Introduction

Now why am I gathering articles together from other books? Why not just point to the other books?

Lightworkers who participate in the Reval will likely be busy after the event occurs.

I wish I had the time to do tightly-targeted compilations on all the topics we cover, but I have to be selective. The most important one to get out now seems to me to be on the Reval and what to do next.

Only Ascension and Disclosure will have a bigger impact on our lives than ... well, OK, med beds, replicators, free energy, anti-gravity propulsion ... than the Reval.

For good and for bad. The good we all know. We'll have an opportunity to contribute towards building a world that works for everyone.

The bad is all the complication we just invited in our lives *to make a difference!*

Excuse me? A world can't be made to work for everyone?

You couldn't be more inaccurate.

Any higher-dimensional world is immersed in a love that's so satisfying, so fulfilling, so desirable that any thoughts of harm or revenge or indignation simply don't arise. Such a world works for everyone.

That secret was only known to Werner Erhard for the longest time. But as the love energies on the planet rise and give us the opportunity to visit higher realms, we taste the love there - and now we have the answer - to what Werner knew, but what a world that works for everyone looks like.

So, with full acknowledgement to Werner, not just for this context, but for so much else I learned from him, you and I are planting a garden in the shadow of another world, a world that works for everyone.

It's already there. It's we who have to catch up.

That world will be ours the moment our hearts open permanently. A permanent heart opening is sahaja nirvikalpa samadhi; that is Ascension. (1) Ascension is where we're headed.

So, in summary, what we're doing is to build a new world, one that's in alignment with Gaia's wishes and soul contract, supportive of the purpose of life, which is to know who we are, and fulfils the Mother's Plan for this Ascension as it applies not just to Earth, but to the whole multiverse.

She invites us to join her, and adds:

Divine Mother: You have begun by saying that I am not simply a god among gods. I am the Mother. And I am asking and inviting you to join with me. Is there really any further conversation to be had?

Steve: No, Mother. There is not. That is the aim of all our lives. (2)

Jai Ma! Victory to the Divine Mother!

Footnotes

(1) The heart is a portal to the higher dimensions. It may be fourth-chakra in location, but it's inter dimensional in nature and function. Step through it and

you're on a higher plane of existence - 7th perhaps in Christ love, 9th in bliss, or 12th in ecstasy.

The Reval Itself

The Divine Mother on the Divine Plan

November 11, 2015

<https://goldenageofgaia.com/2015/11/11/the-divine-mother-on-the-divine-plan/>

The Divine Plan is always operative, but it's never so visible as when events of tremendous magnitude and significance are happening, such as our Ascension. Here is the Divine Mother discussing it in 2012.

The Divine Mother is not an ascended master or goddess. She and the Father are One Being. The difference is simply that she creates, preserves and transforms - that is, she is active - while he is transcendentally still.

Steve Beckow: I'd like to seek more information from you now on what we know as the Divine Plan. Now, the Divine Plan for Ascension, the Divine Plan for life — there's a Divine Plan for all of it. Can you, for our listeners who are unfamiliar with the notion of there being a Divine Plan, can you discuss this — perhaps the Divine Plan for this Ascension, please?

Divine Mother: I would be very happy and honored to discuss the Divine Plan. And yes, the Divine Plan for Ascension. And your Divine Plan.

And I do not simply mean you, Steve. I mean everyone who will ever listen to this broadcast. Because, my beloved children, it is important, essential, that you understand not just cognitively but deep within your core that not only are you part of *the* Divine Plan, but that you, within that, have *your* Divine Plan, that you are critical, and what you think of as worthy enough, important enough, and always have been, that you have a Divine Plan.

Now, so often upon this planet, this beautiful planet of Gaia, there have been so many varying opinions about **the** Divine Plan and **your** Divine Plan. And so, before I speak of Ascension, let me speak of this.

There are so many of you that rejected the notion of your Divine Plan and the Divine Plan, because you wanted to be in charge, that you did not want to think that you were simply a puppet in a pre-arranged theatre; that the free will and free choice was exclusive to you, and that you could vary and go as far as you wanted in terms of what you choose to do; that nothing was fated.

Well, you've tried that, haven't you? And in so many situations it has caused war and mayhem, lack and separation. The Father and the Father through me have never dictated to you how you will unfold your plan. But make no mistake about this. You, in conjunction with All — and think of that — not only with your guides but with your grid, with your collective, with the universe and with us, have chosen your plan.

Now, even in the human realm it is beyond comprehension that you would not wish to align and to do this. And that is why your heart yearns and directs you to undertake certain actions, thoughts, behaviors, directions. And that is why when you are doing certain things and moving in certain directions you know your joy. You say, "I feel happy! I feel like I am on track!" It is because you are within the unfoldment of your plan, and your plan is magnificent! It is the full expression, particularly in this incarnation, of who you are, of your unique spark.

So, do not underestimate your plan within the grander plan.

Now, I cannot speak to you about the totality of the Divine Plan. You would think that I was speaking in an intergalactic language, and chances are that some of you would understand, but the majority of you would not. But I am most certainly pleased and honored to speak to you about the plan for Gaia, for the human

collective and for Ascension at this time. And for that I bring you back. I bring you back to the beginning.

The Plan was for you to inhabit a form and to know and be love and joy, diverse, unique, flexible. The Plan was for you to be inter- and trans-dimensional. Did you wander and take some of those scenic by-ways, those detours that I have referred to this night? Yes. And that free will, with all the elements of what you think of as evil and darkness, drama, intrigue — you have excelled at this! And you are also very tired and sick of it, aren't you?

So, now, you return to that alignment of beauty, of truth in form. And this is what is unique about this element of the Divine Plan, that you are holding on to these magnificent forms, what you think of as bodies. And part of that, beloved ones, is admiring and cherishing and loving your body, because you designed it, you chose it. Yes, you were part of the architectural team.

Is it transferring into a different molecular base? Yes. But your bodies, to take your bodies and be in the higher realms, where you have always belonged, and let go of those densities, that quagmire that you got stuck in — for a very long time! — now is the restoration of the Divine Plan. And it is for you to be the embodiment of love. It is you, each of you, bright angels, starseeds, gatekeepers, humans, Earth-keepers, to have a physical experience of being that embodiment of love.

This was part of the plan, the part that involved you and this planet and the ripple effect out to the multiverse of your star brothers and sisters. Why do you think they wish to participate, to witness? This is highly unique. The humans are going to be transdimensional in form, after all this time. They are going to embody love and the Divine Qualities. It is worth having a look at. It is worth participating in.

So, our [inaudible] to use a human word, our essence, to use my terminology, is being brought to bear upon this unfoldment of shift in the consciousness. This is not unconscious, this is not subconscious. So this is a conscious process, an event, if you choose, and it is also, at the same time, the consciousness, as you know, of the heart fully awakening, of the spirit fully awakening, of the soul fully awakening and anchoring in form.

Now, when I say I bring our focus to this, is it all of our focus — the Father and mine? Of course not. But the energies that are brought with what you think of as

the Company of Heaven, the ascended ones, and the Father and I, is far beyond your comprehension. And it is certainly adequate to accomplishing this transition. And as this transition is completed, including the shift in your structures, then you will continue on.

This is the beginning, not the end. Each of you, each of you is infinite and eternal. Will the day come in terms of what you think of as time, when you will simply re-emerge? Yes. But even that is an instant.

So the Divine Plan, let me be very concrete with all of you, is to leave the old Third behind. You are making peace with this and therefore with yourself, your families, your community, your planet. Even as we speak it is leaving that behind as if you would leave a cloak or an old skin behind, activating as you do different markers of your DNA, becoming more capable of holding the higher frequencies — and most of you are well underway; some of you are completely done — new form, but still looking as you do, or how you choose to appear, because that is part of interdimensional reality.

As you activate different markers within your DNA, within your crystalline form, you may restore yourself to 22 or be 75 — it matters not. And in that form, you will be the embodiment of love.

Yes, this channel has joked about this transition from carbon to crystalline. (1) Why do you think we have been so emphatic with her about working with the diamond energy, asking each of you? It is part of this transformation. Does this answer your question?

SB: It certainly does, Mother. And again I have to tell listeners what a joy it is to work with you, because you answer my questions before I ask them. And it makes my job very easy.

I want to confess that I'm one of those people who have said I'm not going to be a puppet and follow a Divine Plan! I have my own free will in the matter. And then I have another thought, that I really am, at essence, the Father. So, this really is my plan!

DM: That is correct. And that is the wisdom emerging. It is the maturity of the soul to know. It is the immature — and we would say adolescent, but very often

adolescents are far more mature than adults — but shall we say the spiritual young one who fights and thinks that there is a controlling authority. There is not! It is — and that is why I have put the emphasis. This is not just the Divine Plan. This is your plan.

The Mother Explains What Lay Behind the Reval

July 20, 2023

<https://goldenageofgaia.com/2023/07/20/whats-holding-up-the-reval/>

In this discussion with the Divine Mother through Linda from 2018, she gives us the background of the Reval.

Divine Mother in a personal reading with Steve Beckow through Linda Dillon, Oct. 26, 2018.

Steve Beckow: Mother, I think a lot of people would want me to ask you, what is going on behind the scenes that has made this [Reval] such a long, drawn-out affair? Why is it taking so much time?

Divine Mother: ... What you think of as the Re-evaluation was structured a long, long time ago [at my request], under the auspices particularly of Sanat Kumara and

St. Germaine, your star family, star beings on planet and, shall we say, awakened individuals.

The plan was that, when humanity, primarily led by the United States, was ready to truly reach a place of peace, of harmony, and of sharing, these re-evaluations would be put in place and that is why what you think of as the trigger points [the revaluing currencies] had to do with the settlements of war, the settlement of conflict.

Whether it was Korea or Vietnam or Iraq, etc., it was to shift ... not to strip, not to destroy this or that regime, but to truly bring about, shall we say, a rebalancing and to help with those nations that had been completely decimated, not only physically but morally, emotionally, mentally, to bring things back into balance.

A tag-along to that was to include various groups of people - whether they were veterans or Lightworkers....

That was and that is and that has remained my plan of unfoldment.

Now what has occurred is that, in many ways, those with their own agendas that have nothing to do with peace and everything to do with distraction, creating greater chaos, and trying to usurp power have become involved and engaged in this.

And what has happened is that it has become a political machination. And, might I say, a fantasy machination whereby many are speaking various untruths on all sides.

And [they are] trying to gain and abuse power to manipulate those who in fact would be in a position to reconstruct societies and nations and cities of light and Gaia herself.

And what is also happening is that many are buying into the distractions and the untruths....

And so it has been hijacked, dear One. The attitudes of many involved have been covetous and not just covetous of money, which is egregious and not the purpose of this redesign, but covetous of power to manipulate, not only societies, but people's minds and hearts.

So there is much untruth on all sides. We have told you, Michael has told you, to be very discerning, sweet One, in what you buy as truth. Always be the truth seeker that you are and dig deeper.

That is what is transpiring.

St Germaine via Goldenlight: On the RV and GCR – You are All One and Manifesting This Positive Reality and Global Prosperity in the NOW

May 10, 2014

<https://goldenageofgaia.com/2014/05/10/st-germaine-on-the-rv-and-gcr-you-are-all-one-and-manifesting-this-positive-reality-and-global-prosperity-in-the-now/>

St Germaine: On the RV and GCR - You are All One and Manifesting this Positive Reality and Global Prosperity in the NOW, as received by Goldenlight, May 8, 2014 - <https://tinyurl.com/mm2xntw>

GoldenLight: *Good morning St Germaine, I'm picking up on something you are saying...*

St Germaine: Yes I was explaining how this RV and GCR is a collective manifestation being created by all who are participating in it.. You have the greed coalition who wants to delay it and is making interest on the money loaded into the banks by the Chinese Dragon families to pay for the RV...and who want to keep the fiat currency FRN in circulation as it furthers their agendas...

Then you have the WHITE HATS who are in charge of getting this asset-backed TRN loaded and ready for rollout, and who are making sure everything is signed

off on and in place for the RV of the IQD/IQN and the RV of the VND/VNN, as well as supporting all the other components of the GCR which will create a more prosperous world for everyone.

Then there are the people who are in charge of the final rollout of this RV who are straddling the fence and trying to appease both sides and this is a challenging proposition to say the least.

The tipping point comes from the mass consciousness of the now ELEVEN MILLION Iraqi Dinar holders who have invested in this and who are going to be benefiting from this RV substantially.

Mass consciousness is like a wave that can turn the tide... And can influence history and key events. If the consciousness of these millions of people is focused on this prosperity being released, then they will sway reality so to speak to bring about the reality they are focusing upon. **THOUGHTS CREATE REALITY.**

And even though this happens more slowly here in the third dimension than in the higher dimensions, it **STILL OCCURS**. Whatever you focus on grows.. Whatever you think about eventually manifests in your reality.

This is also tied into **FEELINGS**. So if you are feeling wonderful while thinking about something strongly, it is more likely to manifest. Or, if you are focusing on something negative happening, like the RV being delayed, and feeling very upset and discouraged about it, then that reality will begin to manifest. If you are vacillating between the two thoughts, then a kind of intermediate reality will occur wherein nothing really ever manifests, you just get the vacillating emotions alternating between the two realities.

This is currently where the majority of the millions of investors are finding themselves, in this in-between reality wherein the positive reality desired is not manifesting due to the vacillating between the two thoughts of it happening/not happening. Millions are stuck in this mindset. There are parallel realities too where each of the options have occurred (RV has happened and RV has never happened), but this is an advanced concept which we won't go into right now.

The way out this vacillating reality and the key here is to **KNOW IN YOUR HEARTS** that this RV has manifested and that you are all taking part in it.

It is also important to focus on the prosperity this will bring to help humanity as a whole rather than service to self as this entire RV and GCR is a part of the paradigm change for your planet.

It is an integral part of the world-wide shift away from financial and emotional slavery and towards a financially abundant and prosperous **GLOBAL SOCIETY** wherein the beings on your planet are in tune with the Law of One which states that you are all one large part of the All, the One, the Source Creator. The belief in separation is a part of the old paradigm of greed, slavery, war, service to self, poverty and the like. The belief in the All or the One is that you are each a part of the Whole, working together for group harmony, prosperity, abundance, equality and joy.

So you see the two factions fighting for this RV to happen are really the two factions that can exist within each person. As within, so without. This entire process is a reflection of the process within each person, the process wherein we

choose to believe in separation and service to self, or in oneness and unity and service to all.

As soon as the majority of mass consciousness begins to focus exclusively and in a sustained unwavering manner on oneness, unity, harmony, abundance and prosperity, this RV will manifest. The PTB know this, which is why they plant misinfo on many of the blog sites to discourage people from believing in this, to discourage them and cause doubt, to bring forth negative information that this will never happen. So then as people begin to read this they stop manifesting its positive creation and the process stops manifesting.

YOU are in charge of this positive manifestation of abundance and wealth. YOU are the ones who can begin to create a world based on unity harmony and the principles of Oneness. YOU are in charge of whether this RV manifests or not.

Turn away from false information, turn within and begin to manifest this collectively in a strong way. **ELEVEN MILLION PEOPLE FOCUSING ON THE MANIFESTATION OF THIS GLOBAL PROSPERITY WILL BRING IT FORTH INTO YOUR REALITY IN THE BLINK OF AN EYE.**

Take the rest of this week and whenever you have a moment to think about it, see it all happening in your mind's eye and feel the joy and love being created as hundreds of millions of people are released from financial slavery, as the eleven million dinar holders will multiply their prosperity outwards in turn each helping hundreds of people; and the group humanitarian programs will begin to manifest as everyone focuses on helping the world via this prosperity. You have the strength and power to manifest this all in the NOW time.

You were bestowed with all the creationary powers of Source Creator. You are an Emanation of Source Creator. You ARE Source Creator expressing itself! We all are! Use these creationary powers wisely. Use them now to create the reality you want. Focus on the good feelings of having this occur for ALL now. Focus on EVERYONE being happy and abundant.

This is what the song "HAPPY", and all the spin-off videos people are creating, is about. It's about everyone joining together and being happy! You are not powerless victims of others actions or inactions. You are powerful Creator Beings totally unaware of the scope of your power. Use this power NOW to create this reality of

the RV happening NOW by focusing on this reality only. Let all the other conversations and talk drop away and fade into nothingness.

Bring this reality into focus now for everyone on the planet. Focus on the good of the Whole, the All, the One. Let self-serving thoughts drop away and know that another's joy is your joy, another's happiness is your happiness. Then enjoy this new reality that you are creating in the NOW!

Your loving St Germaine

What is the Abundance Program?

Sept. 30, 2010

<https://goldenageofgaia.com/2010/09/30/what-is-the-abundance-program-3/>

Reposted from June 2010

On every front, we see the financial system so finely crafted by the global elite, coming crashing down.

At the same time we see the elite circling the wagons, trying to take advantage of events to increase their wealth or, if not, at least to conserve it. The process is revealing their true colors.

Instead, of seeing to those who are suffering, they are showing themselves solely concerned with their own fortunes. Within nations, they scale back unemployment benefits and pensions. Among nations, they show countries in trouble the door.

In the meantime, those at the very top of the economic pyramid are paid outrageous bonuses. Insider knowledge allows them to sell their stocks before prices fall. Or they are paid huge sums by insurance companies while leaving people affected by their actions broke.

Moreover, they show themselves prepared to use taxpayers dollars to bail out banks and buy needless defence systems ("needless" because they themselves

create the "war on terror"), all of which benefit them, while restricting lending to and spending on ordinary people.

This is not a sustainable system. SaLuSa tells us that this way of doing things has no future. An inequitable economic system such as this is doomed to collapse and be replaced by what he calls the “abundance program.”

In this article, I'd like to restrict my attention to SaLuSa's messages on the subject, although I could have consulted Matthew Ward and Saul as well. But for the sake of simplicity and comprehensibility, I'd like to remain with just the one.

As of March of this year, SaLuSa told us that the world's financial system was teetering on the brink of collapse. But at the same time, he also revealed that a new financial system was ready to replace the old.

“The financial systems of the world are teetering on the brink of collapse and it can be expected because they are no longer adequate or sustainable to overcome your problems. Behind the scenes everything is prepared and in readiness for a new system, and it will be implemented when it is exactly right to introduce you to it.

“It will overcome all of the frailties and drawbacks that devalued the [existing] system in more ways than one. You want stability and what you can appropriately call 'value for money,' and as you know it is to be backed by gold and other precious metals.

“No longer will it be used to serve the greed of the banking fraternity, who will be required to observe a fair and honorable code of practice. There will be no place for the old system, and it will be quickly changed for the good of all.” (1)

One of the features of the old, unsustainable system was that it allowed the financial cabal to print off paper money, reducing the value of people's holdings while shoring up the power of the financial cabal. This practice will end.

“Our allies in many countries are agreed on a plan for a metals-backed currency, and the end of the paper currency that has led you into bankruptcy.

“These are the essential changes to set up a fair system, that will protect your earnings and property from unconstitutional laws. The changes will affect the whole world and that is indeed the intention, so that you are released from unfair systems that include your tax laws. There is at last a glow on the horizon as the Light permeates into every corner of your world.” (2)

The new abundance program, together with other measures the galactics and Spiritual Hierarchy will introduce, will solve all our economic and financial problems. It won't be done immediately but in a short space of time. The solution of our problems will be global in scope.

“When we tell you all of your problems will be solved, we mean that precisely. It cannot be done overnight, but one of the priorities is to organize abundance so that eventually no one is without sustenance.

“Since we observe your whole world we know where the worst cases of poverty and decay exist, where basic needs are not covered and medical services barely exist. We will deal with those urgent problems very quickly, and what we want to see is living standards lifted up.

“The Illuminati have persistently ignored these conditions, and have kept people down deliberately as part of their population cleansing.” (3)

SaLuSa predicts the outcome of the steps that President Obama will take to curb the financial elite.

“You are seeing a firm response by US President Obama to the banking proposals to continue paying grossly inflated bonuses. This will have repercussions across the world, as other countries will be bound to follow suit when presented with the same problem. It is one of the first steps Obama has been able to make that show his resolve to change the financial set up, and the manner in which banks trade. If they try to override his edict, they face the prospect of even more restrictions.

“These are the type of changes that will eventually speed along the abundance program, as the old system is totally unacceptable for such changes to work safely and satisfactorily. It will introduce a fair system that is for everyone’s benefit, and when completed will have lifted everyone up.

“There cannot be the 'haves' and 'have nots' in a society that promotes the aim of equality, and desires to share with all the benefits of your labors. True souls of the Light would have no argument with such changes, and indeed are the very ones that have been promoting them.” (4)

Introduction of the abundance program awaits disclosure: “Disclosure still remains as an important development that must precede the abundance programs.” (5)

“You will see that our intentions are to lead you as soon as possible out of the restrictions imposed upon you, and introduce into your lives all that will quickly improve the quality of it. The abundance program will clearly be a major step forward, but first disclosure must come about and thus allow our open presence on Earth.

“With that, all actions withheld and waiting our interaction with you can begin. You will not have to wait an interminable time to witness these developments, and any further delays will only mean a revision of our plans to ensure a speedier conclusion.” (6)

The galactics cannot be exact about timing: “On a week-to-week basis so much could happen, and it is why we are unable to be more precise about the coming months.” (7)

However, SaLuSa can say that we should see first results before the end of this year: “This year [2010] will be the beginning of many dramatic events, and you will see the plan for abundance and other benefits promised to you taking shape. ... If we were to anticipate where you might be by the end of this year, we would expect to have seen governmental changes and the first signs of the abundance program taking place.” (8)

The new financial system will ease conditions that have led to so much conflict.

“When all are treated fairly and wealth is shared, the need to resort to other means to acquire it becomes unnecessary. Inequality is something you are longer prepared to put up with, and your intent that it shall be changed will manifest the result that will bring it about. Indeed, Dear Ones, with your awakening and growth in consciousness you have realized that what you seek is your right.” (9)

The changeover will be rapid: “Already the foundations are in place for a quick change, where your financial systems are concerned.” (10)

Abundance will dramatically lift the spirits of the population of the world and prepare us to concentrate on Ascension.

“The mood of the people will change dramatically once they are informed of our mission. We offer you release from the thralldom of many centuries of persecution, poverty and wars that have kept you in the control of the dark Ones. That alone will bring joy and hope to those who are still experiencing such conditions, and through the prosperity program will address many current issues. We will be more involved in the bigger ones that have beset your whole world. ...

“The lack of basic requirements that have left the poorer people in shanty towns, without proper facilities or medical care [must be reversed as soon as possible]. We are well aware of the priorities where you are concerned, and regardless of size our vast fleet and personnel can handle them with ease. ...

“You should have been able to advance your standard of living much more than it is now. ...

“The changes will not be imposed for the sake of it, but are part of our plan to bring you the comforts and protection that will lift your experiences to a new level and bring you joy and happiness. Following that you will be in the right frame of mind to apply yourselves to the business of preparing for Ascension. That is the ultimate goal.” (11)

But before that time, we must endure a complete financial collapse, denying the Illuminati their source of power; namely, wealth. This may cause us some anxiety.

“As the old falls away it is understandable that you are concerned, because as yet you cannot see what will take its place. However, the fact that you see the demise of that which has proved inadequate and responsible for your present position means that you will not readily accept a resurrection of the same again. That is clearly desirable, as otherwise there would be a return to the old ways.

“It is planned to advance your civilization so that there is a natural progression to Ascension. That which has been denied you will quickly come into your lives, and provide the answers to the problems that confront you now. We can address all issues so that you take a quantum leap into the New Age.” (12)

SaLuSa assures us that the star nations know and have planned for all eventualities, including the oil spill, which he may have hinted at prior to its occurrence. Here is his update of April 10, 2010:

“We share responsibility for your future just as much as you do, and together we will have no difficulty in getting you prepared for the wonderful and exciting times just ahead. Already you have had sufficient information to understand the nature of them. Clearing away the result of years of pollution is high on our list, and although the size of the task is extremely large, with our technology it will be dealt with in next to no time.

“The environment has to be restored as first measure to lift everyone’s living conditions. Then shall the basic needs of the poorer people be provided for in full measure. Contented people are happy people, and the joys of living will be there for you all to experience.” (13)

This then is what we will be experiencing in the weeks and months ahead. The old system will collapse but be replaced by a new and more equitable arrangement. Everyone's financial needs will be seen to and the changeover will come quickly once the program can be introduced.

There's no need to fear what's happening. Knowing what we know, we can watch the process unfold with certain knowledge that what follows it will be to the satisfaction of all the people of the world.

The Background to the Global Currency Reset or Reval

Feb. 16, 2014

<https://goldenageofgaia.com/abundance-on-financial-wayshowing-and-the-reval/the-reval-itself/the-background-to-the-global-currency-reset-or-reval/>

The Global Currency Reset and the Reval are actually two different events. The Reval refers to the re-valuation of Iraq's currency. The Global Currency Reset refers to a much broader re-valuation of many currencies around the world.

But in the public's mind they've become linked together. I'll be using the terms interchangeably here.

Let's have a look at some of the background to the Reval to see what purposes it serves in the Divine Plan and how the Company of Heaven wishes us to look on it.

When Ashtar spoke of the Re-valuation of currencies, or Reval, in late August 2013, he suggested that it was one way to show that the events being spoken of were real.

“If you look to the outside for tangible evidence for our messages – although we tirelessly stress that you should seek changes within yourselves in the first place – each and every one of you who follow our messages will see the first widespread, tangible proof by noticing the change in your financial affairs, especially with the revaluation of many currencies.

“We are certainly aware that many – if not all of you – have some doubts now and then whether all this is real. And we understand this because of the many changes in the Divine Plan experienced by you throughout your journey.” (1)

The Reval would show many doubters that things are actually occurring, he said.

“This is the reason why the revaluation of many currencies is of such importance. It will show you that everything is for real and not a dream.”
(2)

Sheldan Nidle’s sources spoke next about the event, in early September 2013. They saw it as the clarion call that signalled the end of the cabal’s political and financial rule.

“Until recently the dark cabal’s power was all but omnipotent, but now the point has been reached where it can no longer deny you your sacred destiny! A great prosperity linked to a global revaluation of your various national currencies is ready to happen.

“This grand event is the clarion call which will expel the old governance from power and influence. It will liberate you from your many illegal debt obligations by instigating universal debt forgiveness and this includes your release from any incurred indebtedness to this old governance.

“You are about to inherit not only this divine gift of freedom but also a never-ending supply of prosperity.” (3)

He spoke again a week later about the “grand monetary reset of the world’s currencies” that was about to begin and linked it to “the worldwide distribution of our various prosperity funds.” These two actions would end the cabal’s grip on power.

“Taken together, these two actions will complete the legal operation to swiftly bring down the once-mighty clutch of your illegal governments which have so long browbeaten your world. This feat will result in the termination of global debt enslavement which underpinned your fiat-currency financial system.

“The new hard-currency, prosperity-based system will ensure your freedom and guarantee you your personal sovereignty. Now the bumpy road to full consciousness becomes a clear and open highway!” (4)

Another week later, he said that “the dark cabal’s debt-based economic system is truly ‘on the ropes’ and continues to induce a rate of debt formation that is quite astounding.”

“In effect, it has reached a point where the weight of debt is beginning to gouge into the infrastructure of the system, threatening to rip it asunder, and it has become clear that the dark can no longer hold the center together. It sees the moment approaching when a new system must take over and recognizes that this signals the end of its time at the top.” (5)

He called the Reset “the ‘kick of the mule’ which is to jettison these haughty ones from power.” (6)

At the same time that the cabal was falling, the mass of society was rising, his sources said.

“The dark cabal is losing its wealth while you are gaining yours. Divine purpose is in play. Hence, use these funds wisely and permit your brethren to enjoy the fruits of this new prosperity.

