## A Fresh and Vibrant Palette

*Banner of Michaelangelo & Partners*

As all of us wait for the main events to begin and I allow my mind to wander, I think of creating new companies after the Reval.

And I think of what a fresh and vibrant palette wealth will offer. Let me focus on Michaelangelo & Partners here. Its mission will be to dispense money for worthwhile projects.

To remove any thoughts like "What about me?" the Fund will assume all reasonable debts before organizational decision-makers join the company.

And the same for their parents and children so that they're comfortable generationally as well.

And speaking of opportunities, we'll have the opportunity of providing good severance packages to those who move on. They'll allow for a couple of years of R&R and then financial support while finding the next opportunity.

Why ? Because we can.

By then G/NESARA will be in and no one will be in dire need any longer. Quite a bit more reflection will probably go into the choices we then make.

\*\*\*

If any of the global spiritual events that are being talked about - solar flash, Ring of Fire, Wave of Love, planetary heart opening, whatever it may be called - hit us, we'll be swimming in love and just wanting a role in which to serve - really, to *share the love*. (1)

For new readers, I need to add - long-time readers already know it - In my experience, love must flow. If we don't allow it to flow by sharing it, it disappears.

Michael confirms it:

Archangel Michael: Love is the energy of the universe. It is the energy of the Mother. And it moves constantly, continually, eternally, infinitely. So, to have an experience of love, it [must move] through you. (2)

We're talking about real love now; not what passes for love in our everyday, 3/4D affairs. Real love is a world beyond, literally and figuratively.

Once the heart is opened, people will feel an urge to share this love, by any means that makes them happy.

We in the physical body get to experience it best and most fully if our heart door is open and we summon love up from our hearts on the inbreath, from where it flows, and out to the world on the outbreath.

In other words, we get to experience love most fully as it flows up, through us, and out to the world.

If this exciting and welcome development does not make the world work for everyone ... nothing will. The love of the higher dimensions, as we'll see, makes everything wonder-filled.

\*\*\*

As I daydream, one thought that arises concerns the creation of a bureau to receive and decide on projects put forward by employees. If the Michaelangelo Fund nourishes projects elsewhere, why not projects that arise from its own ranks?

I see M&P as having an extended training and educational component, which one day I hope will become a university. It'll combine the spiritual and occupational and go, intellectually, where no one has gone before.

So not only will we folks who participated in the Reval be positioned and able to make a vast difference in the world, but we can also make a vast difference in the lives of the people that work for us.

\*\*\*

There's no need any longer for people to work to pay their rent and buy food. G/NESARA has provided for all that by this time.

There's time now to combine work with mission, promoting the spiritual unfoldment of the individual through work. And I suspect employers will need to recognize that conditions have changed and employment needs to change along with them.

Perhaps an employee wants to use project money to see that lepers are taken care of between now and when they can be treated by med beds. Perhaps one wants to build a healing center for psychological trauma. Advancement and assumption of more responsibility for our world can now be tangibly encouraged and rewarded.

I don't anticipate having difficulty replacing people who move on to their own projects. I expect their replacements, as Michael once quipped in a related connection, to come out of the woodwork. (3)

I have perhaps a thousand pages of counsel from Michael on the work of Michaelangelo & Partners. One of the things I'll be doing during the ninety days of NDA silence is re-reading this material and getting to the spirit of it.

I can't believe what an opportunity all of this is. If I woke up tomorrow and it was all a dream, I've grown in just trying on the role of CEO and planning the company's operations.

# A Unique Time in History

June 13, 2024

<https://goldenageofgaia.com/2024/06/13/355101/>

I go where I'm guided. If I go elsewhere, it doesn't mean I somehow have lost what I hope is a rock-solid commitment to ending the trafficking of women and children on Planet Earth.

Always I'm aware of the caged and chained slaves, underground, destined for child sacrifice, predatory sexuality, adrenochrome production, an/ord organ harvesting. There is no way one cannot remain aware of it once we learn about it, how depraved it is, and how deeply it goes.

Never mind our social woes and complaints. Those enslaved are almost certainly spending their days praying to God that we haven't forgotten them. So I need to say that at the outset.

Going where I'm guided means that there are other goals worth supporting too and that they will make their call as well.

\*\*\*

I'm guided right at this moment to open up a private publication I have which records Michael and I discussing what he wants from me in the financial and social areas; that is, in humanitarian philanthropy.

I propose to recreate some of the discussions from that private book in two parts: In the first - this booklet - I propose to look at general counsel on lightworker leadership; in the second, I propose to look more closely at my own financial service agreements with Michael.

Michael invites you to engage with him as well. I'll leave that enjoyable exchange to the footnotes. (1)

The only thing missing will be private details about myself that I prefer to keep confidential for now.

The idea of it excites me. I hope it proves a contribution. I start tomorrow to look at an archangel working with his servant for a global end - the securing of a permanent peace on Earth - not just a cessation of war but an entry into the divine state of peace.

As I connect the dots, please remember that I'm a test subject. What Michael does with me, your archangel hopes to do with you. Michael once said:

Archangel Michael: Are we [archangels] in partnership with every being on the planet? Yes. But it is difficult when you are in a partnership and the other person does not realize it. So we are working with those who realize we are in partnership. And so that is why we are having these conversations. (2)

So there is a reason why he and I have had these conversations. And I'd like to fulfill more of that reason, as much as I can discern, starting tomorrow.

