## The Divine Mother on the Unfoldment of Nova Earth

I came across this reading from the Divine Mother (who incarnated as Mary and presents herself here in that form), which covered so many topics connected to building Nova Earth so well, I'd like to repost it. From 2010.

*Excerpt only*

I am [Mary](#), and I come this day to speak to you of my unfoldment and the unfoldment of Nova Earth. Dear Children, there are seasons and divine timing and now is the season of golden radiance – it is the time of blue and gold upon the earth. It is the time of the melding of the blue of the sky, the oceans, and the streams with the gold of the sun to nourish and replenish the soil of the planet, and the soil of your heart, that all will remain and begin again as fertile, arable, workable areas of production, of creation. The seeds have been sown, dear ones, not only in the springtime of your life but long long ago. This is the time when all begins to grow.

I have spoken to you of this period of time upon your planet, the time of cosmetic repair, the birthing of Nova Earth, of this decade that will take you through to 2012-2013, and the beginning of new times upon this planet. The purpose of my calling to you today is not fortune telling, although I wish to tell you all of the fortunes you hold within you. Long ago, we have told you that the keys to heaven are trust and forgiveness, the doorway is Love. Open this doorway with your keys and step into your new life. You have all you require, not only the fullness of your soul design but my blessings, my love and the love of your Father. The storehouse of heaven is wide open.

You have a choice during this time of cosmetic repair. You can be part of the struggle or you can be part of the reconstruction, it is that simple. Now, I have not spoken to any one of you who have said to me, “Please, Mother, let the struggle continue – I enjoy it so much.” You have turned to me in earnestness and tears and said, “ I am tired of this way; let me begin again; let me fulfill my mission in joy. I agree, Mother, you have birthed me to this magnificent vessel of physicality, I will be in this vessel, I will be in this body, but let me do so in joy.” And the joy is in the creation, children. Several of you have asked me, “How do I begin?”

Finding your dream, for many of you, has been difficult, either because you have forgotten that you are loved, or you have forgotten that you are worthy of personal dreams, personal fulfillment. It is in the creation of what your heart desires as your unique expression of love on Earth that the reconstruction of the planet takes place. And, it is not just in dreaming or wanting one thing. It is in the planting of a flower, or a flowerbed – I would personally ask you to consider roses. It is in the planting of seeds within children, particularly the indigo children, and, yes, their parents. But, it is not just in the planting of the seeds; it is in the watering and tending, and

watching them blossom, fertilizing them, pruning them where necessary – hovering but not interfering.

For many of you the best form of creation is when you simply allow it to be a fleeting thought that crosses your field of vision – “Oh, I would like that”- and letting it go. Each one of you has unique capacity and methods in how you create. But let us be clear, it begins with a dream, and it begins with the stillness, it begins in the silence of your heart.

Sometimes you turn to me and you say, “ I am afraid – for I have wished and I have dreamed before and I have been hurt and disappointed because it did not come to pass.” I do not tell you that there are things that you will think of and ask for that will not be immediate – for, yes, it is a matter of Divine Timing, and this is a decade and not a single day. But I also tell you that in many of these prior adventures, not everything was in place in the way that it is in this moment and this time. And let me be clear, my dear children, it is my time – it is the birthing of the Divine Feminine upon the Earth. And Divine Feminine is the birthing of form – not ideas, but form.

Now, I wish to speak to you a little about ideas, about feeling – for many of you cling to your ideas and your old feelings as if they are the most precious jewels in the Universe. I tell you you have the keys to the warehouse of heaven but many of you stay home looking at your old jewelry while there is much to be gained by going out and seeking elsewhere. If you do not have a release of the old there is not room for the new. Clean house! ...

It will take time to rebuild this planet but each one of you has unique gifts – each one of you is healer and teacher. If your gift is to heal the oceans, to work with water then begin but do not cling to the one idea, to the one creation – let it flow. If your job is to teach, to write books do not stop with one class or one paragraph – let it flow. If your job is to introduce ethics into the workplace, and it does not matter whether it is government, education, healthcare or industry – do not stop when you have demonstrated integrity and ethical behavior in one situation, keep going.

When you are tired and you are thinking I cannot do this any more, then come home, come home and rest in my arms. I will wrap you in my cloak of blue, I will

restore you and you will begin again. This is the sacred partnership that we have formed long ago.

Do not take my message this day to mean that you are going to have to wait 10 years to see any results. You have need to see results of your creations each and every day – to look in the mirror and say “My goodness I truly am co-creator upon this Earth! I wonder what else I can do? I wonder what my next adventure is? What would I like it to be?” And then, child, begin. We are with you as we have never been before – in this golden time, with my clear blue, with my blue diamond that rests within your heart. I have complete faith in you, for you are mighty, and you are mine. Go, and create peace upon this Earth. Go, and create laughter, and joy.

Farewell.

## Wanted: Lightworker Leaders to Help Build Nova Earth

June 11, 2016

<https://goldenageofgaia.com/2016/06/11/wanted-lightworker-leaders-help-build-nova-earth/>

Last year, Archangel Michael confided to us:

“It is time for [the] assumption of leadership responsibility to be front and center.” (1)

He issued this summons:

“You are being called to join the [lightworker] leadership ... team, those who will show the way for the beautiful souls now awakening from their spiritual slumber. Thousands are needed to facilitate and assist in this next wave of awakening that is now in progress, for it encompasses millions upon millions.” (2)

“You,” he told us, “are the embodiment and the physical anchors, activators, doers of creating Nova Earth. You are the anchors of ascension, of the new reality, of the heart consciousness that is the new reality.” (3)

He described the new world we lightworkers were creating:

“Nova Earth ... is a physical reality where ascended beings of all stripes, colors, beliefs, preferences come together to create wondrous things, whether it is an institution or a structure or a building or a family.” (4)

He told us: “This wondrous new [reality] ... has not been done in form [before], anchored in a physical reality, a physical reality that is absolutely interdimensional. That is the task at hand.” (5)

What he asked us to do was “to step forth in the truth of your gifts, your abilities... some in a minor way, some in a major way, but each in accordance with your true mission and purpose on Gaia – not on other planets...in tandem and cooperation with your Star brothers and sisters, but not off planet...to bring forth” this wonderful new world. (6)

“We know the magnitude of what we are asking,” he reassured us, “but we also know the support that we are prepared to give on every level.” (7)

There would be a new form of leadership, he suggested. It “does not come from an arbitrary assumption of control. It comes from a deeper desire than ever to truly serve.” (8)

He went on to explain:

“It is not about the old realm of control or greed, anything like that. In order for the plan to unfold, in order for the practical building blocks (which is what you’re asking for - money) to be in place, there has need to be a very strong re-assumption of leadership.” (9)

A very strong re-assumption of leadership. We lightworkers need to demonstrate strong leadership - you and me - if we're to make events like the post-Reval reconstruction of the world work.

How did he define leadership? In May of 2015 he told us:

“Leadership is assuming your responsibilities, acknowledging, accepting, embracing the wonder of who you are. And, yes, to refer to those core issues, to not allow those core issues to, in any way, interfere with the fulfillment of who you are and why you came.” (10)

Leadership was understood throughout the universe, he explained.

“We use this term that you understand - and that is understood throughout many intergalactic cultures - of leadership, of responsibility, of teamwork, of cohesion, of discernment, of all the divine qualities, not based on the old realm of control and authority and lust and arbitrary decision-making, but, upon the paradigm, upon the construct of sharing your talents and abilities.” (11)

How does one serve? He replied: “Each in their own particular way.” (12)

“Everyone, and I say this to a planet that has billions of people, each of you have brought unique capacities, talents, and abilities to create and co-create individually and collectively. And increasingly what you are going to hear us speak of is this union between — not only above and below, within and without — but the individual and the collective. You have a song, you can’t have one without the other. Well, this is where we truly begin to delve into this.” (13)

So individual leadership first, shading into collective leadership. He's laying out the map for us, just as he laid out the map for me in regard to the Michaelangelo Fund in my May 27 reading.

There will always be a need for leaders, he stressed. Never again will it be filled by a single individual:

“Sweet angels, whether you are earth-keeper or portal, wayshower or starseed, there will always be need for people, individuals, and groups, who will step forward and say, I can do that. I can take the lead because this is within the realm of my competence. I understand what is required. I am ready, willing, able, excited, interested, enthusiastic to do this.

"And in that, you both lead the parade and act as the shepherd. You hold the vision and you go to the back of the line to make sure that no one is left behind.

“That is what leadership is. It is not assuming a primary position, because leadership is shared. It does not rest in one individual, one institution. Those times, my friends, are over.” (14)

Leading the parade and shepherding the stragglers: what unites them? Service. The essence of the roadmap he's laying out for us can be summed up in two words: "Love" and "service." As he said, you can't have one without the other.

When a team member asked that we broaden our audience from merely lightworkers to all other people on the planet, I asked AAM if this was the plan. He replied that it was not. The plan was that lightworkers as a group would eventually expand to include everyone on the planet.

Archangel Michael: It is important for the lightworker community [to lead] because they have stepped forward, acknowledged, and remembered why they are here.

So we are in this sacred partnership. Are we in partnership with every being on the planet? Yes. But it is difficult when you are in a partnership and the other person does not realize it. So we are working with those who realize we are in partnership. And so that is why we are having these conversations. ...

Does the conversation expand organically and naturally? Does the energy go out to the entire planet, those who want to hear and those who don't want to hear? Yes, it does. But it begins with the lightworker community. That is what we have need of.

Steve Beckow: And I suppose then more and more people join the lightworker community?

AAM: Exactly, until it is one family and one path. (15)

There are reasons for basing his plans for Nova Earth on the leadership of lightworkers.

All the personal clearing of core issues and vasanas and the opening to heart consciousness that we've done equips us to lead. This is according to plan. Send masterful, ascended starseeds to Earth to leaven the loaf. And we have.

The newly awakening have not the same depth of clearing and breadth of experience to be able to lead, he says.

“If no one [from among lightworkers] steps forward into the ‘how to’, into how do we go about this? How do we begin? How do we proceed? How do we build? How do we create in the practical sense? then there is a massive vacuum because many of the billions upon your planet have not yet learned, adapted and integrated the new tools – the fullness of this new energy.

“So they ... try to step up to create and to take the leadership role, [but] they do not have the training and insight to do this in a way that is achievable. It is not a critique or a criticism or a judgment in any way of the collective, but if they are not fully engaged and enjoying the energy of wholeness, then they are not bringing the engineering of that wholeness to the project of creating Nova Earth. So there is a lack, a vacuum of leadership.

“Now, who upon this wondrous planet, who has been hiding in the shadows or edging out, or in the limelight and is ready? Who has prepared? Who has been diligent and practiced patience and fortitude and stamina, and anchored the divine qualities? Who is it that is prepared to do this? Well, it is the lightworkers.” (16)

He asks us plainly if we will take the next step in our missions and assume a leadership role in whatever lightwork we do. Not like we're pushing someone off the stage or asking for attention. Where leadership is already present, we're stating our willingness to lead if more leadership is needed. Where leadership is absent, we're introducing it, initiating it in our communities.

He asks us:

“Are you willing to step to the fore? Are you among those who are ready and willing to guide and direct, to steadfastly hold the focus of the new vision – the new Divine Blueprint for Heaven and Earth – and then to see that it is manifested for the highest good of all?” (17)

What he says applies especially, in my view, to the new circle of lightworkers who've participated in the Reval and now have the funds to make a difference in their communities.

He asks lightworkers to come forward and offer a different form of leadership than Earth has known hitherto, one based on love and service. Unless we do, the Company of Heaven will have no partners, no ground crew, with whom to build Nova Earth for the inhabitants of this planet.

The next step after our intense personal cleansing - our polishing of the statue - is to take the step to leadership. All of us. To begin thinking as leaders, planning as leaders, and acting as leaders.

He's not speaking theoretically or generally. He's speaking concretely and specifically to you. Will you step forward and lead?

I've stepped forward and am already leading. You read the results of it every day. Yes, it's scary. I constantly dread someone saying: "On what or whose authority do you lead?" I also dread the rise of arrogance.

But like everything else, once we start leading, it gets easier every day.

# We Invite You to Build Nova Earth with Us

Jan. 30, 2013

*How are we to build Nova Earth? What must we keep in mind as we begin? I've taken Archangel Michael's two discussions with us on An Hour with an Angel and rearranged them to provide us with one continuous discussion of what the Archangels wish us to consider and do with regard to bringing in a world that works for everyone, Nova Earth. I hope this serves a "user's manual" for creating a world that works.*

## **We Invite You to Build Nova Earth with Us**

### **We Hear that You Don't Feel Differently**

You have abandoned and let go of the reality of the old Third Dimension, and, yes, many of you stride and straddle inter-dimensionally.

[But] many of you say, “Lord, I do not feel different. I do not look different.” And what I suggest to you is that you take a moment with me, with all of us, to reflect back, not to bring it into your being, but simply to reflect back on where you were, where you were thinking, what you were feeling a year ago, four years ago, ten years ago, and to not only be the witness and the observer, but truly see where you have been, the growth that you have chosen, not simply that has been bestowed upon you.

You continue, you know, to be flooded by the energies of the Mother and Father.

We did not stop the flow of those energies. You did not stop the flow from the Company of Heaven, from the Council of Love, from your star brothers and sisters. All of this is continuing. Gaia, in her shift, is also flooding you with the sweetness of being alive, of being in your form, that you have never known before. You may have had moments when you were in a pristine forest or by a lake or an ocean or a cave where you felt this moment of pure blissful connection, but now she is flooding you and this is the new normal.

Yes, there has been love that has been sent to your planet from above, from your galactic brothers and sisters, from the inter-galactics, from below, from Gaia, but all of this has been dependent upon you, upon your heart, your heart opening, the shift to heart consciousness, and the willingness to go forward.

So your inclination to simply stay in this state of connection and the feeling of interconnectedness, not just to the human collective, but to everything, is growing substantially, exponentially, every single day, every single hour.

## **But Let's Review What You've Accomplished**

Do not deny or in any way minimize what you, what each of you, my beloved brothers and sisters, have accomplished, what you have integrated, what you have welcomed into your life. Do not deny or minimize what you are creating, what you are bringing forth.

I have said in our last visit that you have been working on this for some time, and so we do not wish to in any way negate or minimize the work that has already been undertaken — because it has been monumental.

Let us begin by each of you looking in the mirror, whether it is real or etheric, physical, mental, emotional. Look in the mirror and see who you are, the truth of who you are, not simply the image that you have created or the suit of clothes [body] that you have put on for this brief undertaking [this life], and acknowledge the work, the letting go, the clearing, the cleansing, and the works, what you think of as good deeds, as loving acts, as acts of consideration, of kindness, political activism, social activism.

Look at yourself and begin right there by giving yourself the credit that is due, by giving yourself the unwavering love that is your due. Because, sweet angels, you have earned it. And yes, I use that term very specifically, because most of you think of this, this word “earn,” as tied to money, as tied to wealth or abundance.

So when you think, “What have I done to earn abundance, to earn ease, to earn the ability to go forward in ways that I choose and desire and co-create?” think of what you have already accomplished. And in that, we do not want you to dismiss the fact that you are shifting inter-dimensionally, that you, with Gaia, are anchored inter-dimensionally in the 5th, that you are working and demonstrating and assisting the collective of humanity in the 3rd, that you are cleaning up the remnants of the old 3rd. So, begin there, and then let us fly together.

The emphasis on what is resting within and therefore exhibited externally, in your social, political, economic, communal arena is very important. If you do not have regard — and I mean deep, reverent, love, regard, and value — for yourself, for yourself as you are right now in what I call this suit of clothes, regard for the larger

you, the eternal you, the infinite you, if you do not start there with love and reverence for yourself, how do you extend it out to others?

### **Invitation to Build Nova Earth Together.**

It is most welcome on this side, as well, to have this opportunity to address this subject. For the building of Nova Earth is also coming from and emanating from the anchoring of your inter-dimensional, multi-dimensional nova being.