“Realize that a new reality is dawning and reflect on your new fortunes. Be ready, when required, to explain why new governance emerged.” (7)

Most recently, Sheldon's sources gave the following summary of the Reval on Feb. 18, 2014:

"A process will be set in motion to make it possible for a great prosperity to be redistributed to you. Our liaisons are working diligently to explore a most needed set of protocols that will swiftly lead to a global currency reset.

"The currency reset is a natural process to set up a certain level of agreed-upon value between the world’s nations. This is a basis for global trade, and in the end, the start of an operation that is scheduled to lead to a

precious metal-backed monetary system. Included in this reset is the use of new banking regulations such as 'Basel III.'

"This revised structure will expand the distribution of various prosperity packages. The intent is to reform the current system of 'haves' and 'have-nots' and replace it with a worldwide spread of prosperity. The old system of income taxation needs to be revamped. A debt jubilee will be declared and the old corrupt system put to rest.

"This new system will redo the globe's infrastructures and establish a new foundation that takes advantage of now-suppressed technologies. This will later be added to by our off-world devices. Then your world can move out of its present technological dilemma and prepare for a new consciousness." (8)

Moreover, his sources say, the Reval will provide the foundation for the release of the prosperity-program funds and trigger provisions of NESARA. (9)

"The new currencies, the gold backing and new international banking rules will forge the foundation for the release of the two-step prosperity funds. These operations will enforce now-sequestered legislation to bring out the various provisions of 'N.E.S.A.R.A.' These rules will cause a domino-like effect to alter governance and return it to the people. In this milieu, governance will aid the Light and allow formal disclosure to occur. This new environment will also permit us to begin a series of worldwide lessons about your most dearly kept perceptions." (10)

Archangel Michael discussed the Reval in late September 2013. For some people, he said, "I bring you back a year, and for others of you I bring you back a decade, and for some of you a decade and a half. Because many of you have been at this for a very long time." (11)

Was it a scam, he asked? No, it was not.

"Is this a scam? It is a prayer, a promise, a trust and an act of change, not simply an act of faith, but an act, a pro-active movement, of change." (12)

Apparently according to AAM, "humans ... love currency."

“It is an idea. Currency has never been more than a concept and an idea. And it is an idea of abundance for many. Freedom, for food, clean water, housing, play, attending to your community. So you like currency.” (13)

Therefore the Company of Heaven is using currency to transition us out of poverty into abundance and thence into co-creation.

“So why would we, when we have no need for currency, say, ‘Now, you have no need for currency’ when you love it? It is showing you, and it is transitioning you, into a place where currency becomes what it is — an idea.

“And the more you work with this creation of abundance, for many, for all, then the more it becomes your ability to simply create out of thin air. Because that is what you are really doing (14)

So the Reval is intended to be the first illustration that "everything is real and not a dream." It's the first stage of the financial reconstruction that we'll notice and be impacted by. It's meant to be part of a transition from currency to the more developed ways of seeing to our needs that will come with the shift to higher consciousness. And it's the signal for other projects such as the prosperity programs and for many of the provisions of NESARA to begin.

Archangel Michael: The Purpose of the Reval - Part 1/5

Oct. 26, 2016

“Archangel Michael: The Purpose of the Reval - Part 1/5,” Oct. 22, 2016, at <http://goldenageofgaia.com/2016/10/22/archangel-michael-purpose-reval-future-part-15/>

In my reading with him on Oct. 11, 2016 through Linda Dillon, Archangel Michael discussed at length many subjects related to the Reval.

Some are confronting for me to post, but he did indicate that he wanted his comments circulated so I post them.

In this first excerpt, he denies that the Reval is the only occasion we'll have to show what we can do. He restates the Divine Plan for us several times.

Any italics in the text are mine. Copyright Linda Dillon and the Council of Love, Inc., 2016.

Steve Beckow: Am I correct in thinking and saying that this time is the lightworkers' chance to show what we can do before NESARA or Disclosure really

takes the agenda away from us?

Archangel Michael: That is correct. Now let us elaborate on that because I don't think in this instance you are looking for a one-word answer.

Steve: No. Thank you.

AAM: So you say that the agenda - and you are correct and incorrect by the way - can be taken away from you by financial re-gridding [NESARA], by institutional re-gridding, by the presence of your star family [Disclosure] or even the presence of the Masters, some of whom are popping in and out at great regularity.

The purpose of the lightworkers, the purpose in many ways - if we were to make a blanket statement [applicable to] every single person upon the planet at this time - is the fulfilment of the Mother's Plan: The rebirth, the re-anchoring, the recommitment, the reactivation of love, of co-creation, of unity consciousness upon the planet.

That *is* the agenda. And [you are] the implementers, the implementation team, the ones who will bring forth and affect those changes, bring into form those changes are those upon the planet.

Now ... there are many upon the planet who are either stuck, disinterested still, sitting on the fence still, or entirely recalcitrant.

Some of those recalcitrants, as we have mentioned before, are playing magnificent roles in amplifying and exhibiting what needs to be eliminated upon this planet once and for all. So even they are playing their part, shall we say.

The agenda cannot and will not be stolen or overshadowed by these other, what you think of as, [chaotic] events.

The burden, the joy, the gift, the potential of the lightworkers, loveholders, lovebearers - however you think of this, saints and sinners - the opportunity for the shift, for Ascension, for the transition, for the formulation and anchoring, the building of Nova Earth is the purpose particularly at this juncture of the lightworker community. (1)

Now, have you been - many of you - working quietly, silently, behind the scenes,

undercover for a long time? The answer is yes.

Is this a time when lightworkers and loveholders will step forth and demonstrate not only their intention or their ability to hold the love, to be the love, but to demonstrate [love] in action, in form, in reconstitution of your society and all that that entails? This is the job right now of lightworkers.

(Continued in Part 2, tomorrow.)

(Continued from Part 1.)

In my reading with him on Oct. 11, 2016, Archangel Michael discussed at length many subjects related to the Reval.

In this second excerpt, he tells us that this is our time, as Gaians and as lightworkers, to take action to create and build Nova Earth, and to act bringing our totality of being to the action.

While waiting for the Reval, we could be planning. Planning is a necessary action.

Thanks to Linda for our reading and to Dana for our transcript. Any italics in the text are mine. Copyright Linda Dillon and the Council of Love, Inc., 2016.

Archangel Michael: When we have said - and many of us have said this - that this is a time of action, of implementation, of moving forward, we mean it literally. We don't simply mean it esoterically.

We don't simply mean now is the time to take action to clear your vasanas or core issues. We don't simply mean that it is time to decide what your heart desires, although it is.

It is time to bring forth and demonstrate, by the amazing diversity of talents, what you are capable of doing. Not just talking about, not just visioning, not just hoping for, but what you are capable of doing, demonstrably, in form, upon Gaia now.

And even as things shift, and shall we say, become more co-creative, the demonstration first and foremost, the building [of Nova Earth] is the mission and purpose of those who have chosen to incarnate at this time.

Now there have been in the past, and I mean recent past, many talks about different waves: first wave, second wave, etc. Well, there have been many waves, some of you have been aware of [them], some have not and frankly it does not really matter.

The wave that you are in - and might I even co-opt the Mother's term and say the "tsunami" you are in - is a tsunami of doing.

Not doing simply for busy-ness's sake, for to take action without focused clarity and intent in the stillness and the spaciousness of being is meaningless.

But to move in formulation, in action, in doing with that focused intent of understanding and using the talents that you have brought.

And every single being upon this planet at this time has brought the fullness, the totality of their soul's design to the planet. They did not leave anything behind.

So you are well-equipped to take these steps of action, each of you in your own way and it is not an either/or. It is a mosaic and every piece counts.

Now are you among the first to be taking, shall we say, very deliberate actions of change? Well, it will be appearing that way because [your action] will be so obvious. (1)

Now as you and I know, beloved brother, we have been taking actions in building a platform for years (2) and this has been a deliberate, intended action.

But is this - as a blanket statement - time for the lightworker community [as a whole] to demonstrate what they are capable of? The answer is overwhelmingly yes.

Are we supporting you? Yes. Are we close at hand to help you as you need help?

Yes. But are you the human implementers of this plan? The answer is yes.

If you did not want to be part of that implementation you would have stayed and worked with us from this side and there are many who have chosen that direction.

In my reading with him on Oct. 11, 2016 through Linda Dillon, Archangel Michael discussed at length many subjects related to the Reval.

In this third excerpt - at my request - he goes into more detail on the purpose of the Reval, future hydration, structured payouts, etc.

It's confronting to post some of his comments, below, but he indicated that he wants me to.

Thanks to Linda for our reading and to Dana for our transcript. Any italics in the text are mine.

Steve Beckow: Is it correct to say that another facet of the Reval is to give us the practice needed to bring us up to speed to treat (1) with the galactics?

AAM: No, not really. Is that a side benefit? Yes, but that is not the intention.

The galactics have been prepared for this undertaking for a very long time and everything has been put in place for that type of what you are thinking of as treating, for a very long time.

So the ease with which that type of commerce, and we use that in a very generic way, (2) will come to pass, will be actually quite easy.

The purpose of this type of restructuring is [three]fold. (A) For humans to remember their spiritual currency, (B) for humans to begin to have some concrete wherewithal to begin the healing, not only of Gaia (because Gaia is very capable of tending to herself) [but also of the wounds of extended war] and (C) for humans to begin to act like the brilliant angels, masters, and intergalactics that they truly are.

And if you think that you've had periods of peace upon this planet, what I am suggesting to you is that you haven't seen anything yet.

So that is truly the purpose of any reorganization of your financial or societal or political systems. So it isn't as a testing ground or a proving ground for your work with the galactics. That is already in order.

Steve: Is the Reval for the Michelangelo Fund only to get a hand in the game? That is, once the Michelangelo Fund is set up, does it become a pipeline, with flow, so that the initial hydration is not the most important thing?

I'm not going to go with the structured payout (3) but the thought does come up from time to time, "Oh you'd have much more money if you went with the structured payout."

AAM: Let us expand on this as well.

One of the things that we have recommended for you, and it is not that we have a grudge or a - well, we do have a preference, but nevertheless - about the structured payouts is, yes, as you have put it, hydration.

[Michael is referring to an earlier discussion with me in which he said the banks were not yet completely trustworthy, which we all know.]

But it is also about trusting - trusting in the flow.

[From the Company of Heaven.]

Now I would like to suggest to you, and this is not only for you. This is for many who will find themselves in a similar position. (4)

How can you possibly have billions and zillions of dollars and be worried about money? It is beyond absurdity!

Also note that what you are being taught - and there are lessons in this - is not only how to create, to remember how to create and how to co-create money and that is why I always bring you back, my brother, to spiritual currency.

Money is useful, obviously, but it is also an illusion. It has been a construct that has been formulated by those who believed in the abuse of power, control and false authority; to control populations.

As you are learning to create and co-create - remembering how to create and co-create - what you are doing is moving beyond money. Because that [i.e., the power of creating] is truly the way in which masterful beings – let us put it that way – bring about change on every level, including the material.

So is it important that humans – because this is what they're used to working with – have currency to create this healing of the human race and, yes, of soil and water – but that is because they have sullied it as well – and give Gaia a chance to breathe again.

And are you moving past this fantasy that there is lack and limitation in the universe and upon your planet when it is already being demonstrated that there is such abundant wealth in the tangible meaning of the word and the intangible meaning of the word? The answer is yes.

So when you say: Will I be a pipeline? The answer is yes.

Do we want you involved in the nitty-gritty day-to-day? The answer continues to be no.

Steve Beckow: I also don't want to be involved in the nitty-gritty everyday, Lord. We're perfectly agreed there.

(Continued in Part 4.)

Archangel Michael: The Purpose of the Reval - Part 4/5

Oct. 25, 2016

<http://goldenageofgaia.com/2016/10/25/archangel-michael-purpose-reval-future-part-45/>

“Archangel Michael: The Purpose of the Reval - Part 4/5,” Oct. 25, 2016, at <http://goldenageofgaia.com/2016/10/25/archangel-michael-purpose-reval-future-part-45/>

In my reading with him on Oct. 11, 2016, Archangel Michael discussed many subjects at length related to the Reval.

In this fourth excerpt, he stresses how the big projects, like a living wage for every person on the planet, would be done by many groups in cooperation. He encourages multiple efforts from us, based in creative solutions and best thinking.

Addressing ending hunger on the planet, he said it was not just a matter of throwing money at the problem, but that there would also have to be an attitudinal shift.

Thanks to Linda for our reading and to Dana for our transcript. Any italics in the text are mine.

Steve Beckow: I'm trying to gauge what it is realistic for me to think about. If I think about a basic wage for everyone on the planet, an acceptable standard of living, leaving NESARA out of the picture for a moment and thinking only of lightworkers in the Reval, am I dreaming too big? (1)

Archangel Michael: No, but it is important that you realize that this is done in tandem with many.

Steve: Oh yes, indeed, of course. That would be the Lightworkers Congress.

AAM: But there will be many expressions of this approach (2) and that is part of the delight and the diversity in the opening of creation.

There have to be - yes have to be - many expressions of what this freedom looks like, sounds like, feels like, tastes like. So we are not looking, and let us be very clear, the Mother is not looking, for uniformity.

What is - you say for example - a living wage? What one believes they require or desire is different than another. So are we talking about prosperity or availability for all? Yes we are. But how people express that and choose to use their creation energies to express that will be different and that is a good thing.

Steve: Alright. Nations of course differ on what a living wage would be. ...

AAM: That is correct.

Steve: I don't know how to approach that. I don't know how to think about it

AAM: But you are not intended to be the sole mind brought to this question. Steve:

Okay, that makes sense. Indeed.

AAM: We need to emphasize this, time and time again, because this has been, with the best of intentions, some of the difficulties of well-intentioned and poorly-managed, poorly-thought-out strategies of assistance and aid.

This is not about throwing money at a problem - ever. This is about bringing creation and creative solutions that are based in community and unity and best thinking to the forefront.

That is why we say, this is about the expression and utilization of your talents. You are not an economist. You are not a soil engineer. And so everybody has a piece of this and that is part of the building, literally, of a global community.

Steve: I'd like to go over with you how the Lightworkers Congress might go about helping to end hunger on the planet.

Perhaps we could pretend that hunger *was* eliminated and then say how we did it. How are we going to use our Reval funds to end hunger on the planet, Lord? Can you help us?

AAM: Think about it in this way. First of all, let us be very practical. Ending hunger on the planet in its most obvious sense, is assuming that people are having the food and water and subsistence they need to stay alive. That is the most basic.

Now the truth of this is, again, as you've said about incomes, that what one requires varies from culture to culture and from country to country.

Most of the planet's soil has been sullied, polluted, diminished and does not always yield the most nutritious food.

Now when Gaia herself (who is a much more powerful being than has been assumed) begins to realize, when she witnesses that there is a commonality of purpose and desire and action to actually nourish and feed everybody, her own regenerative powers will come into play and she works very closely with us and she works very closely with her star family.

But there is a need also for a shift in consciousness for what is desirable and necessary in terms of nutrition and a change of focus in terms of how that is

extended to all people, equally.

Now we are particularly talking about Western cultures that are used to having far more food than is necessary. Now we do not say that in a way of judgment but in a way of balance.

The waste in the Western side of the hemisphere has been horrendous. So it is an attitudinal shift [that's needed].

This is even before you talk about distribution. There is an attitudinal shift about wanting to ensure that all people are fed. It is very, very basic.

When the desire to ensure that all people are fed is truly in place, then hunger [will be] ended quickly. What has not been in place is the desire to do that.

There have been great examples of throwing money at a problem for profit or to feel good, but that has not addressed the issue of the willingness to share - to share resources, not just money but true resources and to allow Gaia to begin her process of regeneration as well.

So it is not a matter of just setting up shipping systems or international aid. It is the attitudinal shift and there is plenty for everyone.

But this attitude of lack, this attitude in many places of, "I need a full fridge and I dare not miss a meal," is absurd.

So what you're talking about is a shift in consciousness even prior to addressing the practicalities and that is where the efforts are.

The effort is in the education and in the attitudinal sharing of heartfelt information to bring forth these shifts and, when that takes place, everyone is fed.

Archangel Michael: The Purpose of the Reval - Part 5/5

“Archangel Michael: The Purpose of the Reval - Part 5/5,” Oct. 26, 2016, at <http://goldenageofgaia.com/2016/10/26/archangel-michael-purpose-reval-future-part-55/>

In my reading with him on Oct. 11, 2016, Archangel Michael discussed many subjects related to the Reval at length.

In this fifth excerpt, he denies that the large sums being cited for Zims are accurate and says that that would create a new class of haves and have-nots.

He says that the Company of Heaven are willing to tolerate some lightworkers not working out. They're willing to go by way of on-the-job training rather than waiting for us to be completely ready.

Thanks to Linda for our reading and to Dana for our transcript. Any italics in the text are mine.

Steve Beckow: How good a comparison is it to compare the Reval to the Marshall Plan? (1)

Archangel Michael: It has some merit. It has some benefit because what it does is it gives you a historical reference in terms of understanding the rebuilding of societies.

Steve: What are the drawbacks?

AAM: The drawbacks are the historical references to victor and victim, the defeated and those who have been victorious, the feeling of owing versus balance. ...

Steve: I know I ask it every time but what are we waiting for? ...

AAM: You're not waiting. You're preparing. You're in the process and this is like saying some level of planning. You may feel, my beloved friend, that you are well prepared. We cannot say that for others.

Now has the decision been made that we and you - many - will proceed and that there will be many who squander and who are ill-equipped to manage? The answer is yes.

But what we would suggest to you is that this is in process. It is not a matter of delay and waiting.

Steve: In other words, people are doing things to bring this forth. That's what you mean by "this is in process"?

AAM: That is correct.

Steve: You don't mean that "We are waiting a certain amount of time for you guys to pull up your socks."

AAM: No, that's not what we mean. We have waited for you to pull up your socks, as it were. And we do not say that by way of criticism.

But it is a decision that has been made in other arenas as well as your own human arena that it is better to proceed and have, shall we say, some on-the-job training. ...

Steve: Any idea why people are saying really large sums for the Zim?

AAM: They are fantasizing. They are dreaming. They are having grandiose dreams and part of the difficulty with this is also the inflated sense of self-importance and that must not be a guiding principle. ...

Do not forget our purpose and the human purpose of restructuring is not to destroy economies, is not to create mayhem in the streets and that's what these inflated estimations would do.

It would create a new system of haves and have-nots and that is not the purpose of any building of Nova Earth.

There is only one guiding principle and that is the fulfilment of the Mother's dream of love. Anything that would create chaos and more disruption is not of love.

Steve: Is there anything else you the want to say on the subject to lightworkers before I change it?

AAM: No, all we say is, "Be realistic my friends. If you want to see, and I know many of you do, governments topple, [will] that toppling crush the populace? If the answer is yes, redirect your attention."

It is not the way we work. It is not the way your star family works. And it is not the way that you as the doers, the lightworkers are intended to work.

(Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, Oct. 11, 2016.)

The Significance of the Global Currency Reset

July 29, 2013

<https://goldenageofgaia.com/2013/07/29/the-significance-of-the-global-currency-reset/>

The global currency reset looms, as Scott Mowry has so eloquently described. (1) Its date keeps getting set back and everything about it is kept firmly under wraps so we can only guess at the reasons for the postponement. But it's coming nonetheless.

The “reval” (revaluation), as it's called, will create a large number of people becoming “instant millionaires.” This alone is a declaration that the time of corraling wealth for the one percent is over.

The reval is expected to be followed soon after by at least the prosperity packages, which will further dent the elite’s control of wealth. The various steps of Pre-NESARA (for lightworkers) and NESARA (for everyone) are said to follow after that, although no one knows the order or the dates.

The global reset has tremendous significance for me, quite apart from making many people much more prosperous and being an injection back into the economy in ever-widening circles.

For me, it represents the first concrete example that the things we've been reading about and listening to for so long are actually happening.

How did White Cloud describe it? He was talking about Blossom wanting Disclosure but his words apply to us and the reval.

“When so many of you ... are saying please, and when Blossom looks up at the sky, and says please, will you show yourselves, it is not because she does not believe that such a thing can happen. It is not she needs proof. It is for her that when that takes place, in the deepest part of her, she knows then that the Plan is well underway, so to speak, and that is what so many are yearning for.” (2)

When the reval takes place, for me, in the deepest part of myself, I'll know then that the Plan is well underway. Yes, that does sum it up.

With the reval, we'll have passed from a period of “nothing is happening” to a period of “yes, something is definitely happening.” It's a boundary line, a demarcation point. It's the end of seeing nothing and the beginning of seeing something.

Of all the events which have not eventuated or were postponed, this one event has happened and it has global ramifications and was globally organized.

It's the first time since the Harmonic Convergence, I think, that we've organized globally for the sake of goodness.

I cannot remember another time when there was such clear evidence of coordinating to accomplish good. Profit, maybe. Power for sure. But not for the common good.

We don't know what global forces joined together to produce this event. There were plenty of obstacles but there was also plenty of pushback. At some point, when people's lives or the event itself are not at risk, we'll hear the full story.

The reval introduces a new principle. Every discussion of it that I've heard among lightworkers is that a portion of what is earned is designed to be used to better the circumstances of others, whatever that looks like.

It's not intended as a service-to-self proposition, although it has that component, but it also has a component of service to others, at least for me and I expect for many lightworkers who participated in the reval as well.

I feel totally invigorated by the thought of the reval. Even if it didn't happen, I'd still feel buoyed up by the thought that we got this far - together.

So I'm completely happy, confident, and satisfied.

But as White Cloud advised, I'm not going to go into joy in expectation of the event. I'm going to go into joy because joy is who I am.

The Ground is Being Prepared for the Reval

December 10, 2019

<https://goldenageofgaia.com/2019/12/10/the-ground-is-being-prepared-for-the-reval/>

Lebanon challenges the old elites

What's the background against which the Reval is unfolding? What's the view from the vantage point of the Company of Heaven?

Blossom's sources in the Galactic Federation of Light assured us in mid-summer 2019 that rapid change will begin happening soon. It has already begun.

"Things will not be proceeding as normal, Blossom. Anything but ... Far from it. Many who thought they had secured jobs within your media and political stature will be almost immediately removed." (1)

Back in 2014 Saul through John Smallman said the violence would subside in the world if people refused to engage in it, a message similar to what Michael said recently in redirecting the blog. (2)

"If everyone on Earth who is in an environment of violence, hate, and oppression, refused to engage and instead moved away, then the violence would wind down quite rapidly as those willing to fight, or looking for a fight, would find themselves seriously short of opponents." (3)

And Hilarion gave a similar message in the same year, 2014:

"It requires a dedication from those who stand for change, to desire to stand in peace while making a statement and it has become important for these people to not be in reaction to those elements who try to make the whole gathering look violent. It requires awareness and discernment on the part of the peaceful protesters. It requires huge self control of every member of the peaceful gathering." (4)

In 2016, Jesus through John Smallman went into the most detail on the changes we can expect leading up to the Reval. Let me cite him at some length.

"Much is happening in the physical realms that is quite unprecedented. The stability of many of your 'democratic' governments is no longer assured as dissatisfaction with the whole political process among the citizens of these various countries increases. And the elected officials seem either unaware of the situation or are unwilling to address it. ...

"Enormous changes are about to occur that will amaze and shock you as the real agendas of many in positions of power and authority over you are disclosed by disaffected minions and employees. Whistle-blowers are appearing everywhere with information that has been withheld but which should have been in the public domain. As this continues so does people's dissatisfaction and that leads to change. In this case to enormous change!" (5)

He reminds us that "all the disclosures about endemic corruption in high places are happening as a result of humanity's collective decision to awaken from the dream."

"What has lain hidden for so long can no longer be kept hidden, and as more and more of the endemic corruption is exposed it becomes apparent to all sane beings that change is essential. Therefore, change will occur. We have been telling you this for some time now so that you will be ready, and many changes are imminent." (6)

It isn't that the Company of Heaven is being cavalier in its use of terms like "soon" and "imminent," he says.

"It takes time for the importance and inevitability of the forthcoming changes we are talking of to root themselves in your awareness so that you strengthen your collective intent to bring them to fruition.

"That is what has been happening over the last few years as more and more people have become aware of the corruption and dishonesty that is endemic worldwide within the governments, international corporations, large banks, and global industrial behemoths, that those who run them have consistently told you are honest and trustworthy. You now know that this is not the case, and you very recently made the collective decision to dissolve the old system so that a new and incorruptible one that benefits all of humanity can be constructed to replace it." (7)

The economy based on endless war is about to change, he tells us.

"As you well know, war is the business of large industrial corporations and the banks that fund them and they make fortunes from the suffering of the masses. That is to change. Small groups of inordinately wealthy, influential, and powerful people have been in control of global economics and politics for far too long, and their reign is coming to an abrupt end.

"Much of the strife that is presently ongoing across the planet is as a result of their last-ditch attempts to maintain their positions of power by causing conflicts and intense suffering in as many places as possible to create fear on a vast scale. They then hope to militarize even more of the world so that they can lock it down and continue to control you. They will not succeed!" (8)

Meanwhile the spiritual realms are well aware of our frustration from waiting.

"Here in the spiritual realms we are well aware of the frustration you are experiencing as you wait expectantly for the promised changes that will establish peace on Earth, and food, shelter, and security for all on the planet.

"Humanity has set the collective intent for these changes to occur, and therefore they will. Truly the power of your collective intent is immense. You have chosen collectively to awaken, and so you will. You are already

in the process of doing so, and there is not the slightest possibility of you changing your minds or reversing your awakening process. What you have collectively chosen to achieve is unstoppable." (9)

Here we are in 2019 and we certainly see large segments of the population refusing to countenance pedophilia in Britain, Australia, and America, anti-labor laws in France, indigenous genocide in Canada, and rape and murder in India. The Prime Minister of Israel, who once said that he controlled the Congress of the United States, is facing allegations of bribery. Lebanon, Iraq, Iran, Bolivia and Colombia are awakening and rising up. On and on the list of significant actions and major protests goes.

The ground is being prepared for the safe release of funds through the Reval.

We'll Soon Have the Tools. Now What Do We Do?

July 5, 2016

<https://goldenageofgaia.com/2016/07/05/well-soon-tools-now/>

Credit: www.zameen.com

Imagine you're looking out on a European city after the war.

You look at it, partially-destroyed, and wonder: What do we do? Where do we begin?

Planet Earth is our city and it's been levelled by forces of darkness, for millennia. Its economy has been taken over. The populace (the 99%) have watched as their share of the national income has shrunk and gone to the elite (the 1%).

Living standards have fallen, perhaps planet-wide. Pension plans no longer exist for the masses. Medical care is beyond the reach of many. Large numbers live on welfare and other forms of relief.

Meanwhile Gaia's habitat has been used as a dumping ground for plastics, toxins, chemtrails, and nuclear waste. Its species have been hunted to extinction or killed off by the toxification of the environment.

Hunger is common on the planet. Drought. Homelessness. Slavery still exists (sexual slavery). In some countries, the situation of women and children is miserable.

And here we lightworkers are. We asked for the tools and said we'd finish the job. We asked to be given the money to get to work and soon we'll have it.

And when we have the tools, what exactly is the job? And where do we start?

Poof, who was a commentator years ago before he transitioned, said recently: "The needs of the masses are overriding all else." (1)

What might he mean? Is there a chance that we could come together and attack hunger on a global scale? Drought? Homelessness? Is such an outcome possible? If it were, how would it be accomplished? And who will do it?

