash heap or the recycle bin to be given back to the light. Few people really believe this and it is curious because there is seldom a situation in which we do not begin and end by saying this.

So it is a basic wobbly leg in human/divine relationships because the relationship is starting with this aspect, based on old human experience, but it is based on this aspect of 'I don't really trust you so you better prove yourself and show me' rather than proceeding not only in the love but in the mantle of protection that is around you always.

So I am giving you this as food for thought, not so much even for your sacred self but as food for thought for how you discuss things with those who are our faithful readers.

And the desire for many, and when I say many I mean billions, of Gaians to simply release this hesitancy to trust because it is also, of course, as you well know a hesitancy to trust oneself, to trust that in fact what you feel about yourself is trustworthy.

Does this guarantee of protection apply to all lightworkers? Michael answers:

Archangel Michael in a personal reading with Steve Beckow through Linda Dillon,
June 9, 2017.

Archangel Michael: Now I have repeatedly said to thee, not to worry about your own physical, or emotional for that matter, safety. You are grandly protected and, yes, I do take credit!

But there are many others who also accompany you and of course your cadre, your circle and we do not simply mean your immediate circle. We mean this very broad circle of lightworkers and love holders.

Steve: Oh good, because that was a question that I had. Is it only me or does that apply to all financial currency holders and way showers?

AAM: No. Now let us suggest this. We are not saying - because that is how it can be interpreted - that some are loved and cared for and protected and some are not. Because that, again, would be a separation of ways.

But in fact, as you have witnessed, and will further witness in the very near future is that there are some engaged in this, what you think of as a currency exchange, that truly do not come, can we say, from the fullness of the Mother's purity and desire and most certainly St. Germaine's desire for this transaction.

What we mean, and we have discussed this with you before, about how some lightworkers and certainly the external community, the broader community is still coming from a place of selfishness and greed and self-interest.

Now we do not say this in a way of condemnation or fault or anything. But there is a pattern. Let us just talk a minute about this.

Where there is selfishness and greed, there is often - and you see it every day in your various societies - a tendency either to extravagance and flamboyance...

Steve: Yes, ostentatiousness

AAM: Yes, ostentation - or hoarding. And hoarding is simply on the other end of that spectrum. It is still the demonstration of, "Look what I've got."

Steve: Service to self...

AAM: Now are we going out of our way to provide overlighting and protection to those who are neither asking or requesting or even truly accepting our protection? The answer is no.

Now it does not mean that those people's guardian angels and guides do not watch over them. Of course they do and they are being infused, as you well know, by all the various frequencies so there is always a chance for a last-minute revelation.

Your question is: Is the Lightworker community protected? If they, again, are very low-key, not ostentatious in the slightest way and not being flamboyant not because of nondisclosure agreements or any of that which are in place and very likely will be in place for everybody, but it is the self-regulation of believing and practising and doing an internal nondisclosure as well. You do not want to announce to the world, as some would, that you have such affluence and you intend to shift the world.

Because as soon as you make that kind of, and we are not talking about action or stating what is your divine authority to state, but when you allow that declaration to go out far and wide, what you are doing is you are setting yourself up as a target.

So we are not going to go out of our way to pay extra attention, shall we say, to those who are not in humble pride.

So are the lightworkers who are diligent and see themselves in a stewardship role greatly protected? The answer is, "yes." And you most certainly are mightily protected. The answer is, "yes."

Steve: I don't see how I can avoid talking about my own personal situation, Lord, given the type of writing that I do.

AAM: But you are not calling up the Wall Street Journal, saying that you are a billionaire and flashing your wealth. There is a very big difference, sweet one.

Steve: Yes, I do understand. Nothing that you said is unpleasant to my ears. That was what I was planning to do anyways so I'm good.

AAM: It should not be unpleasant to anybody's ears who is coming from a place of heart and dedication and realizing that they have been given the privilege, the divine authority, to act on behalf of the Mother/Father One, that you can truly be the champions of change, catalysts for restoring equality and fairness and unity upon this planet.

Steve: Yes, it is a great privilege, Lord.

Let me end here for today. I'll need four articles to cover this topic properly and completely. And I'm sure it's a topic that most currency holders have wondered about.