So your desire in that is why we are having this conversation today, to truly get busy, and creating Nova Earth has begun to expand. That desire to see the reflection of what is truly within you in an external, large, grand manner, is becoming almost a drive, not a compulsion, but an instinctual drive. It is as if you are seeking true north and you have your compass set and you are not veering off course.

It matters not what you call yourselves, whether it is wayshowers or pillars or gatekeepers or lightholders or loveholders. You are the creator race and you step into the fullness of that role. It is not something new. If anything, it is something ancient. It is that closing of the circle and the beginning of the new.

I invite you, I hold out my arms to you as do all the mighty ones [archangels], all the ascended masters. The Divine Mother, the Company of Heaven, we hold out our arms to you and say, please, join with us now in partnership.

I welcome you to this new chapter, this new book, this new adventure.

### **How do We Build Nova Earth?**

I would be honored and humbled to discuss the building of Nova Earth. And, as I do so, I also wish you to know that I speak for the collective, for what you think of as the Council of Love, as the Company of Heaven, for your star brothers and sisters and so many more.

So often we refer to you as the collective, but as you well know, we are a collective as well, and there are times — and this is one of them — when we speak as a collective. Now, normally it is my beloved sister, Gabrielle, who speaks for the collective, so I am honored to do so.

This is the beginning of a new chapter, but it is not a day of revolution. And that is really what you are talking about. You are talking about the old paradigm of revolution, of the potential for bloody upheaval, for armed massacre. That is not the way of the Fifth Dimension, and it most certainly is not the way of the Seventh Dimension.

Are there plans to correct some of the political, economic, and social injustices, inequities? Yes. And you will hear about some of those today. But it is not the day where all mayhem will break loose. It is a day where there is a line in the sand, but it is also a day of celebration.

I know I am giving you a global overview; and we will spend many hours talking about the specifics.

### **Letting Go of the Old**

The first steps in creating and bringing to the forefront what you and we think of as Nova Earth, and anchoring as Nova Earth is the shift in the internal, in your spirit, in your soul, in your emotional body, in your mental body, in your causal, your astral — you name it. And what you are doing is you are changing... The most significant piece of creating Nova Earth is the letting go that you are doing — and have done and have been doing — of the false illusions that were created over eons by the human race.

So all of those tendencies... and I have to say the letting go of war — and that is war within, it is war between individuals, it is war within communities and nations — that is critical. And what you are doing is letting go of all those belief systems that have never served you.

Oh, you can say to me, “But, dear Michael, there have been times when conflict has catapulted me forward, when lack has made me create.” And what I am saying to thee, what we are saying to thee, there are better ways. There are more efficient ways. And there are certainly easier ways.

So, the first element of Nova Earth is the complete eradication of the old. Now, let us suggest to you that much has been done. The last decades, and certainly the last two years, have not been for naught. You have let go and cleansed so much, to the point where your generosity has shone not only to us but throughout the galaxies

and all over the planet. But it is the elimination, until it is a vague memory, the way it is in so many of the other galaxies.

Now, the memory of war — and we use that in the organic, generic term — will never completely fade. And the reason being, so that you will not revert to it; that it will be such a horrific memory — no, not one that hurts — but simply something that you know at all costs must be avoided.

Really, what is the material world? Most of it is an illusion anyway. It is simply a collection of atoms, of energy, that you are formulating into what you believe is solid form.

Institutions do not have solid form. Belief systems do not have solid form. They appear, and you come to believe that they do, but they do not. You can build edifices, office buildings, institutional buildings to represent and house these belief systems, but the institutions, the systems themselves, do not have solid form.

So, what do they have? They have the qualities. And many of them are disintegrating, even as we speak this night, because the qualities that have formed many of your old-Third, old-Earth institutions, have been based on illusions that you no longer serve to incorporate — control and lack, all the dis-es — disease, disappointment, despair.

And subtly what that translates into is a feeling that somehow you have failed, that you are not worthy, that we have forgotten you, and that there is separation — all not only incorrect, but untrue.

If you hear one thing I communicate to you this day, it is to please let go of that. Cleanse your being of that.

Use the law of elimination, dear heart. This is something that Sanat Kumara has not talked of very frequently in the old days, in the past. But now it is time to bring this and anchor this law firmly within you.

I bring you release from whatever you desire to let go of, for this is the time and the opportunity to simply pass onto me this weight, this burden, anything that is not of joy, of love, of sweetness, of kindness and consideration. Yes, I am the warrior of peace. I am the archangel of love.

Long ago, I gave you my sword and shield, and you have used these in a multitude of ways. But it is also useful to simply use it to disconnect, to cut the cords to old beliefs, to old pains, old hurts, old injuries. And I am pleased during this time together, this night and every night, to assist you in this undertaking.

### **Mastering the Divine Qualities**

You may tire of hearing me say this. That does not matter. We are going to continue anyway, by saying that the beginning, the middle and the end of creating Nova Earth is the incorporation of these [divine] qualities within you. So, throughout your day, throughout your hours of waking and sleeping, you are asking yourself, “Am I feeling, am I experiencing, does this feel like serenity, purity, grace, consideration, temperance, prudence, joy?”

The creation of Nova Earth comes with the kind, considerate, what you consider Divine, qualities, what this channel has called blessings and virtues. It comes with the anchoring of those qualities not only within thee, but in every interaction — in the microcosm, within and without, in the macrocosm.

And if it doesn't, and you are doing this until it is absolutely second nature, if it doesn't feel that way, you can take a moment and say, “Well, what does it feel like? Is it simply the old coming up for release? Is it an ancient vasana? Is it somebody else's energy from the collective that I am helping to heal and cleanse?”

You can briefly identify, if you so choose — and I say that, it is in the choice, it is not in the necessity to identify, because quite frankly if it is not of the divine qualities, if it is not of the umbrella of love, then there is absolutely no point in spending one more moment on it. But the human nature is such, is still at this point, that you like to understand what you are up to, so go ahead. But use my blue flame of truth when you are doing so, please. Because I am honored and pleased to help you in this way.

You are giving of your time and energy to actions that actually result in a shift in how people feel, because you are carrying — and practicing — and incorporating into the groups the divine qualities.

Then it extends person to person to person to person. You cannot be unkind, cruel, inconsiderate, dismissive, arrogant or trying to control another in any form of

personal, inter-personal relationship, including yourself, and then say, externally, “How am I building Nova Earth?” because it does not work. That is the foundation. It is the pillars. It is the bedrock. And it is getting easier and easier.

How do you in any way shape or form, pretend, or extend yourself in ways that are meaningful and solid? Because what we are discussing in terms of building and anchoring Nova Earth is firmness, not simply a passing trend or a flight of fancy. We are talking about the bedrock shift and change of what this planet is, does, exhibits, experiences, and how that is reflected through and with Gaia in you, in each of you.

As you know, as you have written, as you have shared, as you have heard from us, if you focus on the blessings and virtues, if you focus on the divine qualities, then you are ensuring and becoming the truth of what you wish to experience and co-create in what you think of — and I emphasize the word “think” — as the material world.

It is the alignment that has always been the plan. Yes, it is your marching orders until the end of time, until such time as you merge back into the One. And let us suggest to you... no, let us share with you ... you do not anchor divine qualities in a couple of months. Think of how long the old 3rd and how solidified those illusions were. So one of the watchwords that you are incorporating into your daily life is gentleness, kindness, consideration. Because it is not achieved — “Now I am going to be the embodiment of the divine qualities.” But I have even better news than that.

Each of those divine qualities never ceases growing and expanding, both within you and as it expands within you, within your planet, upon your planet, and also within your planet, and within your galaxy, and within your universe. So the ripple effect is infinite.

So, for example, if you are choosing joy, you do not say, “On Thursday, the second week of February, I have anchored my joy.” No, that is not how it works. When you anchor joy, we will celebrate with you, and the rainbows will be in the sky and around the moon. But it will continue to expand.

So not only are you anchoring the divine qualities and showing what it looks like, how it operates, how it constructs into form, you are also gathering these teachings

of the how-to in terms of practicality to share with other civilizations, that came both before and after you, by the way. Because, do not forget that time is simply a construct within which you are operating.

### **Extend Freedom and Share Power**

How can there be oppressive regimes? And I include the western world in this. How can there be exclusion, when all are united in heart, when those who wish their opinions to be heard, their priorities to be counted, their desires for participation to be included? Yes, it means a change of heart for those who wield power, which is a very small percentage of global population.... But how does that change of heart take place? Well, it takes place in a number of ways.

But if the collective is saying, “Share. Let me participate. Let me be free. I demand my freedom,” at the same time as those who are in power, who have wielded power — and we are not just talking about those in containment; that is a whole other, separate discussion; and yes, they are still in containment; and no, it is not a whimsy or a fantasy; that would be ridiculous — those in power are also having a change of heart.

How is this occurring? Because the energy upon your planet, not only within you, but upon the planet, Gaia herself, is shifting, so that there is a different longing, a different desire, so that their focus is no longer on holding onto what they’ve got, so there is an easing and saying, “Yes, I think it is a good idea that there is broader participation.”

No, not everybody has any desire to participate in what you think of as the political process. And at the same time, what I suggest to you in the anchoring of my peace initiative is that in so many ways everything is political, the same way everything is economic. So there are shifts taking place on every level.

Now, you say to me, “Okay, how does that reflect in the outer world?” Let us use the example, well, of the cities of light. Let us use the example of your galactic brothers and sisters. Let us use the example of architecture.

When there is a vision of access, of sharing, of beauty, of grace, then what you choose to build are not stone edifices that keep people at bay. Cities shift. And the term, even of what you think of as a city, which has become fairly unmanageable,

in human or divine terms, become places of gathering, of welcoming, of accessibility, so that those who construct, design, who participate, who gather in the cities, whether it is for a place of healing or commerce — commerce takes on a different meaning — they become places that are welcoming rather than exclusionary.

Let us speak to the formulation and the foundation of power. And we do not mean power in the sense that it has been used, as control scenarios. We mean power in the sense of an individual, and therefore group, or a large collective, assuming a pathway. And it is a pathway of freedom, it is a pathway of self-determination, and it is pathway and a way of life, of existence, that is based on those divine qualities.

### **Communicate**

Now, you have some of the platforms, and for this I thank you.

Are there needs for the platforms, and particularly this one, to continue? It is seldom that I am at a loss for words, but we really don't know what we would do without this platform. And that is why we encourage you, and we request you, in the spirit of equality and partnership, to please continue on. You are serving, but you are also creating with us.

You have the technology within which to communicate. You have your social networks. Now, I do not criticize the back-and-forthing, the games that are played, for that is a way in which to play together, to communicate. But can I suggest that you start to eliminate criticism, debasing? Share what is uplifting.

Do not underestimate social media. This is a, well, the entire internet has been a gift, as you well know, from your star brothers and sisters. And it is modeled upon the universal internet, which is a system of communication throughout the multiverse. So that is one thing we encourage you to do.

Now, there is a fine balance between becoming into addiction or obsession with the internet and social media. So it is meaningful excursion into the internet and social media, much the way your platform does, but there are other ways in which you can begin to declare yourself.

For example, many of you are on such social platforms such as Facebook, and you use it to share pictures of your children, your dog, your house, your flowers, news of the day. But are you also declaring what you believe to be true? Are you declaring that this is an opportunity for change or sharing just some of the subtle changes you are feeling within yourself? “I am feeling different today. I don’t know, but I feel the planet is shifting. Love is becoming more important to me than ever. Relationships and kindness and sharing is becoming more important.”

That type of statement touches the hearts of thousands and then millions. The same thing with media like YouTube, videos, radio shows. But choose your platform. Some of you — actually, many of you — are uniquely positioned to be politically involved. Now, some of you will choose to become involved on a grassroots level or a national level or a county level — it matters not — within your own political situation in your own country. You are not there to play the game as is, because, think of it, that is simply a bubble that is about to be pricked and blown apart.

[There is a] need for conferences, for gatherings, for people of all realms to come together, not just with the intellect, not just with the information, but with the heart.

It is time for the best and the brightest — and we are not meaning just those who have been identified by former regimes as the best and the brightest — but it is time for the best and the brightest hearts, intellects, spirits, healers, communicators to come together and to formulate (to use your terms, dear heart) what is workable, what is sustainable. Might I add, what is joyful?

Begin the communication. Expand the communication.

### **Create Community**

The wondrous thing about community is that it has been completely redefined on your planet in the past several years. Yes, there is the community of your neighborhood, of the building within which you live, of the block within which you live, but community has also taken on completely broader terms because community is now global.

Build your communities globally. You have had tastes of what is possible, with the Occupy movements, with Arab Spring, with many institutions that are in place to assist those in need.

Now, do they need to be cleaned up? Yes. And can you do that? Yes. You do not need to reinvent the wheel. What you need to do is perhaps clean up the wheel, and put in a few new spokes, and fill the tires.

Become involved in your community, whether it is in a community garden, in a community action group; whether it is bringing together singers who are interested — and we do not mean simply scientists — who are interested in the issue of free energy.

You are there to anchor the new, the new ideas, the new paradigms, the new emphasis on the building of community and voice for the community, of priorities for sharing and equality, the elimination of homelessness, for example. And social welfare programs that keep everybody trapped in poverty.

Some of you are uniquely prepared and positioned to begin to work in education, and it can be education in the newest sense of the word, of working with the new children of Earth, or education in the traditional sense. But again, when you are going into those platforms you are bringing not only your light, which is significant — it is bigger than ever before — but you are also bringing your change in attitude, information and positioning.

Now, may some people pooh-pooh you and dismiss you? Yes. It matters not. Keep going. Involve yourself in movements such as Occupy. Involve yourself in Action Now. Involve yourself, whether it is a community action group, a community board, even some of the faith-based churches, because if that is your venue, that is where you have chosen to present, then so be it. Because what people think of as religion over the next couple of years is going to shift significantly in terms of faith, in terms of belief. Because the religious factions and the tie to political control is dissipating and disappearing. And that is my job, and it is the job of those of you who are working with me.

### **Collaborate with Your Star Brothers and Sisters**

There are many among you who are in very active collaboration with your star brothers and sisters. Why are you not coming together and sharing what you are learning? And I do not simply mean about the technology or the play, I mean about the vibration that is required for you to actually come and conjoin.

Now, I do not need to speak to you at all of the night work that we do together, because all of you are lined up and eager and have been completely available to me, to Gabrielle, to Raphael. Some of you are spending a great deal of time knowing and unknowing on board ship, working with the evolution of new technology, and what we would call clean technology. Some of you are absolutely keen to emerge into the field of exploring, sitting on test groups for free energy. Do so.

Your cities of light are at hand — cities that were once 80,000 years in the future. This is why I say to you, you have been creating Nova Earth, and co-creating it, with us, with your star brothers and sisters, and you have been pulling those cities closer and closer, because you are ready.

The vibration with your star brothers and sisters — which, by the way, is not simply the Fifth Dimension; but that, again, is a different conversation; there is so much to talk about — but that vibration more and more and more is compatible because you are not carrying that debris. You are coming into the full partnership, yes, but you are also coming into the fullness of your being. And I mean each and every one of you, and who you are, who you are claiming, who you are becoming.

### **What is Gaia Doing?**

Now, Gaia herself is addressing many of what you think of as the physical aspects of Nova Earth, of the restoration. She has not done so, and she will not do so violently. Now, that does not mean that there are not climatic changes, that there are not slight shifts in shorelines, for she is not stagnant. She is vibrant and alive. Of course she shifts.

### **All Will Not be Easy**

And I do not mean that everything is easy. Is every step smooth? No. Heaven and Earth knows what you have decided to construct, and what you have already seen and done we would never term as easy. So, are there moments where you feel befuddled, confused? But that is when you return to your heart, to your core, to us, and to each other, and you receive the support and the love.

But more and more what you are finding as co-creators, as the creator race, that these obstacles and this debris within and without — because there is clean-up on

the outside; that is most definitely certain — that these obstacles become less and less and less.