## **Footnotes**

(1) Steve Beckow: It's easy to see how I can be in this partnership, Lord, given that I and the others on InLight Radio do a radio show but it may not be as easy for other people who don't do radio shows and things like that to know how they can be in partnership.

Archangel Michael: I will make it very simple. Choose your favorite archangel. I hope you choose me. (Both laughing) It is a good thing that we are allowed to tease and play with each other.

I would not be chastised for such a statement because we see it as a joke and that is one of the things we want you to do with us and more as well. Play with us. Joke with us. Treat us as your allies, as your best friends. Every day, simply say to me, Michael, from your heart, always from your heart, “Michael, what would you wish me to do today?”

SB: Oh, I love that direction!

AAM: It is that simple. (“Remembering Who is Here and What We Know – Part 4/4,” March 28, 2023, at <https://goldenageofgaia.com/?p=343660> .)

# **Our Ascension Has Never Occurred Before in the Multiverse**

June 15, 2024

<https://goldenageofgaia.com/2024/06/15/our-ascension-has-never-occurred-before-in-the-multiverse/>

## **You're in a Unique Time in History/Understandings have Shifted**

Archangel Michael: Classical [enlightenment] theory has served you well. Now you are on a new course. (1)

AAM: [Ascension] has not been done in form, anchored in a physical reality, a physical reality that is absolutely interdimensional. That is the task at hand. We know the magnitude of what we are asking, but we also know the support that we are prepared to give on every level. (2)

AAM: You are in a time of individual and collective Ascension that has never occurred upon your planet or elsewhere. So many of the historic and accurate understandings with regard to heart openings have shifted, can we say, expanded. (3)

Steve: Is the realm that we're building and taking our physical bodies with us to altogether new?

AAM: Yes, it is brand new.

Steve: ... Brand new, and the rules have changed?

AAM: That is correct. (4)

### **Lightworkers' Reasons for Being Here**

AAM: The purpose of the lightworkers - the purpose, in many ways, if we were to make a blanket statement of every single person upon the planet at this time – is the fulfilment of the Mother's Plan: The rebirth, the re-anchoring, the recommitment, the reactivation of love, of co-creation, of unity consciousness upon the planet. ...

The burden, the joy, the gift, the potential of the lightworkers, loveholders, lovebearers – however you think of this, saints and sinners – the opportunity for the shift, for Ascension, for the transition, for the formulation and anchoring, the building of Nova Earth is the purpose particularly at this juncture of the lightworker community. ...

Is this a time when lightworkers and loveholders will step forth and demonstrate not only their intention or their ability to hold the love, to be the love, but to demonstrate [love] in action, in form, in reconstitution of your society and all that that entails? This is the job right now of lightworkers. ...

And even as things shift, and shall we say, become more co-creative, the demonstration first and foremost, the building [of Nova Earth] is the mission and purpose of those who have chosen to incarnate at this time. (5)

AAM: This is a very big change in the very nature of how we have worked with humanity.

Steve: I thought it was because humanity was growing up. [You've said it isn't] general throughout the universe.

AAM: It is because humanity is growing up. And you've grown up enough to be able to work as co-partners with us. (6)

Sanat Kumara: There are some, what would you call them, newbies upon the planet and they have mostly traveled from various sectors of the universe, but most

of us, my friends...we have been at this in and out of various forms for a long time. No, you have this saying upon your planet, "This is not our first rodeo." (7)

*So we are an Ascension Team!*

# Lightworker Leaders are Needed

Jun 17, 2024

<https://goldenageofgaia.com/2024/06/17/lightworker-leaders-are-needed-2/>

## It's time for leaders to step forth

Archangel Michael: It is time to come out of the cave. It is time to stop hiding your light under a bushel basket. It is time for many - all of you - to step forward and assume [leadership] in the fullness of joy.

So not only are you being asked to step forward, to let go of the fear, the angst, the anger, the concern, but we are asking you to step forward [laughing] in outrageous joy! So this is quite a request is it not?

Steve: It is definitely quite a request. [laughing]

AAM: If no one steps forward into the 'how to', into 'how do we go about this?' How do we begin, how do we proceed, how do we build, how do we create in the practical sense? Then there is a massive vacuum because many of the billions upon your planet have not yet learned, adapted and integrated the new tools – the fullness of this new energy.

So they are assigned...or try to step up to create and to take the leadership role. They do not have the training and insight to do this in a way that is achievable. It is not a critique or a criticism or a judgment in any way of the collective, but if they are not fully engaged and enjoying the energy of wholeness, then they are not bringing the engineering of that wholeness to the project of creating Nova Earth. So there is a lack, a vacuum of leadership.

Now, who upon this wondrous planet, who has been hiding in the shadows or edging out, or in the limelight and is ready? Who has prepared? Who has been diligent and practiced patience and fortitude and stamina, and anchored the divine qualities? Who is it that is prepared to do this? Well it is the lightworkers.

Now there is a reticence on two levels. There is the practicality of, “My family thinks I am absolutely crazy,” “I do not want to risk my job, my friendships, my position in my community by speaking out.” And there is also the fear of success. There is the fear of the old paradigm of leadership, which was control and greed and lust and authority, meaning abuse of power.

