Deflection, Upstaging, and Time on Target

March 18, 2026

<https://goldenageofgaia.com/2026/03/18/deflection-upstaging-and-time-to-target/>

We hear that the Iranian War upstaged the Epstein files. Then we hear that the Epstein files upstaged the Iranian War. And so on with Venezuela, Cuba, Syria, etc.

But are we not missing the point? All of these events are being triggered simultaneously to raise the temperature of the global population and fan their willingness to accept global martial law, rather than civil war. But let me return to that in a minute.

This is all under Commander-in-Chief Donald Trump of the Global Military Alliance (CiC, GMA).

I see what is happening as a wonderful thing. I'm holding President Trump to the vision he opened for us when he stopped to help a homeless veteran in Chicago - that he has a heart and heart consciousness.

Or the statement he made by riding the garbage truck:

That he has the wellbeing of the common person in mind.

And I think we've seen this on many occasions.

There's no doubt that he has political acumen and a willingness to play at the highest levels (he, Vladimir Putin, Xi Jin Ping, and Mohammed bin Salman are the closest of allies in the Global Military Alliance, steering events).

Now, to return to our earlier question: Why is this crisis over here going off at the same time as that one over there? In my opinion, it has an interesting resemblance to a WW2 military strategy called "time on target." (1)

It goes like this: Rather than having the artillery attached to one small unit go off against a local enemy, with great predictability, few artillery pieces, and little overall effect: Have all units within radio range aim their weapons at the same target, timed to hit simultaneously (within a 3-second window).

The impact was described as being beyond devastating - utterly catastrophic - and sapping the will to resist American armor.

And I assert that that's similar to what's happening here, in a political rather than a military sense. Epstein is timed to come in with the war on the ayatollahs' regime, following soon after Maduro and Venezuela but before Cuba, timed to coincide with cartel takedowns, ICE interventions, Greenland annexation, a feint to Canada, a thumbed nose to NATO ... Add to all that UFO Disclosure!

And that's just what we know is going on!

Never mind clearing underground bunkers, Greenland to Antarctica, intercepting fleeing bad actors, bombing nuclear sites, etc.

Hey, what's going on here?

It's not deflection. I repeat: It looks to me more like a coordinated cacophony of global issues, all "timed to target."

Its purpose: To make the world's population welcome the intervention of the Global Military Alliance and the imposition of world peace, the arrest and tribunal of deep-state actors who have been left on the loose, etc....

Set every global issue you can ablaze - all at the same time. ... And "respond" to the calls (on social media? through the Quantum Voting System?) for military intervention.

That would be the hoped-for impact of this political application of time on target ... if I'm correct.

Footnotes

(1) "Time on target," as I'm using it, refers to a technique developed between WW1 and WW2 which multiplied the impact of American artillery. Instead of the weak artillery forces of a single unit, firing in predictable ways on German units, who, hearing the first shot, evacuated to underground bunkers, American forces tried something new.

When a call came in, they'd order all forces within radio range to focus their guns on the required target and fire together, arriving on target simultaneously. I believe this is called a "force multiplier." German sources reported that the impact was catastrophic and stripped them of their will to resist.

Humanity is at a Crossroads: The Great Awakening

March 19, 2026

<https://goldenageofgaia.com/2026/03/19/humanity-is-at-a-crossroads-the-great-awakening/>

How many know? Believe? Are awake?

I know nothing about military strategy and little about tactics.

However, the times don't allow me to go back to college to learn more. Necessity is the mother of ... social action.

The shake-up that chaos brings makes openings for the Light.

But what necessity do we face? Humanity is at a crossroads, leading to what many have called "the Great Awakening," (1) and it isn't a time to remain silent ... or asleep.

What crossroads?

Most of the world is asleep to our danger from the deep state, once called the Illuminati. (2) They follow the coverage of the mainstream media, which is designed to keep the deep state hidden.

Don't get me wrong. The deep state is on the ropes and can no longer threaten the world with dominance/subservience. (3)

But it can still cause devastation such as the weather anomalies of the past two months or so - huge storms reaching from New York to Oklahoma, rivers of rain in some places.