Are Lightworkers Who Participate in the Reval Protected? – Part 2/4

March 16, 2019

<https://goldenageofgaia.com/2019/03/16/are-lightworkers-who-participate-in-the-reval-protected-part-2-4/>

(Continued from Part 1, yesterday.)

Yesterday we heard from Archangel Michael.

Today let's hear from the Divine Mother herself on protection:

"Transcript ~ The Divine Mother: New Year's Message 2017," Dec. 31, 2016 at <https://goldenageofgaia.com/2016/12/31/new-years-message-2017/>.

Steve Beckow: I know that a lot of our listeners would like to hear your answer to the following question – are Lightworkers who deal in foreign currency for the purposes of irrigating planet Earth and undertaking the various programs like ridding the world of pollution, hunger, and poverty protected from things like kidnappings, torture etc?

Divine Mother: Yes.

I can elaborate. Let go of the fear, first and foremost. Because as you know, the fear halts and freezes and destroys – eats like acid – it destroys trust, and it also is the freezing mechanism that stops you from going forward.

Now the short answer is yes. But understand how this going forth happens, and there are many, many aspects and we will not get dragged down into that minutiae.

But think of it in this way – think of it in the most simple way, my child. You have a crush on a boy or a girl – oh, you are about fourteen, fifteen, and these days perhaps twelve – but you are madly infatuated and your heart is going pit-a-pat at a million miles an hour because this is your heart’s desire! But you are shy, you are not confident. You are afraid of rejection and so you never ask this boy or this girl out. You hardly even talk to them.

And then of course the big occasion comes and you see the ‘heart’s desire’ go to the party, the dance, the Bar Mitzvah, with somebody else – and you are devastated. But you are devastated because you were too afraid to step forward, and then you think, “Well, the Mother let me down” – even though I was right next to you, cheering you all along, knowing that the expansion of your heart even in this tender romance, not the fullness of Love that I speak of, but that you were afraid to try.

When you drop into fear, “Will I be harmed, will I be tortured, will I be shunned, will I be separated from what I love most about my life?” That puts you into fear rather than the forward thrust of excitement and courageousness and bringing forth. Now, having encouraged you to go forth, having provided the mechanisms for that to occur, do you really think in our divinity, in our family, that we are going to arrange for a rogue bandit to harm you? You are mightily protected!

You often say, “What is the Company of Heaven doing?” Well, you can rest assured – we are protecting you. That is a promise.

Steve: Thank you Mother. I’m sure that will have a lot of people relax more. The handling of money is going to raise enough problems unto itself without having to worry about that one. (1)

Tomorrow we'll look at Archangel Michael's assurance on specific situations like protection against bank theft, scamming, self-doubt, and poor decision-making.

(Continued in Part 3, tomorrow.)

Are Lightworkers Who Participate in the Reval Protected? – Part 3/4

March 17, 2019

<https://goldenageofgaia.com/2019/03/17/are-lightworkers-who-participate-in-the-reval-protected-part-3-4/>

(Continued from Part 2, yesterday.)

We continue our discussion of the protection of lightworker currency holders.

When I asked Michael if I should be applying for TDA monies - the billion-dollar accounts set up for each person, which the Illuminati have been using to "pay their bills" - Michael replied:

AAM: No, stand way back.

Steve: Okay, and the reason for that, Lord?

AAM: Well, there are number of reasons. One is, and I say this knowing you are fully protected, we want you flying under the radar.

And at this moment, those who are working in this arena, shall we say, are allowing themselves - and it is part of their mission and purpose to be very clearly on the radar - very clearly vulnerable and exposed. (1)

Now let's turn to specific circumstances. First, bank theft:

Steve: Am I correct in thinking that we're guarded against such things as bank theft?

Archangel Michael: You most certainly are. (2)

Second, protection from scammers:

Steve: Should we reserve domain names or create trademarks or should we worry about scammers posing as us?

Archangel Michael: You do not need to worry about a thing, dear heart. (3)

Next, self-doubt and poor decision-making:

Archangel Michael: Do not doubt yourself. And do not doubt what you are feeling moved to do. For we are not only moving, we are encouraging, we are pushing and pulling at times. And there are times when you push and pull right back. And, my brother, that is all right as well.

This is the time to be courageous. And yes, dear heart, rather outspoken.