And so the concern is we do not wish to duplicate the Illuminati. My friends, there is not a chance above or below that you are going to duplicate. That is what you have strived to eliminate. What you are being asked to do is to step forth in the truth of your gifts, your abilities...some in a minor way, some in a major way, but each in accordance with your true mission and purpose on Gaia – not on other planets...in tandem and cooperation with your Star brothers and sisters, but not off planet...to bring forth this wondrous new. (1)

AAM through Ronna: Are you willing to step to the fore? Are you among those who are ready and willing to guide and direct, to steadfastly hold the focus of the new vision – the new Divine Blueprint for Heaven and Earth – and then to see that it is manifested for the highest good of all? (2)

### **Do we really need leaders?**

Archangel Michael through Ronna: It is imperative that there be Masters of Light/ Warriors of Spirit ready to step into leadership roles – those who are willing to boldly lead the way into the new realms of existence that have been prepared for ascending humanity. (3)

AAM through Linda: Does there need to be a General? Yes. Does there need to be someone who says yay or nay? Yes. But it is collaborative. It is based on values. It is based on an adherence to those values far beyond simply signing a contract. (4)

### **What will the future see for those who step forward?**

AAM: Those who are in a position of stewardship, of beginning projects that lead the way to the building and the re-creation of what Nova Earth is truly about ... become the spokesbeings for many. (5)

Steve: Now I have been saying to readers that the Company of Heaven is watching financial wayshowers and stewards...

AAM: That is correct.

Steve: ... And that those who do well - in other words, do the job of hydrating society - will find themselves supported to go forward.

AAM: That is correct. (6)

AAM: The Galactics have no shortage of money and so there will be some very massive projects and the funds will be made available but they will really ask for human leadership in order to be not seen as trying in any way to assume control. (7)

AAM: If in your spiritual maturity, you go forth, and we believe you will (we strongly believe you will), [in the belief] that this unfoldment is underway and that you are demonstrating, not simply a primitive attitude or a tribal attitude but more of a global, universal attitude, then you are ready to not only meet with your star family but participate with them, their technology, their gifts, in community, to go forth in the next phase in the building of Nova Earth.

That is why we have also said (this is an aside), there will be several waves of abundance. (8)

SaLuSa: Lightworkers do have a voice and those seeking illumination will be drawn to those people who can guide them along a suitable pathway. (9)

Saul: Truly a sea change is underway as younger people, mostly aged forty or less, with what seem like extraordinarily wise heads on their seemingly young shoulders move into positions of power and influence.

Many of you have for decades been holding the Light and living kindly and compassionately, while forgiving those who have hurt or damaged you and holding the intent to refrain from judgment. This has fortified your personal energy fields, the fields of Love in which every human is enfolded, and the upshot of those long-held intentions is humanity's collective decision to awaken.

It has probably seemed at times that your loving intentions were having very little effect, but in fact it is because of those constantly-held intentions through the decades, without any positive feedback apart from your own inner knowing, that has brought you so close to your inevitable awakening.

Those of you over sixty years old, when you look back to your youth and the cultural environment in which you grew up, can see that enormous strides that have been made in reaching out to and assisting those in need. There is still quite a way to go, but progress to end poverty and all its associated ills is accelerating. (10)

# What is Expected from Lightworker Leaders?

June 26, 2024

<https://goldenageofgaia.com/2024/06/26/what-is-expected-from-lightworker-leaders/>

## What is expected from lightworker leaders?

Archangel; Michael: What do we need in terms of co-creating with you, our beloved partners? What do we need in terms of going forth? We need each of you to declare yourselves, not in abrasive, aggressive, egoic ways. That would simply be re-anchoring the old third, and that is the last thing, above or below, that is desired.

But we need you to begin to create what you know, each and every day, in that day, in that framework, in the week, in the month, in the years ahead, what are you capable of bringing forth? What is it in your mastery that you have brought to Earth and perhaps have been ignoring out of fear or trepidation? What talent is it

that you have that truly contributes? Because that is what leadership is, it is your contribution of stepping forth. (1)

AAM: You are the embodiment and the physical anchors, activators, doers of creating Nova Earth. You are the anchors of ascension, of the new reality, of the heart consciousness that is the new reality. (2)

AAM: I beg of you, do not assume that when you write of what you are calling “the inner work,” that this does not have profound effect because the focus of the leadership movement, right now, is on the inner work. (3)

AAM: There are many in my legion of blue who are peaceful warriors, each acting in a different way; some are communicators, some travel with me in the dark of the night to the most horrendously dark places, some of you work on the home front literally and, theoretically, some of you are transforming the ideas of wars between kingdoms.

Each of you has a unique piece of this puzzle, of this unfoldment of the Mother’s intention. And you carry, yes, the broad spectrum of talents, but also the very particular talents that you have mastery of. So stop hiding.

We need, yes, need, our partners front and center. So often you have said to us, “Where is the Company of Heaven? How are they assisting us?” We are right here with you in this unfoldment, every step of the way, in love. Nothing else. Yes, the side effects, the elements of love, peace, joy, passion and compassion and patience and stamina – all of these are part and particle, subatomic fibers of love of the essence of Mother.