It can still incite MK-ultra mind-controlled soldiers to shoot up a school or a school bus. Or an "Obama" or "Biden" judge to pursue lawfare obstructionism.

And, in some parts of the world, it can launch missiles at all its neighbors. So the deep state is still a clear and present danger.

Vital to that awakening are the initiatives, the diplomatic (and undiplomatic) actions that "Donald Trump" takes to bait the dictators into action.

"Donald Trump" is more than just Donald Trump.

"Donald Trump" is a white-hat military operation, (4) assisted by the galactic federations above us in cloaked ships (soon to be disclosed by "Donald Trump"). (5)

It is complex. It includes "Q." It includes the armed forces. It includes us lightworkers. And Donald Trump is the only person I can think of who can pull it off.

We need to come together to support not just him, but the entire vision he represents, the role he plays in what Werner Erhard called "a world that works for everyone." (6) Such a world is an ascended world, where the love we experience has the world work for all.

This is the team we chose. This is the battle we came to fight - each in our own way - to free the world from elitism and subservience and clear the path to Ascension.

The way "time to target" is designed, "Donald Trump" can keep adding crisis after crisis and that's all to the positive. How did we think "he" would rid the world of dictators? He and the Global Military Alliance?

This is the way.

Don't be afraid if he invites more and more chaos. This is flushing all the dark actors out of their hiding places and into the Light.

"Time to target" is one way of waking the sleepers. (7)

A Great Awakening it shall be.

(2) Matthew describes the Illuminati:

“The Illuminati is not an organization of card-carrying members, but rather the ‘umbrella’ name of disparate groups and a large number of powerful individuals who have been controlling or heavily influencing the most important aspects of life throughout your world for centuries.

“In recent years they also have become known by other designations, such as the secret government, New World Order, dark cabal or the elitists; and they include the top figures in financial institutions, investment markets, multinational corporations, religions, education, media, military forces, judicial systems, entertainment, the medical ‘establishment,’ regulatory and advisory bodies, royal families, Zionists.” (Matthew’s Message, April 26, 2010, at <https://www.matthewbooks.com/mattsmessage.htm>.)

A Tide in the Affairs of ... People

March 21, 2026

<https://goldenageofgaia.com/2026/03/21/a-tide-in-the-affairs-of-people/>

Do we remember Shakespeare? Is it gauche to quote him in our world of today? What say you, Grok?

Shakespeare reminded us: There is a tide in the affairs of [people], which taken at the flood leads on to fortune.

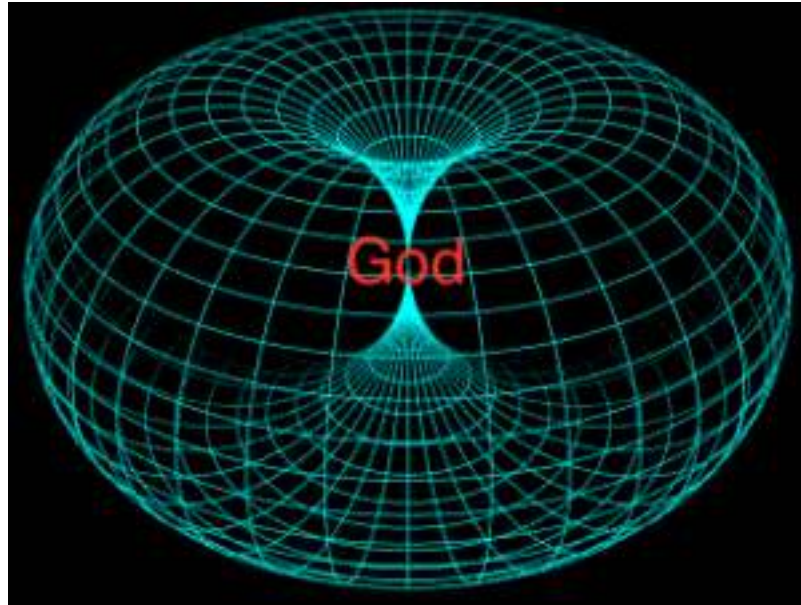

Why is that? Because chance does not rule this universe. Divine design does. (1)

In the vision I had in 1987, (2) I was shown that design in the form of the entire life cycle of an individual soul. I can say that I know there is a purpose and design to life.