Steve: I do feel courageous and outspoken.

AAM: You most certainly are. And we come to say be fearless, because you are protected. (4)

Archangel Michael: Not that we will allow you to go wrong - let us be very clear. This plan has been an unfoldment for far too long for money to simply be washed down the drain by decisions that are not beneficial either for yourself or for others and for those who will benefit from the abundance programs, plural. (5)

And last, a fear of kidnapping, torture, death:

Divine Mother: Having encouraged you to go forth, having provided the mechanisms for that to occur, do you really think in our divinity, in our family, that we are going to arrange for a rogue bandit to harm you? You are mightily protected! (6)

Steve: Am I protected and are my loved ones also protected from such things as being kidnapped and held for ransom?

Archangel Michael: Yes. (7)

Steve: I have no fear of death. I have a fear of torture.

Arcturians through Sue Lie: Well, you don't have to have a fear of torture because, if you have no fear of death, you can just choose to die and then they can't torture you. (8)

Archangel Michael: The dying piece is neither here nor there. You know that I would lift you up very rapidly and take you home, joyously. (9)

Perhaps a macabre subject to ask for reassurance on and some unexpected advice, but a situation of concern nonetheless.

Tomorrow I'd like to bring together all the mentions that AAM has given to the subject (not already discussed), to bring home the point that the matter has been thoroughly looked at over the years. There is little chance of misinterpretation of the message.

(To be concluded in Part 4, tomorrow.)

Note what Mike Quinsey said recently:

"You will realise that you are not your physical body, and this is provable at your level by the experiences of those that have had 'out of the body' experiences. When you permanently leave it upon death the cord is cut and you are released.

"There is nothing to be fearful about concerning death, and you have had numerous examples where souls have been thrown out of their bodies and not realised that anything has happened. This is due to them having immediately found themselves in their etheric body that is identical to the physical body, except that it is of a finer vibration." Are Lightworkers Who Participate in the Reval Protected? – Part 4/4

March 18, 2019

<https://goldenageofgaia.com/2019/03/18/are-lightworkers-who-participate-in-the-reval-protected-part-4-4/>

(Concluded from Part 3, yesterday.)

Let me now provide a series of reassurances that have not been given so far to suggest how many times and in how many different ways this promise of protection for dedicated and purely-motivated financial stewards has been given.

Feb. 18, 2011:

Archangel Michael: It is not so much, my friend, that you are being targeted. That does not mean that you are not on the radar. Of course you

are. And as you step forward to create peace on Earth, it will be even more so.

But you are also mightily protected, and you have created and built your energy field. They cannot and will not be permitted to harm you.

Yes, we know that this is a time when all the shenanigans are being put out to play. But our code word is victory and it is not victory *over* anything; it is victory with.

It is the bringing of peace on Earth, because that is the prelude; that is the promise; it is the promise that has been made throughout the universe, but it is also the promise that has been made to the Universal Mother. And that peace will prevail. (1)

Nov. 19, 2013:

Archangel Michael: You are being mightily - and I use that word very specifically [because “mightily” refers to the archangels] - mightily protected and this is a long-term project. (2)

April 24, 2015:

Steve: How do I guarantee that corruption won't set in?

Archangel Michael: First of all, (laughing) WHO do you think you are working with, dear heart? ...

Yes, there will be substantial oversight. Shall we say it that way? (3)

Feb. 5, 2016:

Archangel Michael: You have not incarnated to be removed, either by inflicted or imagined or created [forces]. [You're not] in physicality [for] anything less than perfection. (4)

March 23, 2016:

Steve: Should I hire Executive Security International to protect me?

Archangel Michael: No. You have a much better protection team, dear heart!

Steve: So, I don't need an asset protection attorney?

AAM: Yes you do need an asset protection attorney. But you do not need private security.

Steve: Am I just to walk down the street, you know without a care in the world or do I need to fear something like kidnapping in any way shape or form?

AAM: No, you do not need to fear kidnapping but we also suggest you don't walk alone.

Steve: Ever?

AAM: No, when you're going to do your exchanges. (5)

July 22, 2016:

Steve: I need more reassurance in the area of protection because I'm going to be writing about [financial matters]. Do I run a risk of being kidnapped?