We are right next to you. So our question is, our request is, will you step forward in the truth with us? The Mother has deigned and designated a new group, very recently as ‘guardians of the truth’, and this is a pivotal role in the unfoldment of Nova Earth: that there can be no falsehood. That - my blue truth, Gabrielle’s golden truth, Maitreya’s magenta truth – all of it shines brightly. (4)

AAM: When you assume a role – leadership or anything else – first and foremost what you are doing, the question that starts the entire process (and it needs to be asked every single day), is “Am I being honest with myself? Am I being honest with those that I am co-creating, working, playing, living with? Am I being honest

in terms of my efforts to create Nova Earth? Am I being honest in so far as I am up for this, that I am capable of this? Am I being honest in my promise to the Mother?" So, it starts with honesty.

You know there isn't a great deal of talk upon your planet, most certainly not enough talk or discussion or practice, of honesty. Yes, you speak of clarity, you speak of transparency; but the honesty with your sacred self, and of course there will be days when you don't feel like stepping forward, you don't feel like being in the middle of the parade, and you certainly don't feel like looking for the lost lamb. And those are the days you should stay home and rest, or go out and play or eat ice cream. There is nothing wrong with that. But, I am not going to digress.

In this honesty, this is the foundation. Yes we know it is of love, but let us be practical. And you have talked about this, all three of you, and many of you who listen to me this night. You have to be honest. Yes, you have to be honest with each other. That does not mean ascendancy. That does not mean that your honest opinion transcends or has authority over someone else's opinion or experience.

You do not "honestly" get to translate what someone else is experiencing and going through, be it be a core issue or a broken heart. But, what it does mean is a community and a community of Gaians that does not live in fear or false illusions of what is polite or politically correct.

To honestly say, "I am observing this. I feel this," you are not declaring that the person has to alter their behaviors. But what you are saying is given your frame of reference, whether you have been beheaded in every single lifetime, you are creating a new community where it is safe to express how you feel, what you observe.

And there is no charge about whether it is accurate, correct or incorrect. It is permission that you are freely, joyously, granting one another so that you stay on track and that everyone stays on track. (5)

# The New Form of Leadership

June 21, 2024

<https://goldenageofgaia.com/2024/06/21/the-new-form-of-leadership-2/>

## What does the new form of leadership look like?

Archangel Michael through Linda: Previously, I have begun to speak about the new form of leadership. And I would say to thee, we use this term that you understand - and that is understood throughout many intergalactic cultures - of leadership, of responsibility, of teamwork, of cohesion, of discernment, of all the divine qualities, not based on the old realm of control and authority and lust and arbitrary decision-making, but, upon the paradigm, upon the construct of sharing your talents and abilities.

Everyone, and I say this to a planet that has billions of people, each of you have brought unique capacities, talents, and abilities to create and co-create individually and collectively.

And increasingly what you are going to hear us speak of is this union between — not only above and below, within and without — but the individual and the

collective. You have a song, that you can't have one without the other. Well, this is where we truly begin to delve into this.

Leadership is assuming your responsibilities, acknowledging, accepting, embracing the wonder of who you are. And, yes, to refer to those core issues [vasanas], [but] not to allow those core issues to, in any way, interfere with the fulfillment of who you are and why you came. (1)

So we do not even need to discuss the thousands of other lifetimes that you have had if we simply look at leadership in terms of this life, this time, this time of magnificent transition, of ascension, of awakening, because, in each of these phases, the role of leadership, the meaning of leadership, has had different quantifiers.

Now you can say to me, what does leadership look like, taste like? What is it experienced as in a society that is ascended, that is based on divine qualities and equality? What does it look like when the egoic control, when the manipulation [is gone], when freedom is the watchword and people are free to step forward? When there is gender equality, racial equality, financial equality, when the structures of the old and the systems that have bound you are gone? What does it look like?

Well, sweet angels, there is still a need for people, whether you are earth-keeper or portal, wayshower or starseed, there will always be need for people, individuals, and groups, who will step forward and say, I can do that. I can take the lead because this is within the realm of my competence.

I understand what is required. I am ready, willing, able, excited, interested, enthusiastic to do this. And in that, you both lead the parade and act as the shepherd. You hold the vision and you go to the back of the line to make sure that no one is left behind.

That is what leadership is. It is not assuming a primary position, because leadership is shared. It does not rest in one individual, one institution. Those times, my friends, are over.

When we speak of mastery, again we speak of the individual coming to the place of their mastery. But as you go forward as a collective, you then become an

expression, a collective, a circle, a massive circle of mastery, each in your own particular chosen realms.

There is need for all of this. As I have said previously, too often, for a very legitimate [reason], many of you, particularly, who are light workers and love holders, have maintained an exceptionally low profile.

And you have done so for reasons of protection, and protection in the true sense of security, fight or flight, but also protection of your psyche, of your soul, for social protection so that your family did not think you were insane, so that socially you would be able to operate, or you would be able to operate within a corporate environment that frowned on such things as active spiritual quests, and heaven forbid, a spiritual quest that was above and beyond the corporate goals.

So you have had a variety of reasons. You have played an old third-dimensional game with cause. But that cause, that rationale, has come to an end. It is not just ending; it is already over. It has ceased. Then you say, but dear Lord, we are not in Nova Earth. We are not upon the Golden Times as yet.