So when you feel that you have had such significant challenges, and, my beloved friends, you have had them, in your heart, in your mind, in your emotional field, and you have cried in the night, and you have searched your soul, and you have said, still, “No, I choose to go forward, and I choose love.” Not because it is the easiest path, but because it is the only path. It is the path of peace, and it is the path of fulfillment.

### **What Must be Remembered**

The biggest piece right now that you are engaging in is the practice of discernment, the quality of discernment, as completely divorced from judgment.

Your reputation, as you think of it, the only reputation that counts for anything is your reputation throughout heaven, your reputation and your standing with the Mother. And that has always been golden. It cannot be otherwise. But yes, when you attach to this Earthly old need to look good, to have the accoutrements of what society has told you that you want, that you desire, that you need to achieve, then what you are doing is attaching to something that is a false illusion.

Let us also suggest to you — and I suggest to each of you who are listening as well — you have been tested. Now, each time you have been tested, and you have continued on, it is an act of faith, it is an act of trust, and it is an act of pure stubbornness, that, no matter what, you will do this, because your soul demands it.

These are not simply tests that Heaven has sent out for you, that the Company has devised. These are also things that you have created, in concert with each other, with yourself, with your Higher Self, and yes, sometimes with us. And you have passed these tests with flying colors.

And there are many, many different kinds of tests — yes, reputation, wealth, health, security, relationships. And those of you who have chosen, because of your choice, your soul purpose, your mission, your makeup, to be somewhat in the more public arena, shall we say, when you go through these trials and tribulations, there is no one that you can speak to as you construct Nova Earth, and they say, “Yes,

but what about...?” You can say to them, quite honestly, “Yes, I have been there. I have been through that. I have weathered the storm, and here I am.”

And so we continue on. It is about detachment. Again, not one of the more popular words. But it is about detaching from expectations and attaching to the only reality that is truth, and that is the love and the unfoldment of love and the anchoring into form, during this lifetime upon your planet, upon this magnificent Gaia. Because the lessons, the teachings, the experience that you are gathering and garnering are also the template throughout the multiverse.

[Remain in alignment.] Alignment is just that. And it isn't saying, “Well, I am not having a good day, so today I am not in alignment. Today I am not in joy.” It is claiming and breathing and living your joy, no matter what, every single day, every moment, and not accepting anything else. We don't.

It cannot be a zigzag line. Yes, it is a spiral, but think of going up the center of the spiral.

### **Everything Must Be Done with Love**

Repeatedly, we have said to you, it is not of love, if it is not of joy, don't do it. It is a very simple test. It is a very simple litmus test. If it does not make your heart sing....

If the heart is not present, if the love is not present, there is no Nova Earth. So if the love is not present, the creation is a false illusion. It is a deck of cards that is blown away by the wind. The bedrock is your spirit, your soul, your heart, your intentions, and yes, your actions.

The creation of what you are doing has need to be loving, joyful and reflective not only of what you want, but of what sings the praises of Gaia, that is so deeply respectful of this mighty one who holds you, that is in harmony and alignment.

You have talked about bliss, my friend, and bliss is a state of being. But it's a state of being that will expand and expand until you are simply and fully what was always intended, the heart consciousness.

Yes, you are learning, you are remembering, you are inventing what this new realm of partnership truly entails. There is room for maneuvering. There is room for you to think and re-think, feel and re-feel, fill and re-fill, design and re-design who you are, but also who you are in terms of your plan, in terms of the Divine Plan, and in terms of your role in bringing forth the fulfillment of Nova Earth and Nova Being.

### **Gather with Us When You Feel Pain**

Are there times when we have looked and felt the pain of each of you, of your planet, of your hearts, how distraught you are? Yes. And so you would say to me, “Michael, Gabrielle, Raphael, what do you do when you feel this?” And the answer is, we gather, and we gather in the heart of the Mother until such pain — which is much greater than yours; different, but greater — until it simply dissolves.

And you say, “Well, I did not know you experience pain or distress.” It is not the same as yours, because, yes, we are gifted and we are blessed, because we have the bigger picture. But do not think, dear ones, that when in the past we have seen bombs drop and children mutilated that it does not cause distress.

So when you feel this, can you gather together? Can you gather with us? You, in the past — and you will hear me say this again and again and again — you have come to a place where you have felt the distraught, disappointment, disillusionment, sorrow, grief — many of the “disses” — are personal. Now, some of you have broken through that. And yes, Sananda and I have heard this very clearly. But many of you still have this attachment to thinking it is private, that it is something that must be processed quietly, discretely, and alone, as if it is something within you that you need to take care of.

When you share your tears, your questions, your doubts, what you are doing is letting it out. And you are giving it back. And it can be completely transmuted and returned to you as a bright, shiny, effervescent light that lifts you up and that gives you and awakens within you the energy to create and to co-create Nova Earth.

### **What is Happening with NESARA?**

Of course there are politics involved in NESARA and pre-NESARA. But the biggest blockage is the opening of the hearts of the entire collective in saying, “I deserve and demand my birthright of abundance.” You do not live in a universe or

a planet where there is lack. And this is a key component to what we are discussing.

It is absolutely not only top down — the game has changed, my friends — but it is also the bottom up and the middle sideways, and your very individual, personal recognition that you can create and call into being, whether it is pre-NESARA, NESARA, the trust funds — all of it.

So what we are saying, in fact, there is no blockage. Yes, we know this is not a popular response because it is very easy to look at something outside of yourself. No, this is not about fault, blame, guilt. That is of the old Third. So you cannot go there.

So what I am saying, the collective that listens to this tonight, call it forward. Call it from the ethers, call it from Washington, call it from Geneva, call it from the International Monetary Fund. Call it from Gaia herself, the riches of gold, call what you deserve, and what you have always, always been worthy of.

And in that calling forth, what you do, you are like a bulldozer breaking through political intrigue and blockage. Will we help? Absolutely. But we wish to do this with you, right now.

### **How Do We Build Nova Earth without Financial Resources?**

First, let us back up and talk about your puzzlement, about your query, which I do not wish to dismiss, because it is one of the most important questions that has ever been posed. But I also wish to say to you, to you, dear Steve, to you, dear Graham, to this platform that you have built, constructed, manned and sustained [Golden Age of Gaia, InLight Radio, and the Hope Chest], and, might I say, without money, that you have been building Nova Earth, that you have been pulling in the new reality of Gaia and everybody and everything, every rock, every stone, every tree, every mountain upon her.

You say, “But Lord, I do not have money.” And we acknowledge and accept that. Do not think that we are ruthless and do not know the struggles that you have been feeling? But what we also say to you is you are a living, breathing example, leader, demonstrator of incorporating the Divine qualities, and the trust, without money, because it is not dependent on money.

The belief — and this is why there is what you think of as lack of financial support, and that will come forward — but the belief that you cannot do something because you do not have money is being eradicated.

What you are doing is breaking through that belief system to the belief system and the knowing, the anchoring that the abundance of Gaia, of all her wealth, of all her resources and far beyond, is absolutely available to you. So the hindrance of what you have thought of as external support — because most of you think of money and finances as external support — you are breaking through that.

Money, abundance is the reflection, the outcome, part of the generosity that emerges from that love and trust and sharing and prudence and temperance — and patience.

Now, we know — and I particularly know — that these are not particularly popular qualities, are they? But as you anchor these qualities, it is reflected; it is reflected in economics. Let me explain.

Not only does the spirit of sharing, of generosity, of caring, of consideration expand. The belief system - that some have the key and some do not; that some have chosen to live and die in poverty and some have not - disappears, so that there is this burning desire to share what one has. And that shifts. It shifts institutions, it shifts markets, it shifts neighborhoods and it shifts families. Similarly, it shifts power structures, what you think of as political structures.

Nova Earth is a joint project. As you proceed, no matter what, the money will come. Simply claim your abundance. It is right there on the table.

### **You Will Feel a Shift in What You Want to Do**

But what I do suggest to you is during this time of shift, and during this time of transition, that many of you, if you have not already experienced it, you will experience a significant shift in what it is you want to do. And even if you are returning to the same job, the same occupation that you have done for 20 years, your feeling about how you are going about it and what it is you are truly doing and accomplishing is shifting.

Many of you are also going to begin to have new ambitions. You want to completely change what it is you are doing, not only internally, or not even interpersonally, in a private situation, but what you are doing in the outer world. You may well feel very disconnected from what you have done in the past. Do not ignore or minimize those feelings, those inspirations, those inclinations, because that is not only this side, but your own soul self inspiring you to move more clearly in alignment with your mission and purpose.

So, for some of you it is doing what you have done in the past in a more vociferous, clear... abundant manner. And then for some of you what it is is starting entirely new ventures.

Now, if you take a moment and reflect back on other lifetimes, other realities, even other planetary situations, you have done that before. There is no need to repeat, because it has only ended in misery, sadness, pain and hurt for yourself and others.

Very often, in human interactions, regardless of what the setting, it is fraught with control, political intrigue, desire to destroy in a very negative way, desire to control other people's thoughts and actions, and to minimize yourself, to present yourself in ways that you have come to believe are acceptable to those that you are in association with, whether it is your family, your partner, your neighborhood or your place of work.

That minimizing has need to absolutely halt today. You, each of you, are massive, enormous souls, beings of energy who have come to Earth during this time of change simply for that reason, to be part and catalyst and agents — and angels — of change. So if you do not participate and demonstrate and embody the change, then you are denying who you are. You are cheating yourself of the very experience you came to Earth to have.

So often, when people have spoken up, for example, and said, “It is not right in terms of universal law that wealth should be concentrated in the hands of a few who manipulate the masses. It is not right that people in Africa starve. Therefore, I am going to put my energy there.”

But it is in the speaking, also, of that knowing. That is not just a belief system, that is a knowing of the divine plan. That is why it feels like anathema to you, because you know it is not of alignment. So what you are attaching to, if anything, is the

divine plan, divine mind, heart, will, One. And you are detaching from everything else.

### **How Do We Begin?**

You say to me, “Michael, how do I begin?” And what I suggest to you, and I do not simply mean you of the Golden Age or of InLight Radio, but each of you, my beloved friends, my brothers and sisters of light, what I say to each of you is you have begun already building your platform within which you will operate to participate fully in the creation of Nova Earth. It means taking action.

And for so many of you — and I do not say this in any way, you cannot construe what I say in anything but love — but many of you have been exceptionally reticent to step forward into what you would think of as action, public or private. You say to me, “But, Lord, of course we are reticent. We had said time and time to our friends, to our families, that this or that will happen. Have you forgotten December 21st, 2012?”

There are many who simply look at us as if we are sadly mistaken and are from a different planetary system.”

Well, in fact, most of you are. And what I say to you is, yes, these are obstacles, these are debris, these are fears. It is the fear of stepping forward and declaring yourself and being left open to criticism, ridicule, disappointment, and dare I say the fear of failure. All of that, my beloved friends, has need to go. And that is where I have started this day, by saying, give it to me, give it to Raphael, give it to St. Germain, give it to the Mother, give it to Jeshua, give it to your guides, but let it go.

And why do you let it go? Because it is not kind or loving to yourself. So we are asking you in creating Nova Earth to step forward in concrete, visible, meaningful ways. Now, what does that mean? Well, I will tell you what it does not mean. We are not asking you to walk the plank. But we are asking, requesting, and yes, offering, assisting, that you shine your light continually, daily, visibly. And it does not matter, the venue that you choose, because that is unique to your soul purpose, your choices, your journey.

It is time to declare yourself. That is the biggest stepping forward to create Nova Earth. And what does it mean to declare yourself? What does it mean in practical terms? Yes, I can be a very practical archangel. It does not mean that you have need to declare yourself, that you speak to your guides and angels and archangels on a regular basis. It does not mean that you have need to declare yourself that you know and visit with your star brothers and sisters on a regular basis. But what does it mean? That you start to act and speak the words, the actions of love.

So you are stepping into new rules. You are stepping forward as the agents of radical change. You are stepping forward as the agents of focused intention and action. So that everything — and yes, practice does make perfect — everything you do is in alignment with who you are and with One.

Now, I can hear you — and I can hear many of you — say, “Michael, help! I don’t know if I can do that. I don’t know if I have the wherewithal to do that.” Of course we will help. It is our purpose, our joy, and our commitment, our sacred promise not only to the Mother but to each of you, that we will help. But do not tarry. Do not stop. Because this is a process, and it is a process of significant change.

Do not think... I hear you shaking your head. I see you at home this night shaking your head and saying, “But, Michael, that will take years.” No, my friends. Do not forget that within this the shift is underway.

Humanity is changing. And when you ignite that spark within that, what you are truly doing is fulfilling your role as pillar, as wayshower, as gatekeeper, as teacher, as healer, as channel. So do not, please, put the constraint of time upon this change. It does not need, nor is it planned, to be lengthy.

So, choose your area, or your areas, that you wish to address and get going. And then come together in collaboration and in groups to deal with any issues that are coming forth that need to be eliminated, eradicated.

Take a step this week — if you like, I will go with you — not next month, not when spring comes, but this week.

Perhaps it is objecting to yet another highway, or the construction of an ugly building, or pay raises for municipal officials when people are living on the streets. These are practical things, my beloved angels, my agents of change, that you can

do. Will you win every battle? No, but will your energy and your voice be heard and act as that seed and catalyst for change? Yes. That is not a dream. That is a promise.

And you say, “Why now? I marched in the sixties, the seventies, the eighties, the nineties.” And I say, “Why now? Because Gaia and the energy of your planet has changed. And so the humans, conscious or not, are ready for these changes. But they will not know that unless you step forward and help them.

Join with me. Choose just one thing that you are going to go public on, and make it within your realm of comfort, but pushing the edges, and know you are so supported in this, because this is your piece, your first steps in creating Nova Earth.

## As Boots on the Ground, What are We to Do?

August 3, 2023

<https://goldenageofgaia.com/2023/08/03/as-boots-on-the-ground-what-are-we-to-do/>

Well, OK, if this is the birth of a new species of human...

Into a new region of space where our lives will become transdimensional...

Ascending en masse with our physical bodies intact...

With civilizations from around the multiverse watching the experiment... (1)

As boots on the ground, what are we to do?

The simple version or the long-drawn-out version?

The simple version? In my view? Love. Begin to draw the love that flows in our hearts up out of that endless wellspring on the inbreath and send it out to the world on the outbreath. Actually do it.

What will that do?

That is the very definition of ascending. What is Ascension but a full and complete heart opening? (2) If we simply love, it's a little like, I think, a baby bird practising to fly for the first time. The Mother helps it.

That will have us experience our own love, providing us with an endless source of what everyone in life is seeking. And that love that we discover will only deepen and deepen.

That will have us see whom it makes sense to seek love from and whom it does not. (From others? Not so much. From our own heart? Definitely.) Now we're self-generating and self-sufficient.

When it does, it'll transform our lives just in the course of life itself. Every moment will be transformative. Emerson described it:

"No man ever forgot the visitations of that power to his heart and brain, which created all things new; which was the dawn in him of music, poetry, and art." (3)

"Which created all things new." "The dawn in him of...." He's describing transformative love and an opened heart.

After that opening, we can feel the love rising from our hearts and flowing out to the world. Now we're ready to pursue our unique avenue of lightwork. (4)

Married to our lightwork, I predict that our love will inspire all we meet. Lightwork without it? Not very much power to it, I find.

I predict that how we and all others are seen throughout the galaxies will ride on the depth, quality, and purity of that love.

That for me is the simple answer.

(2) When the energy moves farther and permanently and fully opens the heart, the arahant becomes a buddha; the Brahmajñani becomes a jivan-mukta (liberated

while alive). Not the heart chakra, but the heart. The hridayam or heart aperture opens as it did in the earlier heart opening but now remains open.

The resulting torrent of love incinerates the vasanas or core issues. In the earlier heart opening, which I imagine is not as strong as Sahaja, the vasanas were held at bay for the length of the experience. But they were not eliminated. Now they are.

This latter state completes our Ascension experience.