Archangel Michael: No.

Steve: Then that eliminates the second question which was about torture. So good!

Surely the cabal is looking at these people with a lot of money and licking its chops, right?

AAM: You are hidden in many ways. So think of it, first of all, I am pretty good at protection. I have a few souls that help me out now and then.

Steve: Do I know who I am talking to? Exactly! (6)

AAM: So do you think a few rogues are going to beat me at my own game?

Steve: Probably not! I just fear what Will Smith said in Independence Day, “Oops!” as he crashed his spaceship into the wall.

AAM: Not to worry, dear heart. You are mightily protected.

Steve: Thank you for reassuring me on that. (7)

Sept. 2, 2016:

Archangel Michael: Because you are in a position of leadership, of stewardship and of trusteeship, you do not want to paint a target on your back.

Now are you mightily protected? Well, my friend, if I cannot protect you, nobody can.

So I would suggest, of course you are safe. What you don't want is to be bothered. (8.)

OK, now you know as much as I know.

Yes, I believe these communications to be true and effective. But you need to decide for yourself. Please take responsibility for making your own assessment and choice.

Even though the Reval has not yet arrived and none of us have money, we can still use the time to plan what we'll do after. I'm benefitting greatly from thinking from the context of post-Reval wealth and what it can do for global society.

Reassurance on Protection

July 17, 2023

<https://goldenageofgaia.com/2023/07/17/reassurance-on-protection/>

The co-creative relationship that Archangel Michael and I have is the same relationship that you can have.

One purpose of ours is to illustrate what can be produced out of one between an archangel and his human servant.

Often he will say "now this is just for you" or "this applies to everyone." If he doesn't, the assumed default is the latter.

I'd like to look here at the subject of archangelic protection. I use a question-and-answer format in the interests of time.

"Mightily" refers to "the Mighty Ones" or archangels, as in:

AAM: You are being mightily - and I use that word very specifically - mightily protected and [our co-creative partnership] is a long-term project. (1)

Do you know how many times it's taken hearing that to really get it? Probably more than thirty.

But it took that many - and studying what he said at that - to finally get it at the realizational level.

So I'm going to take all these short mentions and build them into a coherent discussion, which I hope will have the same effect on you that it had on me, to finally *get* that I am/we are protected.

SaLuSa: Keep your sights ever on your upliftment, and know that what is around you will have little effect unless you allow it to be so. The world is slipping into two realities, and the division will take place in accordance with the Law of Attraction. (2)

You have not incarnated for anything less than perfection

AAM: You have not incarnated to be removed, either by inflicted or imagined or created [forces]. [You're not] in physicality [for] anything less than perfection. (3)

AAM: It is not our intention or our plan to allow you to be cannon fodder for the cause because that would defeat the purpose. (4)

Who do you think you are working with?

Steve: How do I guarantee that corruption won't set in [in the Michaelangelo Fund]?

AAM: First of all (laughing), who do you think you are working with, dear heart?

Steve: I know. But I just need to hear the words. I need the reassurance! (5)

AAM: Do you think that I do not know what I'm doing?

S: Yes, who am I speaking to? (6)

Steve: Surely the cabal is looking at these people with a lot of money and licking its chops, right?

AAM: You are hidden in many ways. So think of it, first of all, I am pretty good at protection. I have a few souls that help me out now and then.

Steve: Do I know who I am talking to? Exactly!

AAM: So do you think a few rogues are going to beat me at my own game?

Steve: Probably not! I just fear what Will Smith said in Independence Day, "Oops!" as he crashed his spaceship into the wall.

AAM: Not to worry, dear heart. You are mightily protected. (7)

If you wish to visualize, to picture, what it means to have an archangel on full-alert, it is that they are standing in front of you, next to you, behind you, all at the same time. Shield up, sword drawn, prepared for battle. What does it mean? Our field is so strong. Nothing is permitted to penetrate our field to get to you. It is that simple. (8)

AAM: This is something that many human beings do not understand and that you will share and write about over time and in the near time. When we declare that, whether it is a guardian angel or a guide (because they are interchangeable), an Archangel, a Seraphim, the Mother herself but particularly when I say, when we say or a guardian angel says that they are protecting you, what does this really mean?