Well, I could say two things to you: Why do you think that you are not? What is it about these times that you do not feel that you are already in your leadership position creating the Golden Age?

And at the same time I will say: No, you are not quite there yet. You are in this time of transition; you are in this time of the great awakening. And is it not exciting and magnificent, and is it not at times frustrating, above and below?

But during the time of transition, which is where I would like to focus our discussion this day, it is more crucial than ever that the leadership — personal, collective — step forward and be seen.

Yes, we are talking about exposure. We are talking about vulnerability, but we are also talking about liberation, about not censoring your words, your actions, your dreams, your purpose, and what you are birthing and bringing forth in the name of the Mother, in the name of the galactics and intergalactics, Gaia, and all of humanity.

It is freeing, beloveds. It is freeing to not keep that bushel basket over your head any longer. You say, Lord, I do not know if I am ready because I still have a family, neighbors, colleagues that think that my belief systems are not in accordance with the mainstream.

And I say, yes, that is correct. But how does this mainstream shift? It shifts, beloved ones, through your beliefs, through your actions, through what you are bringing forth. (2)

# Who Am I to Speak?

June 22, 2024

<https://goldenageofgaia.com/2024/06/22/who-am-i-to-speak/>

*Moses: Who am I to speak to thy children of Israel, O Lord?*

## **What do I know that I should speak about these things?**

Matthew Ward: Dear ones, do not feel uneasy about taking on that task of enlightenment [of others?]. When the moment arrives that your knowledge is needed, your previous experience in helping other civilizations “see the light” will come to the fore and you will feel automatically guided. (1)

Federation of Light: WHEN IT IS TIME ... EVERYTHING SHALL MAKE SENSE AND FALL INTO PLACE WITHIN THE SELF’S KNOWING AND UNDERSTANDING. (2)

## **When and how will we know our mission?**

FoL: The Envelopes we speak of [with your mission], are obviously ... not in material form. ... These Envelopes are entrusted to your soul’s keeping.

Inside each one, are instructions. We have used the word ‘orders’ in the past, yet, we would say that no one is ordering you to do anything. It is your choice to comply as and when the time comes.

These instructions are for the individual ... to be carried out in order to assist The Whole at the time of opening. ...

B: So, is it to be that they will be opened when a certain thing happens? For example ... The Event?

FoL: This is so. Yet, Blossom, there is to be much that is classed as Eventful ... from now on ... [They could be "opened" in and by any event?]

B: A bit confusing then ... perhaps you could summarize?

FoL: These Envelopes are safely sealed within you.

When the appropriate time for them to be opened is upon you ... you shall know ... quite clearly.

The instructions within each 'Envelope', metaphorically speaking ... will be downloaded unto you ... and your BEING shall be quite clear regarding that which it is meant to do.

Each individual's instructions were designed in a manner that will enable them to carry out these 'wishes' with a certainty of Soul KNOWINGNESS.

For it was the Soul's agreement to do so before they came to Earth.

B: When you say 'wishes' ... what do you mean?

FoL: They are the wishes devised by the self, dearest Blossom. The self that knew when preparing for this lifetime ... what their positioning of Soul/circumstance and dwelling would be.

Think upon it if you would, as being given the overall picture and plan ... then being told of certain Events that would be marking history ... and where YOU would need to Be in any of those defining moments.

Then recognize that discussions would have taken place as to how one saw their role upon Planet Earth at that time, and how they chose to assist from their Greatest Desire to do so.

That then taken into account ... one's Envelopes were 'written' and sealed ... in the KNOWING the Soul would keep them safely in Love until it was time for them to come to Light.

B: Why though ... would it not be suitable to know about the contents beforehand ... sort of in preparation?

FoL: Because it would not make sense. It would not only confuse, yet, concern the Soul as to how they would 'make all this happen'. How they could 'possibly do such things' etc. (3)

The instructions within each 'Envelope', metaphorically speaking ... will be downloaded unto you ... and your BEING shall be quite clear regarding that which it is meant to do.

Each individual's instructions were designed in a manner that will enable them to carry out these 'wishes' with a certainty of Soul KNOWINGNESS.

For it was the Soul's agreement to do so before they came to Earth. ...

The receiving of [instructions in the envelope] will be an 'Aha' moment ... where TRUE 'completion' of understanding why you are here can be found.

It is not a matter of 'you go and do this and you go and do that'.

FIRSTLY, IT WILL BE A KNOWING OF THE READINESS.

THE ABSOLUTE KNOWING ... and as one continues about their days ... opportunities will be presented to each in order to carry out their 'instructions'.

B: Yet, are we not 'sort of' doing that now?

FoL: Yes, indeed. Yet, not on the level that it will be known and understood by you when it takes place. Because when it takes place ... your Beingness ... your Vibration ... will have upgraded enormously and therefore, that which you may speculate of how it will be in this moment ... will not be how it will be when the time comes!

Blossom, when one KNOWS ... KNOWS THE TRUTH ...