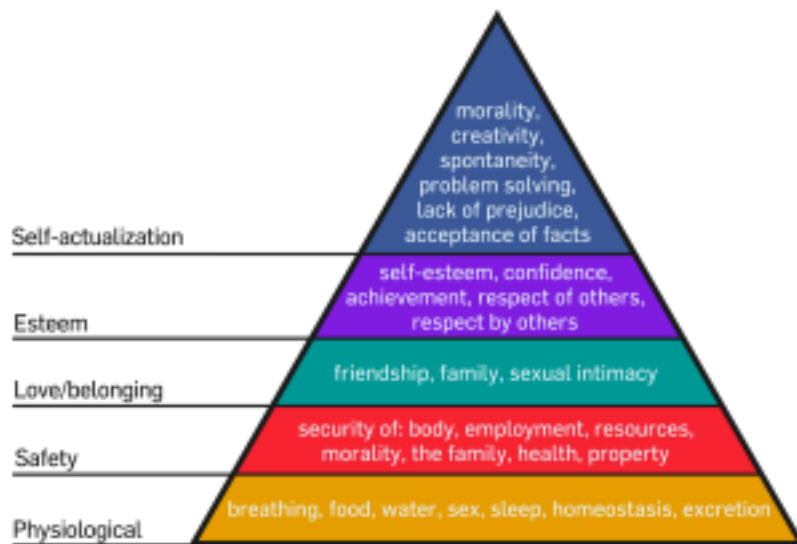

Can we create a universal medicare plan that doesn't depend on where on Earth you are? And can we build hospitals and medical clinics in all nations that meet global health standards, free and open to all?

Can we give the children the education they deserve, one that fits their exceptional backgrounds? Can we build resources for the family, such as museums, recreational parks, libraries, etc., offering them the truth of their history?

Remember: Everything we do creates employment. In the old paradigm, that was a bad thing. In the new paradigm, it's a very good thing.

By the accounts I've heard and read, we on the planet - the St. Germaine Trust, the Chinese elders, the European Royals and others - have the gold and money to do these things and more. There's no shortage of either. There has only been - shall we say - a problem with distribution? I think the Reval is the first step in fixing that.

What's next? What would Abraham Maslow say?

After people are housed, fed, and healed, our attention could go to creating satisfying employment for everyone. Then free education for anyone in whatever field they wish. And funding for artists, scientists and inventors. Every avenue, every outlet of creativity and humanitarian endeavor could be "hydrated" in what could only be, I think, an explosion of light on the planet.

I think that's what the Reval was intended to do: Allow lightworkers to kick off the celebrations. Allow them to channel money to every form of creative endeavor or humanitarian initiative that can be found. What could be more reassuring to terrestrials than an explosion of sudden wealth used in socially responsible and beneficial ways? And wouldn't this be a wonderful precursor of something even more spectacular, like Disclosure? (3)

Archangel Michael implies as much here: "There are precursors to other events that make acceptance of those shifts more palatable, more acceptable, more easily implemented." (2)

I believe the Reval is a precursor either to Disclosure directly or else to NESARA (4) first and then Disclosure.

Money isn't the only resource that'll soon be available to us. Inventions like replicators (5) and free-energy devices (6) will revolutionize our lives, reducing our need for money.

I'll let you extrapolate from the rest of what Maslow says, going up his pyramid to Self-actualization (read: Ascension).

He was one person who was able to see the whole puzzle, the big picture. We need people now who can see the big picture from today's vantage point and feel what the new world will be like, people who approach their task out of love and seek no - what Archangel Michael calls - "profile" from serving. (7)

Profile = A need for ego stroking, recognition, being hailed as the hero, plus a self-serving retelling of events. Third-Dimensional image management. No future for this in a world of love and truth.

We need people who've satisfied their ego needs and gone beyond them to the realm of much deeper, soul-inspired, service-to-others creativity. We're creative in numberless ways. How you're creative is how you're creative. I wouldn't have it any other way.

This is our opportunity to begin planning, conceptualizing, discussing among ourselves what we're going to do when the tools arrive. This is our time of preparation for the main event. Or, rather, events. (8)

(3) Disclosure refers to breaking the embargo of the truth of the extraterrestrial situation. The truth is that we've been visited for millennia, were brought here in the first place by star civilizations, and have been saved from planetary destruction (Examples are: From omnicidal depleted uranium in the atmosphere and from nuclear explosions foiled and wars averted) a number of times by them.

(4) NESARA stands for "National Economic Security and Reformation Act," passed by the American Congress in the year 2000. NESARA has far-reaching implications for governance, the economy and many other areas of life. It was due to be proclaimed on Sept. 11, 2001 at 10:00 a.m. from the World Trade Center.

Instead at 9:00 a.m., the cabal blew up the WTC and stymied the attempt to proclaim it.

(5) A replicator is a thought-controlled device that can manifest what people desire. "You will have Replicators – you will have various pieces of equipment." ("Transcript: Heavenly Blessings ~ Commander Ashira Returns for a Further Discussion on Galactic Life," channeled by Linda Dillon, March 25, 2014, at <https://goldenageofgaia.com/2014/03/30/transcript-heavenly-blessings-commander-ashira-returns-for-a-further-discussion-on-galactic-life-march-25-2014/>.)

"Various technologies as well are ready to be introduced, which end the days of money. This money-less society is to emphasize the rise of the replicator. These technologies are to free you from the numerous forms of debt slavery now prevalent on this world." (Sheldan Nidle, Spiritual Hierarchy and Galactic Federation, Mar. 3, 2015.)

"Now, you have had discussions with your star brothers and sisters about replicators, so simply know that in the divine realm we do not need any toys or machineries; it is simply done as an act of divine will." (6) Free-energy devices draw on the unlimited energy or power of the Void. Prototypes for a number of free-energy devices are allegedly already being created. The U.S. military has had free-energy devices since at least the 1950s.

(7) "There are many light workers still who say that they are completely committed but to some extent, ... they are engaged in drama or [act out of] their own need for profile." ("Archangel Michael Raises the Bar" at <https://goldenageofgaia.com/2015/09/18/archangel-michael-raises-the-bar/>)

(8) "Often we have said to thee, in reference to what many have termed 'the Event' that it would be a series of events. These events - whether they have been acknowledged or recognized, it doesn't matter - have been occurring over the past several years. But in this dramatic shift, in this extraordinary shift, what happens is

the series of events is almost like what you call a domino effect". (Archangel Michael in a personal reading, *ibid.*)

Archangel Michael: Dream Big

Jan. 14, 2017

<http://goldenageofgaia.com/2017/01/14/archangel-michael-dreaming-big/>

My readings with Archangel Michael produce more and more information which I'm sure he wants me to share.

These extracts are from a personal reading through Linda Dillon, Jan. 3, 2017.

Steve: So now, dreaming big: The barrier I hit in dreaming big is that it costs money to fulfil those dreams and so I continually pull back and say, "Well, the money is not around for that so if you talk about it, it's going to just get people excited and there aren't the means to carry through."

Do you want to help me with that?

Archangel Michael: When I ask you to dream big, first of all, I did not say dream big and talk about it.

I am teasing you but I am not teasing you.

So first comes the dream and it is important that it be for your sacred self, for your human self, for your masculine self and for you as a steward for humanity.

And increasingly what you are coming to understand - what you've always understood to a certain extent - is that there are many places in which those two places do not and will not intersect.

Steve: Big dreams and money? Is that what you're saying?

AAM: No, it is your private dreams, your dreams for the person known as Steve, and the dreams that you have for Nova Earth. They are like two streams. Think of it as a branching of the same river or stream.

Steve: I look and look and look and I don't think that I have that many desires.

AAM: No, you don't. But what you do have, do not abandon. You are seeing in very clear substantive reality how those dreams come forth into physicality. But they come forth by expression of the dream.

Let us use one of our favourite examples, of healing the abuse of women, in terrorizing marital relationships, domestic violence. Make it very specific.

If you have that dream and you never whisper it out loud then it remains internal. The expression, whether it is to the four walls of your home or to the entire planet - and there are appropriate levels of sharing - the expression, the externalization of the dream in speaking and writing, the communication of the dream is part of bringing forth the creation.

So to speak of your desires, whether they are personal or global, is very important.

As you go forth, you have been in a juncture. You have been in a phase where the speaking of dreams, of personal dreams, has been very helpful to yourself and to others particularly those that you are close to.

But for example, when you are in a different position, you will not share so much personal detail because, dearest heart, we have guaranteed that you are protected. Well, sometimes being protected means that you keep quiet. (1)

Steve: Yes, yes, yes, I have to do my part. And it's going to be a challenge, Lord, because sometimes I just want to blurt it out.

AAM: I know.

Steve: What can we do?

AAM: I will muffle you.

Steve: Okay, good! That's what I need.

Footnotes

(1) AAM notes that personal dreams and global dreams may not intersect. But awareness writing and self-censorship are also strange bedfellows. An altogether challenging assignment.

Archangel Michael: A Call to Lightworkers to Unite in Heart

July 22, 2016

I had a reading with Archangel Michael on July 22. A disagreement had arisen and I sought Michael's counsel. He used the occasion to eloquently speak to all lightworkers on the need to end divisiveness and unite in heart.

Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, July 22, 2016.

Archangel Michael: Yes, you are stepping forward, quietly, unobtrusively but

in the clarity of One, into your warrior self. And it is a time for this clarity of the warrior to be very present, not only in you, my beloved brother, but in many.

The Mother's penetration of her legions continues. There is no room for that which is not of honour, truth, kindness and consideration.

This separation in what has been called the lightworker/ loveholder community needs to cease. You are too few. Yes, you are mighty. Yes, you bring forth clarity.

And you have claimed the freedom to step forward, sometimes as participants, sometimes as creators, and sometimes as observers. And of course all three roles are exactly the same. And while we're at it let's throw in stewardship and leadership and wayshower.

You have toiled. You have been persistent. You have been patient. You have been forthright.

You have steadied each other upon this path of righteousness, of discovery, of adventure, of doing upon this planet of Gaia what has never been done before.

While you are mighty, while you are committed, the separation between pathways needs to be healed. I am not talking about individual situations necessarily.

While there is always room, and it is part of the glory of freedom, for different perspectives, opinions, understandings, pathways, adventures, expressions, there is only one truth. Many expressions, many ways of reaching homeward but there is only one truth.

The fiber, the substance, the essence of that truth, is the Mother. (1) Now you know that and what it is, in its very essence, is love. It is from love, this energy, that all is created.

So when there are these separations between lightworkers that are not of love

and not the expression or experience of love, then what you are doing is practising self-defeating behaviours and actions that only diminish you being in clear partnership, not only with us, but with each other.

You are our partners, our boots on the ground. You are the fulfilment of the Mother's dream and the Mother's promise. That can never be achieved by backbiting or naysaying or trying in any way to diminish the work of one another.

So yes, dear Steve, I am using you and this time to speak out and to call out to all lightworkers to unite in heart. Each of you has a very unique pathway, a very unique mission and purpose.

So for example, there are many communicators. Each of you has a different expression and way of getting at it. There are many healers; each of you has a different way of going about it.

The point is, is at the start, the middle, and the finish, the way in which your mission is conducted must be of integrity and love. It must be that quest and that anchoring of peace and truth. That is Nova Being and Nova Earth.

There is room for variation within but that is the foundation and the roof. How you decorate the house is up to you. But it must be decorated in beauty, in wonder, in awe, in humility and in kindness.

So I call to all of you, to unite in purpose not only to passively receive the energies that the Mother and her legions are sending you, but as one force (and I do not mean violence), one mighty wave declaring and living, passively and actively, this truth of love.

You are the wayshowers. You are the pathfinders. You are the pillars and the portals and everything in between. When you stand in that role, when you sit or fly in that role, you are doing your mission and purpose.

You are fulfilling your plan within the Mother's plan.

Let us be clear, you all proceed together as one family of Gaia, as one circle. Repeatedly we have said there is no hierarchy.

You, like us, are all servants of the One. There is no pecking order. It is in equality and unity of heart and love that we proceed together.

So I ask you, I beg you to remember this. Examine where you are standing, sitting, lying and, if you have veered, if you have detoured, come back to your heart where the truth reigns.

It does not need, in any way shape or form, to be a public pronouncement but within your heart, course correct and begin again.

Single Reval or Waves of Abundance

St. Germaine: Prosperity will Flow Like Manna From Heaven

Aug. 12, 2013

<https://goldenageofgaia.com/abundance-on-financial-wayshowing-and-the-reval/the-reval-itself/st-germaine-prosperity-will-flow-like-manna-from-heaven/>

Readers and listeners know that St. Germaine is probably the ascended master that I enjoy and emulate the most. I should be impartial, but I'm not.

I can listen to stories about him all day, even those that are not in the end true! I am constantly on the look-out for new tales of his alchemical prowess and feats of magic, diplomatic initiatives and spiritual utterances.

St. Germaine recalled the work of creating abundance in Atlantis. There, greed and lust for power defeated the masters' plans. He said:

“You saw this in Atlantis, when the riches, yes, of Lemuria and Atlantis, were so remarkable. And I do not simply mean gold. I do not simply mean currency.

“But the richness of the society, of the culture, of the interaction with your star brothers and sisters, the cross-fertilization, the beauty — it was all there. And then again this desire for control, for arrogance, for power, once again destroyed what was clean and beautiful, what was healing.” (1)

He promised that “I will not repeat or help to repeat any errors that have occurred during the time of Atlantis.” (2)

St. Germaine's work on the world prosperity fund now known as the St. Germaine World Trust goes back centuries. He described how he and his brothers planned the abundance program that we shall soon see.

“What we had felt, particularly my dear friend Serapis Bey, but also El Morya and Paul, what we had felt was that if there was an equalization, if this illusion, this dichotomy of have and have-not was eliminated, then the human spirit, the psyche, the ego, in balance would be free to flourish and for the human being and the collective to truly become what has always been the plan and envisioned for this planet, now.

“So we began putting away, not only etherically but actually, money, gold. Treasure was set aside, for you know also as an alchemist, it is very easy to create in this way. Now, we do not often speak of the alchemy and the work that I have done in that realm, and the ability to create the simple energies or codes, but let us just suggest that monies have been set aside.

“This is not a fairy tale. This is not a dream. This has been an undertaking, by myself with friends, of a concrete plan.” (3)

Many people in power tried to steal this treasure but theft was not allowed, he said.

“Now, there have been many attempts to dissolve this Trust, to steal it, to take it away. [laugh] There have been many attempts. But we have many protections throughout the universes, and there are certain things that

simply aren't allowed, regardless of will and free choice. And this type of theft is one of them, because it is a divinely consecrated Trust." (4)

He revealed in 2008 that he warned the cabal of the coming times many centuries ago but they ignored his warnings.

"The ones who have been holding the financial power, you're going to see them desperately trying to get it, trying to take it back, trying to manipulate it. ... Don't feel sorry for them one bit. ... They knew it was coming.

"In the 1500s, in the 1700s and late in the 1900s, we had some, what you would call, very multidimensional, very spiritual, mystical discussions with these groups who have held the power. We showed them what would come. They did not believe it. It caused them to hold on more desperately to the power and now it's here.

"So there is a level at which they knew it was coming." (5)

He confirmed for us that gold has been brought from other planets and even recovered from sunken ships where it was secreted by the cabal. All of it is hidden away until the right time arrives.

Steve Beckow: St. Germaine, there's even talk of gold being brought from other planets. And of course there's the gold that's sunk in battleships.

St. Germaine: Yes.

SB: So there's a lot of gold on this planet. Is that correct?

St. G: There is more gold than you can imagine. And there is certainly more gold — think of it as currency — there is certainly more gold than has been assumed. There are caches of gold that have been placed there all over the grid. And sometimes the gold has been hidden in very plain sight. (6)

He explained that some precious metals brought from the stars have not been discovered here yet.

St. Germaine: And you are correct, and there are also minerals that have been placed upon your planet by your star brothers and sisters that are far

more valuable than gold. They just have not been discovered or detected yet. And that is to come. But that is not part of the Trust that I am speaking of. It is ancillary.

Steve Beckow: All right. And palladium and vanadium I think are two of those metals, are they not?

St. G: Yes, as well as serenium.

SB: Serenium? The last two are metals we haven't discovered yet, I think.

St. G: The last three are metals you haven't discovered. (7)

He tells us that he wants to see prosperity flood this planet.

“I would like to see the floodgates of prosperity opened for you so that all will have everything they need or want. One way or the other this is part of the implementation plan to restore balance and justice upon a parched planet.” (8)

He wants the poor and struggling to know they are loved and valued.

“The person that is living in the ghetto of Chicago and struggling to feed her child and to keep that child safe, with gunshots all around her, needs to know, from our perspective, that she is as worthy as any being on the planet.

“And that when that support, whether it is a bowl of gold on her table, a bowl of money, a check under the door — because we know not everyone has bank accounts — or a bowl of fresh fruit, when this begins it will be literally like manna from heaven, and it will be appreciated because it is coming from a place of love.” (9)

So this is the Holy Brother (sanctus germanus) we'll be speaking to today on *An Hour with an Angel* and his plans to bring prosperity to Earth like manna from heaven.

St. Germaine: Rivers of Gold Will Flow Freely (Excerpt)

Aug. 14, 2023

On this Hour with an Angel, we talked to St. Germaine about the prosperity packages, the global currency reset, and the Indigenous prosperity program.

An Hour with an Angel with St. Germaine, August 12, 2013

Abundance Program

Steve Beckow: Let's leave all that behind now and turn to the abundance program. Can you... you've already talked to us, in November, about certain aspects of the abundance program, so I won't be going over that material again. But could you please give us a synoptic description of the streams of wealth that will go into the abundance program?

St. Germaine.: Now, you are talking about planetary abundance, and you are talking about — and correct me, of course, if I am wrong, for I am always up for a lively discussion — but what you are talking about is various rivers of gold that are flowing quite rapidly all over your globe, all over the planet. And yes, we have spoken extensively in... last November about the various abundance programs, and particularly about the Trust.

But let us review what we are discussing and where we are. And please, dear friend, feel free to interject. We are old friends, and I will not take offense at it. And if I meander, you may interrupt as well.

SB: Okay.

St. G.: I also love to tell a good story!

Let me take you to the caves and the palaces of gold. I wish to repeat to all of you, as a starting point, there is no shortage of abundance on your planet or within the Mother's universe.

The lack of abundance, the lack that you say and know very... what you believe up close and personal, is completely an illusion. Does it feel, smell, taste as if it is real? Yes, of course it does. So I do not say this in any way that is judgmental or critical.

But throughout the ages, through the interplanetary transfers, through the creation, shall we say, alchemically or even by simply setting aside — you have that expression in your society — great wealth has been accumulated.

Now, when you are thinking about the prosperity programs, what you also tend to do is you tend to think of world revolution. And yes, there is an evolution and a revolution in terms of societal structures, and the sharing of wealth — and I mean this is a concrete manner, at this time.

But what you don't often look to, and what I have alluded to back in November is what about the wealth that is directly in front of you? What about the storehouses of gems, of gold, of money, of various things?

So you will also look — and this is an aside — to those areas where there have been storehouses of which you are all aware of wealth that has simply been set aside for a privileged few.

Now, you know, or perhaps some of you don't, I love gems, crystals....

SB: I know that for sure.

St. G.: And I particularly love diamonds.

And I have been known in all my various lives and incarnations to share the amethysts and the diamonds freely.

SB: Can I interrupt for a sec., St. Germaine?

St. G.: Yes.

SB: You left your guests at your dinner parties at the time of, I think it was Louis XVI, you left them diamonds on their place cards, did you not?

St. G.: Yes, I did. It was a good joke!

SB: [laugh] Absolutely!

St. G.: And it was a gift. It wasn't like my friend Louis really needed any of my baubles. But everybody enjoyed it, and everybody was in awe. And in that society, and at that time, there was way too much arrogance. And the sense of awe and the appreciation of beauty had become somewhat jaded.

And so part of my teaching, my presence in being in these societies, was to reawaken that sense of the delightful, and how easy it is to share! So we are having this lesson all over again right now, are we not?

SB: Yes, we are.

St. G.: So, yes. Do not rule out having a diamond left on your plastic placemat.

SB: [laugh] Any time! Well, there's just one other point of interest I'd like to bring up before we turn in depth to the various prosperity programs. And that's that I think the American authorities sunk a lot of wealth in ships, some as deep as the Mariana Trench and some in the Philippines.

Can you tell our listeners how this wealth was recovered? What was the process? Did the galactics go down in their ships and draw this wealth out? Or how was it brought back to the surface?

St. G.: It has not been a difficult process at all. Now, don't forget, we work with energy. Your star brothers and sisters, what you think of as technology is a different use of energy.

And let me be very clear. The Americans aren't the only ones who have, hmm, shall we say, placed for safekeeping money, gold, treasures, under the waters. It has been a practice for hundreds and hundreds, in some cases thousands of years. And it is an open secret above and below.

So it is rather humorous. Now, it is simply, there are many, many space stations that are located actually underneath what you think of as your oceans or large bodies of water. So it is not a matter only of your star brothers and sisters going to recover. But they are already there, and their ability to teleport to various locations is as simple as snapping your fingers. So it is simply not an issue.

The issue is and always has been: Has greed been taken care of? Has that desire for control been taken care of? Is that attitude of lack and limitation in place so that "I'd better hoard" been taken care of?

Because that is really what all this has been about. It has been about hoarding, and believing that, whether you are an individual, a king, a queen or a nation state, that somehow you will be in lack and need and that you will not be attended to.

That is an absurd belief. Yes, I know it is one that has been deeply entrenched, but nevertheless let us call it what it is, and it is absurd.

So, what you are saying is, has the gold, has the gold, has the various riches, have they been recovered? Some has, and some is in the process. But do not worry, dear heart. We know exactly where things are.

SB: Hmm. Well, I won't got into all the gold that's stored in gymnasium-sized buildings and all that. I'm going to leave that.

Prosperity Packages

But I'm going to turn to two streams of wealth that will, I think — if I'm correct — be coming on-line soon. One is the prosperity packages, and one is the wealth that will result from the global currency re-set.

Can we start with the prosperity packages, please, and can you give us an idea of what that is going to bring when it comes on line?

St. G.: I want you to explain to your listeners what you are referring to by the prosperity packages. You will do a far more adequate job than I.

SB: Well, I'm actually not very clear about them, but I know that some people have been contacted by others who are custodians of Prosperity Packages. And these custodians are wanting to get this money out. And the thinking I think is that whoever is gifted with it will then turn around and get it out further. And so this will be the first ripple of wealth.

Now, the Prosperity Programs themselves go under names like Omega and I think Freedom, and they were started quite a ways back as subscription programs, I believe. That's about all I know about them, St. Germaine.

St. G.: Let us suggest to you that there are twelve Prosperity Programs that were started hundreds of years ago. And that the participation in them, which has always been free choice and freedom, has grown and been protected over the centuries.

As you well know, I would include within this my own prosperity program and what you think of as the St. Germaine Trust. But it is one of several.

Those who are participants in the Prosperity Programs have undertaken not just a casual agreement, but a very deep, sacred vow to share the wealth as it has come forward and when the time was nigh, was right. And that is beginning right now.

Now, you know, if you have read my history, that I have been very involved in the Rosicrucians and the Freemasons.

SB: Yes.

St. G.: And it is this type of what you have thought of as secret organization with commitment to high spiritual principles that have been entrusted with this undertaking.

And there have been certain individuals who have come specifically to Earth under the purview of different masters, particularly Sanat Kumara, as well to assist in not only the development of these programs but then the distribution.

So this has not been a fly-by-night operation by any stretch of the imagination.

Now, the crack — and I do mean crack — in the door, or shall we say the bank vault, is beginning to be opened. And we say “crack” for a very particular reason. The lessons of what we can call the fallen civilizations have made all of us... cautious. We remain observers, but that does not mean we distance ourselves from your need.

But we also come and weigh your ability to discern, to manage, to handle, and to have ridded yourselves of these old false beliefs, what you have called vasanās, what Linda calls false grids — you know what we are speaking of.

SB: Yes, I do.

St. G.: We have opened up the bank vault a crack to allow the monies to start to flow, and many of you have become aware of this. Now, we are not speaking of miniscule amounts. We are talking about wealth that would make many nations' GNP look small.

So it is going to redress the balance of fairness, of equality, of that freedom that I care about all over the planet. But it is not going to happen so rapidly that it throws everybody into a tailspin and makes markets crash and prices soar and people become irrational.

But the beginning — and it is true for all twelve of the programs — has already begun.

And there are many of you out there who have already begun to receive funds.

What to Do if You are a Recipient of Funds

SB: Yes. I'm going to ask you in a moment about the global currency re-set and the re-valuation of the dinar and the dong, but ... and this question I'm about to ask you now really applies to both, but let me leave that question for a moment and just ask you....

There are the custodians who are distributing the prosperity funds to recipients. The recipients who receive them, what are you hoping they will do with those funds?

St. G.: This is a very good question. The first thing I want you to do with your funds is to take care of your sweet self. I want you to eradicate debt, because debt is part of the old grid. It has been the manipulation to such a disgusting degree.

So we eliminate personal debt so that you are not answering, or beholden to anybody — not to a corporation, not to a friend, not to anybody. That is first and foremost.

Then I want you to take care of yourself. So to keep the money to have adequate food and housing. You know I have lived in the caves of the Himalayas, I have lived in the palaces. Both are comforting.

But what I recognize, and what each of you has need while you are in human form to recognize is that sacred space isn't a luxury. It is a requirement of being alive. It is part of the deal that you made with the Mother when you came.

So you take care of what we call foundational issues. And then you begin to create. You share with others, or perhaps you have been gifted with a particular vision that you know very clearly is part of your mission and purpose.

Well, when you have the prosperity and the funds and the vision, inspiration, and the truth to implement this, then go ahead and do so. And then assist others in finding their truth, but also taking care of their debt, their limitation.

So, some of you will be modern day Mother Teresas, and you will feed and clothe and house the poor. And others of you will move into telecommunications. Others of you will move into reorganization of free schools so that education becomes and returns to what it was really intended to be.

But first, beloved ones, let us see the elimination of this illusion of debt.

The Global Currency Reset

SB: Okay. Now, all of what you've just said I believe would apply to people who are experiencing a second wave of prosperity, and that is the people who have bought Iraqi dinar, Vietnamese dong, who are lightworkers who bought it because they want to serve society.

But can you tell our listeners generally what the global currency reset is all about, and perhaps go into a little bit about how it is that the dinar re-valuation was... in... well, how can I say this? — Archangel Michael has told me that some lightworkers have been made aware of this revaluation so they can purchase dinars and then turn around and serve the lightworker community. So can you talk a little bit about the global currency reset, please?

St. G.: You have an expression, I think, that is still in force, and it is called “practical magic.” Now, this, what you are thinking of as a reorganization of financial values has been in the works for a very long time and there are many that have been involved in this issue of dong or dinar, or what have you — currency traders, they are called — for, oh, decades. Some have spent their entire lives simply focusing on this issue.

So this is nothing new. What is new, what has shifted is the coming together of spiritual values with the practicality of what you think of as currency. Now, the history of this — and you know it has been exceptionally rocky! — the history of this has literally been tied also to Archangel Michael’s strategic peace initiative for the globe.

And what we know to be true is when there is equality there is a less, lessened desire to create war and mayhem. Now, we are not saying that fanaticism will go out the window, but we are not funding mayhem and fanaticism.

What we are funding in many ways — not entirely — are many lightworkers who wish, and who have earned — let me be very clear about that; many of those who are receiving this blessing have been doing the work for decades. So it has just been, in some ways, a delayed payment.

Now, what we are also seeing — not hoping; seeing — is as these resets, these re-evaluations of what you think of as currency occurs is that it will bring a lessening to the civil strife that is happening in some of the effected countries.

So, for example, right now you have a great deal of civil unrest, and might we say on the verge of war, or civil war, in Iraq. What we are hoping for and what we were expecting to see is that this will have a tendency to stabilize not only the lightworker community — because when a collective comes together and realizes

that they have been acknowledged by the world's financial community as having value, it changes the mindset.

So, the sense of desperation begins to dissipate, like smoke. The purpose of so many lightworkers being part of this, what you can think of as one of the golden rivers, is for them to be able, just as I have said, to take care of themselves, their families, their friends, but also to begin to create just what you have outlined in your book, dear heart, a world that works, a world where people are fed. You are not breatharians yet! You are not even vegan yet! So there are many, and we do not judge what you eat. As long as you transmute it, it does not really matter.