It means that there is no need for fear, that this very old core issue/false grid can truly be thrown into the trash heap or the recycle bin to be given back to the light. Few people really believe this and it is curious because there is seldom a situation in which we do not begin and end by saying this.

So it is a basic wobbly leg in human/divine relationships because the relationship is starting with this aspect, based on old human experience, but it is based on this aspect of "I don't really trust you so you better prove yourself and show me" rather than proceeding not only in the love but in the mantle of protection that is around you always.

So I am giving you this as food for thought, not so much even for your sacred self but as food for thought for how you discuss things with those who are our faithful readers.

And the desire for many, and when I say many I mean billions, of Gaians to simply release this hesitancy to trust because it is also, of course, as you well know a

hesitancy to trust oneself, to trust that in fact what you feel about yourself is trustworthy. (9)

I'll continue the discussion tomorrow.

What are We Protected Against?

Judy 18, 2023

<https://goldenageofgaia.com/2023/07/18/346367/>

I'd like to continue our Q&A discussion of lightworker protection. (1)

Your loved ones are protected

Steve: Are my loved ones, like AAA and BBB, and CCC and DDD, also protected from such things as being kidnapped, held for ransom?

AAM: Yes. (2)

AAM: Now I have repeatedly said to thee, not to worry about your own physical, or emotional for that matter, safety. You are grandly protected and, yes, I do take credit!

But there are many others who also accompany you and of course your cadre, your circle and we do not simply mean your immediate circle. We mean this in a very broad circle of lightworkers and love holders. (3)

Who is protecting us?

AAM: You are being mightily - and I use that word very specifically - mightily protected and this is a long-term project. (4)

“Mighty” refers to the Archangels.

AAM: I will stand in front of you and I will stand behind you. I will stand next to you and beside you. Of course we will defend you.

All you have need to do is nothing, or you can call my name and I will be there. You can think my name and I will be there. Or you can do neither and I will be there. ... So, yes, I will protect you. (5)

What are we protected against?

Steve: Am I correct in thinking that we’re guarded against such things as bank theft?

AAM: You most certainly are. (6)

Steve: I need more reassurance in the area of protection because I’m going to be writing about [financial matters]. Do I run a risk of being kidnapped?

AAM: No.

Steve: Then that eliminates the second question which was about torture. (7)

Steve: I have no fear of death. I have a fear of torture.

The Arcturians: Well, you don’t have to have a fear of torture because if you have no fear of death you can just choose to die and then they can’t torture you.

Steve: I wasn’t aware I could do that. (8)

AAM: The dying piece is neither here nor there. You know that I would lift you up very rapidly and take you home, joyously. (9)

AAM: There have been invasions, both chemical and actual, into, not only your physical body, but all of your bodies. And are you still recuperating? Yes.

Steve: What do you mean by intrusions, Lord? Do you mean the operation, the anaesthetic?

AAM: That is exactly what I mean. I do not mean that in any way shape or form that you have been infiltrated.

Steve: Yes, thank you very much for clarifying that!

AAM: That would not be permitted. (10)

We will not allow you to go wrong

AAM: Not that we will allow you to go wrong – let us be very clear. This plan has been in unfoldment for far too long for money to simply be washed down the drain by decisions that are not beneficial either for yourself or for others and for those who will benefit from the abundance programs, plural. (11)

We don't want you bothered

AAM: You are ... creating a platform that is more visible, more present, should we say? The goal is to reach everybody. And as such, you become a target. (12)

I say this knowing you are fully protected: we want you flying under the radar. (13)

AAM: Because you are in a position of leadership, of stewardship and of trusteeship, you do not want to paint a target on your back.

Now are you mightily protected? Well, my friend, if I cannot protect you, nobody can. ...

Of course you are safe. What you don't want is to be bothered. (14)

Steve: Can you give me specific counsel on what I can and cannot say to readers about my own situation after the Reval?

AAM: Say very little.

Steve: Very little. OK. Are there things I could say that might place me in jeopardy?

AAM: That is correct. You do not want to make yourself a bull's eye, dear heart. (15)

So to speak of your desires, whether they are personal or global, are very important.

As you go forth, you have been in a juncture. You have been in a phase where the speaking of dreams, of personal dreams, has been very helpful to yourself and to others particularly those that you are close to.