That design sees that all of us travel from God, through a world of matter (*mater*, Mother), where we learn our true identity (God), and go back again to God, to reunite.

For what purpose?

So that God can meet God in a moment of our enlightenment. That is the purpose of creating, preserving, and transforming worlds upon worlds while all their inhabitants learn who they are.

I've described the vision itself elsewhere. (2)

Just as there may be a tide in the affairs of individuals, there is also a tide in the affairs of the people of Earth which taken at the flood - that is, now - will also lead on to fortune.

Linda Dillon and many others have called it "the Great Awakening." (3)

Awakening from what? From ignorance, lethargy, self-centeredness ... in everyday life. From unawareness that someone would prefer us dead and has been trying to kill us, in any way they (undetectedly) can.

I said earlier that Commander-in-Chief Donald Trump, the leader of the Global Military Alliance, was pursuing a strategy that reminded me (always a historian) of a World War 2 tactic, then called "time on target."

It was first used in Tunisia, then at the Battle of the Bulge, in late 1944, to stop greatly-superior German forces about to overwhelm American lines.

Using this tactic, any unit could call in the coordinated, simultaneous barrage of all units in radio range, on a specific target at a specific time. When it happened, for the Germans, it was a catastrophic event.

And you'd never know when it's going to happen again. At any moment it could be curtains. They were trapped. It sapped their will to resist.

If I'm working militarily with the force multiplier that "time on target" represents, then the more guns I have going off, the better.

If I'm working politically, then the more issues going off, the better. Ukraine, Iran, No Kings (March 28), Antifa, radical Islam, Somalian criminality, the Democrats, HAARP, the cartels - what trouble spot on the planet has not come suddenly alive? And the President is now talking about taking on Syria!

The more the merrier, right? Because all of it has the deep state come forward and declare itself. And, during the ten days of broadcasts, they will then be arrested.

And all of it increases the pressure on the military to step in and "restore order."

All of it is leading to global martial law - the more chaos, the earlier the start. President Trump is the mongoose and the deep state is the cobra.

And after the mass arrests come G/NESARA, the Reval, and the Wave of Love. (4) The more issues going off, the quicker we get there.

It's my hope that President Trump, CiC of the Global Military Alliance, rides the floodtide to fortune, the fortune the Mother talks about here:

Divine Mother: Make no mistake, Sweet One, love will win because that has been my Plan always. (5)

From out of turmoil - the end-of-days turmoil - will come a golden age. Such we're promised and such we're committed to creating.

Ismael mentioned it in his podcast the other night: "From White Hat operations to galactic prophecies, DNA activation, and to the coming solar flash— this is where truth-seekers, starseeds, and patriots unite." The "coming solar flash" is what I call the Wave of Love.

Today's Violent Culture is an Interlude

March 27, 2026

<https://goldenageofgaia.com/2026/03/27/todays-violent-culture-is-an-interlude/>

Does anyone remember the bubble economy? No? The mortgage crisis of 2008? No?

And I predict that neither will anyone remember the present violent struggles of this generation ten to twenty years from now. There's nothing about them worthy of anything but passing mention, in my opinion.

I invite us all to awaken from the hypnotic spell that paid performers and complicit media dished out to us.

I'm going to clap my hands three times and we will all awaken, refreshed and ready to go! Clap! Clap! Clap!

If only it were that easy.

Wait a minute. It IS that easy. It's just that we have to wait a bit longer for it.

The solar flare called the Wave of Love will do exactly that for us. (1) Michael used to call it "the car wash" and "Ascension Lite."

It'll wipe the screen - big and little - of all divisiveness and fraud, no matter how well-disguised it is under seemingly-good intentions.

Just an invitation. Take it or leave it. And you know what? It's OK with me either way.