But what you are going to do is create clean water — yes, in tandem with your star brothers and sisters. We have said, and when I say “we” I mean the entire Company of Heaven, the Council of Love, the archangels and everybody else have said, as this begins — and we tell you it has begun; the bank vault has been cracked — what happens is the domino effect.

So don't simply be looking to one arena. And don't simply be waiting for money to land in your lap. You are doing your work. You have been doing your work.

As Michael has beckoned to you last weekend, please begin to let those who are feeling that need is something that is part of their lives, let go of that illusion! And let the abundance — and when we say “abundance” we mean it in every sense of the word — let the abundance flow.

Indigenous Prosperity

SB: All right. Thank you for that. Now, one special group is also receiving Prosperity Packages and Programs, and that is the indigenous populations of the world, and in some cases I believe land is going to be returned to them.

Can you discuss this side of the golden rivers, as you've called them?

St. G.: Yes, because it is an equalization. Think of this as an equalization process that, as I have said, has been in planning, in formulation and in saving for hundreds and hundreds and hundreds of years.

So, think of it. When those lands were stolen — we cannot really pretend otherwise; and I know because I was Christopher Columbus — when those lands

were taken, there was also an understanding that there would need to be a balance reset at one point.

Now, much water has passed under that boat and bridge. We cannot, nor is it desirable, to bring things back to the way they were. No! It is about bringing the future into your now.

So we are not suggesting, for example, that all the cities will be razed and that people will go and live in tipis. Because most people would not choose to. Now, if you wish to, that is absolutely fine, and your choice.

No, it is returning to the indigenous peoples — all over the world, by the way — the ability to create the societies and the communities that they desire, according to the traditions and the values that they choose. Because that is freedom. It is not the adding on that you will behave in a certain way, and therefore you will be blessed.

Your freedom is already etched within you. You already know. And then it simply gives you the capacity — and we aren't just talking about money when we talk about capacity — it gives you the capacity to proceed in the direction that you choose.

General Abundance

SB: There will be many people listening to this who may say to themselves, “Well, I’m not a recipient of the Prosperity Packages. And I didn’t buy Iraqi dinar. When am I going to start realizing abundance?” What is your answer to them, St. Germaine?

St. G.: Perhaps you just don’t know what you wrote on the walls of your heart and in your sacred plan of unfoldment of your plan within the plan. Now, I do not say that in a way that is dismissive or derogatory. I do not see written on the walls of any of your hearts the desire to live in lack, in limitation, to live without. That would be absurd. And what you are doing is you are moving from a reality that in many way the illusions made no sense. Your common sense and what exists — they do not mesh in any way.

So what I say to you, dear heart, it doesn’t matter if your role, your mission and purpose has not been to dinar or dong or French currency — which I am

preferential to — it does not matter if you have not been participating in a prosperity program. That does not mean that you will not be a recipient of that abundance. The whole idea is sharing.

When you share, when you have that diamond on your plastic placemat, you don't feel the need to get a gun and go rob a bank. You don't feel the need to feel badly about yourself because you can't send your child to swimming camp, or you can't buy enough bread, or you can't pay the mortgage.

When you have enough, and all of you have come here with the agreement intact that you would have enough, that you would ... some of you would experience lack so that when it occurred you would boot it to the curb! So, you say, "But, Germaine, when?"

And what I say to you is what you hate to hear, is very, very, very soon. This flow-through is going to be rapid.

President Barack Obama

SB: That's very comforting, St. Germaine. Now, President Obama, even from some of the people who are speaking as if they know about the new Prosperity Programs, and the global reset, they're still talking about President Obama as if he's going to go on a very long vacation, as if he's a black hat, et cetera.

What has President Obama's role been in the whole structuring and delivering of the Prosperity Programs, please?

St. G.: Now, you know that I love this nation of the United States of America. And between you and me, my friend, I am also very partial to Canada as well. It is the country of freedom.

Do you think in the Mother's plan, at this time and juncture and point of transition, that she has placed somebody that is not aware, or filled, seen and unseen, with beings like me, with Archangel Michael, particularly, with Sanat Kumara, with legions of angels, with star beings and brothers...? Has this one waffled at times? Yes. And that is a human experience. That is an angelic star being having a human experience.

This one is not dark of heart. Quite the contrary. He has been entrusted to this position so that he can help his people climb out of this hole that he has witnessed up close and personally.

Chinese Elders or White Dragons

SB: All right. One of the very mysterious players in all this are the Chinese Elders or the White Dragons. What can you tell us about the Elders? What can you tell us about their role in all this, what role they're serving at the present time, and their influence on events, please?

St. G.: Well, I will not say too much about the White Dragons, because they would not appreciate it!

SB: Okay.

St. G.: But let me use this analogy. The power of water, of a tiny drop of water on the rock forming a hole, the water going silently into tributaries This has been the role of the Chinese Elders. They have moved like the silent water, and they have done so in secrecy, in full awareness of their mission and purpose.

Now, know that we differentiate between what one would think of as the governance of China and the White Dragons. It is not that there cannot be cooperation — and there is; but it is not the governance.

These are elders, much like the indigenous elders, who have held the dream, and in growing the wealth and knowing that the time would come when their responsibility to take care of the world would come forward.

They are the movers and shakers. They are the pattern dwellers behind the scenes.

The Divine Qualities of an Abundance Custodian

SB: All right. Well, that's certainly something to look forward to. In the time remaining, could you give us a discussion, a word picture, of the divine qualities that will come into play around the successful and useful handling of money, handling of prosperity?

Can you give us a picture of the person that you want to see emerge in all of us that takes this prosperity and successfully uses it in the way that the Company of Heaven and the Council of Love have wanted it to be used, please, and the Divine Mother?

St. G.: I would be pleased to, and I am honored to do so. And I am not painting a picture of an individual who does not know how to have fun, because, dear hearts, I have taught you how to have fun long ago. So, don't forget it!

SB: No, we won't!

St. G.: Purity. Purity is number one. And it is purity of intention, purity of action, purity of thought. It is a sense of selflessness with regard to the collective, but also regarding yourself. Purity is vitally important and your starting point. If you are feeling any of the whispers of the old grids, then simply let it go and return to your heart of purity.

The second is compassion — yes, even more important than grace or humility. Compassion to see the situations of your next door neighbor, or the nation next door. To see, not with the eyes of, “Let me assume your burden,” but “Let me assist.” “Let me assist give you the tools that you need, that you want, that you select for your freedom journey.” So compassion is very important.

Wisdom. The ability to know, from that place of your heart consciousness, what is desirable, what is... what we would call necessary, and in what balance. You do not give what is not manageable. So you do not give somebody, for example, who has been living on food stamps — God bless them! — you do not give them a million dollars and say, “Good luck.” You give them the wisdom tools, the supports, the infrastructure for them to manage and to grow into the knowing, the wisdom of how to deal with prosperity.

Prudence. That is the balance in all things. It is the balance to know when to extend, when to stay still, when to withdraw.

So these are the primary qualities that I would ask you to bring forth, and that you already have. So let them flow like the golden river, and do not forget, my beloved ones. Please, use my violet flame. Allow the torch of freedom to be held high and

declare it, this day and every day, your deservingness to receive and then to share, to give with your hearts.

Farewell.

SB: Thank you very much, St. Germaine. Farewell.

A Single Reval or Waves of Abundance?

Oct. 2, 2022

<https://goldenageofgaia.com/2022/10/02/a-single-reval-or-waves-of-abundance/>

A Single Reval or Waves of Abundance?

Did you think we'd just have the Reval and that'd be the end of it?

No, apparently the Reval is just the start.

However we think of abundance, there's more to it than just the Reval.

Let's start with the the Divine Mother's revelation that there'll be more than one wave of abundance over time.

"That is why we have also said (this is an aside), there will be several waves of abundance. So we give you the allowance and we see how you do." (1)

Some allowance.

Now let's add another component that just got expanded: Archangel Michael has said there'll be more than one prosperity package over time:

Steve: Will [my prosperity package] be delivered by FedEx or will it to show up as increased digits on my bank account?

Archangel Michael: It will be both, actually.

Steve: How is that possible?

AAM: Because it is more than one payment. (2)

So there are two indications that there's more to the Reval than meets the eye.

I remember when Linda observed gold being brought to the Neptune from other places in the universe and then being flown down to Earth, perhaps two years ago.

I asked him to go over the various sources with me.

Archangel Michael: It will come from a variety of sources. ... There is a great deal of wealth, not only upon your planet but off planet. (3)

Did he say off-planet wealth? My appetite was definitely whetted.

Steve: I want to have more understanding of where the inflow of money is coming from. Some of its coming from the Chinese elders. That's correct, right?

Archangel Michael: Yes.

Steve: ... And some from the prosperity packages?

AAM: Yes.

Steve: ... Some from sequestered illuminati money?

AAM: Yes. ...

Steve: ... From historical assets [historical bonds]?

AAM: Yes.

Steve: ... Off-planet gold?

AAM: Yes. (4)

Not only off-planet gold, but the galactics will retrieve treasure ships, some accidentally sunk and others sunk on purpose. Rumors of miles and miles of gold bars retrieved from underneath the Vatican in a tunnel running from there to Jerusalem.

The list goes on and on of the amount of wealth that will be available for rebuilding us and the Earth.

I later also discover that there'll be galactic funds for humans who participate jointly with them on projects:

"If in your spiritual maturity, you go forth, and we believe you will (we strongly believe you will), [in the belief] that this unfoldment is underway and that you are demonstrating, not simply a primitive attitude or a tribal attitude but more of a global, universal attitude, then you are ready to not only meet with your star family but participate with them, their technology, their gifts, in community, to go forth in the next phase in the building of Nova Earth." (5)

On another occasion, in a reading with Kathleen, he gave more details.

"The Galactics have no shortage of money and so there will be some very massive projects and the funds will be made available but they will really ask for human leadership in order to be not be seen as trying in any way to assume control." (6)

Keep in mind that I won't be the only person serving in this role. Back when we called a pipeline a "funder," he said:

Archangel Michael: Will you receive your funding. The answer is yes. Are you the only funder? No. (7)

On another occasion he acknowledged that there would be other pipelines:

Archangel Michael: The provisions will come from a variety of sources and, yes, we will use you and some [other] human beings to help deliver [it] but that doesn't mean it does not come from the Company of Heaven and the Mother herself. It does. (8)

Yes, she uses vehicles and that is the way it is set up. That is part of the plan, for people to learn how to be generous without condition. (9)

All of us serving in this capacity or another after the Reval will be learning "how to be generous without condition."

I asked him about the relationship among these programs and he confirmed their connection:

AAM: Understand, they are all united so, when we speak of the Revaluation, we are speaking of a continuum of which this aspect of Reval is one. So it is not one or the other. It is tied into the restructuring of systems. ...

We are talking about the restructuring of humanity. Because, as you are doing that reprogramming, deprogramming, reboot, it is not about this or that system or structure. ...

Now, does that mean those systems that are rather, shall we say, tyrannical and unethical will simply suddenly become loving and kind, considerate? No, first it is the restructuring of humanity. (10)

The restructuring of humanity. We'll not only be a human race, but a humane race.

I hope this demonstrates that there's an entire panoply of abundance programs primed to begin after the Reval releases the dam.

There'll be wave after wave in the ocean of abundance and river after river emptying into it. We are limited only by how large we can dream and how far we can emerge.

Steve: So our being [poor] is used as a means to get people to open up?

Divine Mother: To express gratitude, generosity, unity and to express what is valuable to them.

Steve: So that is what the spiritual meaning of this is. That we serve that purpose of igniting people's generosity or inspiring it.

Divine Mother: That is correct. You are the catalysts.

Steve: That is what I needed to know. (Divine Mother in a personal reading with Steve Beckow through Linda Dillon, June 7, 2015.)

Abundance Program or Programs? – Part 1/2

June 20, 2020

<https://goldenageofgaia.com/2020/06/20/abundance-program-or-programs-part-1-2/>

I've mentioned before that the Company of Heaven says that the Abundance Program includes more parts than just the Reval.

In this question-and-answer article, I'd like to mention some of these other sources.

Examples of sources I haven't mentioned here are wealth sunk in American warships off the Philippines and funds contributed by the world's elite.

Introducing the Abundance Program

Is there one abundance program or many?

Archangel Michael: Abundance programs, plural. (1)

AAM: There will be other sources of funding [than just the Reval]. (2)

AAM: There is a great deal of wealth, not only upon your planet but off planet. (3)

AAM: Understand, [the programs] are all united so, when we speak of the Revaluation, we are speaking of a continuum of which this aspect of Reval is one. So it is not one or the other. (4)

Can we look at some of these sources please? Is some money coming from the Chinese elders?

AAM: It will come from a variety of sources. (5)

But some of it is coming from the Chinese elders. Is that correct?

AAM: Yes. (6)

Will wealth come in from historical assets (bonds)?

AAM: Yes. (7)

Will the Illuminati's fortunes be put into circulation?

Matthew Ward: The Illuminati's illegally and immorally garnered fortunes will be put into circulation. (8)

Council of Angels and Pleiadian Council: Yes, the [Illuminati] wealth is going to be redistributed. (9)

Will the galactics be contributing to the Abundance Program?

The Galactics have no shortage of money and so there will be some very massive projects and the funds will be made available but they will really ask for human leadership in order to not be seen as trying in any way to assume control. (10)

I ask because I remember hearing that shiploads of gold had arrived on the Neptune to be shipped to Earth.

AAM: The channel has shared with you about how we have returned to Earth shipload after shipload after shipload of gold and that was to anchor this Re-evaluation and St. Germaine's blessings basically. (11)

AAM: So yes, those transfers have mostly been made and made about a year ago. (12)

That is what the off-planet people contribute right - gold?

AAM: Well, gold is what is being formulated in the other distant planets and even star systems. Gold is a universal currency and it certainly has value upon this planet of Gaia. (13)

Is everything - Reval, historical assets, prosperity packages, etc. - going to be released at once? Or will the humanitarian projects [individuals] and the private groups go first?

AAM: The humanitarian projects and the private groups are going first.

The prosperity funds of St. Germain, etc. are already in the dispersal mode and those will also go to more humanitarian projects. They do not go to private groups.

So it is to ensure that those who have committed in a public or a quasi-public way to their desire of what they wish to do with the funds, and who have taken time to at least begin to formulate what this looks like will be considered first. (14)

Abundance Program or Programs? – Part 2/2

June 21, 2020

<https://goldenageofgaia.com/2020/06/21/abundance-program-or-programs-part-2-2/>

(Concluded from Part 1, yesterday.)

Prosperity Packages

Speaking of the prosperity packages, I'd like to look at them separately. Some folks have already received theirs, have they not?

Archangel Michael: There are beings that have received funds from various prosperity programs. Most of them have agreed not to share this information. (1)

Will our prosperity package be delivered by FedEx or will it show up as increased digits on my bank account?

AAM: It will be both, actually.

How is that possible?

AAM: Because it is more than one payment. (2)

AAM: [Delivery] will be in a whole variety of ways. Some will receive a letter; some will receive a phone call; some will simply find money in their accounts. (3)

And some have been distributed. Is that true?

AAM in mid-2015: Some have been released and some are underway. (4)

AAM in late 2015: That is why it is coming in waves. It is coming to those who are prepared. (5)

AAM in 2019: Correct. Yes. (6)

What of the Future?

Will there be one wave of abundance or many waves?

AAM: There will be several waves of abundance. So we give you the allowance and we see how you do.

If in your spiritual maturity, you go forth, and we believe you will (we strongly believe you will), [in the belief] that this unfoldment is underway and that you are demonstrating, not simply a primitive attitude or a tribal attitude but more of a global, universal attitude, then you are ready to not only meet with your star family but participate with them, their technology, their gifts, in community, to go forth in the next phase in the building of Nova Earth. (7)

What can we expect once the flow of money starts?

AAM: You [will be] given enormous, enormous sums of money. (8)

St. Germaine: I ask you to be prepared today, tomorrow, the next day, because once the flow begins, the world does not stop. Do you think the Mother creates and then stops? No. Well, neither do we.

It is the universal source or ATM. It does not run out. And you have need to reset your thinking, which means resetting your heart to receive and give, and receive and give, because it is the constant motion, with the explosion and implosion of creation in between. That is where you are going. (9)

What if things drag on seemingly forever?

AAM: In the current amorphous structure - well, amorphous as you know it - [in which] St. Germaine's World Trust is tucked under that umbrella of prosperity

packages, there is also the chance (because it is not written in stone, not even in amethyst), that if things do not go forward at a pace that is desirable for the unfoldment of the Mother, that he will proceed with the disbursement of his funds in a different way. (10)

Abundance Programs Plural?

August 26, 2019

<https://goldenageofgaia.com/2019/08/26/302448/>

We keep thinking in terms of the Reval only.

But what's being planned in the phase of Ascension called Abundance, I'm convinced, is much more than this.

Archangel Michael first raised the point with me in 2013:

Archangel Michael: Let us be very clear. This plan has been an unfoldment for far too long for money to simply be washed down the drain by decisions that are not beneficial either for yourself or for others and for those who will benefit from the abundance programs, plural. (1)

Excuse me? “Abundance programs, plural”?

He confirmed the matter in 2016:

Steve: Will [my prosperity package] be delivered by FedEx or will it show up as increased digits in my bank account?

AAM: It will be both, actually.

Steve: How is that possible?

AAM: Because it is more than one payment. (2)

On another occasion he came right out and said it:

AAM: There will be more money [than just the Reval]. You [as a planet] are being given enormous, enormous sums of money. And that money will also generate money. (3)

St. Germaine explained that abundance will flow much more copiously than I believe we're anticipating:

St. Germaine: I ask you to be prepared today, tomorrow, the next day, because once the flow begins, the world does not stop. Do you think the Mother creates and then stops? No. Well, neither do we.

It is the universal source or ATM. It does not run out. And you have need to reset your thinking, which means resetting your heart to receive and give, and receive and give, because it is the constant motion, with the explosion and implosion of creation in between. That is where you are going. (4)

Receive and give, receive and give. The constant motion. (Flow.)

Now you can see where practicing generosity to prime the pump fits in. They're getting us moving now, rousing us from our 3rd/4th-dimensional slumber, preparing us for the work that lies ahead.

We're being asked to take up the paradigms of the Fifth Dimension, most prominent of which is flow. Receive and give, receive and give. Something in; something out. That's how money flows, but more importantly it's how love flows as well. (5)

On some occasion in the future, I'm told we'll find that we're able to tap the creative flow and satisfy all our needs and desires just by imagining them.

Many fear that organized life will end once abundance hits. I think it never got off the ground with us on Earth (as witness the First and Second World Wars) and, with the watering of abundance, may have the fresh start it needs.

After Disclosure, I hear that the galactics will have a lot more career choices available for us. To fly where no terrestrial has ever gone before?

(5) Love can be breathed up from the heart on the inbreath and breathed out to the world on the outbreath. When we do, we get to experience that love as it passes through us, *in a flow*, on its way to the next person.

One can compare it to a river, but it has no mass like water; it's spiritual.

Try to hold onto it however and it disappears in less than a heartbeat.

The Reval is not the Only Source of Wealth for Redistribution

December 11, 2019

<https://goldenageofgaia.com/2019/12/11/the-reval-is-not-the-only-source-of-wealth-for-redistribution/>

We heard Archangel Michael say in our last post:

"There is also the chance (because it is not written in stone, not even in amethyst), that if things do not go forward at a pace that is desirable for the unfoldment of the Mother, that he will proceed with the disbursement of his funds in a different way." (1)

The means of getting abundance into the hands of people who would shoulder the task of irrigating society and redistributing ill-gotten wealth are flexible and extensive.

I asked Michael on one occasion what sources of wealth he'd be channeling through Michaelangelo & Partners, exclusive of the Reval, and the list shows how many additional sources of wealth there may be:

Steve: I want to have more understanding of where the inflow of money is coming from. Some of its coming from the Chinese elders. That's correct, right?

Archangel Michael: Yes.

Steve: ... And some from the prosperity packages?

AAM: Yes.

Steve: I know we discussed this at some point but I can't find that message, that's why I'm going over it here. Some from sequestered illuminati money, human rights abuse?

AAM: Yes. ...

Steve: ... From historical assets?

AAM: Yes.

Steve: ... Off-planet gold?

AAM: Yes. (2)

Gold is a universal currency and it certainly has value upon this planet of Gaia. So yes, those transfers have mostly been made and made about a year ago. (3) ...

Not included in this list are funds from Leo Wanta, the European royals, and humanitarian philanthropists without affiliation. Also not included are precious metals and historical assets sunk in American warships off the Philippines. (4)

The point is that the Reval is not the only source of wealth that the Company of Heaven wants to put in the hands of lightworker philanthropists to begin the process of rebuilding the planet along new lines.

If financiers and militarists continue to hold up the Reval, the Company of Heaven will work around them, just as, with the Delegations, they're working around the deep state to introduce the galactics to the world.

Lightworker Protection

Are Lightworkers Who Participate in the Reval Protected? – Part 1/4

March 15, 2019

<https://goldenageofgaia.com/2019/03/15/are-lightworkers-who-participate-in-the-reval-protected-part-1-4/>

If one talks about issues such as financial management of very large aggregates of wealth, I imagine the question that arises in most people's minds is: Will I be protected?

I've asked that question of the Divine Mother and Archangel Michael many times and their answer has always been "yes" - with one notable exception.

If a person is interested in managing this kind of wealth for strictly personal reasons - ambition, greed, vindictiveness, etc. - the Company of Heaven does not extend protection. One's own personal guides do, but not the celestials.

The upshot may be that one either loses that wealth or else gets to keep enough to satisfy personal ambitions but is not given more.

But let us look at this subject of protection at length because it may be a subject uppermost in some people's minds.

In reading this information, the reader must take responsibility for accepting it or not. Not everyone believes in the reality of channeled messages. I do, but you must decide for yourself whether you do or not.

When I last discussed the matter with Archangel Michael on Nov. 15, 2017, he said:

Archangel Michael in a personal reading with Steve Beckow through Linda Dillon,
Nov. 15, 2017.

[Protection] is something that many human beings do not understand and that you will share and write about over time and in the near time.

When we declare that, whether it is a guardian angel or a guide (because they are interchangeable), an Archangel, a Seraph, the Mother herself but particularly when I say, when we say, or a guardian angel says that they are protecting you, what does this really mean?

It means that there is no need for fear, that this very old core issue/false grid can truly be thrown into the trash heap or the recycle bin to be given back to the light. Few people really believe this and it is curious because there is seldom a situation in which we do not begin and end by saying this.

So it is a basic wobbly leg in human/divine relationships because the relationship is starting with this aspect, based on old human experience, but it is based on this aspect of 'I don't really trust you so you better prove yourself and show me' rather than proceeding not only in the love but in the mantle of protection that is around you always.

So I am giving you this as food for thought, not so much even for your sacred self but as food for thought for how you discuss things with those who are our faithful readers.

And the desire for many, and when I say many I mean billions, of Gaians to simply release this hesitancy to trust because it is also, of course, as you well know a hesitancy to trust oneself, to trust that in fact what you feel about yourself is trustworthy.

Does this guarantee of protection apply to all lightworkers? Michael answers:

Archangel Michael in a personal reading with Steve Beckow through Linda Dillon,
June 9, 2017.

Archangel Michael: Now I have repeatedly said to thee, not to worry about your own physical, or emotional for that matter, safety. You are grandly protected and, yes, I do take credit!

But there are many others who also accompany you and of course your cadre, your circle and we do not simply mean your immediate circle. We mean this very broad circle of lightworkers and love holders.

Steve: Oh good, because that was a question that I had. Is it only me or does that apply to all financial currency holders and way showers?

AAM: No. Now let us suggest this. We are not saying - because that is how it can be interpreted - that some are loved and cared for and protected and some are not. Because that, again, would be a separation of ways.

But in fact, as you have witnessed, and will further witness in the very near future is that there are some engaged in this, what you think of as a currency exchange, that truly do not come, can we say, from the fullness of the Mother's purity and desire and most certainly St. Germaine's desire for this transaction.

What we mean, and we have discussed this with you before, about how some lightworkers and certainly the external community, the broader community is still coming from a place of selfishness and greed and self-interest.

Now we do not say this in a way of condemnation or fault or anything. But there is a pattern. Let us just talk a minute about this.

Where there is selfishness and greed, there is often - and you see it every day in your various societies - a tendency either to extravagance and flamboyance...

Steve: Yes, ostentatiousness

AAM: Yes, ostentation - or hoarding. And hoarding is simply on the other end of that spectrum. It is still the demonstration of, "Look what I've got."

Steve: Service to self...

AAM: Now are we going out of our way to provide overlighting and protection to those who are neither asking or requesting or even truly accepting our protection? The answer is no.

Now it does not mean that those people's guardian angels and guides do not watch over them. Of course they do and they are being infused, as you well know, by all the various frequencies so there is always a chance for a last-minute revelation.

Your question is: Is the Lightworker community protected? If they, again, are very low-key, not ostentatious in the slightest way and not being flamboyant not because of nondisclosure agreements or any of that which are in place and very likely will be in place for everybody, but it is the self-regulation of believing and practising and doing an internal nondisclosure as well. You do not want to announce to the world, as some would, that you have such affluence and you intend to shift the world.

Because as soon as you make that kind of, and we are not talking about action or stating what is your divine authority to state, but when you allow that declaration to go out far and wide, what you are doing is you are setting yourself up as a target.

So we are not going to go out of our way to pay extra attention, shall we say, to those who are not in humble pride.

So are the lightworkers who are diligent and see themselves in a stewardship role greatly protected? The answer is, "yes." And you most certainly are mightily protected. The answer is, "yes."

Steve: I don't see how I can avoid talking about my own personal situation, Lord, given the type of writing that I do.

AAM: But you are not calling up the Wall Street Journal, saying that you are a billionaire and flashing your wealth. There is a very big difference, sweet one.

Steve: Yes, I do understand. Nothing that you said is unpleasant to my ears. That was what I was planning to do anyways so I'm good.

AAM: It should not be unpleasant to anybody's ears who is coming from a place of heart and dedication and realizing that they have been given the privilege, the divine authority, to act on behalf of the Mother/Father One, that you can truly be the champions of change, catalysts for restoring equality and fairness and unity upon this planet.

Steve: Yes, it is a great privilege, Lord.

Let me end here for today. I'll need four articles to cover this topic properly and completely. And I'm sure it's a topic that most currency holders have wondered about.

(Continued in Part 2, tomorrow.)

Are Lightworkers Who Participate in the Reval Protected? – Part 2/4

March 16, 2019

<https://goldenageofgaia.com/2019/03/16/are-lightworkers-who-participate-in-the-reval-protected-part-2-4/>

(Continued from Part 1, yesterday.)

Yesterday we heard from Archangel Michael.

Today let's hear from the Divine Mother herself on protection:

"Transcript ~ The Divine Mother: New Year's Message 2017," Dec. 31, 2016 at <https://goldenageofgaia.com/2016/12/31/new-years-message-2017/>.

Steve Beckow: I know that a lot of our listeners would like to hear your answer to the following question – are Lightworkers who deal in foreign currency for the

purposes of irrigating planet Earth and undertaking the various programs like ridding the world of pollution, hunger, and poverty protected from things like kidnappings, torture etc?

Divine Mother: Yes.

I can elaborate. Let go of the fear, first and foremost. Because as you know, the fear halts and freezes and destroys – eats like acid – it destroys trust, and it also is the freezing mechanism that stops you from going forward.

Now the short answer is yes. But understand how this going forth happens, and there are many, many aspects and we will not get dragged down into that minutiae.