But for example, when you are in a different position, you will not share so much personal detail because, dearest heart, we have guaranteed that you are protected. Well, sometimes being protected means that you keep quiet.

Steve: Yes, yes, yes, I have to do my part. And it's going to be a challenge, Lord, because sometimes I just want to blurt it out.

AAM: I know.

Steve: What can we do?

AAM: I will muffle you.

Steve: Okay, good! That's what I need. (16)

Concluded tomorrow.

Are All Currency Holders Protected?

July 19, 2023

<https://goldenageofgaia.com/2023/07/19/346386/>

This part concludes our discussion of lightworker protection. (1)

Is everyone protected?

Steve: A question that I had: Is it only me [that is protected] or does that apply to all financial currency holders and way showers?

AAM: No [it does not]. Now let us suggest this. We are not saying - because that is how it can be interpreted - that some are loved and cared for and protected and some are not. Because that, again, would be a separation of ways.

But in fact, as you have witnessed, and will further witness in the very near future, there are some engaged in this, what you think of as a currency exchange, that truly do not come, can we say, from the fullness of the Mother's purity and desire and most certainly St. Germaine's desire for this transaction.

What we mean, and we have discussed this with you before, (2) about how some lightworkers and certainly the external community, the broader community are still coming from a place of selfishness and greed and self-interest. (3)

Now we do not say this in a way of condemnation or fault or anything. But there is a pattern. Let us just talk a minute about this.

Where there is selfishness and greed, there is often - and you see it every day in your various societies - there is a tendency either to extravagance and flamboyance...

Steve: Yes, ostentatiousness

AAM: Yes, ostentation - or hoarding. And hoarding is simply on the other end of that spectrum. It is still the demonstration of, "Look what I've got".

Steve: Service to self...

AAM: Now are we going out of our way to provide overlighting and protection to those who are neither asking or requesting or even truly accepting our protection? The answer is no.

Now it does not mean that those people's guardian angels and guides do not watch over them. Of course they do and they are being infused, as you well know, by all the various frequencies so there is always a chance for a last-minute revelation.

Your question, Steve: Is the Lightworker community protected? If they, again, are very low-key, not ostentatious in the slightest way and not being flamboyant not because of nondisclosure agreements or any of that which are in place and very likely will be in place for everybody....

Steve: Everybody! Wow! Really? (Sigh)

AAM: But it is the self-regulation of believing and practising and doing an internal nondisclosure as well. You do not want to announce to the world, as some would, that you have such affluence and you intend to shift the world.

Because as soon as you make that kind of, and we are not talking about action or stating what is your divine authority to state, but when you allow that declaration to go out far and wide, what you are doing is you are setting yourself up as a target.

So we are not going to go out of our way to pay extra attention, shall we say, to those who are not in humble pride.

So are the lightworkers who are diligent and see themselves in a stewardship role greatly protected? The answer is, “yes.” And you most certainly are mightily protected. The answer is, “yes.”

Steve: I don't see how I can avoid talking about my own personal situation, Lord, given the type of writing that I do and...

AAM: But you are not calling up the *Wall Street Journal* and saying that you are a billionaire and flashing your wealth. There is a very big difference, sweet one.

Steve: Yes, I do understand. Nothing that you said is unpleasant to my ears. That was what I was planning to do anyways so I'm good.

AAM: It should not be unpleasant to anybody's ears who is coming from a place of heart and dedication and realizing that they have been given the privilege, the divine authority, to act on behalf of the Mother/Father One, that you can truly be the champions of change, catalysts for restoring equality and fairness and unity upon this planet.

Steve: Yes, it is a great privilege, Lord. (4)

Step Out, Lead!

AAM: Do not doubt yourself. And do not doubt what you are feeling moved to do. For we are not only moving, we are encouraging, we are pushing and pulling at times. And there are times when you push and pull right back. And, my brother, that is all right as well.

This is the time to be courageous. And yes, dear heart, rather outspoken.

Steve: I do feel courageous and outspoken.

AAM: You most certainly are. And we come to say be fearless, because you are protected. (Feb. 18, 2011.)

AAM: You, my dear friend, have been travelling inter-dimensionally. ... And so it is not so much ... that you are being targeted. That does not mean that you are not on the radar. Of course you are. And as you step forward to create peace on Earth, it will be even more so.