Why? Because our beliefs, if I understand the matter correctly, do not determine whether, in this Time of Separation, (2) we rise or fall with the Wave of Love. It's the quality of our hearts. Matthew discusses how lovelight is absorbed:

"[Your] limitations are being reversed by the ever-increasing intensity of light in bodies that are absorbing it. Actually, your 'travel ticket' is the absorption of light that comes automatically with living in godly ways."
(3)

Godly ways? The divine qualities? If you think of yourself as a decent person and say "yes" to the Wave when it hits, then as far as I'm aware, you're in. These events like the Wave and Ascension are, I'm led to believe, inclusive, rather than exclusive.

It's not Ascension yet, but a tsunami of the most incredible love you will ever have experienced. (4) I know, for a certainty, you will not complain.

Anyone reading any lightworker blog has probably already answered the question of whether they accept Ascension or not. Now it's time to help as many others as possible to get on the train. (5)

SaLuSa: "The world is slipping into two realities, and the division will take place in accordance with the Law of Attraction. (SaLuSa, Sept. 7, 2009, at <https://galacticchannelings.com>.)

And Michael:

Archangel Michael: Many are leaving, as you know.

Steve: Yes.

AAM: Many are choosing alternative realities. The reality that is of pain and suffering, lack and limitation is not of Nova Earth and not of [the Divine] Mother's creation of 12 dimensions. There is no place for it. So they either have to leave or be relocated. But most of them die. (AAM, May 6 , 2016.)

Archangel Michael: There will be those who choose to leave, to abandon their physical forms rather than ascend in physical form.

Steve: That is what you mean by separation? Leave?

AAM: That is what I mean and I do not mean being spun off into an alternate world or Earth or Gaia or planet. I mean simply, abandoning the body, dying, and leaving and coming home. There is no penalty or shame or guilt. It is simply a decision. ("Archangel Michael on Snaps, Expansion, and Ascension," June 6, 2017, at <https://goldenageofgaia.com/2017/06/06/archangel-michael-on-snaps-expansion-and-ascension/>.)

I Put My Money on That Square (Period)

March 30, 2026

<https://goldenageofgaia.com/2026/03/30/i-put-my-money-on-that-square-period/>

I'm noticing a pattern in myself. When I'm engaged in a subject, like freeing Iran, and have really spoken my heart, I turn to awareness writing for a spell after that to cool the engine, so to speak.

Awareness writing is at least more relaxing and at best more liberating from an upset or issue. And, of course, I've often "processed" an issue on the blog to illustrate my own method. (1)

I'm recollecting now, looking back over eighty years. It was the same then as it is now: all the conspiracies we have now were playing out. We just knew very little about them.

But there were some whistleblowers: retired FBI agents, cops who couldn't take it any more, UFO contactees, pilots, coroners, victims, etc.

I read a lot of them. I was into this even then. Looking back it all makes sense now.

The press was even staffed by genuine "investigative journalists" (now demeaned by the revealed criminals as "conspiracy theorists").

Walter Cronkite was my favorite national news anchor. Michael even once suggested that I model my journalism after his.

Steve: In my communication work, balanced, family approach and it is acknowledging that there is only one family of man. (2)

Watch for him inspiring visions in you too.

Walter Cronkite did acknowledge and emphasize "only one family of man [humanity]." He was the steady hand, always calm, who helped us through the Cuban Missile Crisis (possible nuclear war and the end of the world) and the Kennedy Assassination (where our world ended anyways). (See fn 3)

Onstage, Walter was deep, resonant, reliable - everything an anchor should be.

Never in those days would anyone have ever reported unfavorable offstage details. It just wasn't where we were at ... then. I knew none about Walter, more than one about the robust Kennedy. (But not out loud.)

We weren't woke. We also weren't asleep.

We were committed peace activists and self-aware growth-movement participants. We thought of ourselves as a peace activist/laid back subculture. Today we call ourselves anons, patriots, lightworkers.

We wanted transformation, never mind just more change. As Werner Erhard reminded us, change was just moving our Scotty Dog around the same board. We wanted a new board.