But think of it in this way – think of it in the most simple way, my child. You have a crush on a boy or a girl – oh, you are about fourteen, fifteen, and these days perhaps twelve – but you are madly infatuated and your heart is going pit-a-pat at a million miles an hour because this is your heart’s desire! But you are shy, you are not confident. You are afraid of rejection and so you never ask this boy or this girl out. You hardly even talk to them.

And then of course the big occasion comes and you see the ‘heart’s desire’ go to the party, the dance, the Bar Mitzvah, with somebody else – and you are devastated. But you are devastated because you were too afraid to step forward, and then you think, “Well, the Mother let me down” – even though I was right next to you, cheering you all along, knowing that the expansion of your heart even in this tender romance, not the fullness of Love that I speak of, but that you were afraid to try.

When you drop into fear, “Will I be harmed, will I be tortured, will I be shunned, will I be separated from what I love most about my life?” That puts you into fear rather than the forward thrust of excitement and courageousness and bringing forth. Now, having encouraged you to go forth, having provided the mechanisms for that to occur, do you really think in our divinity, in our family, that we are going to arrange for a rogue bandit to harm you? You are mightily protected!

You often say, “What is the Company of Heaven doing?” Well, you can rest assured – we are protecting you. That is a promise.

Steve: Thank you Mother. I'm sure that will have a lot of people relax more. The handling of money is going to raise enough problems unto itself without having to worry about that one. (1)

Tomorrow we'll look at Archangel Michael's assurance on specific situations like protection against bank theft, scamming, self-doubt, and poor decision-making.

(Continued in Part 3, tomorrow.)

Are Lightworkers Who Participate in the Reval Protected? – Part 3/4

March 17, 2019

<https://goldenageofgaia.com/2019/03/17/are-lightworkers-who-participate-in-the-reval-protected-part-3-4/>

(Continued from Part 2, yesterday.)

We continue our discussion of the protection of lightworker currency holders.

When I asked Michael if I should be applying for TDA monies - the billion-dollar accounts set up for each person, which the Illuminati have been using to "pay their bills" - Michael replied:

AAM: No, stand way back.

Steve: Okay, and the reason for that, Lord?

AAM: Well, there are number of reasons. One is, and I say this knowing you are fully protected, we want you flying under the radar.

And at this moment, those who are working in this arena, shall we say, are allowing themselves - and it is part of their mission and purpose to be very clearly on the radar - very clearly vulnerable and exposed. (1)

Now let's turn to specific circumstances. First, bank theft:

Steve: Am I correct in thinking that we're guarded against such things as bank theft?

Archangel Michael: You most certainly are. (2)

Second, protection from scammers:

Steve: Should we reserve domain names or create trademarks or should we worry about scammers posing as us?

Archangel Michael: You do not need to worry about a thing, dear heart. (3)

Next, self-doubt and poor decision-making:

Archangel Michael: Do not doubt yourself. And do not doubt what you are feeling moved to do. For we are not only moving, we are encouraging, we are pushing and pulling at times. And there are times when you push and pull right back. And, my brother, that is all right as well.

This is the time to be courageous. And yes, dear heart, rather outspoken.

Steve: I do feel courageous and outspoken.

AAM: You most certainly are. And we come to say be fearless, because you are protected. (4)

Archangel Michael: Not that we will allow you to go wrong – let us be very clear. This plan has been an unfoldment for far too long for money to simply be washed down the drain by decisions that are not beneficial either for yourself or for others and for those who will benefit from the abundance programs, plural. (5)

And last, a fear of kidnapping, torture, death:

Divine Mother: Having encouraged you to go forth, having provided the mechanisms for that to occur, do you really think in our divinity, in our family, that we are going to arrange for a rogue bandit to harm you? You are mightily protected! (6)

Steve: Am I protected and are my loved ones also protected from such things as being kidnapped and held for ransom?

Archangel Michael: Yes. (7)

Steve: I have no fear of death. I have a fear of torture.

Arcturians through Sue Lie: Well, you don't have to have a fear of torture because, if you have no fear of death, you can just choose to die and then they can't torture you. (8)

Archangel Michael: The dying piece is neither here nor there. You know that I would lift you up very rapidly and take you home, joyously. (9)

Perhaps a macabre subject to ask for reassurance on and some unexpected advice, but a situation of concern nonetheless.

Tomorrow I'd like to bring together all the mentions that AAM has given to the subject (not already discussed), to bring home the point that the matter has been thoroughly looked at over the years. There is little chance of misinterpretation of the message.

(To be concluded in Part 4, tomorrow.)

(8) The Arcturians in a personal reading with Steve Beckow through Sue Lie, July 22, 2014. I have no fear of death because I experienced my independence of the physical body in an out-of-body experience in 1977. Once we see we're not the body, the fear of death instantly disappears. Note what Mike Quinsey said recently:

"You will realise that you are not your physical body, and this is provable at your level by the experiences of those that have had 'out of the body' experiences. When you permanently leave it upon death the cord is cut and you are released.

"There is nothing to be fearful about concerning death, and you have had numerous examples where souls have been thrown out of their bodies and not realised that anything has happened. This is due to them having immediately found themselves in their etheric body that is identical to the physical body, except that it is of a finer vibration." Are Lightworkers Who Participate in the Reval Protected? – Part 4/4

March 18, 2019

<https://goldenageofgaia.com/2019/03/18/are-lightworkers-who-participate-in-the-reval-protected-part-4-4/>

(Concluded from Part 3, yesterday.)

Let me now provide a series of reassurances that have not been given so far to suggest how many times and in how many different ways this promise of protection for dedicated and purely-motivated financial stewards has been given.

Feb. 18, 2011:

Archangel Michael: It is not so much, my friend, that you are being targeted. That does not mean that you are not on the radar. Of course you

are. And as you step forward to create peace on Earth, it will be even more so.

But you are also mightily protected, and you have created and built your energy field. They cannot and will not be permitted to harm you.

Yes, we know that this is a time when all the shenanigans are being put out to play. But our code word is victory and it is not victory *over* anything; it is victory with.

It is the bringing of peace on Earth, because that is the prelude; that is the promise; it is the promise that has been made throughout the universe, but it is also the promise that has been made to the Universal Mother. And that peace will prevail. (1)

Nov. 19, 2013:

Archangel Michael: You are being mightily - and I use that word very specifically [because “mightily” refers to the archangels] - mightily protected and this is a long-term project. (2)

April 24, 2015:

Steve: How do I guarantee that corruption won't set in?

Archangel Michael: First of all, (laughing) WHO do you think you are working with, dear heart? ...

Yes, there will be substantial oversight. Shall we say it that way? (3)

Feb. 5, 2016:

Archangel Michael: You have not incarnated to be removed, either by inflicted or imagined or created [forces]. [You're not] in physicality [for] anything less than perfection. (4)

March 23, 2016:

Steve: Should I hire Executive Security International to protect me?

Archangel Michael: No. You have a much better protection team, dear heart!

Steve: So, I don't need an asset protection attorney?

AAM: Yes you do need an asset protection attorney. But you do not need private security.

Steve: Am I just to walk down the street, you know without a care in the world or do I need to fear something like kidnapping in any way shape or form?

AAM: No, you do not need to fear kidnapping but we also suggest you don't walk alone.

Steve: Ever?

AAM: No, when you're going to do your exchanges. (5)

July 22, 2016:

Steve: I need more reassurance in the area of protection because I'm going to be writing about [financial matters]. Do I run a risk of being kidnapped?

Archangel Michael: No.

Steve: Then that eliminates the second question which was about torture. So good!

Surely the cabal is looking at these people with a lot of money and licking its chops, right?

AAM: You are hidden in many ways. So think of it, first of all, I am pretty good at protection. I have a few souls that help me out now and then.

Steve: Do I know who I am talking to? Exactly! (6)

AAM: So do you think a few rogues are going to beat me at my own game?

Steve: Probably not! I just fear what Will Smith said in Independence Day, “Oops!” as he crashed his spaceship into the wall.

AAM: Not to worry, dear heart. You are mightily protected.

Steve: Thank you for reassuring me on that. (7)

Sept. 2, 2016:

Archangel Michael: Because you are in a position of leadership, of stewardship and of trusteeship, you do not want to paint a target on your back.

Now are you mightily protected? Well, my friend, if I cannot protect you, nobody can.

So I would suggest, of course you are safe. What you don’t want is to be bothered. (8.)

OK, now you know as much as I know.

Yes, I believe these communications to be true and effective. But you need to decide for yourself. Please take responsibility for making your own assessment and choice.

Even though the Reval has not yet arrived and none of us have money, we can still use the time to plan what we'll do after. I'm benefitting greatly from thinking from the context of post-Reval wealth and what it can do for global society.

The Company of Heaven has Our Back

June 28, 2018

<https://goldenageofgaia.com/2018/06/28/the-company-of-heaven-has-our-back/>

A "Mighty One"

I wanted to review the discussions of how the Company of Heaven are protecting lightworkers who agree to act as the Mother's financial, Earth or other stewards.

The CoH has repeatedly assured lightworkers that we are "mightily protected."

(1) Here's the Divine Mother herself giving us that assurance in 2016:

"Having encouraged you to go forth, having provided the mechanisms for that to occur, do you really think in our divinity, in our family, that we are going to arrange for a rogue bandit to harm you? You are mightily protected!" (2)

Here's Michael repeating the reassurance:

"Are the lightworkers who are diligent and see themselves in a stewardship role greatly protected? The answer is, 'yes.'" (3)

On another occasion he said: "You have not incarnated to be removed, either by inflicted or imagined or created [forces]. [You're not] in physicality [for] anything less than perfection." (4)

That's the purpose of Ascension, right? That we should emerge in perfected bodies - light bodies? Thus, we lightworkers are here for nothing less than perfection.

Therefore he can assure us: "It is not our intention or our plan to allow you to be cannon fodder for the cause because that would defeat the purpose." (5)

The purpose is for us to walk forth into the sunshine, for a new Garden of Eden to arise on a peaceful Earth. Peace won't have a great deal of meaning if all of us are lying dead on a battlefield.

That isn't the extent of the peace that Michael wants and is forecasting for us. But that's another story.

[Repetitive section deleted.]

To think that I can lay my worries and fears down explodes my entire view of life.

This is something that I need to get down to my bones and cells. We can trust in the archangelic presence. We can proceed without fear.

Well, I am. I won't be installing this protective system and living in that gated compound afterwards. I'm carrying on for as long as I can as I do now.

My life has always been an experiment. The experiment now is to prove the archangels right, that they are protecting us and that a few rogues and villains are not going to get the best of them.

I will not live in fear after the Reval. Those who are with us are far stronger than those who are against us.

The Divine Plan for Earth and its inhabitants is to emerge triumphant this Ascension, not like our last attempts in Atlantis and Lemuria. Peace will reign, Michael says, with no residue remaining:

"Our code word is victory and it is not victory over anything; it is victory with.

"It is the bringing of peace on Earth. That is the prelude [to everything else]; that is the promise.

"It is the promise that has been made throughout the universe, but it is also the promise that has been made to the Universal Mother. And *that* peace will prevail." (11)

This next period of time - in which lightworkers are given the means to rebuild the structures and institutions of the planet - is our time and our turn to step out boldly in many new directions. The first new direction that must come to support the rest is the achievement of world peace.

And we'll do it.

The next is the achievement of individual, inner peace. Rock-solid, stable, secure.

Take comfort in knowing that the Company of Heaven has us in their hands and that the major contours of the future are already present, in place, alive in the higher dimensions.

Footnotes

(1) Here are some examples:

Steve Beckow: Surely the cabal is looking at these people with a lot of money and licking its chops, right?

Archangel Michael: You are hidden in many ways. ... I am pretty good at protection. that help me out now and then. ... Do you think a few rogues are going to beat me at my own game? ...

Not to worry, dear heart. You are mightily protected. (Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, July 22, 2016.)

“Mightily” refers to the Mighty Ones or archangels.

For example:

Archangel Michael: We all do - *I mean the mighty ones, the archangels* - we have the capacity to bring the fullness of our energy to many, many, many, and yes, if you wish, millions—millions!—of places simultaneously. ("Archangels Michael and Gabrielle on the Angelic Realm: Hour with an Angel Transcript, March 26, 2012," at <https://goldenageofgaia.com/ascension-as-of-2012/what-role-are-the-angels-playing/archangels-michael-and-gabrielle-on-the-angelic-realm-hour-with-an-angel-transcript-march-26-2012/>).

Archangel Michael: You will put the normal security precautions in place that any institution will provide. But, dear heart, I would suggest that you are mightily protected. (Ibid., Nov. 19, 2013.)

Archangel Michael: It is not so much, my friend, that you are being targeted. That does not mean that you are not on the radar. Of course you are. And as you step forward to create peace on Earth, it will be even more so.

But you are also mightily protected, and you have created and built your energy field. They cannot and will not be permitted to harm you. (Ibid., Feb. 18, 2011.)

Let Worry Go Now

September 29, 2016

<https://goldenageofgaia.com/2016/09/29/let-worry-go-now/>

Credit: gymnion.com

Back in 1977, an eventful year for me (growth courses, gurus, trips to India), I had an out-of-body experience.

I awoke in a lucid dream, outside my body.

I rapidly returned. And I felt the transition of the spirit body from being encased or ensconced inside the physical body, to finding myself transferring to the outside - almost seeping through.

The difference in my experience was like night and day. The etheric body was like the finest gossamer. It's hard to find something material to compare it to, even remotely.

Put alongside it, the physical body is like an India-rubber lacrosse ball, the kind where you throw it on the pavement and it doesn't bounce, it's that thick? Thwok!

This physical body does not transmit well the refined vibrations associated with the higher dimensions.

I saw this clearly when my spirit body transferred consciousness. What on the inside had been a maelstrom of emotion (long story, not necessary) was on the outside, if you will, a mere whimper.

I was shocked. That's how dense the physical body is? You're kidding me.

That my wailing and weeping would be reduced to a whimper? Remarkable.

I'm in a tank. I'm in a slab of flexible concrete. I'm the Pillsbury doughboy in my physical body - compared to the will-o-the-wisp spirit body, which is finer than a baby's breath.

This was all realized knowledge, not merely experiential or intellectual. I lived through this experience. As with all realized knowledge, the memory remains vividly with me.

I'm saying this as a preamble to the observation that we make the dense physical body more dense when we add stress and tension to the situation. When we introduce stress, on top of what we normally feel, we densify the physical body even more than it is already.

Moreover, when the stress or tension in my musculature increases, my awareness decreases proportionately. When my awareness decreases, the decrease is usually invisible to me because I'm now functioning on a lower level of awareness, that prevents my seeing it.

I don't know. And I don't know that I don't know.

It isn't until I relax from whatever the urgency or emergency or just plain worry is that I see how stressed I was.

We already know that the unique ways we have of speaking shape the pattern of our disease (pain [translates to tension] in the neck, pain in the rear, pain in the zorch, etc.).

But these beliefs would have little to work their ill effect on if our musculature were free of stress and tension. The beliefs would simply pass through our minds and leave. Our muscles would be in a state of release, a state I can barely imagine. However this presupposes a purification of the mind as well, just as we've been doing for the last four years.

In the face of stress and tension, we tense up our musculature, our bodies. We make them into golf balls, where before they were only lacrosse balls.

When I worry, for instance, I release adrenalin into the body, in the face of which my body responds by tensing up, in a location determined by my thoughts (pain in the ...).

We multiply the amount to which the finer vibrations are prevented from making their way "into" us. We can't receive them because our receiver set is too gross. The vibrations are too fine for our apparatus to read. Or the message gets through, but garbled.

Into this situation, enter Archangel Michael, who in my last reading (Sept. 23, 2016) asked me in as point-blank a manner as he ever has, to stop worrying. Everything was going to be OK.

I was practically bug-eyed thinking about what lies ahead, and he was reassuring me, calming me down.

I got AA Michael's message and I don't need events to get worse before I'll listen. I'm to stop worrying. And, as the actor says, "Do it now."

Can I afford to worry? I really can't. People have been most generous in tolerating my tendencies thus far. How much more can I ask of them?

Has it ever paid dividends? Not really.

Bad strategy that needs to be released to the universe? Looks like it.

Observer to Participant, Witness to Actor, 5D Steve to 4D Steve: Let worry go.
Don't wait until things worsen. Do it now.

After the Reval

Enter the Reval

From Lightworker User Manual. Vancouver: Golden Age of Gaia, 2020.
Download at <https://goldenageofgaia.com/wp-content/uploads/2020/02/Lightworker-User-Manual-10.pages.pdf>

The ways in which lightworkers contribute are endless. Here I'd like to discuss just one way - humanitarian philanthropy, delivered to us by such means as the Prosperity Packages and the Reval.

The Prosperity Packages are financial packages arranged by St. Germaine's World Trust, which I'll discuss in a moment, that are meant to be used for humanitarian philanthropy.

The Reval is part of a Global Currency Reset whose opportunity has been made known to lightworkers. By purchasing currency known to be subject to re-evaluation, lightworkers accrue wealth (as the Company of Heaven intends), which is a second way to finance humanitarian philanthropy.

Humanitarian philanthropy means acts of charity, income redistribution, financial rebalancing, freedom from corruption, recovery, and rebirth designed to prepare Earth's population for Ascension, provided it doesn't come sooner than our humanitarian efforts.

Funding activities that eliminate hunger, poverty, homelessness, disease, discrimination, and persecution are examples of humanitarian philanthropy.

Lightworkers are being tasked with using financial resources to reverse the decline of humanity and set it back on a sure footing, headed in a useful and productive direction.

They're being tasked with redistributing wealth stolen from the people as well as wealth gifted to them by such sources as the Chinese elders and off-planet civilizations.

Most of us have led spiritual lives and, for one reason or another, are not used to managing large sums of money. We'll have our work cut out for ourselves.

Our aim is to build a world that works for everyone.

C'mon, Steve. The world can't be made to work for everyone. C'monnnnn....

Yes, it can. I told you that higher-dimensional society was beyond our imagining. Well, in higher-dimensional society, such is the love and bliss they feel that no one would think of harming anyone else. Their only thought is having your world work for you. In such a setting the world works for everyone.

All we're doing is building such a society ahead of time and before we're swimming in a river of love. We may fall short. But we're headed in the right direction and our efforts to create it will call it into existence finally.

In creation, it's advised to take actions consistent with our intentions. Those actions become the channel through which the Divine can send the energy that will make our efforts successful. In building such a society now, we create for ourselves a channel through which the Divine can bring about the desired result.

When seen from this vantage point, our actions stand a greater chance of creating the result we desire - in this case, a world that works for everyone.

We'll know when we reach it. Everyone will be deeply in love and bliss.

After the Reval.... Showtime!

March 29, 2023

<https://goldenageofgaia.com/2023/03/29/after-the-reval-showtime/>

It's showtime

I have this fantasy about how the script may go, after the Reval, for many of us.

The news hits and we exchange.

Everything internal that kept us within human bounds will now be released, as being no longer needed. We don't have to worry about what the boss thinks or our office neighbor. Or anyone else, it seems. We're now free, we tell ourselves.

Do we swing from the chandeliers? Michael says no:

Steve: I have said to myself that I will not go to one of these nights where people go AAAAAAAAAAAAAHHH!!! all over the place because I worry that it might jiggle me just enough to set off the stress reaction that I'm sitting on.

Archangel Michael: We would not recommend to any of you going to these gargantuan meetings of celebration. They are incendiary.

S: That's my sense. We do things we'd never do and it lets the genie out of the bottle.

AAM: That's correct. It's time for incredible discernment. And it's not discerning to go to a venue and make public displays. It would not be wise.
(1)

Ok, no swinging from the chandeliers for me.

Those who focus on buying a jet and a chateau in the south of France will go on to live a very happy life but nothing of significance. They won't realize they've been sidetracked, shunted onto a quiet and fabulously-wealthy life, as they wished. The Law of Free Will prevails.

But the Company of Heaven is watching.

Archangel Michael: There will be several waves of abundance. So we give you the allowance and we see how you do. (2)

AAM: Those who are in a position of stewardship, of beginning projects that lead the way to the building and the re-creation of what Nova Earth is truly about ... [they will] become the spokesbeings for many. (3)

AAM: The Galactics have no shortage of money and so there will be some very massive projects and the funds will be made available but they will really ask for human leadership in order to not be seen as trying in any way to assume control. (4)

It's up to us (and our soul contract) on how large a stage we want to work. The opportunities to have our lives make an incredible difference will undoubtedly be there.

Meanwhile, directly after the Reval occurs, Michael asks me to take a week off and just breathe. It'll be a major adjustment.

Archangel Michael: First things first. As soon as this has occurred, we want you to take an entire week off.

Steve: Is that like in seclusion? Is that what you mean? Or play?

AAM: Play, walking, seclusion, camaraderie. But the most important thing you will do is simply breathe. Because your world, as you know it, will have shifted.

So it is not to hire people. It is not to find a new place to live. It is not to engage everybody. It is just to breathe and from that place of centred, anchored breathing, then to proceed. (5)

Now comes the time when our celestial board of directors - the Mother's term - (6) on the other side of the veil begin their work. They liberate in us enough energy and capability to do our lightwork - but not enough to see us hit the road for the bright lights of the big city ... or City of Light.

If we misuse this energy and these capabilities or fail to use them at all, I wager they'll subside. If used, they'll become honed. Michael implies that here:

Steve: Will we have enough to do the job, enough smarts, enough heart?

Archangel Michael: Think of it as growing every day. Then you are given more responsibility, more allowance, and more cooperation. You begin to fully see us and engage with us. ... So that you're given all that you need to expand like a flower blossoming. (7)

The more responsibility we accept, the more cooperation from them we get.

We get all that we need but not Ascension itself lest all of us lightworkers vamoose:

Archangel Michael: Right now if you were to complete your full Ascension, many of you would not bother to stay and finish the creation of Nova Earth.

Steve: So you really have to meter it out to us, so to speak, so as not to send us flying off into some other pursuit?

AAM: That is correct. (8)

In my view, we're going to need the boost.

A roller-coaster ride, a voyage where no one has gone before.... What a rush, what a responsibility, what a challenge!

Did you ever in your wildest dreams think you'd be doing this? And yet here we are, waiting for the curtain to rise.

And then, except for our team on the other side, we'll be on our own. Showtime!

(6) Steve: Now, implicit in what you are saying, Mother, is something that hasn't been really talked about very much and that's that the archangels or somebody else is managing our enlightenment experiences, timing, intensity.... Am I correct in that?

Divine Mother: It is a Board of Directors rather than being, "managed by." That concept, the way that you have phrased it, dear heart, implies that you are being "managed" and that is not correct. [Steve: It 'd be a violation of free will.]

Now also know, and it is delightful to speak about this ... the timing, the pacing (and when I say "pace," I mean the sequential unfoldment) of an enlightenment process is such that of course you have a guardian and usually an archangel that is

working with you so that it is humanly and can we say, soul or esoterically – via your universal self – managed. (The Divine Mother in a personal reading with Steve Beckow through Linda Dillon, Oct. 26, 2018.)

Michael discusses how enlightenment is "dished out," so to speak:

Archangel Michael: What you have seen is that you have been given bite-sized pieces of energy, of energy bumps, of input, of what you can digest and handle and truly bring to fruition. If you are in the process of expansion, you don't go from Grade 3 to a PhD in a week. ... There is a process of expansion and acceptance and learning and coming to truly value and love oneself and thereby others. So you have been learning the process as you go. ("AAM on Truncated Experiences," March 21, 2017, at <http://goldenageofgaia.com/2017/03/21/aam-on-truncated-experiences/>.)

Here he is operating as a director of my experience, chiding me and recommending that I slow down:

AAM: While I am very focused right now, my primary objective [being] Peace on Earth on behalf of the Mother/Father One... I am also in other places!

Steve: Good Lord, you're all over the place.

AAM: I am almost as busy as you, dear heart! (AAM, Sept. 30, 2015.)

AAM: There is only so much that, as human being, any human being can manage. Yes, there will be a different kind of busyness in future years, but not if you are lying on the ground dead. (AAM, Feb. 5, 2016.)

So you can see that our Board is very active in overseeing our lives as well as our enlightenment. I don't think we realize this.

Archangel Michael: You Are Not Crazy

July 14, 2023

<https://goldenageofgaia.com/2023/07/14/archangel-michael-you-are-not-crazy-2/>

In a reading on May 21, 2015, I asked Archangel Michael how we should behave after the Reval.

I can predict that I'll have a stress reaction and will need to stay relatively quiet. I'm avoiding any celebrations that promise to go over the top and come back to haunt us years later. AAM took the occasion to address the subject quite fully.

Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, May 21, 2015

Steve: So when the money comes, I'm probably going to have a stress reaction of some sort.

Archangel Michael: Yes.

S: So, please, any advice you can give me and other lightworkers on how to deal with the impact of suddenly finding your financial worries are over, you can live the life you wanted to live, etc.?

AAM: Do not be precipitous. Stand still. Now that may sound like very amateurish advice. It is one of the most difficult things for human beings to do. Go to the stillness.

Do not feel the immediate necessity, which is an invention of your imagination and ego, to jump into action. Give yourself the opportunity to breathe, to allow this shift in reality, in what you have described as your personal landscape, to sink in.

Yes, there is an entire world waiting to be rebuilt and it is not achieved if you jump the gun. It is not achieved if you are going full steam ahead and then collapse because of stress. Stress is a physical reality. It is not you simply creating drama. It is a bio-physical, electrical, spiritual reality.

Give yourself time, yes, to breathe, to withdraw if necessary, to scan the environment, to enjoy yourself, to celebrate and then, in a sense of no hurry, go forward.

S: Thank you for that. It's going to be very challenging when it hits.

AAM: You have need to make sure that you take care of your sweet physical self. Yes, there are the challenges - new home, new situation, time out - but do the practical things that I recommend as well - bodywork, massage, cranial-sacral, relaxation, cycling, working out, eating properly ... now this is going to be a challenge ... sleeping.

All of these very basic human necessities will have need to be addressed. If you are exhausted, if you are running on caffeine and adrenaline, you do not come from a place of compassionate wisdom. And, dear heart, that *is* what we do. And the compassionate wisdom requires that you take care of the physical vessel that *you* have designed with us.

So step number one is pay attention.

S: When stress goes up, awareness goes down. So at the very time when you need awareness, discernment, memory and all the rest of it, you're denied access. It all

goes down. You're least well equipped at the very time when you need to be best-equipped.

AAM: And that is why attention to the de-stressors that you know of, such as meditation, bodywork, fresh air and sunshine have need to be paid attention to. And I say this very strongly. It has need to be a requirement not only for you, my beloved friend, but for your entire organization.

Working endless hours under stress to think that you are completing the mission is not completing your mission. If you are not taking time for joy, for laughter, for love, then you are not completing your mission.

Take the time to engage in the laughter, engage in the glee, and the sense of "Our diligence has paid off." We are not insane. We are not crazy. But we have full permission to act a little crazy for while. Go play.

S: I have said to myself that I will not go to one of these nights where people go AAAAAAAAAAAAAHHH!!! all over the place (1) because I worry that it might jiggle me just enough to set off the stress reaction that I'm sitting on.

AAM: We would not recommend to any of you going to these gargantuan meetings of celebration. They are incendiary.

S: That's my sense. We do things we'd never do and it lets the genie out of the bottle.

AAM: That's correct. It's time for incredible discernment. And it's not discerning to go to a venue and make public displays. It would not be wise.

S: Thank you for confirming that for me.

It's After the Reval.... And? – Part 1/3

March 14, 2020

<https://goldenageofgaia.com/2020/03/14/its-after-the-reval-and-part-1-3/>

At first, when this idea occurred to me, I thought it was hare-brained. Who'd wanna read this stuff?

I got the bright idea that I should post Archangel Michael's advice to me on what to do - and not do - after the Reval.

But then I thought to myself, no, this is really valuable material. Others can listen in as an archangel prepares his servant for what's coming. Where else can you get this kind of window in? (1)

So, overcoming my timidity and embarrassment, I post my discussions with Archangel Michael about what I should do after the Reval.