*I'd like to revisit a conversation with Sanat Kumara, planetary logos or chief shepherd for Earth, on An Hour with an Angel, in which "Raj," as he likes to be called, outlined exactly what we do when we assist the Company of Heaven, often in our night travels.*

*He also described how the lightwork we do in the daytime adds to the formation and constitution of Nova Earth.*

*Every core issue we complete, every expansion into love adds to the new domain, he said.*

Sanat Kumara: You are already co-constructing with us what you are calling the new domain. So it is not an arduous task. In fact it is a joyful task. And it is already underway.

Steve Beckow: Can you just expand, Raj, on what you mean when you say that we're both co-creating this new domain? Is it happening in our sleep? Is it happening because another part of us that is above or below the ordinary consciousness has worked on this? How am I helping you construct a new domain apart from writing a blog and doing these shows?

SK: Do not discount this – please. And this is back to where we have begun with the denial and the downplaying of what you have done and what you are doing.

It is happening on the conscious, the subconscious, the unconscious, the astral, the angelic realms both in and out of your body. Yes, much of it is night work but much of it is conscious work as well.

When you talk, and I'm not simply speaking of you but I'm talking about the willingness to bring what has been thought of previously as exceptionally-esoteric material to common everyday discussion, to talk about the need for peace, for the elimination of abuse, which is simply peace, for the creation of equality, for the creation of sacred partnerships which are anchored in freedom and love, not control or finances. So you are doing a great deal of the work.

You have been laying that foundation not only pre-construction but you have been doing the work and I'm talking to all of you now. The limitation of core issues, the expansion into love – all of this is changing the world that you live in.

When you travel at night with Michael and you go to the places of violence, whether it is in Syria or Los Angeles, it matters not. And you are diligently anchoring within the hearts of those who create violence the desire for peace. When you comfort those who are the victims of violence and you reassure them of their worth and that they are loved and seen and known. What you think of as night work – when those people wake up the next day, they are changed.

They are anchored in a different vibratory rate. Not simply because Michael has been in attendance but because many of you have been in attendance as your higher, universal, angelic, starseed self. And you have spared nothing in bringing these people along. And by sitting at home and sending love and hope and peace all over the planet you are creating the new domain.

You say: “Yes, but, Lord, look there is still war. There is still mayhem.” You are in and you are visiting and you are participating in the creative chaos and that is another reality.

So you are shifting but because you are in your body, consciously you are thinking: “Oh no, I am not travelling inter-dimensionally.” When you have a vision, a day, an experience, a moment of such exceptional grace - when you have a moment or a day when you know you are in your mastery - when you fully behold the beauty of a sunset and you are the sunset – you are participating in the creation of that new domain where that becomes what you think of as everyday reality.

Steve Beckow                      Host, InLight Radio

Archangel Michael: Greetings, I am Michael, I am Mi-ki-el, Archangel of peace, warrior of love, bringer of news, and a thousand other titles throughout the universe. Welcome my beloveds, my family, my allies, and, might I say, my peaceful warriors. Welcome to this time of further, greater, deeper, higher

expansion of the assumption of your creator selves, of the anchoring of those creations in physicality upon your beloved planet of Gaia.

While I speak to the hearts and the minds and the bodies of those of you who tune in tonight – and I thank you for doing so – I also use this venue to speak to every being upon this planet. And, I ask that my voice, my energy, my message, and the divine instruction of the Mother go forth and be heard on every level across this wondrous place you call Gaia.

The time of excitement, of awe, of wonder, of understanding the truth of your role is truly upon you. And, some of you scoff and you say, “But, Michael, I have understood my role for a long time.” Might I suggest to you, beloved ones, that this comes in layers. That in your role, in your life, in your journey, up close and personal and global and universal, there is always more. Just as there is always more to the plan and the infinite wonder of our Mother, Father, One.

Sweet angels of light, it is time for celebration. No, not only because in your various calendars and traditions it is that season. What I am talking about is that it is time for celebration that you are embodying the fullness of who you are. You are not only acknowledging or accepting the fact of your creator self, you are stepping in, you are anchoring and you are bringing forth this Garden of Eden of various creations. And no, let me be very clear, it is not fully dependent upon any kind of situation, whether you call it politics or RV’s or world peace, because you are the creators, the anchors, and the implementers of so many of these variables, these elements, these aspects of Nova Earth.

I do not deny – the Mother, most certainly, does not deny – that you need your tools of the trade, your equipment, your wherewithal to proceed. That is a given. But, before that comes, what the channel has talked about, and that is the flexible steel, the malleable titanium of will, that depth of determination to go forth and to do your bidding no matter what. Now, I would like to veer away for a moment, because you have asked me, well, you have strongly suggested, that you would like to know or to review briefly this understanding of dimensionality.

Steve Beckow: Lord, if I can just intervene for a moment. I think the precise question, if I am correct, was that there just seems to be so much chaos around us. Is this an indication that we are in the sixth dimension of creative chaos?

AAM: It is absolutely correct. You have ascended! Now, while we suggest that it is not a hierarchy of dimensions, in fact it is a progression, so let us use this terminology. You have moved and you are on the cusp of the fifth dimension and the sixth dimension. The fifth dimension, as you know, is where you have been learning and mastering the management of change. And, I would suggest to you that you have been in radical change, both internally as individuals and externally as human beings for some time in this expansion of your energy field and in the bleed-through, or the taste, of what it means to be fully in the love, to be the love.

As you are moving into the sixth dimension, this is the dimension [where] the qualities [are] of creative chaos. Now, many of you, and you have just said, dear Steve, that this feels like chaos. Now, one of the first choices I am placing before you is, do you want it to be chaos or do you want it to be creative chaos? What looks to you like mayhem and chaos is this grand opportunity, out of this mix, to bring forth the birth and the aspects, the experience, the tangible, physical reality of the beauty of Nova Earth, of Nova beings, of ascension into the seventh dimension of Christ consciousness and love.

Think of the examples of chaos. Let us move slightly away, and then we will return, from your politics and your financial systems and the war that is waging, all over your planet, really. Think of the death of a star, or the birth of a planet.

Even the birth of the child, of an infant, in those hours or moments when the mother is in labor, if you were to ask her, through the varying emotional stages and the physical reality of pain, that would be the very definition of chaos, of pushing and feeling that you must escape, that you want this over and done with, and yet at the same time, this deep abiding wonder and awe and excitement. And, the result is the birth of the child. Out of that chaos comes new life, new existence, new reality. And, it will never be the same.

Once that child, that creation is brought into the world, not only is the planet never the same, the family is never the same. There is new life, new existence, new script. So, what you are experiencing now is the birth of what looks like, and I will address this - entire mayhem. It has been messy and painful and really not making a lot of sense.

So, let us go back. There are those, and I have said this elsewhere and I will say it repeatedly until all of you understand; there are those upon your planet who would like to reinvent, rebuild, reconstruct the old third dimension. Now, that is chaos at its finest. Let us also be clear that the vigor, the commitment to that rebuilding of the old third, is as strong as it was at the initial stages of that construction.

That level of desire to bring back the old is extraordinarily strong. Because what they are doing in many ways, your terminology might be, they want to bring back the good old days. But, in fact they were not good old days. It was some of the darkest periods of humanity. The last, especially, hundred years of human history has been violent and aggressive, and cruel and controlling.

The chaos with which this small group wishes to reconstruct humanity into the old paradigm will not be permitted. We need to be very clear about that. It is not that we interfere or intervene - well, we do intervene - but we do not interfere or override human free will or anybody's free will for that matter. But, we do place variables, situations, people in place that redirect energies.

The old third is gone. It is but a memory and what you are seeing and witnessing is twofold: there are those who are finishing up, playing out those memories, and then there are those who wish to reconstruct the old. While the memories of the old third and the nature of those disasters need to be kept in place – vague, but clear enough that they are not repeated – the physical reconstruction of that old third dimension, which was never the Mother's third, of the expression of physicality, form, space, etc., it will not happen.

So, there is this churning energy. And, you can think of it as a pot on a stove that is boiling over with water or foam, or whatever is in the pot. It matters not. What is happening, you are the creators, but we are helping you as well. It is important that this pot overflow and make a terrible mess on your stove, your counter, your kitchen. Because, then you are very clear about what the mess is and everybody who comes into the kitchen or into the house can see, "Oh, you've had a real mess here. What happened?"

But, make no mistake about it. You aren't going to leave that mess on your stove, in the pot on the counter indefinitely. It is going to be cleared up, and the heat is going to be turned off. But, this is a lesson, an experience that the third dimension

is presenting through the various players. But, it is not creation. It is not of love. It is not sustainable. It is entirely illusion.

Now, why am I spending time emphasizing this? Because you, my beloved brothers and sisters are pivotal, are critical in looking at this illusion, at this mess, and simply seeing it for what it is. It is another situation to be observed, to send love and light into, but not to engage in, because that is not the reality.

So, what you are doing in the sixth dimension of creative chaos is you are taking what looks like fundamental disruption and molding it, carving it, sculpting it into that which you desire. It is yet another opportunity, not merely for light workers and love holders, but for all of you. That is why I address the entire planet. It is the opportunity for all of you to say, “This is not where we choose to place our energies. This is not what we choose to create. This is not where we choose to live. This is not acceptable. We are doing something entirely different.”

And you are using your creator selves, in tandem with your star family, in tandem with the angelic realm, in tandem with the masters and the archangels, to step forth as the true implementers of the Mother’s plan. This apparent chaos is nothing but a distraction. And does it have some malign intent? Yes, by those who do not know better? Yes.

But it is not your distraction. It is not your chaos. You can observe it, move the pot off the stove, turn off the heat. But, you aren’t going to jump into that boiling water and join. So, there is chaos on several fronts and you only know about a few of them. And, they are showing you, again, might we say some of the worst of human behavior. The slaughter, and I do not mince words, the slaughter that has been taking place in Aleppo is criminal. And, I use that word very specifically in terms of human history, legalities, treaties, understandings. It is the killing of the innocent.

Now, that is chaos and the opportunity is to say ‘No.’ Now, dearest Steve, you would say to me, “But we as light workers have been saying ‘No.’ And yet the slaughter has continued.” Do not think – because it is a mental process you are undergoing – do not think that your ‘No’ is not resounding across the planet. Do not think that your heartfelt love and horror of what is going on is not felt across the planet.

And, many of you, an enormous number of you, are in fact holding the hands of those who are departing, holding the hands and protecting many. Many of you are working with me there and various places. So, do not think that your work and your undertakings are not recognized and having effect. They are.

Are they apparent to you? No, because right now what you are doing is cleaning up the mess. But, when you step back, and I mean very shortly, when you step back and you look, you will say, “Oh that’s what that’s about. That was about us saying the genocide is not acceptable, that murder is not acceptable. That lying and hatred in your political scenarios is not acceptable.

So, these are choices that are being made very clear to you. But, the idea and the guidance from our side – and when I say from our side, I mean from all of us – do not engage in the chaos. Look at it and use it to create what you desire. Now, where do you wish to begin, my friend?

SB: Well, I’m very much torn, Lord, because on the one hand I do know what you’re saying and I do know what the clarion call is and my desire would be to respond to it. But, on the other hand, I feel a tremendous tug from my projection of what the listeners might be saying or thinking. Whereas I would respond to your call and talk about emergence and expansion and these necessary processes that we now need to take in hand, I think that the listeners would like to know what is actually going on in the world.

Again, is abundance in the offing? And, I’m sure everybody wants me to ask about that. The American election, it’s like chaos. What is going to happen in America, if it’s known? It may not be known. But disclosure, are we closer? Are we still in a standoff? Ascension, of course, it’s a process, but any news about what’s next in Ascension?

So, do you know what I’m saying? I leave it up to you which you want to address. How about if I scurry away and try to get away from this responsibility?

AAM: May I scurry away with you, my friend?

SB: Yes! Let’s go play! Exactly! You can tell me about something you told me in 2014, the family secrets of the Archangels.

AAM: Oh, it is much easier to explain the current chaos.

SB: (Laughter) Okay, I'll leave you to it.

AAM: Let us back up again and say this is the time as a light worker, as a creator, as a love being, where you are being asked to bring the highest, most refined part of yourself to the forefront, to be the observer and the participant. Now, hold that thought and hold that energy in your heart. Let us start with the American elections and then we can move on to grander things, things that truly matter such as abundance and disclosure and ascension.

But, using the American election is a good example of the chaos that people are feeling, chaos, not creative chaos and there has need to be a very fine distinction here. What you have seen is upheaval of a magnitude that, shall we say, most beings, human beings upon the planet did not anticipate. And, that is putting it mildly. The expression of the American people has been one of disgust, disdain, disappointment, disenchantment, all the disses you can think of. With the system, as it has been, they have felt disenfranchised.

Now, as an aside, I will say to you that they have felt this sense of disenfranchisement at a time when you have had a very strong leadership of star brother at the helm. So, dissatisfaction and the sense of disconnection have not necessarily been rooted in factuality. This sense of disconnection, of dissatisfaction, has come from the sense, a human yearning – which is a good thing, for more – for more engagement, more access, more equality, the elimination of the disparity and inequality.

Now, how it has expressed has not been in the best way, shall we put it that way. But, you even saw the roots of that dissatisfaction and feelings of disenchantment with Bernie Sanders. From our perspective, it is very unfortunate that this one was not brought forward as the viable candidate. But these are human choices and we stand back and we only comment now and then.

The choice was for radical change or for status quo. And, again, based on much information and disinformation, many lies, many fantasies – it matters not because this is now ancient history – the people of this country have basically been equally divided. We're not talking about who is the final victor, but basically, the opinions, the votes, have been pretty equally divided for those who wish radical change no

matter what, and those who are willing to live with the status quo regardless and no matter what. Neither is truly a viable choice.

Neither, well, we'll leave it at that. Let us say it this way. Neither choice, without some adjustments – and we're talking divine adjustments here – is a viable vehicle for the creation of Nova Earth. And, let me be clear when I speak of Nova Earth, I am speaking of this planet of love, this planet of joy, of equality, of fairness, of gentleness and of strength. It is not about divisiveness. It is about unity and cooperation and co-creation, not merely co-creation with us, but co-creation with one another.

So, this microcosm of the United States of America is a good place to look at. So, now, you have someone, yes, Donald Trump, who steps forth as the apparent presidential candidate or president elect. What this declaration on both sides indicates to all of you in this microcosm of the U.S. is that there has been a human choice to learn some very difficult lessons and to walk through the chaos, not creative chaos, but to create chaos because even that is preferable to what is in existence. So, this has been a collective human decision. Not one that we necessarily feel was the wisest choice, but nevertheless, the one that is being respected.

Now will there be some tough lessons to be learned and you are only seeing the surface? Yes. But it isn't about the lies or the sexism or the disregard for whatever, there are many disregards. It is about the human light workers' reaction to how the light is going to infuse this chaotic situation and bring re-creation of the new - not of the old third - out of that into the light of the planet that is welcoming of your star family, that is welcoming of reorganization, of financial freedom.

Now, having said that, there is also simultaneously – and I do not mean to create cognitive dissonance – but this is where you are holding two rather opposing ideas at the same time. At the same time as you are inserting light into that chaos, what you are also doing is going on to your own pathways that do not necessarily engage that chaos but creates the new. And, when you speak of abundance, that has always been why I have suggested to you, that your spiritual currency is what anchors and prepares you for the ability to go forth with the responsibility, the stewardship of creating Nova Earth.

So, as implementers of Nova Earth, while you will be sending light and love and creative energy into that melee, you will also be going on a separate track and creating a world that works for everyone so that you are not dependent upon those who wish to engage in the chaos, that you are going forward in the creation of alternate routes. And, what happens in those, what we will call alternate routes, is that they gain such credibility and power in the true meaning of the word, that they become the status quo. In that alternate route, your star family, the cities of light, the completion of ascension, all of that is present. And it, as it gains momentum, it overrides that pettiness of that other situation.

Now, I know that I have given you food for a million questions, my friend.

SB: Well, actually, Lord, I was going to say you just laid out the plan, didn't you?

