## Chapter 1.

### Introduction

Why am I writing about Ascension when we're days or weeks away from emergency broadcasts and a changed world?

Because, frankly, I see all of that as a phase of our Ascension - the falling away of that which has not assimilated enough lovelight to come with us. As Matthew Ward explains:

Matthew: By the laws of physics that govern life in this universe, the low vibrations of darkness cannot enter the high vibratory levels of fourth density. Because individuals who persistently refused the light have carbon-

based cells that can't survive in high vibrations, they will die and their dark activities will cease. (1)

However, he also reminds us:

Matthew Ward: Some of you think space family members will bring the Illuminati to justice. Extraterrestrials have assisted Earth in a multitude of ways throughout her history, so that thought is understandable. But it is not part of the divine master plan....

The wealth of assistance does not include action that is within Earth residents' capabilities. Taking legal action to prosecute proven evildoers is the peoples' responsibility. (1)

And that is exactly what Global Military Alliance Commander-in-Chief Donald Trump is doing at this moment, with and on behalf of the white-hat military and judiciary and MAGA citizenry.

We're emerging from servitude as a world, some off us kicking and screaming, throwing aside the corruption which has become routine in our institutions, and returning to "common sense" and "decency" as our standards of behaviour.

We really are coming back from the abyss because into the abyss with 7.5 billion of us (all but 500 million servants) is what was planned.

Nonetheless, as we hear below, this Ascension is God-driven, not ego-driven. Consequently it cannot fail.

Making sure that everyone who needs to hear that message does is the reason for this booklet.

Many people won't believe what you tell them. They travel their own path. No one, no matter what path they travel, will miss out. All sincere paths lead to God, who is everywhere. (2)

This Ascension is new in the multiverse and will result in a new species - conscious, loving, and interdimensional. Even the Mother, who created, preserves, and transforms the multiverse, is delighted at her creation:

Divine Mother: You are the wayshowers ... of a new level of species. (3)

DM: This is unique. It is a new creation. Can you imagine, my son, in all this expanse, that this is new? (4)

Divine Mother: We are creating a new species — if I say it this way, you will understand — a new species of human, conscious, heart-directed, brilliant, creative and determined. And you are doing it not by leaving, but by staying. (5)

With NESARA as our foundation, and humanitarian philanthropy as our outreach, lightworkers are on the verge of making a profound difference in the culture, society, economy, and spirituality of Planet Earth, starting not long from now.

All that will be aided by the constant rise in lovelight as we're carried towards Ascension and the leave-taking of those who tried to cull the population for their own oppressive purposes.

We're getting across the finish line together and there will be great rejoicing thereafter!

## **Chapter 2.**

### **What is special about this Ascension?**

Sanat Kumara: You live, in this bracket of the Mother's time, in the most exciting place in the multiverse! It is beyond imagination, human or otherwise. Well, never beyond the Mother. But what is occurring is so magnificent, so splendid, of such impact throughout the multiverse, the omniverse, that this is the place to be!

Angels and earthkeepers, archangels, starseeds, portals and gatekeepers, wayshowers, pathfinders: you have chosen the right time and place to anchor your mastery, to accept the truth, the might, and the creative power of who you are. (1)

### **What is different about it from other ascensions?**

SaLuSa: Never before have both the people and the Earth ascended together, but there is absolute confidence that it will successfully take place. ...

We shall be eagerly watching the whole process, ready to welcome the latest

members of the Galactic Society. (2)

Archangel Michael: It has not been done in form, anchored in a physical reality, a physical reality that is absolutely interdimensional. That is the task at hand. We know the magnitude of what we are asking, but we also know the support that we are prepared to give on every level. (3)

### **How big an event is it?**

Archangel Michael: All the planets, solar systems and galaxies within this universe are actively involved in an ascension process. (4)

SaLuSa: [Your Ascension] is a massive process involving many planets and millions of souls that extends throughout your Universe. It is carried out with great love at the Creator's request, and cannot therefore fail in any circumstances. (5)

Matthew Ward: What happens on Earth affects the entire universe. (6)

Mira: All of creation will be served by the outcome of what happens on the earth. It is that important! (7)

Mira: This is a huge event—what is occurring with the Earth right now and for all of creation. (8)

### **How was Ascension carried out in past times?**

Archangel Michael: In past ages, the ascension process was available only to those who incarnated as initiates firmly on the path, and as disciples whose mission was to anchor as much Divine Light and to bring forth as much cosmic wisdom as possible.