But you are also protected, and you have created and built your energy field. They cannot and will not be permitted to harm you. Yes, we know that this is a time when all the shenanigans are being put out to play. But our code word is victory and it is not victory over anything. It is victory with. It is the bringing of peace on Earth, because that is the prelude; that is the promise; it is the promise that has been made throughout the universe, but it is also the promise that has been made to the universal Mother. And that peace will prevail. (Feb. 18, 2011.)

Personal Protection Issues

For Humanitarian Philanthropists: An Example of an Achilles' Heel

July 11, 2023

<https://goldenageofgaia.com/2023/07/11/for-humanitarian-philanthropists-an-example-of-an-achilles-heel/>

An Achilles' Heel is defined as a seemingly-small wound that proves fatal. (1)

Wikipedia: "In Greek mythology, when Achilles was an infant, it was foretold that he would perish at a young age. To prevent his death, his mother Thetis took Achilles to the River Styx, which was supposed to offer powers of invulnerability. She dipped his body into the water but, because she held him by his heel, it was not touched by the water of the river."

In psychological terms: An addiction or trauma, considered small and usually overlooked, that shapes the personality and proves to be a catastrophic or fatal attraction.

I say this to those among us who are going to be operating as humanitarian philanthropists and may want to be aware of such things as vulnerabilities.

If a vulnerability is known, unscrupulous people could use it to make an approach for support.

Why I even think of this matter is cautionary messages from the Company of Heaven on the subject like these:

Archangel Michael: As we have said in the past, we do not make funds available to create dictators or for buying weapons of mass destruction or war. ... That would be an abomination of the Mother's Plan. (2)

AAM: Let us be very clear. This plan has been in unfoldment for far too long for money to simply be washed down the drain by decisions that are not beneficial either for yourself or for others and for those who will benefit from the abundance programs, plural. (3)

In a flash I saw one of my vulnerabilities. And I do know it's something I'll have to look out for.

I was thinking of a certain woman in my life and wondering what I was seeking from her.

Suddenly I flashed on a series of photos I have of my mother, nearly falling down the steps off the back porch, laughing. That was so typical of our good times together.

And I also flashed on how I wrote something stupid and inappropriate in a letter to the *Ubysey*, the UBC student newspaper. She tore out the page, wrote "Ugh!" on it, and sent it to me where I was, at McMaster University. That greatly affected me.

The vulnerability is that I seek my Mother's approval (or whoever stands in for my Mother).

Ouch! I'll need to monitor that one. The cost of mentioning it here is offset by the benefit of broaching the subject of Achilles' heels. (4)

That's just one example. Whatever we want most and fear most can become a vulnerability.

Hence, if we really are humanitarian philanthropists, it may be that detachment (4) is our best servant. At least for our time of service.

(4) Offset as well as by the knowledge that I'm (and you are) protected. Because this is a concern with folks, I post a few more quotes than otherwise:

Archangel Michael: You have not incarnated to be removed, either by inflicted or imagined or created [forces]. [You're not] in physicality [for] anything less than perfection. (Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, Feb. 5, 2016.)

AAM: Not to worry, dear heart. You are mightily protected. (Ibid., July 22, 2016.)

"Mightily" refers to "the Mighty Ones" or archangels.

AAM: Now are you mightily protected? Well, my friend, if I cannot protect you, nobody can. ...

Of course you are safe. What you don't want is to be bothered. (Ibid., Sept. 2, 2016.)

Here's the Divine Mother:

Steve: I know that a lot of our listeners would like to hear from you your answer to the following question – are Lightworkers who deal in foreign currency for the purposes of irrigating planet Earth and undertaking the various programs like ridding the world of pollution and hunger and poverty protected from things like kidnappings, torture etc?

Divine Mother: Yes.

I can elaborate. ... Having encouraged you to go forth, having provided the mechanisms for that to occur, do you really think in our divinity, in our family, that we are going to arrange for a rogue bandit to harm you? You are mightily protected!

You often say, “What is the Company of Heaven doing?” Well, you can rest assured – we are protecting you. That is a promise.