AAM: Yes. I did.

SB: That is the plan. Okay. So, let's savor that for a moment. You've said that – I imagine that you, the mighty ones, all the angelic orders and the galactics and the ascended masters are managing the worst aspects of the chaos. They are preventing it from getting out of hand. And we are exercising our choices and coming to realizations. And, then, on the other hand, the wherewithal to build Nova Earth is going to be introduced and we will march forward in that area, keeping an eye on the other area over here, but building the new, which will attract people who are currently watching the chaos, into the building. Then this other side [Team Dark] will shrink.

AAM: That is correct. It will supplant the old. Think of it, what we have said, is that all this confusion about this American election came from the internal disenchantment, the feeling of disenfranchisement the people were feeling with the external structures and infrastructures and power structures. So, I say see this alternative path that is very ethical, full of integrity, stalwart, but also strong, vibrant, vivacious, attractive...a better way of being. They will migrate.

SB: Is that necessarily a good thing? We'll have to work with them.

AAM: You are working with them, my friend. You already are. Do not think – and we would never encourage you to think or feel – that you as light workers are

operating within a, what you would think of as a closed system. Quite the contrary, and that is why you get so upset at times.

Let us go back to 2012. Collectively, humanity decided to ascend as one. So, that system, the system of your Earth, of Gaia, is the system within which – and it is actually beyond that – that you are operating. So, the light workers have been working with the recalcitrant, the dissonant, the disinterested for a very long time. And, there is part of you that has felt that you have been banging your head against a brick wall.

Well, let us tell you, the Mother has a million tricks up her sleeve, literally. There is not a single minute variable that cannot and is not adjusted. So, if you have thought, and I know many of you have felt and cried out in the night that you are a voice crying in the wilderness, what we are saying is come with us on this alternate route, continuing to send love and light into that melee, but come with us on this alternate route. Walk with us, walk with Jesus, and, in that, those who have not been listening will say, “Look over there. That looks far more attractive. I guess what they were saying makes sense after all.” And they will follow.

SB: Sounds like a trip with the ‘Spirit of Christmas Present,’ Lord.

AAM: Does it not?

SB: What you’re giving us right now is a view of the big picture, a view of what’s actually happening. Are we going to be here a year from now still talking about something called abundance? And, I’m not extending that to disclosure, but, how about ascension? Are we still going to be here a year from now?

AAM: We will be here, well, I was about to say a thousand years, and a hundred years, you know, talking about this. But, it will not be in the same context. That is really your question. It is the eternal question of when that you are sneaking in, are you not?

SB: (Laughter) That’s right! They pay me to dress it up, you know.

AAM: The answer is we will not be here next year, or even next month, talking about this in the same context.

SB: Because, you do know we are all very tired, very tired of waiting. I feel obliged to express that from my view of the emails that I receive.

AAM: Well, do you not know that we know what tired feels like?

SB: (Laughter.) Yes, but, you are all sitting there in bliss with the divine equivalent of the tequila sunrise in your hands...

AAM: Except while we have to deal with the human chaos.

SB: (Laughter.) That is exactly so. How are we doing with disclosure and how are we doing with ascension, Lord?

AAM: Everything, in terms of your galactic and intergalactic friends, family is in place. Many, oh, well, that is putting it mildly, many are positioned upon the planet and you are all running into the new day awake, whether you realize it or not. Most of you have your “ET” sensors on, and, so you are acknowledging them. So, from the side of your star family, all is in order and waiting in readiness.

Now, having said that, you are in, as we have just discussed, a tumultuous time. The plan had been that there would be disclosure, through Obama, by year end. Given the instability in China, Russia, Korea and the United States, and their tendency to engage missiles which we have been intercepting along with your star family – no, not all of them unfortunately – but that is, we are waiting for a quieter moment because your political environment, might I say, not your armed forces, let us be clear about that, your military – and I speak for all these nations – is in fact, at this moment, quite peace loving.

But your political environments are very volatile and very aggressive and willing to use missiles. And, so we do not want, in any way, to allow any form of perceived aggression to take place. So, what I am suggesting to you is some roller coasters ahead in the next couple of months that will seek the transfer of power of what you think of as leadership in several countries.

When that has taken place and completed, and it is already begun, what you will see is that there will be full disclosure.

SB: Thank you. That’s exciting.

AAM: It is very exciting! Can you imagine the difference just with star technology? How much easier human life will be in terms of healing, and living, and communications and travel. There is so much that your star friends are eager to share. The most excitement simply comes with the promise of reunion. You know, there are many of you who visit the ships regularly, as you know, some of you consciously, some of you not. Many of you not. But there is the same process that is taking place with your star family. And they are as eager and as excited to visit you. Yes, there are the treaties. There are the shifts in structure and technology. But, the being-to-being, the unity and community is what they are most excited and anticipating. They can't wait. And, they, in terms of the patient quotient that you were speaking of, have been waiting a very long time. So, yes, patience is a stellar virtue.

SB: (Chuckling.) Stellar virtue. Well, I might add another dimension of it too, Lord, and that's the arrival of another. All of a sudden there is going to be another. And, I know that's going to change my dynamics.

AAM: It will absolutely change the dynamics of your societies. When I have spoken of chaos and the birthing of the child, the creative chaos that comes forth in those various moments and how that family is never the same, when you are having the introduction and the presence – not merely the knowing, because you've had the knowing for some time – but the actual presence of your star family in your house and your community, it will change everything. And, that is why they have been so careful. They want to be welcome. They don't want to be excluded from the family reunion.

SB: Right. If somebody from the outside, so to speak, came into the house, one would be on one's best behavior. That would be an example of the kind of change that might happen. And, I can imagine that when we've gotten over our major military and other violent kinds of responses, that the introduction of the star family would have that effect on us as well. We would all drop whatever the petty bickering was that was going on and come together rather quickly.

AAM: Everyone will want to put on their best face. To be seen, not in a way that is false, because, sweet angels your best face really is who you are. You are kind. You are compassionate. You are welcoming. This is the truth of who you are and this is the truth of the sixth dimension. It is not tearing apart, it is creating. It is gathering

the molecules and bringing together what you desire from that best and highest divine part of who you are.

SB: Wow. I don't think we realize. We think of disclosure as some event that's happening out there. Spaceships are going around and we're watching all this and cities are springing up. But, it's the events that are going to be happening inside.

AAM: The major event is inside. And, you are quite correct. Everyone thinks of disclosure as an event. And, in fact, they have been showing themselves increasingly, over the, especially, over the past year. But, you tend to think of it in terms of an event when, in fact, what it is is an essential shift in the paradigm of what it means to be Gaians.

SB: What it means to be humans, too. After all, it's humans meeting humans, so, that is again going to give us some paradigm jarring moments.

AAM: It will give many pause.

SB: Yes! Lord, I think we're close to running out of time. Why don't we just spend a couple minutes with any news about Ascension that you'd like to bring us and then we will have to end our show today.

AAM: We will have to fly away, will we not?

SB: You and I, yes. We have a date. We are going to be at Club Sirius, are we not?

AAM: It is a date. You are doing well in terms of your ascension process. Yes, some of you are further along than others. But, let me be clear on this, there is not one of you listening, there is not one of you who will listen after the fact and in this night, that is not about 80 percent farther along than you were even several months ago. You are almost there. The tipping point has been crossed. And, when we have what you would call that critical mass, we will have that, shall we say, that snap. You are almost there.

What is the hold up? The holdup is what we have talked about in terms of the collective and that collective decision. So, we are...many of you are carrying millions with you. So, they may or may not be aware. They may or may not be interested or recalcitrant. You are bringing them along. If you have thought that it

is a heavy load, you are absolutely correct. But my dear friends it is one worth carrying. So, you are almost home.

SB: That's spectacular. Thank you very much for that. Is there anything you want to say in closing, Lord?

AAM: It is good to be back. And, it is good to see, even in what appears to be chaos, that the forward thrust is not lost. It is well underway, my friend. Take heart. Go with my love and go in peace. Farewell.

## We Master Builders

Archangel Michael, speaking through Ronna Herman, laid out one of the greatest quandaries that face us as lightworkers in his April 2013 message. he said:

“Many of you came from the lofty planes of the higher dimensions bearing so much love for the Creator that it has been very difficult to adjust to the material world and the physical body.

“You are the ones that have denied all things in the realm of physicality, rejecting material comfort, wealth and desire, as well as the bodily form, in the belief that you could not enjoy or accept the sensations of the physical world and still be spiritual.

“But that is why you came, dear ones. We know you are capable of being pure Spirit—following the Will of the Creator in the higher realms. Remember, your assignment was to cocreate a heavenly Earth and to experience all the beauty and wonder of Spirit in solid, physical form.” (1)

Perhaps I can be permitted to comment on the quandary.

In traditional spirituality, the basic spiritual movement is to turn one’s attention from the world to God - from material pursuits, possessions, and pleasures to the spiritual path and disciplines.

Great masters have been here who renounced the world and all its distractions and valued simply the three feet of ground under their feet, sinking down into meditation until they discovered their essence.

And this has won them a lofty place in the multidimensional world.

And now they've consented to return to this Third Dimension to help in the shift we call "Ascension." And they've brought with them their renunciation, dispassion and detachment.

They've no use for money and what it can buy. They've no desire to surround themselves in comfortable and pleasurable items.

But to build a new world is exactly why they've come - why we've come, for we are they. And so, many of us are finding ourselves in situations that are at least unfamiliar, often unappealing. We're asked to deal in money, concentrate on raising physical structures, concern ourselves with the quality of life - physical life - think about relationships, and we've focused on nothing but God and the spiritual life for a very long time.

So our assignment, when once we donned this wet blanket of a physical body and forgot our original contracts, is plaguing and disconcerting us. It doesn't feel right to ask us to seek money, sell our services, create products and promote them, etc.

But unless we enter into the way of life of the community around us, how are we to build Nova Earth with the residents of Planet Earth? Unless we master to a certain extent the ways of life on this blue planet, how are we to assist in the raising of the new Fifth-Dimensional structure and civilization that Ascension is all about founding and whose foundation we came to assist with?

So now as we enter the phase of clearing out the old Third-Dimensional structures and ways of being and introducing the new Fifth-Dimensional structures, as our abilities and perspectives expand, we're feeling acutely uncomfortable with what's being asked of us.

Sometimes our wake-up call comes from finding ourselves in situations of lack from which we're forced to extricate ourselves. Sometimes it comes from encountering new opportunities that open up before us but which we'd never

ordinarily have taken. In whatever way it comes, it's opening us to new assignments which are proving foreign and challenging to us.

And the Company of Heaven at this time is trying to make it clear to us why this is happening and what it is we're to do, even if it feels unappealing to us. We're to join in in the founding of the new society of Nova Earth, whether or not in the beginning we feel awkward or uncomfortable.

This work is not a distraction. It's what we came here to assist with. And learning how to live within a worldly society, at this time, is not a betrayal of our spirituality. It's a fulfilment of the mission we came here on. We'll spiritualize it, bringing Heaven to Earth, but we will also build it.

Master builders cannot escape working with materials. And they cannot escape planning and thinking about how to build, where before they might have been concerned with how to deconstruct.

## Final Positioning

February 11, 2017

<https://goldenageofgaia.com/2017/02/11/final-positioning/>

*Sunny when I moved in Feb. 1 and then our first snowstorm of the winter season hit*

Having seen the impact on me of landing in this ideal location, I can now understand a little better why our sources would say that people are getting into final position for all that comes later.

I look at myself and I feel ready now. There's nothing outstanding, nothing left to do.

I don't expect things to break for a little while longer yet. I think they're giving the Donald time to close down a few cabal nests first.

I notice as well that this final positioning, once I decided that I needed to move, happened within twenty-four hours - to the best of my recollection. So it wasn't a hardship from that angle.

In fact it was what we'd ordinarily think of as miraculous, but working with the celestials always looks and sounds miraculous. It probably doesn't from their angle but it does from ours.

In my last reading, Michael said I was to consider what's next for me as a triforme. It was his comments here on bliss that surprised me the most.

AAM: Think of it as a tri-flame: New behaviours, handling the stressors and being in the bliss.

So when you are in the bliss what happens is - and it is a key element, my brother - that the stressors, as you well know, and the new behaviours, simply flow.

Steve: Yes, I do. (1)

Dilemmas dissolve becoming not problems but situations.

AAM: Now you have had a lot of physical-practicality things that have prevented you from having the time and the spaciousness, the feeling that you can take that time to really be in the bliss but it is absolutely necessary, my brother. So make the time. (2)

I think of a blissed-out person as one who is acting in a socially-irresponsible manner. All of us are struggling and this one is sitting there in ecstasy, etc. So I have a hard time making time for bliss.

But I know he's right in that bliss is the doorway to the kingdom and the space of the kingdom. Cultivating bliss, helping others to find it, when one is working for Ascension, can at times be job one.

My meditation, which I now do as often as possible rather than at a scheduled time, is to draw up bliss on the inbreath from the artesian well of the heart and send it out to the world on the outbreath.

I don't expect that seeing the fruits of this practice will take the amount of time it did in the old, dense Third. And I also believe that the divine co-creative partnership will work here to speed up and multiply results.

# **Archangel Michael on How to Work with the Reval**

Oct. 2, 2013.

<https://goldenageofgaia.com/abundance-on-financial-wayshowing-and-the-reval/the-reval-itself/archangel-michael-on-how-to-work-with-the-reval/>

## **An Hour with an Angel, September 30, 2013, with Archangel Michael**

### **The Global Currency Reset or Reval**

Steve Beckow: There are people saying the global currency reset or reval is a fake. There are people saying this is not spiritual; it's greedy.

What is the spiritual purpose of the global currency reset, Lord?

Archangel Michael: Now, you know that I am always a practical archangel — perhaps not as practical as my sister, Gabrielle, but I have been known to be practical. But let us speak of the spiritual undertaking behind this — what you think of as reval.

And for some of you I bring you back a year, and for others of you I bring you back a decade, and for some of you a decade and a half. Because many of you have

been at this for a very long time. And let us speak of the spiritual import, undertaking. You have all been going through a spiritual reevaluation, re-valuation, e-valuation, evolution, valuation. Think of those three terms. And how do I present this?

Think of your currency, the currency of you. Do you feel trust, know yourself to be of greater value in your heart now than you did previously, one year, two years, ten years ago? Has your self-worth currency grown? Has your sense of connection and connectedness to All grown?

Has your knowing of the value of your path and your service and your place of love within the heart of One grown? Of course it has. That has been part of your awakening and part of your Ascension.

Now, I have said to thee that there is a time now — and you are seeing it in many different areas of your physical existence - where things that have been on a spiritual level are floating down, sinking down like the penny in the pond, down to the physical level.

Are there some who have approached this entire project with, can I say, less than pure intentions? And even some with intention of greed and control and simply money? Yes, of course there are.

But there are many more who have approached this undertaking with an idea and a belief and a faith that in fact this could change the face of Gaia and equalize what you think of as currency and wealth.

Now, let me be clear about this. Do I want you to be focused on the Reval and money morning, noon and night? Absolutely not. Do I want you to be focused morning, noon and night on what you can create and bring forth and share with humanity? Absolutely, because you have the heart, the knowing and the spirit to deal with this, because you have expanded.

Is this a scam? It is a prayer, a promise, a trust and an act of change, not simply an act of faith, but an act, a pro-active movement of change. You cannot stay in fear. You cannot say, "This is simply a scam," because you are the movers behind this action.

Now, there are many points, as you know, that have been difficult in this process, and there is still great mayhem in the country called Iraq. There is great upheaval, and there is question about the stability of that government to even stand behind the resources.

But you are holding the energy and the space for this to transpire, not in a needy, fearful way, but in the way of declaring, in a different dimension, in a different reality — yes, one in transition; we grant you that — but it is in a different reality, you are bringing this forth.

Now, there are some who will also say to you, and to me, “If we are fully anchored in the fifth — sixth, seventh — if we are fully anchored, then we have no need for currency. And that is true, and it is false. And let me tell you why.