## WHEN ONE FEELS THE TRUTH OF TRUTH ...

There is a recognition that aligns within that KNOWING that allows wonders to be revealed. Wonders that the Soul ... Each One ... can manifest and Shine forth on a level, that one ... at this space of their Being, could not imagine. (4)

# What is the Source of Our Authority?

June 26, 2024

<https://goldenageofgaia.com/2024/06/26/what-is-the-source-of-our-authority/>

*The Divine Mother*

## What is the source of our authority?

Divine Mother: I have chosen and created and birthed you into form. That is the Plan at work and I have done this, we have done this, with that spark of divinity so that you would be divine in form.

And what that means in very practical terms is the assumption of your divine authority [means] to be in charge of your life, of your thoughts, of your feelings, of your actions, of your behaviors, of your steps, of your environments, all the way out to the edges of the universe, throughout all times and dimensions. ...

If you do not take authority over your existence – think in practical terms, this life – then what happens? You are adrift. You are in fact that row boat in the middle of the ocean being twisted and turned every which way. Divine authority means choosing – yes, with ... your divine authority of free will – to direct how, where, when, [and] if you choose to proceed. (1)

Steve: I think where I would first like to begin, Lord, is to get clear on what the source of our authority is. If we're going to step out and lead, usually we lead on the basis of representing something or doing it on behalf of something. What is the nature and the source of our authority for our leadership? I almost know what you are going to say, but I would like to get it on the record.

Archangel Michael: Of course you know what I am going to say, dear heart. You do it on the authority of the Divine Mother. You do it on my authority. You do it on the authority of the Company of Heaven, the Council of Love, your star family, your intergalactic brothers and sisters. But most of all, you do it on the authority of humanity [and] you do it on the authority of your sacred self.

Authority, in the truest meaning of the word, is the assumption of a role [authoring a role] and responsibility to fulfill a mission [to author or fulfill it], an undertaking, whether it is of a long nature of several million years, or of a brief nature of an assignment.

But you have come from a paradigm — a very strong paradigm — of control. So you have come from a system where people have said and believed: do you have the authority [right] to do that? Always in a challenging and somewhat negative manner: by whose authority do you act?

And for a variety of reasons, all related to liberation, freedom, and self-worth, there has been a hesitancy for human beings, individuals, to step forward and say, on my authority, on my supreme authority as a servant of the Mother that lives within, as a servant of humanity for whom I speak. And then they will say, by whose authority do you have the right to speak for the collective?

That is where unity consciousness comes to the forefront. That is where the truth speaking — which has been very absent — where the truth speaking of what humanity truly wants, desires, yearns for, and diligently, consistently works to create, comes to the forefront.

When you speak for humanity, what do they want? Well, you know the first thing I would say is peace. Because, unless there is peace upon the planet, the love does not have a chance to flourish in the garden. But you begin to speak with authority and responsibility, because you cannot divorce these two; it is like hope and trust, you cannot divorce them, you cannot separate them.

And you have the authority, the God-given, Source, whatever you choose to call the One, you have the authority to speak the truth, not of some concoction of what you think, or hope humanity wants, but the truth of what you know humanity wants in a collective way. Because you all want the same thing, regardless of cultures, of politics, of religions, of institutions, of backgrounds, of socio-economics. (2)

# What Lightworker Leadership is Not

June 20, 2024

<https://goldenageofgaia.com/2024/06/20/what-lightworker-leadership-is-not/>

## What lightworker leadership is not

Archangel Michael: [Leadership] is not about ego. It is not about control. It is about responsibility and about the assumption of what you have voluntarily committed to, as part of this life journey. (1)

AAM: The Nova Beings that step forward that really are the pathfinders, the wayshowers, and the loveholder community are not the ones that are vying for attention in the media. They are not the ones seeking, necessarily, office or power in the old paradigm. You are the ones that are absenting yourselves from that old paradigm and literally demonstrating a new way. (2)

## Lightworker leadership is not hierarchical

Divine Mother: The first thing you [need to] do [is] not relinquish leadership but relinquish control. It is not your project. It is a collective project. (3)

AAM: Don't get stratified. (4)

AAM: What you are doing is learning to operate in a new way. It is a new paradigm for Earth because very often you tend to think of organizations in a very hierarchical manner. (5)

AAM: It is not about ego. It is not about control. It is about responsibility and about the assumption of what you have voluntarily committed to, as part of this life journey. (6)

AAM: Your role is to create and let go; create and let go. In many of these situations what you are doing, and the control issue comes up often in interpersonal relationships as well, so you are creating - letting go; suggesting - letting go; stepping back - letting go. (7)

### **What if I've served a false teacher or fallen guru?**

Steve: If I were to go to another medium and she was not channeling Archangel Michael and I were to do what was being said, and it turns out to be a colossal error, I'm still serving Archangel Michael. Do you know what I mean?

Am I correct in continuing to say to myself, "The source is not what they say they are but it doesn't matter. I am still serving Archangel Michael."

Divine Mother: You have reached the place of this clarity. Now, dearest heart, this is exactly what I am talking about in terms of your divine knowing. And nothing is swaying you from that balanced centre of knowing.