After the Reval - The Exchange

Steve: [Let's imagine that] the Reval has been announced. I have phoned the 800 number and they've told me to go to this address.

We transact our business very quickly and I come out with whatever we come out with. What would you like to see happen from that moment on? I know you'd like me to take the first week off and not buy anything and I will. But more globally, what you want to see happen after that? (2)

After the Reval - For the First Week

Archangel Michael: Well, the first thing we would like to see is for all of you to go out for a delicious supper.

Steve: Very good....

AAM: There needs to be celebration and there needs to be acknowledgement of not just a gift but a dream come true.

The reason why we say take a week off is to simply allow the new reality to seep in and for you to have moments of glee and panic and discovery and conversation. (3)

Steve: I have said to myself that I will not go to one of these nights where people go AAAAAAAAAAAAAHHH!!! all over the place because I worry that it might jiggle me just enough to set off the stress reaction that I'm sitting on [after having acquired sudden wealth].

AAM: We would not recommend to any of you going to these gargantuan meetings of celebration. They are incendiary.

Steve: That's my sense. We do things we'd never do and it lets the genie out of the bottle.

AAM: That's correct. It's time for incredible discernment. And it's not discerning to go to a venue and make public displays. It would not be wise. (4)

AAM: First things first. As soon as this has occurred, we want you to take an entire week off.

Steve: Is that like in seclusion. Is that what you mean? Or play?

AAM: Play, walking, seclusion, camaraderie. But the most important thing you will do is simply breathe. Because your world, as you know it, will have shifted.

So it is not to hire people. It is not to find a new place to live. It is not to engage everybody. It is just to breathe and from that place of centred, anchored breathing, then to proceed. (5)

Steve: I am just going to sit idle for the first week and just integrate...

AAM: ... Breathe....

Steve: And I am just going to park everything, right? I'm not going to immediately start activating people or even activating my family office. I'm going to wait until I come back from my [month-long vacation] trip to do that.

AAM: That is correct. This is a massive change and it is not about being hasty. It is about being plan-full and mindful and prudent. You are doing exactly what needs to be done. You are doing well. (6)

It's After the Reval.... And? – Part 2/3

March 15, 2020

<https://goldenageofgaia.com/2020/03/15/its-after-the-reval-and-part-2-3/>

(Continued from Part 1, yesterday.)

After the Reval - For the First Week (Continued)

Archangel Michael: So first of all do not go on a buying spree. That has never been and will never be our guidance. (1)

AAM: Remember what I have said to thee about taking time and going slowly. (2)

AAM: Do not be precipitous. Stand still. Now that may sound like very amateurish advice. But it is one of the most difficult things for human beings to do.

Go to the stillness. Do not feel the immediate necessity, which is an invention of your imagination and ego, to jump into action.

Give yourself the opportunity to breathe, to allow this shift in reality, in what you have described as your personal landscape, to sink in.

Yes, there is an entire world waiting to be rebuilt and it is not achieved if you jump the gun. It is not achieved if you are going full steam ahead and then collapse because of stress. (3)

AAM: I have one very important piece of advice: Don't panic. ...

There will be a tendency on your part to feel that with all this money that you are super-responsible.

Do not panic. And simply know that there is a place and a plan and everything is in order and will fall into place. It does not need to happen in one day. And you are being mightily (and I use that word very specifically) mightily protected (4) and that this is a long-term project. So there is no rush. Everything will be in place.

And do not allow other people's sense of urgency or need, their own need, to unduly influence you or make you sick, dear heart. ...

So in other words let me call up Steve and get my mortgage money. You cannot do this day in and day out. It is too stressful. You are not the spiritual or the literal ATM. (5)

After the Reval - Go on Holidays

Steve: So say the Reval were to happen tomorrow. It's finished by Monday. It's all over with.

I then take a week off and breathe, hug trees, walk around, just get a sense of myself. And then... I begin our plans for going on our holiday?

AAM: Yes. (6)

Then you go on holiday and you take the time to allow these changes to sift in because if you say, "Oh, I'm getting started on my projects" and you do so, you will never take the break.

Steve: Yes, I get that. It's undoubtedly true.

AAM: And so we are starting at the very beginning of saying, using the brakes is part and parcel of the new realm. You are not intended to work yourself to the bone. That is not the way of Nova Earth and that is not the way of love. (7)

(To be concluded in Part 3, tomorrow.)

March 16, 2020

<https://goldenageofgaia.com/2020/03/16/its-after-the-reval-and-part-3-3/>

(Concluded from Part 2, yesterday.)

After the Reval - Hire Your Staff

Archangel Michael: Then you return and you begin to hire your staff and in the meantime you also have somebody doing some of the very basic recruiting.

Steve: So, I hire a Publisher for the Golden Age of Gaia. I hire a President for the Michelangelo Fund. Do I go with the [XXX Bank's] family office or...?

AAM: Yes, that is good enough.

Steve:... For the interval?

AAM: ... For the interval. The new financial institutions are going to emerge. [XXX Bank] are not stellar, but they are ethical.

Steve: Is it accurate to think that the people brought to me as a family office might have been brought by you for a more permanent role?

AAM: There will be transition people and permanent people. What you can rely on, sweet one, is that I am not going to bring you anyone who is not of ethical behaviour.

Steve: Thank you. That reassurance means a lot to me.

So, now I've hired my team. Once I hire my team, they hire the next layer. I don't hire their team, right?

AAM: That is correct. (1)

Steve: And then I come back [from a month-long vacation] and I begin by contacting an executive search agency and hiring someone to head up the Michaelangelo Fund.

AAM: You return, having given/made a contact before you go away for a, can we say, an executive realtor to locate your new home. So that you come back and you have half a dozen places to look at and make your selection.

You don't want to be hiring your staff and be in the process of moving. So the move will be taken care of very quickly.

Steve: Okay, now I've moved into my new home and I've located an executive recruiting firm and I'm now looking for a head for the Michelangelo Fund and the Golden Age of Gaia.

AAM: Your first priorities are twofold: The president of the Michaelangelo Fund and your personal assistant. You need that personal assistant as quickly as possible.

Steve: Okay, maybe I should be just concentrating on the personal assistant....

AAM: No, you need both because your president will be involved in the hiring of everybody else. (2)

That's probably enough.

These are pages from an offline manual I've written for myself that covers a raft of topics to do with running a very large humanitarian/philanthropic group of companies.

If I never spoke to Michael again, I'd still have this wealth of counsel to turn to on every aspect of my operations.

If I woke up tomorrow and discovered it was all a dream, it has been so rewarding to have gotten this far with everything. What a wonderful dream it's been.

Archangel Michael on Mad Rushing Post-Reval

“Archangel Michael on Mad Rushing Post-Reval,” Jan. 12, 2017, at <http://goldenageofgaia.com/2017/01/12/archangel-michael-mad-rushing-post-reval/>

My recent venture into micro-finance gave me many glimpses into what life would be like after the Reval. I found myself in unknown territory and learned many things that will assist me later.

I spoke with Archangel Michael about it in a reading I had with him through Linda Dillon on January 3, 2017. I know he wants me to share what he said.

Steve Beckow: Well, I’ve had my preview of the Reval. It certainly allowed me to do a kind of test run and look at spreadsheets and other financial things.

What do you want me to do now? What’s next, Lord?

Archangel Michael: It is a very important step. In fact it is critical to the completion of all of this: Breathe!

Did you not note - you could not help but note - that during this prelude the feelings of chaos, even in the most positive of senses, (1) have permeated your

very core?

Steve: Oh yes, indeed.

AAM: And then you have allowed the feelings of chaos from others around you to also penetrate your core and the feeling of overwhelm, of dizziness has made you feel under exceptional pressure rather than joyful. So while the joy was there, it was clouded. (2)

It is important for you to know and to realize - and especially in your small group - that this [feelings of chaos] is what so many human beings are, and will, be experiencing and this is also why our strong encouragement to not rush anything has been so important. (3)

Now I say this: The level of heart and mind and physical commitment to the creation of Nova Earth in the Lightworker, Loveholder community is extraordinary and extraordinarily strong and there has been a sense of impatience and of waiting *ad nauseum*.

On our side everything is in order! But on the human side it has been exceptionally important that every single item be organized correctly and you cannot even begin to imagine the number of variables. We are not just talking about the multitude of mechanical, political, social, and economic things that have need to be addressed.

The energy from our perspective, having dealt with many of the minutia, and helping humans deal with the minutia, also has to be addressed. And by and large it has been.

In their eagerness to create Nova Earth, there will be this mad rush and the mad rush does nothing but create confusion and the feeling of inner chaos and therefore outer chaos. Inner mayhem, inner pressure, outer pressure, outer overwhelm and on and on with the list.

I bring this to the forefront for discussion because it is important that this insight be shared. ...

We are not being critical of any of this but [succumbing to the chaos post-Reval] is something that those who are bestowed funds, one way or another, have need to be aware of.

The Company of Heaven, the Council of Love, myself and Gabrielle are not sitting here with the stopwatch to see how fast you can leap to action.

Steve: But some light workers will be.

AAM: That is why you are going to tell them. I have made a jest in saying that your next assignment is to breathe. But I am not joking when I say, the very first assignment in the RV is to breathe.

It is not to be rushed. It is to be done in thoughtful, self-considerate action.

This is an unfoldment of a Golden Age. It does not happen in a week or a month.

Steve: I had resolved to follow your advice not to make any purchases the first week but just to sit but it became seemingly important to buy a new computer at one point.

That utterly threw me off. Instead of being available to what was happening, I was going down to Apple and trying to get this computer to work, transferring files, going out in post-Christmas crowds buying adapters, etc.

Next time, when the Reval happens, thanks to this preview, I *will* wait a week before I do anything.

AAM: And for most people, we will extend that out to a month because it is the breathing, it is the organizing, it is the physical adjustment to a different set of circumstances [that is important].

You cannot be fully engaged in the shift in energy, in the sense of joy, and be worried about whether you are buying a computer or buying a house or buying a nation. That will not do.

Footnotes

(1) Chaos can result from positive as well as negative events. A flurry of buying activity after the Reval can introduce a note of chaos into our lives at a time when we need to remain calm to handle a massive transition.

Please remember as well that it isn't just unexpressed grief, frustration, etc., that can be an upset; unexpressed joy can also be an upset.

(2) What Archangel Michael calls joy, I call bliss. So, if we want the joy to be unalloyed, we might do well to lean towards meditation rather than towards consumption.

(3) After the Reval, don't rush into arrangements.

Divine Mother: After the Reval, Go Where Your Heart Dictates

Sept. 23, 2017

<http://goldenageofgaia.com/2017/09/23/the-divine-mother-after-the-reval-go-where-your-heart-dictates/>

“The Divine Mother: After the Reval, Go Where Your Heart Dictates,” Sept. 23, 2017, at <http://goldenageofgaia.com/2017/09/23/the-divine-mother-after-the-reval-go-where-your-heart-dictates/>

Back in 2014, I had the most extraordinary conversation with the Divine Mother, (I) thanks to Linda. I just came across it today, in the course of editing a book on the Mother.

On An Hour with an Angel, I asked her for a charter for lightworkers who are participating in the Reval. I intend to commit her response to memory.

Steve Beckow: You talked about how we lightworkers are building Nova Earth and we’re creating the new environment.

We're soon, we hope, going to be gifted by the Reval with significant abundance and many lightworkers have taken the opportunity to buy Zimbabwean dollars or Vietnamese dong. And they will then be using a part of that to create Nova Earth.

Can you give us a charter please of what you would like to see us do with that part of the money that's going to go to that, in the five minutes that remain?

Divine Mother: First you take care of yourself and your family. You know that already from my beloved Michael.

SB: Yes.

DM: There is a term that I use frequently with all of you, and it is gentle and it is grace.

So when I say, "Take care of those around you, those within your community" — and yes, I do mean your lightworker community — who are in need, and then take care of what your heart dictates, there are some of you who immediately migrate to taking care of humans, and there are some of you that immediately migrate to taking care of the land, of the oceans, of the seas, of restoring Gaia.

There are some of you that are moved to reinstate systems, institutions, cultures that support ethical behavior. So do that, because it is always in alignment with your mission and purpose.

There are some of you who are moved to take care of the barking animals because they are hungry.

Now, in the new world, many species that have been extinct will return. Your cities will become places of fresh air and play and gardens. And so some of you will wish to take care of that and be part of that creation.

So go where your heart pulls you.

Many of you have come to work with your star brothers and sisters, because, do not forget, we know the attention in the moment is on the Ascension and the completion of this wondrous, wondrous anchoring of love.

But the next phase, dear heart, is the ripple effect out into my universes. So many of you will be focused on working with your star brothers and sisters and the next Ascension.

Go with my love. Farewell.

The next Ascension is apparently happening in around 200 years and will have an impact throughout the universe, according to Archangel Michael. (2)

I take her words as the Divine Mother's express statement of what she looks to me for: A graceful and gentle expansion of generosity, radiating outwards, always built on the stable platform of seeing to those around me (service to others).

What she recommended was take care of:

1. Yourself and your family.
2. Those around you.
3. Your lightworker community.
4. What your heart dictates.

From the center outwards. From my heart to the world. From home to the outside. From the local to the global. Start small, as Archangel Gabrielle once said, and expand outwards.

And to follow our hearts in that. That's what we all want to do anyways, isn't it? If it doesn't bring us joy, don't do it, right?

But to hear it from the Divine Person who birthed the universe - and all of us - is endlessly comforting.

If we all observed that one guideline - to follow our hearts, to follow our bliss, in our financial wayshowing and everything else - in my opinion, the world would work. (3)

Footnotes

(1) The Divine Mother is called by many names - Shakti, Kali, the Holy Spirit, the Word of God, Aum, the voice crying in the wilderness, etc.

The Divine Mother apparently incarnated as Mary, the Mother of Jesus; hence Linda's name for her, "the Universal Mother Mary." All of these names point to the same One, sometimes called Mother/Father God.

(2) Apparently many worlds will be ascending in 200 plus years, based on what Archangel Michael has said to me:

Steve Beckow: The next assignment is in the Seventh Dimension?

Archangel Michael: You will have a choice of planetary systems and this is just the warm-up for [that] Ascension. [That Ascension] is to bring a further rising of vibrations to those throughout the Universe. (Personal Reading with Archangel Michael and Steve Beckow, Sept. 16, 2011.)

Archangel Michael: As I have said to you, when you complete this mission, you are allowed to have 200 years off. But what you do with that is up to you, dear one! (Personal Reading with Archangel Michael and Steve Beckow through Linda Dillon, Dec. 18, 2012.)

(3) Now add to that what she said in 2017:

"Build what is divinely beautiful. I give you my divine authority to do so. I will guide you. I will help you. But I entrust this to you as well. ...

"We are helping you. That gateway is open and you are being flooded and you are being assisted and you will be assisted every step of the way." ("Transcript ~ The Divine Mother: Take Up Your Divine Authority, AHWAA, February 23, 2017," February 28, 2017, through Linda Dillon, at <http://goldenageofgaia.com/2017/02/28/transcript-divine-mother-take-divine-authority-ahwaa-february-23-2017/>)

Priceless guidance, from my point of view

Archangel Michael on Managing Sudden Wealth Post-Reval

August 5, 2023

<https://goldenageofgaia.com/2023/08/05/archangel-michael-on-managing-sudden-wealth-post-reval/>

When the Reval hits, our restraints may suddenly lift. In the heady atmosphere that results, any unfinished business we may have (and I tremble to say it) may be magnified.

Financial advisers call it "sudden wealth syndrome." I asked Archangel Michael to advise us lightworkers on it.

Michael is here addressing the short-term and the longer-term future after the Reval. In the short term, he's recommended that we first briefly celebrate and then "STAND STILL" for perhaps a week and adjust to our new position.

Then, in the longer term, we may, calmly and at a measured pace, begin our service to the Mother, as stewards of her bounty.

(I personally am taking 90 days off (A) to be through the time of any Non-Disclosure Agreement and (B) because I need it.)

This sense of false importance – there can be no room for this sense of arrogance, entitlement - that somehow because you have been blessed, you are above [others]. That is not the purpose. Think of it as putting you below. You are blessed because you are in a position to be of greater service. - Archangel Michael

Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, May 21, 2015. Hereafter AAM.

Steve: Please, any advice you can give me - and other light workers, not just me - about how to deal with the impact of suddenly finding your financial worries are over, you can live a life you want to live, etc. etc.

Archangel Michael: Do not be precipitous. STAND STILL.

Now that may sound like very amateurish advice. But it is one of the most difficult things for human beings to do.

Go to the stillness.

Do not feel the immediate necessity, which is an invention of your imagination and ego, to jump into action. Give yourself the opportunity to breathe; to allow this shift in reality, of what you have defined as your personal landscape, to sink in.

Yes, there is an entire world waiting to be rebuilt. It is not achieved if you jump the gun. It is not achieved if you are going full steam ahead and then collapse because of stress.

AAM, July 22, 2016.

Steve: I worry that sudden wealth will - with me too by the way; I'm going to have to battle this one as well - magnify those vasanas [or core issues].

What to do?

Archangel Michael: Let us ... begin by saying that this is one of the reasons why we have been speaking so much about being the steward, the leader, the wayshower, the participant observer.

As you assume profile – whether it is because of money or notoriety or political power or financial power, it matters not – it gives you a sense of being elevated. We would encourage you to take the elevator to the basement.

Start there. What we would recommend is to stay anchored – of course always in your heart, but – to your root chakra. Think of it in very practical terms. ...

Once your survival needs are taken care of, begin. ...

This sense of false importance – there can be no room for this sense of arrogance, entitlement - that somehow because you have been blessed, you are above [others]. That is not the purpose. Think of it as putting you below. You are blessed because you are in a position to be of greater service. ...

This is also why I have called upon, pleaded for unity among all of you. Because it is to give each other permission that, if you tend to begin to take that scenic detour, you have permission to call each other on it in ways that are kind and loving and considerate but clear and concise.

"Archangel Michael: Welcome to This Time of Re-Awakening - Part 2," channeled by Linda Dillon, September 30, 2013, at <http://goldenageofgaia.com/2013/10/archangel-michael-welcome-to-this-time-of-re-awakening-part-2/>.

Archangel Michael: We are not encouraging anybody, in any nation, to be foolhardy. So of course you tend to yourself. You keep a significant portion aside so that you can tend to yourself.

We do not simply send down rains of money — although that can happen as well — but for this instance we want you, we ask you, and we guide you very clearly to practice discernment.

And discernment is quiet. Discernment is not showing. Discernment is being the observer, not the judge. ...

And then, from the place of the discerning observer, to decide what is important.

I have said to you that this is a time of choices and decision. *You* decide what is important.

And what can be more important, first and foremost, than taking care of your sweet self and family?

Then you discern, with your heart. What appeals to you? Is it projects that promote free energy? Are you the unseen benefactor? Are you one who wishes to build new schools, what we would think of as nova schools, star schools? Do you wish to be in communications, like you, Steve?

So you discern where your heart and your mission and purpose has always pulled you towards. And then you invest not just money, but your energies, your love, your focus in that direction. Always with your eye on the larger undertaking: what promotes love and spirit? What creates the new Earth? What anchors the Cities of Light?

AAM, March 28, 2018.

Archangel Michael: I am not expecting, nor is the Mother anticipating, that you simply spend it rapidly and blindly. It has need to be done in a, what we would call, a conservative but open manner because what you are doing, sweet one, is truly creating, and co-creating with us, Nova Earth.

It is the restoration so throwing money and thinking that this needs to be disbursed rapidly would be an incorrect assumption. It has need to be done in a very plan-full, understood manner.

Steve: Alright, you and I would have conversations closer to those events, right? About what you would like to see, right?

AAM: Yes and what humans, humans who are entrusted with those decisions, also wish to see but they have need to be measured and doable in the moment.

Steve: And the monies have to not go astray?

AAM: That is correct. It is not about simply allowing money to dribble into the sand.

Steve: Or into a Swiss bank account.

AAM, Dec. 11, 2013.

Archangel Michael: One of the benefits of what you think of as delays is that you have been getting used to being an incredibly wealthy person.

Steve: Yes. Yes. I noticed that as well. Thank you.

AAM: So it has given several of the key players the chance to do the adjustment. It is important that this is you getting used to your spiritual currency.

Financial Wayshowing and Core Issues

May 6, 2015

<http://goldenageofgaia.com/2015/05/06/financial-wayshowing-and-core-issues/>

Sudden wealth can be a life-changing event ... in more ways than one.

In this article, I'd like to look at the relationship of the clearing we're doing at present to the work of financial wayshowing that we lightworkers will be doing later.

The Nova Earth Team has been told to expect abundance since perhaps late 2010. It has long known that it has a role to play in it.

Always we were told that the money was right there. My understanding now is that it has always been "right there," but in another dimension than we're in – Fifth Dimensionality rather than Third or Fourth – that is, a higher frequency.

This certainly fits with what the Arcturians said through Sue Lie some time ago: "Just as New Earth is a frequency not a place, the dissemination of this money is a frequency, not a time." (1)

"Within [the] higher frequency, those monies can be released to those

that will use it for Gaia and use it for love and light but those who are resonating to the darkness, to power over others will not be able to perceive that moment of the Now. ...

“Because of their state of consciousness, [the dark] are only limited to doing these things within their frequency range of the Third through Fourth Dimension. ...

“Now the receiving of the Reval ... is not something that will happen within the lower frequencies. ...

“It is very subtle but it is something that those of the darkness cannot even imagine much less experience.” (2)

It can bring up issues we never knew we had.

If the money were released while we were in the lower frequencies, “the darkness would use [it] to buy more [weapons].”

“It would just be a recurrence of what is already occurring. ... And so those of the Light slip in at a [higher] frequency, to accept this gift that is given to them to move beyond the fear of survival.” (3)

The Arcturians reminded us that “the sudden reception of a great deal of money is a huge initiation. ... Whenever you expand your consciousness or you move into the next place, you have to shed a great deal of darkness that prevented you from being there.” (4)

This fits with what Archangel Michael told me once that shocked me at the time. In mid-2014, more than three years after the Nova Earth team was first told of our financial mission, I asked him what all the delays in funding were really, really all about (no beating around the bush, this time):

Steve: Is it because you’re also wanting [the team] to get down to their core issues?

AAM: Yes! (5)

Oh my Gawd. With that acknowledgment, I stopped asking him about delays. I concentrated instead on getting down and through my own core issues.

A year earlier we discussed the impact of going into financial wayshowing while our core issues were still present.

Steve Beckow: Once we have a big piece of work on our plates, if we still have vasanas and the constructed self going off, it's going to be very difficult. We're going to have breakdowns.

Archangel Michael: It would self-implode.

SB:I think so.

AAM: You would have people breaking down. You would have systems breaking down. Systems of communication. The new realm is based on the ability to deal with and create change – to co-create Nova Earth and come from a place of love.

Everybody is thinking “hearts and valentines.” Love, the true anchoring of it, when you have been in a world that has been highly abusive, where many are still frightened, to express [oneself honestly] is a courageous, courageous act. And it is not always popular, but it is necessary. (6)

Meanwhile what we lightworkers have done with the thought of our financial blessing, AAM said very recently, is to give way to a sense of entitlement which won't serve us well if and when we begin to distribute wealth.

Said he: “I say this in great frankness. There is ... among many light workers, ... a level of impetuousness and entitlement and that seems, [viewed from] our side, to be growing.” (7)

Again this betrays core issues of unworthiness. If we received our blessing without having gotten through these root vasanas, the sudden acquisition of wealth could wildly exaggerate them.

So the time between now and the Reval – which I don't think is far away – will be the only time we have to liberate ourselves from the remainder of our core issues or root vasanas, to really prepare ourselves for what the Arcturians called the initiation of the sudden acquisition of wealth and what AAM called the risk of self-imploding.

Thinking About Our Post-Reval Humanitarian Work

Aug. 26, 2016

<http://goldenageofgaia.com/2016/08/27/thinking-post-reval-humanitarian-work/>

“Thinking About Our Post-Reval Humanitarian Work,” Aug. 26, 2016, at <http://goldenageofgaia.com/2016/08/27/thinking-post-reval-humanitarian-work/>

At some point I think we all struggle with how to think about humanitarian projects after the Reval.

Have we any conceptual models that might help us organize our thinking on how to achieve global workability - a world that works for everyone?

We do. The first is Abraham Maslow's hierarchy of needs.

Our focus will undoubtedly start out with cleaning up and restoring air, food, water, shelter, and clothing. Without these basic needs addressed, people's attention will simply not be there for creating a world that in all ways works for all.

Safety and security needs are next. And then the need for belongingness, in most cases the family, but could be an army unit, place of work, etc. Only after these are put in place do self-esteem needs and self-actualization arise on his hierarchy of needs.

The second is the UN's Agenda 2030. Yes, the Illuminati planned to use it to

create global unity which it would then hijack. We know they'll never be able to achieve that goal. But we're gambling that we'll be able to achieve this plan for a world that works.

Here are the goals the United Nations set out:

Sustainable Development Goals

Goal 1. End poverty in all its forms everywhere

Goal 2. End hunger, achieve food security and improved nutrition and promote sustainable agriculture

Goal 3. Ensure healthy lives and promote well-being for all at all ages

Goal 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

Goal 5. Achieve gender equality and empower all women and girls

Goal 6. Ensure availability and sustainable management of water and sanitation for all

Goal 7. Ensure access to affordable, reliable, sustainable and modern energy for all

Goal 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all

Goal 9. Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

Goal 10. Reduce inequality within and among countries

Goal 11. Make cities and human settlements inclusive, safe, resilient and

sustainable

Goal 12. Ensure sustainable consumption and production patterns

Goal 13. Take urgent action to combat climate change and its impacts*

Goal 14. Conserve and sustainably use the oceans, seas and marine resources for sustainable development

Goal 15. Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss

Goal 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels

Goal 17. Strengthen the means of implementation and revitalize the global partnership for sustainable development (2)

In my view, wholeheartedly applying ourselves to achieving these goals would in and of itself create the human unity and harmony that the world so badly wants.

If we want to stretch our thinking about the process of creating largescale employment projects, I suggest "Some Principles of Large-Scale Employment Development," at [http:// goldenageofgaia.com/2015/08/04/some-principles-of-large-scale-employment-development/](http://goldenageofgaia.com/2015/08/04/some-principles-of-large-scale-employment-development/).

What it says is that to create largescale employment projects, we need to:

- (1) Identify areas of the world's unworkability,
- (2) Create projects that reflect and express our values,
- (3) Set targettable, society-wide deadlines that allow for project-wide coordination of efforts,
- (4) Build alignment with win/win solutions,
- (5) Ask our critics for their expertise. (3)

To work on the global stage requires us to complete our core issues, drop the conditioned behavior that flowed from them, find and activate our will (this time, tempered by love, rather than the lust for money, power and sex, as in earlier times), and begin to take action.

If we're to build on a foundation of stone instead of sand, we need to inform our actions with the divine qualities. (4) Previously our actions were based on social-Darwinist values like "looking out for number one," seeing things as us against them, keeping the sharks from eating our lunch, etc.

Now they need to be based on divine values such as unity, harmony, and compassion; personal responsibility, awareness, and commitment.

How possibly could the world work for everyone? It's very simple. The rising energies on the planet are causing us to get bigger, expand, emerge from our shells.

We may not know it at the moment but where the energies are sending us is into bliss. I've been privileged to spend time in that state (around three months) and I can tell you that, in it, there are no problems, no divisions, no selfishness (except the desire to sit there in bliss forever).

In it one doesn't do anything that would harm another and does everything that would assist.

Therefore a blissful state is one in which the world would work. And that state is the very one we're headed for: Fifth Dimensionality.

In committing ourselves to building a world that works for everyone, we're simply aligning with the Divine Plan for our consciousness shift. We're getting a head start on matters that are destined to unfold with or without us.

