

The EBS: A Global Family Intervention

Steve Beckow 2024-12-31

We may ... OK, OK, I may ... be missing a huge dimension of the Emergency Broadcasting System and we won't be able to discuss it once the ten days of darkness kick off.

So I'd better say it now, before the EBS chimes in ... and our world changes forever.

Folks, everyone in the world, with appropriate linguistic and cultural changes, will be listening to the same emergency broadcast. There's an aspect of this event which is huge, game-changing in and of itself.

We're doing this together. There's not a person on Earth who cannot be privvy to the whole body of information – everyone will be.

At the end of it, we will all know and we will all know that we all know. No hiding. No pleas of ignorance. This is an educational degree that everyone on Earth gets: A Masters of Life.

This is huge.

No more secrets.

No more blackmail.

No more corruption.

And we all know it.

We used to have an event in group encounter called a “network intervention.”

When a member of the family is a threat to him- or herself and others, a meeting of the whole extended family might be called to coax the errant member back. We are doing this on a colossal scale.

This is a global family network intervention. The whole family is assembling and telling the deep state to stop or leave. (1)

I am amazed thinking about it....