So it does not matter whether somebody says they are channeling Hilarion or Mickey Mouse. You know that you are serving my beloved Michael and I would like to suggest to you, Sweet One, not to distract you, but you are also serving me. (8)

# We Want You to be Familiar

June 22, 2024

<https://goldenageofgaia.com/2024/06/22/we-want-you-to-be-familiar/>

*We conclude this part of our exploration of world leadership from a previously unpublished collection.*

*We'll soon start a second exploration of the area of leadership, drawing on that same unpublished work. This one will more closely look at Archangel Michael working with his servant in this area.*

## **We want you to be familiar**

Archangel Michael: We want you to be familiar. (1)

AAM: “We do not want anything capitalized.” (2)

## **We're in co-creative partnership with every being**

AAM: Are we in partnership with every being on the planet? Yes. But it is difficult when you are in a partnership and the other person does not realize it. So we are working with those who realize we are in partnership. And so that is why we are having these conversations. (3)

Steve: It's easy to see how I can be in this partnership, Lord, given that I and the others on InLight Radio do a radio show [with you] but it may not be as easy for other people who don't do radio shows and things like that to know how they can be in partnership.

AAM: I will make it very simple. Choose your favorite archangel. I hope you choose me. (Both laughing) It is a good thing that we are allowed to tease and play with each other.

I would not be chastised for such a statement because we see it as a joke and that is one of the things we want you to do with us and more as well. Play with us. Joke with us. Treat us as your allies, as your best friends.

Every day, simply say to me, Michael, from your heart, always from your heart, "Michael, what would you wish me to do today?"

SB: Oh, I love that direction!

AAM: It is that simple. (4)

## **Service is a path to enlightenment**

AAM: Whether it is the building of the platform or traveling with me to the war-torn areas of Afghanistan or Egypt or Korea, when you go in that service, you are also receiving the energy, the catalyst for greater enlightenment. So think of it as an infinity flow: "I do my service. I receive more enlightenment." (5)

## **How does the conversation grow?**

AAM: Does the conversation expand organically and naturally? Does the energy go out to the entire planet, those who want to hear and those who don't want to

hear? Yes, it does. But it begins with the lightworker community. That is what we have need of.

Steve: And I suppose then more and more people join the lightworker community?

AAM: Exactly, until it is one family and one path. (6)

## Appendix 1. Five Point Plan

May 22, 2024

<https://goldenageofgaia.com/2024/05/22/354539/>

The tendency of a freedom-loving, democratic society is to feel the push towards forgiveness and, sometimes, to rush into it before following four other steps which I think are crucial to a lasting peace.

They are:

- (A) Rescue
- (B) Removal
- (C) Revelation
- (D) Restitution

Before:

- (E) Reconciliation

## **(A) Rescue**

There are large numbers of women and children being sex-trafficked along well-established underground, surface and above ground routes.

There are large numbers of children being tortured for adrenochrome production; others killed for organ harvesting; on and on. They must be rescued first before we rush to reconcile.

If you spoke to me about it, reconciliation would have no relevance for me at this stage. Rescue and survival would have my full attention.

## **(B) Removal**

Removing the Satanic elite that at present governs the planet is being done as we speak, behind the scenes.

All American presidents except Jimmy Carter and Donald Trump have been tribunaled and executed. The same fate awaited royalty, other government leaders, pharmaceutical executives, numerous Hollywood celebrities, etc., all of it without the public knowing or perhaps even suspecting.

Or if they knew or suspected, they kept quiet. If too many people knew that Joe Biden is being played by actor Arthur Roberts, the last real hold on power that the cabal has might be lost.

## **(C) Revelation**

The entire truth about what Candace Owen called "institutional evil" needs to be known. (1) There can be no sweeping things under the carpet as there has been in an almost routine manner in recent times; witness the Clinton body count or the number of corrupt alphabet-agency investigations.

The fact that not all is seen or known allows the darkness to retain a foothold and continue, as they did, for example, via Operation Paperclip after WW2. (2) This time, Matthew Ward has said, the dark's time is over:

"The [highest universal] councils hold that the reign of darkness on the planet is over for once and for all."

But...

"... the wealth of [off-planet] assistance does not include action that is within Earth residents' capabilities. Taking legal action to prosecute proven evildoers is the peoples' responsibility." (3)

So we won't escape the need to bring the perpetrators and abusers to justice. That's expected of us.

I agree with that.

#### **(D) Restitution.**

A restoring of balance needs to take place, in whatever form is legally and morally stipulated and fair. That may take the form of individual restitution or imprisonment, as the "reconstituted" law requires. All relevant situations that are out-of-balance should be addressed if at all possible. And not grudgingly.

#### **(E) Reconciliation**

When everyone being trafficked or exploited is rescued, the guilty party is removed from power, the truth is entirely known, and balance is restored, then I'm ready to discuss reconciliation.

Anything less would be to skip over important parts of the process of bringing lasting peace to Earth.

Perhaps I should say, as background, that I've seen evidence of hideous things being done by our present-day elite, surpassing anything I knew of the Holocaust.

In light of that, to fall asleep on the need for a thorough planetary housecleaning now, when military units are in the field and have been in action rescuing women and children for some time now, would be an impossibility for me.

I see nothing in my mind but images of children crying in cages. As they say, those who know cannot sleep.

Perhaps in the emergency broadcasts some of what has been seen and heard will become public knowledge. When it does, I think the determination to end the reign of darkness on Planet Earth will become rock solid.

Once that reign is well and truly ended, in my opinion, that's the time for reconciliation, not before.