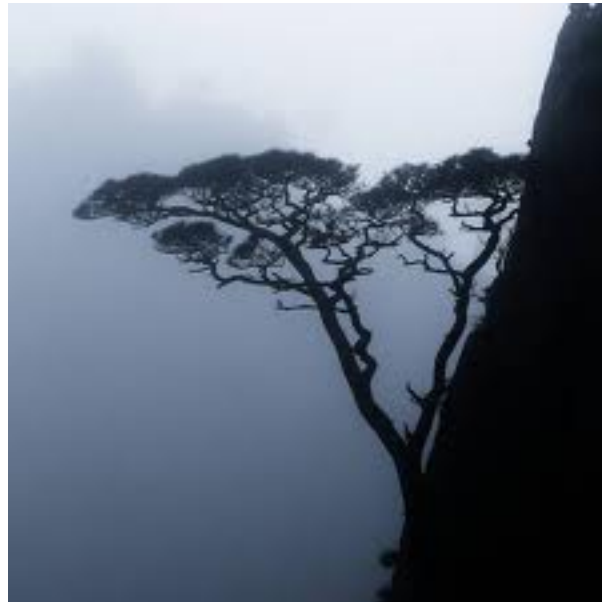

Steve: Thank you Mother. I'm sure that will have a lot of people relax more. The handling of money is going to raise enough problems unto itself without having to worry about that one. ("Transcript ~ The Divine Mother: New Year's Message 2017," Dec. 31, 2016 at <http://goldenageofgaia.com/2016/12/31/new-years-message-2017/>.)

(5) Detachment from all extremes, really: passions, addictions, hatreds, anything that clouds judgment.

Balancing Vulnerability and Protection as Lightworkers

Dec. 18, 2023

<https://goldenageofgaia.com/2013/12/18/balancing-vulnerability-and-protection-as-lightworkers/>

Sometimes I wonder how far I can go in sharing. Till my jaw drops or my eyes pop out?

But a part of the job here is getting the word out. And sharing and comparing notes is the way we lightworkers do that.

So I'm going to take a risk again and share a part of a recent reading in which Archangel Michael advises me on how to handle an attack against me from a person close to me.

My reason for doing so is that what he says about it is so valuable, for anyone who assumes a public role as we build Nova Earth together, that this kind of knowledge shouldn't be hidden in a drawer. It needs to get out there, however confronting it is for me to share it.

Archangel Michael has just been describing the background of the incident and I'm beginning to suspect that there was a reason for things to happen when and how they did. So I asked him:

Steve: Lord, is there any component of this that is preparation for my mission ahead? I don't think of it as a test but is it showing me what kinds of things can come up?

AAM: Yes, it is. No, of course it is not a test. We are past that phase. And that was always a human interpretation anyways that the Lord was trying you.

But it is for you to be cognizant and aware and particularly as things go forward monetarily, socially - with your star brothers and sisters - politically, that there will be people who for seemingly no reason - let us say no reason to do with you in particular and when I say that I mean you in terms of your actions, inactions, history, etc. - will attack you.

Or you will find that, as they are clearing the grid of blame, fault, shame, they will wish to put it on you, that somehow, out of the blue, you are responsible for their situation.

It will be in a variety of faces, whether it is financial, emotional, physical, it matters not. What it is is a cry for help, saying: Will you take care of me? Or will you fix it? Or will you assume the fault for the mess my life has become?

And it is also for you to be aware, not vigilant, not on the look-out, that there are even those who are close to you, both genetically, biologically, emotionally, that can release these kinds of false flags against you.

So, yes, the more public you are, the more vulnerable you are. Are you protected? Mightily.

But the question, my friend, my brother, is not really the issue of my protection because, within that protection, is something that I do not wish to address or adjust and that is your vulnerability. It is precious and it is part of the spiritually-mature individual to be available and to be vulnerable.

S: I agree.

AAM: So accept that you are vulnerable and simply know that this can occur and that, just as you are now, you will take measured action to address the situation as much or as little, including ignoring it, as you feel the need to and as I guide you to.

Now in this vulnerability I do not wish you to allow it to hurt you, mentally, emotionally, or physically. And that is what this situation is truly demonstrating. ... We want you to remain vulnerable but we also want you to have your shield up. I did not give you my sword and shield simply for decoration.