Humans, of which you are, and which you intend to remain, love currency. It is an idea. Currency has never been more than a concept and an idea. And it is an idea of abundance for many. Freedom, for food, clean water, housing, play, attending to your community. So you like currency.

So why would we, when we have no need for currency, say, “Now, you have no need for currency” when you love it? It is showing you, and it is transitioning you, into a place where currency becomes what it is — an idea.

And the more you work with this creation of abundance, for many, for all, then the more it becomes your ability to simply create out of thin air. Because that is what you are really doing.

So that is what I say. And it is in process — I keep telling you this — it is in process. And you have a very practical saying, I believe, on Gaia, and that is “The proof is in the pudding.”

SB: All right, Lord.

AAM: There are those that will naysay because they do not wish change, and they do not wish to risk. They do not wish to risk being made fools of. But is it not foolish to not believe that you can create and bring forth? This has been in process for much longer than any of you can dream. So let the naysayers go. Hold the vision and keep going.

SB: Well, Lord, when people benefit from the reval, some people could think, “Well, look, I’m going to hold on to what I’ve gained,” and other people may think, “No, no, I’m going to get my portion” — we’ll come to that in a minute - "but a portion of what I’ve gained out to others, to help others.” Am I correct in thinking that those people who cultivate generosity will — how can I say this? — well, why not just say it frankly? — will be used as channels for further abundance?

AAM: Yes, that is correct. Understand: love begets love; generosity begets gratitude, begets generosity; joy begets generosity, begets gratitude. You are absolutely correct.

You see, one of the starting points of the density of the old Third was this issue of hoarding and greed. I will hoard what I have and I will not share. So it is like having a campfire to cook meat on and not being willing to share an ember with your neighbor. Well, you already have your campfire. Why would you not share? Is it as if someone is stealing your power? That is absurd.

The hoarding is the root [of the old Third], because it is fear-based. It is the belief that you are not taken care of. So to hoard, whether it is new wealth — and there are people all over your planet who become, through circumstance or what you believe is luck, instant millionaires. And then in those groupings there are those that become benevolent and generous, and then there are those who choose to maintain the old paradigm and hoard.

What you are doing is setting the new paradigm, and that is that unity is important. [Linda coughs.]

SB: Let me just mention to listeners that Linda does have a cold and she's been kind enough to come on the radio even though she does have a cold. So, please, let's grant her a little latitude.

Thank you, Lord. Please continue.

AAM: And so what I say to you, whether you have inherited money, whether you have earned money by the sweat of your brow, whether you have won the lottery, or whether you have invested in currency, it matters not. Whether you have been a

recipient of one of the prosperity funds — and there are many of you who have — the point is to share.

Now, I tell you this because it is very important. Take care of yourself. It is part and parcel of honoring the vessel that you have chosen to inhabit, to ascend in and with, and to continue on as vessels and wayshowers and builders of Nova Gaia. You take care of your family, your friends, your soul family. And I do not mean in a small way. You provide.

And, my friends, I am always telling you to dream big! So, allow those dreams to come forth, but take care of the basics as well — your health, your home, your family — and then share! It is that simple.

There are so many creative projects. Now, some are flimsy and have need to be solidified, to be built out, as it were. Some are ready to go. And we are not talking merely small projects, we are talking about projects that will change the face of Gaia. So, proceed bravely. That is what the role of the pathfinder is. It is the shower of the way, not the follower.

SB: Well, Lord, you gave me advice on how to proceed myself. And let me just recite that advice. And nobody wants anybody to come into sudden wealth and then find themselves having gotten themselves into a difficult position. So maybe we can talk about a kind of a formula for managing sudden wealth.

You told me to pay — now, this may only apply to me - but you said to pay my tax right away, and I'm happy to do that. Then you said to take care of myself first, take care of my family and friends, put aside a significant contingency fund, and then, with the disposable income, if we can call it that, the leftover, to do the work that I want to do. In my case it would be with lightworkers.

Could you tell our listeners how they should approach coming in to sudden wealth, please?

AAM: Yes. That is a very good formula. And it can be applied across the board. It is that simple, and it is not just to do with this RV that you speak of; it is to do with everything.

To be given any form of wealth, yes, even that that you believe that you have achieved through hard work — and all of you work very hard; make no mistake about that; and that is recognized above and below — but we are not encouraging anybody, in any nation, to be foolhardy. So of course you tend to yourself. You keep a significant portion aside so that you can tend to yourself.

We do not simply send down rains of money — although that can happen as well — but for this instance we want you, we ask you, and we guide you very clearly to practice discernment.

And discernment is quiet. Discernment is not showing. Discernment is being the observer, not the judge. It is not a question — let me be very clear — of “Do I deserve this?” It is a question, in any situation, whether it is \$10 or \$10 million, it is a gratitude to the heart of One for the blessing you have received. And then, from the place of the discerning observer, to decide what is important. I have said to you that this is a time of choices and decision. You decide what is important.

And what can be more important, first and foremost, than taking care of your sweet self and family?

Then you discern, with your heart. What appeals to you? Is it projects that promote free energy? Are you the unseen benefactor? Are you one who wishes to build new schools, what we would think of as nova schools, star schools? Do you wish to be in communications, like you, Steve?

So, you discern where your heart and your mission and purpose has always pulled you towards. And then you invest not just money, but your energies, your love, your focus in that direction. Always with your eye on the larger undertaking: what promotes love and spirit? What creates the new Earth? What anchors the Cities of Light?

# Galactic Advice on Working with Reval Money

July 30, 2014

<https://goldenageofgaia.com/2014/07/30/galactic-advice-on-working-with-reval-money/>

Now a word to lightworkers who want to work with the money that the Reval will make available.

The Galactic Group reminds us:

"The gift of the monies is to assist. However it is a very delicate gift. For one, it can target certain ones of you who are receiving huge amounts. And for another, greed and fear are best friends. And suddenly being placed in an entirely new reality where you have huge amounts of money will bring in fear.

"For millennia lightworkers have found safety in the anonymity of poverty. So therefore for those lightworkers to lose that anonymity of poverty and then have wealth brings forth another initiation."

The Reval "is to be a cornerstone for Ascension." Therefore:

“All issues of money, which are immense in planetary incarnations on Planetary Earth, must be released within the recipient to raise their consciousness so that it is perceived in a non-selfish, collective, planetary state of consciousness. This money is not for individuals. It is for New Earth.”

Different light workers will use the money for different things.

“Some will take their money and go back down into the realms to battle it out with the Darkness, so to speak, as that is within their Divine Plan.

“Some will remain to establish this Foundation of an Earth that will not need money and those will be the ones that have such a generosity of heart that they wish the money to go into the initiation of New Earth. So there are several initiations.”

Lightworkers will be operating in the Fifth and higher dimensions while reaching back into the Third to work with money. They’ll be obliged to release all old-paradigm notions of it. Says the Group:

“You, all of you, are ascending ones. You are being called upon to release the illusion that money equals power. That is a very dangerous illusion and it is the core of what has caused all the horrible things on Gaia.”

Whoever works in this field will need to be able to see money as an energy field, not as a means of power over others and not as a personal possession.

“For money is the great deceptor. ... The money needs to come in to that frequency of being-ness that perceives money as an energy field through which they can give a greater good to Gaia.

“Now the percentage of beings that can perceive this money in this manner is less than 50% of all that know about this money.”

We’ll have to “realize this comes through me, not from me, the same thing that happens when we channel? The money has to come through us, not from us.”

The Company of Heaven wants “this gift [to] not corrupt [the] consciousness” of the lightworkers who handle and manage it.

That assurance of incorruptibility “is much more valuable [to us] than any gold, any pieces of paper so we are calling on those who are signed up for this new expression of the new reality to focus their energy fields not on when and where they will get the money because when is in the time [illusion], of the frequency that holds fear. ... When [the money will come] is within that timeless state of consciousness in which there is freedom from fear.”

People associated with the financial programs are going through many “initiations.”

Given that the Illuminati operate by sensing fear, these light workers have to be “masters of their consciousness,” as the group phrased it, beyond their fears. This is one source of these initiations.

“You will be within a huge initiation, absolutely. You have to be the master of your consciousness at all times. That is a very big challenge. It is your initiation as well.

“It is full and complete acceptance, dedication to and knowing that these monies are a Third-Dimensional illusion and therefore they are a very great initiation for your Ascension into realities in which money is no longer a reality.”

There are certain experiences “that each and every one of these members have placed into their contract for this particular incarnation so that they could assure that they would be able to ascend.”

But when you read that paragraph, perhaps don't assume that they're talking about ascending to the Fifth. You might think that you've done all your work for Ascension to the Fifth, but they may be speaking about the Sixth, Seventh or Eighth.

“Fear is your only enemy. Your hearts are pure but fear can even sneak into a pure heart to lower this consciousness into a range. It is like the example of someone who is hiding so therefore they are doing something that is very important but they know the enemy does not want them to do that and so therefore they have to do something secretly.

“Fear will take away their secret hiding place. Because the darkness smells fear.”

They offer the example of the animal kingdom.

“Like the animal kingdom, the predator animal does not know that another animal is sick. The animal knows that it is sick and feels fear. The predator animal smells the fear and goes after that animal.

“The babies have fear. The predator animals go after the babies. They don’t particularly know that’s a baby. It can’t run as fast. They smell the fear.

“The beings of darkness smell the fear and can only attack your fear. They cannot even perceive your light.”

So these are the challenges and initiations that face those who wish to work with Reval money, getting it out to the lightworker community first and then to the wider community later.

Why the lightworker community first? Because lightworkers so freed up will then be able to help the rest. And probably only lightworkers will be aware of what’s happening on the planet now. So the ripple needs to widen, first among the lightworker community and later among the wider community as more and more people awaken.

# Using Reval Funds to Create a World That Works

Aug. 9, 2016

<https://goldenageofgaia.com/2016/08/09/using-reval-funds-create-world-works/>

*This article is intended for circulation outside as well as inside the lightworker community.*

<https://inteldinarchronicles.blogspot.ca/2016/08/using-reval-funds-to-create-world-that.html>

*Excerpt only*

Currency holders seem to be asking themselves two questions these days:

- (1) How will I spend my earnings?
- (2) How will I be able to discern which organizations are legitimate and which organizations are fraudulent?

I have the same concerns.

I know how I'll spend my earnings. I'll put 20% away as a contingency fund. I'll put aside enough money to pay my taxes. I'll gift to my loved ones and take care of all the other gifting I intend to do.

I'll set aside a percentage of what's left for projects I intend to create. And then I'll dedicate the rest to the projects I intend to sponsor.

How will I be able to discern? Archangel Michael would say: Ask your heart. And I do that.

I would also add: Use credibility analysis on the organization's communications.

Are their claims credible - that is, probable, plausible, possible, and without contradiction or inconsistency? What's their history? What do others say of them?

We have to do our due diligence until we learn to trust our hearts implicitly. (I'm not there yet.)

Most lightworkers come from the firm belief that we can and will create a world that works - a world free of pollution, a world in which everyone's cares and necessities are taken care of, a world that we haven't even dreamed of yet, but are about to have a crack at building.

Free energy. Cars that run on ... water, free energy, anti-grav, you name it. Medical breakthroughs that will have your head spin. And more.

Our Reval funds are what give us leverage. They give us the chance to build this new world, to irrigate this field and watch a crop of new inventions grow and a weed bed of unwanted conditions disappear.

I've agreed to organize the Lightworker Congress. Once organized and operating, it would become a separate entity from the Michaelangelo Fund.

I envision a democratic organization of lightworkers, acting as decision-makers directing the use of funds given to the organization by other lightworkers. These other lightworkers will have participated in the various abundance programs.

These lightworkers give a portion of their earnings to the organization to be used to end the unworkable conditions in the world.

At some level of your being, you must be aware that there's a consciousness shift going on, are you not? Do you not feel happier than last year? Is the Reval itself not an indication that a consciousness shift is going on?

How else would such a way-out idea as a Reval make any sense at all except if we're in the midst of a raising of consciousness on the entire planet?

Our frequencies are getting higher and, in this higher resonance, things are possible that simply weren't decades earlier.

If this were not the case, I wouldn't have the confidence to say: We can do this. We can create a world that works. I know we can.

We have the collective will, means, and opportunity to turn this planet's situation around - to win equality for women, to end exploitation, to level the playing field for the poor and much more.

You and I have it within our power to finance a revolution of love on this planet. Finely-targeted, strategic gifting - in this case by an organization representing lightworkers - is how to ignite that fire.

# People Helping People: The Reval and Building Nova Earth

Oct. 8, 2016

<https://goldenageofgaia.com/2016/10/08/people-helping-people-relationship-reval-building-nova-earth/>

What's the connection between the Reval and building Nova Earth?

Well, it's a lot of supposition on my part but, if you're up for it....

## **Leading the parade**

I think terrestrials are being given a chance to "lead the parade."

I think we're being given a window between the Reval and Disclosure or NESARA, whichever comes first, to show what we can do.

We're being given the opportunity to develop leadership, on a global scale, folks who can meet with the galactics as equals and partners in our common work of restoring our world.

We're being invited to turn the first sod, so to speak, in the restoration of Planet Earth.

Nevertheless, everything that comes later - Disclosure, NESARA, new governance - will dwarf what we do now. This is our moment.

We can take up the opportunity or let it pass. Enough will take it up for us to make a good showing, I'm sure. But do we realize the opportunity for growth in taking up the challenge and invitation?

### **The opportunity for growth: taking responsibility for our world**

How we grow is in extending the reach of what we're willing to take responsibility for. What we earn from the Reval is what we bring to the work.

How many are willing to take responsibility for the shape and condition of our world? That willingness is what there is to develop and developing it is, in my view, what causes our consciousness to expand.

Meeting the galactics and meeting with them will call upon us to stretch and stretch. Do we know how to stretch? I'm not sure I do, but I'll learn.

The process of expansion - the process of consciousness shift - will differ from person to person.

Financial wayshowers may find they go through two stages of expansion. The first will arise out of our work together as lightworkers. The second will arise out of our work with the galactics and ascended masters.

My understanding is that a positive action from us - in this case, towards the restoration of Earth - sets in motion the conditions for further and further expansion of consciousness.

It's like starting a snowball rolling downhill. It goes the rest of the way by itself, gathering mass.

Our willingness to expand shows the determination and seriousness of the terrestrial contingent, as we prepare for the second stage of collaboration - cooperating with the galactics.

### **Further opportunities**

Once we start our post-Reval work, my hunch is that Heaven and Earth will move to assist our efforts.

For instance, I imagine people who really tackle a global problem will find money being funneled to them by royals, elders, humanitarian foundations, etc.

That hunch is supported by things the Company of Heaven has said on occasion. For instance, Archangel Michael said here:

Steve Beckow: Now I have been saying to readers that the Company of Heaven is watching financial wayshowers and stewards...

Archangel Michael: That is correct.

Steve:... And that those who do well - in other words, do the job of hydrating society - will find themselves supported to go forward.

AAM: That is correct.

Steve: ... It's correct. Okay. I don't want to be saying something to them that's misleading. Thank you for being definite about that. (1)

But remember: You still need to be responsible for your own choices. Don't blindly go on my hunches here, please. It's never been more important for us to be responsible spiritual adults than it is now.

The opportunities that open up further down the road will, I'm sure, be individual. Archangel Michael described one of them. He said that those who successfully take up the challenge of financial wayshowing will become "spokesbeings for many":

"Those who are in a position of stewardship, of beginning projects that lead the way to the building and the re-creation of what Nova Earth is truly about ... become the spokesbeings for many." (2)

### **Galactic Federations and Lightworker Congresses**

I believe that, once we start in, we'll find the galactic federations joining us, discretely before Disclosure and openly afterwards. All the breakthroughs in healing, transportation, replication, and free energy that they'll bring will magnify our efforts and ensure our success.

But we need to start. We need to take the first few steps.

We'll need specialized congresses or parliaments - for health, spirituality, women, natives, etc. The more of them that open, the more jobs - and leaders - we create.