## Appendix 2. Archangel Michael: The Declaration of Human Freedom

November 12, 2022

<https://goldenageofgaia.com/2022/11/12/archangel-michael-via-steve-beckow-the-declaration-of-human-freedom/>

*On Feb. 18, 2011, I asked Archangel Michael through Linda Dillon if he would dictate a declaration of human freedom through me for World Freedom Day, March 6. He agreed.*

*The very next day, when I sat down to transcribe, the following document just rolled off my digital pen. (1)*

From Feb. 19, 2011

<https://goldenageofgaia.com/2020/06/14/the-declaration-of-human-freedom-3/>

Every being is a divine and eternal soul living in a temporal body. Every being was alive before birth and will live after death.

Every soul enters into physical life for the purpose of experience and education, that it may, in the course of many lifetimes, learn its true identity as a fragment of the Divine.

Life itself is a constant process of spiritual evolution and unfoldment, based on free choice, that continues until such time as we realize our true nature and return to the Divine from which we came.

No soul enters life to serve another, except by choice, but to serve its own purpose and that of the Divine from which it came.

All life is governed by natural and universal laws which precede and outweigh the laws of humanity.

These laws, such as the law of karma, the law of attraction, and the law of free will, are decreed by God to order existence and assist each person to achieve life's purpose. (2)

No government can or should survive that derives its existence from the enforced submission of its people or that denies its people their basic rights and freedoms.

Life is a movement from one existence to another, in varied venues throughout the universe and in other universes and dimensions of existence.

We're not alone in the universe but share it with other civilizations, most of them peace-loving, many of whom are more advanced than we are, some of whom can be seen with our eyes and some of whom cannot.

The evidence of our five senses is not the final arbiter of existence. Humans are spiritual as well as physical entities and the spiritual side of life transcends the physical.

God is a Spirit and the final touchstone of God's Truth is not physical but spiritual. The Truth is to be found within.

God is One and, because of this, all souls are One. They form a unity. They're meant to live in peace and harmony together in a "common unity" or community.

The use of force to settle affairs runs contrary to natural law. Every person should have the right to conduct their own affairs without force, as long as their choices don't harm another.

No person shall be forced into marriage against their will. No woman shall be forced to bear or not bear children, against her will.

No person shall be forced to hold or not hold views or worship in a manner contrary to their choice. Nothing vital to existence shall be withheld from another if it is within the community's power to give.

Every person shall retain the ability to think, speak, and act as they choose, as long as they don't harm another.

Every person has the right to choose, study, and practice the education and career of their choice without interference, provided they not harm another.

Except in a few, usually medical emergencies, no one has the right to kill another. No one has the right to steal from another. No one has the right to force himself or herself upon another in any way.

Any government that harms its citizens, deprives them of their property or rights without their consent, or makes offensive war upon its neighbors, no matter how it misrepresents the situation, has lost its legitimacy.

No government may govern without the consent of its people. All governments are tasked with seeing to the wellbeing of their citizens. Any government which forces its citizens to see to its own wellbeing without attending to theirs has lost its legitimacy.

Men and women are meant to live fulfilling lives, free of want, wherever they wish and under the conditions they desire, providing their choices do not harm another and are humanly attainable.

Children are meant to live lives under the beneficent protection of all, free of exploitation, with unhindered access to the necessities of life, education, and health care.

All forms of exploitation, oppression, and persecution run counter to universal and natural law. All disagreements are meant to be resolved amicably.

Any human law that runs counter to natural and universal law is invalid and should not survive. The enactment or enforcement of human law that runs counter to natural and universal law brings consequences that cannot be escaped, in this life or another.

While one may escape temporal justice, one does not escape divine justice.

All outcomes are to the greater glory of God and to God do we look for the fulfillment of our needs and for love, tolerance, and wisdom.

So let it be. Aum/Amen.

### **Footnotes**

(1) For me this was a unique experience because I got to watch the process.

I saw that the language was mine, but the scope, the subjects covered, the ease of passing from one subject to another didn't belong to me.

Also, of course, I was infused with an energy that wiped away all traces of fatigue and lifted me up a notch. That made the task easy. I can do this!

Here's the conversation I had with Michael about the project:

Steve: Will you help me write a declaration of freedom?

Archangel Michael: Yes, I will. I've already been co-authoring with you.

S: The words *do* come easily. I'm not at all surprised [by it?]. There just seems to be a flow, and that is coming from you, is that correct?

AAM: That is correct.

S: Oh, I'm so happy to know it doesn't depend on me alone.

AAM: No. When I say we are in sacred partnership, I am not just being eloquent.

S: Oh, I'm so glad. Is it possible ... could we start right away to write this declaration of freedom?

AAM: Yes.

S: Oh, I'm ready. I'm happy to begin.

AAM: Because it is important that it actually be posted and available ahead of time.

S: Oh, well then, I'm ready. (Archangel Michael in a personal reading with Steve Beckow through Linda Dillon, Feb. 18, 2011.)

(2) The purpose of life, as I saw it after the vision of Feb. 13, 1987, is that we should learn our true identity, which is God. When one of us realizes that identity in a moment of our enlightenment, God meets God. And for that meeting was all of this created. See “Chapter 13. Epilogue” in *The Purpose of Life is Enlightenment* at <https://goldenageofgaia.com/wp-content/uploads/2011/08/Purpose-of-Life-is-Enlightenment.pdf>