Living in a Small Community?

March 19, 2017

<https://goldenageofgaia.com/2017/03/19/286815/>

I bumped into some folks from out of town in a neighborhood coffee shop. They turned out to be readers of the blog who knew I frequented that place.

I think that one part of the conversation we subsequently had should be reproduced here, while respecting their anonymity.

They wanted to give me (the Michaelangelo Fund) some of their money. They had a small number of Zim notes.

They live in a small British-Columbia Interior town. Many people there have been laid off because the forest-products industry is languishing. Automation has killed off many more jobs. Things are not going well for many parts of the community.

If they gave their money to me, it may go to Africa or South America. Who will take care of their impoverished community?

In a small community, you have even less chance of having a conversation with informed lightworkers than you do in a major city. You may be the only ones who know what's going on, as with these folks.

It becomes harder to do the work of funding because no one else knows the full picture. Building Nova Earth? What's that? It takes more nerve and courage to lead the way under those circumstances.

Be that as it may, who's going to take care of that small community if you don't?

So no, thank you very much but don't send your money to me. Use it to fund your very own community.

How to do that?

As a general rule: Fund people-intensive projects and services that are already serving the public and doing a good job of it.

Not projects that will put people out of work or spoil the environment. Look for any organization that's doing a good and needed job already in your community and expand it.

Fund local artists and craftspeople. Give to the local hospital or build one if you don't have one. Look for populations that are not being adequately serviced - start with single mothers and the elderly.

Look at neighboring communities and offer a grant to anyone who imports a useful people service from another community to yours (hospice care, after-school meals programs, tutors for kids, innovative daycare, home-visiting doctors, Internet-access libraries).

Speak to young people and find out what they need.

I'm told that those who do a good job of irrigating their community can expect to receive more. (1) This is an operation that's been planned over eons and Archangel

Michael has told me that the Company of Heaven doesn't intend to let it to go off the rails or languish.

Take care of your own community first and, only after that, send money to the funds that are doing work in other areas of the world.

So we give you the allowance [developing his metaphor of a child receiving an allowance] and we see how you do. (Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, March 10, 2017.)

Steve Beckow: Now I have been saying to readers that the Company of Heaven is watching financial wayshowers and stewards...

Archangel Michael: That is correct.

Steve:... And that those who do well - in other words, do the job of hydrating society - will find themselves supported to go forward.

AAM: That is correct.

Steve: ... It's correct. Okay. I don't want to be saying something to them that is misleading. Thank you for being definite about that. (Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, July 1, 2016.)

Steve Beckow: Bumper cars are going to be coming with more wealth when we've used up this money, is that correct?

Archangel Michael: That is correct. (Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, April 24, 2015.)

Steve Beckow: Well, Lord, when people benefit from the Reval, some people could think, "Well, look, I'm going to hold on to what I've gained," and other people may think, "No, no, I'm going to get my portion" — we'll come to that in a minute - "but a portion of what I've gained I'm going to share with others, to help others." Am I correct in thinking that those people who cultivate generosity will — how

can I say this? — well, why not just say it frankly? — will be used as channels for further abundance?

Archangel Michael: Yes, that is correct. Understand: love begets love; generosity begets gratitude, begets generosity; joy begets generosity, begets gratitude. You are absolutely correct. Archangel Michael: We are very aware of human history and how people have a tendency, even with the purest of hearts, to shift and perhaps even go a little crazy. So ... know that where there are gaps and holes we are waiting to see how the shift is affecting the collective of humanity and the collective of the foundations and the various groups. Archangel Michael's Advice on Post-Reval Philanthropy - Part 1/2

Sept. 28, 2017

<http://goldenageofgaia.com/2017/09/28/archangel-michaels-advice-on-post-reval-philanthropy-part-12/>

May I have a discussion with you about what I regard as important aspects of building Nova Earth with the funds generated from the Reval?

I had an exchange with Archangel Michel in a personal reading on Aug. 2, 2017, which has led to a number of insights and alterations in my Post-Reval plan for myself.

I'd like to post some of those insights in this article and follow it with a second article containing an excerpt from the reading on the importance of balance in approaching humanitarian philanthropy.

I came with one question but he gave me a different answer, as you'll see in Part 2.

Let me explain my position after the Reval, as it has evolved, much of it as a result of this reading.

As matters stand now, and as a result of my wanting to spend a quarter of my time in awareness writing, (1) I'll be part of the "flowthrough" or "throughput" (funder, pipeline) segment of the abundance chain.

I personally won't be funding people or projects now. (The Hope Chest will however.) Instead I'll be funding funds and foundations.

Or, in the beginning, large organizations who can be relied upon to further use or distribute the money.

Sitara and I often discuss the fact that she's concerned with grassroots action and community development and I'm concerned with blue-sky notions (visionary work) and largescale finances.

My service will lie in "flowthrough" to hubs rather than serving as a hub myself. Sitara, for instance, may choose to serve more as a hub in the Bellingham area. I think it's introverts and extroverts again.

With that as prelude, may I say that in the weeks since that interview, I've come to see two elements of the overall plan to build Nova Earth that I think need to be put in place - now is a good time - if we're to excel as stewards of the Mother's wealth and a community of New Earth planet-builders.

The first one concerns our need to respect each other's freedom.

I firmly believe that, as a globe, the chances of the success of our efforts to build Nova Earth will rise or fall proportionate to the extent to which we allow everyone (except those with harmful intent) freedom of will, choice, action, and path.

We regularly and routinely fail to recognize or actually violate the free will and choices of others. We'll never be able to build Nova Earth together unless that stops universally. Everywhere on Earth. Things need to go back to the way they were in

the days when you left your bike on the front lawn and the door unlocked. Yes, I remember them.

Everyone's property was respected. There was little stealing. We were taught to be polite and seldom saw anything get out of hand.

We need to recreate the safety and security for all people that allows us to again unlock our doors - this time the doors of our hearts.

The second element concerns tolerating diversity.

As I see it, as we contemplate building Nova Earth together, tolerating and even enjoying our diversity is going to be a highly-valued gift. We're about to become, not a melting pot - not by any stretch of the imagination - but a cultural mosaic.

Think of a 500-piece jigsaw puzzle. It takes all the pieces in place to make the puzzle become a picture. Each piece is different, but part of the whole.

I have my piece of the puzzle and you have yours. Without our pieces, the picture may not be seen.

If we just agree with each other to live and work (and be allowed to live and work) consistent with our puzzle piece, allowing others the same right, and combine our efforts, rather than trying to make everyone else be like ourselves, we'll turn the puzzle into a picture.

If not, we remain puzzle pieces worriedly seeking the whole.

To summarize both elements: To successfully build Nova Earth together, in my opinion, in future, we'll need to religiously respect (A) each other's freewill choices and (B) our cultural diversity, making allowances for it.

That's the price of making the overall task of building Nova Earth work, I think. (What do you think?)

Coming back to the interview, again as background, Sanat Kumara and Michael

have both promised me that there will be what Sanat called "bumper cars" with additional funds behind the initial currency-funded money.

But I still need to know how to coordinate matters - what my rate of flowthrough should be. I didn't want to jeopardize matters overall by flowing funds through too quickly. How quick is quick? How slow is slow?

Michael began by saying that I should hold back enough funds to gift over a three-year period. And he asked me to also hold back a contingency fund, or "grand reserve," as he called it.

But he didn't answer my question by coming up with a formula for throughput or something similar. Instead he focused my attention on achieving balance.

Well, of course, in balance is where discrimination lies, serenity, generosity. He advised to proceed with moderation, except in the matter of remunerating the staff, where I should be generous.

Since Michael is my cocreative partner, I know he has his eyes on the finances and can coordinate the bumper cars. I know deep down I don't really need to worry about it.

According to him, learning to respond with balance is what will save me from jeopardizing operations.

I know he's right. He's just given me the "Prime Directive."

Implicit in what he recommends is for me to use the universal laws in my work because their entire intent is to restore the individual to balance. (I'm going to turn next to the universal laws after completing the Divine Mother book.)

Note to myself: Balance = centerpoint = heart. All attention, from whatever source you read, is being focused on the heart, the balance point, the stillpoint. No wonder. Preparation for a heart opening?

At some point I predict that calling upon the laws will become second nature to us all, which I think is what's cosmically intended.

In the next post comes the exchange with Archangel Michael on the importance of balance in Post-Reval gifting.

Archangel Michael's Advice on Post-Reval Philanthropy - Part 2/2

Sept. 28, 2017

<http://goldenageofgaia.com/2017/09/28/archangel-michaels-advice-on-post-reval-philanthropy-part-22/>

(Concluded from [Part 1](#), above.)

From Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, Aug. 2, 2017

Steve Beckow: I'm a little concerned about how to know the throughput of money that I should be spending, consistent with the notion that bumper cars would come to me. I'm concerned I'll either spend too little or too much to coordinate with them.

At every point I'm going to be disbursing money and I never know whether I've disbursed so much money that I jeopardize the continuity of it all.

Archangel Michael: This is an excellent question and I have an excellent answer!

This is part of the learning and manifestation of balance. And as you know in the building and the restoration of course of Earth but the building of Nova Earth as well (and those are glued together), the sense of balance is a theme and a very physical, present theme in all things.

So, yes, there will be “bumper cars,” as you have called them. That is a delightful term. But we want you, and we consistently tell you, to pace yourself.

Let it be that moderation is your key.

And that is why we suggest to you not to be cheap or limited but not to be grandiose or over-the-top either. This is the way we want you to think of it.

And by the way, while we are at it, you are not intended to deny yourself either. No, we know that your desires do not tend towards the physical. And of course that is one of the reasons why you are perfect for flowthrough.

You are not looking for planes and châteaux, as we have talked about before. But I would say to you, be physically comfortable and when you look around and you say, “I am comfortable now,” then take it up a notch.

Steve: Go up to the penthouse? [My secret wish.] AAM: Yes. That is my advice to you. (1)

Now when you are looking [for new employees?] - this is why you’re going to have adequate staff to run these projects - you are only to deal with a handful of people. So you say to your CFO - and this is the guidance - “Tell me, what does it take to, say, run the Vancouver Project for three years? What does it take to run it for five years?”

We are not suggesting that it would be necessary or even desirable to stretch that out in terms of estimations for 10 years or 20 years. Because there will be ample money. But make that estimation.

We would suggest a three-year estimation and not paying people low wages, not saying that people have to live in bunkhouses, for example, or have to eat cheap food that is not organic.

So in terms of generosity of spirit and practicality of transformation, you look at that and you set that money aside. So there is a grand reserve, (2) so you never have to worry about the bumper car because we can guarantee you where this is going. (3)

Where the bumper car is going to come in, practically, is that every project, and that is why we want you to start slow, every project is going to spin off additional need. It is guaranteed.

Steve: Could you give me an example of that to firm it up in my mind?

The Vancouver Project is going to spin off extra need, like they'll identify a need that I haven't thought of.

Like: "There is a native reserve just outside of Vancouver which we do a lot with. Could you include them?" Is that what you mean?

AAM: That is exactly what we mean. [Another example.] There are not adequate support groups for men to discover a deeper side of who they truly are. That is a separate project but it is a spin- off.

Steve: So, I should keep that in mind that the initial amounts will grow, so to speak.

AAM: The initial amounts will grow and you will have it in reserve one by one by one. (4)

And you do not want - and this is on the practical side; yes, still with only handful of people reporting to you - so many projects that you can't see the beauty unfold, the singularity of one project anymore.

Steve: Now, this question benefits from what you just finished saying but I'd like to read it nonetheless.

I'm getting clearer and clearer that my first priority is awareness writing. I'm becoming more and more comfortable with the principle behind contact with no more than a handful of people.

I know you want me to remain the ultimate decision maker in matters of policy but apart from that, if I carve out a lifestyle kind and attentive to the needs of awareness writing, are you alright with that? That's really my first love.

AAM: I am over the moon with that! You can do the writing and I will do the art and music! (5)

(1) had a friend who lived in the penthouse of the apartment I live in. Seeing her apartment was what had me want to be in this building in the first place.

The last two times he helped me with finding new apartments, he either said he could or actually did arrange for the right vacancy at the end of the existing month, in one case in less than 48 hours.

I imagine as soon as I want to move to the penthouse here, I'll find that the current renters have just decided to move to a better spot elsewhere. I'll let you know.

(2) This "grand reserve" he's also called a contingency fund elsewhere. He's asked me to keep 20% aside for it and to begin to slow down with disbursements when I have only 27% of my total capital left.

Archangel Michael: This Sense of Emergency Has to Go

May 8, 2017

<https://goldenageofgaia.com/2017/05/08/archangel-michael-this-sense-of-emergency-has-to-go/>

Over and over, Archangel Michael tells us not to be hasty or self-important in how we go about our projects after the Reval, but to follow a measured and thoughtful pace.

Here again he reminds me that my new marching orders are strolling orders: No sense of emergency, no apprehension of urgency. Just measured acts of consideration and kindness.

Steve Beckow: Is there any change to my marching orders?

Archangel Michael: I am changing your marching orders to strolling orders.... No, there is no change to your marching orders, my beloved friend.

It is so important - hear what I say, above and below, within and without - that this sense of urgency and emergency that catalyzes so many human beings - sometimes necessarily but very rarely - this sense of rushing here and there, resulting in you spinning your wheels [has to go].

The first order of business is *breathing*.

This sense of patchwork repair - and we are not saying that there is not time to put a patch on a tire so that you can get from A to B - but in the bigger sense, this sense of rushing about fixing this, doing that, engaging in this just for the sake of feeling that you are doing something or just for the sake of ego-driven action has need to stop - not simply just fade away. Well, it is fading away.

I want to emphasize this. Very often, what human beings in their daily life, not the larger global events but in their daily lives, are interpreting as urgent, as must/needs, is not so.

They are not anchoring and so we are encouraging the anchoring in their joy, the anchoring in their love and the love to truly be the impetus for action, for movement, for going forth about their business and the business of the Mother, in any given day.

Creation is infinite and it may take, in your terminology, a millisecond or it may take billions of years. The wisdom of knowing the pace at which to proceed, that doesn't create either in oneself or in those around you, either very personally, immediately or in the greater population, a sense of urgency is very necessary.

So that as you are approaching, and doing and enjoying the creation of Nova Earth, that it is done and undertaken with a sense of joy, of balance, of peace and of love; that there is a sense of joyousness in that.

Very often in the sense of either individual or collective urgency, what happens is consideration, mutuality, cooperation, collegiality are overridden or set aside because it is too important; it needs to get done now.

That is not the truth of this transformation. If it is not done in peace and unity and collegiality, then the outcome, the desired outcome in terms of the Mother, has not been achieved.

If you are, for example, ending hunger in the Sudan but you have made yourself sick and ill and exhausted in so doing, then something has been missed.

So the sense of urgency, which often includes the sense of self-importance, not in terms of fulfilment of mission but literally, “Look what I can do,” needs to be eliminated so that it is thoughtful and plan-full.

It can happen more quickly, more effectively, more efficiently when those with the wisdom, the understanding, the right attitude and the information are truly included in the first brush, not as an afterthought.

So what I am saying, and this is not obviously just to you my beloved friend, but to so many; so many who are going to think that they are letting down our Mother if they do not act quickly.

Act with measured kindness. Act with considered action. You are stepping forward in massive creation. Do not minimize it by simply taking baby steps.

The magnitude of the shift - not only physically but emotionally - the impact - not only individually but on the collective consciousness - of this shift is monumental. And it will take a little bit of what you think of as time, to sink in.

Now think of this, you have had a situation where this sense of financial pressure, of lack has been lessened and lessened and look at the creativity and the growing sense of ease that has come from that literal anchoring down, the settling in in this sense of this world/my world has shifted and I am safe so that there is not the anxiety of having to rush and do something.

This is going to happen with the collective and it is particularly going to happen with the Lightworker/loveholder community. So how they would act and how they would proceed tomorrow and a month or two months from now is significantly different.

So our guidance, our very strong guidance to each of you is, do not proceed from a sense of false urgency. And that is an immediate sense that you need to do something or that you are letting the Mother down.

When you proceed with calm consideration, with the brilliance of your minds, then you are proceeding in ways that are divinely orchestrated.

As Our Projects Begin....

March 24, 2012

<https://goldenageofgaia.com/2012/03/24/as-our-projects-begin/>

Various spokespeople for the Galactic Federation are telling us that our time to serve is either here or will arrive soon. SaLuSa representing the Galactic Federation had this to say on the subject on March 9, 2012:

"It is as you might say a time when it is all hands on deck, as you enter a period when changes will take place in rapid succession. For many reasons, those who are Lightworkers will be called upon to involve themselves in many tasks, that they have prepared for over many lives." (1)

The Galactic Federation through Greg Giles said much the same on March 15:

"We will recruit as many of you as needed to assist in these great tasks, and your training sessions will also move ahead at a brisk pace. This is why we ask you to remain sharp and remain focused. It will be soon that you will be called upon in service, and you will be expected to bring your best with you and reach your greatest potential as a member of the Galactic Federation of Light." (2)

The GF through Blossom essentially agreed on March 19, 2012:

“Before you came to this planet ... before you even moved into the human status ... you agreed to assist in this very time you are in NOW ... to change the state of the situation . Each of you, *en masse*, understood what would need to be done at the appointed time. Each one of you will recall your position when it is necessary.” (3)

Of course there'll be many who are not lightworkers, but lightholders, and for them these messages may not apply. Both roles are important. A lightworker feels a desire to serve; a lightholder feels a desire to potentiate, actualize, or realize. My understanding is that people will know who has chosen which path.

If the call to serve doesn't resonate with you, by all means pass it by. Each of us must follow the path of his or her own dharma so I speak at the moment only to lightworkers.

Blogsites are multiplying as we lightworkers get the word out. Radio shows are opening. Videos are being produced. I haven't heard of any TV shows since Alfred Webre began his but those too may commence at some point, as may meet-ups, lectures, and conferences. (There may not be time for movies except perhaps like *Thrive*.) But what I wanted to discuss here are some things to expect and consider as we begin our projects.

The first thing I wanted to mention is that teams and groups may find their projects going through stages or phases and the three most important phases to consider at this point are (1) the honeymoon, (2) the tug-of-war, and (3) the coalescence.

In the honeymoon, the team has just committed itself and marvels at the prospect of cooperation before them. All seems possible. The future looks bright. The team begins as a marriage might, with the highest expectations of smooth sailing and a successful partnership and conclusion.

And then “harsh reality” may set in in the tug-of-war phase. Here, the first disagreements occur and people realize that they may indeed have different means and ends. People may be committed to their own vision of the project and others may be equally committed to theirs, the two of them being perhaps different, perhaps divergent.

Shock may arise as people realize that all may not be smooth sailing. People may begin to resort to their winning ways, bargaining, posturing, push and pull, and all the other moves that people use to try to get their way.

If increasing resistance is met, people may begin to share amongst each other, gossiping and complaining about others in an effort to gain a sympathetic ear or even allies. Groups start polarizing and may even fall apart at this stage. Many groups don't reach the coalescence stage. Many wonderful projects founder here and leave no trace: A good idea, a flash in the pan, an idea before its time.

At this stage, it's necessary to stop the gossiping in sidebar discussions. Sidebars bleed the energy off and may forestall or even prevent resolution. Stopping them calls for commitment on one's own part not to gossip and not to collude with others who wish to. It takes resolve to funnel the disagreements back into the group where they can be addressed and completed. And once they're funneled back in, then the group itself, or mediators within the group, need to assist those having disagreements to see their way through. And that's where the two most important tools that promote coalescence come into play.

The two most nurturing, practical and empowering tools any group has to get itself through the tug-of-war phase and into coalescence are sharing and listening.

What is sharing? Sharing is a form of communication in which an individual reveals him or herself. I don't mean sharing as in "share and share alike." I mean it rather as in telling another who we are in the matter under discussion.

There again however, I don't mean it as in telling another what we like and don't like or talking to get strokes or be affirmed. I mean it as in sharing what is basic for us, essential, the ground we stand on, our principles, our commitments, and, equally important, our feelings.

Sharing means openness, transparency, vulnerability. Many people feel acute discomfort around sharing how they truthfully feel. Those who do often experience connection and immense relief. Those who don't often experience increasing isolation and stress. What we refuse to share owns us and runs us so sharing these things can release us and reconnect us with the group.

Most often what we don't disclose to another, and what constitutes THE missing piece for them, is how we feel. How something sits with us, how it impacts us, how it resonates with us is what is lacking in most other people's knowledge of us and is the piece which, known, allows them, and in fact attracts them, to relate to us from a position of comfort and compassion.

If we favor withholding, we usually do so because we're up against our history of having been hurt by others, disappointed, rejected, abandoned, etc. But without

sharing how we feel, people may feel they don't know us and need to guard themselves against us. They may be suspicious of those who won't disclose.

What is it about sharing that heals, attracts, and nourishes? The most important aspect of it for me is that sharing communicates the truth, responsibly and harmlessly. The truth heals. The truth is what all of us, all life forms, seek. We are here on this Earth to know the truth about ourselves. The very purpose of life is to discover our true identity and that true identity, it turns out, is God. When one of us discovers the truth about ourselves in a moment of enlightenment, God meets God. That is the moment for which all of life was created.

The way God designed life, to the best of my knowledge, is that deception binds but truth sets us free. The more lies we tell, the more our stress increases and our awareness decreases. The more truth we share, the more our stress decreases and our awareness increases. Or so it seems.

Sharing is the great leveller, the great equalizer. All shares are born equal. The millionaire's share is as valid as the pauper's share. How many times have I seen a person cop to the fact that, though all other circumstances in their life may be unequal, the share of one is precisely equal (no more, no less) to the share of another. Perhaps one has to participate in a group to really see this. It becomes instantly visible the minute the people in a group begin to share (and they usually don't begin to share right away).

A share is verifiable only by me. No one else knows what is true for me and I know only by watching my release or submitting my share to my inner voice. If I'm telling the truth, I'll be set free from tension and resistance; if I'm not telling the truth, tension and resistance will grow. In this sense, sharing the truth is foolproof. I can tell whether I shared the truth by seeing whether I feel increasing or decreasing relief. No release, I have not shared the truth. Time to try again. Time to see what I'm withholding and share that. Increasing relief? Good. I'm on the right track.

One can't fool the inner voice. One cannot fool the divine plan. Events in life have been arranged such that the truth will set us free and only the truth. Money will not. Beauty will not. Power will not. Only the truth brings release. As far as I'm concerned, that's the way God designed it. Such an explanation may not satisfy some people, but I still regard it as true.

Of equal importance to a deep and open share is focused and committed listening - the second tool a group has to move through the tug-of-war phase. A share with no listener is like a tree falling in the forest that no one hears. It may as well not have

happened. Why a share without a listener is nowhere near as effective as a share with a razor-sharp, committed listener is not easily known to me. I do know that my own effectiveness in sharing goes down by an order-of-magnitude when I see that another is not listening. I know well that feeling of being let down and almost giving up.

Most people don't *listen*, I hate to say, whatever it is they think they're doing. Mostly they're framing their next share or talking to themselves for other reasons. They simply pretend to share by aiming their face at the speaker or remaining silent until the first moment when they can cut in and take back the speaker's turn.

Committed listening has a multiplier effect on deep sharing. Each element of a share that is fully heard almost seems to disappear as an item and yield place to the next element as if listening were the match and each share was a particle in a trail of gunpowder. Most people when they have this depth of listening eventually reach the explosive Aha! moment: they see what it is that's driving them, eluding them, or tying them up in knots.

The Aha! moment is veritably an explosion that occurs when the fire passes along the length of the gunpowder trail - almost guaranteed to happen and only a question of time. That's how I see it after years of observation.

I endeavor to listen to every word and recreate the emotion with which it's said, re-experience whatever the speaker is experiencing, and, *without being intrusive*, mirror back that I am listening and following each sentence. I look upon each sentence as a potential chapter heading, to be unravelled if necessary. I intend to know the truth of whatever I need to know, however long it takes.

I allow a person to say their whole story once straight through, with minimal interruption, so they get a sense of the sum of events. Then I ask them how they feel about what they've just said and allow them to tell their story again at a feeling level. We then cycle through a third time to see if any events or any energy remains.

Many people regard story as a negative thing. I don't personally although I acknowledge that handling story by sharing and listening is a longer process than some others. But if listened to intently, a person sharing a story can begin to unpack and unwind the story and see why it has been constructed and what purpose it serves. Eventually they see what's driving them.

When they reach their Aha! moment, usually all they want to do is get off the phone or out the door and report what they saw to their loved ones. I don't hold

them back but speed them on their way. I certainly don't require them to go back into their story after that. That usually only re-triggers the issue or upset.

Deep listening is practically invisible. Don't expect to be thanked for listening. Most people in release have no idea how they get there and, if listening is truly committed and deep, may not even realize what just happened. They do know that they feel gratitude for something and definitely enjoyed the experience.

In a group, the tug-of-war communication may be between two people with disagreements. In that case, one speaker may wish to talk to the other person or to a mediator with the other person listening in. The mediator would want to know what happened, what it represents to the speaker, how they feel about it, what earlier incident it reminds the speaker of, how they felt then, what they see now, and what they'd like to see happen. Sharing works best without interruption except for periodic indications that the speaker is being heard, followed, and understood. Then the other person gets a chance.

It may be necessary to cycle through both people one more time. It may be that no agreement is reached. Perhaps a third avenue of proceeding is agreed upon rather than the way preferred by either party. But usually simply fully expressing the issues that are there is enough to bring a meeting of the minds or an agreement to disagree, amicably.

Interestingly, once the issues have been shared and heard, and both people are no longer immersed in them, the resentment and stuckness seem to evaporate and both parties find themselves back at the *status quo ante*, which usually is the last point of agreement. It can sometimes be a shortcut to ask both parties to simply go back to the last point of agreement. As trust and relationship builds, it becomes easier and easier just to take that short cut.

Deep sharing and committed listening are the two most valuable tools to get a team through the tug-of-war phase and into the coalescence phase. All that is basically human seems visible in or arises from the ability of one person to share with another and be heard. I'm not sure why such a great deal rests upon unimpeded and open communication but it seems that to. There appears to be very little that cannot be gotten through by deep sharing and committed listening.

Finally we reach the coalescence phase where people feel they trust and understand each other. Cooperation is truly now possible. When issues arise, people fall back on their love and regard for each other and don't want to press their issues. Instead they either let them go for the good of the team or work them through themselves

or in concert with their team mates. In this phase people love to share and listen, equally. Times together can be rich and rewarding.

They freely share the impact of each other's plans or actions on them or on the team, as they see it. They look for solutions. They share power. They come forward when needed and move into the background when not needed. In the coalescence phase, people do what works and what they do works, as Werner Erhard said many years ago.

The team works as a team and succeeds in what they do. Less needs to be said and all conversations are deep shares and committed listening. The team is interested in little else. It isn't that a coalesced team sees no more issues; it's more that they've built a bond on a firm foundation and can weather the issues that arise.

Good luck with your projects as we leave the part of 2012 that had most to do with us as individuals and enter the part that seems to have more to do with us as teams.

<http://goldenageofgaia.com/2017/03/19/286815/>

I bumped into some folks from out of town in a neighborhood Starbucks. They were hoping we'd meet, having estimated which Starbucks I probably frequented and then planting their computer with the Golden Age of Gaia on the screen. That worked

Leaving that pleasant surprise aside, I think that one part of the conversation we subsequently had should be reproduced here, while respecting their anonymity.

They wanted to give me (the Michaelangelo Fund) some of their money. They had a small number of Zim notes.

They live in a small British-Columbia Interior town. Many people there have been laid off because the forest-products industry is languishing. Automation has killed off many more jobs. Things are not going well for many parts of the community.

If they gave their money to me, it may go to Africa or South America. Who will take care of their impoverished community?

In a small community, you have even less chance of having a conversation with informed lightworkers than you do in a major city. You may be the only ones who know what's going on, as with these folks.