That time is past. It is a time of mass ascension. (9)

## **Chapter 3.**

### **What is being created?**

Divine Mother: You are the wayshowers ... of a new level of species. (1)

DM: This is unique. It is a new creation. Can you imagine, my son, in all this expanse, that this is new? (2)

Divine Mother: We are creating a new species — if I say it this way, you will understand — a new species of human, conscious, heart-directed, brilliant, creative and determined. And you are doing it not by leaving, but by staying. ...

This creation that we are speaking of, of a new human being, of the original form, improved somewhat, is being undertaken in co-creation, in sacred union and partnership with each of you. (3)

### **How extensive is its impact?**

Mira: There is not a single place in all of Creation that is not affected by what is going on with the Earth right now. (4)

Divine Mother: This opening occurs and has impact throughout the galaxies. (5)

Archangel Michael: Do not forget, sweet angel, that this is the beginning, the domino effect of many planetary ascensions. (6)

SaLuSa: The changes are affecting ... not just your solar system, but Universe and Galaxy. It is a tremendous change of scope beyond your imagination, and involves Beings of unlimited power and love. They carry out the Will of God and in that lies your assurance that all will proceed according to the Divine Plan. (7)

Annastara: The shifting of the planet and the unfoldment of the Mother's Plan of Love is significant not only for Earth and for this collective, but throughout many universes and so we wish to ensure that you would have all the assistance that you desire or require as you make this journey. (8)

Archangel Michael: You bring forth the ascension of a planet. But even that part of the plan has such implications, yes, what you would think of as the domino effect, for so many planets, so many galaxies, so many races throughout the Omniverse. (9)

### **How long have the galactics been watching Earth?**

Sanat Kumara: Well, they have always been watching Earth, and they have always been interested in the Ascension process, because it is unique, it is phenomenal, it is the fulfillment of the plan of the Mother. This is far greater than any movie that you could ever create in your reality.

So it is having a ripple effect throughout the entire universe. And the fact that the human race matured enough to say, no, we will care for everybody, has caused ripples and amazement throughout the galaxies!

So they are watching very closely how you are doing it.

And how it is going, because it will set the paradigm for other planetary Ascensions, other realms that want to work in this way. (10)

## **Chapter 4.**

**But isn't the whole universe ascending? We're not the only planet, are we?**

Sanat Kumara: You're first in line. (1)

Master KaRa: Yes, you are the wayshowers, or ones that indeed you have been waiting for. You yourself, not us, be [they] Pleiadians or the Sirians or the Agarthans, any of the other civilizations that are here assisting in this planetary evolution, solar system evolution and even this galaxy evolution that is occurring. (2)

**What is our star family here for?**

SaLuSa of Sirius: The Galactic Federation has had much experience in helping civilizations to pass through Ascension, although yours is a bigger challenge.

Never before have both the people and the Earth ascended together, but there is absolute confidence that it will successfully take place. (3)

Mira: We are involved in a profound creative process that requires brilliance on every level. This is a monumental group process from multiple dimensions and gifted beings from all of creation. It is God-driven, not ego-driven. (4)

Mira: We have been patient, like you, in waiting for this significant time of transformation. In numerous ways, we have participated in the divine intervention for the Earth. In many other ways, we would have liked to assert ourselves more, but we were not allowed to intervene.

We have had to be careful with what we do. There are planetary rules and universal rules that must be adhered to when going through an ascension. It is also complicated, because unexpected things come up, so they are always changing. This affects the timing of events. We think you understand. (5)

### **What do you want from us light workers?**

Divine Mother: Make no mistake about it, sweet one – the shift is well underway and there is a new realm of consciousness being anchored within the heart and mind of every being.

That is why we are keeping [you] out of the insane chaos. It is so this energy can be anchored. (6)

Archangel Michael: What you are being asked to do is to step forth in the truth of your gifts, your abilities...some in a minor way, some in a major way, but each in accordance with your true mission and purpose on Gaia – not on other planets...in tandem and cooperation with your Star brothers and sisters, but not off planet...to bring forth this wondrous new. (7)

Archangel Michael: Dream big! But yes, do not forget, this is a template for this Universe. ...