In a world where the job market has shrunk because of automation, we *need* to create work. Jobs for people attacking global problems like poverty and hunger are exactly the kind of work we need to create: People helping people.

So don't feel bad if your labor costs are high. That money is getting into circulation in the world, restarting economies - this time, without a world war to kickstart them. We're doing it via ways of peace.

In sum, if you took up the invitation to exchange currency, you just included yourself in on the opportunity of many lifetimes - to grow, to expand, to become a leader and spokesbeing for the planet. You included yourself in on the restoration of Planet Earth.

No one, I hope, will tell you what to do, what you should do, or anything of the sort. But there's a broad and living canvas before you and the best possible assortment of paints.... And all the time in the world to create something of tremendous value to yourself and the planet.

## Archangel Michael: Begin Dreaming Now

June 10, 2018

<https://goldenageofgaia.com/2018/06/10/archangel-michael-begin-dreaming-now/>

*In my reading on June 6, 2018, Archangel Michael asked us all to begin dreaming big, dreaming Nova Earth, now.*

Archangel Michael: Begin your dreaming about Nova Earth, about the practicality of what life looks like, feels like and tastes like. It is often very difficult to envision an entire planet in reconstitution and rebirth.

It is difficult to envision at times, a million or a billion individuals and groups falling in love with their own sacred self, of awakening to their own power of creation and creativity. It is hard to imagine billions of people declaring peace.

So where we ask you to spend some time thinking, envisioning, imagining and luxuriating is in the construction and the texture of what your world, your Vancouver world, your British Columbia world, your Canada world, your West Coast world, your Icelandic world... What it looks like.

And it isn't knowing how governments, for example, will be shifted or reconstructed. It is simply the knowing that these shifts and reconstructions, reconfigurations are taking place.

It is about walking on the streets and seeing the lines of worry and fear and being beaten down erased from the faces of the people on the sidewalk.

It is about being in a store or a grocery store and knowing that it is being filled with healthy nutritious food and that people have enough money - yes, that currency thing - in their pockets that they can buy that food and that they can thrive.

That the children are kept safe and that they are exposed to a broad spectrum of learning, of expansion. This new generation is wide awake and the education systems are doing their best to try to shut them down. So envision education that is different and children that are laughing and smiling and free to be children.

Spend time physically, mentally, spiritually, emotionally building your world because this - what you will do in your undertakings and our undertakings - needs to be reflective of that vision, of that beauty.

Steve: Well it's not until somebody speaks that vision that it begins its journey to become real, right? It isn't until I say, for instance, that I'm going to give a universal basic income of \$100,000 to each Canadian that both and other things inspired by that start is coming into view.

AAM: But it is not merely the vision of the money going to Canadians. It is the idea of liberation, of freedom, of the latitude of each person to have flexibility in their choices. And inside of that is the paradigm of honouring free choices.

So it is not that you are standing there and saying, "I am giving you a universal income so you will pay this much for rent and pay attention to your children's education and you are going to buy the right food."

No. Inside of that, the vision is truly the honouring, not only of free will and free choices, but the innate intelligence... Will some people spend foolishly? Well, yes, but only in your opinion. They may think a bright red bicycle is the best decision they've ever made.

So it is that permission and the vision that people can make kind and loving and intelligent choices. So it is truly anchoring the vision.

And if it isn't talked about, if it isn't developed, if it isn't nurtured, in a personal way of what it means to you, starting the conversation, then when people say, "We are going to build a New Earth," it has no substance; it has no legs.

We are encouraging you to put out the ideas.

Steve: That's good. That's what I need to know. (1)

# Vision for Building Nova Earth

Jan. 1, 2015

<https://goldenageofgaia.com/2015/01/11/vision-for-building-nova-earth/>

In our common work to build Nova Earth, I don't think we can build on a global scale without coming from the highest values and I don't think the work will have permanence without it coming from a sacred place. For centuries we've lived as if neither of these assertions were true.

I think we've proved as a planet that a foundation less solid will not last.

What have we built drawing on low ideals and denying the sacred almost completely?

The mass media today tell us to trust that our government has our best interests at heart, to fear an ebola outbreak that the government itself is behind, (1) to be concerned with attacks in Canada and Australia that the government itself has carried out, (2) or in the Ukraine, (3) or probably in Paris.

The mass media sell us a version of contemporary history and society that seems designed to make us as bland consumers while keeping us in a state of fear over "terrorism" which the government itself stages. The mental and emotional division

created within the individual between pleasure-seeking and fear-avoiding is about as insidious a use of "divide and conquer" tactics as I may have ever seen. It is anything but calming.

The mass of us respond by losing faith in things ever getting better and thinking there can be no solutions for what ails us as a world. The religious among us look to the afterlife (or the next life) for the improvement in things that we so desperately want here and now. Concluding this way, we settle into inertia.

But can we arrive at a vision for building Nova Earth that takes the weaknesses of our old foundation into account and provides a stronger, new foundation?

I think we can. Having a vision and a plan may allow us to emerge from this inertia, to create momentum for a world that works.

Starting out, we have to remember a couple of things. First of all, we need to remember that all worlds work in the higher dimensions. When we say "a world that works," we're simply saying a higher-dimensional world.

Second of all, we need to remember that life has an order, a design, a plan. And yes, it's a sacred plan.

What constitutes the highest levels of behavior arise out of that design or plan.

The unchanging plan applying to all life is for all sentient beings to journey through the school of life looking ever more deeply into themselves with the final result that they realize their true nature as, and return to total oneness with, God.

The Divine Plan sets out universal laws that help us achieve our sacred purpose, while allowing for free will. It can take us as long as we want to return to God but return we all will.

We discover along the way that conforming to the highest possible levels of behavior is the same as living according to the divine qualities. We quickly see that life has to allow the sacred or the spiritual back in, which has been completely deleted from all areas of life in the last century and a half.

So now we turn our attention to building Nova Earth and we too need a plan. I think the Company of Heaven wants us to come up with one. And my contribution to it is provide a vision for that work.

Given this preamble, I think you can guess what that vision would be.

The vision I hold out is that we lightworkers collectively are building Nova Earth drawing on behavior of the highest possible order, sacred in its form and content, whose aim is the spread of unity and universal love across the entire planet.

That I hold out is the aim of the work we're embarked on. You can take that statement and run a mile with it; I welcome all improvements. But I offer that as a starting point.

I think that proceeding in the way suggested by that vision *will* create the firm foundation we need so that any structure raised on it would last.

But to follow it would take a terrific amount of self-forgiveness. I cannot claim to live life this way at this moment. I certainly would not offer myself as an example of this type of person. I aspire to it but it remains a goal out ahead of me.

What we're saying is that we intend to live by the divine qualities. And at ever-increasing levels of refinement.

And we intend to do a sacred work together: revealing the unity among us all and loving each member of society equally.

This is my offering to the work then, a vision for the building of Nova Earth:

*We lightworkers collectively are building Nova Earth drawing on behavior of the highest possible order, sacred in its form and content, whose aim is the spread of unity and universal love across the entire planet.*

## Global Love: Turning the Desert into a Watered Plain

Aug. 23, 2015

<https://goldenageofgaia.com/2015/08/23/global-love-turning-desert-watered-plain/>

*Credit: [newsdiscovery.com](http://newsdiscovery.com)*

I've had an interesting discussion offline with a reader who recounts how some lightworkers she's known have regarded helping the poor as perpetuating people being on the dole.

As a philosophy, the extreme version of this point of view is called social Darwinism.

If we discuss Maslow's hierarchy of needs - the physiological being the first and most important, relatively speaking - then we'll encounter people who will feel that we're making things worse.

In all the projects I'll be "sourcing" (being the ultimate source of but not a worker in), everyone, as far as I'm aware is concerned with levelling the playing field, righting wrongs, freeing people, relieving poverty. You remember that CEO Michael said that his guidance was for us to start with basic needs and freedoms.

If we don't relieve need, no one will have any attention on anything that we might consider higher. There's nothing higher to a starving person than filling their belly.

Krishnamurti, she reminds me, said: "The man who has no food in his stomach obviously cannot find reality - first he must be fed." And she repeats a saying popular among some who work in the social services arena - "Peace will be found when the hungry are fed."

I also recall Swami Vivekenanda saying something to the effect that you cannot teach starving people spirituality.

And if we don't free people, their resentment will remain so high that anything we say about spirituality would sound like hypocrisy to them.

So I want to be very, very clear myself that, like Micki, who sent in the email, my own personal priority is basic needs and freedoms. And I don't say that simply because Michael did. I feel it in my bones.

You know I've worked on refugee claims and heard the most heart-rending stories. I know what the deprivation of freedom is like and how many people are deprived of their freedom in this world right now. I also worked on the Hunger Project for some time and know how widespread hunger is in the world.

And, yes, I also know that around fifteen percent of the money our projects distribute will go to scams. I got it. That's just what's so.

That's no reason to deprive the other 85% of a level playing field. We have to get off focusing on the cost and see the dramatically-increasing benefits. We have to get off attending to what are essentially Third-Dimensional matters.

In the old Third, people scammed us and all we did was worry about getting scammed, looking foolish, and losing money.

But now we're feeding a tender shoot and that always involves risk. One needs to put a fence around a tender shoot to keep the cows away. One needs to water it and weed it.

That tender shoot is global love. Freshly planted. Very delicate.

Our distribution of funds (1) to the disadvantaged, starving, and enslaved of the world is the planting of that tender shoot of global love.

In our part of the world, the people who get the short end of the stick are the homeless, the sick, the aged, single parents, orphans, foster children, the disabled and others, among women and men. In other parts of the world, the dispossessed and enslaved are increasingly found to be women, the number going up the less humane the people.

This work is what's being asked of us. We ourselves don't need help. We're making it, some of us by the skin of our teeth but we are. But those others will never listen to a discussion of heart consciousness as long as they live in forced marriages, under a burqah, are starving and homeless on an uncaring city street, raped in jail, and so on.

We volunteered for serious business. It wasn't to throw dollars in the air and dream of a Lamborghini. We asked to be financial wayshowers to plant the tender shoot of global love in what was previously a desert for so many people. We're tasked with turning that desert into a watered plain.

# Here to Clean Up Planet Earth

Dec. 21, 2016

<https://goldenageofgaia.com/2016/12/21/clean-planet-earth/>

Archangel Michael explained what the Company of Heaven hopes we'll do with our currency recently:

"Is it important that humans – because this is what they're used to working with – have currency to create this healing of the human race and, yes, of soil and water – but that is because they have sullied it as well – and give Gaia a chance to breathe again." (1)

Diane of Sirius advised us on May 29, 2009, that "karma operates at all levels and you are responsible for making good the damage you [have] done to your beautiful Earth." (2)

The Arcturian Group on June 26, 2016, also explained to us:

"Many still look to Light Beings or evolved extraterrestrials to 'fix' the world, but because of free will they cannot step in and do the work for you."  
(3)

Even Jesus told us that he's not coming down in power in the clouds to save the Earth. We are the Earth's saviors and soon we'll know who we are.

"If you have an idea of what you want to see manifest, why wait? Are you waiting for a saviour to come and make everything right? Well, the saviour is already here. You are your own saviour.

"I am not going to come down, as has been foretold in some of your religious/philosophical teachings, in a chariot of white light and say, 'You and you and you and you, come with me. The rest of you, you have more work to do.' It is not going to happen that way.

"You are your own saviour as you make choice to be your own saviour, as you make choice to say, 'Wow, I'm much more than I ever thought I was. I thought I was just human.' Well, that is part of you, and it is a blessed part of you, the human experience, but it is not all of who you are." (4)

Patricia Diane Cota Robles explains why it was necessary for so many of us starseeds to incarnate here:

"Through our I AM Presence, we were well aware of the Universal Laws governing the evolution of the Sons and Daughters of God. We knew that in order for something to manifest in the physical plane, it must be invoked or asked for through the free will choice of someone existing in the physical plane.

"With this inner knowing, we clearly understood that in order for us to transform the Earth and all her Life into the infinite perfection of the New Earth, we must be abiding in the physical plane. This is what is meant by the words, "God needs a body."

"No matter how much our Father-Mother God and the Company of Heaven want to help us lift out of the horrific situations we have created, they will

not interfere with our free will. But once we lift our heads above the mud puddle of our human miscreations and ask for Divine Intervention, the floodgates of Heaven open in response to our heartfelt pleas." (5)

So here we are, midway through our missions and about to usher in what could for many of us be the public part of our service. We're to heal the human race with our earnings; we're to restore the damaged Earth as well.

And later on we'll find ourselves serving as spokesbeings for many other planetary purposes, as Michael explains here:

"Those who are in a position of stewardship, of beginning projects that lead the way to the building and the re-creation of what Nova Earth is truly about ... become the spokesbeings for many." (6)

Every day brings us nearer the time to buckle on our harness and take up Michael's sword of peace, truth - and abundance.

## Matthew Ward on the Work of Building Nova Earth

Nov. 9, 2015

<https://goldenageofgaia.com/2015/11/09/matthew-ward-on-the-work-of-building-nova-earth/>

*Many people are still wondering what projects they should create.*

*In the course of my research, I came across a passage from Matthew Ward in late 2012 that discusses the work ahead of us. It makes another pretty useful discussion of what awaits us in creating a world that works for everyone.*

---

Matthew's Message, Sept. 1, 2012, at <https://www.matthewbooks.com/mattsmmessage.htm>.

---

During its last days and the early days of 2013, the planet will travel through the celestial window between third and fourth densities, where the energy wisps of both densities briefly comingle, and it will enter fourth density, where Earth's Golden Age begins. ...

It is natural to wonder how the mess your world is in can be cleaned up in the short time remaining before the onset of the Golden Age. It can't be. Never were all the

glories of that wondrous Age going to greet you at its doorstep, but because of the 10-year delay, neither will the early stages of grand differences in your lives be there as originally envisioned by the master planners.

Therefore the "mopping up," so to say, will get off to a late start. However, with the release of your own technologies from Illuminati control and the assistance of other civilizations and their technologies, efforts can begin on many fronts simultaneously.

The primary priority is to provide survival essentials to the peoples in war-torn areas and refugee camps and to indigenous peoples and nomadic tribes in dire straits.

Warring will have ceased, but much will remain to be done in its aftermath. Building or rebuilding countries' infrastructure, commercial centers and houses will be undertaken expeditiously, not only for current inhabitants, but so refugees can return to villages or cities where there are residences, hospitals, schools and supplies of clean water and food are plentiful.

The ridding of corruption in the global economy will occur in tandem with the same in governments so those areas of paramount influence in your lives can start operating with the honesty and fairness inherent in moral and spiritual leaders.

Your waters, soil and air will be purified and toxic waste, including radioactive materials, will be dematerialized. Areas will be cleansed where disease has flourished due to the unsanitary living conditions of the impoverished masses.

Other reforms that will be instituted quickly include ending cultural practices and customs that are unfair, injurious or lethal and the repeal of all unjust laws and regulations. Millions now imprisoned on false charges or for minor infractions or as a result of simply being on "the other side" in wars will be released - yes, it will be easy to identify all who are innocent!

Those are among the first changes because the current status is intolerable for the affected peoples. The plight of many millions of animals - endangered species and animals that become part of your diet - is another situation that will be addressed in earnest.

Initial structures, particularly housing for all who now are homeless in their own country or uprooted due to violence, and buildings for medical care and schooling, will be rudimentary. As rapidly as possible, those types of accommodations will be replaced with finely-built structures.

Free and renewable energy sources incrementally will replace current dependence on oil and natural gas. Other measures soon to be implemented also will assist Earth's own efforts to restore areas of most severe environmental damage so that crops can be grown in abundance, forests can make a comeback and rivers can flow as Nature intended.

According to the original Golden Age master plan, all of those vast improvements in your world would have happened by now. The global web of corruption that so long enabled the dark ones to control the peoples would have ended and long-hidden truths would have come forth in stages to give the populace time to more easily accept the realities.