It becomes harder to do the work of funding because no one else knows the full picture. Building Nova Earth? What's that? It takes more nerve and courage to lead the way under those circumstances.

Be that as it may, who's going to take care of that small community if you don't?

So no, thank you very much but don't send your money to me. Use it to fund your very own community.

How to do that?

As a general rule: Fund people-intensive projects and services that are already serving the public and doing a good job of it.

Not projects that will put people out of work or spoil the environment. Look for any organization that's doing a good and needed job already in your community and expand it.

Fund local artists and craftspeople. Give to the local hospital or build one if you don't have one. Look for populations that are not being adequately serviced - start with single mothers and the elderly.

Look at neighboring communities and offer a grant to anyone who imports a useful people service from another community to yours (hospice care, after-school meals programs, tutors for kids, innovative daycare, home-visiting doctors, Internet-access libraries).

Speak to young people and find out what they need.

I'm told that those who do a good job of irrigating their community can expect to receive more. (1)

This is an operation that's been planned over eons and Archangel Michael has told me that the Company of Heaven doesn't intend to let it to go off the rails or languish.

Take care of your own community first and, only after that, send money to the funds that are doing work in other areas of the world.

Dream Big, Plan Big, Build Big

Mike Quinsey's source suggests that there is a definite order between Disclosure and Abundance. It says:

"At many different stages in Man's evolution you have been visited by Space Beings, but they have not always had the best of intentions. The Anunnaki who have now gone from the Earth kept you in a 'prison' of their making and led you to believe in a false version of your history.

"The time has come to learn the truth but first you must be uplifted, and Mankind must create conditions on Earth that restore an acceptable

standard of living." (1)

First we must be uplifted and restore an acceptable standard of living to everyone on Earth before the galactics arrive. That's definite and it gives us the order of events.

He's not only referring to the Reval, but to NESARA as well, as he makes clear here: "NESARA is to be enacted very soon and will take Humanity out of the Dark Ages and into the Light."

So we lightworkers are being given a window between the Reval and the activation of NESARA ... for what?

I'd say to set up channels of financial flow, service delivery organizations, and various other infrastructures and foundations that NESARA can use when it arrives.

Yes, I have no doubt that it could flow by the archangels simply changing the zeroes in our accounts. Michael once said to me that the fact that he was sending tangible financial help to the team "does not mean that we can not put money in a bank account because we can." (2)

So if he can put money in our bank accounts, what need has the Company of Heaven of us?

They want us to do as much as we can, because it's our planet. We bear collective responsibility for the damage done to her.

But rather than go into that discussion here, let me save it for the next article.

Here what I'd really like to underline is that we lightworkers are being given every opportunity to lead in the restoration of Gaia.

Even though NESARA is around the corner, in a manner of speaking, the Reval is being released. We're being given what amounts to a head start to meet as lightworkers, make our plans, begin our programs, build our structures, and carve out the new paths to planetary prosperity, unity, and harmony.

I asked Archangel Michael whether this was lightworkers' time to shine, in a

reading on Oct. 11, 2016:

Steve Beckow: Am I correct in thinking and saying that this time is the light workers chance to show what we can do before NESARA or disclosure really takes the agenda away from us?

AAM: That is correct. (3)

We already know that more financial help will come to those who generously hydrate others. (4) We know we're "mightily protected." (5)

And we know, as St. Germaine advised us, that "this flow-through is going to be rapid." (6) It sure sounds like it will be.

Finally, we also know that our stepping forward to lead financially will result in our being looked to later as spokesbeings. Michael says:

“Those who are in a position of stewardship, of beginning projects that lead the way to the building and the re-creation of what Nova Earth is truly about ... become the spokesbeings for many.” (7)

So we're forewarned.

When we consider all that we know about abundance and our role in it, have we not sufficient encouragement - even invitation - to dream big, plan big, and build big?

So is it important that humans – because this is what they're used to working with – have currency to create this healing of the human race and, yes, of soil and water – but that is because they have sullied it as well – and give Gaia a chance to breathe again.

And are you moving past this fantasy that there is lack and limitation in the universe and upon your planet when it is already being demonstrated that there is such abundant wealth in the tangible meaning of the word and the intangible meaning of the word? The answer is yes.

So when you say: Will I be a pipeline? The answer is yes. (Archangel Michael in a personal reading with Steve Beckow, Oct. 11, 2016.)

The Vision I'm Holding

July 30, 2016

<http://goldenageofgaia.com/2016/07/30/vision-im-working-towards/>

I was sharing with some friends what I was creating. What I'm creating is constantly emerging so this was my latest statement of it.

I must say to whoever is helping me articulate this vision that I like it and I'm behind it.

What am I creating? I'm creating a restoration of collective will among lightworkers on this planet such that they will come together to use their financial resources to build Nova Earth, to rid the Earth of global problems like hunger and poverty, and to create a world that works for everyone.

"[We'll soon be] handed the resources and now we need to do the actual work."
What does this mean?

A restoration of collective will among lightworkers on this planet...

Wherever the will to collaborate is lacking, to encourage it, call it forth (if it can be called forth), to help others to find their will.

The collective will is 7 billion individual wills, intending.

What we need to do is to make that process of intending a conscious matter and then exercise our will in a conscious and unified manner to build Nova Earth together.

... such that they will come together to use their financial resources to build Nova Earth:

Financial resources: A portion of funds received from a Reval investment, a prosperity program, the sale of historic bonds, or any other element of the abundance program. We asked Archangel Michael to give us the tools and we'd finish the job. These are the tools.

Come together: Don't give it to me. This is not a pitch for you to send me your money. It's a pitch to send it to a central organization that will receive and channel the funds.

Either financial wayshowers could leave it to the organization to channel them or specify programs of the donor's choice.

Let's use these funds to end hunger. End poverty. End disease on the planet. End all other causes of global misery and suffering.

Build Nova Earth: Turn away from a consideration of the past to build the future. Concentrate our attention on the emergent shape of the new world - new society, new government, new spirituality, new education, new finances, etc.

To rid the Earth of global problems like hunger and poverty, ...

Working separately, financial wayshowers won't be able to impact the global situation But if we pool our resources, we could.

The most we could do separately would be to think globally and act locally. If we combine our efforts, we'd be able to think globally and act globally.

Only unworkability is visible. When people are in perfect health, their perfect health is usually not noticeable. But a beggar's plight, a leper's, a victim of AIDS ... their plight is very visible.

We need to take the unworkability in the world - hunger, poverty, slavery, disease, disability - and make it workable. But we need to do it in an organized way.

... and to create a world that works for everyone.

When I first heard Werner Erhard use this phrase, it electrified me. But I didn't know how anyone could build a world that works for everyone. It seemed an impossible dream to me.

Now it's crystal clear. A world that works for everyone is a Fifth-Dimensional world. It's a world in which heaven has been brought to Earth. It's a return to the Garden. It's a world without duality, separation, and suffering. It's a world whose primary and unmistakeable characteristics are love and bliss.

As I write these words, I gently enter into the blissful state. Here, in this state, nothing is amiss; nothing is lacking; nothing is required.

Saturation with bliss, I assert, will transform everyone into a person of whom it could be said that they do what works and what they do works.

Saturation with the bliss of the Fifth Dimension will by itself create a world that works for everyone. Our challenge is to grow and evolve by creating that world before Ascension.

... [We'll soon be] handed the resources and now we need to do the actual work.

Our constant refrain has been that our hands are tied because we don't have the money. Well, now we're about to get the money.

There are no more excuses for not rolling up our shirtsleeves and getting to work. We need to come together in lightworker congresses to plan out how to accomplish our task.

We then need to debate the various proposals and accept some or all of them. Next as financial wayshowers we need to contribute the resources to accomplish it. Then we need to get to work.

This is the vision I'm holding.

Dreaming and Holding the Vision

November 21, 2018

<https://goldenageofgaia.com/2018/11/21/dreaming-and-holding-the-vision/>

I need to have a clarifying discussion here that began with a reader. But I know it needs to be had more generally.

Please excuse me if I sound a bit strong but I need to make sure a few matters are plain.

The first thing I need to say is that I cannot and will not agree to act as anyone's financial adviser. I don't say that to be a grouch.

I say it because I have zero knowledge of finances, despite the rapid learning I will have to do later. I have no business telling another what they should do financially. It'd be the blind leading the blind.

However, there is full coverage of these matters by others in this site's Library at <https://goldenageofgaia.com/financial-wayshowing-reval/>

There you'll see the currency exchange process discussed and full coverage of the meaning of the Reval, the hopes of the celestials regarding what we do after the Reval, etc.

The second matter is related: I can't agree to help others through their process. There are thousands of you and only one of me and that one of me will be entirely busy with his own process and trying to make heads or tails of it.

Again the help lies in the carefully-assembled Library, there just for the purpose of guiding you through.

Since we broached the subject, permit me, if you would, a few more reflections.

The Mother joked with me in the last reading, when I told her I had zero knowledge of finances. She said that she didn't ask me to come to be an accountant. She said she expects me to hire a good accountant.

No, they hired me to dream big - a universal basic income for every country? I'll certainly go until I run out.

Remember that the Reval is not the only means by which money will be funneled to lightworkers who serve as financial stewards for the Divine Mother.

By the sounds of it, there will be numerous flows - multiple prosperity programs, sequestered Illuminati funds, historical assets, contributions from the royals, off-planet gold, etc.

Moreover I anticipate others also wanting to provide universal basic incomes for the citizens of their own countries so that the work may progress more quickly than imagined.

The redistribution of wealth on the planet and focused humanitarian efforts that occur will aid in rehabilitating the planet and preparing all for Ascension.

I'm to keep my eyes on that goal and others will do the financial administration.

And I'll give them all the room they need to do their job. Like Canute, I know my power has limits.

If I get myself involved in financial matters in too much depth, I risk making unproductive decisions. Here's where what I called the Watcher the other day

comes in. (1) I need to watch myself and rein myself in when it looks like I'm descending into the financial details. It isn't my mission.

Dreaming on the Third/Fourth Dimension is the same as creative thought on the Fifth: It calls something into being. In the afterlife world, builders erecting a structure come together and think it into existence. (2) All their other needs are also satisfied through creative thought.

Dreaming and holding the vision are what I love most and do best. That plus producing a publication.

What Might Post-Reval Project Gifting Look Like? - Part 1/2

What Might Post-Reval Project Gifting Look Like? - Part 1/2,” June 28, 2015, at <http://goldenageofgaia.com/2015/06/28/what-might-post-reval-project-gifting-look-like/>

After the Reval, many of us will be taking a portion of the world’s unworkability and gifting in such a way as to impact the circumstances that keep the unworkable conditions in place. I'd like to illustrate how my own project planning is going, to offer an example of one funding effort and the unworkability it addresses. I hope it assists you in your reflections.

The Projects and Their Process

A fund that I'll be setting up, called the Michaelangelo Fund, has one project at the moment:

The Vancouver Project explores ways of correcting imbalances within the community by seeing to the needs of single mothers, the elderly, sick, disabled and dying.

It'll be a while before they're all fully up and functioning. There'll be much work in setting up offices, hiring staff, and creating procedures. And time out for a vacation.

Here's how Archangel Michael asked us to proceed. He's speaking at a time when we were just beginning to develop our ideas. They had not yet gelled into the specific projects they are now:

"The work is not simply for Lightworkers. It is to bring those who think that they are alone, isolated and forgotten to the warmth of Gaia's hearth fire.

"Begin at home and get your feet wet. Begin with the disenfranchised adults - women, then men, then children, because the children will benefit right off the bat regardless.

"Then extend yourself to what you have thought of as the marginalized populations - yes, criminals and those who have been locked up because people label them mentally ill. Then spread your wings across the globe." (1)

The Decision Makers and Their Process

This may be more detail than many people want. I'm writing specifically to financial wayshowers and showing the level of planning that can be done before abundance arrives.

In the judicial world of legal decision-making, the individuals who make the funding decisions would be considered tribunal members. I'm borrowing the term from the Immigration and Refugee Board (where I worked) and calling them "Members."

Each Member is an independent decision maker, whose decisions cannot be overturned unless the Members are shown to have violated the law or the decision is shown to be patently unreasonable.

It isn't enough to say that a decision is not the one I'd have made. If it's

reasonably open to the decision maker to have made the decision they did, then it wouldn't be reviewed or overturned.

So as to preserve their independence, no discussion of a Member's decision will be permitted until it's made and, even then, no discussion will be permitted that constitutes gossiping, sidebarring, negative criticism, etc.

To allow sidebarring would be to jeopardize the Member's ability to make the tough calls. Members might fashion their decisions under those circumstances so as to avoid criticism rather than to accord with the facts and claims of the case in question.

Discussion of the legal principles underlying a decision, of a "best practices" standard the decision sets, or of a well-carried-out interpretation of country conditions are examples of collegial discussions that forward the action rather than impeding it.

There will be Professional Development Days where country conditions are discussed, trends in decision-making, or the legal fine points of decision-making, credibility analysis, or the law.

(Concluded from Part 1.)

Reaching a Decision

How will they reach a decision in the larger and more complex funding requests? The legal test or standard of proof they’ll be applying is “a balance of probabilities.” That translates into “more likely credible than not.”

So not “credible beyond the shadow of a doubt,” which is a much higher standard of proof but, to use other words, “probably credible,” “more than a fifty-percent chance of being credible,” etc.

Credibility is assessed by looking for implausibilities, improbabilities, impossibilities, inconsistencies and contradictions in the submitted request and its back-up documentation or any oral testimony that may be gathered or heard. If the evidence is plausible, probable, possible, consistent and uncontradicted, it's assumed, on a balance of probabilities, to be credible.

With grants over \$50,000, we may in the beginning use compliance testing, go teams, researchers, etc., to verify a group’s bona fides.

Compliance testing ensures that a product or service meets a defined set of industry standards as well as requirements and demands specific to that product or service.

In the case of companies or groups, it may be used to guard against fraud, misrepresentation, criminal activity, duplicate submissions, etc.

Go teams are an element of compliance testing. They'll go out sparingly (only in the case of large or significant requests or requests upon which doubt has been cast) into the field, where needed, to confirm that circumstances are as they're represented as being.

Researchers will supply the Members with research pertinent to a funding request - background information on the circumstances of gender inequality or persecution in that country or region, the group making the funding request, or any other circumstances the Members should know to allow them to reach their decisions in a clear, timely, and well-informed manner.

When it comes to gifting in countries that have had repressive regimes, that have social mores and values that have to be known and respected, or that have laws and regulations that have to be observed, the researchers will alert the Member.

In some and perhaps even many circumstances, special provisions may need to be made to protect individuals and groups at risk. For instance, gifting an Afghani women's organization with \$50,000 might be akin to signing a death warrant for its members. A risk-free way will need to be found.

We won't be tracking the use of the funds once they leave our hands. Archangel Michael has asked us not to spend time on that, but instead to ask for a report on how the money was spent if the group comes to us a second time.

This is the Mother's money, he's told us. If it's asked for and gained under false pretenses, it'll still have a transformative effect on the recipient anyways.

We know we'll probably be scammed perhaps 10-15% of the time.

Any widescale provision for the wellbeing of a group is open to being scammed. Unemployment insurance, car insurance, medical insurance - in the past, there's always been someone scamming something - or so it seems.

We accept that as a “cost of doing business,” rather than wasting our time excessively worrying about it.

But there’ll be less and less of that as our vibrations rise. I’m led to believe, those recipients who perform well will be handling a stream of funds that will go far past the original sum earned from currency exchanges.

Review and Expedited Streams

For us there will be two streams of requests: the “review” stream and the “expedited” stream.

A Registrar will receive all requests and channel them into one stream or the other. The “expedited” requests have been judged by the Registrar’s staff to be straightforward and non- controversial. They require a simple signature from the Member and little or no research will accompany the file.

The “review” stream comes to the Member’s desk with research attached and may require compliance testing or a go-team visit.

The funding decision will be made after study of the background research and the results of compliance testing and/or go-team visit, due reflection, and consulting the heart. “When your heart says contribute,” Archangel Michael has said, “then that is the litmus test.” (1)

For amounts over \$50,000, a short written decision will be produced that gives the Member’s reasons for accepting the claims of the requester and gifting the funds.

It will acknowledge what the pertinent background research says, the testing done, and the grounds for reaching the decision.

Decisions will be stored in a database to allow for review and for statistical analysis. The principles of law that apply in the Canadian judicial system, which is very robust, will be the standard the projects follow.

Archangel Michael has asked us to act consciously as wayshowers and to make our arrangements capable of being used as industry standards elsewhere. So no \$500,000 salaries for executives who do nothing. But generous salaries, with the employee having a say in setting amounts.

He further stipulated that we not simply reproduce the old Third-Dimensional environment of hierarchy, control, dog-eat-dog suspicion, etc. If we did, he said, he'd shut us down.

Compensation will include such things as a six-hour work day, a benefits plans covering medical, pharmaceutical, dental and hospital bills, a generous severance package, debt retirement, etc.

Building Social Capital

October 6, 2020

Credit: marketbusinessnews.com

Social scientists have the concept of "social capital." What does it refer to?

Business journalist Will Kenton defines it:

"The term social capital refers to a positive product of human interaction. The positive outcome may be tangible or intangible and may include useful information, innovative ideas, and future opportunities. It can be used to describe the contribution to an organization's success that can be attributed to personal relationships and networks, both within and outside an organization. It can also be used to describe the personal relationships within a company that help build trust and respect among employees, leading to enhanced company performance." (1)

The relationships, the trust, the caring, the connectedness that come from one person helping, serving, or in other ways assisting another is what social capital is.

It's intangible. It grows out of personal/interpersonal interaction.

Here's a video illustrating a child building social capital:

4-yr-old "President Austin" Perine Feeds the Hungry

<https://goldenageofgaia.com/wp-content/uploads/2020/10/Austin-Perine-Pray-For-You.mp4>

Why am I mentioning this? Because we don't have to wait for the Reval to work at building social capital or elevating our collective consciousness.

If we all followed President Austin's example and made sandwiches and drinks for people in the poorer areas of town, the homeless, and whoever else might be short of food, that would elevate the vibration and result increasing the community's social capital.

Actions as simple as President Austin's are what can begin to rebuild connections in our society.

And with so many cities under siege from hired thugs and vandals, we'll need to rebuild our cities' social capital.

All notions like social distancing, isolation/quarantine, masking, etc., erode social capital. We're going to have to rebuild that sense of community and connection. But the rising energies on the planet, I think, will make it easier and easier to do as time goes on.

I think the deep state planned matters to dissolve our sense of community and connectedness. Divide and conquer has always been their strategy. Nothing has done that so well as the pandemic.

So now we need to go out of our ways to rebuild social capital. Acts of generosity and service are one excellent way of doing it.

Creating Social Capital

June 5, 2021

<https://goldenageofgaia.com/2021/06/05/creating-social-capital/>

When spokespeople for the Alliance say that the public needs awakening before being hit with the news of what's occurring, I believe them.

It seems to take a great deal of work to rouse public opinion to accept great and necessary change. And ten times more work to rouse public opinion along lines that don't incite mob violence.

Gandhi chose to abandon a number of initiatives when violence broke out.

A meme among lightworkers is to call the people "sheeple." Well, "sheeple" works both ways. The people seem to follow opinion leaders. So far those leaders have proven to be, many of them, adharmic (immoral, unrighteous). If dharmic leaders arise, as it's said they will, I believe the people will follow them.

But when the people go the way we want them to, we don't call them "sheeple." We call them an "informed" and "enlightened" and even "aroused" public. The self-serving bias operates here.

Arousing that public without lapsing into adharmic behavior ourselves will be the trick. Executing the cabal is in my opinion an example of adharmic behavior. We'll regret it later on.

Meanwhile, the revelation of what's happening in the world, which we're all expecting, may rouse the public from any complacency or lethargy - what the Hindus call thamas - it may be in.

When the blanket is shaken, the sand flies off but the fabric of society remains. The fabric of society is its social capital. For me, a synonym for "social capital" would be "goodwill."

It is "social" rather than being buildings and machinery.

When the nations of the world came through the Second World War, the victors celebrated. The social capital those nations enjoyed at that moment was probably among the highest it had ever been. They'd fought together. They'd sacrificed together. And they'd made it through together. At that moment, they were as open, connected, and bonded as they might ever be.

As the people of the world slowly come together in resistance to vaccinicide, we're building social capital. Given the Ascension energies, popular resistance and action against a human-rights abuse such as this, I believe, is bound to grow and succeed. But it must remain, as far as possible, peaceful. It cannot produce more residue to lead to future opposition.

I invite those lightworkers interested in politics (I am not) to begin thinking of the role they might play after the new playing field is established and what their own principles are.

I follow my insides on where I should go and my insides aren't giving me a green light on politics. Nor does the idea spark much interest in me. It does give me a green light though every time I say, "I'm a writer." I'm already doing what I love.

Lightworkers create social capital. The cabal's strategy is to destroy it.

They attempt to make people afraid of their neighbors so that they break their emotional connection to them and become insular. They pit people against each other on the basis of race, religion, vaccination status, etc. They use manufactured crises to limit social freedoms and dictate futures.

Creating social capital is the opposite. It may be a thing that lightworkers specialize in. To feel compassion, to assist the poor, to serve as a voice for the voiceless - these things create social capital.

I maintain that just doing what we do best as lightworkers raises the whole frequency of society in ways we may not suspect. And it may cause the dark's plans to fail as well. Certainly it'll play a part in it.

In my view, doing what we do as lightworkers is contributing to making a world that works in ways we can only imagine.

Building Social Capital Important Now

April 1, 2022

<https://goldenageofgaia.com/2022/04/01/334284/>

Building social capital in our neighborhoods is important now. Arnsberg, Germany

I'm following all the terrible things that are happening in the world, but the work to build a foundation for Nova Earth is more gripping.

It's a tough battle because world events are on an unimaginably complex level and carried out with impeccable timing and thoroughness. It can be absorbing and the plight of millions alarming.

And yet the desire to lay at least the intellectual foundations for Nova Earth is a greater draw.

Right now I'm learning things about the building of social capital. I believe that building social capital is one thing we can and must do - the sooner the better - to lay a strong foundation for Nova Earth.

Social capital is the goodwill that's generated from compassionate and charitable acts, from working together to improve the neighborhood or life in it, and similar initiatives. It's meant as a qualitative measurement of social bondedness.

I say that we need to start building - or rebuilding - social capital in our neighborhoods and in the world now, to offset the destruction that the deep state is causing.

Something that happened for me today was so small and inconsequential and yet it so profoundly showed me the value of social capital that I feel reluctant to mention it.

You may understand some of its impact if you understand that this is the troll under the bridge speaking. This is me "coming out" into the world. (1) So far, no great track record of creating social capital.

However I was feeling love today, as I walked toward coffee with a friend. Feeling love usually leaves me in conflict when I'm out in the world. My troll's tendencies don't include smiling. The best I get up to is a concerned wariness. They don't include noticing anyone else as I walk or taking the initiative to thank a stranger. Head down, I'm usually deep in thought.

Today I took a big leap and smiled all the time I was outside. I thanked a street cleaner for helping keep the neighborhood beautiful and was surprised when he "got it."

As I passed a young woman outside a coffeeshop, she accidentally spilled her coffee. But given that she was crocheting something, she ignored it. I went into the coffeeshop, got a bunch of napkins, and brought them back to her. She beamed at me. And I didn't brush off the action. I beamed back.

If you knew me, we'd have to keep you from falling out of your chair in amazement. But a change is happening.

These two interactions, I assert, built a small amount of social capital probably in all three of us. It did in me. My step was lighter. I felt brighter. My feeling of being connected to my West End neighborhood (I live two miles from where I was born) rose. I got the principle.

My first venture out from my beachhead in the social territory of love had been very successful. I might do it again. And again.

While I'm here, I've mentioned something else a few times: My body is changing. I looked in the mirror this morning and I appear to be twenty years younger. Muscles are gradually reforming; signs of ageing, of which there are not all that many, are receding. Slowly but surely, I think, we're being refitted to stand the higher vibrations of Light awaiting us.

This is our world. Look what shape it's in. Change begins with us; it begins at home; it begins in our neighborhoods. (2)

Building social capital is as simple as a smile. If that's all you ever do, and you do it a lot? Far out, man! You de best.

Archangel Michael: A Call to Lightworkers to Unite in Heart

July 22, 2016

Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, July 22, 2016.

I had a reading with Archangel Michael on July 22. A disagreement had arisen and I sought Michael's counsel. He used the occasion to eloquently speak to all lightworkers on the need to end divisiveness and unite in heart.

Archangel Michael: Yes, you are stepping forward, quietly, unobtrusively but in the clarity of One, into your warrior self. And it is a time for this clarity of the warrior to be very present, not only in you, my beloved brother, but in many.

The Mother's penetration of her legions continues. There is no room for that

which is not of honour, truth, kindness and consideration.

This separation in what has been called the lightworker/ loveholder community needs to cease. You are too few. Yes, you are mighty. Yes, you bring forth clarity.

And you have claimed the freedom to step forward, sometimes as participants, sometimes as creators, and sometimes as observers. And of course all three roles are exactly the same. And while we're at it let's throw in stewardship and leadership and wayshower.

You have toiled. You have been persistent. You have been patient. You have been forthright.

You have steadied each other upon this path of righteousness, of discovery, of adventure, of doing upon this planet of Gaia what has never been done before.

While you are mighty, while you are committed, the separation between pathways needs to be healed. I am not talking about individual situations necessarily.

While there is always room, and it is part of the glory of freedom, for different perspectives, opinions, understandings, pathways, adventures, expressions, there is only one truth. Many expressions, many ways of reaching homeward but there is only one truth.

The fiber, the substance, the essence of that truth, is the Mother. (1) Now you know that and what it is, in its very essence, is love. It is from love, this energy, that all is created.

So when there are these separations between lightworkers that are not of love and not the expression or experience of love, then what you are doing is practising self-defeating behaviours and actions that only diminish you being in clear partnership, not only with us, but with each other.

You are our partners, our boots on the ground. You are the fulfilment of the

Mother's dream and the Mother's promise. That can never be achieved by backbiting or naysaying or trying in any way to diminish the work of one another.

So yes, dear Steve, I am using you and this time to speak out and to call out to all lightworkers to unite in heart. Each of you has a very unique pathway, a very unique mission and purpose.

So for example, there are many communicators. Each of you has a different expression and way of getting at it. There are many healers; each of you has a different way of going about it.

The point is, is at the start, the middle, and the finish, the way in which your mission is conducted must be of integrity and love. It must be that quest and that anchoring of peace and truth. That is Nova Being and Nova Earth.

There is room for variation within but that is the foundation and the roof. How you decorate the house is up to you. But it must be decorated in beauty, in wonder, in awe, in humility and in kindness.

So I call to all of you, to unite in purpose not only to passively receive the energies that the Mother and her legions are sending you, but as one force (and I do not mean violence), one mighty wave declaring and living, passively and actively, this truth of love.

You are the wayshowers. You are the pathfinders. You are the pillars and the portals and everything in between. When you stand in that role, when you sit or fly in that role, you are doing your mission and purpose.

You are fulfilling your plan within the Mother's plan.

Let us be clear, you all proceed together as one family of Gaia, as one circle. Repeatedly we have said there is no hierarchy.

You, like us, are all servants of the One. There is no pecking order. It is in equality and unity of heart and love that we proceed together.

So I ask you, I beg you to remember this. Examine where you are standing,

sitting, lying and, if you have veered, if you have detoured, come back to your heart where the truth reigns.

It does not need, in any way shape or form, to be a public pronouncement but within your heart, course correct and begin again.

Footnotes

(1) God is the absolute truth. The Mother is the active aspect of God. She is the only Truth we can ever know. When we encounter the Father, it's because we've left knowingness behind and entered into what one sage called "the cloud of unknowing." Moreover, we've also left "I" behind so who is there to tell?