As [this] is the Truth, as [these are] the templates, the grid, then it is ready to be replicated in other planetary systems.

And each of you will be pivotal in helping to do that. (8)

## **Chapter 5.**

### **How deeply does the change go?**

Divine Mother: Our essence, to use my terminology, is being brought to bear upon this unfoldment of shift in the consciousness. This is not unconscious, this is not subconscious. This is a conscious process, an event, if you choose, and it is also, at the same time, the consciousness, as you know, of the heart fully awakening, of the spirit fully awakening, of the soul fully awakening and anchoring in form. (1)

Archangel Michael: The change is occurring on every single front. There is not one atom, not one subatomic particle that is not in the process of transmutation, transformation, transubstantiation.

This means, in very practical terms, that what you think of as the condition that you live and thrive – or not – upon this planet in this moment, is not the situation you find yourself in five minutes hence, and certainly, not the situation or the structure, or even the appearance of the planet that you will exist and thrive upon a year from now. (2)

### **Who is guiding the Ascension?**

Mira: The underpinnings of the ascension are strong. They are being monitored by some very powerful beings. Everything has to be precise, with the details laid in place. We also have emergency teams on standby, just in case they are needed. (3)

SaLuSa: [Your Ascension] involves Beings of unlimited power and love. They carry out the Will of God and in that lies your assurance that all will proceed according to the Divine Plan. (4)

Matthew Ward: As one of the highest universal council's designers of the master plan for Earth's Golden Age, I could give you firsthand information about [the plan]. (5)

**It seems curious to be talking about unity when the human family seems so divided.**

Divine Mother: It is curious, is it not, that at a time when we are speaking to you – all of us of this Council and far beyond – that there will be the physical reality of partnership, of family, with the galactics and intergalactics - when in fact the family of humans is still so divided, so uncertain. (6)

**Is this our final Ascension?**

Sanat Kumara: It is not simply an Ascension into the fifth-dimensional reality. It is to continue on and it is the freedom in form to be able to experience the different realities and dimensions. (7)

**What is next, after this Ascension?**

Archangel Michael: This is just the warm-up for [another, greater] Ascension. It is to bring a further rising of vibrations to those throughout the Universe. (8)

Now when that is anchored, the pattern, the repatterning, the grid, the model is set. And those planets who have had their own hurdles will then take the pattern, the energetic imprint of Gaia, and be able to utilize that and the energetic imprint of humanity and be able to utilize that with their own populations so that they may rise back to the place of love, back to a place of greater consciousness. (9)

## **Chapter 6.**

**We should feel blessed for being allowed to be part of such a grand event.**

Federation of Light: IT IS AN HONOUR TO BE CHOSEN TO RESIDE ON PLANET EARTH AT THIS MOST AUSPICIOUS OF ALL TIMES.

HOW BLESSED YOU ARE. (1)

Matthew Ward: Feel joyous and grateful that of the many, many souls who volunteered, you were chosen to participate in the most dynamic world transformation in universal history. Further, what you are doing is correspondingly benefitting the entire universe—that is how powerful you are! (2)

SaLuSa: You should feel quite pleased to be the ones who are on Earth at such a wonderful occasion. The significance of it all will not be lost on anyone, as to have such an experience is quite unique.

We shall be eagerly watching the whole process, ready to welcome the latest members of the Galactic Society. (3)

**Gaia (Archangel Gaianna), how are you feeling about your Ascension?**

Archangel Gaia: “I, Gaia, ... have grown very attached to the myriad plants, animals and humans who have accepted the greater Light into their bodies in order to help their Mother Earth. ...

“For a planet to ascend [in consciousness] while maintaining a safe environment for its inhabitants has not been done before in this Galaxy. I know that I am attempting a very difficult task. ...

“My inhabitants have functioned under the third-dimensional paradigm since the fall of Atlantis. Therefore, your perceptions are calibrated to the physical plane. Furthermore, any fears and/or disappointments that you harbor in your consciousness will limit your ability to release the known in order to recalibrate to the unknown.

“I, Gaia, am still finding the point to which I can calibrate my shift without harming my beloved children. This process of finding the rate of escalation that will allow planetary Ascension without damaging my children will take that which we once called time.” (4)

**Thank you all!**