You're approaching the continuum, where there aren't ten more of your linear years for all of that to come about in "adjustment" stages - remedies must get going with all speed and efficiency possible. So some confusion will be unavoidable due to the haste to get the most essential changes underway, but it will be relatively short-lived. The dark minds and hearts that would attempt to create chaos to prevent those changes no longer will be on the planet, and the people who are there will be of a loving, helpful, cooperative nature!

# Building Nova Earth: The Preconstruction Phase

August 20, 2015

<https://goldenageofgaia.com/2015/08/20/building-nova-earth-the-preconstruction-phase/>

This week's *Hour with an Angel* was the first time the ground crew and the Company of Heaven had consulted together in a public forum on what the plan was for building Nova Earth.

I found myself becoming clearer on several things.

Archangel Michael pointed out that the first stages of construction itself had to deal with taking care of people's fears of survival.

You'll see a diagram of Maslow's hierarchy of needs at the top. The first needs are physiological and these were what AAM said had to be attended to first among those we intend to serve. So that was adequate food, water and shelter and guaranteed freedom.

He said that the desire for freedom was in our DNA. If we were meant to be slaves, then everyone would enjoy their enslavement. But enslavement leads to revolutions, showing that people do not want to be slaves.

Only after ensuring everyone's physiological well-being and freedom could we then turn our attention to building community structures like codified laws, honest government, and so on.

Until now, in considering the projects I'm responsible for, I had been cherry-picking causes, so to speak. But my mind is now clearer that the basics - food, water and shelter - need to be in place first before proceeding onto whatever is next.

Regarding the team doing the construction, he said we were in what he called the preconstruction stages. We've generated the concept, vision or context for building Nova Earth and people have responded in large numbers. You have only to see how many people own foreign currency, which is our way of garnering the funds for our projects, or who have applied to Humanus.ca for project funding, to see that lightworkers have made the vision of Nova Earth their own.

Their willingness to take part in the process being held out to us for generating the money to build Nova Earth (and many avenues of abundance haven't come on-stream yet, such as the prosperity packages, revenue from the historic bonds, World Trust funds, etc.) shows the desire among lightworkers to create a world that works. Having the financial backing puts in place the second necessity of the preconstruction phase.

The third necessity is gathering our teams together. I can testify that people are approaching me having heard my name being said to them out of the blue, repeatedly. Incidents like these are telling.

I once asked Archangel Michael how I would gather the team together after the Reval and he replied, "Oh, they will come out of the woodwork."

So all the stops are being pulled to bring lightworkers together. I'll have more to say about that on another occasion.

We're proceeding exactly as one would on any construction project. Create the vision and plans, acquire the financial backing, and gather the team. That's where we're at now. And once the financial backing arrives, then pick up tools and begin the work.

The Divine Mother added, towards the end of the show, when she nudged AAM and he stepped aside, that we need to proceed slowly, gently ,and joyfully or we weren't following her plan. I personally needed that permission. Otherwise I'd probably work at the speed of light to get things done and that evidently is not what she wants.

So as a construction project we're well underway and waiting for the right moment to pick up tools and begin to build.

# A Foundation Upon Which We Can Build Nova Earth

Aug. 10, 2015

<https://goldenageofgaia.com/2015/08/10/foundation-upon-can-build-nova-earth/>

I think I can say with a great deal of certainty that there never was a time when so many people, serving the Light, coordinated together towards a common purpose and grew stronger every day.

I studied to be a historian and I can't recall such a time in history. Not where so many people aligned on ... call it what you will. Global peace. A world that works for everyone. A higher-dimensional world.

Nova Earth. Nova Being. A Nova Future. The name doesn't matter.

And their numbers swell every day.

It's an evolutionary shift for the whole human race and we - you and I - are leading the way.

I remember what it felt like to fully realize what a program I was attending could mean for me. I was enrolled in a three-month, residential, human-growth program at Cold Mountain Institute on Cortes Island, British Columbia (now known as Hollyhock), in 1975/76.

When I saw that we were exploring everything from our deepest secrets to everything about our sexuality, from art therapy to meditation to raw encounter, when I realized that anything went and all was grist for the mill, something exploded inside of me. I hung from the cross for a day. I joined a threesome. I went around blind and silent for a day. I can't remember what I didn't do.

We learned about integrity the hard way: by being called on our actions, attitudes and intentions in encounter groups.

This whole behavioral laboratory had been set up totally for exploration, for breaking down walls, for letting the sunlight in to dark places.

And I was ready to explore. I grew more in three months than in my life to date. That was the beginning for me of all this.

Fast forward to the present and here I am again, about to enroll in a human-growth program of vast expanse and global consequence. And really all I'm being asked to do is just be myself as I go about gargantuan responsibilities. And just being myself was all that those days were about.

It isn't like Cold Mountain today because there all we needed was seen to. The seclusion that this service provided us with was complete. And that really allowed us as a group to go as deep with each other as we could bear. (1)

Our present situation isn't like that. We're not being asked to abandon ourselves or drop our masks and faces and fronts. We're not being asked to cough up every withhold or bare our souls (or anything else).

We're being asked to organize a global effort, both in the inner and outer world. We're being asked to build a new world, one that works for everyone, that has physical, emotional, and mental components, which we lightworkers have agreed to supply. That's a big task.

It starts inwardly with the intention. It grows through the mind's and heart's investigation. It matures into action. And its consequences ripple throughout the outer world.

The Cold Mountain experience called for letting go. But the task ahead of us requires different skills. It requires from financial wayshowers a decent amount

of vigilance. Things that matter rest upon our decisions. They carry weight and consequence.

But what unites the two times is that this is still a time for exploration. Within the boundaries of the need for prudence, we can still strike out in any direction we please. Think of it as having a gigantic palette of true colors and being able to paint in huge brushstrokes. Give us the tools and we will finish the job. We can make a difference in our world and we will.

If Cold Mountain was the dancers, we are the orchestra. Each of us is playing a musical instrument but in tune with each other, in a coordinated fashion. It's coordinated by the commonality of dedication to the Mother's service. All else flows from that.

I hear you. You're not religious. Well, then, call it dedication to the highest potential that we as humans can reach. To the utter unfoldment of the human spirit. Because that's what it is.

Cold Mountain and other human-growth centers (notably Esalen) were the lightworkers of their day. They broke the glacial ice in which our society was frozen. They and their cohorts laid a foundation of openness and awareness, warmth and authenticity, upon which we can build Nova Earth.

This generation of lightworkers is forging a new life in the space they created. We need to bring forward their emphases on transparency and integrity. But we need to apply it not only to creative expression but to creative construction as well.

# Building Slowly and Building Well

Sept. 29, 2017

<https://goldenageofgaia.com/2017/09/29/building-slowly-and-building-well/>

I'm amazed, when I look back over years, at the transition in my thinking about post-Reval initiatives. Here are two areas that have radically changed.

I've moved from planning on many companies being created and funding everything in sight - people and projects - to moving further up the abundance chain and funding far fewer but much larger initiatives.

This makes it possible to conceive of myself participating in humanitarian philanthropy, without losing my ability to write. The task becomes manageable.

All of this was set in motion by Archangel Michael's repeated request to restrict myself to five or six people reporting to me.

He made it again in my Aug. 2 reading: "You're going to have adequate staff to run these projects - you are only to deal with a handful of people." And later, "yes, still with only handful of people reporting to you."

Events that I've been through since he said that have consistently shown me why this guidance - and others he's given me - make sense.

In my case, my desire to continue writing is stronger than my desire to play a large role in financial wayshowing. That is beginning to determine more and more of my involvement.

Here's a second way I've radically changed my viewpoint.

My previous plans involved many companies, all sorts of initiatives, birthing projects right and left. Then I moved further up the abundance chain and that offered me some sense of lightening my load. But now I'm even retreating from the notion of creating many large companies.

Not that large companies should not exist. But that I would be creating them. I now see I will not. At least not right away.

More generally speaking, Archangel Gabrielle advised us to start small. I now agree.

I presently intend to begin matters with just myself and the President of the Michaelangelo Fund and for us to reach a place of understanding and get our feet wet together first and then to gradually, gradually expand.

I want each piece of the process to be built on the basis of a good and clear understanding between me and the next level down of what it is we're doing, who it is we're doing it with, and where it is we're going before we go on to the next step.

I know I risk looking as if I'm micromanaging. I think everyone will be setting up companies and this may be accepted as simply the way we're setting up ours. I hope it is. I have no interest in micromanaging anyone; just the opposite.

This new direction is a complete turnaround for me, but given the unconventional nature of my enterprises (that they're all in service to the Divine Mother and Gaia and that I'm in co-creative partnership with an archangel), I believe it's vital to ensure that we're all enrolled in the vision (cooperating with the Company of Heaven to build Nova Earth). My spiritual beliefs will underpin everything we'll be doing. (1) I can't see a way around it.

This represents a turning away from my earlier concept of hiring, hiring, hiring and going to town. I'm now hiring one. And one will hire two. And so on. I'm now going to build slowly and build well.

### **Footnotes**

(1) I'm not saying that others need to think or worship the way I do. They don't.

I'm simply saying that these companies will be formed in partnership with celestials, serving Mother God. I don't want to have to struggle with employees to establish that context for the company.

The vasana at play here is that I've been denied two Ph.D. degrees because I went outside the box of empirical materialism - the belief that only what we can see, hear, touch, etc. is real. Reality, as it turns out, is too big to fit into the empirical-materialist paradigm.

# Archangel Michael: The Time for Lightworkers Stepping Forth Is Now

July 23, 2015

*In a recent personal reading, Archangel Michael encouraged us lightworkers to show leadership in the co-creative work of building Nova Earth and tells us that the time for stepping out is now.*

Steve Beckow: Greetings Lord

Archangel Michael: Welcome to you, my beloved brother of blue. Welcome to this time of extraordinary change - yes, of breakthrough, breakdown, reconstruction, and reconstitution. This is the constant.

But never has it been so apparent as the humans go forth - in folly, in victory, in war, in peace. The key is that they are embracing the change and that they do go forward - sometimes yes, under misstep, and sometimes in courageous valour.

Might I even say, beloved one, that, at this time, being upon the planet and being involved in the work of spreading light and love is courageous valor. Even in

silence, the continuity, the constancy and the certainty is an act of valor. It is an act of trust. It is an act of hope. It is an act of love.

Know when I say that I speak of “act.” I speak of "action." I speak of forward thrust and this is what is required. It is required in terms of the individual’s plans within the Mother’s plan. There is a time for stillness and all action emanates, when it is of truth and balance, from that place of stillness, of balance.

It is not a flurry of activity, of expression, of creativity for its own sake. It has need to be clear, directed, thoughtful, considerate, kind, gentle, strong. But it has need to be action. The time for light workers, love holders, for all of Gaia, stepping forth, is now.

## A Gifting Society

As the reval looms, what will result from it is something that I've been pondering and I'd like to make some random comments as a result of that musing.

I think we're making a transition from one mode of society to another. The old mode of being with money was that we would amass and retain as much as we could because money was scarce and had to be earned by the sweat of our brows. We would conserve our wealth and pass it on only to our family and closest friends. And that was mainly after our death. This was the mode of a debt-based society.

The new mode, as it emerges and forms up, will, I think, be different. I'm not sure I can put it in a single sentence. Let's look at those who benefit from the reval or the prosperity packages and let's restrict our attention to those who benefit significantly, not to those who benefit only modestly. And all of this is voluntary. I don't want to name names - ever - but to allow people their privacy.

The formula that presents itself to me as worthy of discussion is to reserve a portion of one's earnings, winnings, benefits, however you wish to see it, for one's

own support and for the support of one's family and friends; then to put aside an amount to cover income tax (if needed) and a contingency fund; and then to share the surplus in an ever-widening series of concentric rings with whomever you conceive of as your circle. We get as far as we get; then our disposable income has been shared or gifted; and then we stop.

My circle is lightworkers. Another person might see his or her circle as battered women, children with leprosy, the homeless, etc.

I see this way of being financially as an interim arrangement covering the time during which we transition from a debt economy to an abundance economy. It covers the period of revals, prosperity programs, the World Global Settlement Fund release, the cashing in of the historical bonds (also called trading platforms), etc. In other words, it covers the period in which prosperity is rippled out through some channels to the whole of our world community.

It ends when NESARA itself comes in in its fulness and prosperity or abundance becomes the rule for everyone. Once prosperity is the lot of everyone, this interim period will be over.

I have a challenge to make to those who benefit significantly in these early weeks and months ahead. That challenge is to see yourself consciously in the role of financial wayshower.

I've already been contacted by one wayshower who has offered post-reval assistance to a group and I'm working with him to devise an arrangement that works for him. We're all new at this so we're working our way through the matter step by step to see that everyone wins and no one loses. But he's consciously acting like a financial wayshower.

Sharing our surplus with an ever-widening circle of people turns us from being a hoarding society into a gifting or sharing society. It places emphasis on values like generosity, sharing, cooperating and unifying.

Everyone had the opportunity to participate in the reval. But only some people did. I know I personally told a lot of people how to participate in the reval. I'd estimate that perhaps five at most took me up on what I said to them.

(I don't give details of what I advised because I cannot assume the role of financial advisor. It's just not a wise thing to do. I've tried to give hints in earlier articles but I cannot advisedly come right out and say it, I'm afraid.)

These five self-selected themselves, I believe, to be financial wayshowers.

As wayshowers, we're setting the new financial paradigm for Planet Earth. And that new paradigm, I recommend, could be as I set out above: attend to yourself first; then your circle of family and friends; set aside money for income tax and a contingency fund; then share with a wider and wider circle of people until you have gifted what you conceive to be your surplus; and then stop.

I should say this is not my formula. It embodies the advice that Archangel Michael has given me in private readings. I am responsible for any errors I make in turning his words into a formula however.

You may disagree. You may see the new paradigm in another way. That's fine. (Add a comment, below, perhaps on your philosophy.)

Surely this is the time to consider the matter and discuss it because those who've chosen to be a channel for abundance, those who've self-selected themselves to be financial wayshowers, and those who find themselves being chosen by someone else (i.e., they are gifted to or become recipients of a prosperity program without having asked to be) are mulling over ways of responding to their good fortune.

Let us self-consciously, self-awaredly take up this mission as financial wayshowers.

And to those who of us who are on the receiving end (we need both gifters and receivers and all of us have contracted in our soul agreements to play one role or the other in the dance of life), please don't sandbag financial wayshowers with emails and importunities. That will cause matters to break down.

And wayshowers, do protect your anonymity in the ways that are being discussed on such blogs as Dinar Recaps (<https://www.dinarrecaps.com>). Remember: You're not obliged to respond to unsolicited emails. Please go easy on yourself.

We need all of us to take up the divine qualities we've been discussing for at least the past year and make this new way of being work. There's an etiquette we need to

observe, even if it hasn't been totally articulated yet. We need to make this work for everyone.

Organized ways of getting prosperity out to people are also being planned as we speak.

Oh, and let me add, I've been contacted by the California man who has a pension of \$800 a month and keeps sending me \$25 monthly checks. When I sent him \$20 back to ensure that he is not greatly inconvenienced, while allowing him the opportunity to make a more modest gift, he sent me back my cheque again.

In my view, this man (Robert) has been a financial wayshower from the get go. Rest assured that I will see that he is taken care of when the new prosperity arrives. You're welcome to contact me through "Contact us" if you would like to gift him too. Let's have this be fun.

And I guess that's the bottom line. A gifting society, a sharing society, a cooperating society is fun. A world that works for everyone is fun.

Archangel Michael keeps pressing me: "Have fun." "Make it be fun." I keep telling him, I'm a monk. A monk does not eat, drink and be merry. And he replies: "It's hard for you, isn't it?" But I know he wants me to stay here for a while and to do that he has to ground me into the Earth and encourage me to introduce a little fun into my life. I am trying!!!!!!

So a gifting society can be fun. This new way of being can be fun. And, as White Cloud said, not because we have to, but because our true natures are joy, are fun.