***** IT TOOK SIXTY-THREE YEARS

BUT WE'RE GETTING THAT NEW BOARD! *****

Knowing the love of the higher dimensions is not "changing." It's "transformative." That love - not any other substitute - is practically unknown to our global culture. But it's soon to be made known - in the Wave of Love. (4)

Back to our narrative. We replaced Kennedy with a line of mostly corrupt figures (not Carter), some of whom worked on arranging Kennedy's assassination, whose last representative was a dead man walking. (5)

A dead man served as President for all of "his" four years. I have long looked for a time to appropriately use the word "gob-smacked." I am gob-smacked every time I think of it.

So I'm relaxing, after having "come forth" or "emerged" (6) when I said that "I want that honest justice back." (7)

I know from long experience in the growth movement that when we break through and are shining forth in our Self (Higher Self, whatever it is) and then contract, there can be an energetic snapback, like a rubber band. Not serious, but tiring.

Some day we won't feel the need to hide our light under a bushel basket, but, today, I might get thrown in the looney bin for doing nothing but smiling!

I'm almost certain that snapback is what's happened here. And just sitting in my metaphorical rocking chair, reminiscing is allowing me to catch my breath.

One "business" thing I do want to say: I still think Commander-in-Chief and President Donald Trump is using a version of "time on target" or TOT. He's stoking the fire, with one issue after another, with one nation after another, until the public screams "for heavens sake, someone take care of us." (8)

It looks crazy. Everyone will have a different opinion of it.

But this is war and I'm right there along with him. The white hats, Q, President Trump, the Trump Team, the Global Military Alliance - I put my money on that square. (Period.)

President Trump's administration is anything but totalitarian. But the management of so many crises is, I think, intended to have the population call for the military to step in, as Arendt noted.

What did We Think Ascension Out of the Clutches of Darkness would Look Like?

March 31, 2026

<https://goldenageofgaia.com/2026/03/31/what-did-we-think-ascension-out-of-the-clutches-of-darkness-would-look-like/>

Look at all the chaos!

Time on target! Time on target! (1)

What you're watching, if I'm correct, is the political application of the military doctrine of "Time on Target" (TOT) - concentrated weapons fire. (2) In the political case, it's one political issue and war after another) to force the population finally to seek help from ... you got it ... the Global Military Alliance, while avoiding global civil war!

Remember what White Cloud said:

"It will get more topsy-turvy as we have said. It is the means to the end of the darkness upon your planet. Is that not something to be joyous about?"
(3)

I think it is.

I'm in full support of the plan, Commander-in-Chief and President Donald Trump, and the Global Military Alliance. The GMA includes Vladimir Putin, Xi Jinping, Narendra Modi, Mohammed bin Salman, and above 200 others. (4)

All of this is designed to unite the world against the deep state and take it down wherever it has entrenched itself.

The removal of the deep state seems to be happening in three phases.

Phase 1 has been in effect since 2017 - the round-up of the cabal behind the scenes, their tribunals, executions, and replacement by clones. Everyone who said I'll believe it when I see it? This is where we see it.

I've been talking about those tribunals and clones for some time now, but it's never really been a matter of public discussion. Now it is.

And Epstein-related tribunals? They've been going on for some time, behind the scenes, as well. But I think it was useful to keep it quiet in furtherance of TOT. If I'm right, then Pam Bondi and Kash Patel will have paid a heavy price for keeping quiet and following orders.

Phase 2 is the removal of other deep-state actors while the population is in three-day lockdown.

Phase 3 is the Wave of Love (5) which will remove all remaining evil-doers from the planet by the law of physics that governs this universe! Remember Matthew:

"This is the physics that governs life in this universe. As Earth continues apace into successively higher planes, nothing with low vibrations in any form – physical bodies, subversive plans, theft, dishonesty, unjust laws and imprisonment, bigotry, cruel customs and deeds – can survive." (6)

Everywhere you look, "theft, dishonesty, unjust laws and imprisonment, bigotry, cruel customs and deeds" are on full display - but not among anons, patriots, anti-vaxxers, climate-deniers, lightworkers all.

Stand strong! Be the light and the love that is carrying us upwards, pushing our boat out of the whirlpools and darkness, our Noah's Ark.

The crazier it gets, the closer we are to the Emergency Broadcasts. Once they begin, things will immediately start to get better for lovers of ... light and love.

What did we think a mass/physical Ascension out of the clutches of darkness would look like?
